DEPUTATION FROM CITY IN TORONTO

NEED FOR ADEQUATE UNEMPLOYMENT RELIEF AS ADVOCATED BY THE EXAMINER PLACED BEFORE PREMIER DRURY TODAY

OTHER DEPUTATIONS

TORONTO, Dec. 29.—(Canadian Press).—Premier Drury and members of the Ontario Government this afternoon received delegations from Hamilton, Peterborough and other Ontario cities in regard to the provision of adequate relief for unemployed. It was stated by various spokesmen for the deputations that problems arising from lack of employment in many places in Ontario had reached a critical stage.

With temporary Christmas relief at an end, and outside work in most cases tied up for the winter, some general scheme of municipal relief, with assistance of the Provincial Government, was immediately necessary, it was urged by the delegation.

CONSERVATIVES TO HOLD A CONVENTION

Mr. J H. Burnham has received an intimation that a Dominion convention of the Conservative Association will be called in Toronto at an early date Mr Burnham opines that this will do much to clarify the situation and climate the group headed by Hon. Arthur Meighen whom he declares has no warrant to exist as a representation of the old Conservative party. "The sooner the party gets back to the old lines the better it will be for Ontario" says Mr. Burnham.

ALIEN OBJECTS TO WIFE SPEAKING THE ENGLISH LANGUAGE

Afraid that she might quit the Job of Cooking for Family of Five Children and Ten Boarders.

When a foreigner in a certain part of the nnorth country was approached recently by a woman's society interested in the Canadianization of women immigrants from the old land, he objected vigorously to having his wife learn the English language, on the grounds that if she did so she would no longer be content to cook for his five children and ten boarders, with the one diversion of being taken down town on Saturday evening to look in at the store windows.

PRINCE'S VISIT HAS NO POLITICAL OBJECT

ALLAHABAD, British India, Dec. 29.—(Canadian Press.)—Opening fourth session of All-India Liberal Federation to-day, Govind Araghava Iyer, President of the Federation, said it was the duty of Liberals to offer their most loyal and cordial welcome to the Prince of Wales, whose utterances had justified the Viceroy's assurance that the Prince's visit had no political object. He urged that Liberals strive for full Dominion status within the Empire and declared that it was their duty to help the government in legitimate efforts to uphold peace but agreed that executive officers had used extraordinary powers excessively and indiscriminately.

THEATRES

GRAND—The wonder show of the universe, "Ask Khaym," the white Mahomet. Georgeous scenery, novel lighting effects.

REGENT—Very special Vitagraph feature, Alice Calhoun in "Closed Doors." Also comedies and other high-class features.

CAPITOL—A strong dramatic picture, "The Invisible Power," and a splendidly balanced programme, including quality vaudeville.

ROYAL—Seven-reel feature drama "No Woman Knows," a tensely interesting love story, prettily told. Also Western and comedy films.

Ten American women are now members of the National Sculpture Society.

PRESENT DAY BIOLOGISTS DO NOT AGREE WITH DARWINIAN THEORY

PROFESSOR WILLIAM BATESON WAS THE PRINCIPAL SPEAKER AT LAST NIGHT'S SESSION OF THE CONVENTION OF SCIENTISTS NOW BEING HELD IN TORONTO—TRUTH OF EVOLUTION.

TORONTO, Dec. 29.—(Canadian Press).—Standing before the American Association for the Advancement of Science, and welcomed as one of the greatest scientists of England, Professor William Bateson, famed biologist, last night declared that discoveries of the last twenty years had made it impossible for present-day biologists to agree with the Darwinian idea of the origin of species.

So far as that particular portion of evolutionary theory was concerned, the attitude of the speaker was that of agnostic. Where forty years ago the scientist accepts the Darwinian theory as established beyond doubt, to-day scientists had come to the point where they were unable to offer any explanation of the genesis of species.

On the other hand the speaker was emphatic that with reference to reality and truth of evolution in outline, there was no possibility of doubt. That theory which lay at the basis of modern thought had stood searching tests applied by modern scientific methods.

THE CITY POLICE LOCATED THE COW

ANIMAL WAS STOLEN AND SOLD TO SMITH TOWNSHIP FARMER FOR TEN DOLLARS.

A young man 21 years of age, pleaded guilty in police court today to the theft of a cow from Robert Blackwell, a mail driver, and truck farmer of Auburn, and was remanded for sentence. The cow was stolen about 6 p.m. last Saturday night and, according to the police, sold to a well-known Smith township farmer at 8.30 that night for $10.00. Proceedings against this buyer will follow. The accused lives next to Mr. Blackwell on the east side of the river above Auburn. His arrest followed an investigation by Detectives Meagher and Cookman.

INGENUITY OF FRENCH PEASANTS.

One Concealed Money in Muzzles of Shot Gun.

PARIS, Dec. 29. — (Canadian Press)—The ingenuity of French peasants in hiding money has surpassed itself in the case of a man near Lorient who received $1,000 franc note and a 500 franc note in payment for produce. He hid them in the muzzle of his doube-barreled shotgun believeing that would be the last place thieves would search for money.

He made a mistake, however, in not taking his wife into the secret. A neighbor called a few days later, in the absence of the man of the house and asked for the loan of the gun to get a hare.

The hare escaped and when the peasant came in that evening his wife remarked that the neighbor must be a very bad shot.

"Why?" the peasant asked.

"Because he used both charges of your gun on a hare without hitting it."

"My shot gun?" inquired the peasant with a gasp, at the same time making for the corner where the weapon hung.

The civil court of the department of Morihan will have to decide the delicate point of law whether the neighbor is responsible for the loss of the 1,500 francs.

DISCOVERS CURE FOR SLEEPING SICKNESS

CHESTER, Eng. Dec. 29—(Canadian Pess)—A cure for sleeping sickness has been discovered in Germany, according to Professor Newstead, of the Liverpool University, who related how a man who had spent soe years in Africa went to Liverpool University where he was found to be suffering from sleeping sickness.

The man, along with a young medical student, was sent to Germany and, said the Professor, 'with more credit to the Germans, he came home within a month completely cured."

The Germans, he said, had discovered a new drug, which had proved invaluable in the cure of sleeping sickness.

Everything is clean and iomfortable and the patrons of the rink will be well looked after.

GEOLOGISTS MEET, ANNUAL CONVENTION.

AMHERST, Mass., Dec. 29. — (Canadian Press). — More than 200 eminent geologists, representing virtually all of the principal colleges, universities and scientific societies of the United States and Canada, met in Williston Hall, Amherst College, yesterday, for the first sessions of the three days' programme, marking the 34th annual meeting of the Geological Society of America and its associate bodies.

RELIC OF EGYPTIAN WOMEN OF FASHION

LONDON, Dec. 29.—(Canadian Press)—A consigment of eastern vanity bottles 2,000 years old has just reached London. Some were found with mummies of Egyptian women of fashion; others came from a Roman tomb in Nazareth.

They are stibium pots from the toilet tables of vanished beauty. Stibium is a preparation of finely powdered antimony with which the Egyptian women darkened their eyelids and penciled their eyebrows.

Time has made these little vanity botles very thin and irridescent. They shine with beautiful prismatic tints of rich gold, green, blue, purple and red. When they arrived, they were full of desert sand. Held against the light, they show that a dark deposit has eaten its way into the class; it is 20-centuries old eye paint.

NEW ORGANIZATION.

WINNIPEG, Man., Dec. 29.—The formation of a chapter of the United Order of Canadians of the Dominion of Canada is now under way in Manitoba, and many prominent citizens of Winnipeg have identified themselves with the new organization in making application for a Provincial charter.

The organization was first formed in Regina, a Federal charter being obtained last September. The aims are set forth: "To improve the social, intellectual and moral conditions of the members of the society and to educate them in integrity, sobriety and frugality and to give all moral and material aid in its power to its members and those dependent upon them."

The prospectus of the new order says: "We believe that a United Canadian brotherhood promoting the aims and objects of the order will assist in solving the social, economic and national problems of the Dominion of Canada.

RESULT BELFAST RIOTS.

BELFAS, Dec. 29. — (Canadian Press.)—Official figures made public here to-day show that during the year 110 persons, including eleven policemen, were killed in districts and that 540 had been wounded by bullets or bombs.

ROTARIANS WILL REPORT THE RESULTS

HEADQUARTERS WANTS TO KNOW WHAT WAS DONE LOCALLY TO DISSIPATE CHRISTMAS CHEER

INFLICT A SONG ON THE VISITORS

(By F. H. Dobbin).

Deferred from Monday until Wednesday because of the Christmas reunions, etc., Rotary met for luncheon. The tables, which are now arranged as an "E," will have to be rebuilt so as to carry the middle member further along the room. Each successive luncheon hour brings recruits and visitors. Those of Wednesday included Gordon Johnston, Rev. R. C. Blagrave, D.D., G. T. R. McNab, Bruce Gillespie, Kiwanians Walter Stocker and La Mode Jack McNabb, with A. W. Seals and Rotarian Rev. F. J. Sawers, of Cobourg, Bob Hendry, Ryerson Ritchie and Col. W. M. Ponton, of Belleville. The latter had remained over from the Masonic event of the night before, and spoke to the Rotarians in happy vein. Taken altogether, the session was unusually long and unusually good. Well worth the price of admission.

New members were welcomed in Rotarians Edward R. Wright, W. J. Thompson and Walter Belleghem. These were handed to the tender care of experienced members for initiation.

It seems that headquarters requires a report as to what the club and members had done to make Christmas for folks who were without Christmas cheer. So reports from each two members to whose care a family had been assigned, will place on paper what they had done, and send in to the Convener of Reports, Rotarian Harold Young, or to Rotarian Albert Fowler, just as one prefers.

In anticipation of visits from Rotary Clubs in the vicinity, and indeed from afar, it is desirable that Peterborough Club shall get and hold a song, very special and all its own. Also to use said song when from home and in festive concourse with others. Rotarian MacHardie was handed the duty of looking up suitable words, original or purloined, to be afterwards set to a captivating and hilarious tune by Rotarian Asa Huycke, who is skilled in melodies and madrigals and such things. To show how easy it is to get rid of responsibility, Rotarian MacHardie at once delegated the duty of composition to Rotarian Killaly, who affirmed that it was out of his line, he not having any hereditary dexterity as a poet. Besides, he doubted if the Department of Railways and Canals would stand for a rhyming superintendent. His protest was lost in a round of approval. In this connection the attention of Rotarian Killaly is respectfully directed to a very fine sample of Poetic Muse, once in vogue in this city, and remarkable for its harmonious arrangement. To start off Rotarian Killaly, we quote a couple of lines:

"Here's to the Bessie Butler,
The Jag-Ship of the Trent."

Anyone who remembers the poem may coach the coming poetic writer on its fine points as an illustrative example.

Christmas Greetings.

Christmas greetings from local Kiwanis and from International Headquarters were read and received. Then the members settled down to hear Mr. Ryerson Ritchie on "Municipal Politics." In opening his brief address, he complimented Rotary on its spirit and optimism. The Club had taken up certain ideals and was making them practical. The spirit was in standing together in a hopeful way to accomplish. Working in co-operation for the community and its future life. Peterborough was ambitious and that was not a bad feature. But it should ensure its future by planning ahead. For we do things on the impulse of the moment or to have them arranged so that they would answer for the time being, forgetting that we should plan for the future. When we reach a population of 100,000, the things we now have prepared will be largely valueless. Cities just grow and then expand. When a place has its habits settled and a certain status established then changes become costly, at the beginning of a period of development. So it followed that expenditure for a permanent civic improvement that

MAYORALTY CANDIDATES INVITED TO SPEAK

MR. PAPPAS INVITES MR. TAYLOR AND MR TURNER TO SPEAK FOR TEN MINTUES TONIGHT AT ROYAL THEATRE.

In order to enable the citizens who attend the Royal Theatre to hear the Mayoralty candidates, Mr. Pappas has issued an invitation to Mr. Taylor and Mr. Turner to be present tonight at 9 o'clock and speak for ten minutes. This will not interfere with the regular programme in any way, and what the candidates have to say may be of assistance in settling the question for whom to vote.

CHARACTERS FOR THE PASSION PLAY

OBERAMMERGAU, Dec.28. — (Associated Press)—The long list of characters for the Passion Play, which will be produced here a number of times in 1922 have been selected, and rehearsals have begun. The chief roles will be played again by veterans some of whom have participated in the presentations for 40 years.

Anton Lang will portray the character of Christ for the third time. Anton Lechner will be prologuist for the second time. Other characters will be: Peter, Andreas Lang; John, Melchior Breitsamter; Juda, Guildo Mayr; Caiaphas Mugo Rutz; King Herod, Gregor Breitsamter; Annas Sebastian Lang; Pilate, Hans Mayr; Mary, Martha Seitz; Magdalene, Paula Rendl.

One of the last selections was Guido Demer for choir leader. There has not been a performance of the play for 80 years that a Diemer was not leader of the choir or one of the important singers in it. Guido Demier took part in the war, first as an artillerist and later as an aviator. In 1919 he dedicated his life to the study of singing, and shortly afterward appeared with pronounced success in various church concerts.

The Passion Play committee decided not to violate Oberammergau tradition by permitting pictures to be taken of the play. American moving picture representatives approached the committee with offers of millions of marks, but their proposals were promptly rejected.

A PRESENTATION TO MRS. WELBOURN

In recognition of her services as teacher during the past year the Cheerful Worker's Bible Class of St. James Sunday School at the close of a business meeting on Friday night presented Mrs. J. N. Welbourn with a cut glass sugar and cream set and eulogistic address was read. Mrs. Charles Hill secretary-treasurer of the class read the address while Mrs. Davis, class president made the presentation. aFolowing the presentation the class sang, "She's a Jolly Good Teacher" and the class were entetained at supper by the Social Committee. The address read to Mrs. Welbourn follows:

Dear Mrs. Welbourn:—It is with great pleasure that we the members of your class have gathered here tonight.

A class could not get anywhere without a teacher, our success is due to our teacher who's heart and mind is with the class.

Owing to illness you were compelled to give up all your activities in the church, but you were still loyal to your class, and as a token of our appeciation we ask you to accept this gift from the class who pray that you may be long spared to act as our teacher.

The members of the class join in wishing you and yours; A Merry Christmas and a Happy New Year.

Signed on behalf of the Class.
Mrs. Chas. Hill.
Secretary Treasurer

BULL-DOG DRUMMOND

BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

"Can it be possible," thought Hugh grimly, "that such as these have the power to control big destinies?" And then, because he had some experience of what one unbalanced brain, whose owner could talk, was capable of achieving; because he knew something about mob psychology, his half-contemptuous amusement changed to a bitter foreboding.

"You fool," he cried suddenly to the Russian; and everyone ceased talking. "You poor damned boob! You—and your new earth! In Petrograd to-day bread is two pounds four shillings a pound; tea, fifteen pounds a pound. Do you call that freedom? Do you suggest that we should wade to that, through rivers of blood?" He gave a contemptuous laugh. "I don't know which distresses me most, your maggoty brain or your insanitary appearance."

Too surprised to speak, the Russian sat staring at him; and it was Peterson who broke the silence with his suave voice.

"Your distress, I am glad to say, is not likely to be one of long duration," he remarked. "In fact, the time has come for you to retire for the night, my young friend."

He stood up smiling; then he walked over to the bell behind Hugh and rang it.

"Dead or mad—I wonder which." He threw the end of his cigar into the grate as Hugh rose. "While we deliberate down here on various matters of importance we shall be thinking of you upstairs—that is to say, if you get there. I see that Lakington is even now beginning to gloat in pleasant anticipation."

Not a muscle on the soldier's face twitched; not by the hint of a look did he show the keenly watching audience that he realised his danger. He might have been an ordinary guest preparing to go to bed; and in Peterson's face there shone for a moment a certain unwilling admiration. Only Lakington's was merciless, with its fiendish look of anticipation, and Hugh stared at him with level eyes for a while before he turned towards the door.

"Then I will say 'Good night,'" he remarked, casually. "Is it the same room that I had last time?"

"No," said Peterson. "A different one—specially prepared for you. If you get to the top of the stairs a man will show you where it is." He opened the door and stood there smiling. And at that moment all the lights went out.

II

The darkness could be felt, as real darkness inside a house always can be felt. Not the faintest glimmer even of greyness showed anywhere, and Hugh remained motionless, wondering what the next move was going to be. Now that the night's ordeal had commenced, all his nerve had returned to him. He felt ice cold; and as his powerful hands clenched and unclenched by his sides, he grinned faintly to himself.

Behind him in the room he could hear an occasional movement in one of the chairs, and once from the hall outside he caught the sound of whispering. He felt that he was surrounded by men, thronging in on him from all sides, and suddenly he gave a short laugh. Instantly silence settled; strain as he would he could not hear a sound. Then very cautiously he commenced to feel his way towards the door.

Outside a car went by honking discordantly, and with a sort of cynical amusement he wondered what its occupants would think if they knew what was happening in the house so near them. And at that moment someone brushed past him. Like a flash Hugh's hand shot out and gripped him by the arm. The man wriggled and twisted, but he was powerless as a child, and with another short laugh Hugh found his throat with his other hand. And again silence settled on the room. . . .

Still holding the unknown man in front of him, he reached the foot of the stairs, and there he paused. He had suddenly remembered the mysterious thing which had whizzed past his head that other night, and then clanged sullenly into the wall beside him. He had gone up five stairs when it had happened, and now with his foot on the first he started to do some rapid thinking.

If, as Peterson had kindly assured him, they proposed to try and send him mad, it was unlikely that they would kill him on the stairs. At the same time it was obviously an implement capable of accurate adjustment, and therefore it was more than likely that they would use it to frighten him. And if they did—if they did . . . The unknown man wriggled feebly in his hands, and a sudden unholy look came on to Hugh's face.

"It's the only possible chance," he said to himself, "and if it's you or me, laddie, I guess it's got to be you."

With a quick heave he jerked the man off his feet, and lifted him up till his head was above the level of his own. Then clutching him tight, he commenced to climb. His own head was bent down, somewhere in the regions of the man's back, and he took no notice of the feebly kicking legs.

Then at last he reached the fourth step, and gave a final adjustment to his semi-conscious burden. He felt that the hall below was full of men, and suddenly Peterson's voice came to him out of the darkness.

"That is four, Captain Drummond. What about the fifth step?"

"A very good-looking one as far as I remember," answered Hugh. "I'm just going to get on to it."

"That should prove entertaining," remarked Peterson. "I'm just going to switch on the current."

Hugh pressed his head even lower in the man's back, and lifted him up another three inches.

"How awfully jolly!" he murmured. "I hope the result will please you."

"I'd stand quite still if I were you," said Peterson suavely. "Just listen."

As Hugh had gambled on, the performance was designed to frighten. Instead of that, something hit the neck of the man he was holding with such force that it wrenched him clean out of his arms. Then came the clang beside him, and with a series of ominous thuds a body rolled down the stairs into the hall below.

"You fool." He heard Lakington's voice, shrill with anger. "You've killed him. Switch on the light. . . ."

J. J. TURNER SPOKE FOR TEN MINUTES

SPOKE ON CIVIC ISSUES—WILL SPEAK AGAIN TONIGHT

Addressing the audience at the Grand Theatre between the second and third acts of the Rex Stock Company's presentation last night, ex-Ald. J. J. Turner, candidate for Mayor, stressed the need here for a strong, wide-awake civic administration because of the industrial future of Peterborough. Mr. Turner felt that Peterborough was destined for great things in the industrial world, and he pointed out that already its products go to all four corners of the earth.

On the civic government rests a responsibility to keep Peterborough to the forefront, the candidate declared, and, if elected, he was prepared to devote himself with wholehearted zeal to every effort that would advance the city. He believed the city must be continually "boosted" or a disastrous languishing might occur.

Ex-Ald. Turner found time to refer to his participation in public affairs in his brief ten minutes, and he stressed the point that in Biblical times, through the death of Joseph, the condition of his people had been changed in a single night from one of influence to slavery and Joseph's great name forgotten, and ex-Ald. Turner, while not aspiring to be a Joseph, said he was bringing his name before the people as he considered he was well-qualified to assume a leadership in this city and guide it in a manner comparable with the way Joseph guided the destinies of ancient Egypt.

M. Pappas, manager of the Royal Theatre, has invited both speakers to make short appeals to the electorate at the theatre to-night and Candidate Turner announced to-day he would accept, and also stated that Friday night he was speaking in the Capitol Theatre, and on Saturday night would again be at the Royal.

THE ARTFUL ADVERTISER.

A local advertiser offered his church free hymn books if they would consent to the insertion of his advertising. They accepted the offer and got the hymn books.

On the following Sunday the minister announced: "Brethren and Sisters, we will use our new hymn books this morning. I want to say that the gentleman who so kindly donated them must have experienced a change of heart. I have looked through the fly-leaves in both the front and back and nowhere do I find a single advertisement. Let us sing hymn Number 67."

Turning to the hymn he read aloud:

"Hark, hark the heavenly voices ring,
Bunkem's pills are just the thing.
Angels' voices, soft and mild,
Two for man and one for child."

TODAY'S NEWS OF THE DISTRICT

APSLEY G.W.V.A. NOW ORGANIZED

STARTS UNDER AUSPICIOUS CONDITIONS — OFFICERS ELECTED —REV. SPENCE HONORARY MEMBER—METHODIST ENTERTAINMENT.

ADDRESS ELECTORS

APSLEY, Dec. 29.—Following the nomination for Reeve and Councillors the candidates were given the opportunity of addressing the electors. Reeve Brown, who was called upon first, ably defended the Council's policy during the past year and stated that the increase in the taxes of 3 mills was due to causes over which the Council had no control, namely, the increase in cost of printing and the increase of $200 in the county rate. The raising of the dog tax from $1 to $2 was nothing to do with the Council, this being fixed by the Legislature. Two hundred and ninety-two dollars and seventy-five cents had been paid out this year for sheep killed, of which sum over $200 was for sheep killed in 1920. The Reeve claimed that he had done good work in securing grants for improving the roads, a sum of over $2,000 having been expended on the work, of which only $500 came from the ratepayers.

Norman Lean, candidate for Reeve, in a short address, thought that if the sister township of Chandos could reduce the tax rate by six mills, there was no necessity for Anstruther to raise three mills. He claimed the support of the electors on his six year record.

George Matthews, in asking for his return as councillor, said that in 24 years of service only two faults had been found in him. Other candidates also spoke.

Rev. W. Hall in closing the meeting, said that the new Council must take up the question of better education, which was far more important than the roads.

The proceedings closed with the singing of God Save the King.

Christmas Tree.

The annual Christmas tree and entertainment of the Methodist church was held on Christmas eve and was an unqualified success. Tea was served in the town hall to about 105, of which number thirty Sunday school scholars were free guests to tea and concert. After tea adjournment was made to the Methodist church, where the concert was held, presided over by Reeve Brown.

The church was comforably filled, though many from a distance were prevented from attending on account of the slippery condition of the roads, which were not safe for travelling without sharp-shod horses. The distribution of gifts from the tree was not the least enjoyable part of the proceedings, especially to the younger people, about 65 Sunday school scholars receiving presents, besides many other private gifts being distributed. The total proceeds amounted to $47.75.

To the Electors of North Monaghan

Ladies and Gentemen,— Having been nominated for the office of Deputy-Reeve for the year 1922, I would respectfully solicit your vote and influence, and if elected will continue to serve all interests of the Township with the same fidelity as I have served you as Councillor for the past two years.

Yours respectfully,

FRED H. ROWAN.

To the Ratepayers of North Monaghan

Ladies and Gentlemen,— Having received the nomination for the office of Reeve for the Township of North Monaghan for the year 1922, I take this means of letting you know that I am in the field. With the previous experience which I have had in your Council, and my familiarity with the municipal conditions of the Township, I feel qualified to undertake the duties of the office. I therefore leave my candidature to the decision of the electors on Monday, Jan. 2nd, 1922. If elected I will do my best to take care of the work of the Township to the best of my judgment and in the best interests of all sections.

Awaiting your decision, I am, yours in the interests of North Monaghan.

TO THE ELECTORS OF NORTH MONAGHAN.

For Deputy-Reeve

Ladies and Gentlemen,

Having accepted Nomination for the office of Deputy Reeve for your Township, for the year 1922, I respectfully solicit your Vote and Influence.

I have been a Resident Farmer in the Township all my life, and at the present time one of the largest Taxpayers. Consequently, I am particularly interested in all the Township affairs. My experience as Councillor should qualify me to assume the duties as Deputy Reeve, and if elected, I will give every attention to the business of the Township, to secure careful and economical administration of affairs.

Wishing you all a Very Happy New Year,—I remain,

Yours faithfully,

R. T. LILLICO

HAVELOCK AND THE DISTRICT

I.O.D.E. RAISE FUNDS FOR THE PARK MEMORIAL GATES—INFLUX OF HOLIDAY VISITORS.

MRS. DICKSON HONORED

HAVELOCK, December 29. — A pleasant evening was spent at the home of Mrs. R. S. Dickson, when the Harry Lauder Chapter, I.O.D.E., presented her with a life membership in the National Order of I.O.D.E.

This was a Christmas gift from her friends. Mrs. Dickson returned fitting thanks, and expressed her appreciation of standing so high in the esteem of her sister members.

Refreshments were then served, and a jolly evening spent. The Chapter also discussed how money could be raised for the park memorial gates, and as a commencement, a dance will be held after New Year's.

Box Social.

A box social and concert in the Town Hall, Belmont, on Saturday evening was largery attended. Everybody reported a good time.

Santa Generous.

Rush Point Methodist Sunday School Christmas tree and entertainment on Friday was a success in every way. Twenty-three dollars were realised, and Santa Claus was generous with his presents.

Personal Mention.

Bro. W. Greenway, Worthy Patron, Mrs. Greenway, and Mrs. J. H. Garratt, of Royal Chapter, No. 46, Order of the Eastern Star, Toronto, and Mrs. Alex. Innes, of Unity Chapter, Toronto, visited the local chapter on Thursday night, when new officers were elected.

Mr. David Rogers has moved from his farm into the village for the winter months. He intends going West in the spring.

Mrs. J. Burnett is able to be around again after being ill for some months.

Miss Grace Cromer, of Glenville, is a guest of her aunt, Mrs. J. Burnett.

Mr. W. A. Richards, of Norwood, was in town on Thursday on business.

Mr. Sawyer is in Kingston attending the funeral of his mother, who passed away in her 91st year. The aged lady was predeceased by her husband some 31 years ago.

Mr. J. F. Fray, of Toronto, Miss Grace Creamer, of Glenville, Mr. and Mrs. G. R. McGregor, of Toronto, are Christmas visitors here.

Mr. and Mrs. Henry McMillen and daughter Pearl are visiting friends in Havelock.

Mr. and Mrs. Robert have left for their home in Niagara Falls.

Miss Phyllis Williams, of Galt, is in town.

Miss Marion Williams, of Port Hope, is in town.

Mr. Williams, of Trinity College, is visiting at home here.

Messrs. Wm. and Don. Holdcroft, of Queen's University, Kingston, are home on Christmas vacation.

Mr. and Mrs. Garnet Barlow, of Trenton, are in town over the Christmas holidays.

Mr. Wm. Archer, of St. Catharines, is a guest of his sister, Mrs. Roberts.

Mr. and Mrs. Squires and Master James are visiting friends in Norwood.

Misses Stella, Florence, and Edith McWilliams, of Toronto, are guests of their sister, Mrs. Clark.

Mr. and Mrs. G. Pacey, of St. Thomas, are guests of her mother, Mrs. Clark.

Miss Maloney, of the Lindsay Convent, is the guest of her mother at Cordova Mines.

Miss Steenburg, of Toronto, is at her home in Cordova.

Miss Roy, of Ottawa, is a visitor at Cordova Mines.

The Cradle.

Jamieson.—In Havelock, on 23rd December, to Mr. and Mrs. Thomas Jamieson—a daughter.

Gratton.—In Belmont, to Mr. and Mrs. Robert Gratton—a son.

Thomas Buchanan Dead.

Thomas Buchanan, of Belmont, has passed away after five years' illness from rheumatism. He is survived by his wife and one daughter Madeline. The body was brought to Maple Grove Cemetery for interment.

Bad Fire.

The McNichol Hotel, used of late as a tenement house for three families, has been badly damaged by fire which started on the top storey, occupied by Mr. Dafoe. The blaze originated from an overheated stove pipe. The loss is covered by insurance to the extent of $1,000.00.

Raised Salaries.

The School Board has voted Misses Falkner and Long $150.00 a year increase.

Deeds speak louder than words in a real estate transaction.

Some people consider before they promise how they can best get out of keeping that promise.

TELEGRAPH AND CABLE NEWS

AN AUXILIARY FORCE.

MONTREAL, Dec. 29.— (Canadian Press.)—Claiming that banks, financial institutions, insurance companies, public bodies and the citizens of Montreal in general, as well as the board of trade and chambre de commerce, had repeatedly complained of lack of police protection in this city, a delegation of officers of the Ex-Service Men's Welfare Association waited upon Chief of Police Belanger here yesterday afternoon and stated that they were in a position to organize an auxiliary force to co-operate with the city police at short notice.

INDUCTION AT MONTREAL.

MONTREAL, Dec. 29.— (Canadian Press.)—The induction of the Venerable Archdeacon Arthur Carlyle, at present of Windsor, Ont., as rector of Christ Church Cathedral, and his installation at dean of Montreal, will take place in the Cathedral here Friday evening next.

The service will be held under the direction of the bishop of Montreal, and it will be conducted according to the new prayer book of the Canadian church, this being the first time it will have been used in the cathedral.

LODGED A PROTEST.

CALGARY, Dec .29.—Officials of the United Mine Workers of America in district 18 have lodged a protest with Attorney General J. E. Brownlee regarding the manner in which they allege special constables sworn in at Drumheller are seeking to intimidate miners now on strike in that district.

CONDUCTOR RETIRED.

WINNIPEG, Dec. 29.—(Canadian Press.)—William Fogg, senior conductor of the Canadian Pacific Railway with 43 years' experience as a railroader, 36 of which he has been a conductor, has been superannuated. He bears the enviable record of never having lost a passenger.

Mr. Fogg was forced to retire before making his final trip as a result of an accident at Fort William last week. He would have concluded his railroad career December 31.

PROVINCIAL CABINET HELD A MEETING

WINNIPEG, Dec. 29.—(Canadian Press)—Following a meeting of the provincial cabinet yesterday Premier T. C. Norris announced that the Manitoba legislature would convene on January 12 for a session which would probably last eight or ten weeks.

Premier Norris will again meet the legislative assembly with a minority of members in his party. In government circles, however, it is not expected that the premier will have any difficulty in securing sufficient support for measures during the session.

WILL CONFER WITH THE HEADS ON LIQUOR ISSUE

EDMNTON, Der. 29.—(Canadian Press)—Conferences with Premier-elect W. L. Mackenzie King on liquor legislation looking toward closer working arrangements between the Dominion and Provinces on matters which vitally affect both; with Attorney-Genera Raney, of Ontario, wth respect to bringing about uniformity in company legislation and with Premier T. C. Norris, of Manitoba, on questions which affect the two provinces, constitute the program which attorney-general attempt to force the adoptin by the next three weeks.

REFUSES TO ACCEPT SETTLEMENT PROPOSAL

KOVNO, Lithuania, Dec. 29.— (Canadian Press)—Lithuania has replied to the president of the Council of the League of Nations, declining to accept the Council's recommendations for a settlement of the dispute between Poland and Lituania over Vilna, it was learned here. The Lithuanian communication expresses regret and asks that Lithuania be allowed to elucidate her views at the next meeting of the Council.

RAW SUGAR STRIKES A NEW LOW LEVEL

NEW YORK, Dec. 29.—(Canadian Press.)—Raw sugar yesterday plunged to the lowest level in 15 years, and within a quarter of a cent of the lowest ever reported. The price for Cubas, cost and freight, was 1 3-4c. a pound.

Refined sugars shared the break in raws and was quoted at 4.90c. a pound, for fine granulated. This was the first time in many years that it sold for less than five cents.

THE MONTREAL MARKET.

MONTREAL, Dec. 29. —(Canadian Press.)—The domestic market for cash grain was without special feature yesterday. There was no important chaneg in the condition of the flour market. The undertone to dlillfeed is strong with a continued good demand. The rolled oats market was firm. A steady feeling prevails in baled hay. An easier feeling is showing in the egg market, with some decline in prices. The market for potatoes is quiet. Business is dull both in butter and cheese.

IS BADLY HANDICAPPED.

WINNIPEG, Der. 29.—(Canadian Press)—"I'm tongue-tied and deaf," declared E. J. McMurray, Liberal member-elect for North Winnipeg, when asked last evening for a statement regarding his reported appointment to the King Cabinet as Minister of the Interior.

VALUE FARM CROPS IN THE UNITED STATES

WASHINGTON, Dec. 29.—(Canadian Press.)—The important farm crops of the United States this year were valued at $5,675,877,000 yesterday by the Department of Agriculture, in its final estimates of the year. That is almost $3,400,000,000 less than last year's crops were worth, and $8,000,000,000 less than the crops of two years ago, when high prices prevailed for farm products. The values are based on prices paid to farms on December 1, and the crops comprise about 90 per cent. of the value of all farm crops.

There were only two billion-dollar crops this year—corn and hay—while last year, four crops were valued at a billion dollars or more. Production was below last year for almost every crop, although the acreage of the important crops were slightly larger.

The area devoted to the important crops this year was 348,336,000 acres, compared with 349,067,000 acres last year.

PROBABILITIES.

Fresh northwest and west winds, decreasing to-night; fair with somewhat lower temperature.

Eating Bodies Of Their Dead

RIGA, Dec. 29. — (Canadian Press.)—The first official report of cannibalism in the famine districts of Russia has been made to the All-Russian Soviet Congress by Delegate Ovsienko of Samara, according to a despatch to the official Rosta News Agency, dated Moscow.

"At Ramikoveksy, the parish people are eating the bodies of their dead," Ovsienko told the congress. "It is dangerous to bury the famine victims in the presence of the people, and guards must be kept over them until they are in a state that makes eating impossible."

Ovseinko said that Dr. Fridtjof Nanson, High Commissioner of the International Committee of Russian Relief, even though a hardened explorer, returned to Moscow sickened by the scenes he witnessed in the strickened districts. The speaker said that children are being taken to the Steppes and left there to die; that mothers, maddened by their experiences, cut the throat of their babes.

At the beginning of January, continued Ovsienko, the Soviets, with all their outside aid, will be able to feed only half the starving children, and only one twentieth of the adults. The rest of the people would have to die while awaiting help.

BRITAIN HAS GONE LIMIT

LLOYD GEORGE DECLARES TREATY PLACES IRELAND ON AN EQUALITY WITH OTHER STATES OF THE EMPIRE.

DUBLIN, Dec. 29. — (Canadian Press.) — Exhaustive inquiries in Dublin failed to confirm the report that a compromise had been reached by the Dail Eireann leaders insuring ratification of the treaty. So far as can be ascertained the position has not changed since adjournment of the Dail.

"No British statesman could go further than we have gone," declared Lloyd George; no British statesman could consider any proposal involving Ireland being out of the Empire.

"The treaty places Ireland on an equality with the other States of the Empire and gives Ireland the same claim to membership in the League of Nations and every right that Canada has in law, fact and constitutional practice; and not merely rejection but alteration even, of the treaty would render it null and void. This would indeed be deplorable in the interests of both countries.

THURSDAY, DEC. 29TH, 1921.

A TERRIBLE DEATH TOLL.

Some motorists are inclined to grumble because the newspapers persist in calling attention to the fact that reckless and careless driving is making the motor car a deadly menace on the streets of Canadian and United States cities. But how can the papers keep silent in the face of such statistics as have just been issued in Chicago? With four days left to complete the year, there have been 1,692 people killed by motor car accidents in Chicago since last New Year's Day. The majority of these tragedies were traced to reckless driving and to the handling of cars by people under the influence of liquor. When the population of a good-sized village is wiped out in one year in one city, it is time that we began to size up the situation more seriously than ever. The death rate from motor accidents continues to increase, and more rigid precautions will have to be adopted to check the speed fiends and save the lives of pedestrians and motorists. If the penalties for reckless driving are not severe enough, they must be increased, and the law must be allowed to take its course without interference, such as marked a recent case in Toronto when a young man sentenced to a year for manslaughter after killing a man with his car was released after serving 23 days.

KIWANIS PARK.

The enterprise and public spirit of the Kiwanis Club are to save for Peterborough a park that the shortsightedness of the ratepayers had apparently lost. The decision of the local Kiwanians to purchase thirty-odd acres of the Armour's Hill property and convert it into a public park, known as "Kiwanis Park" and possibly perhaps to include a memorial to the memory of the Peterborough boys who died in the war, is one that again demonstrates the value of the organization and service to the community. Why the ratepayers of Peterborough turned down the chance to acquire this property for $3,000 when the by-law was submitted to them has always been a mystery. The measure was rejected in all parts of the city, not even Ashburnham, which would have been particularly benefitted by a park situated on Armour's Hill, showing a favourable majority. The site is admirably adapted for park purposes. It commands an unequalled view of the whole city and the surrounding countryside, while the close proximity of the Trent Canal and the world-famous Lift Lock forms an added attraction. The Kiwanis Club have earned the gratitude of the citizens generally, and Kiwanis Park will become one of Peterborough's beauty spots and the mecca of hundreds of visitors when the proposition has been fully developed.

MAKING A CHOICE.

On Monday the citizens of Peterborough, or at least those who realize the necessity of exercising their franchise, will begin the New Year by selecting the civic government for 1922. That is a task about which there should be considerable thought. Too often men are elected because they are good fellows, good "mixers," good "jolliers"—their ability or lack of it being entirely ignored. Ratepayers will vote for a candidate for an important civic position whom they would hesitate to engage in their own business. They will entrust the task of administering a civic department to a man to whom they would not give a commission to run a corner grocery for them.

It is about time there was a general realization of the fact that the management of our city, of its light and water facilities, of its schools, of the various departments of public service, is a matter about which we should have serious concern. Mismanagement, inefficiency, inability to size up business propositions, a tendency to listen to vote-catching proposals, these things are not conducive to reduced tax rates or an economic administration. And so long as we judge men by their promises rather than by their records, either in public life or in their own business, so long as we continue to elect those who are personally popular, rather than those who are personally efficient, we cannot expect to have a civic government that will function properly. There are contests for the Mayoralty, Utilities Commission, Board of Education and City Council. In each case the ratepayers would be well advised to investigate the field closely, study the candidates from the viewpoint of their value in the position to which they are aspiring, put on one side any personal feeling one way or another they may have and endeavour to select the men whose record in public life and whose success at their own business makes it fairly certain that they will be able to give good service in handling the city's business. The careers of most of the candidates are, fortunately, well known to the electors—from them they will be able to form a reasonably accurate estimate of what can be expected of them if they are chosen. Merit and ability should constitute the rule by which the candidates will be measured. Applying any other test is a dangerous experiment which may end disastrously. We cannot afford to take chances. Every ratepayer is a shareholder in the city's business and every ratepayer should use the same care and judgment in selecting the civic management as he would in choosing a board of directors for a private company in which he happened to own stock. The best men, the men with enterprise and ability, should be the successful candidates on Monday, and they will be if the ratepayers put personal prejudices and petty differences of opinion on one side and consider the city's interests first.

DOES HONESTY PAY?

One merely gropes in his efforts to analyze the psychology of crime. In seeking for the motives which lead men to steal, the outstanding disclosure is that most of them do not pause to think at all. If they thought soberly about the matter, weighing losses and gains, the truth would surely come to them that no man ever becomes a thief to his real profit. He may despoil another and even escape detection. He may be detected and still avoid punishment. But in the final reckoning he must find that he has robbed himself of something infinitely more valuable than the sum of his loot. Aside from both the moral and material aspects, everybody ought to realize that the winnings are not commensurate with the risks. In a considerable percentage of cases the offender is caught, and in that event he not only suffers the loss of his liberty, but often brings cruel hardships on innocent dependents or other relatives.

This matter has been engaging the attention of educationists in the United States, and it has been resolved to commence a nation-wide and sustained campaign among school children. That is certainly the right place to start. The fundamental purpose is to teach boys and girls that honesty pays. They are apt to cast a superficial glance around and jump to wholly unwarranted conclusions. President William B. Joyce, of the National Surety Company, is at the head of this new and timely movement. He points out that a general deterioration in moral fibre has resulted in the losses from robberies and embezzlements being increased tenfold during recent years. The surety companies of the United States and Canada are losing $10,000,000 a year from burglaries and $5,000,000 a year from embezzlements. The wave of crime is general. He adds:

"American children read of the seeming success of these crimes. They never read of the subsequent punishment of the criminals because trials and convictions are rarely prominently featured in the newspapers. American children are obtaining the enormous impression that crime is much more often successful and much less frequently and severely punished than it really is. Never have American children so greatly needed daily lessons in the practical wisdom of honesty. Never have they so greatly required continual lessons in the world-old truth that honesty is the greatest of all virtues.

"Lessons showing that honesty is the foundation of all successful business; and that, without honesty, education is of very little value, should become a regular part of our American public school training."

These truths are not generally realized. If they were there would be less crime in the land. The other day the distressing spectacle was presented in our own city of a comparatively young man, in a high position of trust and certainly not impelled by acute need, resorting to theft for the purpose of acquiring unearned money. His fate is a matter of such recent record that details are unnecessary. While serving his sentence, and contemplating the difficult road which bars his restoration to a position in society corresponding to that which he forfeited, he will have abundance of opportunity to curse himself for a fool. He was a fool. He was attempting the impossible. All men are fools who steal, ars are all men who cheat. In imagining that along that road lies anything worth while, no matter whether or not they escape immediate punishment, they are absolutely deluding themselves.

Honesty always pays. Dishonesty always loses. In accepting the postulate that virtue is its own reward, one merely gives assent to a self-evident proposition in profit and loss. In doubting it, one takes the first step toward inevitable misery. That must be so, since in the ultimate analysis no man can avoid the tribunal of his own conscience. Punishment by the law has little to do with it. The man who knows he has disgraced himself in his own eyes carries a retributive lash in his breast more cruel, more enduring, than any scourge ever devised. This brings us back to the primary thought that hesitation and common sense would save every would-be thief. And yet the strange and discouraging thing is that it should be necessary in our time to preach such an obvious truth. The widely cherished belief that thousands have succeeded by the road of dishonesty is simply a delusion. No man in all history ever won anything worth having except by methods which answered to the highest tests of right and wrong. This is not a sentimental sermon. It is a plain sum in elementary mathematics.—Ottawa Journal.

EDITORIAL NOTES.

There won't be plums for all the political Jack Horners who want to stick their thumb into the Cabinet pudding.

After all, this comes pretty close to being Old Home Week. They're here from far and wide, and everybody is glad to see them.

Mr. Meighen has succeeded in finding a seat. He is not likely to complain of the delay in forming the new Cabinet.

The Montreal Star's solicitude for the Liberals of Quebec savours of the C.P.R. publicity department.

The heading, "McIntyre Lower in Heavy Selling," refers to a mining exchange feature and not, as might have been inferred, to the local contest for the Utilities Commission.

An Ottawa Mayoralty candidate collapsed on the platform the other night. Generally, it is the platform itself that gives way.

Now it is a case of "Do your Christmas swapping early."

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of hydrochloric acid sours the food and forms gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that Indigestion is caused by Hyper-acidity, meaning, there is an excess of hydro-chloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble wth excellent results.

COMPLETE INDEPENDENCE FROM BRITISH EMPIRE

AHMEDABAD, British India, Dec. 29.—(Canadian Press)—An attempt to force the adoption by the Indian Nationalist Congress yesterday of a moion providing the complete independence from the British Empire should be attained by "possible and proper means," instead of "legimate and peaceful menas," was frustrted by Mahatma Gandhi, the Nationalist leader, who warned the Congress against alienating the sympathies of the moderates.

Branch G.W.V.A.

The adjourned meeting of the proposed branch of the G.W.V.A. was held in the parish room on Monday evening last, and was attended by thirteen returned men. Mr. W. Scott was elected chairman. It was hoped that some of the Lakefield members would attend, but no word has been received from them, the secretary reported. After discussion it was decided to go ahead and form a branch and the following officers were elected: President, Russell Hales; Vice-Pres., Charles Smith; Sec. ,Will Parks; Asst.-Sec., Harvey Trickey.

Rev. C. A. G. Spence was asked to become the first honorary member, and assented, declaring that he appreciated the honour conferred upon him by their request. As soon as Headquarters is heard from the date for the formal organisation of the branch will be decided upon, and from the enthusiasm displayed by the members, the Apsley G.W.V.A. will start under most auspicious conditions.

The men, before the meeting closed, warmly thanked Mr. Spence for his assistance and interest on their behalf.

HOW TO GUARD AGAINST APPENDICTIS ATTACK

Appendicitis is an intestinal infection often due to old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel and brings out mater which might start an appendicitis infection. EXCELLENT for gas on the stomach and chronic constipation. Adler-i-ka brings out matter which you never thought was in your system. McDermid & Jury and E. L. Payne, druggists.

The man who thinks that he is always right does more harm than the one who is willing to admit that he is sometimes in the wrong.

Line School by the scholars and their parents. An interesting and varied programme was given by the pupils, after which the teacher, Mr. Ephriam Pogue, was presented with a fountain pen. A social time was spent at the close, which everyone thoroughly enjoyed.

New Rink Open.

After a great deal of effort and assisted by the recent frosts, the Athletic Association have finally succeeded in getting our new rink started for the Christmas season. Many, both old and young, some of whom had not skated for many a year, joined in this ideal sport on Christmas afternoon.

Quite a number of both family and single season tickets have been sold and all are looking forward to favorable weather conditions and a jolly good time.

Christmas Tree.

The annual Christmas tree and entertainment, under the auspices of the Presbyterian Sunday School, was held in the church on Wednesday evening last, when a splendid programme was given by the Sunday School scholars, after which Santa Claus arrived in due time to present the children with the oranges, candy, etc., off the tree.

The following programme was thoroughly enjoyed by the large number present:

Opening chorus, the school; Chairman's address, Rev. R. F. Scott; recitation, Clarence Weir; stocking drill, Mrs. H. Lamb's class; solo, Donald Mahood; trio, Misses Helen Mackey, Genevieve Sandy and Emily Mitchell; chorus, Mrs. Mahood's class; presentation of books for the best Sunday School attendance for the past year; star drill, girls of Mrs. Williamson's class; chorus, Mrs. Lamb's class; dialogue "Mother Goose"; recitation, Margaret Parsons; solo, Millie Williamson; recitation, by three boys, George Sisson, Archie Weir and Jamie Mackey; chorus, Mrs. Kelly's class; dialogue, "Four Small Girls"; recitation, Annie Martin; mock trial, Mrs. Scott's class; chorus, Mrs. Mahood's class; chorus, by the school.

Christmas Concert.

The party was composed of Miss Jean MacDonald, soprano; Miss Florence Good, elocutionist; Miss Grace Bonick, accompanist; Master Castor Davidson, violin. Mr. Bob Wilson with his comic numbers received great applause.

GOOD PROGRAMME BETHANY CONCERT.

Methodist Sunday School Members Excel Themselves in Entertaining.

BETHANY, Dec. 29.—A splendid concert and Christmas tree was given on Monday night in the Town Hall by members of the Methodist Sunday School. Mr. A. Monk, the Superintendent of the school, called the audience to order by announcing the opening hymn, "Joy To the World, the Lord Is Come," after which Rev. Jas. McMullen of Oshawa offered prayer. Then the programme was put into the hands of the pastor of the church, Rev. J. E. Beckel, following which the following numbers were rendered:

A notion song, "God Is Good," by five of the junior girls; instrumental duet, by the Misses Violet and Hazel Jackson; solo, by Mrs. Urry; a drill and chorus, by ten intermediate girls; recitation, by Margaret Jackson; song, "Only To Be a Gypsy," by Morton Wake; quartette, by Messrs. Spencer, Bray, Percy Preston and Bernard Preston; a recitation, "Christmas Shopping," by Hazel Monk; a Japanese love song, by Miss Violet Jackson; dialogue, "The Unwelcome Guest," given by four of the senior members of the school, Miss Annie Bray (Mattie), Mrs. Otto Spencer (Lucy), Mr. Otto Spencer (Cousin from Omaha), Mr. Edward Bray (Dave the negro porter); chorus, by six small boys, "The Wise Old Owl"; Christmas pantomine, 'Holy Night, Silent Night," by the Misses Jean Thorndyke and Lizzie Mines; recitation, by Hazel Jackson; solo, Mrs. Urry; recitation, "The Dude," Morton Wake; negro quartette, "Massa's in the Cold, Cold Ground," by Messrs. Ed. Bray, Otto Spencer, Percy Preston, Bernard Preston; star drill and chorus, by five intermediate girls. A playette, "Family Flurrys," by six young people, the cast being as follows: Mr. Marmaduke Meek, Mr. Bertrand Monk; Mrs. Meek, Miss Violet Jackson; Mr. Harvey Rasper, Mr. Theodora Davis; Mrs. Rasper, Miss Hazel Steer; Mr. Rasper's porter (Mr. O'Brien), Harold Monk; Mrs. Meek's maid (Pert), Miss Olive Wake.

The distribution of gifts from the tree here followed. The Sunday School presented books to forty of the junior children, primary and beginners. God Save the King and the Mizaph benediction brought the proceedings to a close. The handsome sum of $72.85 was realized.

Convention Coming.

A meeting of the Manvers Sunday School township convention executive was held in Mr. Walter Jakeman's office on Tuesday morning to arrange for the programme of the coming convention to be held in the Methodist Church, Janetville, on Thursday, January 19th.

Mr. Herbert Brown of Franklin was a business visitor to the village on Tuesday.

BENSFORT NEWS

BENSFORT, Dec. 29. —The annual entertainment of Bensfort Union Sunday school was held on Tuesday night. David Dodds occupied the chair and the hall was filled. A good programme was submitted by the young people and greatly enjoyed by all. The acter songs, "Holy Night" and "Comin' Through the Rye" were effectively rendered. The Rev. A. H. McConnachie delivered a short address, counselling the young folk to cultivate a feeling of gratitude to God and man for the good things of life.

A pedagogue of the old school says that without the liberal use of the rod it is impossible to make boys smart.

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicines, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at nights for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

A Job For Every Man Prosperity For All.

Mr. Farmer——

IN June 1920 you were receiving $2.50 per bushel for wheat. In October 1921 you received $1.00 per bushel. During the same period oats declined from $1.40 to 40c. per bushel, hogs from $19 per hundred weight to $10, cattle from $15 to $6.50 per hundred weight.

Dairy products have declined about one-fifth.

On the whole the average value of your products, including apples, dairy produce, fodder, grain, hides, honey, live-stock, vegetables, and wool, if represented by 100 in June 1920, had shrunk to 61 by October 1921.

You have felt that other commodities, and labor, have not been similarly reduced.

Under these circumstances you have been inclined to shorten production and curtail operations.

When the call came for "greater production," you responded in a spirit of patriotism. You produced food to the utmost of your ability.

Today the financier, builder, manufacturer, wholesaler, retailer and worker, are being asked to join in a general plan of co-operation having as its object the creation of employment for a large number of persons. This is being done in the belief that a return to normal conditions can best be accomplished through normal channels.

Knowing that this concerted effort is being made, will you make every effort to plan your operations so that next year's production may be kept to normal or possibly increased?

Will you make improvements on your farm this winter if you find it practical to do so?

Your co-operation will be a big factor in helping Ontario lead the way to

"A Job for Every Man
Prosperity for All!"

Buy! — Build! — Work!

Plan of Co-operation.

The Provincial Advisory Committee on Unemployment considered the industrial situation and endorses the following statement of proposals:—

1.—That Manufacturers should be asked to take a price for goods on hand equal to the cost of replacement having regard to decreased cost of raw material and of labor used in manufacture.

2.—That Wholesalers should be asked to sell goods on hand at replacement prices.

3.—That Retailers should be asked to sell at replacement prices.

4.—Knowing that the costs of building at the present time have been considerably reduced, those desiring to build should be encouraged to ask for new tenders on their proposed work; and that building contractors and builders' supply people should make a special effort to reduce prices to a minimum in order to restore this important key industry.

5.—That Banks and financial institutions should be prepared to co-operate to the utmost with all productive enterprise by allowing all reasonable credits and by decreasing rates as rapidly as conditions may allow.

6.—That Farmers should be asked to maintain reasonable production, and in the event of a proportionate reduction being reached in other lines, should be prepared to make needed improvements and betterments.

7.—That Labor shall be asked to take willingly a reduction in wages proportionate to progressive decrease in cost of living, in so far as such a reduction has not already taken place.

The above statement has been submitted to and endorsed by the following interests—manufacturers, wholesalers, retailers, building industries, agriculture, financial interests and the veterans.

Not All "Beer and Skittles" For Some Peterboro Returned Soldiers

ONE WITH A SHRAPNEL-FILLED SIDE, SLOWLY COUGHS HIS LIFE AWAY WHILE HIS YOUNG WIFE STRUGGLES TO HOLD THE HOME TOGETHER—CHRISTMAS CHEER.

Dozens of loaves of bread and many pounds of yellow butter were among some of the eatables distributed by certain feminine workers last Saturday. To those who think of deserving cases at Christmas time people who live in warm, well-stocked houses probably consider that all others less fortunate need to make them happy for the holiday season is a few toys for the children, some cake and candy. When it comes to a question of requiring coal, down to the ground things like a little wood, some bread and butter and tea, the situation stands out more plainly. But these things were necessary in many houses for the Christmas time ,to make their inmates ordinarily comfortable. And besides the need, there is always sickness which haunts the underfed and underwarmed, and makes the case as the Gospel declares it shall be, that the afflicted shall have taken from them even the little they have.

There seems somthing rather ironical about the returned men who are suffering just now. Some years ago, we called them the saviours of the land, acclaimed them as heroes, and turned out with brass bands and flag-waving to welcome them back to their homes. We wrote "When You Come Back" songs about them, and promised them anything and everything. . . There has doubtless been a good deal done for the returned men, but some of them are not in the best of circumstances just now. There is one, just for an example, with a shrapnel-filled side, who lies slowly coughing blood, his young wife, eager to work, if possible, with a tiny baby to care for. . . And another home has the father, mother, and baby all ill, and what is far worse, discouraged. They had been getting along well enough and were buying a piano on the instalment plan. When sickness came, the instalments ceased, and the piano was about to be taken away. To people who need the necessities of life, music is not a vital matter, but it seemed hard to lose their money and the hope of having the instrument for the children. With a large point of view which is always the ideal of charity at its best, the women who went into this home followed up a programme which doubtless made for this little family quite a happy Christmas. They secured free medical treatment for the father, hospital accommodation for the mother, and a free operation for the child, then made arrangements to rent the piano, the rent to be applied on further instalments—a happy arrangement which had probably not occurred to the discouraged minds of the parents.

A Society for the Prevention Of Cruelty to Animals in City

THE FIRST OF THE YEAR WILL SEE SUCH AN ORGANIZATION OPERATING IN PETERBOROUGH

A Society for the Prevention of Cruelty to Animals will probably be organised in Peterborough some time in January. While there does not seem to be, on the surface, a vast amount of cruelty to animals in this city, as compared with the flagrant cases that come under observation in larger centres, still there is always a class in the community, young or old, rich or poor, who have no heart for the dumb brute that serves them, and these are the people who need to be checked. Every day, on the public thoroughfares, one sees hard-driven beasts, animals making their laboured way over the icy pavements with badly-shod feet, while a careless youth or two sits in the cart and cracks the whip, which, while it may not actually strike, still must be a nagging torment to many a high-strung animal.

There are horses with heavy loads and steaming sides, straining and striving in the patient manner of the harnessed dumb beast horses with bony sides driven by full-fed men; horses rattling along on delivery waggons with heads painfully cocked because of a blind eye; horses in the hot weather with stringy froth flying from hard-bitten mouths; horses with heads strained away up by a tightly-drawn check-rein; horses with blinders leaving only a narrow crevice of sight; horses resting tired feet, one after another, beside the curbs on Saturday nights; horses working, working under all sorts of londitions and in all sorts of weather, their comfort and well-being depending absolutely upon the consideration of more or less thoughtful men.

A HOME ON WATER STREET, PETERBOROUGH

Of Isabella Valancy Crawford, Catharine Hale (Mrs. John Garvin), writing on "Peterborough" in a recent number of The Canadian Home Journal, says:

"And what of the lady who once lived in the faed house that is now No —, Water street? Some day literary pilgrimages will be made here, if a national interest is ever roused in poetry and if the house escapes destruction. In the meantime, it would be interesting to know just how many, or rather how few, residents of her city know anything of the life and history and the work of the greatest woman poet that Canada has yet produced.

"Isabella Valancy Crawford, whose epics and lyrics will surely prove enduring, has not yet been recognized by compilers of Canadian school readers. How can one expect the people of a place where she lived in her youth to know much about her? . . .

"Here are the lines which an English critic declared to be worthy of Dante from "From Canada to England":

'If Destiny is writ on night's dusk scroll
Then youngest stars are dropping from the hand
Of the Creator, sowing on the sky
My name in seeds of light. Ages will watch
Those seeds expand to suns, such as the tree
Bears on its boughs, which grows in Paradise.'

"Today Peterborough stands with her bushland past forever linked with the later era—a less picturesque but, at the end of her first century, a progressive city.

"A memorial to the soldiers of the city fallen in the World War will probably take the form of a great tower made from boulders derived from Stoney Lake, in which lights will perpetually shine. I hope that some day at least two other memorials will arise. One might represent a group of English women, Indian guarded, with the wild things of the forest and the trampled trunks of trees at their feet, the first sheaves of wheat in their hands. And the other the figure of a girl who holds the torch of poetry between thick forest trees—a light shining when it was solitary and much needed."

WORK OF WAR GRAVES COMMISSION

Captain the Rev. M. Mullineux, M.C., of the Imperial War Graves Commission who recently returned to Canada after a visit to European battlefields, brings a message which doubtless holds much of comfort to those women whose soldier dead were reported either as "casualties" or as "missing" in the Great War. The work of the Commission has been very extensive, and Capt. Mullineux reports that the search for bodies in shell-torn areas has not yet been ended although peace was declared over three years ago.

Remains recovered from these areas are placed in the cemeteries provided, and burial services are conducted over them. One hundred of these cemeteries are now nearly complete, and before next year, it is expected that about 400 will be finished. There are 527,000 registered British graves in France and Belgium and when the work of the War Graves Commission is completed, there will be 1,200 cemeteries each with its central Cross of Sacrifice and Stone of Rememberance, bearing the words "Their Name Liveth for Evermore."

The War Graves Commission permament bory appointed to care for the graves, is employing nearly 1,300 gardners in France and Belgium, all of whom, with the exception of a few experts, are ex-service men.

STRENUOUS TIME AROUND CHRISTMAS

Thomas is a five-year-old, a bright little sturdy lad with blue eyes. He had a strenuous time around Christmas, helping all the neighbors putting up the trees and the decorations. He came back the other morning from a trip to a lady who let him sample her Christmas cake. When his mother asked him if it was as good as hers, he said "No, it isn't as good—it's better——"

An old gentleman who is a great Bible reader, has been reading Thomas tales from the Old Testament, and the little lad comes home with his newly acquired knowledge. The three Hebrew children, he asserts, were put in the furnace because they wouldn't "wash up (worship) the idol," and he claimed for some time that Jonah had swallowed the whale, instead of vice versa. When his ideas on the subject were cleared up, he said that the whale swallowed Jonah, but that the latter had protested so vigorously, and had raised such a rumpus in its internal organs that the poor thing had to let him come up again.

RECIPES

Angel Charlotte.

One pint whipped cream, one cup sugar, one tablespoon gelatine, one-quarter cup cold water, one-quarter cup boiling water. Soak gelatine in cold water. Dissolve with boiling water. When cool add sugar and add to the whipped cream. Flavor with vanilla and garnish with Maraschino cherries.

Drop Cookies.

One-quarter cup butter, one-half cup sugar, two eggs, one cup flour, one teaspoon each lemon and vanilla. Cream butter, add sugar gradually, beating thoroughly, then add one egg, unbeaten, mixing until batter is smooth; add one-half cup of flour, beat well, then one egg and continue beating; add remaining flour and flavoring. Drop with teaspoon on greased baking sheet about three inches apart. Nuts, raisins, cherries or slice of citron may be placed on top of each cookie. Bake in a moderate oven. These cookies spread while baking.

Sugar Cookies.

One-half cup butter, one cup sugar, two eggs, one and three-quarters (about) cups flour, one teaspoon baking powder, one teaspoon vanilla. Cream butter, add sugar gradually, beating well, then two egg yolks and one white, beaten until light; add flour, sifted with baking powder. Let stand to chill, then toss on a floured board and roll one-eighth inch thick. Cut with a doughnut cutter, brush over with the unbeaten white of egg, sprinkle with sugar and cinnamon. Place on a greased baking sheet and bake in a moderate oven about 10 minutes.

Tomato Sauce.

Two cupfuls tomato, one bay leaf, four cloves, two tablespoonfuls sugar, three tablespoonfuls fat, five tablespoonfuls flour, one and one-half teaspoonfuls salt, one-quarter teaspoonful pepper, one-half cupful stock.

Bring tomato, bay leaf, cloves and sugar to boiling point and allow to boil over a low fire, five minutes, then rub them through a strainer or colander. Melt fat, add flour, salt and pepper, and when thoroughly mixed add stock and tomato. Bring to boiling point and serve.

LITTLE GIRL'S DRESS

Yes, indeed! A shoulder cape, since capes are the thing in fashion circles! The little frock is developed in a gay shade of blue crepe de chine with rosettes of the same material to go around the waist and finish the cape. Blue and silver reversible ribbon flutters from either side.

ROTARIANS WILL REPORT

(Contined from page 1.)

anticipated growth of the future was not always an indication of reckless provision. Just as we do things, our city will reflect our ideas and our enterprise.

Seek the common good. Make the city a good place for yourselves to live in and then others will hear of it and come also to stay. Civic irresponsibility was too prevalent. We should remedy this. Just as we as men acted we should find imitators in our boys and girls. We should be on guard against class privilege and favoritism and neither should be tolerated, for what was a class object? Who will answer this? Let your affairs be in the direction of reasonable, sensible people. Class favoritism always led to class aggressiveness, a thing to be abhorred. And in any event our city government gave us all we were entitled to under our civic rule as we administered it. Again, he commended Rotary as a practical thing that could accomplish much for the city following a study of the possibilities as presented.

Rotarian W. M. Ponton, of Belleville, gave a brief address, complimenting Peterborough in terms of distinct praise. He urged keeping the community fires burning by means of the local organizations who were stirred with public spirit. The Rotary Club could be a clearing house in ideals and ideas. Pass it on to the future. Rotary Clubs, as he found them, were power houses along the line of progress.

The work of the special committee in increasing the membership, without any special general campaign, was thoroughly appreciated by the Council, and the President, Mr. Joseph J. Duffus, suggested that the same work should continue until the general campaign which will follow the annual meeting, to be held in March.

As the fiscal year of the Chamber ends on February 28th, special arrangements have been made which will entitle all new members to all privileges of the chamber for one year from the date of application.

Trent Waterway.

The Trent Waterway Development Committee, under the chairmanship of Mr. F. D. Kerr, reported that arrangements are now being made by the associated organization of all municipalities on the waterway, to do further advertising to increase the traffic on this beautiful inland waterway.

Owing to the incompletion of the waterway no extensive commercial water traffic can be established, and therefore effort is being directed to the end of utilizing it to its fullest extent in making it a tourists's resort, and incidentally to draw the attention of the visitors to the industrial possibilities of Central Ontario.

With this object it is proposed to send a framed chart of the Waterway surrounded by views of the route from Lake Ontario to Georgian Bay to all motor boat and yacht clubs at the lake ports and New York State.

CONFERENCE WITH HEADS

NEW CABINET MAY NOT BE SWORN IN TODAY—KING REFERS TO MEIGHEN'S LAST ACT.

NEWS FROM OTTAWA

OTTAWA, Dec. 29.—(By Canadian Press)—After a day of conferences between Hon. W. L. Mackenzie King, Premier-elect and his chief followers, announcement of the Liberal Cabinet again goes over.

"The Cabinet will not be sworn in tonight," Mr. King definitely informed The Canadian Press at an early hour last evening.

"Will it be sworn in today?" he was asked.

"I cannot say yet," Mr. King replied.

Yesterday, following a Cabinet meeting, writs were issued for a by-election in Grenville County, Ontario. Mr. King referred to it as a "high-handed and unwarranted course"

"One thing is certain," declared Mr King. "The Canadian public will not fail to recognize nor Canadian political history to record that Mr. Meighen's last act as Prime Minister like his first was one of usurpation."

"I resent very strongly the statement which appears in the despatch published in the press to the effect that there is reason to believe that what has been done was not without my knowledge, said the Liberal leader. I had no intimation whatever that any act of this kind was contemplated let alone perpetrated. If I had I should never have countenanced it for a moment."

Mr. King declined to make any statement further in regard to his Cabinet negotiations. But the impression prevails that the cabinet has not been finally determined and that there may till be some shifting around of portfolios although there is not much likelihood of important changes in personnel.

ANNUAL DANCE OF KING'S DAUGHTERS

BIG POW-WOW WILL BE HELD ON FRIDAY EVENING NEXT

The annual dance, the Bal Poudre, which is held under the auspices of the King's Daughters, takes place at the G.W.V.A. Hall on Friday evening next and the committee in charge is making arrangements for their usual successful affair. Dancing will go on downstairs, and there will be tables for bridge and five hundred in the upper hall.

This is the one event of the year undertaken by the King's Daughters, one of the oldest charitable organizations in Peterboro, having been in existence for the last 25 years, and the funds are devoted toward the good works, the care of the needy and the visiting of the sick, which form part of the programme of the society.

FRAE PLANS TO BUILD UP A LAGE SUBMARINE FLEET--DELEGTES REPLY.

WSHINGTON, Dec. 29.—(Canadian Press.)—Efforts to limit the naval trength of the Powers in submarins and auxiliary warships came to a abrupt end yesterday after they d drawn the French and British Ams Conference delegates into a pla-spoken exchange over the possilities of a future war between Franc and the British Empire.

The French under renewed instructions from their Government, told the Conference Naval committee with an air of finality that France must remain free to build a submarine fleet nearly three times as great as that she now possesses, and to construct, in addition, cruisers, destroyers and other auxiliary craft up to a tonnage of 330,000.

To the proposal the Japanese, Italian and United States delegates replied with expressions of surprise and regret, while the British charged openly that such a building programme must be regarded as a menace to British shores. Arthur J. Balfour added that he had no doubt, if occasion arose, Great Britain would be equal to it, but only if she reserved complete freedom of action as to the construction of all types of auxiliaries which might be useful against underwater warfare.

IN MILBROOK AND DISTRICT.

Christmas Season Marked By a Feast of Holiday Attractions—Successful Dance Attended By Peterborough People.

MILLBROOK, Dec. 29. — All the churches had special services, music and decorations of evergreens, holly, chrysanthemums, or other flowers, suitable for the Christmas season, on Sunday, December 25th, and all had good evening congregations, though the numbers in the morning were not so large, owing doubtless to many having visitors, and for business and other reasons, were kept up late the preceding night.

In Grace Church.

In Grace Presbyterian church, the the pastor, Rev. G. S.Gervan,preached in the morning on "The Angel's Message," discussing the question—"Had the Predictions of 'Peace on earth, good-will toward men,' been yet fulfilled?" A Christmas carol was sung by a number of children, and Mrs. Gervan also sang a solo in her usual excellent voice.

Anniversary Event.

Sunday being the 42nd anniversary of St. Enoch's church, Garden Hill, there was no evening service held at Millbrook. Rev. Dr. Marvin of Canton, preached an excellent sermon in the afternoon, from Rom. 8:38, "Things present and things to come," and both Mr. and Mrs. Gervan sang solos. The pastor took the service at night preaching on "The peace of God which passeth all understanding."

Miss Little presided at the pipe organ and the choir rendered a Christmas anthem, and there was also a special number by a mixed quartette. A generous free will offering was take up both afternoon and evening.

In Anglican Churches.

In the Anglican churches of the parish of Millbrook and Cavan Holy Communion was celebrated, at St. Thomas' Church, at 8 a.m. and again at 10 o'clock, the Rector, Rev. Canon Allen, being here in the morning, at St. John's church, Ida, and at Trinity church, at the Marsh, in the afternoon, the regular communion service was held. Rev. C. R. Spencer going to both these appointments. Christmas hymns and other suitable music were used throughout the day and at St. Thomas' Church at night a number of Christmas carols were sung after the sermon, the Rector and Mr. Spencer both taking part in conducting the evening service. Mr. Alvin Gray, who is studying for a medical missionary read the lessons both morning and evening, and in the sermons of the day the Christmas thought and spirit predominated.

Tuneful Music.

A Christmas carol, "The First Nowell," was sung before the sermon at the Methodist Church on Sunday morning, and Rev. Mr. Tucker preached from the text, Matthew 1:22: "Now all this was done that it might be fulfilled which was spoken of the Lord by the prophet," his theme being to relate the birth of Christ to Old Testament prophecy.

Two anthems were sung by the choir, "Jesus is born," and "O'er all Judea's Plain," Mr. Sayles taking the solo in the latter; in the evening the choir also rendered two anthems, Mrs. Sayles and Miss Stewart having a beautiful duet in one of them. Another special musical number at night was a sextette, those taking part being Mrs. P. Stinson, Misses E. Elson, P. Richards M. Byam, Mr. F. Alcorn and Mr. J. L. Byam.

The pastor's subject at night was "The Meaning of Christmas," and he chose his text from Luke 2:11. — "For unto you is born this day a Saviour, which is Christ, the Lord." A special offering to be sent to the Home for Incurables and the Sick Childrens' Hospital, was taken up both morning and evening, and a goodly sum realized.

Died Suddenly.

The funeral of the late Mrs. Wm. J. Jones, who died very suddenly on Sunday evening while spending Christmas with her daughter, Mrs. Austin Sutton, will take place from the latter's residence, lot 6, con. 6, Fallis Line, on Wednesday, December 28, at 2:30 p.m. Service at the house will be at 2 o'clock, and interment will take place at Gardiner's cemetery.

Mrs. Jones was in her 63rd year, and had been in her usual good health, but from some sudden weakness, or some other unknown cause, had the misfortune to fall downstairs on Sunday morning. Apparently however she was fairly well all day but expired suddenly about tea-time that evening.

Successful Dance.

The dance held in the armouries on Monday evening under the auspics of the G.W.V.A., was well attended and considered the most enjoyable and successful of any yet given by that organization. A number motored over from Peterboro, Orono, Bethany, Pontypool, Port Hope and Cobourg. The floor was in good condition, and excellent music was provided by Gliddon's orchestra of Peterboro.

Amongst those present were noticed Mr. and Mrs. Hall of Peterboro, Mr. and Mrs. Fiddes, of Toronto, Dr. and Mrs. Reynolds, and Miss B. Johnston of Toronto; Mr. G. McBride and his sister, Mrs. Delong of Oshawa, Miss Miller of Markham, Miss E. Larmer, and Miss Edna Mason of Toronto, Mr. and Mrs. G. W.Sayles , Mr. and Mrs. T. Bradley, Mr. and Mrs. G. F. Harrington, Mrs. N. James, Mr. and Mrs. J. Thorndyke, of Washington, Territory, Mr. and Mrs. Suttle Pritchard, Mr. and Miss Strathey, and Mr. and Miss Golding, Pontypool, Misses Fallis of Bethany, Mrs. Dr. Stone of Oklahoma, Misses Janet, Helen and Alice Needler, Kathleen and Jean Thorndyke, Gladys and Muriel Smith, M. O'Brien, M. Duncan, Alixe Johnston, Daisy and Bonna Robinson, P. Richards, J. Francey, K. Cullen, Theo McBride, F. Westall, E. Elson, K. Freelove, M. Sayles, Messrs. F. Johnston, E. Ryley, G. Henry, E. Larmer, of Peterboro, A. Gray, E. Doxsee, H. James, W. Coombe, George Duncan, A. Rchards, A. Johnston, D. Robinson, Ivan Gray, A. Thorne, H. Hearst, C. Thorndyke, H. Francey and many others.

Christmas Concert.

The Christmas tree and Sunday School concert given in the Presbyterian church, Garden Hill, on Monday evening, drew a largt and appreciative audience. The program of violin songs, drills ,dialogues,etc., was a lengthy one but well rendered by the members of the school, assisted by Miss Alice Storey of Markham, who is an excellent elocutionist.

"Santa Claus" distributed the gifts from the tree, each child receiving a present and a bag of candy, nuts, etc., provided by the Sunday school. Rev. G. S. Gervan was the chairman, and Mrs. Gervan sang a solo. The receipts reached the satisfactory sum of $40.00.

Personal Mention.

Mr. William Cathcart and family of Peterboro, were the guests of the Misses Grandy over Sunday and Monday.

Mr. McBrian of Oshawa, is the guest of his sister, Mr. William Bingham.

Miss Mary Turner of Hamilton, is spending the holiday season with her parents, Dr. and Mrs. H. A. Turner.

Mr. Hausman of Toronto, and Mrs. Reynolds of Bethany, are the guests of Mr. and Mrs. H. W. Johnston.

Mrs. and Miss Needham were the guests of friends in Peterboro on Tuesday.

Mr. John Abbott met with a painful accident on Monday when he fell on the icy pavement in front of the Bell Telephone Central, and cut his ear quite badly some stitches being required when the doctor attended to the injury.

Miss Ethel Larmer, and her friend, Miss Edna Mason of Toronto, Mr. Earle Larmer of Oshawa, and Mr. E. Larmer of Peterboro, were recent visitors at the home of Mr. and Mrs. W. Larmer, Cavan.

Miss Ethel Larmer is leaving on Wednesday for Little River, Florida, for the remainder of the winter.

Mrs. Dr. Stone of Oklahoma, Mr. and Mrs. Gus. McBride and Mrs. Delong of Oshawa, are guests of Mr. and Mrs. J. McBride.

Miss Kathleen Thorndyke of holidaying in the home of her parents, Mr. and Mrs. Charles Thorndyke. Mr. and Mrs. Joe Thorndyke and two children of Washington Territory, are also visiting his brother, Mr. Chas. Thorndyke, intending to remain for some time.

Miss E. Francey of Forest, and Mr. H. Francey of Oshawa, were home for the holiday, the former remaining till her school re-opens after the New Year.

Mr. and Mrs. John Rowland and family of the 4th line, Cavan, were guests of Mr. and Mrs. W. G. Rowland on Monday.

Dr. and Mrs. Reynolds and Miss Beryl Johnston of Toronto, are guests at the home of Mr. F. Johnston, Fallis Line.

Lindsay Here On New Year's Night For First O.H.A. Battle

The O.HA season will be ushered in on New Year's night, when the Petes old rivals the Lindsay crew will be here for an intermediate game. The Scugog gang chased last year's Peterboro team out of the running early in the season and they are confident of doing it again. However the P.A.A.A. crew are doping out the thing in quite a different way. At all events next Monday's game will have a whole lot to say about the group championship and both teams will be on edge. Last night's game was a great help to the Petes and with hard practices to-night and to-morrow night they should be in good shape for their O.H.A. debut on Monday. The wise fans will get their reserved seats early for there will be an old time turnout when the rivals clash for the 'steenth time. Lindsay have most of last year's squad including of course Coombs their star right wing man.

THIRD DAY OF CONVENTION OF C.P.C. SALESMEN

PROFITABLY SPENT IN DEMONSTRATIONS AND DISCOURSES ON MATTERS PECULIARLY OF TRADE INTEREST.

A BOWLING TOURNEY

Following an entertaining evening at the Grand Opera House, together with a short time in jolly fraternal intercourse after the show, last night, the convening salesmen of the Canadian Packing Company assembled sharp at 9 o'clock this morning for the opening proceedings of their third day in convention here. And all were on hand to answer the roll called by J. Shea, of Sudbury.

The morning's session was profitably spent in demonstrations on and discourse of trade operations and questions affecting those varied high grade products for which the C.P.C. is noted.

This afternoon's proceedings were graced by the presence of the company's head officials who gave illuminative addresses of special interest in the convention's educative objective.

Banquet To-night.

At 6.30 this evening the gathering will discuss a perfectly irresistible dinner at the Empress Hotel, an event in which the, to many, elusive turkey will be the menu's dominating feature. An entertainment programme will follow.

Bowling Tourney.

From 1.30 to 3 yesterday afternoon the salesmen invaded the Water street bowling alleys, where four teams engaged in a sportive bowling tourney, during which Jake Solomon says no inconsiderable skill was manifested. The teams and treir personal scores stood as follows:

	First Game	Second Game
Staples	90	91
Hardy	59	100
Bleakley	95	92
Jary	69	97
Jobbitt	136	97
Matthews	167	127
Bell	106	92
McWilliams	106	141
Harrison	178	199
Cranfield	137	114
Wade	96	113
Hall	85	167
Fanning	77	127
Dryland	63	100
Shea	103	115
McAdams	123	124
Rosenburgh	150	129
Cunningham	130	99
Pidgeon	94	152
Quinn	100	80
Draffin	100	100
Lowe	98	107
Shaw	137	150
McLean	137	134

Captains of the first game were G. S. Matthews vs. Cranfield, Fanning vs. McLean.

Second game— Cranfield vs. McLean, Fanning vs. G. S. Matthews.

Winners—Cranfield's team losers G. S. Matthews' team, to whom goes some mysterious booby prize.

JUNIOR TEAMS ARE ASKED TO REPORT

All junior teams wishing to enter the Junior City Hockey League are asked to communicate with Walter Smaill as soon as possible, giving him the name of their team, a list of ten players and the name of the manager, so that the schedule can be drawn up. The players must be under 20 years of age on the First of January.

'I see that a man has been fined for eating fruit in a railway carriage."

'That's rather tall, isn't it?"

'Fact. I assure you. He was trying to gnaw the date off his ticket. You see, it happened to be an old one."

RESERVED SEATS ON SALE TOMORROW

MUCH INTEREST IN LINDSAY-PETERBORO CLASH ON MONDAY

Reserved seat tickets for the Lindsay-Peterboro Intermediate O. H. A. game at the Brock street rink on Monday night will go on sale at Bond's drug store to-morrow morning and there promises to be a rush for the paste boards. A Lindsay-Peterboro clash is always sure to fill the rink and Monday night's game will be no exception.

MINIMUM WAGE.

WINNIPEG, Man., Dec. 29.—Fixing the minimum wage at no less than $11 a week for experienced workers of 18 years or over, new regulations governing the employment of women in abattoirs, cigars, confectionery and biscuit, creameries, drug, groceries, macaroni and vermicelli, paper box, pickle, soap and yeast manufacturing plants by the Manitoba Minimum Wage Board, Sanitation and cleanliness are insisted upon in the new regulations, and the hours of labor are fixed at not more than nine hours a day, or not more than 48 hours a week, with a half holiday each week. Overtime may be worked only on permit from the bureau of labor, and no female employee can work between 9 p.m. and 7 a.m., nor between midnight Saturday and midnight Sunday. Inexperienced workers must be paid a minimum of $8 per week for the first four months, with an increase every four months until they reach a minimum of $10, after which they will be considered experienced. The number of learners and minors in any factory is limited to 25 per cent. of the total experienced female employees and no girl under 15 can be employed.

BIG BUFFALO HERD.

WINNIPEG, Alta., Dec. 29.—Commercialization of the buffalo at Wainwright Park, Alta., stocked twelve years ago with 750 animals, and now having a herd of more than 5,000, is under consideration by the Federal Government. The herd is increasing rapidly each year, and with the eventuality of the animals outgrowing the 100,000 acre park Government representatives are seeking ways to commercialize the surplus animals. A commercial undertaking would include the sale of meat, robes, mounted heads, and possibly leather and wool.

An excellent demand exists for buffalo meat, and all the animals the Government cares to kill can be sold at fine prices in both Canada and the United States. Some of the surplus bulls, it is said, will be killed this winter for the market. Buffalo robes are remarkably durable, and even with the hardest service, will last for years. They were in common use fifty years ago, when the remnants of the once great herds were still in existence. Now with the source cut off by the almost complete extermination of the bison, they were rarely seen and command a price of $100 a piece and more. Mounted heads also fetch a good price, running from $125 to $300.

The tanning of buffalo hides may develop into an important industry. Experiments made, it is claimed, show that the leather is tough, pliable and practically water-proof. The wool which the animals shed every spring has been manufactured into a strong cloth fabric which has industrial possibilities though of a restricted kind.

The original herd of 750 was purchased in Montana from Michael Pablo, a Flathead Indian.

SUBMARINE WARFARE.

WASHINGTON, Dec. 29.—(Canadian Press).—The direct issue as to whether the future submarine warfare shall be conducted under civilized rules was raised to-day by United States delegates before the Arms Conference Naval Committee.

United States delegates urged the adoption of Root resolution, and won the support of Great Britain, but the French, Japanese and Italian delegates urged the reference of the matter to the Commission of Experts.

TEN YEARS FOR THEFT.

ST. JOHN, N.B., Dec. 29.—(Canadian Press). — Ten years in the penitentiary was the sentence received by Harris Morrison to-day for stealing from mails.

O. A. LANGLEY TAKES OFFICE

WAS SWORN IN AS POLICE MAGISTRATE TO-DAY BEFORE HIS HONOUR JUDGE HUYCKE.

Mr. O. A. Langley presented his patent as Police Magistrate for the City of Peterborough to His Honour Judge Huckye during an intermission of the Sittings of the County Court at noon today. The procedings were quite ceremonial. Mr. Sherry Clerk of the Court read the commission appointing His Worship Magistrate Langley in the following terms:—

His Honour Julge Huckye asked Mr. Sherry the Clerk of the Court to read the Patent in public which was acordingly done. The oath of allegiance and oath of office were presented and duly signed by Mr. Langley, he repeated after the Judge the words of each and solemnly swore to the contents of both of them. The Judge said that in administering this oath he was acting so much in his personal capacity as that of Commissioner per dedimus potestatum to which office or position he had been duly appointed some tme ago. After the swearing in His Honour accordingly congratulated Mr. Langley upon attaining the important position of Police Magistrate for the City of Peterborough. Mr.—Langley had been Police Magistrate for the County of Peterborough for some years and his experiencee in that capacity and general reputation for ability and fair dealing auger well for service in his new positon. This was probably the reason for his appointment by the Government and certainly the reason for the hearty and general approval which the appointment had received from the citizens at large.

Bar Represented.

He wished Mr. Langley and his family very many years of happiness and a long period of usefulness in his position as Police Magistrate for the city and county. He had no doubt that Mr. Langley would do his duty fairly and honorably, and would thereby maintain the general respect and confidence of the general public, which respect and confidence would increase as the years went by. The Judge then shook hands with the new Police Magistrate and wished him all happiness.

A large representation of the members of the Bar of the City of Peterborough were present to witness the ceremony.

Mr. Kerr knew Mr. Langley personally, they having attended Osgoode Hall together as students, and since then has had a sincere and deep regard for Mr. Langley, and congratulated him on his appointment to this position, and trusted that His Honor Judge Huycke would not think it out of place for him to say, as a member of the Bar, that he congratulated Mr. Langley and knew he would bring to the new position a wide knowledge of the law and great usefulness to the community.

Mr. Gordon felt that it was a privilege to the city to secure Mr. Langley as one of the judicial officers of the city and county. He has for some years held a similar position in the County of Peterborough, and Mr. Gordon felt he would carry on his new duties in the same manner as he has heretofore done in the office of the County of Peterborough. As a member of the Bar of the City of Peterborough, he congratulated Mr. Langley and felt that it is an honor to the City of Peterborough, and they should be congratulated on having Mr. Langley accepting the office, and I trust that it may be a great many years before he is forced to lay down the reins of useful service to which he has put his hand in the City of Peterborough.

Mr. Langley in reply:

I am pleased, your Honour. I feel that no words of mine can properly express my thanks to your Honour, and the members of the Bar, for all your kind words on my acceptance of the new office, the duties of which I am about to assume next Tuesday morning. It is now some twenty years since I commenced practicing in the City of Peterborough, and I think I can safely say that during the whole of the twenty years' practicing in this County I have received the greatest courtesy from all members of the profession, and I trust that I have extended the same courtesy; and I know that notwithstanding the fact that our relations have been at all times pleasant, no client has suffered in any way by reason of the courtesy shown by one member of the Bar to another. I hope that in my new office as Magistrate for the City and County of Peterborough the same kindly relations with the Bar will continue to exist. I deeply appreciate what your Honour and the members of the Bar of the City of Peterborough have said to me on this occasion, and I thank you all most sincerely for your kind wishes, and assure you that I will at all times endeavour to fulfil the duties of the office I am about to undertake, and hope to prove of use to the City in that office.

DOLLAR SHADES OFF.

NEW YORK, Deember 29. Canadian Press. — The Canadian dollar lost a fraction of its recent gains in the New York market this morning. The discount rate on Canadian money was quoted at 5 7-8 per cent., an increase of 1-8 over yesterday's quotation.

BURLESQUE FOR GRAND

NEW TYPE OF MUSICAL EXTRAVAGANZA TO BE SHOWN HERE EACH WEEK.

A new attraction of much interest is announced for the Grand Opera House in the appearance for one evening each week for the next four or five weeks of a first-class company from the American Burlesque Wheel, presenting up-to-the-minute musical extravaganzas, with plenty of snappy comedy, a wealth of scenery, and musical hits galore.

The first of these will be the 'Cabaret Girls" company, which is billed for next Thursday, while the following week will introduce the "French Frolics."

The old burlesque shows have disappeared in favour of the cleaner, brighter extravaganza, such as will be introduced to Peterborough audiences. The new form of entertainment should be very popular here.

AFTER AUTO THIEVES.

WINNIPEG, Man., Dec. 29.—With a view to stamping out traffic in automobiles stolen by rum-runners or others, proposals looking toward the granting of Provincial car titles, akin to and registered like Torrens land titles, will be translated into law in Manitoba at the next session of the Legislature, if plans of the Manitoba Motor League are successful.

Under the proposed new law it would be illegal to "trade, sell or possess" any motor vehicle without such a title, and a certificate of title would accompany all cars, with changes of ownership recorded on the backs of these titles.

SEVEN-YEAR SENTENCE.

MONTREAL, Dec. 29.—(Canadian Press).—For attempting to rob R. C. Darwin and his wife outside their home, Antone Beauchamp was sentenced to seven years' imprisonment and fourteen lashes, and John Swan to five years, with five lashes, here to-day.

Voice of the People

To the Editor of The Examiner:

Dear Sir,—Realizing the serious condition in many homes in the city, many who will not apply for relief, and knowing the work that the Big Sisters are doing to relieve suffering and want, I suggest very strongly that you open your columns to financial assistance from anyone who would care to give. I feel sure the money will be well spent, and many homes made brighter, and to start a subscription for this fund I enclose ten dollars ($10.00).—Yours very truly,

C. A. Gillespie.

The Examiner will be pleased to open its columns for the purpose outlined above. Contributions may be left at this office.—Editor.

CHRISTMAS ENTERTAINMENT

Mark Street Sunday School held their annual Chrstmas entertainment last night to the delight of the children. The following program was given.

Superintendent Mr. H. Gambel took the chair and in a few words, said the Home and the Sunday School were vital factors in the moulding of child life for a higher standard of Citizenship.

The entertainment opened with the singing of the Doxology which was followed by a prayer by Rev. G. E. Ross. The program was as follows: Opening chorus by entire class, dialogue by Mrs. Ashley's class recitation by Catherine Hill, chorus by Miss Hamblin's class, flag drill by Miss Whattam's class, recitation by Hilda Adams, instrumental by Jean Hurl, "The old Country School House" by Mr. Grierson's class, chorus by Miss Hamblin's class, recitation by Mr. Grierson, chorus by Primary class, reading by Jack Huggins, recitation by May Grierson and recitation by Miss Millage class.

M. R. Hendry kindly acted as Santa Claus and in his usual good voice sang a song after which he distributed the presents and candy

Market News

NEW YORK, Dec. 29.—(Canadian Press.)—Yesterday's unexpected tightening of call money rates to 5 -2 per cent. accounted for hesitan t and irregular tone of the stock market at opening of to-day's session. Some of the investment rails were fractionally higher, and such specialties as American Ice, Sears Roebuck, Famous Players and Davison Chemical registered similar gains. Independent Steels were lower, however, and heaviness was shown by prominent Oils, Motors, Burns Brothers and Columbia Graphaphone Preferred. Cables announcing failure of an important Italian banking institution caused moderate reactions in leading foreign exchanges.

Lack of public support encouraged shorts to begin series of drives during the morning. Deleware, Lackawanna and Western Chicago and Northwestern and Colorado Southern were the heaviest of Rails, averaging one point declines. Pressure against Burns Brothers, Columbia Graphaphone Preferred and some of low grade Oils, Metals and Specialties become more consistent. Pierce Oil Preferred, American Cotton Preferred, Gulf States Steel, International Nickel, Chine Coppers and National Cloak and Suit lost one to 2 1-2 points. Re-action was partly checked before noon, Bethlehem Steel and Sugass featuring irregular rally. Call money opened at five per cent.

Declaration of an extra five per cent. dividend on Delaware, Lackawanna and Western strengthened that stock and other coalers at midday. Equipments and sugars also enhanced early gains but heavy selling of General Motors and reactions of one to two points in various specialties added to market's uncertain tone.

CHICAGO GRAIN.

CHICAGO, Dec. 29.— (Canadian Press.)—Opening wheat quotations varied from 3-8 to 1 1-2 lower with May 114 3-4 to 115 1-4 and July 104 1-4 to 104 5-8, but reaction was complete within an hour. Russian relief purchases, together with reduction of Government crop estimate, had a bullish influence on Corn. After opening unchanged to 1-8 higher, May 54 1-2 to 54 5-8, the market advanced moderately all around. Oats symapthized with Corn, starting 1-4 off to 1-4 up, May 38 3-4 to 38 7-8 and later hardening for all deliveries. Lower quotations on hogs weakened provisions.

STERLING EXCHANGE.

NEW YORK, Dec .29.— (Canadian Press.)—Sterling exchange irregular. Demand Great Britain 4.19 1-4, Canadian Dollars 5 7-8 per cent. discount.

MONTREAL MARKET.

MONTREAL, Dec. 29.— (Canadian Press.)—Trading on the local stock exchange was quiet during the first half hour this morning. Dominion Bridge was a feature, going down 1 1-2 points to 63 1-4, after closing at 64 1-4 yesterday. Dominion Glass was strong and rose half a point to 58 1-2. Montreal Power strengthened a quarter to 38 1-4. National Breweries was traded in at 56 1-4, its closing quotation.

TORONTO STOCK MARKET

TORONTO, December 29. Canadian Press. — Some improvement in volume of business was observed at this morning's session of the local Stock Exchange. Mackay preferred sold at 63, a drop of 4 points from this previous sale, a week ago. The Steamship issues closed practically unchanged. Brazilian was ½ lower, at 28 3-8, while Atlantic Sugar was ½ higher at 27 1-2.

In unlisted department, Dominion Bridge lost 4 1-2 points during the morning with the close at 58, and compared with 66 1-2 Tuesday morning. Wayagamack was off 2 1-4 at 35 3-4 for an odd lot. Steel of Canada bonds were up ½ at 98.

NO CATTLE MARKET.

TORONTO, December 29. — Canadian Press. — No cattle market today.

CHARGE OF PERJURY.

MONTREAL, Dec. 29.—(Canadian Press).—An echo of the recent electoral campaign in Laval-Two Mountains was heard in the enquete court here yesterday afternoon at the preliminary hearing of a charge of perjury against J. R. Trempe, an employee of the archives department at the Court House, who is alleged to have made false statements in a sworn affidavit which is claimed to have seriously prejudiced the electoral chances of Aglibert Theoret Farmer candidate, who was defeated in the constituency by J. A. Ethier, Liberal.

The case was adjourned.

Best Wishes to all for a prosperous New Year.

To the Electors of the Township of NORTH MONAGHAN

Ladies and Gentlemen,—

Having been nominated for Reeve for the Township of North Monaghan for the year 1922, I respectfully solicit your votes and influence.

I have been Councillor for two years and Deputy-Reeve for two years in your Township. This apprenticeship, I consider, should qualify me for the office I now seek.

I believe promotion should come from the ranks. I think it is in the interests of the ratepayers that one familiar with the business of the Township should occupy the office of Reeve.

As I reside in the west part of the Township and am a farmer, the claims of the urban resident should be respected, and, if elected, I shall give due consideration to all matters affecting the different sections.

Should you think that my past services qualify me for the office, I will apporeciate the honor of being elected; and shall do what I can to advance the interests of the municipality.

Respectfully yours,

"AT HOME."

The "At Home" to be given by the King's Daughters to-morrow Friday) evening, in the G.W.V.A., Hall, is deserving of the patronage of every one in the city who realises the good work done by the organisation under whose auspices it is to be held. It is the annual Charity Ball, and while other organisations may have claims, the King's Daughters, whose work has been very thorough and efficient in others years, is called upon this winter to do a great deal more than on previous occasions. The success of the "At Home" to-morrow will permit of the organisation doing a great deal of work, and it is to be hoped that large numbers will be in attendance.

WOOD TO BE USED FOR RELIEF WORK

Under the direction of Street Commissioner H. Evans dead trees and others that people desire to have removed are being cut down and considerable wood for charity purposes is being accumulated in this way. The Board of Works Department are carrying out instructions of Council in removing the trees and a definite program is being followed out. The first trees were taken down two weeks ago and since then a large part of the city has been covered. Some very large elms that have seen more glorious days and were probably stately growths long before the Robinson setters arrived, have fallen before the woodmen's axe.

E. M. (MEL) TURNER ALDERMANIC CANDIDATE

A YOUNG BUSINESS MAN—IS MEMBER OF WELL KNOWN FIRM OF W. R. TURNER & SONS.

In the list of aldermanic candidates coming before the citizens on Monday next for election, is the name of E. M. Turner, of the firm of W. R. Turner & Sons, plumbers and tinsmiths, whose plant is situated near the Peterborough Lock Company on Simcoe street. Mr. W. R. Turner, father of the candidate, was for many years a foreman with the late Adam Hall, subsequently going into business for himself, and associating with him his two boys, who are members of the firm.

E. M. Turner, who is offering himself as a candidate, is better known as Mel Turner, and has been a resident of the city all his life. He was educated here and all his interests are in the city. He is successful in business, knows the needs of the city, and is the class of young man whom the citizens appreciate when they offer their services to the city. 1

TERESA SET TO GET THOSE ANNOYING HER

'Ware the Dog and Red Pepper, Detectives or Peepers.

Lynn, Mass., December 29.—Mrs. Teresa Timson, has bought a big dog which simply hate strangers. She also has sprinkled red pepper all over her window sills.

And those detectives or "Peeping Toms," or whatever they are—those suspicious strangers she has seen lurking around the house, who have made queer noises and have left large footprints — had just better look out.

Mrs. Timson is the wife of Louis Earl Timson, wealthy shoe manufacturer and officer of several large corporations. She is young and attractive. They separated some time ago. She went to live alone in the outskirts, after causing a sensation by having him arrested on charges of non-support.

She told the Essex County authorities she thought the mysterious strangers were detectives hired by her husband, although they might be "Peeping Toms."

WEDDING BELLS

FLOWERS—OWEN

An interesting romance of the late war resulted in a pretty wedding solemnized in St. Johns Church at 10.30 Wednesday morning December 28th, when Nell, youngest daughter of Mrs. J. Owen of Bangor, North Wales was united in the holy bonds of matrimony to Walter Flowers son of the late W. Flowers and Mrs. Flowers of Peterboro. Rev. Dr. Blagrave D.D. performed the ceremony.

The bride was attractively attired in a travelling suit of navy cloth and hat to match. She wore the brides gift of a handsome scarf of gray squirrel.

During the signing of the register appropriate music was played by Margaret Flowers, sister of the groom.

After the ceremony the happy couple started on their wedding tour for St. Catherines and Niagara Falls, New York from whence they will return via Boston Mass., and St. John N.B. to Moncton N. B. where they will reside.

Many beautiful gifts were received including a silver tea service presented by the staff of the Peterboro' Cereal Company of which Mr. Flowers is representative in the Maritime provinces.

Personals

Mr. P. J. Moloney of Halifax is spending the Christmas holidays with his father in Ennismore.

Miss Carey Moloney spent Cristmas with Miss Eunice Crough of Ennismore.

GRADY—O'NEILL

At eight o'clock Tuesday morning in St. Peter's Cathedral the wedding was quietly solemnized by Rev. Father Costello of Florence M. O'Neil, daughter of Mrs. P. O'Neil, Smith Falls, Ont. and Franics J. Grady son of Mr. and Mrs. Jas. Grady of this city.

The bride was attired in a suit of navy velour with seal trimmings, and hat to match, and wore a corsage boquet of ophelia roses. Her sister, Elizabeth, acted as bridesmaid wearing a suit of blue tricotine, trimmed with embrodery. The groom was attended by his brother, Fred.

Miss Maud M. Doherty, organist, played the wedding march, and during the ceremony Mrs. H. Laplante and Miss K. Masterson sang the Ave Maria and O' Salutaris.

After a dainty weding breakfast, Mr. and Mrs. Grady left on the C.P.R. train for a short honeymoon in Ottawa and Montreal, and on their return will reside in this city.

OBITUARY

MRS. JOHN WHITEHOUSE.

In a cablegram from the Old Country to-day Ald. Frank Whitehouse received word of the death of his mother, Mrs. John Whitehouse, at Tipton, Staffordshire, yesterday.

The tidings are unusually sad, for Ald. Whitehouse had postponed a trip home on the strength of earlier and favourable reports from the family.

Mrs. Whitehouse was 78 years of age . Her husband predeceased her six years ago.

THOMAS BORLAND.

The death occurred yesterday afternoon, after a short illness, of Thomas Borland, in his 85th year. Deceased was born in Ayr, Scotland, but came to Canada when a boy, farming near Rice Lake, in Otonabee, until 1906, when he came to Peterborough with his daughter, Mrs. George Bathgate, with whom he has made his home ever since. His wife predeceased im 19 years ago.

Mr. Borland was a member and elder of St. Andrew's Presbyterian Church, and, health permitting, was a regular attendant. His death removes an old and respected resident of East City.

The funeral will be held Friday afternoon from his late residence to Little Lake Cemetery. Service by Rev. James Rollins, of St. Andrew's Church, will commence at 3.15 p.m.

SUN LIFE ASSURANCE CO.

It is well that the public should be reminded from time to time of the significance which attaches to the success achieved by our great commercial institutions. From the most humble beginnings our Banks and Assurance Companies have risen and expanded coincidentally with the growth of the Dominion itself. Each connection with agriculture, lumbering, and latterly, industrialism, has seen a corresponding broadening and strengthening of the basis of national finance.

Trials and difficulties marked the genesis of Assurance in Canada. The people knew next to nothing of its principles and were indifferent to its advantages. In many cases there was even keen opposition on the ground that it was an interference with the workings of Divine Providence. The profound and beneficial change which has come over the attitude of the public is exemplified by quoting the aid which the big Assurance Companies were able to render their country when the world-storm burst in 1914. The huge concentration of savings in their hands enabled them to come to the aid of the Government in a way which never till then tried to raise a national loss within its own boundaries. That it was able to finance its own side of the great war was due largely to the Assurance Companies subscribing to Canadian Government loans no less a sum than $235,114,150.00, the Sun Lite alone contributing over $38,000,000. The larger subscriptions were not all accepted in full; but the amount actually allotted to the Companies, and taken up bp them totalled $182,538,350.

Some weeks ago it was announced in these columns that the Sun Life had assurances in force to the amount of $500,000,000.00. The deep significance of such huge figures, both to our national life and to the homes of the people is now doubly emphasized by the further announcement that the same corporation has, since its formation, paid considerably over $100,000,000.00 to its policy holders. Apart altogether from the fact that these figures show the power to allay distress that lie within the hands of such intitutions it must be borne in mind that the mere existence of such concerns tends to stabilize national life and to infuse into a great proportion of the people of the Dominion a feeling of intense security.

BACK TO THE LAND.

WINNIPEG, Man., Dec. 29. — The "back to the land" movement seems to be on the increase, judging from figures recently made public by George Batho, editor of agricultural publications for the Provincial Government, which show an increase of 8,561 in the number of farmers in Manitoba, during the last five years. Farmers in the province numbered 46,623 in 1916, and to-day there are 55,184.

STEAMER SEIZED WITH LIQUOR CARGO.

BOSTON, Mass., December 29. — The British steamer Golden West, with a cargo of alcohol and case liquor on board, was seized while at anchor outside this port, it was announced to-day, and turned over to the customs officials. The latter stated that they had been advised regarding the steamer, believed to be owned by a former bartender, and to have sailed from Halifax.

RESUMPTION OF TRAFFIC NEXT WEEK

GRAIN TRAINS THROUGH PETERBOROUGH HAVE BEEN HELD UP ON ACCOUNT OF THE LONGSHOREMEN'S STRIKE.

A 72 HOUR RUN

A resumption of the grain movement through Peterborough on the G.T.R. from Midland to Portland, Maine, is expected to begin next week, the longshoremen's strike at Portland having been settled. The strike last week choked the harbor and stopped the flow of grain eastward, but once the congestion at Portland is cleared away the long lines of grain-laden cars will again proceed through Peterborough.

Since early October the grain trains have averaged about ten a day, with 25 cars to the train. Oats run about 2,000 bushels to the car, and wheat 1,800 bushels, so that there have been from 450,000 to 500,000 bushels of grain bound eventually to feed Europe's millions, passing through this city daily, and the heavy flow is expected now to continue for some weeks yet. In addition to the elevators full of grain in Midland, there are 25 grain boats in the harbor loaded with the golden product of the prairies. These boats are frozen in, and a passage to the elevators will have to be cut through the ice.

A 72-Hour Job.

The moving of the grain from Midland to Portland, Maine, the winter port for the shipment of grain to Europe, once navigation on the St. Lawrence closes, and the terminus of the Grand Trunk system, makes a 72-hour job, but sometimes the journey of the grain to the seaboard is done in less time, and the run from the Georgian Bay port to Montreal is quite often made in 24 hours.

It is no small distinction to Peterborough to be located on the main artery of transportation that supplies Europe with wheat, oats and barley from the grainary of the Empire. Practically all the grain that reaches Europe has passed through Peterborough on the third leg of its journey. The first trip of the crop is by train to Fort William, the second by boat to Fort William, the third from Midland to Montreal in summer, or Portland in winter, and the last leg of the movement is from Portland to England, or the Continent. Some of the grain is handled over the Allandale division of the G.T.R., when the load on this division becomes too heavy.

WILL DISCUSS THE QUESTION SUBMARINES

PARIS, Dec. 30. — (Canadian Press.) — The French government will be glad to discuss the status of submarines with reference to merchant shipping as well as humanitarian bearing of their use, it was stated in official circles to-day. Regulation of uses of these craft might, it was added, affect the question of tonnage, but the question of status must come first.

It was pointed out with reference to the tonnage issue that France, including her colleagues, has a coast line of fifteen thousand miles to defend, while the United States, including Alaska, has but eleven thousand miles.

AN EMPLOYEES ERROR.

WASHINGTON, Dec. 30.—(Canadian Press.)— Safeguards for the operation of trains were rendered ineffective by an error on part of employee's misunderstanding of the operating rules and improper practices, on December 5 last, when trains collided near Woodmount, Pa., and caused twenty-seven deaths, according to an Interstate Commerce Commission report.

WE NEED THE NAMES!

Peterboro' Old Home Week

So far the appeal for names and addresses of Peterborough people fiving away from the city has met with very poor response.

This is not right. We can't run an Old Home Week unless the folks are here. Help us to get in touch with them. Six carloads of people left Peterborough Friday morning going back after Christmas. Not one name has been handed in.

Do your duty. Help out the organization. Only a moment or two required. We hold a meeting presently and want to show results. Do it now. Advise the City Building or Chamber of Commerce.

CANADIAN PACKING CO'Y LTD. BANQUET THEIR SALES STAFF

A MERRY, HAPPY ENDING TO A PERFECT DAY OF THE CONCERN'S PETERBOROUGH CONVENTION—LOCAL MANAGER GORDON S. MATTHEWS GIVES INTERESTING HISTORY OF THIS THE BIGGEST PACKING INDUSTRY IN THE BRITISH EMPIRE—ESTABLISHED SIXTY-THREE YEARS AGO.

A merry, happy ending to a perfect day was the annual banquet in the Empress Hotel last night, given by the Canadian Packing Co., Ltd., to their salesmen and office staff of the Peterborough branch. With the exception of a session to-day, this terminated a very successful four-days' convention here of the C.P.C. Peterborough branch's travellers, and it would be difficult to conceive of a like banquet function excelling by one jot or tittle the four hours of clean, wholesome festivities provided by an entertainment committee, who have every reason to congratulate themselves on having arranged holiday cheer which will unquestionably live long in the memories of all the company's guests. During a lengthy after-dinner programme, over which R. S. Hall, local sales manager, acceptably presided, there was not one dull minute, and the rafters rang again and again with merry jest, tuneful song and orchestral music, to say nothing of a perfectly contagious avalanche of good-naturad badinage and joyous laughter. For not only are these salesmen and office staff keen business men, but they carry an irresistible fund of humor, and are in themselves talented entertainers, as evidenced last night by a "concert" programme hard to excel by amateurs, consisting of vocal and instrumental numbers, elocution, sleight of hand and acrobatic work—all contributed by the company's own staffs, with the exception of that excellent drummer, Mat. Drysdale.

The table of honor was colorfully decorated by carnations and national flags, the whole dominated by a miniature porker gaily coated and beribboned — a trade emblem, so to speak, of the biggest packing industry in the British Empire. The dinner itself proved in the premier class, as to viands, appointments and an all-round "good time," including seasonable delicacies tastefully served, and interspersed with fun-provoking fake business telegrams for both visitors and members of the Peterborough home staff, disbursed by A. B. Cranfield.

Good Comradeship.

Local Manager Gordon S. Matthews' entrance into the dining-room was greeted with three rousing cheers and a tiger, and from that moment onward a spirit of jollity and good comradeship prevailed, while exemplary loyalty to the C.P.C., appreciation of considerate relationship between management and employees, together with unshaken trade optimism for 1922, radiated from all speeches.

Between each section of the splendid programme catchy group choruses, prepared by Geo. Logan and A. B. Logan, were tunefully sung with heart and voice that made the welk in ring.

Presentation to Geo. Logan.

A late-hour feature of this event was the presentation by Gordon S. Matthews, on behalf of the sales staff, of a handsome club bag to George Logan, who is leaving the company's employ this New Year's to accept a salesman's position with the Western Clock Co., of Peterborough, with territory in Quebec Province. In a fittingly worded acknowledgment of this tangible appreciation of the staff's good fellowship, Mr. Logan regretted leaving the C.P.C., whom he characterized as a mighty fine concern to work for, as also are their staffs.

More Presentations.

Another feature of the function was the awarding of booby prizes to Gordon S. Matthews and his team for losing place in the bowling tourney on Wednesday. These prizes consisted of perfectly lovely miniature kiddies' feeding bottles, nicely boxed and ready for service. They were much appreciated by their recipients.

Prizes of cigars were also awarded the winning team under the captaincy of R. S. Hall. These presentations were made by J. A. McLean, of Toronto head office.

The King.

This toast, proposed by R. S. Hall, was responded to as usual by singing the National Anthem.

Our Company.

In reply to this toast, very capably proposed by J. A. McLean, Gordon S. Matthews, son of T. F. Matthews, and also local manager, concisely reviewed the history and progress of the now Canadian Packing Co. since its inception in Lindsay sixty-three years ago, as follows:

The business was established by his grandfather in 1858, when he started operations in Lindsay, on Cambridge Street, just off of Kent—a business chiefly of dressed hogs, long clear bacon and hams. During the winter time the hogs were packed and put away and sold off in the summer, the average packing being 1,000 hogs per year, and average cost 5c a pound dressed.

In 1884 the business was opened i Peterborough under Mr. W. E. Matthews, and carried on in the same way in Lindsay. In 1885 a retail store was opened here, the location being the same as that known as the George Street store at the present time. Then Walter Barlow was in charge of this store. In 1886, George Matthews, the second son, joined Mr. W. E. in Peterborough, assisting him, particularly in the engineering of the plant, and that was the first year Mr. T. F. Matthews worked in the industry, assisting his father in Lindsay. In 1887 Mr. T. F. Matthews came in Peterborough, a frame kill house was put up where the present smoke-house stands, and was built to slaughter hogs in the fall.

Comment By Press

LONDON PAPERS DEPLORE ATTITUDE OF FRANCE ON THE SUBMARINE QUESTION—"A GEOGRAPHICAL NECESSITY."

"UNFRIENDLY ACT"

LONDON, Dec. 30.—(Canadian Press).—The majority of the editorials in this morning's newspapers score French attitude on submarines. The Daily News says France's decision is "disastrous debasing of the standard of international morality," and The Daily Chronicle says France's behaviour cannot be regarded as other than "unfriendly to Britain." The Morning Post, however, declares that "it is foolish because France refuses to fall in immediately with British proposals to threaten her with outlawry," and further holds that France's view "is not due to original sin, but geographical necessity."

RELIEF SYSTEM OF LAST WINTER MAY BE RENEWED

LARGE DEPUTATION FROM ONTARIO CITIES ACCORDED FRIENDLY RECEPTION BY PREMIER DRURY AND MEMBERS OF HIS CABINET.

"CAN'T LET PEOPLE STARVE"

Virtual assurance of the Ontario Government's willingness to join with the Dominion Government and municipal councils in continuing this winter the system of unemployment relief adopted a year ago by Premier Drury, on Thursday afternoon to a large deputation from various cities of the province.

"We can't let the people starve," said the Premier, who promised that he would discuss the situation with his cabinet and announce their decision not later than next week. "In the meantime the charitable organizations will carry on their work over New Year's so that no person will suffer from" Mr. Drury suggested. He expressed his repugnance of doles, and the least reason he said, was the financial expenditure involved. On the other hand extreme conditions of unemployment and hardship existed in the large industrial centres, and the expected help from the Government's advertising campaign appealing to the public to provide temporary work, even small odd jobs, was too slow in materializing. The industrial depression was a passing condition and might disappear during the comng year.

Peterborough was represented by layor McIntyre, T. Tooms, M.L.A., Aldermen Hamilton, Crowe and Phelan, the latter of whom is the chairman of the special relief committee of the Council. Other deputations were from Hamilton, Brantford, London and St. Catharines and other cities with a total strength of nearly 125 representatives.

Mayor McIntyre told the Examiner that from the statements to the Premier the conditions in Peterborough appeared to be very much better than in some of the western Ontario cities. Severe distress was reported from Brantford.

Prior to the conference with Hon. Mr. Drury and his Ministers, Biggs, Raney and Rollo, the Peterborough group met the Hon. Mr. Rollo, Minister of Labour, and discussed with him the necessity of giving relief this winter to those men who cannot secure work. Mr. Rollo said he was in favor of the proposals for renewing the agreement between the Dominion and Provincial Governments and the City Coucils whereby the cost of unemployment relief was equally assumed by each of these parties.

Ald. Phelan told Mr. Rollo that Peterborough has been paying $75 a day in relief, but this would fall to $25 if the Dominion and Provincial Governments paid their shares. The joint deputation emphasized the fact that the Dominion Government has already announced its willingness to carry on the same as last winter, and only the assent of the Ontario Government remains to continue the relief on the partnership basis for another year. City Clerk Aremstrong spoke for the Peterborough representatives.

Mr. Tooms has pointed out to the Examiner that the Ontario Government's earlier decision was the result of the answers to a questionnaire which the government submitted to the City Councils. Peterborough, it is true, favored last winter's system, but this city was in the minority.

THE KING ADMINISTRATION IS GETTING DOWN TO BUSINESS

WRITS FOR BYE-ELECTIONS WILL BE ISSUED NEXT WEEK—UNDER SECRETARIES WILL BE APPOINTED—G. N. GORDON IS A STRONG POSSIBILITY—THE SPEAKERS OF THE TWO HOUSES.

OTTAWA, Dec. 30.— (Canadian Press.)—That Hon. Hewitt Bostock would be appointed Speaker of the Senate as soon as Parliament meets, and that Hon. Rudlophe Lemieux would be appointed Speaker of the House of Commons was contained in a statement issued by Premier King yesterday evening. The statement also says that Senator Bostock will be succeeded as leader of the Senate by Hon. Raoul Dandurand. The new Administration will also give consideration to the advisability of appointing younger members of the House of Commons as Parliamentary under secretarys to Ministers in order that they may qualify for promotion. G. N. Gordon, of Peterborough, is a strong possibility for such a position. Hon. Charles Stewart is to be Acting Minister of Immigration and Colonization.

Dates of by-elections will be the first business to come before the new Cabinet at its meeting to-day. Members of the King Administration will remain in the Capital for at least a week and this period will be utilized for a series of Cabinet meetings at which preliminary organization work will be carried out. It is stated that by-elections will be held as early as possible and it is likely that writs will be issued early next week. Definite announcement of where Hon. Mr. Murdock and Hon. Mr. Stewart will stand will be shortly announced.

TORONTO OTHERWISE HOGTOWN

(BY PORT HOPE GUIDE)

It used to be Toronto the good. But whatever pretences there were in that direction ceased to be in evidence during ex-Mayor Church's term of office. Boot-leggers, bandits, garrotters, burglars and criminals came into evidence and flourished as they never did before. The spirit of the midnight bandit seems now to have taken possession of those in authority to say nothing about the great metropolitan press. It is now "all for Toronto." Only the interest and welfare of Toronto must be considered. Every other interest fades into insignificance. It matters not that commercial depression exists. It matters not that the spectre of financial stringency stalks through the land. The mayor, the press and the municipal agitation are demanding with one accord that there shall be constructed immediately an extensive system of electric Radial Lines centering at Toronto. But the Toronto advocates of this system do not indicate their anxiety to pay for the construction and the equipment of these lines. They very graciously ask the municipalities within a hundred miles or so of the city to build them and tax themselves for their maintenance. With this object they are howling against Premier Drury for his persistent guard over the interests of the province and his opposition to Adam Becks wild schemes. What cares Toronto if every municipality beggarred itself in passing radial bylaws and assumes a bonded indebtedness which will take the life's blood out of every farmer! Not a whit. What cares Toronto if the commercial interests and welfare of every country town along the line of these Radial Lines is ruined by this artificial diversion of local trade to Toronto! Not a whit. All Toronto calls for is to give Adam Beck a free hand to expend $250,000,000 in the hope that Toronto will get the benefit. If Toronto wants to force a conflict between the selfishness of the city and the general interests of the province the contest cannot come too soon. Toronto will get the answer which it deserves but it will not be the reply that the hot headed agitators are looking for. All Toronto has to do is to continue with one accord singing the chorus of disapproval of the course that is being taken by Premier Drury and it will create for Mr. Drury a much larger support than he has recently been counting upon. Hogtown had better take warning.

ALL IT NEEDS IS PEN, INK and PAPER

Won't You Get Busy?

The holiday season seems to have taken attention from more important things. For instance, the sending in of names and addresses to the Old Home Week Committee of your folks living out of town.

We are not getting this thing in action for you, solely, but for those who we hope to induce to come back to the old home town.

Your duty is to tell us where they are. For the love of Mike, be good and help out. Names and addresses are the very foundation rules of the whole venture.

Come along. Change from slow to high gear and break the speed limit. Warm up the batteries and quicken ignition. Do it now.

Advise in any kind of writing, or 'phone, if you must, to 261w (City Building) or 1360 (Chamber of Commerce).

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

Turner & Sons, Ltd., desire through the medium of your valuable paper to contradict any slanderous or malicious reports which may have reached the ears of any of the Electors, and which seem to have been circulated with a desire to damage the prospects or qualifications of Mr. J. J. Turner, who is before the Electors on Monday next for the office of Mayor.

We would have it known that the treatment meted out to the employees of this enterprising firm of comparatively young men, and the feeling of good fellowship which exists between the heads of the firm, and their employees is somewhere near the same acme of perfection, and it is ridiculous to even think that people would stay with a position anywhere from ten (10) to sixteen (16) years (as numbers of the employees have), unless they were satisfied, and we feel it our duty and something we owe the firm to tell the public that wages have not been reduced during this period of re-construction, but rather have we re-doubled our collective efforts to encourage more production to compete with lower prices.

This ensures a happy family of satisfied producers, and we will all hope that the Electors will go to the polls with an unbiased mind to elect one of the ablest men Peterborough has ever had the opportunity to vote for, namely, J. J. Turner.

This letter was entirely unsolicited, and is signed with the expressed approval of all the employees by the various heads of departments.

BULL-DOG DRUMMOND

BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

But before the order could be carried out Hugh had disappeared, like a great cat, into the darkness of the passage above. It was neck or nothing; he had at the most a minute to get clear. As luck would have it the first room he darted into was empty, and he flung up the window and peered out.

A faint, watery moon showed him a twenty-foot drop on to the grass, and without hesitation he flung his legs over the sill. Below a furious hubbub was going on; steps were already rushing up the stairs. He heard Peterson's calm voice, and Lakington's hoarse with rage, shouting inarticulate orders. And at that moment something prompted him to look upwards.

It was enough—that one look; he had always been mad, he always would be. It was a dormer window, and to an active man access to the roof was easy. Without an instant's hesitation he abandoned all thoughts of retreat; and when two excited men rushed into the room he was firmly ensconced, with his legs astride of the ridge of the window, not a yard from their heads.

Securely hidden in the shadow he watched the subsequent proceedings with genial toleration. A raucous bellow from the two men announced that they had discovered his line of escape; and in half a minute the garden was full of hurrying figures. One, calm and impassive, his identity betrayed only by the inevitable cigar, stood by the garden door, apparently taking no part in the game; Lakington, blind with fury, was running round in small circles, cursing everyone impartially.

"The car is still there." A man came up to Peterson, and Hugh heard the words distinctly.

"Then he's probably over at Benton's house. I will go and see."

Hugh watched the thick-set, massive figure stroll down towards the wicket gate, and he laughed gently to himself. Then he grew serious again, and with a slight frown he pulled out his watch and peered at it. Half-past one . . . two more hours before dawn. And in those two hours he wanted to explore the house from on top; especially he wanted to have a look at the mysterious central room of which Phyllis had spoken to him—the room where Lakington kept his treasures. But until the excited throng below went indoors, it was unsafe to move. Once out of the shadow, anyone would be able to see him crawling over the roof in the moonlight.

At times he thought of the helpless man for whose death he had in one way been responsible recurred to him, and he shook his head angrily. It had been necessary, he realised; you can carry someone upstairs in a normal house without him having his neck broken—but still . . . And then he wondered who he was. It had been one of the men who sat round the table—of that he was tolerably certain. But which . . . ? Was it the frightened bunny, or the Russian, or the gentleman with the bloodshot eye? The only comfort was that whoever it had been, the world would not be appreciably the poorer for his sudden decease. The only regret was that it hadn't been dear Henry. He had a distaste for Henry which far exceeded his dislike of Peterson.

"He's not over there." Peterson's voice came to him from below. "And we've wasted time enough as it is."

The men had gathered together in a group, just below where Hugh was sitting, evidently awaiting further orders.

"Do you mean to say we've lost the young swine again?" said Lakington angrily.

"Not lost—merely mislaid," murmured Peterson. "The more I see of him, the more do I admire his initiative."

Lakington snorted.

"It was that damned fool Ivolsky's own fault," he snarled; "why didn't he keep still as he was told to do?"

"Why, indeed?" returned Peterson, his cigar glowing red. "And I'm afraid we shall never know. He is very dead." He turned towards the house. "That concludes the entertainment, gentlemen, for to-night. I think you can all go to bed."

"There are two of you watching the car, aren't there?" demanded Lakington.

"Rossiter and Le Grange," answered a voice.

Peterson paused by the door.

"My dear Lakington, it's quite unnecessary. You underrate that young man . . ."

He disappeared into the house, and the others followed slowly. For the time being Hugh was safe, and with a sigh of relief he stretched his cramped limbs and lay back against the sloping roof. If only he had dared to light a cigarette. . . .

III

It was half an hour before Drummond decided that it was safe to start exploring. The moon still shone fitfully through the trees, but since the two car watchers were near the road on the other side of the house, there was but little danger to be apprehended from them. First he took off his shoes, and tying the laces together, he slung them round his neck. Then, as silently as he could, he commenced to scramble upwards.

It was not an easy operation; one slip and nothing could have stopped him slithering down and finally crashing into the garden below, with a broken leg, at the very least, for his pains. In addition, there was the risk of dislodging a slate, an unwise proceeding in a house where most of the occupants slept with one eye open. But at last he got his hands over the ridge of the roof, and in another moment he was sitting straddle-wise across it.

ACTIVITIES OF WOMEN.

Mrs. Pat Conway is the town jailer at San Angelo, Texas.

Miss Pearl Cartmill, examiner of small loan agencies for the State of Illinois, is the only woman in the United Staes to hold such a position.

The record for real estate sales in London is held by a woman—Mrs. Margaret E. Long, of Chicago, selling $1,500,000 worth of property since February 1 of this year.

When her husband died, 13 years ago, Mrs. Charles B. Knox of Johnstown, N. Y., became the executive head of one of the largest gelatin manufacturing plants in New York State, and her business ability has enabled her to treble the business during that period.

THE MODERN BATHROOM

Whereas so recently as 20 years ago comparatively few homes boasted of permanent plumbing and bath conveniences, today even the dwellings of the very plainest people are well supplied with bathing facilities. It is no longer a question of "to bathe or not to bathe." Hygiene and society both demand the daily scrub, and so we have reached a point where bathroom efficiency is more and more important.

The best tub is made of the best quality porcelain or white enamel and is set directly on the floor. This model may be a trifle more expensive, but is far more efficient. There is probably nothing more awkward to clean than the space under the tub that stands on short legs. Such a space is nothing but a trap for dust and dirt.

The hand bowl has been perfected to a high degree. From an esthetic point of view the pedestal bowl with its long column-like base and its square or oval basins, most attractive. Such bowls are fitted with combination faucets, which allow the water to come through either very hot or cold or tepid. Instead of the rather inefficient chain which is always apt to get twisted, and the rubber plug, which is always falling off the newer bowls are fitted with a trap outlet controlled by a button after the manner of the basins in the Pullman cars.

TASTE FOR ART.

It would seem, then, that while individuals manage to exist without a taste for art, travel or religion; yet that, first, as a matter of fact, half their life, and that the only half worth living, is generated from the products of these things, as well as two-thirds more of what is left in the realm of the purely material. Remove the instincts of art, exploration and religion from the world and you are confronted by a set of pigs, dwelling, at the very best, in mud houses, covered with hair, ignorant of what lies at the other side of the nearest tree, doing nothing whatever but eating, drinking, breathing and begetting children in their own likeness for which—and no wonder—they have little affection and no hope. . . .—Papers of a Pariah.

The Willard Mark Is Your Protection

When you buy a battery you buy more than just so much metal, chemicals, and jars. You buy a *service* that supplies power for starting and current for ignition, lights and horn.

And the only means you have of knowing in advance how much you get for your money is by the *maker's* name.

Every Willard Threaded Rubber Battery has the Willard Trade Mark stamped in red on one side of the battery case. By this mark you know you are getting genuine Willard Threaded Rubber Insulation. Unless you do see the mark, you can't be sure of Threaded Rubber advantages, including most miles of uninterrupted service per dollar of battery cost.

LITTLE WANT ADS.

At this time of the year, there are any number of things that are badly needed, either by the man or woman.

These things can be done without, but the Summer is going to be not quite so happy without them, and they need not cost you nearly as much as you think, if you only use the Want Ads. to get them.

So many people lose a vast amount of pleasure simply because they have never learned the value of a simple little appeal to the Examiner Want Ad. Column. Don't let this bright month of June go by without satisfying little extra Summer wants through the Want Ads.

NOTICE is hereby given that a Quarterly Dividend of Three Per Cent for the Three Months ending 31st December, 1921, together with a Bonus Dividend of Two Per Cent for the Year, has been declared upon the Capital Stock of this institution, and the same will be payable at the offices of the Company in this city on and after the 3rd day of January, 1922.

The Transfer Books will be closed from the 17th to the 31st instant, both days inclusive.

TODAY'S NEWS OF THE DISTRICT

TOWNSHIP COUNCILS NOT LEGALLY ELECTED IN 1921

COMPARATIVELY UNKNOWN AMENDMENT TO MUNICIPAL ACT COMES TO LIGHT THIS WEEK BUT TOO LATE FOR SOME CANDIDATES WHO WERE UNAWARE OF IT.

SOME LOCAL INSTANCES

"Not one of the Township Councils in Peterborough County was legally elected last January, according to the amended Municipal Act in the revised statutes of Ontario," County Clerk Ed. M. Elliott stated to The Examiner last night, "and in so far as I know, not one in fifty of the other Township Councils in the Province was elected in strict conformity to the law."

This astonishing assertion followed an interview in which The Examiner endeavoured to ascertain to what extent the widespread ignorance of the new regulation requiring candidates for election in rural municipalities to sign declarations of qualification had affected the nominations in Peterborough County this week.

Norman Lean Excluded.

Mr. Elliott said he had no definite information, but from other sources it was learned that the nomination of Norman Lean, candidate for the Reeveship of Burleigh Township, had been rejected because of his failure to sign and file with the township clerk the statutory declaration, and that as a result the present Reeve, Duncan Brown, was returned by acclamation.

It was also said that some of the candidates for the Burleigh Council were excluded on the same ground, and that others who were aware of the "joker" amendment complied with it, and were declared elected.

Alex. Gillespie Rejected.

Reports from Otonabee Township tell a somewhat similar story. The nominations were held on Monday, and closed that night at nine o'clock. The declarations had to be filed within twenty-four hours. Alex. Gillespie, who lives near the city, was one of the four ratepayers nominated for Deputy-Reeve. He knew nothing about the change in the Municipal Act, and is said to have been canvassing as late as Wednesday afternoon, unaware that his nomination had been thrown out and his name erased from the ballot, because he had failed to make the required declaration.

Mr. Laurie's Narrow Escape.

David Laurie, the present Deputy-Reeve, didn't learn of the existence of the new agreement until late on Tuesday night, according to reports The Examiner received, and didn't sign and hand in his declaration until nearly 10 p.m., and after the official time for qualifying had expired.

A friend of Mr. Laurie's is said to have called up the township clerk, J. J. Moore, at Keene, about eight o'clock to find out how the nominations stood, and on learning that Mr. Laurie's paper had not been filed, he sent a taxi-driver from Peterborough to inform Mr. Laurie of the new regulation.

It is also stated that Reeve Fred Eason, who was unopposed for the Reeveship next year, was not aware of the amendment to the Act until about fifteen minutes to nine o'clock on Tuesday night, when he complied with the little technicality.

Others Complied.

Fred D. McIntyre, another aspirant for Deputy-Reeve, had evidently been apprised of the new regulation, and W. A. Anderson, the third candidate for this office, also knew of it. Both of them qualified within the appointed time.

The Councillors who are offering their services for 1922 to the ratepayers of Otonabee are: Sam Comrie, Wm. Devlin, Sid Bennett, William Borland, and J. C. Hope.

Last Minute News.

Only at the last minute were the clerks of other townships acquainted of the change in the procedure of nominations, and presumably they passed the instructions along to all the candidates. What happened in Lakefield is somewhat obscure, but Monday's election may clear up the muddle that has been reported in that township.

The Net Results.

The net result of the rather prevalent ignorance of the law as set out in the revised statutes of the Province may be summed up in the disappointment and embarrassment of those aspiring ratepayers whose nominations were invalidated by a technical regulation, and whose only fault or disability was that they had never heard of the new amendment; in the indignation of their friends at

APSLEY COUNCIL BY ACCLAMATION

WILL BE A FIGHT TO DETERMINE THE RIGHTS OF THE DISQUALIFIED NOM NEES--APSLEY NEWS

APSLEY, December 30. — A peculiar and unexpected situation regarding the recent municipal nominations for Burleigh and Anstruther has arisen which is causing much concern among the electors of that township, and is the sole topic of conversation. It appears that it has been customary in the past for the nominees to file their papers on the morning of the election, but that a recent law has been passed requiring this to be done by 9 p.m. on the day following the nomination. No mention of this was made to the new men who had been nominated, and they were expecting to follow the usual custom, and qualify on Monday next, when like a bombsheli came the news that the old council had met at ten minutes to nine on Tuesday evening, filed their papers, and a few minutes after the hour phoned the cancellation of the order for the ballot papers to Peterboro, as an election was not necessary.

Naturally the disappointed nominees are feeling incensed at being as they claim hoodwinked, and it is not likely they will relinquish their anticipated municipal honors without a struggle. Developments are eagerly awaited by the disappointed nominees' supporters. In the meantime the first round of the fight goes to the old council.

Trustees Meet.

The annual meeting of the trustees for S.S. No. 1, Anstruther, was held at the school on Wednesday morning. The financial statement showed a balance on hand of $705.72. Two vacancies were created on the board, Mr. Tom Stevens' term expiring, and Mr. W. McKay resigning.

Rev. C. A. G. Spence, Rev. W. Hall and Mr. Pete Johnston were nominated, and on a vote being taken Revs. Mr. Spence and W. Hall were elected, the former for a three-year term and the latter the two-year term. Mr. Duncan Brown was elected auditor.

EXPLOIT GOLD FIELDS

VIENNA, Dec. 29.—(Associated Press)—Gold fields that have not been worked since the 15th and 16th centuries are to be exploited by the government. The deposits lie in the Zillier and Lavant valleys on the Tyrol-Salzburg frontiers and prospecting has given a yield of slightly more than an ounce of gold to the ton. The showing is so satisfactory that the government will join with the owners of the land in the development.

IN MILLBROOK AND DISTRICT

INTERESTING LECTURE BY DR. A. D. CARPENTER — A SHORT COURSE IN AGRICULTURE — PERSONALS.

MILLBROOK, Dec. 30. — The lecture given by Dr. Arthur D. Carpenter, under the auspices of the Women's Institute on Wednesday evening, December 28th, was most interesting, but owing to various social festivities, S. S. entertainments and practises, incident to the holiday season, the town hall was only about two-thirds full.

Rev. Canon Allen acted as chairman and in a few well chosen words introduced the lecturer, who possesses a most attractive personality, and is an American of the finest type, his home being at Seattle, Wash.

Dr. Carpenter's subject was "Worlds in the Making," and during the course of his address he quite won the hearts of his audience when, speaking on some phase of the war, he said, "You sometimes hear some cheap American say, "we won the war." That is not true; we were slow in getting into the struggle, and it is a matter of regret that we have not yet signed up with the League of Nations. The United States is slowly learning that she must take her share of responsibility with other world powers, in seeing that every nation, small and large, gets a square deal."

Beginning his subject, the Doctor stated that star-gazing is the great medicine of the soul, refreshing to a jaded spirit and a tired body, because it destroys pessimism, is widening in its outlook, and helps us to get an idea of the universe in the proper way. We are citizens of the universe because we live on a star ourselves, though our earth is so small in comparison with other heavenly bodies that is is a mere speck of cosmic dust in a great sea of ether. Egotism receives a rude jolt when we learn that to discover the planet on which we live, amongst the countless others revolving in their courses, would be like looking for a single snowflake amongst the millions that we falling in the snow storm outside; or like trying to find a grain of sawdust, one-seven thousandth of an inch in diameter, which had been dropped into Lake Ontario.

After explaining that astronomy is his particular hobby, the speaker said one did not need to possess an accurate knowledge of higher mathematics in order to learn many facts about this subject, and find it intensely interesting. He traced the history of how the world was formed from a hot gaseous ball, and how the knowledge has grown from the first false premises that our earth was flat, stationary, and the centre of the universe, through the research of such splendid astronomers at Ptolemy, Copernicus, Galileo, Sir William Herschel, and on down to the present day with its giant telescopes, some of them weighing fifty tons and over, and its accurate measurements and charts of the heavens, and "still the knowledge grows from more to more." That worlds go through distinct periods of growth, namely, birth, elevation, and decay, is one of the great principles of astronomy, young stars shining with a white light, middle-aged ones having a yellow glow and declining ones, red. Hence our sun is probably mid-way in its career as its light is yellow, and it is a scientific fact that it is shrinkage in diameter, at the rate of 400 miles per century. However, there is no cause for alarm as "Old Sol" is good for at least 50,000,000 years yet.

The markings on the moon, which are craters of extinct volcanoes, and our sea-beds, the 30,000 suns in the Constellation of Hercules, each millions of miles apart, the amazing speed at which light travels, 186,000 miles per second, the nearest planet being 4 1-3 "light years" distant from our earth," the building up of a star out of diffused nebulae, the milky way, containing 300,600,000 stars and suns, the nearest being 10,000 "light years" away from us, and all like islands in an ocean of ether, these and many other interesting facts, Dr. Carpenter brought out in his most instructive lecture. Asked if natural law would not account for the universe, the speaker replied that his definition of natural law is "God's way of running the universe," and his belief is found in the words, "In the beginning was the Word, and the Word was with God, and the Word was God. All things were made by Him; and without Him was not anything made that was made."

The singing of the National Anthem brought the evening to a close.

A few of those present at the lecture on Wednesday evening were: Rev. Canon and Mrs. Allen, Rev. Mr. and Miss McConnachie, Rev. S. T. and Mr. Ewart Tucker, Dr. and Mrs. W. Mitchell, Mr. W. G. and Misses Nellie and Stella Hetherington, Mr. Irwin and Miss Mary Hatherly, Mr. and Mrs. Wm. Belch, Mr. and Mrs. Harold Tate, Mr. Harry and Mrs. John Allen, Mr. and Mrs. Hugh Kennedy, Mr. and Mrs. C. W. Richards, Mrs. Chas. Needler and Misses Janet and Helen Needler, Mr. and Mrs. A. A. Smith, Mrs.

To the Electors of the Township of NORTH MONAGHAN

Ladies and Gentlemen,—

Having been nominated for Reeve for the Township of North Monaghan for the year 1922, I respectfully solicit your votes and influence.

I have been Councillor for two years and Deputy-Reeve for two years in your Township. This apprenticeship, I consider, should qualify me for the office I now seek.

I believe promotion should come from the ranks. I think it is in the interests of the ratepayers that one familiar with the business of the Township should occupy the office of Reeve.

As I reside in the west part of the Township and am a farmer, the claims of the urban resident should be respected, and, if elected, I shall give due consideration to all matters affecting the different sections.

Should you think that my past services qualify me for the office, I will appreciate the honor of being elected; and shall do what I can to advance the interests of the municipality.

Respectfully yours,
FRED. E. WILSON

3d-154

To the Ratepayers of North Monaghan

Ladies and Gentlemen,— Having received the nomination for the office of Reeve for the Township of North Monaghan for the year 1922, I take this means of letting you know that I am in the field. With the previous experience which I have had in your Council, and my familiarity with the municipal conditions of the Township, I feel qualified to undertake the duties of the office. I therefore leave my candidature to the decision of the electors on Monday, Jan. 2nd, 1922. If elected I will do my best to take care of the work of the Township to the best of my judgment and in the best interests of all sections.

Awaiting your decision, I am, yours in the interests of North Monaghan,

4d-153 H. B. RYE.

TWO KILLED BY BANDITS IN HOLD-UP

FOUR ARMED THUGS ATTEMPTED TO ROB A BANK—CITIZENS OPEN FIRE AND A SHOOTING MATCH RESULTS.

THE CASUALTIES

PEARL RIVER, N.Y., Dec. 30.—(Canadian Press)—Four armed bandits yesterday swooped down on Pearl River, failed in an attempt to rob the First National Bank, and fled in their automoblie after slaying two men and probably mortally wounding another.

One robber, wounded by one of his victims, left a slight trail of blood in the snow, but this was lost when he entered the machine Last night the town fire department in their trucks, citizens in private machines, and the public police afoot and ahorse were scouring the country side for trace of the robbers.

It was 12.35 o'clock—the lunch hour—when the robbers appeared to carry out what was evidently a carefully planned holdup.

Driving their machine into a lumber yard behind the bank they left two of their number in the car. The other pair opened a back window of the bank with a penknife and slipped inside.

Just what occurred was told the District Attorney by Otto Miller, a railroad flagman, who was conferring in an inner office with James P. Moore, Assistant Cashier, when the robbers appeared, and who last night lay critically wounded in the Nyack Hospital. Only one other person was in the bank at the time—Seigfreid Butz a clerk, who, with Moore, was slain.

Attracted to the bank by the prospect of obtaining a $7,000 payroll of the Dexter Folder Company plant, across the street the robbers without any preliminaries, began shooting.

Butz was first to fall. When Moore and Miller appeared from the inner office, the rain of bullets continued, with Moore returning the fire and wounding one of the bandits. Even as he fell a bullet wound over his heart, the assistant cashier pressed the trigger twice again, but the shots went wild.

The shooting was heard by girls in offices over the bank and it was believed that the scuffling of their feet caused the bandits to flee through the window they had left open, with a chair in position to assist them to climb to the ledge.

Obtained Nothing

Investigation showed the robbers had obtained nothing. The payroll had been taken to the factory before their arrival and the inner doors of the vault were locked.

In a moment this little town of 800, located in Rockland County, near the New Jersey line was in turmoil. The fire whistle was blown and as soon as the trucks appeared, they took up the chase assisting the State Constabulary of both States. The last report of the robbers was that they were heading for Orange County.

While an excited crowd appeared in front of the bank, an inquest was held and the District Attorney, adjourning the Grand Jury in session, hastened to Nyack to obtain a statement from Miller.

Two pistols, one of German make, were found in the bank. Moore's weapon was missing.

To the Electors of North Monaghan

Ladies and Gentemen,— Having been nominated for the office of Deputy-Reeve for the year 1922, I would respectfully solicit your vote and influence, and if elected will continue to serve all interests of the Township with the same fidelity as I have served you as Councillor for the past two years.

Yours respectfully,
FRED H. ROWAN.

A SCHOONER TAKEN AS A RUM RUNNER

THE "GOLDEN WEST" WILL BE THOROUGHLY INVESTIGATED BY THE UNITED STATES AUTHORITIES.

A BRITISH VESSEL

BOSTON, Dec. 30.—(Canadian Press)—Customs officials last night were standing guard over the British two-masted schooner Golden West, alleged rum-runner, seized by the coast guard cutter Acushnet in Massachusetts Bay and towed into harbor here yesterday. Throughout te day officers were busy investigating te recent activities of the vessel, claimed by her skipper, Dennis Amerc, of Tusket Wedge, N.S., to be a legimate trader. The result of this investigation will be presented tomorrow to the United States District Attorney who hen will decide wheher the schooner it to be held or released.

Captain Amero retained counsel and announced tat he would make a fight to have his vessel set free. Explaining his presence close to shore and at anchor, when found by the Acushnet, te skipper declared tat he had been having trouble wit his sails for several days preceding the seizure. Te manifest which he exhibited to the officers wo boarded the Golden West said the vessel was bound from St. Pierre, Miquelon, to. Nassau, B.W.I. The document was in French and hardly decipherable according to te officers

Number Steel Drums

Inspection of te hold of thee Golden West revealed a number of steel drums, believed by the customs officials to contain alcohol. Federal iteieoaerdsFlhuortaoeGtotmstwlAhu Federal authorities had been informed that the schooner left St. Pierre with 15,000 gallons of alcohol. The present cargo is estimated at 8,000 gallons. It could not be learned tonight whether the captain had admitetd disposing of any of hus freight during the voyage.

While the capture of the schooner was accidental, te Acushnet being on her way to Boston for another purpose at the time, the arrival of the Golden West in waters was not a surprise to the Federal officres. News of her departure from St. Pierre on Decembe 15 had been flashed to the United States authorites and for the last ten days coast guards kept a lookout.

The Acushnet chanced upon the schooner in the bay Captain Lauriat recognized te vessel as one the authorities desired to investigate and took her in charge

According to Wilfred F Lufkin, Colector of the Port, the Golden West, formerly a Nova Scotia fishing schooner, was purchased in Halifax recently by a former Boston bartender. The owner of the Golden West, Customs men say has other schooners engaged in traffic out of St Pierre and movements of these vessels are being closely watched.

TO THE ELECTORS OF NORTH MONAGHAN.

For Deputy-Reeve

Ladies and Gentlemen,

Having accepted Nomination for the office of Deputy Reeve for your Township, for the year 1922, I respectfully solicit your Vote and Influence.

I have been a Resident Farmer in the Township all my life, and at the present time one of the largest Taxpayers. Consequently, I am particularly interested in all the Township affairs. My experience as Councillor should qualify me to assume the duties as Deputy Reeve, and if elected, I will give every attention to the business of the Township, to secure careful and economical administration of affairs.

Wishing you all a Very Happy New Year,—I remain,

Yours faithfully,

FRIDAY, DECEMBER 30, 1921.

A NEW YEARS RESOLUTION.

A New Year's resolution that each ratepayer in Peterborough should adopt and carry out is one that can be quickly and easily acted upon—the exercising of his franchise on Monday. It only takes a few minutes to discharge this essential duty and on a holiday there is no possible excuse for failure to register an opinion as to the composition of the city's governing bodies—the selecting of which should be regarded as everybody's business and should not be left to about fifty percent. of the ratepayers, as it so often has been. Protests about inefficiency in municipal service, and complaints about extravagance in the administration of the city's affairs, come with ill grace from people who will not devote fifteen minutes of an idle holiday to the duty of voting.

NOT ALL VINEGAR.

It has been claimed, and not without considerable truth, that the criticism which men who give their services to municipal bodies receive from their fellow citizens, is one of the principal obstacles in securing the candidature of qualified men for such offices. Undoubtedly there is too much of such criticism, too much causeless fault-finding. And yet there is a certain amount of fascination about municipal politics that helps to overcome the effect of the constant chorus of complaints from the taxpayers. A glance over the list of candidates in the present municipal campaign shows that out of a total of twenty-two, thirteen aspirants for office have already served their fellow citizens. In the Mayoralty campaign both candidates have been members of the City Council, in the contest for the Utilities Commission three ex-Mayors are competing, four of the six aspirants for the Board of Education have served before, and of the eleven candidates for the Council, four have already sat around the aldermanic board. It is evident that there is some compensation in municipal service to make up for the fault-finding drawback, and it is well that this is the case, else there would be some difficulty in securing enough candidates to fill the various chairs.

A CHANCE FOR SERVICE.

The swearing in of the new government at Ottawa will be a source of satifaction to Canadians of all shades of politics. The government of the country must go on, and with a defeated ministry forced to hold the reins of office and go through the motions, there could be little real business done, and consideration of the pressing problems that must be faced was out of the question. That a new administration has now taken over the management of the country's affairs should have a stabilizing effect upon conditions generally. To the ministers who, since December 6th, have been carrying on, the transfer of their authority will bring a decided sense of relief. There is little joy in pretending to administer the affairs of the department when any moment the handing over of the portfolios may be demanded. Canada will commence the New Year with a new government, which has a splendid chance to be of service. It faces many perplexing problems, an enormous national debt, tariff revision, the railway question, problems in connection with the returned soldiers, immigration, a score of bothersome matters the majority of which are of great importance, and its path will not be an easy one. But there is the opportunity to do great things for Canada, and there will be widespread disappointment if the chance is lost.

THE NEW CABINET.

Hon. Mackenzie King's cabinet has been sworn in, twenty-three days after the election which returned his party to power. The Premier has called to his assistance some of the ablest members to be found in the Liberal ranks. Not only does the cabinet contain such experienced and well-tested parliamentarians as Hon. W. S. Fielding, Hon. Ernest Lapointe, Hon. Dr. Beland, Hon. Chas. Murphy, Hon. Geo. P. Graham, Hon. Jacques Bureau and Hon. James Robb, but it also includes men whose names are familiar in provincial politics, among them Sir Lomer Gouin, Hon. Chas. Stewart, Hon. W. R. Motherwell and Hon. Dr. King. It is not perhaps the cabinet that Hon. Mr. King might have selected if the way had been open to him. It does not give the west the representation it should have, but the blame cannot be laid upon the shoulders of the Premier. Had his effort to secure the presence in the cabinet of Hon. T. A. Crerar and other Progressive leaders been successful, the administration he was aiming at would have been secured Failing to achieve that coup Hon. Mr. King has been compelled to utilize the material at his disposal to the best advantage, and the result, as announced yesterday, shows a cabinet personnel that should be capable of good service, both in the Departments and in the House. There may be disappointments here and there, but they are unavoidable under the circumstances which govern the selection of a cabinet.

A KITCHENER WARNING.

At last the fight is on. Premier Drury and Sir Adam Beck have not been seeing eye to eye for some time, but observed some sort of an armed truce. They now stand definitely opposed to each other. The immediate point of difference seems to be the radial railways, but the issue is broader than that and involves the question of hydro-electric power and the relationship of the municipalities to the latter.

With regard to the radial railways, we are not inclined to be unduly critical of the Prime Minister in his efforts to safeguard the financial interests of the province before entering upon an extensive programme of electric railway construction. We see no good reason, however, for refusing permission to vote to the Niagara municipalities on the purchase of an electric road already existing, and owned by the Dominion Government. Should there be a flaw in the bylaws which have been so extensively advertised, the Legislature could readily legalize the same.

Premier Drury is also charged with the intention to change the whole scheme of hydro-electric ownership and operation. Under the present system the hydro is owned by the municipalities and operated by a non-partisan commission headed by Sir Adam Beck. The original municipalities, among which were Kitchener and Waterloo, took what risk there was in this new and colossal project. They succeeded, and other municipalities, including many rural districts, now enjoy the fruits of the courage of those pioneers in the movement.

But Drury now wants to change the rules of the game. Originally, the cost of power to the respective municipalities was and still is based upon the cost of transmission and was naturally in almost direct ratio to the distance from Niagara. Mr. Drury wants to change all this. Not only does he desire to bring hydro into the political field by making it a department of government, but he favors the principle of the flat rate in the whole hydro zone. His motive of course is to supply the rural parts as cheaply as the cities, distribution of power to the farms being of necessity much more costly than to the compact towns and cities. Just why the latter should pay through the nose for the natural disadvantages of their fellow-citizens in the rural districts is not clear.

If Premier Drury persists in his desire to change the rules of the game and violate solemn contracts entered into in good faith by the municipalities which have borne the heat and the burden of the day, he will have a whale of a fight on his hands.—Kitchener News-Record.

BEEKEEPERS HAPPY.

WINNIPEG, December 29.—Manitoba beekeepers have had an exceptionally successful year, returns to the Provincial Department of Agriculture show that approximately 1,000,000 pounds of honey has been produced during the 1921 season. Manitoba now has 14,721 colonies of bees as compared with 7593 last spring. An average of 118 lbs. of honey was produced in each hive—bringing the production up to 903,000 pounds.

OLD-TIME RICHES

FORT WILLIAM, Ont., Dec. 29th.—A vein that had every promise of being the long looked for discovery of old-time riches, at the famous Silver Islet mining property, turned out to be what mining men call a "delicate vein," and led to nothing. Now after two years work and the expenditure of more than 100,000 this property will once again be abandoned and left to the mercy of Lake Superior. During the past two years operations have been under the direction of a Duluth syndicate.

P.A.A.A. TEAM WIN FROM BELLEVILLE IN FAST GAME WITH MANY SUBSTITUTES

FINE WORKOUT FOR LOCAL SQUAD GIVES COACH SMAILL CHANCE TO SIZE UP HIS MATERIAL AND SELECT HIS CREW FOR O.H.A. RACE.

The Peterborough A. A. A. intermediate squad put in a very useful evening's practice at Brock street rink last night, and incidentally hung up a 6 to 4 victory over the Belleville crew in an exhibition game that gave a big crowd a lot of good hockey and a chance to size up the local material. Coach Smaill used the game to best advantage as a workout for his crew, sending out thirteen players in all and giving everybody plenty of opportunity to find their skating legs, with the result that the fans went away satisfied that out of the bunch who wore the blue and white jerseys last night can be selected a team that should give a good account of itself in the O.H.A. race. Smaill has had no opportunity so far to do any coaching, but he has a line on his material and from now on will be able to devote himself to deevloping team work and instructing his crew in the inside stuff that makes a hockey team.

The Belleville gang were shy two or three regulars, but on the other hand had a big edge on the P.A.A.A. gang in condition. Last night was the third game of this season for the visitors, while the Petes, on the other hand, had less than two hours' practice and for several of the players it was only their second time on skates.

The teams agreed to use as many subs as they wished and to change any time they saw fit, with the result that the line-ups were shifted every few minutes, keeping the pace faster than would have been possibl under normal conditions.

The Petes showed all kinds of speed and stick-handling ability, but naturally there was little combination and their shooting was wild and ineffective. Two short practices are not enough to ensure accurate marksmanship and with the exception of Lornie Rose, who bulged the urtain four times behind Boland, the Petes had difficulty in locating the net. A few workouts will remedy that defect, however, and when the squad rounds into condition and substitutes team work for the individual efforts shown last night the other teams in this district will realize they have a battle on their hands. All the big squad seen in action last night gave a good account of themselves, with Lornie Rose and Burgess in the van. Rose's stick-handling and accurate shooting were big factors in the result, while Burgess, the college player from the Maritime Provinces, showed a fine turn of speed and clever work with the rubber. The "Blue Nose" promises to be a decided asset to the Petes, and the crowd liked the way he backchecked. The defence, with Murray in goal and Parker, Pete Thornton and Sheehan handled themselves nicely, with Murray especially showing his old-time form.

For Belleville, Boland in the nets, "Soup' Goyer of baseball fame at left wing and Holway on the defence, were the shining lights. Goyer is not the most graceful player in the world and his bowed legs can scarcely be called things of beauty, but he plays along in determined style, and when he goes into somebody, the somebody hasn't to wait to read about it in the papers next day. Holway is fast, has a long reach that enables him to break up attacks in exasperating fashion, and he is dangerous on the attack.

Jerry Coughlin, coach of the Holy Name Society juniors, refereed the game in good style. The Petes drew three penalties, while only one of the visitors was banished.

The line-up:
Belleville—Goal, Boland; defence, H. Holway, Green; centre, Canning; right wing, Hagerman; left wing, Frank Goyer. Subs, L. Goyer, A. Holway, Hunter.
Peterborough—Goal, Murray; defence, Parker, Pete Thornton; centre, Ray Rose; right wing, Burgess; left wing, L. Rose. Subs, Sheehan, Collins, Jackson, Williams, H. Graham, H. Thornton, Gillespie.

Play was even at the go-in, with both teams showing surprising speed for so early in the season. Both Murray and Boland were called on to block drives, but they were mostly from well out and were handled easily. Lornie Rose and Burgess were heading the Peterborough attacks and giving the opposition defence lots of trouble, while "Soup" Goyer, the Belleville left wing, and Holway the tall defence man, were prominent for Belleville. After six minutes of up and down the rink hockey, Holway, camping out in front of the Petes' nets, took a pass from Goyer and Murray was given little chance to block his shot. Belleville 1, Peterborough 0. It did not take the Petes long to even up, Lornie Rose doing the trick on an accurate shot from the side after Burgess had slid the rubber over to him.

Three minutes later, Ray Rose put the blue and white team in front when he scooped in a rebound from his brother's shot, Boland being completely beaten.

Just before the period ended, Lorsie Rose broke away, and when the Belleville defence, expecting a pass, opened up, waltzed in and flipped a fast one by Boland, making the figures 3 to 1. The Peterborough substitution in this period were Wlliams for Burgess, Jackson for Ray Rose, Sheehan for Parker and Graham for Williams.

When the second period opened, Coach Smaill sent practically a new line-up out. Harry Thornton and Sheehan were on the defence, and the forward line was composed of Collins, Graham and Gillespie. The aggregation had the edge on the visitors, but ther failure to get their shots on the target kept them off the scoring sheet. Gillespie and Sheehan were penalized in turn, but Belleville failed to take advantage of the odd man. Then Smaill chased Burgess and the Rose brothers out again, and shortly after the shift was made, Lornie Rose put the Petes further ahead by going up alone and taking Boland's measure with a shot from outside the defence that grazed the post as it slid into the corner of the nets.

Belleville got that one back in short order when A. Holloway batted in one from a scrimmage in front of the Petes' nets.

he Petes opened the last period with a forward line composed of Harry Thornton at right, Ray Rose at centre and Gillespie at left. The ice was getting sticky and for the first few minutes the pace was slower and the game colourless. Then Canning scored for Belleville in a scrimmage, and a second after Pete Thornton and Holway had a boxing bout which resulted in both being chased for three minutes. The game livened up immediately and when Green scored for Belleville on a lucky shot from a pass back from the corner, tieing the score, the teams stepped on the gas and the game started all over again. It looked for a moment or two as if Belleville's superior condition would turn the trick for them, but Lornie Rose came to the rescue with a pretty individual rush, and his low, swift shot gave Boland no opportusity to save. That left it 5 to 4, and with two minutes to go, Frank Collins made it safe when he tapepd in a rebound from one of Lornie's accurate shots. Belleville tried hard to even up, but the final bell found them still two counters in the hole.

The summary:

First Period.
1 Belleville—H. Holway.
2 Peterborough—L. Rose.
3 Peterborough—R. Rose.
4 Peterborough—L. Rose.

Second Period.
5 Peterborough—L. Rose.
6 Belleville—Holloway.

Third Period.
7 Belleville—Canning.
8 Belleville—Green.
9 Peterborough—L. Rose.
10 Peterborough—Collins.

VOICE OF THE PEOPLE

To the Editor of the Examiner:

Dear Sir: I am one of many who left the hockey game last night with but a hazy idea of what the score was. I asked three different people after the game in order to assure myself that I was right in thinking the score 6—5 in Peterboro's favor. I received three different answers, all in Peterboro's favor. They were 5—4, 6—4, and 6—3.

After nearly every game there is a decided difference of opinion as to the correct score, a thing which could be obviated by the installation of an inexpensive score board, such as is used in football matches and in hockey games in other sections of the country.

Why not use your influence with the ring management to install this improvement?

HAMILTON, Dec. 29.— (Canadian Press.)—St. Patricks, Toronto hockey team, defeated the Hamilton Tigers four to three, in a game here last night, which was featured by the magnificent work of Goalkeeper Roach. The Tigers shot at him from all angles in three periods and were only able to penetrate the net three times.

HOCKEY NOTES.

The Holy Name Society juniors will work out to-night at 7 o'clock at Brock street rink. The youngsters are slated to play an exhibition game in Lakefield next Thursday night.

The new P.A.A.A. uniforms made a hit with last night's crowd. The blue and white striped jerseys make a classy outfit.

The P.A.A.A. intermediate O.H.A. team are billed for another practice to-morrow night at 7 o'clock. As this will be the last before the opening O.H.A. game on Monday there should be a full turn-out.

AT THE THEATRES

AT THE ROYAL.

For to-night the Royal presents an entire change of pictures. This evening's bill is the second half of the special selection of films procured for Christmas week, and is one of exceptional interest. The feature picture of to-night's bill is the seven-reel drama, entitled "No Woman Knows." This play is adapted from the celebrated novel, "Fanny Herself." The story is that of a typical family owning a small business in a city about the size of Peterborough. It is strictly a story of real life among people who have to work for a living, but who are actuated by the highest motives and are what might be termed "nature's noblemen." In order that a gifted son may have his musical talents developed, the family make sacrifices that display their true worth. Throughout this whole picture of heart interest and true devotion to a high ideal is entwined a compelling story of a girl's love for her sweetheart, and many humorous situations that bind the interest of an audience. Next comes a new Western picture in two reels that is of highest merit. This is called "The Cowboy's Come Back," and is of special interest. The big two-reel comedy, entitled "A Muddy Bride," featuring Baby Peggy, is one that would bring a smile even to a Peterborough ratepayer the day his tax bill arrives. There are also three other reels of drama and comedy that are sure to please. The Royal, the house of high-class pictures, presents no vaudeville, as our money, and your money, is spent in getting the best class of films available, and still our show is given at pre-war prices. The Royal's performance is continuous, so that you always see a full show. Our fifteen years in the picture business has taught us what a Peterborough audience wants and the steady patronage shows that the public is well satisfied. We have reduced our prices in accordance with present conditions of trade, so that our friends can get the best show for the least money. We get our films where we please, instead of being bound to the pictures of any one exchange, so we have the choice of the world's best.

'Do the dead live?" is the vital question that Khaym will be asked at the Grand. The celebrated mystery man will appear at the Grand for the remaining three days of this week.

Usual matinee on Saturday, with a special matinee on Friday afternoon at 3 o'clock for ladies only.

That agitations caused through the writings of Sir Oliver Lodge, Sir Arthur Conan Doyle, and others in regard to spiritualism and mysticism have aroused the ntierest of the majority of people is positive. "To be or not to be" is a predominate thought in the minds of all, and every person is at some stage of life more or less curious in regard to the hereafter.

eBsides Khaym, there are other high-class acts on the programme. In his cast of Oriental beauties which accompany him will be found Marion Andrew, one of the daintiest dancers of the stage. Fred Andrew and Violet May present an act which attracted attention all over the Keith Circuit last season. Mr. Andrews has toured one hundred thousand miles in foreign countries. The above attraction has no imitations, it being the only novelty of its kind in vaudeville.

AT THE REGENT.

STAR FINDS CHUM ACTING IN HER FILM.

Alice Calhoun Surprised by Friend of School Days.

In one of the scenes of "Closed Doors," the Alice Calhoun production booked at the Regent Theatre to-night, a party is shown in progress. Some forty players were engaged for the production. The scene was in progress when Miss Calhoun looked across the set and saw among the extra players a face that seemed very familiar. The girl looked at the star and smiled. As soon as it was convenient, Miss Calhoun crossed the set and spoke to her. Alice was agreeably surprised to find that the young woman was a former school chum in the public schools of Cleveland.

Since school days Miss Calhoun had lost track of her old friend, but the girl had watched Alice and her work. She, too, had determined to make a success of the movie field and had come to New York with the determination to forge ahead as well as her school chum. For over a half hour the two related anecdotes and talked over events that had occurred since school days. The young woman, while not as successful as Alice, had achieved a fair degree of attainment in the motion picture field.

The party scene is but one of many beautiful sets used in the production. The story is one of unusual interest and filled with dramatic incidents.

AT THE CAPITOL.

VAUDEVILLE, THE McCOYS.

An Old Country Act—"The Invisible Power," a Remarkable Drama.

"The Invisible Power," a Goldwyn picture, coming to the Capitol Theatre, for three days, beginning to-day, is a strong drama by Charles Kenyon, the author of the famous American play, 'Kindling." It is essentially a story of the regeneration of a former thief, but emphasizes the difficulties that his wife undergoes rather than the underworld activities of gangsters.

Irene Rich, as the wife, reveals new depths in portraying pathos and the sacrifices of a mother who prefers to part with her infant rather

The Capitol to-day, Friday and Saturday.

than see her grow up to learn that her father was a thief. House Peters, as the reformed crook, who is hounded by the secret police, gives a manly and romantic performance that will add to his prestige as one of the most appealing leading men now on the screen. This is his first appearance in a Goldwyn picture.

Frank Lloyd directed "The Invisible Power," and Norbert Brodin, the cameraman, succeeded in obtaining some remarkable photographic effects. The settings, designed by Cedric Gibbons, show some new artistic effects never before seen on the screen. Powerful impressions of height and depth are obtained by simple designs of two walls of a cell, or a gate to represent a jail.

A splendid programme of short-reel comedies, serials, etc., and a first-class double vaudeville act from the English music halls, harmony singers, comedians and yodlers. The usual Capitol prices, and new musical selections by the splendid 6-piece Capitol Concert Orchestra.

DEPUTATION FROM CITY IN TORONTO

NEED FOR ADEQUATE UNEMPLOYMENT RELIEF AS ADVOCATED BY THE EXAMINER PLACED BEFORE PREMIER DRURY TODAY

OTHER DEPUTATIONS

TORONTO, Dec. 29.—(Canadian Press).—Premier Drury and members of the Ontario Government this afternoon received delegations from Hamilton, Peterborough and other Ontario cities in regard to the provision of adequate relief for unemployed. It was stated by various spokesmen for the deputations that problems arising from lack of employment in many places in Ontario had reached a critical stage.

With temporary Christmas relief at an end, and outside work in most cases tied up for the winter, some general scheme of municipal relief, with assistance of the Provincial Government, was immediately necessary, it was urged by the delegation.

CONSERVATIVES TO HOLD A CONVENTION

Mr. J H. Burnham has received an intimation that a Dominion convention of the Conservative Association will be called in Toronto at an early date Mr Burnham opines that this will do much to clarify the situation and elimate the group headed by Hon. Arthur Meighen whom he declares has no warrant to exist as a representation of the old Conservative party. "The sooner the party gets back to the old lines the better it will be for Ontario" says Mr. Burnham.

PRESENT DAY BIOLOGISTS DO NOT AGREE WITH DARWINIAN THEORY

PROFESSOR WILLIAM BATESON WAS THE PRINCIPAL SPEAKER AT LAST NIGHT'S SESSION OF THE CONVENTION OF SCIENTISTS NOW BEING HELD IN TORONTO—TRUTH OF EVOLUTION.

TORONTO, Dec. 29.—(Canadian Press).—Standing before the American Association for the Advancement of Science, and welcomed as one of the greatest scientists of England, Professor William Bateson, famed biologist, last night declared that discoveries of the last twenty years had made it impossible for present-day biologists to agree with the Darwinian idea of the origin of species.

So far as that particular portion of evolutionary theory was concerned, the attitude of the speaker was that of agnostic. Where forty years ago the scientist accepts the Darwinian theory as established beyond doubt, to-day scientists had come to the point where they were unable to offer any explanation of the genesis of species.

On the other hand the speaker was emphatic that with reference to reality and truth of evolution in outline, there was no possibility of doubt. That theory which lay at the basis of modern thought had stood searching tests applied by modern scientific methods.

THE CITY POLICE LOCATED THE COW

ANIMAL WAS STOLEN AND SOLD TO SMITH TOWNSHIP FARMER FOR TEN DOLLARS.

A young man 21 years of age, pleaded guilty in police court today to the theft of a cow from Robert Blackwell, a mail driver, and truck farmer of Auburn, and was remanded for sentence. The cow was stolen about 6 p.m. last Saturday night and, according to the police, sold to a well-known Smith township farmer at 8.30 that night for $10.00. Proceedings against this buyer will follow. The accused lives next to Mr. Blackwell on the east side of the river above Auburn. His arrest followed an investigation by Detectives Meagher and Cookman.

INGENUITY OF FRENCH PEASANTS.

One Concealed Money in Muzzles of Shot Gun.

PARIS, Dec. 29. — (Canadian Press)—The ingenuity of French peasants in hiding money has surpassed itself in the case of a man near Lorient who received $1,000 franc note and a 500 franc note in payment for produce. He hid them in the muzzle of his doube-barreled shotgun believeing that would be the last place thieves would search for money.

He made a mistake, however, in not taking his wife into the secret. A neighbor called a few days later, in the absence of the man of the house and asked for the loan of the gun to get a hare.

The hare escaped and when the peasant came in that evening his wife remarked that the neighbor must be a very bad shot.

"Why?" the peasant asked.

"Because he used both charges of your gun on a hare without hitting it."

"My shot gun?" inquired the peasant with a gasp, at the same time making for the corner where the weapon hung.

The civil court of the department of Morihan will have to decide the delicate point of law whether the neighbor is responsible for the loss of the 1,500 francs.

DISCOVERS CURE FOR SLEEPING SICKNESS

CHESTER, Eng. Dec. 29—(Canadian Pess)—A cure for sleeping sickness has been discovered in Germany, according to Professor Newstead, of the Liverpool University, who related how a man who had spent soe years in Africa went to Liverpool University where he was found to be suffering from sleeping sickness.

The man, along with a young medical student, was sent to Germany and, said the Professor, 'with more credit to the Germans, he came home within a month completely cured."

The Germans, he said, had discovered a new drug, which had proved invaluable in the cure of sleeping sickness.

GEOLOGISTS MEET, ANNUAL CONVENTION.

AMHERST, Mass., Dec. 29. — (Canadian Press). — More than 200 eminent geologists, representing virtually all of the principal colleges, universities and scientific societies of the United States and Canada, met in Williston Hall, Amherst College, yesterday, for the first sessions of the three days' programme, marking the 34th annual meeting of the Geological Society of America and its associate bodies.

RELIC OF EGYPTIAN WOMEN OF FASHION

LONDON, Dec. 29.—(Canadian Press)—A consigment of eastern vanity bottles 2,000 years old has just reached London. Some were found with mummies of Egyptian women of fashion; others came from a Roman tomb in Nazareth.

They are stibium pots from the toilet tables of vanished beauty. Stibium is a preparation of finely powdered antimony with which the Egyptian women darkened their eyelids and penciled their eyebrows.

Time has made these little vanity botles very thin and irridescent. They shine with beautiful prismatic tints of rich gold, green, blue, purple and red. When they arrived, they were full of desert sand. Held against the light, they show that a dark deposit has eaten its way into the class; it is 20-centuries old eye paint.

NEW ORGANIZATION.

WINNIPEG, Man., Dec. 29.—The formation of a chapter of the United Order of Canadians of the Dominion of Canada is now under way in Manitoba, and many prominent citizens of Winnipeg have identified themselves with the new organization in making application for a Provincial charter.

The organization was first formed in Regina, a Federal charter being obtained last September. The aims are set forth: "To improve the social, intellectual and moral conditions of the members of the society and to educate them in integrity, sobriety and frugality and to give all moral and material aid in its power to its members and those dependent upon them."

The prospectus of the new order says: "We believe that a United Canadian brotherhood promoting the aims and objects of the order will assist in solving the social, economic and national problems of the Dominion of Canada.

RESULT BELFAST RIOTS.

BELFAS, Dec. 29. — (Canadian Press.)—Official figures made public here to-day show that during the year 110 persons, including eleven policemen, were killed in districts and that 540 had been wounded by bullets or bombs.

ROTARIANS WILL REPORT THE RESULTS

HEADQUARTERS WANTS TO KNOW WHAT WAS DONE LOCALLY TO DISSIPATE CHRISTMAS CHEER

INFLICT A SONG ON THE VISITORS

(By F. H. Dobbin).

Deferred from Monday until Wednesday because of the Christmas reunions, etc., Rotary met for luncheon. The tables, which are now arranged as an "E," will have to be rebuilt so as to carry the middle member further along the room. Each successive luncheon hour brings recruits and visitors. Those of Wednesday included Gordon Johnston, Rev. R. C. Blagrave, D.D., G. T. R. McNab, Bruce Gillespie, Kiwanians Walter Stocker and La Mode Jack McNabb, with A. W. Seals and Rotarian Rev. F. J. Sawers, of Cobourg, Bob Hendry, Ryerson Ritchie and Col. W. M. Ponton, of Belleville. The latter had remained over from the Masonic event of the night before, and spoke to the Rotarians in happy vein. Taken altogether, the session was unusually long and unusually good. Well worth the price of admission.

New members were welcomed in Rotarians Edward R. Wright, W. J. Thompson and Walter Belleghem. These were handed to the tender care of experienced members for initiation.

It seems that headquarters requires a report as to what the club and members had done to make Christmas for folks who were without Christmas cheer. So reports from each two members to whose care a family had been assigned, will place on paper what they had done, and send in to the Convener of Reports, Rotarian Harold Young, or to Rotarian Albert Fowler, just as one prefers.

In anticipation of visits from Rotary Clubs in the vicinity, and indeed from afar, it is desirable that Peterborough Club shall get and hold a song, very special and all its own. Also to use said song when from home and in festive concourse with others. Rotarian MacHardie was handed the duty of looking up suitable words, original or purloined, to be afterwards set to a captivating and hilarious tune by Rotarian Asa Huycke, who is skilled in melodies and madrigals and such things. To show how easy it is to get rid of responsibility, Rotarian MacHardie at once delegated the duty of composition to Rotarian Killaly, who affirmed that it was out of his line, he not having any hereditary dexterity as a poet. Besides, he doubted if the Department of Railways and Canals would stand for a rhyming superintendent. His protest was lost in a round of approval. In this connection the attention of Rotarian Killaly is respectfully directed to a very fine sample of Poetic Muse, once in vogue in this city, and remarkable for its harmonious arrangement. To start off Rotarian Killaly, we quote a couple of lines:

"Here's to the Bessie Butler,
The Jag-Ship of the Trent."

Anyone who remembers the poem may coach the coming poetic writer on its fine points as an illustrative example.

Christmas Greetings.

Christmas greetings from local Kiwanis and from International Headquarters were read and received. Then the members settled down to hear Mr. Ryerson Ritchie on "Municipal Politics." In opening his brief address, he complimented Rotary on its spirit and optimism. The Club had taken up certain ideals and was making them practical. The spirit was in standing together in a hopeful way to accomplish. Working in co-operation for the community and its future life. Peterborough was ambitious and that was not a bad feature. But it should ensure its future by planning ahead. For we do things on the impulse of the moment or to have them arranged so that they would answer for the time being, forgetting that we should plan for the future. When we reach a population of 100,000, the things we now have prepared will be largely valueless. Cities just grow and then expand. When a place has its habits settled and a certain status established then changes become costly, at the beginning of a period of development. So it followed that expenditure for a permanent civic improvement that

MAYORALTY CANDIDATES INVITED TO SPEAK

MR. PAPPAS INVITES MR. TAYLOR AND MR TURNER TO SPEAK FOR TEN MINTUES TONIGHT AT ROYAL THEATRE.

In order to enable the citizens who attend the Royal Theatre to hear the Mayoralty candidates, Mr. Pappas has issued an invitation to Mr. Taylor and Mr. Turner to be present tonight at 9 o'clock and speak for ten minutes. This will not interfere with the regular programme in any way, and what the candidates have to say may be of assistance in settling the question for whom to vote.

CHARACTERS FOR THE PASSION PLAY

OBERAMMERGAU, Dec.28. — (Associated Press)—The long list of characters for the Passion Play, which will be produced here a number of times in 1922 have been selected, and rehearsals have begun. The chief roles will be played again by veterans some of whom have participated in the presentations for 40 years.

Anton Lang will portray the character of Christ for the third time. Anton Lechner will be prologuist for the second time. Other characters will be: Peter, Andreas Lang; John, Melchior Breitsamter; Juda, Guildo Mayr; Caiaphas Mugo Rutz; King Herod, Gregor Breitsamter; Annas Sebastian Lang; Pilate, Hans Mayr; Mary, Martha Seitz; Magdalene, Paula Rendl.

One of the last selections was Guido Demer for choir leader. There has not been a performance of the play for 80 years that a Diemer was not leader of the choir or one of the important singers in it. Guido Demier took part in the war, first as an artillerist and later as an aviator. In 1919 he dedicated his life to the study of singing, and shortly afterward appeared with pronounced success in various church concerts.

The Passion Play committee decided not to violate Oberammergau tradition by permitting pictures to be taken of the play. American moving picture representatives approached the committee with offers of millions of marks, but their proposals were promptly rejected.

EGGS SHOW TENDENCY COME DOWN IN PRICE

OTTAWA, Dec. 29.—(Canadian Press) The reported condition of the United States markets for fresh eggs with a disposition to decline together with an increase in local receipts, is responsible for signs of weakness in local market. Ontario track shippers are reported paying 58 to 60 for straight gathered making sales at 62 to 65 f.o.b. Vancouver reports arrival of Empress of Russia with 5,824 cases eggs from China and Japan of which 700 are for Montreal, 2,000 for Ottawa, balance Chicago and New York.

PRIZE FOR ESSAY.

SANTIAGO, Dec. 29.—(Associated Press).—A prize has been offered by W. M. Collier, the new American Ambassador, to students in the English department of the University of Chile for the best essay, written in English, on "The Relations Between the United States and Chile."

LOWER COST OF CLOTHES IN MONTREAL

INCREASE IN PRODUCTION OR A CUT IN WAGES IS THE ULTIMATUM OF THE ARBITRATION BOARD.

TELEGRAPH BRIEFS

NEW YORK, Dec. 29.—(Canadian Press).—Declaring that the cost of manufacturing clothing in Montreal is too high and that there is little possibility for revival of work until costs are reduced, a Board of Arbitration set up in that market to consider wages for the coming season has ruled that workers shall increase the production from ten to fifteen per cent., and wages to be reduced ten per cent. at the end of the month if increases in production is not given.

A PRESENTATION TO MRS. WELBOURN

In recognition of her services as teacher during the past year the Cheerful Worker's Bible Class of St. James Sunday School at the close of a business meeting on Friday night presented Mrs. J .N. Welbourn with a cut glass sugar and cream set and eulogistic address was read. Mrs. Charles Hill secretary-treasurer of the class read the address while Mrs. Davis, class president made the presentation. aFolowing the presentation the class sang, "She's a Jolly Good Teacher" and the class were entetained at supper by the Social Committee. The address read to Mrs. Welbourn follows;

Dear Mrs. Welbourn:—It is with great pleasure that we the members of your class have gathered here tonight.

A class could not get anywhere without a teacher, our success is due to our teacher who's heart and mind is with the class.

Owing to illness you were compelled to give up all your activities in the church, but you were still loyal to your class, and as a token of our appeciation we ask you to accept this gift from the class who pray that you may be long spared to act as our teacher.

The members of the class join in wishing you and yours; A Merry Christmas and a Happy New Year.

Signed on behalf of the Class.

Mrs. Chas. Hill.
Secretary Treasurer

BULL-DOG DRUMMOND

BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

"Can it be possible," thought Hugh grimly, "that such as these have the power to control big destinies?" And then, because he had some experience of what one unbalanced brain, whose owner could talk, was capable of achieving; because he knew something about mob psychology, his half-contemptuous amusement changed to a bitter foreboding.

"You fool," he cried suddenly to the Russian; and everyone ceased talking. "You poor damned boob! You—and your new earth! In Petrograd to-day bread is two pounds four shillings a pound; tea, fifteen pounds a pound. Do you call that freedom? Do you suggest that we should wade to that, through rivers of blood?" He gave a contemptuous laugh. "I don't know which distresses me most, your maggoty brain or your insanitary appearance."

Too surprised to speak, the Russian sat staring at him; and it was Peterson who broke the silence with his suave voice.

"Your distress, I am glad to say, is not likely to be one of long duration," he remarked. "In fact, the time has come for you to retire for the night, my young friend."

He stood up smiling; then he walked over to the bell behind Hugh and rang it.

"Dead or mad—I wonder which." He threw the end of his cigar into the grate as Hugh rose. "While we deliberate down here on various matters of importance we shall be thinking of you upstairs—that is to say, if you get there. I see that Lakington is even now beginning to gloat in pleasant anticipation."

Not a muscle on the soldier's face twitched; not by the hint of a look did he show the keenly watching audience that he realised his danger. He might have been an ordinary guest preparing to go to bed; and in Peterson's face there shone for a moment a certain unwilling admiration. Only Lakington's was merciless, with its fiendish look of anticipation, and Hugh stared at him with level eyes for a while before he turned towards the door.

"Then I will say 'Good night,'" he remarked, casually. "Is it the same room that I had last time?"

"No," said Peterson. "A different one—specially prepared for you. If you get to the top of the stairs a man will show you where it is." He opened the door and stood there smiling. And at that moment all the lights went out.

II

The darkness could be felt, as real darkness inside a house always can be felt. Not the faintest glimmer even of greyness showed anywhere, and Hugh remained motionless, wondering what the next move was going to be. Now that the night's ordeal had commenced, all his nerve had returned to him. He felt ice cold; and as his powerful hands clenched and unclenched by his sides, he grinned faintly to himself.

Behind him in the room he could hear an occasional movement in one of the chairs, and once from the hall outside he caught the sound of whispering. He felt that he was surrounded by men, thronging in on him from all sides, and suddenly he gave a short laugh. Instantly silence settled; strain as he would he could not hear a sound. Then very cautiously he commenced to feel his way towards the door.

Outside a car went by honking discordantly, and with a sort of cynical amusement he wondered what its occupants would think if they knew what was happening in the house so near them. And at that moment someone brushed past him. Like a flash Hugh's hand shot out and gripped him by the arm. The man wriggled and twisted, but he was powerless as a child, and with another short laugh Hugh found his throat with his other hand. And again silence settled on the room. . . .

Still holding the unknown man in front of him, he reached the foot of the stairs, and there he paused. He had suddenly remembered the mysterious thing which had whizzed past his head that other night, and then clanged sullenly into the wall beside him. He had gone up five stairs when it had happened, and now with his foot on the first he started to do some rapid thinking.

If, as Peterson had kindly assured him, they proposed to try and send him mad, it was unlikely that they would kill him on the stairs. At the same time it was obviously an implement capable of accurate adjustment, and therefore it was more than likely that they would use it to frighten him. And if they did—if they did . . . The unknown man wriggled feebly in his hands, and a sudden unholy look came on to Hugh's face.

"It's the only possible chance," he said to himself, "and if it's you or me, laddie, I guess it's got to be you."

With a quick heave he jerked the man off his feet, and lifted him up till his head was above the level of his own. Then clutching him tight, he commenced to climb. His own head was bent down, somewhere in the regions of the man's back, and he took no notice of the feebly kicking legs.

Then at last he reached the fourth step, and gave a final adjustment to his semi-conscious burden. He felt that the hall below was full of men, and suddenly Peterson's voice came to him out of the darkness.

"That is four, Captain Drummond. What about the fifth step?"

"A very good-looking one as far as I remember," answered Hugh. "I'm just going to get on to it."

"That should prove entertaining," remarked Peterson. "I'm just going to switch on the current."

Hugh pressed his head even lower in the man's back, and lifted him up another three inches.

"How awfully jolly!" he murmured. "I hope the result will please you."

"I'd stand quite still if I were you," said Peterson suavely. "Just listen."

As Hugh had gambled on, the performance was designed to frighten. Instead of that, something hit the neck of the man he was holding with such force that it wrenched him clean out of his arms. Then came the clang beside him, and with a series of ominous thuds a body rolled down the stairs into the hall below.

"You fool." He heard Lakington's voice, shrill with anger. "You've killed him. Switch on the light. . . ."

J. J. TURNER SPOKE FOR TEN MINUTES

SPOKE ON CIVIC ISSUES—WILL SPEAK AGAIN TONIGHT

Addressing the audience at the Grand Theatre between the second and third acts of the Rex Stock Company's presentation last night, ex-Ald. J. J. Turner, candidate for Mayor, stressed the need here for a strong, wide-awake civic administration because of the industrial future of Peterborough. Mr. Turner felt that Peterborough was destined for great things in the industrial world, and he pointed out that already its products go to all four corners of the earth.

On the civic government rests a responsibility to keep Peterborough to the forefront, the candidate declared, and, if elected, he was prepared to devote himself with wholehearted zeal to every effort that would advance the city. He believed the city must be continually "boosted" or a disastrous languishing might occur.

Ex-Ald. Turner found time to refer to his participation in public affairs in his brief ten minutes, and he stressed the point that in Biblical times, through the death of Joseph, the condition of his people had been changed in a single night from one of influence to slavery and Joseph's great name forgotten, and ex-Ald. Turner, while not aspiring to be a Joseph, said he was bringing his name before the people as he considered he was well-qualified to assume a leadership in this city and guide it in a manner comparable with the way Joseph guided the destinies of ancient Egypt.

M. Pappas, manager of the Royal Theatre, has invited both speakers to make short appeals to the electorate at the theatre to-night and Candidate Turner announced to-day he would accept, and also stated that Friday night he was speaking in the Capitol Theatre, and on Saturday night would again be at the Royal.

THE ARTFUL ADVERTISER.

A local advertiser offered his church free hymn books if they would consent to the insertion of his advertising. They accepted the offer and got the hymn books.

On the following Sunday the minister announced: "Brethren and Sisters, we will use our new hymn books this morning. I want to say that the gentleman who so kindly donated them must have experienced a change of heart. I have looked through the fly-leaves in both the front and back and nowhere do I find a single advertisement. Let us sing hymn Number 67."

Turning to the hymn he read aloud:

"Hark, hark the heavenly voices ring,
Bunkem's pills are just the thing.
Angels' voices, soft and mild,
Two for man and one for child."

TODAY'S NEWS OF THE DISTRICT

APSLEY G.W.V.A. NOW ORGANIZED

STARTS UNDER AUSPICIOUS CONDITIONS — OFFICERS ELECTED —REV. SPENCE HONORARY MEMBER—METHODIST ENTERTAINMENT.

ADDRESS ELECTORS

APSLEY, Dec. 29.—Following the nomination for Reeve and Councillors the candidates were given the opportunity of addressing the electors. Reeve Brown, who was called upon first, ably defended the Council's policy during the past year and stated that the increase in the taxes of 3 mills was due to causes over which the Council had no control, namely, the increase in cost of printing and the increase of $200 in the county rate. The raising of the dog tax from $1 to $2 was nothing to do with the Council, this being fixed by the Legislature. Two hundred and ninety-two dollars and seventy-five cents had been paid out this year for sheep killed, of which sum over $200 was for sheep killed in 1920. The Reeve claimed that he had done good work in securing grants for improving the roads, a sum of over $2,000 having been expended on the work, of which only $500 came from the ratepayers.

Norman Lean, candidate for Reeve, in a short address, thought that if the sister township of Chandos could reduce the tax rate by six mills, there was no necessity for Anstruther to raise three mills. He claimed the support of the electors on his six year record.

George Matthews, in asking for his return as councillor, said that in 24 years of service only two faults had been found in him. Other candidates also spoke.

Rev. W. Hall in closing the meeting, said that the new Council must take up the question of better education, which was far more important than the roads.

The proceedings closed with the singing of God Save the King.

Christmas Tree.

The annual Christmas tree and entertainment of the Methodist church was held on Christmas eve and was an unqualified success. Tea was served in the town hall to about 105, of which number thirty Sunday school scholars were free guests to tea and concert. After tea adjournment was made to the Methodist church, where the concert was held, presided over by Reeve Brown.

The church was comforably filled, though many from a distance were prevented from attending on account of the slippery condition of the roads, which were not safe for travelling without sharp-shod horses. The distribution of gifts from the tree was not the least enjoyable part of the proceedings, especially to the younger people, about 65 Sunday school scholars receiving presents, besides many other private gifts being distributed. The total proceeds amounted to $47.75.

I.O.D.E. RAISE FUNDS FOR THE PARK MEMORIAL GATES—INFLUX OF HOLIDAY VISITORS.

MRS. DICKSON HONORED

HAVELOCK, December 29. — A pleasant evening was spent at the home of Mrs. R. S. Dickson, when the Harry Lauder Chapter, I.O.D.E., presented her with a life membership in the National Order of I.O.D.E.

This was a Christmas gift from her friends. Mrs. Dickson returned fitting thanks, and expressed her appreciation of standing so high in the esteem of her sister members.

Refreshments were then served, and a jolly evening spent. The Chapter also discussed how money could be raised for the park memorial gates, and as a commencement, a dance will be held after New Year's.

Box Social.

A box social and concert in the Town Hall, Belmont, on Saturday evening was largely attended. Everybody reported a good time.

Santa Generous.

Rush Point Methodist Sunday School Christmas tree and entertainment on Friday was a success in every way. Twenty-three dollars were realised, and Santa Claus was generous with his presents.

Personal Mention.

Thomas Buchanan, of Belmont, has passed away after five years' illness from rheumatism. He is survived by his wife and one daughter Madeline. The body was brought to Maple Grove Cemetery for interment.

Bad Fire.

The McNichol Hotel, used of late as a tenement house for three families, has been badly damaged by fire which started on the top storey, occupied by Mr. Dafoe. The blaze originated from an overheated stove pipe. The loss is covered by insurance to the extent of $1,000.00.

Raised Salaries.

The School Board has voted Misses Falkner and Long $150.00 a year increase.

Deeds speak louder than words in a real estate transaction.

Some people consider before they promise how they can best get out of keeping that promise.

TELEGRAPH AND CABLE NEWS

AN AUXILIARY FORCE.

MONTREAL, Dec. 29.— (Canadian Press.)—Claiming that banks, financial institutions, insurance companies, public bodies and the citizens of Montreal in general, as well as the board of trade and chambre de commerce, had repeatedly complained of lack of police protection in this city, a delegation of officers of the Ex-Service Men's Welfare Association waited upon Chief of Police Belanger here yesterday afternoon and stated that they were in a position to organize an auxiliary force to co-operate with the city police at short notice.

INDUCTION AT MONTREAL.

MONTREAL, Dec. 29.— (Canadian Press.)—The induction of the Venerable Archdeacon Arthur Carlyle, at present of Windsor, Ont., as rector of Christ Church Cathedral, and his installation at dean of Montreal, will take place in the Cathedral here Friday evening next.

The service will be held under the direction of the bishop of Montreal, and it will be conducted according to the new prayer book of the Canadian church, this being the first time it will have been used in the cathedral.

LODGED A PROTEST.

CALGARY, Dec. 29.—Officials of the United Mine Workers of America in district 18 have lodged a protest with Attorney General J. E. Brownlee regarding the manner in which they allege special constables sworn in at Drumheller are seeking to intimidate miners now on strike in that district.

CONDUCTOR RETIRED.

WINNIPEG, Dec. 29.—(Canadian Press.)—William Fogg, senior conductor of the Canadian Pacific Railway with 43 years' experience as a railroader, 36 of which he has been a conductor, has been superannuated. He bears the enviable record of never having lost a passenger.

Mr. Fogg was forced to retire before making his final trip as a result of an accident at Fort William last week. He would have concluded his railroad career December 31.

PROVINCIAL CABINET HELD A MEETING

WINNIPEG, Dec. 29.—(Canadian Press)—Following a meeting of the provincial cabinet yesterday Premier T. C. Norris announced that the Manitoba legislature would convene on January 12 for a session which would probably last eight or ten weeks.

Premier Norris will again meet the legislative assembly with a minority of members in his party. In government circles, however, it is not expected that the premier will have any difficulty in securing sufficient support for measures during the session.

WILL CONFER WITH THE HEADS ON LIQUOR ISSUE

EDMNTON, Der. 29.—(Canadian Press)—Conferences with Premier-elect W. L. Mackenzie King on liquor legislation looking toward closer working arrangements between the Dominion and Provinces on matters which vitally affect both; with Attorney-Genera Raney, of Ontario, wth respect to bringing about uniformity in company legislation and with Premier T. C. Norris, of Manitoba, on questions which affect the two provinces, constitute the program which attorney-general attempt to force the adoptin by the next three weeks.

REFUSES TO ACCEPT SETTLEMENT PROPOSAL

KOVNO, Lithuania, Dec. 29.—(Canadian Press)—Lithuania has replied to the president of the Council of the League of Nations, declining to accept the Council's recommendations for a settlement of the dispute between Poland and Lituania over Vilna, it was learned here. The Lithuanian communication expresses regret and asks that Lithuania be allowed to elucidate her views at the next meeting of the Council.

RAW SUGAR STRIKES A NEW LOW LEVEL

NEW YORK, Dec. 29.—(Canadian Press.)—Raw sugar yesterday plunged to the lowest level in 15 years, and within a quarter of a cent of the lowest ever reported. The price for Cubas, cost and freight, was 1 3-4c. a pound.

Refined sugars shared the break in raws and was quoted at 4.90c. a pound for fine granulated. This was the first time in many years that it sold for less than five cents.

THE MONTREAL MARKET.

MONTREAL, Dec. 29. —(Canadian Press.)—The domestic market for cash grain was without special feature yesterday. There was no important chaneg in the condition of the flour market. The undertone to dlillfeed is strong with a continued good demand. The rolled oats market was firm. A steady feeling prevails in baled hay. An easier feeling is showing in the egg market, with some decline in prices. The market for potatoes is quiet. Business is dull both in butter and cheese.

IS BADLY HANDICAPPED.

WINNIPEG, Der. 29.—(Canadian Press)—"I'm tongue-tied and deaf," declared E. J. McMurray, Liberal member-elect for North Winnipeg, when asked last evening for a statement regarding his reported appointment to the King Cabinet as Minister of the Interior.

VALUE FARM CROPS IN THE UNITED STATES

WASHINGTON, Dec. 29.—(Canadian Press.)—The important farm crops of the United States this year were valued at $5,675,877,000 yesterday by the Department of Agriculture, in its final estimates of the year. That is almost $3,400,000,000 less than last year's crops were worth, and $8,000,000,000 less than the crops of two years ago, when high prices prevailed for farm products. The values are based on prices paid to farms on December 1, and the crops comprise about 90 per cent. of the value of all farm crops.

There were only two billion-dollar crops this year—corn and hay—while last year, four crops were valued at a billion dollars or more. Production was below last year for almost every crop, although the acreage of the important crops were slightly larger.

The area devoted to the important crops this year was 348,336,000 acres, compared with 349,067,000 acres last year.

PROBABILITIES.

Fresh northwest and west winds, decreasing to-night; fair with somewhat lower temperature.

Eating Bodies Of Their Dead

RIGA, Dec. 29. — (Canadian Press.)—The first official report of cannibalism in the famine districts of Russia has been made to the All-Russian Soviet Congress by Delegate Ovsienko of Samara, according to a despatch to the official Rosta News Agency, dated Moscow.

"At Ramikoveksy, the parish people are eating the bodies of their dead," Ovsienko told the congress. "It is dangerous to bury the famine victims in the presence of the people, and guards must be kept over them until they are in a state that makes eating impossible."

Ovseimko said that Dr. Fridtjof Nanson, High Commissioner of the International Committee of Russian Relief, even though a hardened explorer, returned to Moscow sickened by the scenes he witnessed in the strickened districts. The speaker said that children are being taken to the Steppes and left there to die; that mothers, maddened by their experiences, cut the throat of their babes.

At the beginning of January, continued Ovsienko, the Soviets, with all their outside aid, will be able to feed only half the starving children, and only one twentieth of the adults. The rest of the people would have to die while awaiting help.

BRITAIN HAS GONE LIMIT

LLOYD GEORGE DECLARES TREATY PLACES IRELAND ON AN EQUALITY WITH OTHER STATES OF THE EMPIRE.

DUBLIN, Dec. 29. — (Canadian Press.) — Exhaustive inquiries in Dublin failed to confirm the report that a compromise had been reached by the Dail Eireann leaders insuring ratification of the treaty. So far as can be ascertained the position has not changed since adjournment of the Dail.

"No British statesman could go further than we have gone," declared Lloyd George; no British statesman could consider any proposal involving Ireland being out of the Empire.

"The treaty places Ireland on an equality with the other States of the Empire and gives Ireland the same claim to membership in the League of Nations and every right that Canada has in law, fact and constitutional practice; and not merely rejection but alteration even, of the treaty would render it null and void. This would indeed be deplorable in the interests of both countries.

A TERRIBLE DEATH TOLL.

Some motorists are inclined to rumble because the newspapers ersist in calling attention to the ct that reckless and careless driv- g is making the motor car a dead- menace on the streets of Cana- ian and United States cities. But ow can the papers keep silent in e face of such statistics as have st been issued in Chicago? With ur days left to complete the year, ere have been 1,692 people killed motor car accidents in Chicago nce last New Year's Day. The ajority of these tragedies were aced to reckless driving and to the andling of cars by people under e influence of liquor. When the opulation of a good-sized village is iped out in one year in one city, is time that we began to size up e situation more seriously than er.' The death rate from motor cidents continues to increase, and ore rigid precautions will have to e adopted to check the speed fiends nd save the lives of pedestrians and otorists. If the penalties for reck- ss driving are not severe enough, ey must be increased, and the law ust be allowed to take its course ithout interference, such as mark- d a recent case in Toronto when young man sentenced to a year r manslaughter after killing a man ith his car was released after serv- g 23 days.

KIWANIS PARK.

The enterprise and public spirit of e Kiwanis Club are to save for eterborough a park that the short- ghtedness of the ratepayers had pparently lost. The decision of the Kiwanians to purchase thirty- acres of the Armour's Hill and convert it into a public known as "Kiwanis Park" ly perhaps to include a memory of the Pet- who died in the that again demon- of the organization ce to the community. hy the ratepayers of Peterborough rned down the chance to acquire is property for $3,000 when the by- w was submitted to them has al- ays been a mystery. The measure as rejected in all parts of the city, ot even Ashburnham, which would ave been particularly benefitted by park situated on Armour's Hill, owing a favourable majority. The te is admirably adapted for park rposes. It commands an unequal- d view of the whole city and the rrounding countryside, while the ose proximity of the Trent Canal d the world-famous Lift Lock rms an added attraction. The Ki- anis Club have earned the grati- de of the citizens generally, and iwanis Park will become one of eterborough's beauty spots and the lecca of hundreds of visitors when e proposition has been fully de- loped.

MAKING A CHOICE.

On Monday the citizens of Peter- orough, or at least those who real- e the necessity of exercising their anchise, will begin the New Year selecting the civic government r 1922. That is a task about which ere should be considerable thought. oo often men are elected because ey are good fellows, good "mix- s," good "jolliers"—their ability or ck of it being entirely ignored. atepayers will vote for a candidate r an important civic position whom ey would hesitate to engage in eir own business. They will en- ust the task of administering a vic department to a man to whom ey would not give a commission run a corner grocery for them. It is about time there was a gen- al realization of the fact that the anagement of our city, of its light d water facilities, of its schools, of e various departments of public rvice, is a matter about which we ould have serious concern. Mis- anagement, inefficiency, inability size up business propositions, a ndency to listen to vote-catching oposals, these things are not con- ucive to reduced tax rates or an economic administration. And so long as we judge men by their promises rather than by their records, either in public life or in their own business, so long as we continue to elect those who are personally popular, rather than those who are personally efficient, we cannot expect to have a civic government that will function properly. There are contests for the Mayoralty, Utilities Commission, Board of Education and City Council. In each case the ratepayers would be well advised to investigate the field closely, study the candidates from the viewpoint of their value in the position to which they are aspiring, put on one side any personal feeling one way or another they may have and endeavour to select the men whose record in public life and whose success at their own business makes it fairly certain that they will be able to give good service in handling the city's business. The careers of most of the candidates are, fortunately, well known to the electors—from them they will be able to form a reasonably accurate estimate of what can be expected of them if they are chosen. Merit and ability should constitute the rule by which the candidates will be measured. Applying any other test is a dangerous experiment which may end disastrously. We cannot afford to take chances. Every ratepayer is a shareholder in the city's business and every ratepayer should use the same care and judgment in selecting the civic management as he would in choosing a board of directors for a private company in which he happened to own stock. The best men, the men with enterprise and ability, should be the successful candidates on Monday, and they will be if the ratepayers put personal prejudices and petty differences of opinion on one side and consider the city's interests first.

DOES HONESTY PAY?

One merely gropes in his efforts to analyze the psychology of crime. In seeking for the motives which lead men to steal, the outstanding disclosure is that most of them do not pause to think at all. If they thought soberly about the matter, weighing losses and gains, the truth would surely come to them that no man ever becomes a thief to his real profit. He may despoil another and even escape detection. He may be detected and still avoid punishment. But in the final reckoning he must find that he has robbed himself of something infinitely more valuable than the sum of his loot. Aside from both the moral and material aspects, everybody ought to realize that the winnings are not commensurate with the risks. In a considerable percentage of cases the offender is caught, and in that event he not only suffers the loss of his liberty, but often brings cruel hardships on innocent dependents or other relatives.

This matter has been engaging the attention of educationists in the United States, and it has been resolved to commence a nation-wide and sustained campaign among school children. That is certainly the right place to start. The fundamental purpose is to teach boys and girls that honesty pays. They are apt to cast a superficial glance around and jump to wholly unwarranted conclusions. President William B. Joyce, of the National Surety Company, is at the head of this new and timely movement. He points out that a general deterioration in moral fibre has resulted in the losses from robberies and embezzlements being increased tenfold during recent years. The surety companies of the United States and Canada are losing $10,000,000 a year from burglaries and $5,000,000 a year from embezzlements. The wave of crime is general. He adds:

"American children read of the seeming success of these crimes. They never read of the subsequent punishment of the criminals because trials and convictions are rarely prominently featured in the newspapers. American children are obtaining the enormous impression that crime is much more often successful and much less frequently and severely punished than it really is. Never have American children so greatly needed daily lessons in the practical wisdom of honesty. Never have they so greatly required continual lessons in the world-old truth that honesty is the greatest of all virtues.

"Lessons showing that honesty is the foundation of all successful business; and that, without honesty, education is of very little value, should become a regular part of our American public school training."

These truths are not generally realized. If they were there would be less crime in the land. The other day the distressing spectacle was presented in our own city of a comparatively young man, in a high position of trust and certainly not impelled by acute need, resorting to theft for the purpose of acquiring unearned money. His fate is a matter of such recent record that details are unnecessary. While serving his sentence, and contemplating the difficult road which bars his restoration to a position in society corresponding to that which he forfeited, he will have abundance of opportunity to curse himself for a fool. He was a fool. He was attempting the impossible. All men are fools who steal, ars are all men who cheat. In imagining that along that road lies anything worth while, no matter whether or not they escape immediate punishment, they are absolutely deluding themselves.

Honesty always pays. Dishonesty always loses. In accepting the postulate that virtue is its own reward, one merely gives assent to a self-evident proposition in profit and loss. In doubting it, one takes the first step toward inevitable misery. That must be so, since in the ultimate analysis no man can avoid the tribunal of his own conscience. Punishment by the law has little to do with it. The man who knows he has disgraced himself in his own eyes carries a retributive lash in his breast more cruel, more enduring, than any scourge ever devised. This brings us back to the primary thought that hesitation and common sense would save every would-be thief. And yet the strange and discouraging thing is that it should be necessary in our time to preach such an obvious truth. The widely cherished belief that thousands have succeeded by the road of dishonesty is simply a delusion. No man in all history ever won anything worth having except by methods which answered to the highest tests of right and wrong. This is not a sentimental sermon. It is a plain sum in elementary mathematics.—Ottawa Journal.

EDITORIAL NOTES.

There won't be plums for all the political Jack Horners who want to stick their thumb into the Cabinet pudding.

After all, this comes pretty close to being Old Home Week. They're here from far and wide, and everybody is glad to see them.

Mr. Meighen has succeeded in finding a seat. He is not likely to complain of the delay in forming the new Cabinet.

The Montreal Star's solicitude for the Liberals of Quebec savours of the C.P.R. publicity department.

The heading, "McIntyre Lower in Heavy Selling," refers to a mining exchange feature and not, as might have been inferred, to the local contest for the Utilities Commission.

An Ottawa Mayoralty candidate collapsed on the platform the other night. Generally, it is the platform itself that gives way.

Now it is a case of "Do your Christmas swapping early."

STIRLING NEWS

STIRLING, Dec. 29.—Stirling municipal nominations were held Monday, Dec. 26 from 12 noon until 1 p.m. There was ten nominees for Council, with much interest shown in the affairs of the village. Those standing for election: Reeve, C. McGuire; Councillors L. Meiklejohn, T. Montgomery, C. Vanallen, D. Burkett, H. Morton, E. Bailey. School board, J. Morton, Dr. Walt, H. Halin, H. Martin.

The Reeve C. McGuire, gave a good report of the work done by the Council for the last year and every one was pleased to hear how well the work had been handled. Mr. McGuire was re-elected by acclamation for the coming year 1922.

Miss Evelyn Moore and her sister, from Toronto, were guests at John Moore's for the Christmas holidays.

Willie Hall, of Toronto, spent Christmas with his sister, Mrs. Heath.

The Early Bird, a comedy drama in three acts, was played to a large audience Monday evening. The play was put on by local talent under the auspices of the Methodist church. Receipts were over $100.

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of hydrochloric acid sours the food and forms gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that Indigestion is caused by Hyper-acidity, meaning, there is an excess of hydro-chloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble wth excellent results.

Wise and Otherwise

Well, old 1921 brought us a lot of troubles, but ennui wasn't one of them.

Everyman's Problem

"If I save the same amount during the next ten years of my life that I have saved during the past ten years, how much will I be worth?" What will be the answer in your own case? Are you proud or ashamed of your Bank Account? It is better to say "I'm glad I saved" than "I wish I had". No man ever retired on the money he spent.

COMPLETE INDEPENDENCE FROM BRITISH EMPIRE

AHMEDABAD, British India, Dec. 29.—(Canadian Press)—An atempt to force the adoption by the Indian Nationalist Congress yesterday of a moion providing the complete independence from the British Empire should be attained by "possible and proper means," instead of "legimate and peaceful menas," was frustrted by Mahatma Gandhi, the Nationalist leader, who warned the Congress against alienating the sympathies of the moderates.

Branch G.W.V.A.

The adjourned meeting of the proposed branch of the G.W.V.A. was held in the parish room on Monday evening last, and was attended by thirteen returned men, Mr. W. Scott was elected chairman. It was hoped that some of the Lakefild members would attend, but no word has been received from them, the secretary reported. After discussion it was decided to go ahead and form a branch and the following officers were elected: President, Russell Hales; Vice-Pres., Charles Smith; Sec. ,Will Parks; Asst.-Sec., Harvey Trickey.

Rev. C. A. G. Spence was asked to become the first honorary member, and assented, declaring that he appreciated the honour conferred upon him by their request. As soon as Headquarters is heard from the date for the formal organisation of the branch will be decided upon, and from the enthusiasm displayed by the members, the Apsley G.W.V.A. will start under most auspicious conditions.

The men, before the meeting closed, warmly thanked Mr. Spence for his assistance and interest on their behalf.

HOW TO GUARD AGAINST APPENDICTIS ATTACK

Appendicitis is an intestinal infection often due to old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months. The intestinal antiseptic, Adler-i-ka, acts on BOTH upper and lower bowel and brings out mater which might start an appendicitis infection. EXCELLENT for gas on the stomach and chronic constipation. Adler-i-ka brings out matter which you never thought was in your system. McDermid & Jury and E. L. Payne, druggists.

GOOD PROGRAMME BETHANY CONCERT.

Methodist Sunday School Members Excel Themselves in Entertaining.

BETHANY, Dec. 29.—A splendid concert and Christmas tree was given on Monday night in the Town Hall by members of the Methodist Sunday School. Mr. A. Monk, the Superintendent of the school, called the audience to order by announcing the opening hymn, "Joy To the World, the Lord Is Come," after which Rev. Jas. McMullen of Osawa offered prayer. Then the programme was put into the hands of the pastor of the church, Rev. J. E. Beckel, following which the following numbers were rendered:

A motion song, "God Is Good," by five of the junior girls; instrumental duet, by the Misses Violet and Hazel Jackson; solo, by Mrs. Urry; a drill and chorus, by ten intermediate girls; recitation, by Margaret Jackson; song, "Only To Be a Gypsy," by Morton Wake; quartette, by Messrs. Spencer, Bray, Percy Preston and Bernard Preston; a recitation, "Christmas Shopping," by Hazel Monk; a Japanese love song, by Miss Violet Jackson; dialogue, "The Unwelcome Guest," given by four of the senior members of the school, Miss Annie Bray (Mattie), Mrs. Otto Spencer (Lucy), Mr. Otto Spencer (Cousin from Omaha), Mr. Edward Bray (Dave, the negro porter); chorus, by six small boys, "The Wise Old Owl"; Christmas pantomime, 'Holy Night, Silent Night," by the Misses Jean Thorndyke and Lizzie Mines; recitation, by Hazel Jackson; solo, Mrs. Urry; recitation, "The Dude," Morton Wake; negro quartette, "Massa's in the Cold, Cold Ground," by Messrs. Ed. Bray, Otto Spencer, Percy Preston, Bernard Preston; star drill and chorus, by five intermediate girls. A playette, "Family Flurrys," by six young people, the cast being as follows: Mr. Marmaduke Meek, Mr. Bertrand Monk; Mrs. Meek, Miss Violet Jackson; Mr. Harvey Rasper, Mr. Theodora Davis; Mrs. Rasper, Miss Hazel Steer; Mr. Rasper's porter (Mr. O'Brien), Harold Monk; Mrs. Meek's maid (Pert), Miss Olive Wake.

The distribution of gifts from the tree here followed. The Sunday School presented books to forty of the junior children, primary and beginners. God Save the King and the Mizaph benediction brought the proceedings to a close. The handsome sum of $72.85 was realized.

Convention Coming.

BENSFORT NEWS

BENSFORT, Dec. 29. —The annual entertainment of Bensfort Union Sunday school was held on Tuesday night. David Dodds occupied the chair and the hall was filled. A good programme was submitted by the young people and greatly enjoyed by all. The acter songs, "Holy Night" and "Comin' Through the Rye" were effectively rendered. The Rev. A. H. McConnachie delivered a short address, counselling the young folk to cultivate a feeling of gratitude to God and man for the good things of life.

A pedagogue of the old school says that without the liberal use of the rod it is impossible to make boys smart.

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicines, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at nights for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

A Job For Every Man
Prosperity For All.

Mr. Farmer———

IN June 1920 you were receiving $2.50 per bushel for wheat. In October 1921 you received $1.00 per bushel. During the same period oats declined from $1.40 to 40c. per bushel, hogs from $19 per hundred weight to $10, cattle from $15 to $6.50 per hundred weight.

Dairy products have declined about one-fifth.

On the whole the average value of your products, including apples, dairy produce, fodder, grain, hides, honey, live-stock, vegetables, and wool, if represented by 100 in June 1920, had shrunk to 61 by October 1921.

You have felt that other commodities, and labor, have not been similarly reduced.

Under these circumstances you have been inclined to shorten production and curtail operations.

When the call came for "greater production," you responded in a spirit of patriotism. You produced food to the utmost of your ability.

Today the financier, builder, manufacturer, wholesaler, retailer and worker, are being asked to join in a general plan of co-operation having as its object the creation of employment for a large number of persons. This is being done in the belief that a return to normal conditions can best be accomplished through normal channels.

Knowing that this concerted effort is being made, will you make every effort to plan your operations so that next year's production may be kept to normal or possibly increased?

Will you make improvements on your farm this winter if you find it practical to do so?

Your co-operation will be a big factor in helping Ontario lead the way to

"A Job for Every Man
Prosperity for All!"

Buy! — Build! — Work!

Plan of Co-operation.

The Provincial Advisory Committee on Unemployment considered the industrial situation and endorses the following statement of proposals:—

1.—That Manufacturers should be asked to take a price for goods on hand equal to the cost of replacement having regard to decreased cost of raw material and of labor used in manufacture.

2.—That Wholesalers should be asked to sell goods on hand at replacement prices.

3.—That Retailers should be asked to sell at replacement prices.

4.—Knowing that the costs of building at the present time have been considerably reduced, those desiring to build should be encouraged to ask for new tenders on their proposed work; and that building contractors and builders' supply people should make a special effort to reduce prices to a minimum in order to restore this important key industry.

5.—That Banks and financial institutions should be prepared to co-operate to the utmost with all productive enterprise by allowing all reasonable credits and by decreasing rates as rapidly as conditions may allow.

6.—That Farmers should be asked to maintain reasonable production, and in the event of a proportionate reduction being reached in other lines, should be prepared to make needed improvements and betterments.

7.—That Labor shall be asked to take willingly a reduction in wages proportionate to progressive decrease in cost of living, in so far as such a reduction has not already taken place.

The above statement has been submitted to and endorsed by the following interests—manufacturers, wholesalers, retailers, building industries, agriculture, financial interests and the veterans.

Not All "Beer and Skittles" For Some Peterboro Returned Soldiers

ONE WITH A SHRAPNEL-FILLED SIDE, SLOWLY COUGHS HIS LIFE AWAY WHILE HIS YOUNG WIFE STRUGGLES TO HOLD THE HOME TOGETHER—CHRISTMAS CHEER.

Dozens of loaves of bread and many pounds of yellow butter were among some of the eatables distributed by certain feminine workers last Saturday. To those who think of deserving cases at Christmas time people who live in warm, well-stocked houses probably consider that all others less fortunate need to make them happy for the holiday season is a few toys for the children, some cake and candy. When it comes to a question of requiring real, down to the ground things like a little wood, some bread and butter and tea, the situation stands out more plainly. But these things were necessary in many houses for the Christmas time ,to make their inmates ordinarily comfortable. And besides the need, there is always sickness which haunts the underfed and underwarmed, and makes the case as the Gospel declares it shall be, that the afflicted shall have taken from them even the little they have.

There seems somthing rather ironical about the returned men who are suffering just now. Some years ago, we called them the saviours of the and, acclaimed them as heroes, and turned out with brass bands and flag-waving to welcome them back to their homes. We wrote "When You Come Back" songs about them, and promised them anything and everything. . . There has doubtless been a good deal done for the returned men, but some of them are not in the best of circumstances just now. There is one, just for an example, with a shrapnel-filled side, who lies slowly coughing blood, his young wife, eager to work, if possible, with a tiny baby to care for. . . And another home has the father, mother, and baby all ill, and what is far worse, discouraged. They had been getting along well enough and were buying a piano on the instalment plan. When sickness came, the instalments ceased, and the piano was about to be taken away. To people who need the necessities of life, music is not a vital matter, but it seemed hard to lose their money and the hope of having the instrument for the children. With a large point of view which is always the ideal of charity at its best, the women who went into this home followed up a programme which doubtless made for this little family quite a happy Christmas. They secured free medical treatment for the father, hospital accommodation for the mother, and a free operation for the child, then made arrangements to rent the piano, the rent to be applied on further instalments—a happy arrangement which had probably not occurred to the discouraged minds of the parents.

A Society for the Prevention Of Cruelty to Animals in City

THE FIRST OF THE YEAR WILL SEE SUCH AN ORGANIZATION OPERATING IN PETERBOROUGH

A Society for the Prevention of Cruelty to Animals will probably be organised in Peterborough some time in January. While there does not seem to be, on the surface, a vast amount of cruelty to animals in this city, as compared with the flagrant cases that come under observation in larger centres, still there is always a class in the community, young or old, rich or poor, who have no heart for the dumb brute that serves them, and these are the people who need to be checked. Every day, on the public thoroughfares, one sees hard-driven beasts, animals making their laboured way over the icy pavements with badly-shod feet, while a careless youth or two sits in the cart and cracks the whip, which, while it may not actually strike, still must be a nagging torment to many a high-strung animal.

There are horses with heavy loads and steaming sides, straining and striving in the patient manner of the harnessed dumb beast horses with bony sides driven by full-fed men; horses rattling along on delivery waggons with heads painfully cocked because of a blind eye; horses in the hot weather with stringy froth flying from hard-bitten mouths; horses with heads strained away up by a tightly-drawn check-rein; horses with blinders leaving only a narrow crevice of sight; horses resting tired feet, one after another, beside the curbs on Saturday nights; horses working, working under all sorts of londitions and in all sorts of weather, their comfort and well-being depending absolutely upon the consideration of more or less thoughtful men.

A HOME ON WATER STREET, PETERBOROUGH

Of Isabella Valancy Crawford, Catharine Hale (Mrs. John Garvin), writing on "Peterborough" in a recent number of The Canadian Home Journal, says:

"And what of the lady who once lived in the faed house that is now No —, Water street? Some day literary pilgrimages will be made here, if a national interest is ever roused in poetry and if the house escapes destruction. In the meantime, it would be interesting to know just how many, or rather how few, residents of her city know anything of the life and history and the work of the greatest woman poet that Canada has yet produced.

"Isabella Valancy Crawford, whose epics and lyrics will surely prove enduring, has not yet been recognized by compilers of Canadian school readers. How can one expect the people of a place where she lived in her youth to know much about her? . . .

"Here are the lines which an English critic declared to be worthy of Dante from "From Canada to England":

If Destiny is writ on night's dusk scroll
Then youngest stars are dropping from the hand
Of the Creator, sowing on the sky
My name in seeds of light. Ages will watch
Those seeds expand to suns, such as the tree
Bears on its boughs, which grows in Paradise.'

"Today Peterborough stands with her bushland past forever linked with the later era—a less picturesque but, at the end of her first century, a progressive city.

"A memorial to the soldiers of the city fallen in the World War will probably take the form of a great tower made from boulders derived from Stoney Lake, in which lights will perpetually shine. I hope that some day at least two other memorials will arise. One might represent a group of English women, Indian guarded, with the wild things of the forest and the trampled trunks of trees at their feet, the first sheaves of wheat in their hands. And the other the figure of a girl who holds the torch of poetry between thick forest trees—a light shining when it was solitary and much needed."

WORK OF WAR GRAVES COMMISSION

Captain the Rev. M. Mullineux, M.C., of the Imperial War Graves Commission who recently returned to Canada after a visit to European battlefields, brings a message which doubtless holds much of comfort to those women whose soldier dead were reported either as "casualties" or as "missing" in the Great War. The work of the Commission has been very extensive, and Capt. Mullineux reports that the search for bodies in shell-torn areas has not yet been ended although peace was declared over three years ago. Remains recovered from these areas are placed in the cemeteries provided, and burial services are conducted over them. One hundred of these cemeteries are now nearly complete, and before next year, it is expected that about 400 will be finished. There are 527,000 registered British graves in France and Belgium and when the work of the War Graves Commission is completed, there will be 1,200 cemeteries each with its central Cross of Sacrifice and Stone of Rememberance, bearing the words "Their Name Liveth for Evermore."

The War Graves Commission permament bory appointed to care for the graves, is employing nearly 1,300 gardners in France and Belgium, all of whom, with the exception of a few experts, are ex-service men.

STRENUOUS TIME AROUND CHRISTMAS

Thomas is a five-year-old, a bright little sturdy lad with blue eyes. He had a strenuous time around Christmas, helping all the neighbors putting up the trees and the decorations. He came back the other morning from a trip to a lady who let him sample her Christmas cake. When his mother asked him if it was as good as hers, he said "No, it isn't as good—it's better——"

An old gentleman who is a great Bible reader, has been reading Thomas tales from the Old Testament, and the little lad comes home with his newly acquired knowledge. The three Hebrew children, he asserts, were put in the furnace because they wouldn't "wash up (worship) the idol," and he claimed for some time that Jonah had swallowed the whale, instead of vice versa. When his ideas on the subject were cleared up, he said that the whale swallowed Jonah, but that the latter had protested so vigorously, and had raised such a rumpus in its internal organs that the poor thing had to let him come up again.

RECIPES

Angel Charlotte.

One pint whipped cream, one cup sugar, one tablespoon gelatine, one-quarter cup cold water, one-quarter cup boiling water. Soak gelatine in cold water. Dissolve with boiling water. When cool add sugar and add to the whipped cream. Flavor with vanilla and garnish with Maraschino cherries.

Drop Cookies.

One-quarter cup butter, one-half cup sugar, two eggs, one cup flour, one teaspoon each lemon and vanilla. Cream butter, add sugar gradually, beating thoroughly, then add one egg, unbeaten, mixing until batter is smooth; add one-half cup of flour, beat well, then one egg and continue beating; add remaining flour and flavoring. Drop with teaspoon on greased baking sheet about three inches apart. Nuts, raisins, cherries or slice of citron may be placed on top of each cookie. Bake in a moderate oven. These cookies spread while baking.

Sugar Cookies.

One-half cup butter, one cup sugar, two eggs, one and three-quarters (about) cups flour, one teaspoon baking powder, one teaspoon vanilla. Cream butter, add sugar gradually, beating well, then two egg yolks and one white, beaten until light; add flour, sifted with baking powder. Let stand to chill, then toss on a floured board and roll one-eighth inch thick. Cut with a doughnut cutter, brush over with the unbeaten white of egg, sprinkle with sugar and cinnamon. Place on a greased baking sheet and bake in a moderate oven about 10 minutes.

Tomato Sauce.

Two cupfuls tomato, one bay leaf, four cloves, two tablespoonfuls sugar, three tablespoonfuls fat, five tablespoonfuls flour, one and one-half teaspoonfuls salt, one-quarter teaspoonful pepper, one-half cupful stock.

Bring tomato, bay leaf, cloves and sugar to boiling point and allow to boil over a low fire, five minutes, then rub them through a strainer or colander. Melt fat, add flour, salt and pepper, and when thoroughly mixed add stock and tomato. Bring to boiling point and serve.

LITTLE GIRL'S DRESS

Yes, indeed! A shoulder cape, since capes are the thing in fashion circles! The little frock is developed in a gay shade of blue crepe de chine with rosettes of the same material to go around the waist and finish the cape. Blue and silver reversible ribbon flutters from either side.

ROTARIANS WILL REPORT

(Contined from page 1.)

anticipated growth of the future was not always an indication of reckless provision. Just as we do things, our city will reflect our ideas and our enterprise.

Seek the common good. Make the city a good place for yourselves to live in and then others will hear of it and come also to stay. Civic irresponsibility was too prevalent. We should remedy this. Just as we as men acted we should find imitators in our boys and girls. We should be on guard against class privilege and favoritism and neither should be tolerated, for what was a class object? Who will answer this? Let your affairs be in the direction of reasonable, sensible people. Class favoritism always led to class aggressiveness, a thing to be abhorred. And in any event our city government gave us all we were entitled to under our civic rule as we administered it. Again, he commended Rotary as a practical thing that could accomplish much for the city following a study of the possibilities as presented.

Rotarian W. M. Ponton, of Belleville, gave a brief address, complimenting Peterborough in terms of distinct praise. He urged keeping the community fires burning by means of the local organizations who were stirred with public spirit. The Rotary Club could be a clearing house in ideals and ideas. Pass it on to the future. Rotary Clubs, as he found them, were power houses along the line of progress.

The work of the special committee in increasing the membership, without any special general campaign, was thoroughly appreciated by the Council, and the President, Mr. Joseph J. Duffus, suggested that the same work should continue until the general campaign which will follow the annual meeting, to be held in March.

As the fiscal year of the Chamber ends on February 28th, special arrangements have been made which will entitle all new members to all privileges of the chamber for one year from the date of application.

Trent Waterway.

The Trent Waterway Development Committee, under the chairmanship of Mr. F. D. Kerr, reported that arrangements are now being made by the associated organization of all municipalities on the waterway, to do further advertising to increase the traffic on this beautiful inland waterway.

Owing to the incompletion of the waterway no extensive commercial water traffic can be established, and therefore effort is being directed to the end of utilizing it to its fullest extent in making it a tourists's resort, and incidentally to draw the attention of the visitors to the industrial possibilities of Central Ontario.

With this object it is proposed to send a framed chart of the Waterway surrounded by views of the route from Lake Ontario to Georgian Bay to all motor boat and yacht clubs at the lake ports and New York State.

CONFERENCE WITH HEADS

NEW CABINET MAY NOT BE SWORN IN TODAY—KING REFERS TO MEIGHEN'S LAST ACT.

NEWS FROM OTTAWA

OTTAWA, Dec. 29.—(By Canadian Press)—After a day of conferences between Hon. W. L. Mackenzie King, Premier-elect and his chief followers, announcement of the Liberal Cabinet again goes over.

"The Cabinet will not be sworn in tonight." Mr. King definitely informed The Canadian Press at an early hour last evening.

"Will it be sworn in today?" he was asked.

"I cannot say yet," Mr. King replied.

Yesterday, following a Cabinet meeting, writs were issued for a by-election in Grenville County, Ontario. Mr. King referred to it as a "high-handed and unwarranted course"

"One thing is certain,," declared Mr King. "The Canadian public will not fail to recognize nor Canadian political history to record that Mr. Meighen's last act as Prime Minister like his first was one of usurpation."

"I resent very strongly the statement which appears in the despatch published in the press to the effect that there is reason to believe that what has been done was not without my knowledge, said the Liberal leader. I had no intimation whatever that any act of this kind was contemplated let alone perpetrated. If I had I should never have countenanced it for a moment."

Mr. King declined to make any statement further in regard to his Cabinet negotiations. But the impression prevails that the cabinet has not been finally determined and that there may till be some shifting around of portfolios although there is not much likelihood of important changes in personnel.

ANNUAL DANCE OF KING'S DAUGHTERS

BIG POW-WOW WILL BE HELD ON FRIDAY EVENING NEXT

The annual dance, the Bal Poudre, which is held under the auspices of the King's Daughters, takes place at the G.W.V.A. Hall on Friday evening next and the committee in charge is making arrangements for their usual successful affair. Dancing will go on downstairs, and there will be tables for bridge and five hundred in the upper hall.

This is the one event of the year undertaken by the King's Daughters, one of the oldest charitable organizations in Peterboro, having been in existence for the last 25 years, and the funds are devoted toward the good works, the care of the needy and the visiting of the sick, which form part of the programme of the society.

IN MILLBROOK AND DISTRICT.

Christmas Season Marked By a Feast of Holiday Attractions—Successful Dance Attended By Peterborough People.

MILLBROOK, Dec. 29. — All the churches had special services, music and decorations of evergreens, holly, chrysanthemums, or other flowers, suitable for the Christmas season, on Sunday, December 25th, and all had good evening congregations, though the numbers in the morning were not so large, owing doubtless to many having visitors, and for business and other reasons, were kept up late the preceding night.

In Grace Church.

In Grace Presbyterian church, the the pastor, Rev. G. S.Gervan,preached in the morning on "The Angel's Message," discussing the question—"Had the Predictions of 'Peace on earth, good-will toward men,' been yet fulfilled?" A Christmas carol was sung by a number of children, and Mrs. Gervan also sang a solo in her usual excellent voice.

Anniversary Event.

Sunday being the 42nd anniversary of St. Enoch's church, Garden Hill, there was no evening service held at Millbrook. Rev. Dr. Marvin of Canton, preached an excellent sermon in the afternoon, from Rom. 8:38, "Things present and things to come," and both Mr. and Mrs. Gervan sang solos. The pastor took the service at night preaching on "The peace of God which passeth all understanding."

Miss Little presided at the pipe organ and the choir rendered a Christmas anthem, and there was also a special number by a mixed quartette. A generous free will offering was take up both afternoon and evening.

In Anglican Churches.

In the Anglican churches of the parish of Millbrook and Cavan Holy Communion was celebrated, at St. Thomas' Church, at 8 a.m. and again at 10 o'clock, the Rector, Rev. Canon Allen, being here in the morning, at St. John's church, Ida, and at Trinity church, at the Marsh, in the afternoon, the regular communion service was held. Rev. C. R. Spencer going to both these appointments. Christmas hymns and other suitable music were used throughout the day and at St. Thomas' Church at night a number of Christmas carols were sung after the sermon, the Rector and Mr. Spencer both taking part in conducting the evening service. Mr. Alvin Gray, who is studying for a medical missionary read the lessons both morning and evening, and in the sermons of the day the Christmas thought and spirit predominated.

Tuneful Music.

A Christmas carol, "The First Nowell," was sung before the sermon at the Methodist Church on Sunday morning, and Rev. Mr. Tucker preached from the text, Matthew 1:22: "Now all this was done that it might be fulfilled which was spoken of the Lord by the prophet," his theme being to relate the birth of Christ to Old Testament prophecy.

Two anthems were sung by the choir, "Jesus is born," and "O'er all Judea's Plain," Mr. Sayles taking the solo in the latter; in the evening the choir also rendered two anthems, Mrs. Sayles and Miss Stewart having a beautiful duet in one of them. Another special musical number at night was a sextette, those taking part being Mrs. P. Stinson, Misses E. Elson, P. Richards M. Byam, Mr. F. Alcorn and Mr. J. L. Byam.

The pastor's subject at night was "The Meaning of Christmas," and he chose his text from Luke 2:11. — "For unto you is born this day a Saviour, which is Christ, the Lord." A special offering to be sent to the Home for Incurables and the Sick Childrens' Hospital, was taken up both morning and evening, and a goodly sum realized.

Died Suddenly.

The funeral of the late Mrs. Wm. J. Jones, who died very suddenly on Sunday evening while spending Christmas with her daughter, Mrs. Austin Sutton, will take place from the latter's residence, lot 6, con. 6, Fallis Line, on Wednesday, December 28, at 2:30 p.m. Service at the house will be at 2 o'clock, and interment will take place at Gardiner's cemetery.

Mrs. Jones was in her 63rd year, and had been in her usual good health, but from some sudden weakness, or some other unknown cause, had the misfortune to fall downstairs on Sunday morning. Apparently however she was fairly well all day but expired suddenly about tea-time that evening.

Successful Dance.

The dance held in the armouries on Monday evening under the auspics of the G.W.V.A., was well attended and considered the most enjoyable and successful of any yet given by that organization. A number motored over from Peterboro, Orono, Bethany, Pontypool, Port Hope and Cobourg. The floor was in good condition, and excellent music was provided by Gliddon's orchestra of Peterboro.

Amongst those present were noticed Mr. and Mrs. Hall of Peterboro, Mr. and Mrs. Fiddes, of Toronto, Dr. and Mrs. Reynolds, and Miss B. Johnston of Toronto; Mr. G. McBride and his sister, Mrs. Delong of Oshawa, Miss Miller of Markham, Miss E. Larmer, and Miss Edna Mason of Toronto, Mr. and Mrs. G. W.Sayles, Mr. and Mrs. T. Bradley, Mr. and Mrs. G. F. Harrington, Mrs. N. James, Mr. and Mrs. J. Thorndyke, of Washington, Territory, Mr. and Mrs. Suttle Pritchard, Mr. and Miss Strathey, and Mr. and Miss Golding, Pontypool, Misses Fallis of Bethany, Mrs. Dr. Stone of Oklahoma, Misses Janet, Helen and Alice Needler, Kathleen and Jean Thorndyke, Gladys and Muriel Smith, M. O'Brien, M. Duncan, Alixe Johnston, Daisy and Bonna Robinson, P. Richards, J. Francey, K. Cullen, Theo McBride, F. Westall, E. Elson, K. Freelove, M. Sayles, Messrs. F. Johnston, E. Ryley, G. Henry, E. Larmer, of Peterboro, A. Gray, E. Doxsee, H. James, W. Coombe, George Duncan, A. Rchards, A. Johnston, D. Robinson, Ivan Gray, A. Thorne, H. Hearst, C. Thorndyke, H. Francey and many others.

Christmas Concert.

The Christmas tree and Sunday School concert given in the Presbyterian church, Garden Hill, on Monday evening, drew a largt and appreciative audience. The program of violin songs, drills ,dialogues,etc., was a lengthy one but well rendered by the members of the school, assisted by Miss Alice Storey of Markham, who is an excellent elocutionist.

"Santa Claus" distributed the gifts from the tree, each child receiving a present and a bag of candy, nuts, etc., provided by the Sunday school. Rev. G. S. Gervan was the chairman, and Mrs. Gervan sang a solo. The receipts reached the satisfactory sum of $40.00.

Personal Mention.

A HITCH IN CONFERENCE

FRANCE PLANS TO BUILD UP A LARGE SUBMARINE FLEET--DELEGTES REPLY.

WASHINGTON, Dec. 29.—(Canadian Press.)—Efforts to limit the naval strength of the Powers in submarins and auxiliary warships came to an abrupt end yesterday after they had drawn the French and British Ams Conference delegates into a plain-spoken exchange over the possibilities of a future war between France and the British Empire.

The French under renewed instructions from their Government, told the Conference Naval committee with an air of finality that France must remain free to build a submarine fleet nearly three times as great as that she now possesses, and to construct, in addition, cruisers, destroyers and other auxiliary craft up to a tonnage of 330,000.

To the proposal the Japanese, Italian and United States delegates replied with expressions of surprise and regret, while the British charged openly that such a building programme must be regarded as a menace to British shores. Arthur J. Balfour added that he had no doubt, if occasion arose, Great Britain would be equal to it, but only if she reserved complete freedom of action as to the construction of all types of auxiliaries which might be useful against underwater warfare.

TO THE ELECTORS:

LADIES AND GENTLEMEN,

When you elect your Mayor on Monday next, you will choose the Chairman of your Board of Directors to conduct the business of Peterborough in 1922.

Your Directors are your Aldermen; the Chairman is the Mayor; and Peterborough's business has grown to such proportions that it should be entrusted to the very best men obtainable.

Ratepayers, you are the Shareholders in this business, and as Shareholders you should consider not only the interests of the City generally, but also your own personal interests as Taxpayers.

You want a business administration for next year to make a big effort to put Peterborough back in the line of progress, which every person expects of 1922.

Start Off by Electing J. J. Turner as Mayor

BECAUSE—

He has had an extensive business training.

He has had long experience in the City Council, in Municipal management.

He knows the ins and outs of every civic department.

As Chairman of the Finance Committee in 1920 and 1921, ex-Ald. Turner is prepared to take up the duties of Mayor at once, and with full knowledge of what is before him.

He has himself a heavy tax bill to pay.

And in addition to these reasons—because J. J. TURNER BELIEVES IN PETERBOROUGH.

J. J. TURNER
The People's Candidate

The latest proof of the sincerity of J. J. Turner's faith in Peterborough is his co-operation with other Citizens in the organization of the Red Arrow Tire Company.

The Red Arrow Tire Company is a co-operative company, and is a local enterprise. It was started in spite of the industrial depression, and is giving employment to many men who would otherwise be out of work.

J. J. Turner does not claim any undue credit for that fact, but it may be mentioned as evidence of his confidence in his home town.

Some men knock their home town. Some are indifferent—they neither knock nor boost. Others are energetic boosters.

Every Ratepayer knows that ex-Ald. Turner is and always has been an untiring Booster of Peterborough—because he has grown up with Peterborough; he realizes its possibilities; he knows the spirit of the people; and all his interests are here.

That's the kind of man Peterborough needs for Mayor.

These are some of J. J. Turner's qualifications:

Municipal experience; business training; invincible faith in the city; and a willingness to serve as loyally and as diligently as Mayor as he has served as Finance Minister and just plain Alderman.

Elect Ex-Ald. John J. Turner as Mayor for 1922

BREACH RAILWAY ACT.

MONTREAL, Dec. 29.—(Canadian Press).—By a majority judgment of the Court of Appeal, rendered here yesterday, it was held that the employment of Frank Lang as baggageman of the Canadian Pacific Railway Company was an employment having to do with the movement of trains; that, in consequence, having been found on duty in his car on May 8, 1920, under the influence of drink, he was ordered to appear before the court of sessions to answer a charge of breach of the Railway Act, 1919, under which he is liable, on conviction of the offence charged, to a fine of not more than $400, or imprisonment for a term of not more than five years.

LONDON DISAPPOINTED AT FRANCE'S DECISION

LONDON, Dec. 29. —(Canadian Press.)—While editorial comment is scanty, London newspapers show their disappointment in captions on the attitude taken by France on the submarine question at Washington. While avoiding any recrimination against France, the Times deplores her decision, which it thinks "may have a regrettable effect upon the attitude of the American people toward many important problems."

FARMERS' CONVENTION

WINNIPEG, Man., Dec. 29.—Arrangements for the annual convention of the United Farmers of Manitoba, to be held here January 11 to 13, the first ever held in Winnipeg, former ones always having been held in Brandon, are nearing completion. Limited accommodation in Brandon necessitated removing the meeting puace to a larger centre. It is expected that from 800 to 1,000 delegates and visitors will be in attendance.

Geieral problems facing the movement, organization, marketing, the provincial platform, the temperance situation, etc., will be under discussion. Something news from the proceedings of past gatherings will be instituted when the convention takes the opportunity of expressing in a public way to the citizens of Winnipeg the message of the movement generally in the evening of January 12 when two representative Manitoba speakers will address a mass meeting of delegates and citizens.

Miss Agnes Macphail Canada's first woman M.P., will probably be one of the speakers at the convention. Another speaker from outside the province will likely by William Irvine, the successful candidate in Calgary. It is hoped also that the whole round dozen of Progressive candidates elected in the rural constituencies of Manitoba will be present and deliver brief addresses.

The United Farm Women of Manitoba will hold a one-day convention January 1.

WASHINGTON, Dec. 29.—(Canadian Press.)—United States Secretary Hughes held a conference with President to-day, presumably in regard to developments in arms conference.

RUMOUR DENIED.

MONTREAL, Dec. 29.(—(Canadian Press)—Rumours that the Royal Bank and Molsons Bank were to merge, were denied to-day by officials of both institutions.

Board of Education

Five Reasons why I advocate a Combination Technical and High School Extension:

(1)—**BECAUSE** it would relieve the present overcrowding, and provide accommodation for several years.

(2)—**BECAUSE** it would give a large group of Students, who under the Adolescent Act must attend full time or part time day classes, the form of education which is better fitted to their needs than the Collegiate course.

(3)—**BECAUSE** if the City spend any money in the near future on increased facilities for Higher Education, the needs of all classes of Adolescents should be met.

(4)—**BECAUSE** an extension built at the rear of the Collegiate combining the two classes of Education, Technical and High School, would cost the City less because of the large Government grants given to Technical Education, to build, equip, and maintain, than a smaller building used exclusively by Collegiate pupils.

(5)—**BECAUSE** when the City is large enough to support a Technical School, no part of the proposed extension need be scrapped, as all Technical work is carried on in ordinary class-rooms, specially equipped. With special equipment removed, these class-rooms would be available for Collegiate purpoess.

I am not in favour of an elaborate Technical School at the present time, and have never suggested it. The plan I have outlined above is the one generally followed by the smaller cities. It appeals to me as practical, economical, and fair to all classes of Students and Ratepayers.

Taylor and The Bridge

In aspiring to the Mayoralty of this City, I feel that my practical business qualifications, together with three years' municipal experience on the Aldermanic Board, will re-act in the interests of my fellow-citizens if favoured with their confidence as Mayor the ensuing year.

In claiming the necessary business acumen for heading a business Council administration allow me to emphasize the correctness of my foresight in vigorously opposing building the Hunter Street Bridge on the Cost-Plus basis.

In holding out against the Russell-Townsend proposition, I advocated acceptance of a **FIXED SUM TENDER**—the contract to embody a fair wage clause—to my mind such being the proper businesslike procedure in a project involving so large an expenditure of public money.

In adopting the Cost-Plus plan, I visualized the risk of excess actual cost above the city's appropriation for the Bridge, and sounded a note of warning to that effect in Council. **WAS I RIGHT OR WAS I WRONG?** Why, the structure cost around twice as much as its original estimate.

If it is clear business judgment and vision in an executive head of this city's administration the Ratepayers want, I offer them that same business perception and conservative advocacy in municipal government as exercised by me on the Hunter Street Bridge question.

NEWTON, Kas., Dec. 29.—Nearly $2,000 worth of radium or about one-third of a quantity missing from Axtel Hospital here, has been recovered from 300 pounds of ashes by Eastern chemists, it was announced Tuesday. The radium disappeared about two months ago, and investigation prompted the theory that it had found its way to the furnace in bandages removed from patients. More ashes will be shipped to the chemists for examination, it was stated.

PRINCE OF WALES OPENS A MEMORIAL BUILDING.

CALCUTTA, Dec. 29. — (Canadian Press).—Amid scenes of great splendor, and in the presence of enthusiastic crowds, the Prince of Wales yesterday opened the Victorian Memorial, dedicated to the Queen-Empress Victoria, whose memory is held in the highest esteem throughout India.

The building is in the form of a vast marble palace, and is of rare architectural beauty. It required fifteen years to erect it. The building comprises a museum, commemorated to India's glory. It contains portraits of the old emperors of Delhi and of famous men who labored for India during the Victorian era.

The ceremony yesterday was carried out in full state. The Prince of Wales drove from Government House with an escort of guns and cavalry.

P.A.A.A. TEAM WIN FROM BELLEVILLE IN FAST GAME WITH MANY SUBSTITUTES

FINE WORKOUT FOR LOCAL SQUAD GIVES COACH SMAILL CHANCE TO SIZE UP HIS MATERIAL AND SELECT HIS CREW FOR O.H.A. RACE.

The Peterborough A. A. A. intermediate squad put in a very useful evening's practice at Brock street rink last night, and incidentally hung up a 6 to 4 victory over the Belleville crew in an exhibition game that gave a big crowd a lot of good hockey and a chance to size up the local material. Coach Smaill used the game to best advantage as a workout for his crew, sending out thirteen players in all and giving everybody plenty of opportunity to find their skating legs, with the result that the fans went away satisfied that out of the bunch who wore the blue and white jerseys last night can be selected a team that should give a good account of itself in the O.H. A. race. Smaill has had no opportunity so far to do any coaching, but he has a line on his material and from now on will be able to devote himself to deevloping team work and instructing his crew in the inside stuff that makes a hockey team.

The Belleville gang were shy two or three regulars, but on the other hand had a big edge on the P.A.A. A. gang in condition. Last night was the third game of this season for the visitors, while the Petes, on the other hand, had less than two hours' practice and for several of the players it was only their second time on skates.

The teams agreed to use as many subs as they wished and to change any time they saw fit, with the result that the line-ups were shifted every few minutes, keeping the pace faster than would have been possibl under normal conditions.

The Petes showed all kinds of speed and stick-handling ability, but naturally there was little combination and their shooting was wild and ineffective. Two short practices are not enough to ensure accurate marksmanship and with the exception of Lornie Rose, who bulged the urtain four times behind Boland, the Petes had difficulty in locating the net. A few workouts will remedy that defect, however, and when the squad rounds into condition and substitutes team work for the individual efforts shown last night the other teams in this district will realize they have a battle on their hands. All the big squad seen in action last night gave a good account of themselves, with Lornie Rose and Burgess in the van. Rose's stick-handling and accurate shooting were big factors in the result, while Burgess, the college player from the Maritime Provinces, showed a fine turn of speed and clever work with the rubber. The "Blue Nose" promises to be a decided asset to the Petes, and the crowd liked the way he backchecked. The defence, with Murray in goal and Parker, Pete Thornton and Sheehan handled themselves nicely, with Murray especially showing his old-time form.

For Belleville, Boland in the nets, "Soup' Goyer of baseball fame at left wing and Holway on the defence, were the shining lights. Goyer is not the most graceful player in the world and his bowed legs can scarcely be called things of beauty, but he plays along in determined style, and when he goes into somebody, the somebody hasn't to wait to read about it in the papers next day. Holway is fast, has a long reach that enables him to break up attacks in exasperating fashion, and he is dangerous on the attack.

Jerry Coughlin, coach of the Holy Name Society juniors, refereed the game in good style. The Petes drew three penalties, while only one of the visitors was banished.

The line-up:

Belleville—Goal, Boland; defence, H. Holway, Green; centre, Canning; right wing, Hagerman; left wing, Frank Goyer. Subs, L. Goyer, A. Holway, Hunter.

Peterborough—Goal, Murray; defence, Parker, Pete Thornton; centre, Ray Rose; right wing, Burgess; left wing, L. Rose. Subs, Sheehan, Collins, Jackson, Williams, H. Graham, H. Thornton, Gilfespie.

Play was even at the go-in, with both teams showing surprising speed for so early in the season. Both Murray and Boland were called on to block drives, but they were mostly from well out and were handled easily. Lornie Rose and Burgess were heading the Peterborough attacks and giving the opposition defence lots of trouble, while "Soup" Goyer, the Belleville left wing, and Holway the tall defence man, were prominent for Belleville. After six minutes of up and down the rink hockey, Holway, camping out in front of the Petes' nets, took a pass from Goyer and Murray was given little chance to block his shot. Belleville 1, Peterborough 0. It did not take the Petes long to even up, Lornie Rose doing the trick on an accurate shot from the side after Burgess had slid the rubber over to him.

Three minutes later, Ray Rose put the blue and white team in front when he scooped in a rebound from his brother's shot, Boland being completely beaten.

Just before the period ended, Lorsie Rose broke away, and when the Belleville defence, expecting a pass, opened up, waltzed in and flipped a fast one by Boland, making the figures 3 to 1. The Peterborough substitution in this period were Wlliams for Burgess, Jackson for Ray Rose, Sheehan for Parker and Graham for Williams.

When the second period opened, Coach Smaill sent practically a new line-up out. Harry Thornton and Sheehan were on the defence, and the forward line was composed of Collins, Graham and Gillespie. The aggregation had the edge on the visitors, but ther failure to get their shots on the target kept them off the scoring sheet. Gillespie and Sheehan were penalized in turn, but Belleville failed to take advantage of the odd man. Then Smaill chased Burgess and the Rose brothers out again, and shortly after the shift was made, Lornie Rose put the Petes further ahead by going up alone and taking Boland's measure with a shot from outside the defence that grazed the post as it slid into the corner of the nets.

Belleville got that one back in short order when A. Holloway batted in one from a scrimmage in front of the Petes' nets.

he Petes opened the last period with a forward line composed of Harry Thornton at right, Ray Rose at centre and Gillespie at left. The ice was getting sticky and for the first few minutes the pace was slower and the game colourless. Then Canning scored for Belleville in a scrimmage, and a second after Pete Thornton and Holway had a boxing bout which resulted in both being chased for three minutes. The game livened up immediately and when Green scored for Belleville on a lucky shot from a pass back from the corner, tieing the score, the teams stepped on the gas and the game started all over again. It looked for a moment or two as if Belleville's superior condition would turn the trick for them, but Lornie Rose came to the rescue with a pretty individual rush, and his low, swift shot gave Boland no opportusity to save. That left it 5 to 4, and with two minutes to go, Frank Collins made it safe when he tapepd in a rebound from one of Lornie's accurate shots. Belleville tried hard to even up, but the final bell found them still two counters in the hole.

The summary:

First Period.

1 Belleville—H. Holway.
2 Peterborough—L. Rose.
3 Peterborough—R. Rose.
4 Peterborough—L. Rose.

Second Period.

5 Peterborough—L. Rose.
6 Belleville—Holloway.

Third Period.

7 Belleville—Canning.
8 Belleville—Green.
9 Peterborough—L. Rose.
10 Peterborough—Collins.

VOICE OF THE PEOPLE

To the Editor of the Examiner:

Dear Sir: I am one of many who left the hockey game last night with but a hazy idea of what the score was. I asked three different people after the game in order to assure myself that I was right in thinking the score 6—5 in Peterboro's favor. I received three different answers, all in Peterboro's favor. They were 5—4, 6—4, and 6—3.

After nearly every game there is a decided difference of opinion as to the correct score, a thing which could be obviated by the installation of an inexpensive score board, such as is used in football matches and in hockey games in other sections of the country.

Why not use your influence with the ring management to install this improvement?

On this list are some of Oshawa's "simon-pure" amateur and near-champion lacrosse stars who fancied themselves for the intermediate O.A.A. honors last fall and even imagined themselves fast enough to trim the senior champions. They include Lovegrove, Sarles and Oliver.

ST. PATS WON.

HAMILTON, Dec. 29.— (Canadian Press.)—St. Patricks, Toronto hockey team, defeated the Hamilton Tigers four to three, in a game here last night, which was featured by the magnificent work of Goalkeeper Roach. The Tigers shot at him from all angles in three periods and were only able to penetrate the net three times.

HOCKEY NOTES.

The Holy Name Society juniors will work out to-night at 7 o'clock at Brock street rink. The youngsters are slated to play an exhibition game in Lakefield next Thursday night.

The new P.A.A.A. uniforms made a hit with last night's crowd. The blue and white striped jerseys make a classy outfit.

The P.A.A.A. intermediate O.H.A. etam are billed for another practice to-morrow night at 7 o'clock. As this will be the last before the opening O.H.A. game on Monday there should be a full turn-out.

ALL MEETINGS FAVORABLE TO IRISH PEACE PACT

AT THE THEATRES

AT THE ROYAL.

For to-night the Royal presents an entire change of pictures. This evening's bill is the second half of the special selection of films procured for Christmas week, and is one of exceptional interest. The feature picture of to-night's bill is the seven-reel drama, entitled "No Woman Knows." This play is adapted from the celebrated novel, "Fanny Herself." The story is that of a typical family owning a small business in a city about the size of Peterborough. It is strictly a story of real life among people who have to work for a living, but who are actuated by the highest motives and are what might be termed "nature's noblemen." In order that a gifted son may have his musical talent developed, the family make sacrifices that display their true worth. Throughout this whole picture of heart interest and true devotion to a high ideal is entwined a compelling story of a girl's love for her sweetheart, and many humorous situations that bind the interest of an audience. Next comes a new Western picture in two reels that is of highest merit. This is called "The Cowboy's Come Back," and is of special interest. The big two-reel comedy, entitled "A Muddy Bride," featuring Baby Peggy, is one that would bring a smile even to a Peterborough ratepayer the day his tax bill arrives. There are also three other reels of drama and comedy that are sure to please. The Royal, the house of high-class pictures, presents no vaudeville, as our money, and your money, is spent in getting the best class of films available, and still our show is given at pre-war prices. The Royal's performance is continuous, so that you always see a full show. Our fifteen years in the picture business has taught us what a Peterborough audience wants and the steady patronage shows that the public is well satisfied. We have reduced our prices in accordance with present conditions of trade, so that our friends can get the best show for the least money. We get our films where we please, instead of being bound to the pictures of any one exchange, so we have the choice of the world's best.

"Do the dead live?" Is the vital question that Khaym will be asked at the Grand. The celebrated mystery man will appear at the Grand for the remaining three days of this week.

Usual matinee on Saturday, with a special matinee on Friday afternoon at 3 o'clock for ladies only.

That agitations caused through the writings of Sir Oliver Lodge, Sir Arthur Conan Doyle, and others in regard to spiritualism and mysticism have aroused the ntierest of the majority of people is positive. "To be or not to be" is a predominate thought in the minds of all, and every person is at some stage of life more or less curious in regard to the hereafter.

eBsides Khaym, there are other high-class acts on the programme. In his cast of Oriental beauties which accompany him will be found Marion Andrew, one of the daintiest dancers of the stage. Fred Andrew and Violet May present an act which attracted attention all over the Keith Circuit last season. Mr. Andrews has toured one hundred thousand miles in foreign countries. The above attraction has no imitations, it being the only novelty of its kind in vaudeville.

AT THE REGENT.

STAR FINDS CHUM ACTING IN HER FILM.

Alice Calhoun Surprised by Friend of School Days.

In one of the scenes of "Closed Doors," the Alice Calhoun production booked at the Regent Theatre to-night, a party is shown in progress. Some forty players were engaged for the production. The scene was in progress when Miss Calhoun looked across the set and saw among the extra players a face that seemed very familiar. The girl looked at the star and smiled. As soon as it was convenient, Miss Calhoun crossed the set and spoke to her. Alice was agreeably surprised to find that the young woman was a former school chum in the public schools of Cleveland.

Since school days Miss Calhoun had lost track of her old friend, but the girl had watched Alice and her work. She, too, had determined to make a success of the movie field and had come to New York with the determination to forge ahead as well as her school chum. For over a half hour the two related anecdotes and talked over events that had occurred since school days. The young woman, while not as successful as Alice, had achieved a fair degree of attainment in the motion picture field.

The party scene is but one of many beautiful sets used in the production. The story is one of unusual interest and filled with dramatic incidents.

AT THE CAPITOL.

VAUDEVILLE, THE McCOYS.

An Old Country Act—"The Invisible Power," a Remarkable Drama.

"The Invisible Power," a Goldwyn picture, coming to the Capitol Theatre, for three days, beginning to-day, is a strong drama by Charles Kenyon, the author of the famous American play, "Kindling." It is essentially a story of the regeneration of a former thief, but emphasizes the difficulties that his wife undergoes rather than the underworld activities of gangsters.

Irene Rich, as the wife, reveals new depths in portraying pathos and the sacrifices of a mother who prefers to part with her infant rather

The Capitol to-day, Friday and Saturday.

than see her grow up to learn that her father was a thief. House Peters, as the reformed crook, who is hounded by the secret police, gives a manly and romantic performance that will add to his prestige as one of the most appealing leading men now on the screen. This is his first appearance in a Goldwyn picture.

Frank Lloyd directed "The Invisible Power," and Norbert Brodin, the cameraman, succeeded in obtaining some remarkable photographic effects. The settings, designed by Cedric Gibbons, show some new artistic effects never before seen on the screen. Powerful impressions of height and depth are obtained by simple designs of two walls of a cell, or a gate to represent a jail.

A splendid programme of short-reel comedies, serials, etc., and a first-class double vaudeville act from the English music halls, harmony singers, comedians and yodlers. The usual Capitol prices, and new musical selections by the splendid 6-piece Capitol Concert Orchestra.

Lindsay Here On New Year's Night For First O.H.A. Battle

The O.H.A season will be ushered in on New Year's night, when the Petes old rivals the Lindsay crew will be here for an intermediate game. The Scugog gang chased last year's Peterboro team out of the running early in the season and they are confident of doing it again. However the P.A.A.A. crew are doping out the thing in quite a different way. At all events next Monday's game will have a whole lot to say about the group championship and both teams will be on edge. Last night's game was a great help to the Petes and with hard practices to-night and to-morrow night they should be in good shape for their O.H.A. debut on Monday. The wise fans will get their reserved seats early for there will be an old time turnout when the rivals clash for the 'steenth time. Lindsay have most of last year's squad including of course Coombs their star right wing man.

THIRD DAY OF CONVENTION OF C.P.C. SALESMEN

PROFITABLY SPENT IN DEMONSTRATIONS AND DISCOURSES ON MATTERS PECULIARLY OF TRADE INTEREST.

A BOWLING TOURNEY

Following an entertaining evening at the Grand Opera House, together with a short time in jolly fraternal intercourse after the show, last night, the convening salesmen of the Canadian Packing Company assembled sharp at 9 o'clock this morning for the opening proceedings of their third day in convention here. And all were on hand to answer the roll called by J. Shea, of Sudbury.

The morning's session was profitably spent in demonstrations on and discourse of trade operations and questions affecting those varied high grade products for which the C.P.C. is noted.

This afternoon's proceedings were graced by the presence of the company's head officials who gave illuminative addresses of special interest in the convention's educative objective.

Banquet To-night.

At 6.30 this evening the gathering will discuss a perfectly irresistible dinner at the Empress Hotel, an event in which the, to many, elusive turkey will be the menu's dominating feature. An entertainment programme will follow.

Bowling Tourney.

From 1.30 to 3 yesterday afternoon the salesmen invaded the Water street bowling alleys, where four teams engaged in a sportive bowling tourney, during which Jake Solomon says no inconsiderable skill was manifested. The teams and treir personal scores stood as follows:

	First Game	Second Game
Staples	90	91
Hardy	59	100
Bleakley	95	92
Jary	69	97
Jobbitt	136	97
Matthews	167	127
Bell	106	92
McWilliams	106	141
Harrison	178	199
Cranfield	137	114
Wade	96	113
Hall	85	167
Fanning	77	127
Dryland	63	100
Shea	103	115
McAdams	123	127
Rosenburgh	150	129
Cunningham	130	99
Pidgeon	94	152
Quinn	100	80
Draffin	100	100
Lowe	98	107
Shaw	137	150
McLean	137	134

Captains of the first game were G. S. Matthews vs. Cranfield, Fanning vs. McLean.

Second game— Cranfield vs. McLean, Fanning vs. G. S. Matthews.

Winners—Cranfield's team losers G. S. Matthews' team, to whom goes some mysterious booby prize.

JUNIOR TEAMS ARE ASKED TO REPORT

All junior teams wishing to enter the Junior City Hockey League are asked to communicate with Walter Smaill as soon as possible, giving him the name of their team, a list of ten players and the name of the manager, so that the schedule can be drawn up. The players must be under 20 years of age on the First of January.

MINIMUM WAGE.

WINNIPEG, Man., Dec. 29. — Fixing the minimum wage at no less than $11 a week for experienced workers of 18 years or over, new regulations governing the employment of women in abattoirs, cigars, confectionery and biscuit, creameries, drug, groceries, macaroni and vermicelli, paper box, pickle, soap and yeast manufacturing plants by the Manitoba Minimum Wage Board, Sanitation and cleanliness are insisted upon in the new regulations, and the hours of labor are fixed at not more than nine hours a day, or not more than 48 hours a week, with a half holiday each week. Overtime may be worked only on permit from the bureau of labor, and no female employee can work between 9 p.m. and 7 a.m., nor between midnight Saturday and midnight Sunday. Inexperienced workers must be paid a minimum of $8 per week for the first four months, with an increase every four months until they reach a minimum of $10, after which they will be considered experienced. The number of learners and minors in any factory is limited to 25 per cent. of the total experienced female employees and no girl under 15 can be employed.

BIG BUFFALO HERD.

WINNIPEG, Alta., Dec. 29. — Commercialization of the buffalo at Wainwright Park, Alta., stocked twelve years ago with 750 animals, and now having a herd of more than 5,000, is under consideration by the Federal Government. The herd is increasing rapidly each year, and with the eventuality of the animals outgrowing the 100,000 acre park Government representatives are seeking ways to commercialize the surplus animals. A commercial undertaking would include the sale of meat, robes, mounted heads, and possibly leather and wool.

An excellent demand exists for buffalo meat, and all the animals the Government cares to kill can be sold at fine prices in both Canada and the United States. Some of the surplus bulls, it is said, will be killed this winter for the market. Buffalo robes are remarkably durable, and even with the hardest service, will last for years. They were in common use fifty years ago, when the remnants of the once great herds were still in existence. Now with the source cut off by the almost complete extermination of the bison, they were rarely seen and command a price of $100 a piece and more. Mounted heads also fetch a good price, running from $125 to $300.

The tanning of buffalo hides may develop into an important industry. Experiments made, it is claimed, show that the leather is tough, pliable and practically water-proof. The wool which the animals shed every spring has been manufactured into a strong cloth fabric which has industrial possibilities though of a restricted kind.

The original herd of 750 was purchased in Montana from Michael Pablo, a Flathead Indian.

SUBMARINE WARFARE.

WASHINGTON, Dec. 29.—(Canadian Press).—The direct issue as to whether the future submarine warfare shall be conducted under civilized rules was raised to-day by United States delegates before the Arms Conference Naval Committee.

United States delegates urged the adoption of Root resolution, and won the support of Great Britain, but the French, Japanese and Italian delegates urged the reference of the matter to the Commission of Experts.

O. A. LANGLEY TAKES OFFICE

WAS SWORN IN AS POLICE MAGISTRATE TO-DAY BEFORE HIS HONOUR JUDGE HUYCKE.

Mr. O. A. Langley presented his patent as Police Magistrate for the City of Peterborough to His Honour Judge Huckye during an intermission of the Sittings of the County Court at noon today. The procedings were quite ceremonial. Mr. Sherry Clerk of the Court read the commission appointing His Worship Magistrate Langley in the following terms:—

His Honour Julge Huckye asked Mr. Sherry the Clerk of the Court to read the Patent in public which was acordingly done. The oath of allegiance and oath of office were presented and duly signed by Mr. Langley, he repeated after the Judge the words of each and solemnly swore to the contents of both of them. The Judge said that in administering this oath he was acting so much in his personal capacity as that of Commissioner per dedimus potestatum to which office or position he had been duly appointed some tme ago. After the swearing in His Honour accordingly congratulated Mr. Langley upon attaining the important position of Police Magistrate for the City of Peterborough. Mr. Langley had been Police Magistrate for the County of Peterborough for some years and his experiencee in that capacity and general reputation for ability and fair dealing auger well for service in his new positon. This was probably the reason for his appointment by the Government and certainly the reason for the hearty and general approval which the appointment had received from the citizens at large.

Bar Represented.

He wished Mr. Langley and his family very many years of happiness and a long period of usefulness in his position as Police Magistrate for the city and county. He had no doubt that Mr. Langley would do his duty fairly and honorably, and would thereby maintain the general respect and confidence of the general public, which respect and confidence would increase as the years went by. The Judge then shook hands with the new Police Magistrate and wished him all happiness.

A large representation of the members of the Bar of the City of Peterborough were present to witness the ceremony.

Mr. Kerr knew Mr. Langley personally, they having attended Osgoode Hall together as students, and since then has had a sincere and deep regard for Mr. Langley, and congratulated him on his appointment to this position, and trusted that His Honor Judge Huycke would not think it out of place for him to say, as a member of the Bar, that he congratulated Mr. Langley and knew he would bring to the new position a wide knowledge of the law and great usefulness to the community.

Mr. Gordon felt that it was a privilege to the city to secure Mr. Langley as one of the judicial officers of the city and county. He has for some years held a similar position in the County of Peterborough, and Mr. Gordon felt he would carry on his new duties in the same manner as he has heretofore done in the office of the County of Peterborough. As a member of the Bar of the City of Peterborough, he congratulated Mr. Langley and felt that it is an honor to the City of Peterborough, and they should be congratulated on having Mr. Langley accepting the office, and I trust that it may be a great many years before he is forced to lay down the reins of useful service to which he has put his hand in the City of Peterborough.

Mr. Langley in reply:

I am pleased, your Honour. I feel that no words of mine can properly express my thanks to your Honour, and the members of the Bar, for all your kind words on my acceptance of the new office, the duties of which I am about to assume next Tuesday morning. It is now some twenty years since I commenced practicing in the City of Peterborough, and I think I can safely say that during the whole of the twenty years' practicing in this County I have received the greatest courtesy from all members of the profession, and I trust that I have extended the same courtesy; and I know that notwithstanding the fact that our relations have been at all times pleasant, no client has suffered in any way by reason of the courtesy shown by one member of the Bar to another. I hope that in my new office as Magistrate for the City and County of Peterborough the same kindly relations with the Bar will continue to exist. I deeply appreciate what your Honour and the members of the Bar of the City of Peterborough have said to me on this occasion, and I thank you all most sincerely for your kind wishes, and assure you that I will at all times endeavour to fulfil the duties of the office I am about to undertake, and hope to prove of use to the City in that office.

DOLLAR SHADES OFF.

BURLESQUE FOR GRAND

NEW TYPE OF MUSICAL EXTRAVAGANZA TO BE SHOWN HERE EACH WEEK.

A new attraction of much interest is announced for the Grand Opera House in the appearance for one evening each week for the next four or five weeks of a first-class company from the American Burlesque Wheel, presenting up-to-the-minute musical extravaganzas, with plenty of snappy comedy, a wealth of scenery, and musical hits galore.

The first of these will be the "Cabaret Girls" company, which is billed for next Thursday, while the following week will introduce the "French Frolics."

The old burlesque shows have disappeared in favour of the cleaner, brighter extravaganza, such as will be introduced to Peterborough audiences. The new form of entertainment should be very popular here.

AFTER AUTO THIEVES.

WINNIPEG, Man., Dec. 29. — With a view to stamping out traffic in automobiles stolen by rum-runners or others, proposals looking toward the granting of Provincial car titles, akin to and registered like Torrens land titles, will be translated into law in Manitoba at the next session of the Legislature, if plans of the Manitoba Motor League are successful.

Under the proposed new law it would be illegal to "trade, sell or possess" any motor vehicle without such a title, and a certificate of title would accompany all cars, with changes of ownership recorded on the backs of these titles.

SEVEN-YEAR SENTENCE.

MONTREAL, Dec. 29.—(Canadian Press).—For attempting to rob R. C. Darwin and his wife outside their home, Antone Beauchamp was sentenced to seven years' imprisonment and fourteen lashes, and John Swan to five years, with five lashes, here to-day.

Voice of the People

To the Editor of The Examiner:

Dear Sir,—Realizing the serious condition in many homes in the city, many who will not apply for relief, and knowing the work that the Big Sisters are doing to relieve suffering and want, I suggest very strongly that you open your columns to financial assistance from anyone who would care to give. I feel sure the money will be well spent, and many homes made brighter, and to start a subscription for this fund I enclose ten dollars ($10.00).—Yours very truly,

CHRISTMAS ENTERTAINMENT

Mark Street Sunday School held their annual Chrstmas entertainment last night to the delight of the children. The following program was given.

Superintendent Mr. H. Gambel took the chair and in a few words, said the Home and the Sunday School were vital factors in the moulding of child life for a higher standard of Citizenship.

The entertainment opened with the singing of the Doxology which was followed by a prayer by Rev. G. E. Ross. The program was as follows: Opening chorus by entire class, dialogue by Mrs. Ashley's class recitation by Catherine Hill, chorus by Miss Hamblin's class, flag drill by Miss Whattam's class, recitation by Hilda Adams, instrumental by Jean Hurl, "The old Country School House" by Mr. Grierson's class, chorus by Miss Hamblin's class, recitation by Mr. Grierson, chorus by Primary class, reading by Jack Huggins, recitation by May Grierson and recitation by Miss Millage class.

M. R. Hendry kindly acted as Santa Claus and in his usual good voice sang a song after which he distributed the presents and candy

Market News

NEW YORK, Dec. 29.— (Canadian Press.)—Yesterday's unexpected tightening of call money rates to 5 --2 per cent. accounted for hesitan and irregular tone of the stock market at opening of to-day's session. Some of the investment rails were fractionally higher, and such specialties as American Ice, Sears Roebuck, Famous Players and Davison Chemical registered similar gains. Independent Steels were lower, however, and heaviness was shown by prominent Oils, Motors, Burns Brothers and Columbia Graphaphone Preferred. Cables announcing failure of an important Italian banking institution caused moderate reactions in leading foreign exchanges.

Lack of public support encouraged shorts to begin series of drives during the morning. Deleware, Lackawanna and Western Chicago and Northwestern and Colorado Southern were the heaviest of Rails, averaging one point declines. Pressure against Burns Brothers, Columbia Graphaphone Preferred and some of low grade Oils, Metals and Specialties become more consistent. Pierce Oil Preferred, American Cotton Preferred, Gulf States Steel, International Nickel, Chine Coppers and National Cloak and Suit lost one to 2 1-2 points. Re-action was partly checked before noon, Bethlehem Steel and Sugass featuring irregular rally. Call money opened at five per cent.

Declaration of an extra five per cent. dividend on Delaware, Lackawanna and Western strengthened that stock and other coalers at midday. Equipments and sugars also enhanced early gains but heavy selling of General Motors and reactions of one to two points in various specialties added to market's uncertain tone.

CHICAGO GRAIN.

CHICAGO, Dec. 29.— (Canadian Press.)—Opening wheat quotations varied from 3-8 to 1 1-2 lower with May 114 3-4 to 115 1-4 and July 104 1-4 to 104 5-8, but reaction was complete within an hour. Russian relief purchases, together with reduction of Government crop estimate, had a bullish influence on Corn. After opening unchanged to 1-8 higher, May 54 1-2 to 54 5-8, the market advanced moderately all around. Oats symapthized with Corn, starting 1-4 off to 1-4 up, May 38 3-4 to 38 7-8 and later hardening for all deliveries. Lower quotations on hogs weakened provisions.

STERLING EXCHANGE.

NEW YORK, Dec 29.— (Canadian Press.)—Sterling exchange irregular. Demand Great Britain 4.19 1-4, Canadian Dollars 5 7-8 per cent. discount.

MONTREAL MARKET.

MONTREAL, Dec. 29.— (Canadian Press.)—Trading on the local stock exchange was quiet during the first half hour this morning. Dominion Bridge was a feature, going down 1 1-2 points to 63 1-4, after closing at 64 1-4 yesterday. Dominion Glass was strong and rose half a point to 58 1-2. Montreal Power strengthened a quarter to 38 1-4. National Breweries was traded in at 56 1-4, its closing quotation.

TORONTO STOCK MARKET

TORONTO, December 29. Canadian Press. — Some improvement in volume of business was observed at this morning's session of the local Stock Exchange. Mackay preferred sold at 63, a drop of 4 points from this previous sale, a week ago. The Steamship issues closed practically unchanged. Brazilian was ½ lower, at 28 3-8, while Atlantic Sugar was ½ higher at 27 1-2.

In unlisted department, Dominion Bridge lost 4 1-2 points during the morning with the close at 58, and compared with 66 1-2 Tuesday morning. Wayagamack was off 2 1-4 at 35 3-4 for an odd lot. Steel of Canada bonds were up ½ at 98.

NO CATTLE MARKET.

TORONTO, December 29. — Canadian Press. — No cattle market today.

CHARGE OF PERJURY.

MONTREAL, Dec. 29.—(Canadian Press).—An echo of the recent electoral campaign in Laval-Two Mountains was heard in the enquete court here yesterday afternoon at the preliminary hearing of a charge of perjury against J. R. Trempe, an employee of the archives department at the Court House, who is alleged to have made false statements in a sworn affidavit which is claimed to have seriously prejudiced the electoral chances of Aglibert Theoret Farmer candidate, who was defeated in the constituency by J. A. Ethier, Liberal.

The case was adjourned.

Best Wishes to all for a prosperous New Year.

To the Electors of the Township of NORTH MONAGHAN

Ladies and Gentlemen,—

Having been nominated for Reeve for the Township of North Monaghan for the year 1922, I respectfully solicit your votes and influence.

I have been Councillor for two years and Deputy-Reeve for two years in your Township. This apprenticeship, I consider, should qualify me for the office I now seek.

I believe promotion should come from the ranks. I think it is in the interests of the ratepayers that one familiar with the business of the Township should occupy the office of Reeve.

As I reside in the west part of the Township and am a farmer, the claims of the urban resident should be respected, and, if elected, I shall give due consideration to all matters affecting the different sections.

Should you think that my past services qualify me for the office, I will apporeciate the honor of being elected; and shall do what I can to advance the interests of the municipality.

Respectfully yours,

"AT HOME."

The "At Home" to be given by the King's Daughters to-morrow Friday) evening, in the G.W.V.A., Hall, is deserving of the patronage of every one in the city who realises the good work done by the organisation under whose auspices it is to be held. It is the annual Charity Ball, and while other organisations may have claims, the King's Daughters, whose work has been very thorough and efficient in others years, is called upon this winter to do a great deal more than on previous occasions. The success of the "At Home" to-morrow will permit of the organisation doing a great deal of work, and it is to be hoped that large numbers will be in attendance.

WOOD TO BE USED FOR RELIEF WORK

Under the direction of Street Commissioner H. Evans dead trees and others that people desire to have removed are being cut down and considerable wood for charity purposes is being accumulated in this way. The Board of Works Department are carrying out instructions of Council in removing the trees and a definite program is being followed out. The first trees were taken down two weeks ago and since then a large part of the city has been coveged. Some very large elms that have seen more glorious days and were probably stately growths long before the Robinson setters arrived, have fallen before the woodmen's axe.

E. M. (MEL) TURNER ALDERMANIC CANDIDATE

A YOUNG BUSINESS MAN—IS MEMBER OF WELL KNOWN FIRM OF W. R. TURNER & SONS.

In the list of aldermanic candidates coming before the citizens on Monday next for election, is the name of E. M. Turner, of the firm of W. R. Turner & Sons, plumbers and tinsmiths, whose plant is situated near the Peterborough Lock Company on Simcoe street. Mr. W. R. Turner, father of the candidate, was for many years a foreman with the late Adam Hall, subsequently going into business for himself, and associating with him his two boys, who are members of the firm.

E. M. Turner, who is offering himself as a candidate, is better known as Mel Turner, and has been a resident of the city all his life. He was educated here and all his interests are in the city. He is successful in business, knows the needs of the city, and is the class of young man whom the citizens appreciate when they offer their services to the city. 1

TERESA SET TO GET THOSE ANNOYING HER

'Ware the Dog and Red Pepper, Detectives or Peepers.

Lynn, Mass., December 29.—Mrs. Teresa Timson, has bought a big dog which simply hate strangers. She also has sprinkled red pepper all over her window sills.

And those detectives or "Peeping Toms," or whatever they are—those suspicious strangers she has seen lurking around the house, who have made queer noises and have left large footprints — had just better look out.

Mrs. Timson is the wife of Louis Earl Timson, wealthy shoe manufacturer and officer of several large corporations. She is young and attractive. They separated some time ago. She went to live alone in the outskirts, after causing a sensation by having him arrested on charges of non-support.

She told the Essex County authorities she thought the mysterious strangers were detectives hired by her husband, although they might be "Peeping Toms."

WEDDING BELLS

FLOWERS—OWEN

An interesting romance of the late war resulted in a pretty wedding solemnized in St. Johns Church at 10.30 Wednesday morning December 28th, when Nell, youngest daughter of Mrs. J. Owen of Bangor, North Wales was united in the holy bonds of matrimony to Walter Flowers son of the late W. Flowers and Mrs. Flowers of Peterboro. Rev. Dr. Blagrave D.D. performed the ceremony.

The bride was attractively attired in a travelling suit of navy cloth and hat to match. She wore the brides gift of a handsome scarf of gray squirrel.

During the signing of the register appropriate music was played by Margaret Flowers, sister of the groom.

After the ceremony the happy couple started on their wedding tour for St. Catherines and Niagara Falls, New York from whence they will return via Boston Mass., and St. John N.B. to Moncton N. B. where they will reside.

Many beautiful gifts were received including a silver tea service presented by the staff of the Peterboro' Cereal Company of which Mr. Flowers is representative in the Maritime provinces.

Personals

Mr. P. J. Moloney of Halifax is spending the Christmas holidays with his father in Ennismore.

Miss Carey Moloney spent Cristmas with Miss Eunice Crough of Ennismore.

GRADY—O'NEILL

At eight o'clock Tuesday morning in St. Peter's Cathedral the wedding was quietly solemnized by Rev. Father Costello of Florence M. O'Neil, daughter of Mrs. P. O'Neil, Smith Falls, Ont. and Franics J. Grady son of Mr. and Mrs. Jas. Grady of this city.

The bride was attired in a suit of navy velour with seal trimmings and hat to match, and wore a corsage boquet of ophelia roses. Her sister, Elizabeth, acted as bridesmaid wearing a suit of blue tricotine, trimmed with embrodery. The groom was attended by his brother, Fred.

Miss Maud M. Doherty, organist, played the wedding march, and during the ceremony Mrs. H. Laplante and Miss K. Masterson sang the Ave Maria and O' Salutaris.

After a dainty weding breakfast, Mr. and Mrs. Grady left on the C.P.R. train for a short honeymoon in Ottawa and Montreal, and on their return will reside in this city.

OBITUARY

MRS. JOHN WHITEHOUSE.

In a cablegram from the Old Country to-day Ald. Frank Whitehouse received word of the death of his mother, Mrs. John Whitehouse, at Tipton, Staffordshire, yesterday.

The tidings are unusually sad, for Ald. Whitehouse had postponed a trip home on the strength of earlier and favourable reports from the family.

Mrs. Whitehouse was 78 years of age . Her husband predeceased her six years ago.

THOMAS BORLAND.

The death occurred yesterday afternoon, after a short illness, of Thomas Borland, in his 85th year. Deceased was born in Ayr, Scotland, but came to Canada when a boy, farming near Rice Lake, in Otonabee, until 1906, when he came to Peterborough with his daughter, Mrs. George Bathgate, with whom he has made his home ever since. His wife predeceased im 19 years ago.

Mr. Borland was a member and elder of St. Andrew's Presbyterian Church, and, health permitting, was a regular attendant. His death removes an old and respected resident of East City.

The funeral will be held Friday afternoon from his late residence to Little Lake Cemetery. Service by Rev. James Rollins, of St. Andrew's Church, will commence at 3.15 p.m.

SUN LIFE ASSURANCE CO.

It is well that the public should be reminded from time to time of the significance which attaches to the success achieved by our great commercial institutions. From the most humble beginnings our Banks and Assurance Companies have risen and expanded coincidentally with the growth of the Dominion itself. Each connection with agriculture, lumbering, and latterly, industrialism, has seen a corresponding broadening and strengthening of the basis of national finance.

Trials and difficulties marked the genesis of Assurance in Canada. The people knew next to nothing of its principles and were indifferent to its advantages. In many cases there was even keen opposition on the ground that it was an interference with the workings of Divine Providence. The profound and beneficial change which has come over the attitude of the public is exemplified by quoting the aid which the big Assurance Companies were able to render their country when the world-storm burst in 1914. The huge concentration of savings in their hands enabled them to come to the aid of the Government in a way which never till then tried to raise a national loss within its own boundaries. That it was able to finance its own side of the great war was due largely to the Assurance Companies subscribing to Canadian Government loans no less a sum than $235,114,150.00, the Sun Life alone contributing over $38,000,000. The larger subscriptions were not all accepted in full; but the amount actually allotted to the Companies, and taken up bp them totalled $182,538,350.

Some weeks ago it was announced in these columns that the Sun Life had assurances in force to the amount of $500,000,000.00. The deep significance of such huge figures, both to our national life and to the homes of the people is now doubly emphasized by the further announcement that the same corporation has, since its formation, paid considerably over $100,000,000.00 to its policy holders. Apart altogether from the fact that these figures show the power to allay distress that lie within the hands of such intitutions it must be borne in mind that the mere existence of such concerns tends to stabilize national life and to infuse into a great proportion of the people of the Dominion a feeling of intense security.

BACK TO THE LAND.

WINNIPEG, Man., Dec. 29. — The "back to the land" movement seems to be on the increase, judging from figures recently made public by George Batho, editor of agricultural publications for the Provincial Government, which show an increase of 8,561 in the number of farmers in Manitoba, during the last five years. Farmers in the province numbered 46,623 in 1916, and to-day there are 55,184.

RESUMPTION OF TRAFFIC NEXT WEEK

GRAIN TRAINS THROUGH PETERBOROUGH HAVE BEEN HELD UP ON ACCOUNT OF THE LONGSHOREMEN'S STRIKE.

A 72 HOUR RUN

A resumption of the grain movement through Peterborough on the G.T.R. from Midland to Portland, Maine, is expected to begin next week, the longshoremen's strike at Portland having been settled. The strike last week choked the harbor and stopped the flow of grain eastward, but once the congestion at Portland is cleared away the long lines of grain-laden cars will again proceed through Peterborough.

Since early October the grain trains have averaged about ten a day, with 25 cars to the train. Oats run about 2,000 bushels to the car, and wheat 1,800 bushels, so that there have been from 450,000 to 500,000 bushels of grain bound eventually to feed Europe's millions, passing through this city daily, and the heavy flow is expected now to continue for some weeks yet. In addition to the elevators full of grain in Midland, there are 25 grain boats in the harbor loaded with the golden product of the prairies. These boats are frozen in, and a passage to the elevators will have to be cut through the ice.

A 72-Hour Job.

The moving of the grain from Midland to Portland, Maine, the winter port for the shipment of grain to Europe, once navigation on the St. Lawrence closes, and the terminus of the Grand Trunk system, makes a 72-hour job, but sometimes the journey of the grain to the seaboard is done in less time, and the run from the Georgian Bay port to Montreal is quite often made in 24 hours.

It is no small distinction to Peterborough to be located on the main artery of transportation that supplies Europe with wheat, oats and barley from the grainary of the Empire. Practically all the grain that reaches Europe has passed through Peterborough on the third leg of its journey. The first trip of the crop is by train to Fort William, the second by boat to Fort William, the third from Midland to Montreal in summer, or Portland in winter, and the last leg of the movement is from Portland to England, or the Continent. Some of the grain is handled over the Allandale division of the G.T.R., when the load on this division becomes too heavy.

WILL DISCUSS THE QUESTION SUBMARINES

PARIS, Dec. 30. — (Canadian Press.) — The French government will be glad to discuss the status of submarines with reference to merchant shipping as well as humanitarian bearing of their use, it was stated in official circles to-day. Regulation of uses of these craft might, it was added, affect the question of tonnage, but the question of status must come first.

It was pointed out with reference to the tonnage issue that France, including her colleagues, has a coast line of fifteen thousand miles to defend, while the United States, including Alaska, has but eleven thousand miles.

AN EMPLOYEES ERROR.

WASHINGTON, Dec. 30.—(Canadian Press.)— Safeguards for the operation of trains were rendered ineffective by an error on part of employee's misunderstanding of the operating rules and improper practices, on December 5 last, when trains collided near Woodmount, Pa., and caused twenty-seven deaths, according to an Interstate Commerce Commission report.

WE NEED THE NAMES!

Peterboro' Old Home Week

So far the appeal for names and addresses of Peterborough people living away from the city has met with very poor response. This is not right. We can't run an Old Home Week unless the folks are here. Help us to get in touch with them. Six carloads of people left Peterborough Friday morning going back after Christmas. Not one name has been handed in.

Do your duty. Help out the organization. Only a moment or two required. We hold a meeting presently and want to show results. Do it now. Advise the City Building or Chamber of Commerce.

CANADIAN PACKING CO'Y LTD. BANQUET THEIR SALES STAFF

A MERRY, HAPPY ENDING TO A PERFECT DAY OF THE CONCERN'S PETERBOROUGH CONVENTION—LOCAL MANAGER GORDON S. MATTHEWS GIVES INTERESTING HISTORY OF THIS THE BIGGEST PACKING INDUSTRY IN THE BRITISH EMPIRE—ESTABLISHED SIXTY-THREE YEARS AGO.

A merry, happy ending to a perfect day was the annual banquet in the Empress Hotel last night, given by the Canadian Packing Co., Ltd., to their salesmen and office staff of the Peterborough branch. With the exception of a session to-day, this terminated a very successful four-days' convention here of the C.P.C. Peterborough branch's travellers, and it would be difficult to conceive of a like banquet function excelling by one jot or tittle the four hours of clean, wholesome festivities provided by an entertainment committee, who have every reason to congratulate themselves on having arranged holiday cheer which will unquestionably live long in the memories of all the company's guests. During a lengthy after-dinner programme, over which R. S. Hall, local sales manager, acceptably presided, there was not one dull minute, and the rafters rang again and again with merry jest, tuneful song and orchestral music, to say nothing of a perfectly contagious avalanche of good-naturad badinage and joyous laughter. For not only are these salesmen and office staff keen business men, but they carry an irresistible fund of humor, and are in themselves talented entertainers, as evidenced last night by a "concert" programme hard to excel by amateurs, consisting of vocal and instrumental numbers, elocution, sleight of hand and acrobatic work—all contributed by the company's own staffs, with the exception of that excellent drummer, Mat. Drysdale.

The table of honor was colorfully decorated by carnations and national flags, the whole dominated by a miniature porker gaily coated and beribboned — a trade emblem, so to speak, of the biggest packing industry in the British Empire. The dinner itself proved in the premier class, as to viands, appointments and an all-round "good time," including seasonable delicacies tastefully served, and interspersed with fun-provoking fake business telegrams for both visitors and members of the Peterborough home staff, disbursed by A. B. Cranfield.

Good Comradeship.

Local Manager Gordon S. Matthews' entrance into the dining-room was greeted with three rousing cheers and a tiger, and from that moment onward a spirit of jollity and good comradeship prevailed, while exemplary loyalty to the C.P.C., appreciation of considerate relationship between management and employees, together with unshaken trade optimism for 1922, radiated from all speeches.

Between each section of the splendid programme catchy group choruses, prepared by Geo. Logan and A. B. Logan, were tunefully sung with heart and voice that made the welk in ring.

Presentation to Geo. Logan.

A late-hour feature of this event was the presentation by Gordon S. Matthews, on behalf of the sales staff, of a handsome club bag to George Logan, who is leaving the company's employ this New Year's to accept a salesman's position with the Western Clock Co., of Peterborough, with territory in Quebec Province. In a fittingly worded acknowledgment of this tangible appreciation of the staff's good fellowship, Mr. Logan regretted leaving the C.P.C., whom he characterized as a mighty fine concern to work for, as also are their staffs.

More Presentations.

Another feature of the function was the awarding of booby prizes to Gordon S. Matthews and his team for losing place in the bowling tourney on Wednesday. These prizes consisted of perfectly lovely miniature kiddies' feeding bottles, nicely boxed and ready for service. They were much appreciated by their recipients.

Prizes of cigars were also awarded the winning team under the captaincy of R. S. Hall. These presentations were made by J. A. McLean, of Toronto head office.

The King.

This toast, proposed by R. S. Hall, was responded to as usual by singing the National Anthem.

Our Company.

In reply to this toast, very capably proposed by J. A. McLean, Gordon S. Matthews, son of T. F. Matthews, and also local manager, concisely reviewed the history and progress of the now Canadian Packing Co. since its inception in Lindsay sixty-three years ago, as follows:

The business was established by his grandfather in 1858, when he started operations in Lindsay, on Cambridge Street, just off of Kent—a business chiefly of dressed hogs, long clear bacon and hams. During the winter time the hogs were packed and put away and sold off in the summer, the average packing being 1,000 hogs per year, and average cost 5c a pound dressed.

In 1884 the business was opened i Peterborough under Mr. W. E. Matthews, and carried on in the same way in Lindsay. In 1885 a retail store was opened here, the location being the same as that known as the George Street store at the present time. Then Walter Barlow was in charge of this store. In 1886, George Matthews, the second son, joined Mr. W. E. in Peterborough, assisting him, particularly in the engineering of the plant, and that was the first year Mr. T. F. Matthews worked in the industry, assisting his father in Lindsay. In 1887 Mr. T. F. Matthews came in Peterborough, a frame kill house was put up where the present smoke-house stands, and was built to slaughter hogs in the fall.

LONDON PAPERS DEPLORE ATTITUDE OF FRANCE ON THE SUBMARINE QUESTION—"A GEOGRAPHICAL NECESSITY."

"UNFRIENDLY ACT"

LONDON, Dec. 30.—(Canadian Press).—The majority of the editorials in this morning's newspapers score French attitude on submarines. The Daily News says France's decision is "disastrous debasing of the standard of international morality," and The Daily Chronicle says France's behaviour cannot be regarded as other than "unfriendly to Britain." The Morning Post, however, declares that "it is foolish because France refuses to fall in immediately with British proposals to threaten her with outlawry," and further holds that France's view "is not due to original sin, but geographical necessity."

RELIEF SYSTEM OF LAST WINTER MAY BE RENEWED

LARGE DEPUTATION FROM ONTARIO CITIES ACCORDED FRIENDLY RECEPTION BY PREMIER DRURY AND MEMBERS OF HIS CABINET.

"CAN'T LET PEOPLE STARVE"

Virtual assurance of the Ontario Government's willingness to join with the Dominion Government and municipal councils in continuing this winter the system of unemployment relief adopted a year ago by Premier Drury, on Thursday afternoon to a large deputation from various cities of the province.

"We can't let the people starve," said the Premier, who promised that he would discuss the situation with his cabinet and announce their decision not later than next week. "In the meantime the charitable organizations will carry on their work over New Year's so that no person will suffer from" Mr. Drury suggested. He expressed his repugnance of doles, and the least reason he said, was the financial expenditure involved. On the other hand extreme conditions of unemployment and hardship existed in the large industrial centres, and the expected help from the Government's advertising campaign appealing to the public to provide temporary work, even small odd jobs, was too slow in materializing. The industrial depression was a passing condition and might disappear during the comng year.

Peterborough was represented by Mayor McIntyre, T. Tooms, M.L.A., Aldermen Hamilton, Crowe and Phelan, the latter of whom is the chairman of the special relief committee of the Council. Other deputations were from Hamilton, Brantford, London and St. Catharines and other cities with a total strength of nearly 125 representatives.

Mayor McIntyre told the Examiner that from the statements to the Premier the conditions in Peterborough appeared to be very much better than in some of the western Ontario cities. Severe distress was reported from Brantford.

Prior to the conference with Hon. Mr. Drury and his Ministers, Biggs, Raney and Rollo, the Peterborough group met the Hon. Mr. Rollo, Minister of Labour, and discussed with him the necessity of giving relief this winter to those men who cannot secure work. Mr. Rollo said he was in favor of the proposals for renewing the agreement between the Dominion and Provincial Governments and the City Coucils whereby the cost of unemployment relief was equally assumed by each of these parties.

Ald. Phelan told Mr. Rollo that Peterborough has been paying $75 a day in relief, but this would fall to $25 if the Dominion and Provincial Governments paid their shares. The joint deputation emphasized the fact that the Dominion Government has already announced its willingness to carry on the same as last winter, and only the assent of the Ontario Goverment remains to continue the relief on the partnership basis for another year. City Clerk Aremstrong spoke for the Peterborough representatives.

Mr. Tooms has pointed out to the Examiner that the Ontario Government's earlier decision was the result of the answers to a questionnaire which the government submitted to the City Councils. Peterborough, it is true, favored last winter's system, but this city was in the minority.

THE KING ADMINISTRATION IS GETTING DOWN TO BUSINESS

WRITS FOR BYE-ELECTIONS WILL BE ISSUED NEXT WEEK—UNDER SECRETARIES WILL BE APPOINTED—G. N. GORDON IS A STRONG POSSIBILITY—THE SPEAKERS OF THE TWO HOUSES.

OTTAWA, Dec. 30.— (Canadian Press.)—That Hon. Hewitt Bostock would be appointed Speaker of the Senate as soon as Parliament meets, and that Hon. Rudlophe Lemieux would be appointed Speaker of the House of Commons was contained in a statement issued by Premier King yesterday evening. The statement also says that Senator Bostock will be succeeded as leader of the Senate by Hon. Raoul Dandurand. The new Administration will also give consideration to the advisability of appointing younger members of the House of Commons as Parliamentary under secretarys to Ministers in order that they may qualify for promotion. G. N. Gordon, of Peterborough, is a strong possibility for such a position. Hon. Charles Stewart is to be Acting Minister of Immigration and Colonization.

Dates of by-elections will be the first business to come before the new Cabinet at its meeting to-day. Members of the King Administration will remain in the Capital for at least a week and this period will be utilized for a series of Cabinet meetings at which preliminary organization work will be carried out. It is stated that by-elections will be held as early as possible and it is likely that writs will be issued early next week. Definite announcement of where Hon. Mr. Murdock and Hon. Mr. Stewart will stand will be shortly announced.

TORONTO OTHERWISE HOGTOWN

(BY PORT HOPE GUIDE)

It used to be Toronto the good. But whatever pretences there were in that direction ceased to be in evidence during ex-Mayor Church's term of office. Boot-leggers, bandits, garrotters, burglars and criminals came into evidence and flourished as they never did before. The spirit of the midnight bandit seems now to have taken possession of those in authority to say nothing about the great metropolitan press. It is now "all for Toronto." Only the interest and welfare of Toronto must be considered. Every other interest fades into insignificance. It matters not that commercial depression exists. It matters not that the spectre of financial stringency stalks through the land. The mayor, the press and the municipal agitation are demanding with one accord that there shall be constructed immediately an extensive system of electric Radial Lines centering at Toronto. But the Toronto advocates of this system do not indicate their anxiety to pay for the construction and the equipment of these lines. They very graciously ask the municipalities within a hundred miles or so of the city to build them and tax themselves for their maintenance. With this object they are howling against Premier Drury for his persistent guard over the interests of the province and his opposition to Adam Becks wild schemes. What cares Toronto if every municipality beggarred itself in passing radial bylaws and assumes a bonded indebtedness which will take the life's blood out of every farmer! Not a whit. What cares Toronto if the commercial interests and welfare of every country town along the line of these Radial Lines is ruined by this artificial diversion of local trade to Toronto! Not a whit. All Toronto calls for is to give Adam Beck a free hand to expend $250,000,000 in the hope that Toronto will get the benefit. If Toronto wants to force a conflict between the selfishness of the city and the general interests of the province the contest cannot come too soon. Toronto will get the answer which it deserves but it will not be the reply that the hot headed agitators are looking for. All Toronto has to do is to continue with one accord singing the chorus of disapproval of the course that is being taken by Premier Drury and it will create for Mr. Drury a much larger support than he has recently been counting upon. Hogtown had better take warning.

ALL IT NEEDS IS PEN, INK and PAPER

Won't You Get Busy?

The holiday season seems to have taken attention from more important things. For instance, the sending in of names and addresses to the Old Home Week Committee of your folks living out of town.

We are not getting this thing in action for you, solely, but for those who we hope to induce to come back to the old home town.

Your duty is to tell us where they are. For the love of Mike, be good and help out. Names and addresses are the very foundation rules of the whole venture.

Come along. Change from slow to high gear and break the speed limit. Warm up the batteries and quicken ignition. Do it now.

Advise in any kind of writing, or 'phone, if you must, to 261w (City Building) or 1360 (Chamber of Commerce).

Everyone Should Drink Hot Water in the Morning

Wash away all stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

VOICE OF THE PEOPLE

To the Editor, Peterborough Examiner, City:

The employees of J. J. Turner & Sons, Ltd., desire through the medium of your valuable paper to contradict any slanderous or malicious reports which may have reached the ears of any of the Electors, and which seem to have been circulated with a desire to damage the prospects or qualifications of Mr. J. J. Turner, who is before the Electors on Monday next for the office of Mayor.

We would have it known that the treatment meted out to the employees of this enterprising firm of comparatively young men, and the feeling of good fellowship which exists between the heads of the firm, and their employees is somewhere near the same acme of perfection, and it is ridiculous to even think that people would stay with a position anywhere from ten (10) to sixteen (16) years (as numbers of the employees have), unless they were satisfied, and we feel it our duty and something we owe the firm to tell the public that wages have not been reduced during this period of re-construction, but rather have we re-doubled our collective efforts to encourage more production to compete with lower prices.

This ensures a happy family of satisfied producers, and we will all hope that the Electors will go to the polls with an unbiased mind to elect one of the ablest men Peterborough has ever had the opportunity to vote for, namely, J. J. Turner.

This letter was entirely unsolicited, and is signed with the expressed approval of all the employees by the various heads of departments.

BULL-DOG DRUMMOND

BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

But before the order could be carried out Hugh had disappeared, like a great cat, into the darkness of the passage above. It was neck or nothing; he had at the most a minute to get clear. As luck would have it the first room he darted into was empty, and he flung up the window and peered out.

A faint, watery moon showed him a twenty-foot drop on to the grass, and without hesitation he flung his legs over the sill. Below a furious hubbub was going on; steps were already rushing up the stairs. He heard Peterson's calm voice, and Lakington's hoarse with rage, shouting inarticulate orders. And at that moment something prompted him to look upwards.

It was enough—that one look; he had always been mad, he always would be. It was a dormer window, and to an active man access to the roof was easy. Without an instant's hesitation he abandoned all thoughts of retreat; and when two excited men rushed into the room he was firmly ensconced, with his legs astride of the ridge of the window, not a yard from their heads.

Securely hidden in the shadow he watched the subsequent proceedings with genial toleration. A raucous bellow from the two men announced that they had discovered his line of escape; and in half a minute the garden was full of hurrying figures. One, calm and impassive, his identity betrayed only by the inevitable cigar, stood by the garden door, apparently taking no part in the game; Lakington, blind with fury, was running round in small circles, cursing everyone impartially.

"The car is still there." A man came up to Peterson, and Hugh heard the words distinctly.

"Then he's probably over at Benton's house. I will go and see."

Hugh watched the thick-set, massive figure stroll down towards the wicket gate, and he laughed gently to himself. Then he grew serious again, and with a slight frown he pulled out his watch and peered at it. Half-past one . . . two more hours before dawn. And in those two hours he wanted to explore the house from on top; especially he wanted to have a look at the mysterious central room of which Phyllis had spoken to him—the room where Lakington kept his treasures. But until the excited throng below went indoors, it was unsafe to move. Once out of the shadow, anyone would be able to see him crawling over the roof in the moonlight.

At times he thought of the helpless man for whose death he had in one way been responsible recurred to him, and he shook his head angrily. It had been necessary, he realised; you can carry someone upstairs in a normal house without him having his neck broken—but still . . . And then he wondered who he was. It had been one of the men who sat round the table—of that he was tolerably certain. But which . . . ? Was it the frightened bunny, or the Russian, or the gentleman with the bloodshot eye? The only comfort was that whoever it had been, the world would not be appreciably the poorer for his sudden decease. The only regret was that it hadn't been dear Henry. He had a distaste for Henry which far exceeded his dislike of Peterson.

"He's not over there." Peterson's voice came to him from below. "And we've wasted time enough as it is."

The men had gathered together in a group, just below where Hugh was sitting, evidently awaiting further orders.

"Do you mean to say we've lost the young swine again?" said Lakington angrily.

"Not lost—merely mislaid," murmured Peterson. "The more I see of him, the more do I admire his initiative."

Lakington snorted.

"It was that damned fool Ivolsky's own fault," he snarled; "why didn't he keep still as he was told to do?"

"Why, indeed?" returned Peterson, his cigar glowing red. "And I'm afraid we shall never know. He is very dead." He turned towards the house. "That concludes the entertainment, gentlemen, for to-night. I think you can all go to bed."

"There are two of you watching the car, aren't there?" demanded Lakington.

"Rossiter and Le Grange," answered a voice.

Peterson paused by the door.

"My dear Lakington, it's quite unnecessary. You underrate that young man . . ."

He disappeared into the house, and the others followed slowly. For the time being Hugh was safe, and with a sigh of relief he stretched his cramped limbs and lay back against the sloping roof. If only he had dared to light a cigarette. . . .

III

It was half an hour before Drummond decided that it was safe to start exploring. The moon still shone fitfully through the trees, but since the two car watchers were near the road on the other side of the house, there was but little danger to be apprehended from them. First he took off his shoes, and tying the laces together, he slung them round his neck. Then, as silently as he could, he commenced to scramble upwards.

It was not an easy operation; one slip and nothing could have stopped him slithering down and finally crashing into the garden below, with a broken leg, at the very least, for his pains. In addition, there was the risk of dislodging a slate, an unwise proceeding in a house where most of the occupants slept with one eye open. But at last he got his hands over the ridge of the roof, and in another moment he was sitting straddlewise across it.

ACTIVITIES OF WOMEN.

Mrs. Pat Conway is the town jailer at San Angelo, Texas.

Miss Pearl Cartmill, examiner of small loan agencies for the State of Illinois, is the only woman in the United Staes to hold such a position.

The record for real estate sales in London is held by a woman—Mrs. Margaret E. Long, of Chicago, selling $1,500,000 worth of property since February 1 of this year.

When her husband died, 13 years ago, Mrs. Charles B. Knox of Johnstown, N. Y., became the executive head of one of the largest gelatin manufacturing plants in New York State, and her business ability has enabled her to treble the business during that period.

THE MODERN BATHROOM

Whereas so recently as 20 years ago comparatively few homes boasted of permament plumbing and bath conveniences, today even the dwellings of the very plainest people are well supplied with bathing facilities. It is no longer a question of "to bathe or not to bathe." Hygiene and society both demand the daily scrub, and so we have reached a point where bathroom efficiency is more and more important.

The best tub is made of the best quality porcelain or white enamel and is set directly on the floor. This model may be a trifle more expensive, but is far more efficient. There is probably nothing more awkward to clean than the space under the tub that stands on short legs. Such a space is nothing but a trap for dust and dirt.

The hand bowl has been perfected to a high degree. From an esthetic point of view the pedestal bowl with its long column-like base and its square or oval basins, most attractive. Such bowls are fitted with combination faucets, which allow the water to come through either very hot or cold or tepid. Instead of the rather inefficient chain which is always apt to get twisted, and the rubber plug, which is always falling off the newer bowls are fitted with a trap outlet controlled by a button after the manner of the basins in the Pullman cars.

TASTE FOR ART.

It would seem, then, that while individuals manage to exist without a taste for art, travel or religion; yet that, first, as a matter of fact, half their life, and that the only half worth living, is generated from the products of these things, as well as two-thirds more of what is left in the realm of the purely material. Remove the instincts of art, exploration and religion from the world and you are confronted by a set of pigs, dwelling, at the very best, in mud houses, covered with hair, ignorant of what lies at the other side of the nearest tree, doing nothing whatever but eating, drinking, breathing and begetting children in their own likeness for which—and no wonder—they have little affection and no hope. . . .—Papers of a Pariah.

The Willard Mark Is Your Protection

When you buy a battery you buy more than just so much metal, chemicals, and jars. You buy a *service* that supplies power for starting and current for ignition, lights and horn.

And the only means you have of knowing in advance how much you get for your money is by the *maker's* name.

Every Willard Threaded Rubber Battery has the Willard Trade Mark stamped in red on one side of the battery case. By this mark you know you are getting genuine Willard Threaded Rubber Insulation. Unless you do see the mark, you can't be sure of Threaded Rubber advantages, including most miles of uninterrupted service per dollar of battery cost.

LITTLE WANT ADS.

At this time of the year, there are any number of things that are badly needed, either by the man or woman.

These things can be done without, but the Summer is going to be not quite so happy without them, and they need not cost you nearly as much as you think, if you only use the Want Ads. to get them.

So many people lose a vast amount of pleasure simply because they have never learned the value of a simple little appeal to the Examiner Want Ad. Column. Don't let this bright month of June go by without satisfying little extra Summer wants through the Want Ads.

NOTICE is hereby given that a Quarterly Dividend of Three Per Cent for the Three Months ending 31st December, 1921, together with a Bonus Dividend of Two Per Cent for the Year, has been declared upon the Capital Stock of this institution, and the same will be payable at the offices of the Company in this city on and after the 3rd day of January, 1922.

The Transfer Books will be closed from the 17th to the 31st instant, both days inclusive.

TODAY'S NEWS OF THE DISTRICT

TOWNSHIP COUNCILS NOT LEGALLY ELECTED IN 1921

COMPARATIVELY UNKNOWN AMENDMENT TO MUNICIPAL ACT COMES TO LIGHT THIS WEEK BUT TOO LATE FOR SOME CANDIDATES WHO WERE UNAWARE OF IT.

SOME LOCAL INSTANCES

"Not one of the Township Councils in Peterborough County was legally elected last January, according to the amended Municipal Act in the revised statutes of Ontario," County Clerk Ed. M. Elliott stated to The Examiner last night, "and in so far as I know, not one in fifty of the other Township Councils in the Province was elected in strict conformity to the law."

This astonishing assertion followed an interview in which The Examiner endeavoured to ascertain to what extent the widespread ignorance of the new regulation requiring candidates for election in rural municipalities to sign declarations of qualification had affected the nominations in Peterborough County this week.

Norman Lean Excluded.

Mr. Elliott said he had no definite information, but from other sources it was learned that the nomination of Norman Lean, candidate for the Reeveship of Burleigh Township, had been rejected because of his failure to sign and file with the township clerk the statutory declaration, and that as a result the present Reeve, Duncan Brown, was returned by acclamation.

It was also said that some of the candidates for the Burleigh Council were excluded on the same ground, and that others who were aware of the "joker" amendment complied with it, and were declared elected.

Alex. Gillespie Rejected.

Reports from Otonabee Township tell a somewhat similar story. The nominations were held on Monday, and closed that night at nine o'clock. The declarations had to be filed within twenty-four hours. Alex. Gillespie, who lives near the city, was one of the four ratepayers nominated for Deputy-Reeve. He knew nothing about the change in the Municipal Act, and is said to have been canvassing as late as Wednesday afternoon, unaware that his nomination had been thrown out and his name erased from the ballot, because he had failed to make the required declaration.

Mr. Laurie's Narrow Escape.

David Laurie, the present Deputy-Reeve, didn't learn of the existence of the new agreement until late on Tuesday night, according to reports The Examiner received, and didn't sign and hand in his declaration until nearly 10 p.m., and after the official time for qualifying had expired.

A friend of Mr. Laurie's is said to have called up the township clerk, J. J. Moore, at Keene, about eight o'clock to find out how the nominations stood, and on learning that Mr. Laurie's paper had not been filed, he sent a taxi-driver from Peterborough to inform Mr. Laurie of the new regulation.

It is also stated that Reeve Fred Eason, who was unopposed for the Reeveship next year, was not aware of the amendment to the Act until about fifteen minutes to nine o'clock on Tuesday night, when he complied with the little technicality.

Others Complied.

Fred D. McIntyre, another aspirant for Deputy-Reeve, had evidently been apprised of the new regulation, and W. A. Anderson, the third candidate for this office, also knew of it. Both of them qualified within the appointed time.

The Councillors who are offering their services for 1922 to the ratepayers of Otonabee are: Sam Comrie, Wm. Devlin, Sid Bennett, William Borland, and J. C. Hope.

Last Minute News.

Only at the last minute were the clerks of other townships acquainted of the change in the procedure of nominations, and presumably they passed the instructions along to all the candidates. What happened in Lansmore is somewhat obscure, but Monday's election may clear up the muddle that has been reported in that township.

The Net Results.

The net result of the rather prevalent ignorance of the law as set out in the revised statutes of the Province may be summed up in the disappointment and embarrassment of those aspiring ratepayers whose nominations were invalidated by a technical regulation, and whose only fault or disability was that they had never heard of the new amendment; in the indignation of their friends at

APSLEY COUNCIL BY ACCLAMATION

WILL BE A FIGHT TO DETERMINE THE RIGHTS OF THE DISQUALIFIED NOM NEES--APSLEY NEWS

APSLEY, December 30. — A peculiar and unexpected situation regarding the recent municipal nominations for Burleigh and Anstruther has arisen which is causing much concern among the electors of that township, and is the sole topic of conversation. It appears that it has been customary in the past for the nominees to file their papers on the morning of the election, but that a recent law has been passed requiring this to be done by 9 p.m. on the day following the nomination. No mention of this was made to the new men who had been nominated, and they were expecting to follow the usual custom, and qualify on Monday next, when like a bombsheli came the news that the old council had met at ten minutes to nine on Tuesday evening, filed their papers, and a few minutes after the hour phoned the cancellation of the order for the ballot papers to Peterboro, as an election was not necessary.

Naturally the disappointed nominees are feeling incensed at being as they claim hoodwinked, and it is not likely they will relinquish their anticipated municipal honors without a struggle. Developments are eagerly awaited by the disappointed nominees' supporters. In the meantime the first round of the fight goes to the old council.

Trustees Meet.

The annual meeting of the trustees for S.S. No. 1, Anstruther, was held at the school on Wednesday morning. The financial statement showed a balance on hand of $705.72. Two vacancies were created on the board, Mr. Tom Stevens' term expiring, and Mr. W. McKay resigning.

Rev. C. A. G. Spence, Rev. W. Hall and Mr. Pete Johnston were nominated, and on a vote being taken Revs. Mr. Spence and W. Hall were elected, the former for a three-year term and the latter the two-year term. Mr. Duncan Brown was elected auditor.

EXPLOIT GOLD FIELDS

VIENNA, Dec. 29.—(Associated Press)—Gold fields that have not been worked since the 15th and 16th centuries are to be exploited by the government. The deposits lie in the Zillier and Lavant valleys on the Tyrol-Salzburg frontiers and prospecting has given a yield of slightly more than an ounce of gold to the ton. The showing is so satisfactory that the government will join with the owners of the land in the development.

IN MILLBROOK AND DISTRICT

INTERESTING LECTURE BY DR. A. D. CARPENTER — A SHORT COURSE IN AGRICULTURE — PERSONALS.

MILLBROOK, Dec. 30. — The lecture given by Dr. Arthur D. Carpenter, under the auspices of the Women's Institute on Wednesday evening, December 28th, was most interesting, but owing to various social festivities, S. S. entertainments and practises, incident to the holiday season, the town hall was only about two-thirds full.

Rev. Canon Allen acted as chairman and in a few well chosen words introduced the lecturer, who possesses a most attractive personality, and is an American of the finest type, his home being at Seattle, Wash.

Dr. Carpenter's subject was "Worlds in the Making," and during the course of his address he quite won the hearts of his audience when, speaking on some phase of the war, he said, "You sometimes hear some cheap American say, "we won the war." That is not true; we were slow in getting into the struggle, and it is a matter of regret that we have not yet signed up with the League of Nations. The United States is slowly learning that she must take her share of responsibility with other world powers, in seeing that every nation, small and large, gets a square deal."

Beginning his subject, the Doctor stated that star-gazing is the great medicine of the soul, refreshing to a jaded spirit and a tired body, because it destroys pessimism, is widening in its outlook, and helps us to get an idea of the universe in the proper way. We are citizens of the universe because we live on a star ourselves, though our earth is so small in comparison with other heavenly bodies that is is a mere speck of cosmic dust in a great sea of ether. Egotism receives a rude jolt when we learn that to discover the planet on which we live, amongst the countless others revolving in their courses, would be like looking for a single snowflake amongst the millions that we falling in the snow storm outside; or like trying to find a grain of sawdust, one-seven thousandth of an inch in diameter, which had been dropped into Lake Ontario.

After explaining that astronomy is his particular hobby, the speaker said one did not need to possess an accurate knowledge of higher mathematics in order to learn many facts about this subject, and find it intensely interesting. He traced the history of how the world was formed from a hot gaseous ball, and how the knowledge has grown from the first false premises that our earth was flat, stationary, and the centre of the universe, through the research of such splendid astronomers at Ptolemy, Copernicus, Galileo, Sir William Herschel, and on down to the present day with its giant telescopes, some of them weighing fifty tons and over, and its accurate measurements and charts of the heavens, and "still the knowledge grows from more to more." That worlds go through distinct periods of growth, namely, birth, elevation, and decay, is one of the great principles of astronomy, young stars shining with a white light, middle-aged ones having a yellow glow and declining ones, red. Hence our sun is probably mid-way in its career as its light is yellow, and it is a scientific fact that it is shrinkage in diameter, at the rate of 400 miles per century. However, there is no cause for alarm as "Old Sol" is good for at least 50,000,000 years yet.

The markings on the moon, which are craters of extinct volcanoes, and our sea-beds, the 30,000 suns in the Constellation of Hercules, each millions of miles apart, the amazing speed at which light travels, 186,000 miles per second, the nearest planet being 4 1-3 "light years" distant from our earth," the building up of a star out of diffused nebulae, the milky way, containing 300,600,000 stars and suns, the nearest being 10,000 "light years" away from us, and all like islands in an ocean of ether, these and many other interesting facts, Dr. Carpenter brought out in his most instructive lecture. Asked if natural law would not account for the universe, the speaker replied that his definition of natural law is "God's way of running the universe," and his belief is found in the words, "In the beginning was the Word, and the Word was with God, and the Word was God. All things were made by Him; and without Him was not anything made that was made."

The singing of the National Anthem brought the evening to a close.

To the Electors of the Township of NORTH MONAGHAN

Ladies and Gentlemen,—

Having been nominated for Reeve for the Township of North Monaghan for the year 1922, I respectfully solicit your votes and influence.

I have been Councillor for two years and Deputy-Reeve for two years in your Township. This apprenticeship, I consider, should qualify me for the office I now seek.

I believe promotion should come from the ranks. I think it is in the interests of the ratepayers that one familiar with the business of the Township should occupy the office of Reeve.

As I reside in the west part of the Township and am a farmer, the claims of the urban resident should be respected, and, if elected, I shall give due consideration to all matters affecting the different sections.

Should you think that my past services qualify me for the office, I will appreciate the honor of being elected; and shall do what I can to advance the interests of the municipality.

Respectfully yours,

FRED. E. WILSON

To the Ratepayers of North Monaghan

Ladies and Gentlemen,— Having received the nomination for the office of Reeve for the Township of North Monaghan for the year 1922, I take this means of letting you know that I am in the field. With the previous experience which I have had in your Council, and my familiarity with the municipal conditions of the Township, I feel qualified to undertake the duties of the office. I therefore leave my candidature to the decision of the electors on Monday, Jan. 2nd, 1922. If elected I will do my best to take care of the work of the Township to the best of my judgment and in the best interests of all sections.

Awaiting your decision, I am, yours in the interests of North Monaghan.

TWO KILLED BY BANDITS IN HOLD-UP

FOUR ARMED THUGS ATTEMPTED TO ROB A BANK—CITIZENS OPEN FIRE AND A SHOOTING MATCH RESULTS.

THE CASUALTIES

PEARL RIVER, N.Y., Dec. 30.—(Canadian Press)—Four armed bandits yesterday swooped down on Pearl River, failed in an attempt to rob the First National Bank, and fled in their automoblie after slaying two men and probably mortally wounding another.

One robber, wounded by one of his victims, left a slight trail of blood in the snow, but this was lost when he entered the machine Last night the town fire department in their trucks, citizens in private machines, and the public police afoot and ahorse were scouring the country side for trace of the robbers.

It was 12.35 o'clock—the lunch hour—when the robbers appeared to carry out what was evidently a carefully planned holdup.

Driving their machine into a lumber yard behind the bank they left two of their number in the car. The other pair opened a back window of the bank with a peuknife and slipped inside.

Just what occurred was told the District Attorney by Otto Miller, a railroad flagman, who was conferring in an inner office with James P. Moore, Assistant Cashier, when the robbers appeared, and who last night lay critically wounded in the Nyack Hospital. Only one other person was in the bank at the time—Seigfreid Butz a clerk, who, with Moore, was slain.

Attracted to the bank by the prospect of obtaining a $7,000 payroll of the Dexter Folder Company plant, across the street the robbers without any preliminaries, began shooting.

Butz was first to fall. When Moore and Miller appeared from the inner office, the rain of bullets continued, with Moore returning the fire and wounding one of the bandits. Even as he fell a bullet wound over his heart, the assistant cashier pressed the trigger twice again, but the shots went wild.

The shooting was heard by girls in offices over the bank and it was believed that the scuffling of their feet caused the bandits to flee through the window they had left open, with a chair in position to assist them to climb to the ledge.

Obtained Nothing

Investigation showed the robbers had obtained nothing. The payroll had been taken to the factory before their arrival and the inner doors of the vault were locked.

In a moment this little town of 800, located in Rockland County, near the New Jersey line was in turmoil. The fire whistle was blown and as soon as the trucks appeared, they took up the chase assisting the State Constabulary of both States. The last report of the robbers was that they were heading for Orange County.

While an excited crowd appeared in front of the bank, an inquest was held and the District Attorney, adjourning the Grand Jury in session, hastened to Nyack to obtain a statement from Miller.

Two pistols, one of German make, were found in the bank. Moore's weapon was missing.

To the Electors of North Monaghan

Ladies and Gentemen,— Having been nominated for the office of Deputy-Reeve for the year 1922, I would respectfully solicit your vote and influence, and if elected will continue to serve all interests of the Township with the same fidelity as I have served you as Councillor for the past two years.

Yours respectfully,

FRED H. ROWAN.

A SCHOONER TAKEN AS A RUM RUNNER

THE "GOLDEN WEST" WILL BE THOROUGHLY INVESTIGATED BY THE UNITED STATES AUTHORITIES.

A BRITISH VESSEL

BOSTON, Dec. 30.—(Canadian Press)—Customs officials last night were standing guard over the British two-masted schooner Golden West, alleged rum-runner, seized by the coast guard cutter Acushnet in Massachusetts Bay and towed into harbor here yesterday. Throughout te day officers were busy investigating te recent activities of the vessel, claimed by her skipper. Dennis Amerc, of Tusket Wedge, N.S., to be a legimate trader. The result of this investigation will be presented tomorrow to the United States District Attorney who hen will decide wheher the schooner it to be held or released.

Captain Amero retained counsel and announced tat he would make a fight to have his vessel set free. Explaining his presence close to shore and at anchor, when found by the Acushnet, te skipper declared tat he had been having trouble wit his sails for several days preceding the seizure. Te manifest which he exhibited to the officers wo boarded the Golden West said the vessel was bound from St. Pierre, Miquelon, to Nassau, B.W.I. The document was in French, and hardly decipherable according to te officers

Number Steel Drums

Inspection of te hold of thee Golden West revealed a number of steel drums, believed by the customs officials to contain alcohol. Federal iteieoaerdsFIhuortaoeGtotmstwAhu Federal authorities had been informed that the schooner left St. Pierre with 15,000 gallons of alcohol. The present cargo is estimated at 8,000 gallons. It could not be learned tonight whether the captain had admitetd disposing of any of his freight during the voyage.

While the capture of the schooner was accidental, te Acushnet being on her way to Boston for another purpose at the time, the arrival of the Golden West in waters was not a surprise to the Federal officres. News of her departure from St. Pierre on Decembe 15 had been flashed to the United States authorites and for the last ten days coast guards kept a lookout.

The Acushnet chanced upon the schooner in the bay Captain Lauriat recognized te vessel as one the authorities desired to investigate and took her in charge

According to Wilfred F Lufkin, Colector of the Port, the Golden West, formerly a Nova Scotia fishing schooner, was purchased in Halifax recently by a former Boston bartender. The owner of the Golden West, Customs men say has other schooners engaged in traffic out of St Pierre and movements of these vessels are being closely watched.

TO THE ELECTORS OF NORTH MONAGHAN.

For Deputy-Reeve

Ladies and Gentlemen,

Having accepted Nomination for the office of Deputy Reeve for your Township, for the year 1922, I respectfully solicit your Vote and Influence.

I have been a Resident Farmer in the Township all my life, and at the present time one of the largest Taxpayers. Consequently, I am particularly interested in all the Township affairs. My experience as Councillor should qualify me to assume the duties as Deputy Reeve, and if elected, I will give every attention to the business of the Township, to secure careful and economical administration of affairs.

Wishing you all a Very Happy New Year,—I remain,

Yours faithfully,

FRIDAY, DECEMBER 30, 1921.

A NEW YEARS RESOLUTION.

A New Year's resolution that each ratepayer in Peterborough should adopt and carry out is one that can be quickly and easily acted upon—the exercising of his franchise on Monday. It only takes a few minutes to discharge this essential duty and on a holiday there is no possible excuse for failure to register an opinion as to the composition of the city's governing bodies—the selecting of which should be regarded as everybody's business and should not be left to about fifty percent. of the ratepayers, as it so often has been. Protests about inefficiency in municipal service, and complaints about extravagance in the administration of the city's affairs, come with ill grace from people who will not devote fifteen minutes of an idle holiday to the duty of voting.

NOT ALL VINEGAR.

It has been claimed, and not without considerable truth, that the criticism which men who give their services to municipal bodies receive from their fellow citizens, is one of the principal obstacles in securing the candidature of qualified men for such offices. Undoubtedly there is too much of such criticism, too much causeless fault-finding. And yet there is a certain amount of fascination about municipal politics that helps to overcome the effect of the constant chorus of complaints from the taxpayers. A glance over the list of candidates in the present municipal campaign shows that out of a total of twenty-two, thirteen aspirants for office have already served their fellow citizens. In the Mayoralty campaign both candidates have been members of the City Council, in the contest for the Utilities Commission three ex-Mayors are competing, four of the six aspirants for the Board of Education have served before, and of the eleven candidates for the Council, four have already sat around the aldermanic board. It is evident that there is some compensation in municipal service to make up for the fault-finding drawback, and it is well that this is the case, else there would be some difficulty in securing enough candidates to fill the various chairs.

A CHANCE FOR SERVICE.

The swearing in of the new government at Ottawa will be a source of satifaction to Canadians of all shades of politics. The government of the country must go on, and with a defeated ministry forced to hold the reins of office and go through the motions, there could be little real business done, and consideration of the pressing problems that must be faced was out of the question. That a new administration has now taken over the management of the country's affairs should have a stabilizing effect upon conditions generally. To the ministers who, since December 6th, have been carrying on, the transfer of their authority will bring a decided sense of relief. There is little joy in pretending to administer the affairs of the department when any moment the handing over of the portfolios may be demanded. Canada will commence the New Year with a new government, which has a splendid chance to be of service. It faces many perplexing problems, an enormous national debt, tariff revision, the railway question, problems in connection with the returned soldiers, immigration, a score of bothersome matters the majority of which are of great importance, and its path will not be an easy one. But there is the opportunity to do great things for Canada, and there will be widespread disappointment if the chance is lost.

THE NEW CABINET.

Hon. Mackenzie King's cabinet has been sworn in, twenty-three days after the election which returned his party to power. The Premier has called to his assistance some of the ablest members to be found in the Liberal ranks. Not only does the cabinet contain such experienced and well-tested parliamentarians as Hon. W. S. Fielding, Hon. Ernest Lapointe, Hon. Dr. Beland, Hon. Chas. Murphy, Hon. Geo. P. Graham, Hon. Jacques Bureau and Hon. James Robb, but it also includes men whose names are familiar in provincial politics, among them Sir Lomer Gouin, Hon. Chas. Stewart, Hon. W. R. Motherwell and Hon. Dr. King. It is not perhaps the cabinet that Hon. Mr. King might have selected if the way had been open to him. It does not give the west the representation it should have, but the blame cannot be laid upon the shoulders of the Premier. Had his effort to secure the presence in the cabinet of Hon. T. A. Crerar and other Progressive leaders been successful, the administration he was aiming at would have been secured. Failing to achieve that coup Hon. Mr. King has been compelled to utilize the material at his disposal to the best advantage, and the result, as announced yesterday, shows a cabinet personnel that should be capable of good service, both in the Departments and in the House. There may be disappointments here and there, but they are unavoidable under the circumstances which govern the selection of a cabinet.

A KITCHENER WARNING.

At last the fight is on. Premier Drury and Sir Adam Beck have not been seeing eye to eye for some time, but observed some sort of an armed truce. They now stand definitely opposed to each other. The immediate point of difference seems to be the radial railways, but the issue is broader than that and involves the question of hydro-electric power and the relationship of the municipalities to the latter.

With regard to the radial railways, we are not inclined to be unduly critical of the Prime Minister in his efforts to safeguard the financial interests of the province before entering upon an extensive programme of electric railway construction. We see no good reason, however, for refusing permission to vote to the Niagara municipalities on the purchase of an electric road already existing, and owned by the Dominion Government. Should there be a flaw in the bylaws which have been so extensively advertised, the Legislature could readily legalize the same.

Premier Drury is also charged with the intention to change the whole scheme of hydro-electric ownership and operation. Under the present system the hydro is owned by the municipalities and operated by a non-partisan commission headed by Sir Adam Beck. The original municipalities, among which were Kitchener and Waterloo, took what risk there was in this new and colossal project. They succeeded, and other municipalities, including many rural districts, now enjoy the fruits of the courage of those pioneers in the movement.

But Drury now wants to change the rules of the game. Originally, the cost of power to the respective municipalities was and still is based upon the cost of transmission and was naturally in almost direct ratio to the distance from Niagara. Mr. Drury wants to change all this. Not only does he desire to bring hydro into the political field by making it a department of government, but he favors the principle of the flat rate in the whole hydro zone. His motive of course is to supply the rural parts as cheaply as the cities, distribution of power to the farms being of necessity much more costly than to the compact towns and cities. Just why the latter should pay through the nose for the natural disadvantages of their fellow-citizens in the rural districts is not clear.

If Premier Drury persists in his desire to change the rules of the game and violate solemn contracts entered into in good faith by the municipalities which have borne the heat and the burden of the day, he will have a whale of a fight on his hands.—Kitchener News-Record.

EDITORIAL NOTES.

That Elmira hen which has been laying three eggs a day, has evidently never heard of the "ca' canny" policy.

France has apparently thrown a monkey wrench into the disarmament conference machinery.

Hon. Mr. King is doubtless glad that his membership in the Cabinet-Makers' Union can now be cancelled.

Canada will start the New Year with a new government.

The next job will be finding seats for the new ministers who are not in the House.

BEEKEEPERS HAPPY.

WINNIPEG, December 29.—Manitoba beekeepers have had an exceptionally successful year, returns to the Provincial Department of Agriculture show that approximately 1,000,000 pounds of honey has been produced during the 1921 season. Manitoba now has 14,721 colonies of bees as compared with 7593 last spring. An average of 118 lbs. of honey was produced in each hive—bringing the production up to 903,000 pounds.

OLD-TIME RICHES

FORT WILLIAM, Ont., Dec. 29th.—A vein that had every promise of being the long looked for discovery of old-time riches, at the famous Silver Islet mining property, turned out to be what mining men call a "delicate vein," and led to nothing. Now after two years work and the expenditure of more than 100,000 this property will once again be abandoned and left to the mercy of Lake Superior. During the past two years operations have been under the direction of a Duluth syndicate.

Raising Mrs. Monkey's Babies Just Like Her Own

Mrs. Raymond Ditmars, Wife of the Curator of the New York Zoo, and Her Two Daughters Nurse Them Just Like Human Babies, Teach Them House and Table Manners and Then Turn Them Over to the Authorities

(Exclusive interview with Mrs. Ditmars and exclusive photos by Dr. Raymond L. Ditmars.)

SIMIAN mothers have their hardships in bringing up their progeny, same as human mothers, in fact, rather more than the latter in some respects. The human mother can usually get a physician, a nurse, assistance, but the simian mother must depend upon her own efforts to preserve her offspring from the perils of babyhood, its diseases and accidents. Simians are so like human beings that they have all, perhaps more, diseases that man is heir to. Statistics show that 300,000 human babes die in America during their first year of existence. Doubtless the demise of simian babes is even greater per capita.

It is not surprising, then, that it takes all of the mother genius at the New York Zoological Park, the greatest park of its kind extant, to save and rear simian infants, born there or brought there. The simian mother, living in a cage and a very confined area, bereft of trees, has almost no facilities for raising offspring properly and, naturally, she has not the vitality and energy she would have in her native tropical forest.

Dr. Raymond L. Ditmars, curator of the park animals, of course, knows all about simians, but he is a mere man, after all, and caring for new-born animal babes is not exactly his forte. Fortunately for him, the park and the public which interests itself in all affairs at the "Zoo," there is the charming coterie at his home in Scarsdale, N. Y., comprising Mrs. Ditmars and her two daughters, Gladys and Beatrice, who just love to bring up simian or other animal babes, just as they themselves and you and I were reared. And these women never lose a babe, once they get possession of it; and all the babes that have been lost at the park were strictly those not turned over to them.

By the term "simians," primates, or apes, and monkeys are meant. Perhaps the reader imagines that apes and monkeys are practically the same thing. Not so, exactly. Science knows of no intermediate form between them. The resemblances are strictly anatomical; nor is there much similarity of outward appearances. Apes have a considerable fossil ancestry, of which much is known. Monkeys have little fossil ancestry yet unearthed, except a few petrifactions in the Pleistocene (the age before man) of the American tropics. The apes, or gorilla, chimpanzee, orang and gibbon are tailless; hence anthropoid, or manlike—that is, with only tail vestiges. The monkeys usually have long tails. Further, the monkeys of the Old and New Worlds are similarly without intermediate forms. The monkeys of the Old World have narrow nostrils and do not use their tails to hang on tree limbs. The monkeys of the New World have wide nostrils and use their tails in prehensile fashion to attach themselves with.

If you place just-born babes of man, ape and monkey side by side, there is mighty little anatomical difference between them. They look much alike, and must be suckled and weaned alike, will act alike, squirm, squall and kick alike.

So, when Miss Gladys Ditmars is sent for on a hurry call from the park, she takes the infant simian in her arms precisely as she would a human babe, fondles it the same way, nurses it with a rubber-tubed milk bottle the same way, takes it home and puts it in the same kind of cradle we all have had, later weans it in the same way, and when it is older gives it a child's bed to sleep on and has it eat with the family in a high chair. But listen, Mrs. Dr. Ditmars is speaking:

"My first experience with a baby animal was that of a strange little waif, called the long-nosed 'tenrec,' from far-off Madagascar. It was the first specimen of this rare mammal that ever reached this country alive, and my husband was very anxious to make photographic records of it. The tenrecs are earth-worm-eating mammals, with fifty-four teeth, and are able to undergo long fasts. The specimen had fasted most of the way here, in consequence looking very thin and miserable. In a man's way, Dr. Ditmars did all he could for it. He used a very small nursing bottle, which he placed beside the infant tenrec in a nest of straw. The bottle was kept warm by an ascending current of air from a gas jet beneath, thus endeavoring to indicate the presence of a foster mother. The little tenrec, a ridiculous looking creature, with chunky body and head like an anteater and having tubular nasals, would have none of it. The infant spiny tenrec does not look at all like the parent, as it is born with three rows of spines along the back, which do not wholly become hairs until nearing the adult stage.

"Obviously, the baby tenrec insisted on having an ever present mother, as it squirmed, squealed and refused to eat when left alone. I thereupon adopted it, put it in a doll's wash basket for a nest and carried it about the house with me. I fed it with warm milk from a spoon about every two hours and coddled it a bit at night until it went to sleep. The mother tenrec, the most prolific of mammals, bearing an average of twenty-two children a litter, must have an awful time of it at home. My intimate adoption was successful. Within a week we were inseparable, and no matter where I went, up stairs or down, the funny little creature tagged behind, after it could walk, its eyes watching me intently. It was a strange attachment for a type of mammal so low in the scale of life, and a strange diet for an insectivore. We have found, however, that such types, insectivores, will live for years on chopped beef, mixed with milk and eggs. Going up stairs was a formidable climb for it, but coming down it slid backwards. We kept it for several years in the house, then placed it among the exhibits at the park.

"I have always been fond of children and am a firm believer in their very intimate association with the mother throughout the growing stages, since the maternal atmosphere can never be duplicated by a nurse, no matter how skillful and sympathetic she may be. Such has been my constant thought in rearing my own children and has possibly been the reason for my interest in lower animal waifs. I believe that the failure to to rear many young animals of great scientific interest is not that they are delicate as captives, but that their trouble is largely a mental one. The keepers at the park are skillful and kindly men, taking a sympathetic interest in their charges, but they have much to do and cannot give the individual care to the motherless young types that is absolutely necessary. This is probably the reason that few young simians ever develop in captivity and attain anywhere near the adult stage. It must be remembered that simians, owing to their very high intelligence, suffer far more keenly mentally than other lower animals.

"Several years ago, Dr. Ditmars determined to make some experiments in rearing baby monkeys, working along the lines of close association and mental stimulation of each specimen. Three youngsters grew and developed at our home so rapidly that they were turned over to the park in a year's time. It is not wise to keep them at home longer, as their canine teeth have then grown long and their bite is dangerous.

"At home we have posts outdoors eight feet high, with chains ten feet long. For exercise, the infants can run up the posts, also thereby escaping dogs and other annoyers. In winter we give most species an hour's run in the snow, so as to acclimatize them. The red howler monkeys from the tropics, however, must be kept in a high temperature. We had a red howler baby, which we named 'Red.' It was a troop of these howlers that kept Colonel Roosevelt awake when his arm was blood poisoned in New Guinea. The mother of 'Red' was shot out of a tree. When she fell to earth this baby we call 'Red' was nestling in her arms, but with broken arm and tail. The mother's last effort on earth was to protect it from harm. The babe was brought to the park by Mrs. Professor Alfred E. Emerson, of Cornell University, and turned over to my daughter, Gladys, who raised it on milk and water, mixed in equal parts, and barley grüel, feeding it with a teaspoon. The tail and arm healed, but are still somewhat stiff. We have had it at home for a year now, although all efforts by natives in the tropics, it is said, have failed to raise red howlers. 'Red' has a language of his own, which Gladys understands perfectly. He indicates his wants by special sounds.

"'Red' enjoys life thoroughly. He chases the cat around the house. He sits at the table and eats with us with quite human manners. He hates the cook only and can't stand her. He sets up howling when he sees her, jumps at her and will not take any kind of food from her. The dislike, of course, is mutual. 'Red' has never been sick yet and seems perfectly healthy and normal. He is very fond of oranges, but will not take one from the cook. He has his own traveling case and goes with us wherever the family goes, sometimes on long auto trips. After the evening meal he goes up stairs and gets into his own bed in a basket. He has the freedom of the house and is well behaved, even when left alone.

HASTINGS SCHOOL TRUSTEES ELECTED

MISS HINTON GETS HANDSOME GIFT FROM HER SCHOOL PUPILS.

HASTINGS, December 29. — The annual school meeting of the public school was held yesterday in the school room. Quite a number of ratepayers were present and a review of the year's work was presented, after which the following trustees were elected for the ensuing year: Secretary, H. B. Wilson; trustees, A. Spooner, H. Dodd, J. Stewart, Fred Dodd, Geo. Whitred.

Mr. and Mrs. Cruickshank and baby of Peterboro have been visiting with friends in town.

Mr. and Mrs. J. C. Wilson are visiting her parents, Mr. and Mrs. Fisher in Toronto.

Mr. J. G. Staples left on Tuesday for his home in Lindsay, Mrs. Staples remaining for a few days with her parents, Mr. and Mrs. W. Tate.

Mr. and Mss. Herb Shorter of Toronto, are guests of Mr. and Mrs. Crozier.

Mr. Earle Prentice has moved part of his household effects to Marmora where he will reside.

Mrs. Rev. M. L. Hinton was the recipient of a handsome Christmas gift from her pupils of the Elgin school, a ½ dozen silver teaspoons enclosed in a beautiful plush box, showing the high esteem in which she is held in the section where she is engaged as teacher.

Mr. Kenneth Prentice of Foxboro, spent Wednesday in town.

Mr. R. Simpson was in Marmora on Wednesday.

Mr. and Mrs. J. M. Thomson have been visiting Norwood friends.

Mr. A. Atkinson of Warkworth, was in town on Wednesday.

Mrs. Bert Sherwin and children are visiting friends in Trenton.

SIMPLE COIFFURE MODE

Hairdressing modes of the moment continue to keep in favor simple lines which successfully avoid severity. Broad waves undulated away from the face, and are drawn rather low, with a slight fullness over the ears. The hair is arranged either quite high on the head—or at the nape of the neck—the halfway position being avoided as a rule—in a compact roll or elongated twist, which is given the support of a decorative comb, a small one for day time wear, and an exaggeratedly large one for evening and "dressy" purposes. This is a style suitable to the young and middle-aged alike, provided the features are not pronounced and the face itself is not too thin.

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Ointment with the best results, and never fail to recommend these wonderful remedies."

There was no Epworth League on Wednesday evening on account of the recent Christmas activities. Next Wednesday is Christian Endeavor night and the programme is in charge of Mrs. (Rev.) Beckel, 2nd Vice-President. The topic for that evening is "Better Epworth Leagues"

A Shooting Match.

With the object of organizing a Rifle Club, a shooting match was held at Rev. A. J. Wier's on Wednesday. Quite a number were present and some fine scores made. The prize winners follow:

Thomas Staples, 1st prize, a carving set.

Harry Johnston, 2nd prize, safety razor.

Ed. Magee, 3rd prize, fountain pen.

Offa Staples, 4th prize, gold cuff links.

The admission fee was $1.50.

Mr. Panton has returned after spending Christmas with friends at Milton.

The weekly Bible Class and prayer circle will meet at the home of Mr. William Lee on Friday night at 7:30 o'clock, instead of at the parsonage.

Rev. J. E. Beckel left on Tuesday evening for Oshawa where he intends to visit friends for a week.

Rev. James McMullen of Oshawa, will preach in the Methodist church on Sunday evening next in the absence of the pastor.

Miss Irene Staples was a business visitor to Lindsay on Wednesday.

Mr. Louis Staples of Lindsay, is visiting his grandfather, Mr. Matt. Staples.

TOWNSHIP COUNCILS

(Continued from page 3.)

the frustration of their own hopes by the official neglect to disseminate this amendment to the statute; and in the confusion that in at least one township may not be untangled by next Monday's election.

South Monaghan's Experience.

The disturbing, if not hidden, amendment was first disclosed in this district in South Monaghan last summer. It was passed during the spring session in 1920, and assented to on 4th June, 1921. It therefore should have applied to the township elections last January.

In South Monaghan the death of Reeve J. M. Willan last summer created a vacancy for which John Greer and R. White were nominated. Wr. White was one of the multitude that had never heard the promulgation of the amendment demanding those declarations of citizenship and other qualifications that had been previously necessary only in urban elections. To his surprise, on the night after nomination day he was casually informed by one of those possessed of the esoteric information that Mr. Greer was the new Reeve, and that he had been elected on the strength of his compliance with the potent but generally unannounced enactment by the Ontario Government.

Some Noticed It.

Apparently the result in South Monaghan was marked and mentally stored by observant men who keep in touch with public affairs. W. A. Anderson, of Otonabee, was one of them, and there were evidently others who possibly expected that the general public had likewise noticed the amendment. It has transpired this week, however, that ignorance of the new law was quite prevalent, and the experience of other counties may prove interesting to the ratepayers in Peterborough Townships who were supposed to know a scrap of legislation, and an important one, too, of which they had never heard so much as a whisper.

Much Too Long.

"'Allo, Bill! I 'aven't seen you fer weeks—" Bill's pal stopped. "But wot's wrong, man?" he asked. "Been ill?"

Bill passed a horny hand across his brow.

"No," he replied, "I ain't been ill. It's work wot's doin' fer me—work from seven in the morning till six at night. Think of it, mate."

"Well! Well!" replied the other. "And 'ow long 'ave you bin there?"

"Begin to-morrow morning," replied Bill, as he slowly walked off.

IN MILLBROOK AND DISTRICT

(Continued from page 3.)

J. Russell and MissesAnna and Alberta Russell, Mrs. Geo. F. Burnham, Mrs. Fred Smith, Mr. and Mrs. Harry Armstrong, Dr. E. Gillott, Mrs. B. R. Roper, Mrs. J. McKnight, Misses E. Krieger, Ella and Minnie Grandy, Maragret White, E. Elson, L. Clare, M. Duncan, Messrs. H. Elson A. J. Fallis, E. S. Eakins, T. Douglas, O. McGill, A. Richards, W. Kennedy, S. Beatty, S. Bonar, B. Dawson J. Gardiner, W. Coombe, F. Wells, J. A. Vance, Rev. G. S. Gervan, Mrs. Gervan and family, T. Weeks and many others.

A Short Course.

A short course in agriculture, free to any young men who wish to attend, will be held in the town hall, Millbrook, from January 3 to 27th, under the direction of Mr. F. C. Paterson, of the Department of Agriculture, Port Hope. The following subjects for study will be taken up: Live Stock, Feeds and Feeding, Dairying, Poultry, Agricultural Botany, Insect Pests and Fungus Diseases, Sprays and Spraying, Manures and Fertilizers, Marketing and Business Correspondence.

Closing Exercises.

The closing exercises at Miss May Earle's school, Perrytown, took the form of a Christmas tree and basket social, which proved very successful, the programme being given by members of the school, and a large number of trustees, parents, and others being present. The school room was sutiably decorated for the occasion, and Mr. J. A. Waddell, the head trustee, acted as chairman. Amongst those who took cart in the choruses, duets, dialogues, drills, etc., were: Alice Duncan, Winnifred Osborne, Marjorie Hoskin, Phrona Bristol, Ina Bell, Joe Waddell W. Osborne, J. Hensall, W. Dewart, Jack and Frank Varcoe, Henry Carlpbell, Arthur Bristoe, Delbert Bell, and Arthur Ballantyne.

Fred Buckland gave an excellent exhibition of club swinging, and Irene Haesall danced the "Highland Fling," and also any fancy dance. Mr. Charle Munroe acted as "Santa Claus," distributing the gifts from the tree, and Mr. McMurty auctioned off the baskets, there being thirty of the latter, all prettily trimmed and bringing a good price. The total receipts were over $40.

Officers Installed.

The J. B. Hall Lodge, A.F. and A.M., G.R.C. No. 145, met on St. John's night, Tuesday, December 27th, when the following officers were installed:

G.P.M.—Wor. Bro. L. C. Russell.
W.M.—Wor. Bro. Jas. H Paul.
S.W.—Bro. W. H. Coombe.
J.W.—Bro. W. G. Rowland.
Chaplain—Wor. Bro. C. R. Spencer.
Terasurer — Very Wor. Bro. A. Jameison.
Secretary —Rt. Wor. Bro. Chas. Thorndyke.

J.D.—Bro. J. H. Yake.
S.S.—Bro. Allen Wood.
J.S.—Bro. Reginald Fallis
J.G.—Bro. P. I. Bentley.
Tyler—Brother Frank Weeks.

The installation was conducted by Right. Wor. Bro. Chas. Thorndyke, and was followed by the fourth degree, and by a supper, speeches and story telling by the new officers and others of the members. An interesting fact in connection with the J. B. Hall Lodge is that Wor. Bro. L. C. Russell has been fourteen years a member and has never missed a meeting.

Personals.

Mr. Roskelly of Port Hope, has been a guest at the home of Mr. and Mrs. R. E. Edmunds during the past week.

Mr. W. Pitt of Toronto, is holidaying at the home of his parents, Mr. and Mrs. John Pitt.

MRS. S. JAY GETS A CHINA TEA SET.

North Monaghan Teacher Remembered by Mothers.

NORTH MONAGHAN, Dec. 30. —About fifty children assembled in the Mission Room (undenominational), Orpington road, to receive prizes for good attendance during the past year. They were also served with an orange each and candies.

There was a good attendance of parents and friends.

A surprise of the evening occurred when one of the mothers rose to present Mrs. Samuel Jay of Riverlyn Gardens with a handsome china tea set, accompanied by the following address, in appreciation of her loving and untiring labors on behalf of the children of the neighborhood, especially the primary class:

"Dear Mrs. Jay,—

"We, the parents of the children of your class desire to show our appreciation to you for your faithfulness in teaching the children and your past kindness to them by presenting you with this small gift.

"You have showed great interest in them and labored patiently while you had the opportunity.

"Although another now fills your place as teacher, we want you to feel your labors are not forgotten by us, and we deeply appreciate all you have done for them.

"May you be encouraged by God's word when he says that He will reward you for all your labors here below, according to His riches in Christ Jesus.

"We also unite again in wishing you a bright and prosperous New Year.

"From the parents of the primary class scholars."

Mrs. Jay thanked the mothers for their kindness in a few well-chosen words.

UNSINKABLE SHIP DREAM OF THE AGES.

British Shipowners Working on Problem.

LONDON, Dec. 30.—(By Canadian Press.)—That dream of the ages—the unsinkable ship—has not yet been evolved, though shipowners, shipbuilders and marine underwriters have labored and still are laboring on the problem. Safety on the sea, however, has reached the point where the risk of death to a passenger on an ocean liner is placed at .02 per cent. The chance of a casualty occurring to a passenger ship and involving loss of life is placed at 1.2 per cent.

These estimates are given by Sir Westcott Abell, the Chief Ship Surveyor of Lloyd's Register of Shipping, after careful investigation, the result of which has been published in the Times. Sir Westcott Abell has taken the twenty-three years between 1890 and 1913 for the purpose of his inquiries. He does not deal with the war years, because during that period abnormal losses due to enemy action figured very prominently. The result of his researches appears to leave no doubt whatever that ships are safer than they were, and that the risks of disaster and loss of life have been very considerably reduced.

In 1890 there were 3,600 British steamers engaged in foreign trade. Their white crews numbered over 100,000. The death roll was 350 from shipwreck, 127 from accidents, and 263 from disease. In 1913 the number of ships was over 4,000, and the hands employed numbered 160,000. The deaths were: 204 from shipwreck, 84 from accident, and 319 from disease. In the first named year there were 486,000 passengers carried from British home ports to non-European countries and the number of deaths from wrecks, etc., was 560, from accidents, 22, and from disease, 546. In 1913 the number of passengers carried was 1,075,000, and there were only 50 deaths from wrecks, 17 from accident, and 1,113 from disease. It is stated that with regard to deaths from disease, the ratio of deaths from natural causes is about the same on sea as on land.

Sir Westcott Abell, in summarizing his investigations, and stating the chance of a casualty occurring to a passenger ship and involving loss of life is 1.2 per cent, says that assuming that one million passengers per annum are carried on ships, it would only be possible if ships were brought to absolute perfection in accordance with the latest developments of naval architecture to prevent the loss of passenger life to the extent of seventy a year. Even in this case he points out, the most perfect ship is under the control of the human element, and hence she may run ashore or incur other perils also due to the human factor.

Since 1913 matters in shipbuilding have progressed very considerably, and a British ship is now safer than ever. The Board of Trade standard of examit used to be, and there has also been a great advance in navigational devices, having for their object the increased safety of the ship. Lighting and wireless signalling have also been much improved, with a result that travelling by sea today compares very favorably with locomotion on land.

Reverting to the longed-for unsinkable ship, when the ill-fated White Star Liner Titanic was built the public was led to think that the unsinkable ship had at length arrived. These hopes were very rudely dispelled when, on April 10, 1912, this magnificent vessel, while on her maiden voyage, came in collision with a submerged iceberg with the result that her side was ripped up and she sank with 1,500 souls. This, of course, was an extraordinary disaster, but it serves to bring into more striking contrast the fact that the safety of life at sea has been materially enhanced during recent years.

TEA AND CONCERT AT ST. GEORGE'S CHURCH.

Abundance of Christmas Cheer and First-Class Programme—Personal Movements.

NORTH MONAGHAN, Dec. 30.—A very enjoyable tea and concert was held in the St. George's Anglican Church school room on Wednesday evening, at 6 p.m., when about seventy scholars sat down to a good repast of Christmas cheer.

After supper prizes were given to those scholars who had merited them by their attendance and good conduct during the year.

A concert was afterwards given, the feature of which was a nigger minstrel troupe, which gave a highly creditable performance.

The following programme was also rendered: Pianoforte solo, Miss Andrews; solo, Miss Gilchrist; descriptive, piano and saxaphone, Messrs. Jeffries and Allan; recitation, Master, Fife; song, "Daddy," Master Fife; recitation, Miss Francis Andrews; nigger troupe entertainment; instrumental, Miss Allan; dialogue, Miss Allan, Mr. Allan and Mr. Parks.

Tea was served by Mesdames Courage, Allcock, Manley, Kitchen, Cooper and Miss Evelyn Jay.

Rev. W. R. Courage presided at the concert.

The piano was kindly lent for the occasion by the J. M. Greene Co.

Personal Mention.

The many friends of Mr. Ferguson of Lansdowne street will be sorry to hear he is ill with pneumonia.

Mr. Herbert Barnes and family have returned to their home in Toronto after spending Christmas holidays with his parents in North Monaghan.

Mr. Earnest Houghton has returned to Toronto after spending Christmas holidays with his mother on Orpington road, North Monaghan.

Mr. Robert Leach has returned to Toronto after spending Christmas holidays with friends on Cameron street, North Monaghan.

Mr. McDonald and his daughter, Miss Marie, of Toronto have been spending Christmas holidays with Mrs. Feeley, Cameron street, North Monaghan.

R. B. BENNETT MAY STAR NEW PROTEST

Not Satisfied With Result Of Recent Recount in Calgary Election.

CALGARY Dec. 30.—(Canadian Press)—The last word has not been written in the now famous West Calgary election which ended after the official recount in a victory for J. T. Shaw, Independent Farmer-Labour candidate over R. B. Mennett, Minister of Justice, by a majority of 16 votes.

The fact that if the balots which clearly indicate intent to vote for Mr. Bennett sixteen of them marked in ink and seven wih the figue "1" and four ballots marked in ink for Mr. Shaw, were all counted in, Mr. Bennett would have a majority ot three or possibly four votes, has led a number of Mr. Bennett's supporters to talk the mater over and they have reached the conclusion that a further protest sould be made.

ARRESTS IN INDIA.

LONDON, Dec. 30. — (Canadian Press).—It was officially stated yesterday that the importation of disorderly elements into Calcutta on December 23, to enforce the "hartal" by terrorizing shopkeepers, resulted in 650 arrests for obstructions and on other charges of disorderly conduct. Arrests in Calcutta for similar reasons during the past six weeks have totalled 3,500, according to the statement.

LAKEFIELD NEWS OF INTEREST

LAKEFIELD, December 30. — The annual S. S. treat of St. John the Baptist Sunday School was held in the School Room on Wednesday, from 4 to 7 p.m.

The children spent a jolly afternoon playing games, after which supper was served. After supper an informal programme was run off, which afforded a great deal of pleasure to the youngsters.

In the absence of the Rector, who is very ill, Mr. S. T. Leggott was in charge, and deserves a great deal of credit for the success of the treat which was an undoubted success.

The Rector sent two boxes of candy as prizes for the boy and girl who could laugh the best. Miss Winifred Payne and Master George Chappell were declared winners.

The prizes for the year wer distributed as follows:

Class I.—1, Lilian Mason; 2, Geo. Chappell.

Class II.—1, Bobbie Stenner; 2, Thomas Chappell.

Class III.—1, Olive Edwards; 2, Eileen Ayotte.

Class IV.—1, Hector Edwards; 2, Bill Hope.

Class V.—1, Helen Everett; 2, Lileon Stuart.

Class VI.—1, Yvonne Stuart; 2, Hazel Cranford.

Class VII.—1, Roger Stenner; 2, Jack Hope.

Class VIII.—1, Ida Webster; 2, Mae Mahood.

A special prize for faithful service was awarded to Spencer Hope.

As the Hope family are residing in Peterborough, their prizes will be sent to them.

After the prizes, the presents were given from the prettily decorated Christmas tree, and after that each child recieved candy, an orange, and an apple. For these favours thanks are due to the kind friends in the parish who gave generously that the children might enjoy their Christmas treat.

The tree was decorated in the afternoon by Misses May and Florence Hewitt, and Mary and Florence Mackenzie, Messrs. C. V. Hamilton and H. Atwood, and Mr. Leggott was assisted in the evening by Mrs. R. Payne, Miss Graham, and Mr. T. A. Simpson.

The evening's entertainment closed with the National Anthem and cheers for the Rector and Mr. Leggott.

Winter Sports.

The winter-sports are in full swing and the curlers and hockey players may be found early and often at the new rink. We never enjoyed such facilities for winter sports in Lakefield before, and young and old are preparing for a winter of winters. There are plans afoot for a ladies' hockey team, which is not an innovation in the village, as in years gone by ladies' teams played several exhibition games which were much enjoyed by players and spectators. Also there are rumours of a ladies' curling club, which would be decidedly new in Lakefield. Whether the latter is more than rumour has not yet transpired.

The Elections.

The elections for Reeve and Council for 1922 takes place on Monday next.

The following candidates have qualified and are standing:

For Reeve—
J. C. Strickland.
C. S. Tanner.

For Council—
T. W. B. Marling.
W. G. Morrison.
N. A. Moore.
A. G. Crowe.
G. H. Spence.
John Charlton.
A. E. Dawson.
Stephen Harrison.

The School Board is elected by acclamation owing to the withdrawal of Mrs. Leonard and Dr. Fraser, and consists of Mrs. W. M. Graham, Dr. S. J. Gibson, and Mr. E. J. Galvin elected for two years and Mr. D. H. Charlton for one year to fill the place vacated by the resignation of Mr. C. S. Tanner.

The withdrawal of Mr. G. A. Charlton leaves Mr. Tate elected by acclamation for the next two years on the Hydro Commission.

A Presentation.

The Women's Missionary Society of the Methodist Church presented Mrs. W. W. Leonard with a Life Membership as a Christmas gift.

Mrs. Leonard has been a very faithful and competent officer in the society, and the gift was well deserved.

The following is the address:

Lakefield, Ontario,
23rd December, 1921.

Dear Mrs. Leonard,

The members of the Woman's Missionary Society would ask you to accept this Life Membership Certificate in the Society, as a slight appreciation of the services you have so willingly and faithfully rendered to them.

Wishing you and your family a very merry Christmas and a happy 1922.

Signed on behalf of the members,
President—Ida Sherin.
Secretary—Eugenia Northey.
Cor. Secy.—M. M. Sherin.

Afternoon Tea.

Mrs. W. Sherin gave a large and very enjoyable afternoon tea on Wednesday afternoon at her pretty home on Regent Street. The spacious reception rooms were decorated appropriately for the festive season. Mrs. Sherin was assisted by Mrs. J. H. Sherin, Miss Alice Sherin, Misses Elsie and Dorothy Sherin and Lelia Burgess.

House Dance.

Mr. and Mrs. E. R. Tate gave a delightful house dance at Bendennis on Wednesday evening. Between thirty and forty triped the light fantastic and enjoyed the hospitality of Mr. and Mrs. Tate.

Personals.

Mrs. Percy Lloyd and family, of Warsaw, are visiting Mr. and Mrs. R. H. Alford.

Mrs. Allan H. McKinlay, of Toronto (nee Mollie Johnson) is the guest of Mr. and Mrs. Roland Johnson.

Mrs. R. G. Madill, of Ottawa, is in the village for the holidays.

TO-DAY'S FASHIONS

GIRLISH FROCK

The very slim and youthful lines of this frock are not contradicted in the least by the little squares that are cut panel-wise down the left side. Through the squares one has a glimpse of jade green crepe de chine. A flat bowed girdle marks the low waist-line. Poiret twill, navy blue, is the material.

CAMPBELLFORD AND DISTRICT

METHODIST SUNDAY SCHOOL ENTERTAINMENT AN UNQUALIFIED SUCCESS—SUDDEN DEATH OF ROBERT HARDY.

PERSONAL MOVEMENTS

CAMPBELLFORD, Dec. 30. — Misses Mona and Beatrice Horkins, who are teaching in Toronto, are spending their vacation with their parents, Mr. and Mrs. T. J. Horkins.

Mr. Gordon Barrie of Toronto, spent the holiday at the home of his parnts, Mr. and Mrs. Thomas Barrie.

Misses Mae and Maude Sloggett, of Elora, are spending their holidays with their parents, Mr. and Mrs. Joseph Sloggett.

Misses Wallace, Rear street, left this week for Toronto, where they will spend six weeks with friends.

Mr. and Mrs. James Alexander visited at the home of the latter's brother, Mr. Frank Reid, Belleville over the week end.

Mr. and Mrs. Thomas Mills, of Prince Albert are visiting at the home of their daughter, Mrs. A. L. Malcolm.

Mrs. George Mills is visiting her niece, Mrs. A. L. Malcolm.

Miss Fitzgerald of the Public school staff, is spending her holidays at her home at Dungannon, near Goderich.

Miss Helen Wood leaves next week for Whitby, where she will attend the Ontario Ladies' College.

Mr. Taylor of the Canadian Westinghouse Co., Toronto, was in town yesterday.

Mr. Thomas O'Connor of Toronto, is visiting his parents, Mr. and Mrs. James O'Connor.

S. S. Entertainment.

The Opera House was crowded on Wednesday with parents of the little folks at their annual enterainment, under the efficient direction of Mr. and Mrs. R. T. Cowell and Mrs. C. W. Turner. The opening number was a chorus, "Bells of Christmas" by the school, which was well rendered, as was also a second chorus, entitled, "Christmas Day.' A pleasing exercise was the "Snow Brigade," the following boys taking part: John Potts, Berthold MacPherson, Gerald Plumpton, Walter Bibby, Murray Free, Bernard Ibey, George Sloggett, Douglas McArthur, Whitefield Lawrence, Arlington Phillips, Robert McGregor Preston Hall, Fred Palliser, Leonard Smith, Willie Carr, Little Miss Gwendolyn McCarthy of Toronto, who is visiting in town, sang in a sweet little voice, "Little Black Me," which was heartily applauded.

The Christmas doll drill by eight little girls was most amusing, each little girl taking her part well. Those taking part were: Mary Phillips, Nellie Haig, Grace Irwin, Zella Carr, Gladys Jacobs, Alice McKelvie, Hazel Bibby, Margaret Longman, Miss Gladys Goldsmith sang very sweely, "This Day of Joy."

"Old Santa's Dolls," in which Mr. Willie Hore acted as Santa and Miss Frances Dingman was Mrs. Santa proved a feature. The dolls of al kinds, singing dolls, crying dolls, Chinese and Japanese dolls, Edison dolls, creeping dolls, gypsy dolls, sailor boy dolls, a Charlie Chaplin, in which each proved to be real human dolls, and which were later distributed to the owners. The operetta, "The Fairy Shoemaker," was most interesting, Carl Maglire most acceptably taking the part of the old shoemaker, who possessed the magic hammer. Miss Cherrie Turner acted the part of thre pedlar most acceptably. The shepherds were: Misses Harriett Potts, Hazel Labrash, Mildred Cowell, Mary Potts, Viola Frederick, Reta Frederick, Muriel Kingston, Elsie Cassano, Cleta Abernethy, C. Haig, Ethel Horsman, Georgina Clark, George Davidson. Some of the little fairies were: Little Misses Enid Richardson Aileen Linton, Nora Cowell, Iona MacPherson, Dorohty Frederick, Ruth Lawrence, Ruth Palliser, Mary Smith, Gladys McArthur A. Cassan, Irene Jeffs, Thelma Hall, Lulu MacPherson Reta Palliser, Doris Bartley, Mr. and Mrs. Cowell, Mrs. Turner and the little folks are to be congratulated upon the success of the evening's entertainment, which closed withe National Anthem.

Sudden Death.

Mr. Robert Hardy, one of the town's most respected citizens, passed away suddenly yesterday morning, about half an hour after he had gone to his work on the section where he had been employed for many years. Death is though to have been due to heart failure. The deceased, who was born in Percy township nearly sixty years ago, is survived by his wife, formerly Miss Costley of Campbellford, and seven sons and one daughter, all of town, Samuel, Nelson, William Albert George Theodore and Bertha, one son, Earl, having predeceased his father about eight years ago. The late Mr. Hardy was a loving father and husband, and a faithful member of Christ church. The funeral will be held on Saturday at 2.30 p. m. from the family residence, near the G.T.R. station, services being conducted by Rev. C. E. Clark, and interment will take place in Christ church cemetery. The family have the sympathy of the town in their bereavement.

HANDS OVER THE REINS OF POWER

SIDELIGHTS AT THE CAPITAL WHEN GOVERNMENT CHANGES HANDS.

OTTAWA, December 30. Canadian Press. — After ten years in opposition a Liberal Government has again taken up the reins of power. At three o'clock yesterday afternoon the administration of Right Hon. Arthur Meighen came to a close and that of Hon. W. L. Mackenzie King began. The transfer of Government was accompanied by no pomp or ceremony other than the formal taking of the oath by the new members of the cabinet.

The members of the retiring Government appeared optimistic as they gathered immediately before saying good bye to the Governor-General. Right Hon. Arthur Meighen chatted with the newspapermen and asked them if they were performing the function of "honorary pall-bearers" to his Government. In addition to Mr. Meighen, Sir Henry Drayton, Sir James Lougheed, Hon. J. A. Stewart, Hon. R. B. Bennett, a nd Hon. G. D. Robertson called on His Excellency. Mr. Meighen put on his overcoat before walking down the corridor ,and on Sir James Lougheed protesting that he should leave it on the hook provided for Cabinet ministers in the ante room of the Privy Council Chamber, he smiled and shook his head.

"We have no right to these hooks now," he said. "They are for members of the Government. I haven't even a place to hang my overcoat," he said laughingly to those gathered round.

Hon. Charles Murphy was the first member of the new government to arrive at the east block, and he was followed by Hon. H. S. Beland. The others followed in a body after an interval. Each member was presented with the Bible on which he took the oath of office.

CABLE AND TELEGRAPH

HOME FROM THE EAST.

WINNIPEG, Deh. 30.—(Canadian Press.)—Hon. T. A. Crerar, leader of the Progressive party, returned from the east yesterday afternoon. He declined to make any statement on the political side of his conference with Hon. W. L. Mackenzie King in regard to cabinet construction.

THE MONTREAL MARKET.

MONTREAL, Dec. 30. —(Canadian Press.) —There was no important change yesterday in the condition of the local cash grain market. The flour market was without feature. A good business continues to pass in all lines of mill feed with a strong undertone to the market. There is no change in the baled hay market. The market for eggs is about steady. There is little demand for potatoes. Business in butter and cheese is dull.

SUGAR PRICES LOWER.

VANCOUVER, B.C., Dec. 30. — All grades of sugar were reduced 25 cents a hundred pounds in Vancouver yesterday. Granulated is now wholesaling at $7.15 a hundred pounds.

WILL NOT CONSIDER.

OTTAWA, Dec. 29.—Despite the weight of influence brought to bear in his behalf by the local Bar Association, the City Council and other organizations, Attorney General W. E. Raney has refused to reconsider his decision rendered a week ago, that police magistrate J. W. Askwith must retire on January 1. his intimation was conveyed to the magistrate in a letter he received from the Attorney General yesterday.

WILL ISSUE RATIONS.

CALGARY, Alta., Dec. 30.—(Canadian Press).—At the conclusion of the United Mine Workers of America meeting yesterday, Robert Livett, International Board member, stated that arrangements had been made for the issuing of rations to the miners on strike at Drumheller.

SUBMARINE PROPOSALS.

WASHINGTON, Dec. 30.—(Canadian Press).—The Arms Conference Naval Committee spent all of yesterday debating proposals to restrict submarine warfare, but got no further than a general understanding to re-affirm existing principles of international law.

A dispute over phraseology blocked the formal adoption of an affirmatory resolution, and the subject was laid aside for consideration by a special sub-committee on drafting. The Naval Committee itself then began what promises to be a prolonged debate over the proposal to prohibit the use of submarines against merchant vessels altogether.

A PRESENTATION.

BOSTON, Dec. 30. — (Canadian Press). — The coastguard cutter Acushnet was presented with a silver shield by the Prince Line Incowners of the British steamer Gaelic Prince, which the cutter saved from the shoals off Cape Cod last April. The shield carries an inscription saying it was "a token of appreciation of excellent seamanship by Commander Lauriat and the officers and men of the Acushnet." The Gaelic Prince had been ashore on Great Round Shoal for ten days before she was pulled off.

RICHARD HALL & SON LIMITED

DEVELOPMENT OF CROWN COLONIES.

Millions For Important Public Works.

LONDON, Dec. 30.—(By Canadian Press.)—Considerable attention has been directed lately to the Crown Colonies and to the policy of loans for their development sanctioned by the Colonial Office. The loan progress now authorized contemplates the raising of some £20,000,000 for public works of immediate importance. Of this total £6,000,000 has been raised already—£3,000,000 for railway extensions, etc., in Ceylon, and £3,000,000 for railway, harbor and other construction in Nigeria. The loan of £5,000,000 for Kenya, Africa, issued on November 7, is to be devoted, among other objects, to the making of the Uasin Gishu Railway, and a deep-water pier at Kilindini Harbor, Mombasa, which, as Rt. Hon. Winston Churchill, Secretary of State for the Colonies, explained to the Imperial Conference, will enable steamers to be unloaded straight on to the Uganda Railway. It is expected that when the pier is completed this port will become the chief distributing centre of trade for East Equatorial Africa.

Writing on the subject of Kenya's prospects, a correspondent of the London Times says that Kenya is to a great extent the product of the Uganda Railway, which was begun in 1895 with the dual object of opening up Uganda and suppressing the slave trade. The 584 miles of this railway run from the coast to the shores of Victoria Nyanza. Before the line was built this part of East Africa was practically without trade, nor was it used as a route to the great lakes. In its early days, as the East Africa Protectorate, Kenya involved heavy burdens on the British taxpaper, but by 1913 the revenue began to balance the expenditure, and for the year 1920-21 the revenue was £1,925,262, and expenditure, £1,944,644, in spite of heavily inflated prices.

Kenya, formerly "The East Africa Protectorate," includes the whole of the coast from the Umba to the Juba River, as also the vast territories in the interior bounded in part by international conventional lines. A great portion of this vast region consists of pasture lands or barren wastes, but there are not lacking extensive districts of great natural fertility on the coast, as well as in the interior. The country is five times the size of England and Wales. It has 9,651 European settlers, while the Asiatic population, excluding Arabs, numbers 25,880. European settlement began about 19

The Uasin Gishu railway line, for which the contrast has been placed, is expected to be reproductive for every one of its 150 miles, as it will open a way to both settled areas and the great forests of the Mau Escarpment. Another undertaking is the extension of the 30-mile line which now runs from Nairobi to Thika. This extension is to serve a large sisal-producing area, and develop the forests of Mount Kenya, with big potentialities of timber and bamboo. The bamboo may lead to the production of motor-alcohol and papers on an extensive scale.

One of the vegetable productions is Nairobi coffee, which is well known to many English housewives. The growing of flax gives quick returns. Maize is grown principally for local consumption, but there is a steadily increasing balance for export. Though Kenya is not highly mineralized, a good deal of prospecting is in progress. The carbonate of soda industry is well established at Lake Magadi, and the export is rapidly increasing. The breeding of pigs and horses in Kenya and the cross-breeding of cattle and sheep have been carried on successfully.

"They who go to Kenya for sport," the Times correspondent says "are not disappointed in its big game, unless they pitch their expectations too high. Lions do occasionally stray on to a golf course but it is possible to play without interruption from them. Nor can they always be shot from the windows of the passing train. Otherwise there is no reason to complain of the plenty and diversity of them and their fellows. As for the climate, it varies from hot and comparatively dry on the coast to the similitude of a fine English summer in the Highlands. In the Victoria Nyanza region there is little variation of temperature throughout the year—it is always hot."

THAT LITTLE AD. THAT MADE HIM MAD

He saw the ad from day to day, and muttered, "I defy it; their stuff may be just what they say, but I'm not going to buy it." As time wore on, he made remarks it would not do to mention; for he was mad because that ad was forced on his attention.

But in a week, or two, or three, he said: "There's no denying, the way that ad gets hold of me; the stuff may be worth trying." For just about a fortnight more, he dared mere words to win him, and then the ad completely had—aroused the spender in him.

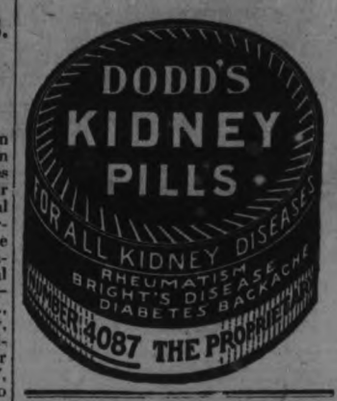
Next day he drifted in a store, and quietly expended a few big iron dollars for the stuff the ad commended. He found it filled a long-felt need; its excellence surprised him, and now's he's glad because the ad so deftly hypnotized him.—James J. Montague.

REPUDIATES REPORT.

WINNIPEG, December 29. — Mrs. Nellie L. McClung, the novelist and M.L.A., for Edmonton, repudiated the report upon her arrival here from England, that she had advocated an empire marriage office. "I was quoted quite incorrectly on the question of establishing a government matrimonial bureau to introduce English girls to Canadian men," Mrs. McClung said. "What I suggested was that the Women's Institutes in both Canada and England co-operate in the matter of introducing English girls to eligible Canadians seeking wives, but that the whole matter be conducted without publicity ,the institutes merely filling the role of a kind friend," she explained

"The best references on both sides would be required," Mrs. McClung added, "and as well, the young people should have an opportunity to meet and get acquainted before the marriage was arranged finally."

Three-piece costumes have been very popular for fall and winter wear, and there seems to be every indication that they will hold over just as strong for spring.



A COUNTRY WITHOUT ANY UNEMPLOYMENT

Neither Are Million and a Half People of Gold Coast, Africa, Taxed.

LONDON, Dec. 30.—(By Canadian Press.)—The Gold Coast, with its population of more than a million and a half, as given in the census of ten years ago, has been described by Rt. Hon. Winston Churchill, Secretary of State for the Colonies, as a country without income tax, rates or unemployment. The Governor and Commander-in-Chief of the Gold Coast, Brigadier-General F. G. Guggisberg, in a recent address before the American Society in this city summarized by the Canadian Press Limited, pleaded for the better education of the natives of the Gold Coast Colony.

The cocoa production of the Gold Coast is so large that in 1919 the export figure of 176,000 tons represented nearly half the world's supply, says a correspondent in The Times. The output of gold, which gave the colony its name, has declined of late years, largely owing to scarcity of labor consequent upon the superior attraction to the native workers of cocoa-growing. The output of gold is now not much over £1,000,000 per annum. There has been a decline in the export of palm kernels and oil due also to labor scarcity. These commodities are plentiful, but are not gathered. Kola nuts and timber are other important productions.

The rivers of the Gold Coast are so broken by rapids and other interruptions that the country is forced to depend on railways. At present there are two lines. The first runs from Secondi to Kumasi, 184 miles, and carries cocoa and mangeness ore, in addition to serving the gold mines, for which purpose it was constructed. The second railway line goes inland from Accra, and taps the great cocoa district. It is eighty-five miles in length and reaches Tafo, but is being rapidly continued to Kumasi to join the other line. This means an additional 105 miles, and it is expected that the railroad will be finished in the next two years.

The railways need an exit on the sea, but nature has been unkind to the Gold Coast in that it has no natural harbor. Secondi and Accra possess breakwaters, which enable travellers and goods to be landed in lighters, while the ships are obliged to lie half a mile or more away. At Takoradi, a few miles from Secondi an entirely new harbor to remedy this inconvenience is being made at a cost of £1,600,000. When completed it will provide a place for ships to lie in smooth water: nothing more. A scheme whereby they might be brought alongside docks remains to be put in hand.

Two large railways are proposed for the future at the Gold Coast—the Northern, to run in three sections from Takoradi to Navoro, in the extreme north, a distance of 544 miles, and the Western, 220 miles in length, to go towards the frontier of the French colony of the Ivory Coast, and possibly join the French railway there. To feed these lines an extensive system of road transport is to be arranged. The colony is under the necessity of relaying and relining the existing Kumasi Railway, at a cost of nearly 1,000,000. This, the first railway in the country, was built twenty years ago, and now that forests have been cut down mistakes can be clearly seen and will be remedied.

Though the Gold Coast is in a flourishing condition, having trebled its revenue in a few years, these railway enterprises will engage its unaided in a few years, these railway enterprises will engage its unaided capacity for some time. Whether it can do more or not the Times correspondent says, will depend on the amount of asssitance which can be given under Mr. Churchill's loan program.

In connection with the British Government's policy of making loans for the development of the Crown Colonies and the opening up of West Africa the loan scheme now authorized contemplates the raising of some 20,000,000 for public works of immediate importance.

PROPOSED TRUNK HIGHWAYS FOR MANITOBA.

WINNIPEG, Man., December 29.—Plans to take Manitoba out of the bad roads category are under consideration by the Manitoba Motor League and the construction of 1,663 miles of main trunk highways throughout the Province will be asked for at the next session of the Legislature. The Motor League proposes a scheme of road building which would afford a network of highways all through the Province, and would provide that no person would be more than 15 miles distant from a trunk highway.

Under the proposed plan of trunk highways each road would be built of gravel, according to the standard of the Good Roads Board, and the cost of construction would be provided for out of motor license fees.

THE HYDRO PRESS BUREAU

(Port Hope Guide.)

The position of Premier stands for ignity and honor. It is so regarded by e public. Neither the public nor the dividual occupying the exalted position n afford to look upon either the honor dignity with indifference. Hence the osition is synonomous with all that men old most dear. The truth of this was own in British politics in a significant stance three or four years ago. Gen- al Maurice occupied one of the most nfidential and trusted positions in the r office. In an interview with a news- er representative he intimated that a lement that had been made by Lloyd rge, Prime Minister, was wanting in uracy. Within an hour Gen. Maur- was dismissed ignominously from the blic service. Lloyd George's most ex- me political and personal opponents justified this drastic action. The country could not afford to allow the honor and dignity of the Prime-Ministership to be sullied with the suggestion of falsehood. After the dismissal of the distinguished official, the Prime Minister proved the accuracy of the alleged misstatement.

It has always been an established rule in government that any personal reference to members of a government or Parliament by officials shall be followed by dismissal. In this Province however, extraordinary latitude has been shown of late with respect to this principle. Sir Adam Beck has gone up and down this Province for months openly intriguing against the policy of the government. The Hydro Press Bureau floods the Provincial newspapers with communications of a similar character. Neither official propriety nor legal enactment has any restraining influence with the Prussian autocrat. For more than a week Sir Adam Beck has been boldly accusing Premier Drury and his Cabinet with lying. His charge, by the mouth of half-a-dozen witnesses, is found to be without a shadow of foundation. But because he has the bully-ragging of a section of the Toronto press at his back he plunges along in his mad career.

The time has come when Premier Drury must take drastic measures by dismissing the chairman of the Hydro who is as much a public servant as any minor official in the public service. Premier Drury owes it to himself, as well as to the honor and dignity of the position which he occupies, to cancel Adam Beck's appointment at once. The honor of the highest position in the gift of the public is at stake. Open intrigue by a public official against the government of the day cannot be tolerated. Mr. Drury will find public opinion supporting him in a most striking manner in dealing with Adam Beck as he ought to be dealt with. There is no other course open to the Premier of the Province. Constitutional government is a farce with the toleration of Sir Adam Beck's defiance of the government of the day. The Hydro Commission is the creation of the Legislature. Beck assumes to make it the master of the Legislature and the government. The public look with confidence to Premier Drury to protect the honor and dignity of his position at once by dismissing every Hydro official, from Sir Adam Beck downward, who is engaged in this aspiracy against the constituted authority of the Province Immediate and drastic action is imperative.

ROOT RESOLUTION.

WASHINGTON, Dec. 30.—(Canadian Press).—The first of the Root resolutions on the use of submarines, providing for their operation under certain well-recognized principles of international law, was adopted in principle by the full Naval Committee of the Washington Conference late yesterday and submitted to a drafting committee for certain changes in minor details.

SHOT TO DEATH.

BALTIMORE, Md., Dec. 30.—(Canadian Press.)— Surrounded by about seventy sleeping men at Mission here, an unidentified man was shot to death to-day and his slayer escaped by threatening to shoot the watchman.

CANADIAN PACKING CO'Y LTD. BANQUET THEIR SALES STAFF

(Contined from page 1.)

In 1889 a warehouse was opened on York Street, Ottawa, by Mr. W E. Matthews, and in the same year Mr. T. F. Matthews was made manager of the Peterborough plant—he was at that time 20 years of age. The turnover in that year showed $70,000.

In 1892 a small hand gas singer was installed, and the first carload of export bacon shipped. At that time everything was accomplished by hand labor, the hoisting of hogs into the singer, dehairing and curing, in fact all handling of the product. There was no pickle cure, everything being dry salted. Three hundred hogs a day was a maximum kill. In the same year Mr. Albert Matthews went to Ottawa to assist Mr. W. E. Matthews.

In 1894 the business of the George Matthews Company, Limited, was incorporated with a paid-up capital of $250,000.00, and Joe Matthews, who was killed in the recent war, and also fought in the Boer War, came to Peterborough to assist Mr. T. F. Matthews.

In 1894 the business in Lindsay was closed, and Mr. A. P. McLean, tthe first salesman of this plant, began his work; also Mr. Hettenhausen, who now travels for Mr. Ball at Fort William. He is without doubt a stellar salesman.

During the years 1894 to 1898 several additions were added and the business continued to expand. A packing house was built in Hull, and the York Street, Ottawa, warehouse, was sold. In 1898 this building in Peterborough was extended to Wolfe Street at a cost of not over $30,000.00, compared to the present large extension of $350,000.00. Up to that time the structure had been cooled by ice, but that year mechanical refrigeration was installed for the first time, and was completed May 1st, 1899. In 1899 mechanical refrigeration was installed in Hull, and in the same year Mr. Rosenburgh started to help in the building up of this local business. In 1900 three stores were opened in Hull, which now has fourteen; also a single track siding was put in to the Peterborough plant. In 1902 the second siding was put in, and in 1904, on account of the large increase in business, the capital of the Company was increased from $250,000 to $500,000, the Brantford plant was bought from the Bank of British North America, and Mr. George Matthews sent to Brantford to take charge, assisted by Mr. Geo. Harris, who is at the present time manager of the plant.

In 1905 the company purchased the business of Fortier & Monette, Montreal, and a separate company, known as Matthews, Limited, was started, handling produce and smoked meats from Hull.

In 1908 the capital was increased to $1,000,000, and in 1909 the company opened their Brock Street, Peterborough, store, and built Sherbrooke Street store. During this time the demand for their products increased, and the business was very healthy, culminating, in 1911, with the amalgamation of the Park-Blackwell Company of Toronto, and the Laing Packing & Provision Company of Montreal, and the George Matthews Company, Limited. This business was capitalized at $5,000,000 with a paid-up capital of $3,500,000, and was known at Matthews-Laing, Limited. In 1912 branch houses at Fort William and Winnipeg were built, with Mr. Herb. Gillespie in charge at Fort William and Mr. Joe Matthews at Winnipeg.

In 1913 the name was changed to Matthews - Blackwell, Ltd., the Laings having all dropped out, and Mr. C. S. Blackwell being the only Blackwell interested financially. In 1915 Mr. George Matthews dropped out, and Mr. Harris was made manager in Brantford, and in June, 1919, the company was sold to a syndicate in New York, and the name changed to the Canadian Packing Company, being a subsidiary of the Allied Packers Inc., of Chicago, the capital of the Canadian Packing Company now being $10,000,000 and the capital paid up $9,000,000. At this time Mr. W. E. Matthews and Mr. Albert dropped out, and Mr. T. F. Matthews was made president of the Canadian Packing Company, and, said the speaker, providing his health allows him, he intends to work hard in the building up of this organizatoin, and to always look after the welfare of the original employees of the George Matthews Company and Matthews-Blackwell, Limited, also the new employees taken on since June, 1919.

In conclusion, Gordon S. Matthews did not doubt further progress by this progressive Canadian industry.

Biggest in Empire.

Proposing the toast to the sales department, Mr. Carl McLean declared the Peterborough plant could boast of a staff which cannot be excelled—all of courageous and energetic personality, and working together in harmony in the interests of their company.

R. S. Hall, local sales manager, in response, considered the present convention having been worth while in dealing with business features of the big organization, as well as socially spending a very happy time together. He emphasized the good fellowship prevailing between the salesmen and office staff. He was pleased to note that all are striving to foster the company's best interests, and he felt that Peterborough's hearty co-operation with sister branches would be a source of strength to the whole C.P.C. organization.

Morris Rosenburgh considered it an honor to be connected with the C.P.C., which he said was the largest packing industry, both in Canada and the British Empire, with a record to be proud of as an industrial organization. He was also eulogistic of existing sympathetic relations between the sales and office staffs of the Peterborough branch. In conclusion, Mr. Rosenburgh proposed to send by members of Toronto main office present a message to the Montreal branch that Peterborough's staff will do their part in maintaining the C.P.C. where it stands to-day as the very foremost packing industry operating under the British flag. This proposition was warmly endorsed by the whole gathering.

Messrs. W. R. Draffin, of Sault Ste. Marie; M. J. Shea, of Sudbury; J. Bleakley, of Kingston; W. R. Hardy, of Toronto; S. A. Lowe, Toronto, and Frank Pidgeon, of Cobalt, also replied to this toast in appropriately worded speeches, all hoping for a banner business year in 1922, and eulogizing R. S. Hall's administration as head of Peterborough's sales department.

Our Guests.

This toast came from J. H. Jary, who recognized the importance of seeing one's guests have a good time, and enlarged on the great spirit of comradeship and loyal attention to business evidenced in this local branch, where all are working together for the good of the whole organization.

Exceedingly fitting replies here came from J. A. McLean, sales manager at head office, Toronto; Mr. Neally, a buyer of Toronto; K. S. Rise, of head office, Toronto; W. H. Greene, of the credit department, Montreal; Jno. Gibson, of Fort William, and a Mr. Hill, representing an American oleomargine concern, each of whom found unalloyed pleasure in the remarkable element of fraternity and congeniality with which this banquet atmosphere was surcharged.

Musical Numbers.

This portion of the proceedings can hardly be too highly commended, ranking as it did not a long way removed from professional merit.

The orchestra was a splendid aggregation of instrumental talent, its members being H. Follis, Geo. Logan, O. Crowe, J. H. Jary and G. C. McLean. The numbers contributed and enthusiastically received were: "Toodles," "One Kiss," "Love's Ship Waltz" and two selected pieces.

Frank Pratt sang a stirring song, "Kipper's Yarn," followed by "Heroes and Gentlemen" for an encore.

H. S. Bell was irresistibly funny in a recitation, "Voyageour's Nile River Exhibition," with "The Great Fight" in response to an insistent demand for more. Mr. Bell has pleasing talent.

It seems that the local boys discovered A. B. Cranfield's striking entertaining talent quite recently, of which advantage was taken last night. He was heard in good voice and arresting delivery of a humorous solo, "Where the Flies Go in Winter Time," while his witty talk, in which he cleverly linked up the names of all present in mirth-provoking comedy brought down the house — or room rather. He also convulsed the crowd while explaining just exactly where the C.P.C. salt goes to.

The quartette, "Kentucky Home," by Messrs. Jary, Pratt, Staples and Bradberry, was acceptably rendered, as also was a second quartette, "A Catastrophe," by the same men, only with Frank Pratt at the piano and taking the solo part.

Two unique features for a banquet function were clever acrobatic stunts by H. B. Willoughby and amazing slight-of-hand contributions by H. S. Bell.

Song, "The Little Irish Girl," by N. C. Staples, in clear tenor voice, demonstrated a good measure of vocal talent.

Entertainment Committee.

The entertainment committee, to whom a warm vote of thanks was tendered, were Messrs. M. Rosenburgh, J. H. Jary, A. B. Cranfield and R. S. Hall.

Ends To-Day.

The annual convention closed today by individual discussion by salesmen, with sales and credit departments, regarding matters pertaining to their own territory.

ST. GEORGE'S HOLD YULETIDE CONCERT.

The children of St. George's Sunday School had a most enjoyable evening on Wednesday, 28th December, in the basement of St. George's Church, South Peterborough.

Tea was served at 6 p.m., the ladies assisting being Mrs. Alcock, Mrs. Manley, Mrs. Kitchen, Miss Jay, Mrs. Cooper, and Miss Blake.

After the children's tea, provided by some of the members of St. George's congregation, a fine selection of prizes was distributed to the happy pupils.

A concert followed, to which the public was admitted, and the performance, judging by the continuous laughter, was highly apreciated. In the concert the children were assisted by a few maturer performers, who very kindly contributed to the success of the evening.

Those who acted the part of a negro troupe imitated the negro characters quite cleverly, keeping the boys and girls in roars of laughter by their jokes and plantation songs.

The accompanists for the concert were Mrs. Golobed and Miss Allen.

Mr. Alcock and Miss Ivy Williams —who were responsible for the concert—were tendered a hearty vote of thanks by the audience.

formance, judging by th continuous occasion by the Greene Music Co., Charlotte Street.

Messrs. J. D. Manley and R. Kitchen proved quite indispensable, helping wherever help was needed.

Those taking part in the concert were Misses M. Andrews, Gilchrist, Jeffries, Allen, F. Andrews, Parks, and Kitchen, Masters Fife, Parkes, Sturgeon, Field, Alcock, Messrs. Allen, Golobed, Cooper, Jenkins and Moss.

The evening's fun concluded by Rev. W. R. Courage, who acted as chairman, assisting Mr. Alcock in giving each child an orange and bag of candy.

THE HOME

For the truth is, that to the moderately poor the home is the only place of liberty. Nay, it is the only place of anarchy. It is the only spot on the earth where a man can alter arrangements suddenly, make an experiment or indulge in a whim. Everywhere else he goes he must accept the strict rules of the shop, inn, club or museum that he happens to enter. He can eat his meals on the floor in his own house if he likes. . . .

If you go to a restaurant you must drink some of the wines on the wine list, all of them if you insist, but certainly some of them. But if you have a house and garden you can try to make hollyhock tea or convolvulus wine if you like. For a plain, hard-working man the home is not the one tame place in the world of adventure. It is the one wild place in the world of rules and set tasks. The home is the one place where he can put the carpet on the ceiling or the slates on the floor if he wants to. When a man spends every night staggering from bar to bar or from music hall to music hall, we say that he is living an irregular life. But he is not; he is living a highly regular life, under the dull, and often oppressive laws of such places. Sometimes he is not allowed even to sit down in the bars; and frequently he is not allowed to sing in the music halls. Hotels may be defined as places where you are forced to dress; and theatres may be defined as places where you are forbidden to smoke. A man can only picnic at home.—The Wildness of Domesticity.

THEFTS IN LINDSAY.

LINDSAY, Dec. 30.—A series of thefts were perpetrated at the Grand Trunk yards on Tuesday evening, and the police are endeavoring to trace the guilty parties. Five cars were entered by the removal of seals, but only one pail of candy is reported stolen. Two vans were entered and pillows and blankets were carried off. In Conductor Tom Ringland's van one heavy grey blanket, two light grey blankets and a heavy patched quilt were stolen, while a heavy grey blanket, trimmed with red, and one heavy patched quilt torn in the corner, was stolen from Conductor Gassien's van.

A cloth moistened with camphor will remove white spots from furniture.

The Fingerposts Of The New Year Point This Way

WHAT ABOUT 1922, Mrs. Peterborough Housekeeper? GOOD! You're going to continue to buy your meat at the NEW CENTRE MEAT MARKET, where nothing but NEW CENTRE quality products are sold.

NEW CENTRE faces the New Year with a fixed determination to serve the meat-buying public of Peterborough and district with the quality of meat for which it has become noted—aided and abetted by the fact that it was the first store in Peterborough to initiate the lower price movement.

The success that has attended our efforts during the few months we have been in business can only be attributed to two things, namely:

NEW CENTRE QUALITY
and
NEW CENTRE SERVICE.

We can make no bigger or better promise than reiterate the one we have already made, and that is, to serve our customers with the best meat products available. To fail in this purpose would be to break faith with the public whom we pledge to serve.

FOR THIS WEEK-END

We have secured a very choice supply of NEW CENTRE quality beef. The best word we can say for our week-end offerings is that they are NEW CENTRE quality at NEW CENTRE prices.

Meat problems are solved every day at the NEW CENTRE

Market News

NEW YORK, Dec. 30.— (Canadian Press.—Last full session of the year in the stock market began with little change from recent irregular tendencies. Sears Roebuck Common and Preferred were the strongest features at early gains of 3 3-8 and 4 points respectively on strengthening of company's financial position. Coppers and other metals hardened substantially in connection with reports from Montna indicting resumption early in the coming year of mining operations in that district. Rails, Oils, Steels and Equipments showed no definite tone, here was considerable selling of low priced shares for cash to effect year and settlements.

Selling for cash became more extensive during morning, but this form of liquidation was without serious effect upon prices. Oil and sugar and motor specialties rose one to 31-2 points. Sears Roebuck preferred increased its gain to five points and Montanna Powers two points rise was in response to better copper prosects.

International Paper and Woolworth were firmest of specialties. Improvements among rails and equipments were confined to Delewar e Lackawana and Western Atchinson and American Locomotive. In bond market, Victory 43-4s were features at years high of 100. Call money opened at five per cent.

CHICAGO GRAIN MARKET

CHICAGO, Dec. 30.—(Canadian Press)—Opening wheat quotations, which varied from one cent decline to like advance with, May, 1.16 1-4 to 1.16.3-4 and July 1.06 were followed by turns all around.

Corn and Oats sagged with Wheat after opening 1-8 to 5-8. Lower May 54 1-2 to 54.3-4. Corn market showed but little power to recover. Oats started unchanged to 3-8 to 1-2 off. May 39 1-4 to 39 1-2 and later underwent slight general set back .

CANADIAN DOLLAR

Improved trade situation of Dominion and effect of recent sucessful Canadian financing here are given as reasons for continued strength of Canadian dolar. Today 5 1-4 discount was quoted.

TORONTO STOCK MARKET

TORONTO, Dec. 30.—(Canadian Press)—Flurry in Barcelonia furnished major portion of trading in local exchange this morning. Over 500 shares of Barcelonia changed hands at prices ranging from 3 5-8 to 3 1-2, close being 1-4 above yesterdays. Elsewhere tendency was lower, C. P.R. losing half point at 127 1-4; Mackay, 1 1-2 at 75 1-2; Steel of Canada, 1-2 to 60 1-2 and Atlantic Sugar 1-2 at 27. Bank of Hamilton took centre of stage in banking group an on sales of only 24 shares sold of to 169 with close at 170, comparing with 175 on Wed- [illegible] Union was a fraction strong at 142. In unlisted section McIntyre was active and strong advancing seven cents to 210.

MONTREAL STOCK MARKETS.

MONTREAL, Dec. 30. — Canadian Press.) — Dominion Bridge, which registered considerable weakness yesterday following derogatory rumors concerning its dividend, appeared much stronger this morning.

It sold at 58 5-8 after closing at 57 1-4, Brazilian also registered an advance, being quoted half higher at 29. Bank stocks were also liberally traded in. Molsons and Royal appeared unchanged at 170 and 200 respectively. Commerce registered a half point drop to 183, while Union made a similar advance to 141 1-2.

ELECT J.J.TURNER MAYOR

To the Taxpayers:—

One swallow doesn't make a summer, nor does the Mayor make the City Council.

There are ten other members, and the will of the majority rules.

Realizing that fact, ex-Ald. J. J. Turner has made no spacious promises in his Mayoralty campaign.

But Mr. Turner has a clear conception of the responsibilities of the Mayor's office based on his long and thorough experience in the Council.

If elected on Monday next, it will be Mr. Turner's endeavour—

To give Peterborough a progressive administration guided by reasonable economy, and at all times keeping the tax rate in mind;

To represent no group or clique, but to work for the City as a whole;

To give full and fair and sympathetic consideration to the interests of every citizen, and to every question that comes before the Council;

To put forth a special effort to attract new industries to Peterborough during 1922.

These are the general principles that have actuated J. J. Turner as a member of the Council, and you can help put them into effect at the City Hall in 1922 by co-operating with Mr. Turner on Monday next to the extent of doing your simple but complete duty by turning out to vote for the business administration he will strive to give Peterborough.

Elect J. J. Turner Mayor

PATHETIC STORIES IN TOWN REVEALED

CHILDREN OF SCHOOL AGE HELP SUPPORT FAMILIES

Since September 1, School Attendance Officer F. W. Miller has issued 126 certificates for adolescents between the ages of 14 and 16 who are legally bound to attend school, to work in shop or factory, and back of these a large number of these cases pathetic stories lie. In a great many instances fathers who have never been out of work in years, are idle, have been so for long periods, and the boys have had to leave school and add their earning mite to the slim family pocket book. The depressing industrial conditions have practically made impossible the fulfillment of the Adolescent Act in this way, and the immediate future holds no prospect for many of these boys being able to return to school.

The certificates include many that were issued to boys between 14 and 16 who had left school, but the larger part have been given to allow adolescents the privilege of working.

TO FORBID PRE-LENT CARNIVALS.

Is Request Sent to the German Government.

BERLIN, Dec. 30.— (Associated Press.)— The German government has been asked to forbid the annual pre-lent carnivals which for four days are held in virtually every South German and Rhineland city.

Complaint is made that the carnival season is "to frivolous and impoverishes the population which cannot refrain from participating."

During these carnivals the whole population of country and city parade the streets, dance, throw confetti, blow whistles and feast. It is necessary to purchase tickets for the restaurants in advance, and all stores are closed for the four days.

"It is impossible to keep aloof from the merriment of these carnivals," said a resident of Cologne, where the merriest of the merry carnivals once was held. "The people dress up fantastically and celebrate with utter disregard for strangers. A gloomy countenance is the cue for a bombardment of confetti, of ribboned paper, until its owner laughs and joins the frolickers."

The complainants declare this is no time for frivolity in Germany and that it would waste money which will be sorely needed.

A number of municipalities forbade the carnivals on their own accounts last year, but preparations for scores of celebations this year prompted the appeal direct to the central government.

A half slice of white bread put in with the doughnuts will keep them light and soft.

HERMAN KURTZTISCH, Milwaukee, Wis.

"When it comes to eating, working and sleeping, I'm like a different man from what I was a short time ago," said Herman Kurtztisch, 406½ Norris Place, Milwaukee, with the North-Western Life Insurance Co., in relating his experience with Tanlac.

"My whole system was about to give way as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest day or night.

"If it hadn't been for Tanlac, I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time, and I am strong for it. Tanlac was worth at least fifty times what it cost me."

Tanlac is sold in Peterboro by the Warne Drug Co., Ltd., and by leading druggists everywhere.

CHRISTMAS GIFT OF $500.00 TO ACCIDENT VICTIM.

PORT HOPE, December 30. — A Christmas gift of $500.00 has been presented by friends in this district to Austin Chestnut, who lost a leg in a shooting accident at Welcome on Hallowe'en night. He has been discharged from the hospital here, and as soon as his leg is sufficiently healed an artificial limb will be procured.

PLANS RELIEF OF THE UNEMPLOYED.

International Conference in Geneva.

GENEVA, Dec. 30.—(Associated Press.)—A recommendation that an international conference be called to consider remedies for unemployment was adopted by the Third International Labor Conference recently held here. The conference also favoured a further consideration of the question of establishing an eight-hour day for farm labor and also of wider adoption of the half holiday on Saturdays, known as the "English week."

Of the seven conventions adopted, three dealt with farm labor. One of these provided that children under 14 can be employed on farms only outside of school hours. Another would give the farm hands the right of organization enjoyed by industrial workers. A third convention would extend to them rights to indemnities for accidents arising out of their employment, as enjoyed by other workers.

Two of the conventions applied to seamen, one forbidding the employment in bunkers and stokeholds of boy s less than 18 years old and the other requiring a yearly examination of every youth under 18 employed on ship.

Another convention adopted provides for a minimum rest period of 24 hours in all industrial establishments every week, wherever possible on the same day.

These were in addition to a convention forbidding the use of white lead and sulphate of lead in interior decoration, as cabled at the time of its adoption. The conference also adopted recommendations to protect women employed on farms before and after child birth ,for the proper housing of farm hands, for instruction in scientific agriculture and application to them of laws providing pensions when they become ill or old.

To The Ratepayers Of the Village of Lakefield

Ladies and Gentlemen,—Having received nomination for the office of Councillor for the Village of Lakefield for the year 1922, I take this opportunity to let you know that I am in the field, and therefore leave my candidature to the decision of the electors on Monday, January 2nd. If you do me the honour of electing me to the office of Councillor, I will do my part to honour the village by giving my very best services at all times, and to all the people, especially to the working man.

Wishing you all the happiness you are capable enjoying for the coming year, I beg to remain,

Yours faithfully,
STEPHEN HARRISON,
Box 464,
Dec. 28th, 1921 . Lakefield, Ont.

To the Electors of Smith Township:

Being at Hamilton for Christmas, I was unable to be at the Nomination, so I take this way of expressing my appreciation of the honour conferred on me by being Nominated for Councillor for 1922; and also to thank very kindly my Nominator and Seconder for the confidence this implies. But as our old Council is Elected by acclamation, I would cheerfully withdraw.

Hoping for a Banner Year for our Township, I would wish all a Happy New Year.

Yours, etc.,
ALLAN B. MANN.

LESS CASH FOR ARMY MORE FOR SCHOOLS

MEXICO CITY, Dec. 30—(Canadian Press)—Less will be spent by the Mexican government in 1922 for the army and more for the schools than ever before. The army budget for 1922 calls for $124,383,859 or more than $30,000,000 less than 1921 budget. The estimate is based on a standing army 50,000 men to which strength the various units are now being rapidly reduced.

The 1922 budget includes an appropriation of $1,000,000 for the development of aviation.

The appropriation for schools is $50,000,000.

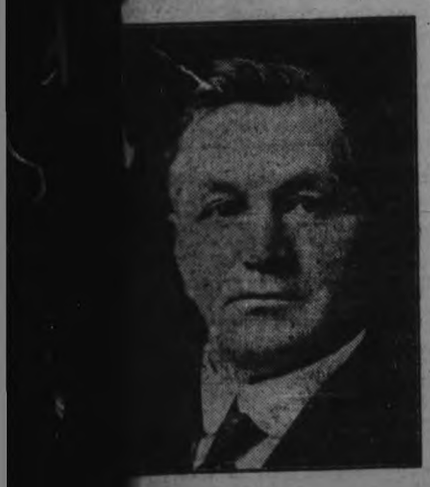
A. A. McIntyre For Utilities Commission



I stand for the lowest possible water rates for the consumers, consistent with maintaining the proper standard of efficiency of the system. I believe the water rates should, and can be, reduced.

I feel that the last increase in the water rates is not fair to the consumers.

I believe the high water rates now in force will tend to discourage new industries.

The Canadian Packing Company has installed pumping and filtration plants. Why? Because it will be cheaper than dealing with the City at the present rates.

Yours truly,
A. A. McINTYRE

When Domesticity is Called Drudgery

When domesticity is called drudgery all the difficulty arises from a double meaning in the word. If drudgery only means dreadfully hard work I admit the woman drudges in the home, as a man might drudge at the Cathedral of Amiens or behind a gun at Trafalgar. But if it means that the hard work is more heavy because it is trifling, colorless and of small import to the soul, I say, I give it up; I do not [illegible] the words mean. To be [illegible]abeth within a definite [illegible]ng sales, banquets, labors and holidays, to be Whiteley within a certain area, providing toys, boots, sheets, cakes and books, to be Aristotle within a certain area, teaching morals, manners, theology and hygiene, I can understand how this might exhaust the mind, but I cannot imagine how it could narrow it. How can it be a large career to tell other people's children about the Rule of Three, and a small career to tell one's own children about the universe? How can it be broad to be the same thing to everyone, and narrow to be everything to someone? No; a woman's function is laborious, but because it is gigantic, not because it is minute, I will pity Mrs. Jones for the hugeness of her task; I will never pity her for its smallness.—Chesterton.

A PROMISING BOY

From a Newsboy to a Violinist of Unusual Ability.

From an unknown newsboy to a volinist of unusual promise has been the enviable progress of Ben Loban, of Winnipeg, who has been awarded the silver medal offered annually by the Associated Board of the Royal Academy of Music and the Royal second highest number of marks College of Music for gaining the in the Dominion examination. His ten year old brother, Maurice, is also achieving distinction in music and recently won first prize at the Winnipeg festival.

Five years ago, a ragged little newsboy came to Prof. John Waterhouse, of the Columbia Conservatory of Music, and begged to be allowed to "learn to play the fiddle." The youngster seemed so keen about the fiddle that Pro. Waterhouse finally agreed to help him. From that time the musical education of Ben Loban progressed rapidly, and the Conservatory presented him with a free scholarship in view of his remarkable talent and devotion to study. The boy used to store his newspapers under the stairs when he came for his lessons. Later he joined the Juvenile Entertainers, and at the time of competing for the Royal Academy medal was playing the violin in a motion picture theatre every afternoon and evening. He practised all morning and studied advanced music late at night, besides appearing in concerts and recitals whenever possible. His perseverance and ambition has finally brought success. He leaves for London this week to pursue his studies.

Style Notes

An interesting shade of red velours de laine, with collar and cuffs of catricule, is used for a suit with a long coat, stylish lines provided by the long, unbroken lines of the back, the flaring sleeves, caught into tight wrist cuffs, and the high, choker collar.

A wrap of navy blue Evora cloth with blue fox at the neck is lavishly embroidered. It has the flat panel front and bloused back which are the order this season.

One of the new coats of blue Marvella cloth has found distinction in wide sleeves with separate cuffs. Decorative circles on the sleeves are made with black wood beads fastened on with French knots. A very generous collar of blue wolf finishes the neck and the coat is lined to the hem with gray crepe de chine.

A stunning evening gown is fashioned of gold tissue for the bodice with a skirt of gold brocaded cream antique silk and quantities of pale green net to depend from one shoulder in a cloud of beauty. A waterlily corsage embellishment is quite appropriate for this gown of gold, cream and green.

A dinner gown is of brown all-over lace with brown and gold brocaded satin as foundation. Graceful Grecian draperies are emphasized in the skirt, the points of which sweep the floor on either side. Shallow neckline and no sleeves follow fashion's latest mode for dinner gowns.

Black satin is charming in a frock for afternoon wear, that is cut wide of sleeve and slim of silhouette. There are panels, back and front, caught beneath the hem in harem fashion, and flat roses of self material hold the girdle in place.

An unusual dress is made of fine blue twill finished with very wide black silk braid. Beneath it, showing above the low neckline, and under the wide, flowing sleeves, is worn a blouse of daring red crepe de chine, which is gathered into plain little bands at neck and wrists.

An unusual smocked blouse of blue crepe de chine, bound on all edges with black, is slit at the side to mark the waistline, and tied with ribbons. Another deeply collared blouse of beige silk has lower sleeves, tie and embroidery of black. Sleeves and tie are satin.

For the kiddies, several pretty things are shown. There is a little boy's stout tweed cape coat of brown with gay red flannel lining, a wonderful Sunday suit for the tiny man of deep green velvet with gold braid trimmings, a collar of fine natural linen and a belt of gold cord. One small lady wears a dainty frock of yellow cotton crepe interestingly banded with brown silk, and another appears in rose-coloured chamois cloth coat with bonnet edged with deep brown marabou.

In accesories there are mules of deep rose satin with cosy gray squirrel fur toes, and to wear with them, a sack of gray corduroy lined with rose crepe de chine and fastened with hand-painted wooden buttons; there is a wonderful net fan all sequins, black and gold thread and tortoise shell, and a lovely corsage trimming of white water lilies on gold cord stems, or a wee silk rose, that pins on to give its touch of beauty, and can be trusted to never give up its powder puff secret unless miladi ha a mind to unscrew its "shut pink mouth."

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Colour, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn grey, streaked, and faded hair beautifully dark and luxuriant. just a few applications will prove a revelation if your hair is fading, streaked, or grey. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, grey, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all grey hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft, and luxuriant.

MOTHER CONCERNED OVER SCREEN STAR.

Afraid Mary Miles Minter will Marry a Millionaire Pencil Manufacturer.

NEW YORK, December 30. Canadian Press. — Mrs. Charlotte Shelby, mother of Mary Miles Minter the popular screen heroine, is speeding to the Pacific Coast following the receipt of a report of her daughter's engagement to Thos. D. Dixon, son of the millionaire pencil manufacturer.

One report was to the effect that Miss Minter eloped with Mr. Dixon Christmas night at Los Angeles.

"I saw a letter written by Mary to her grandmother in which she said they were having a Christmas party and that Mr. Dixon came in late," said Mrs. Shelby, before her departure. "She then announced she had promised to marry him. I am sure it was all a joke.

Miss Minter, who is 20 years of age, has starred in hundreds of screen productions. She started her theatrical career as a child, supporting Nat Goodwin, Mrs. Fiske and Dustin Farnum.

HOME WEEK COMMITTEE DISAPPOINTED

(By F. H. Dobbin.)

Possibly it was the turkey that held the centre of the stage. Or the supply of good things and the heaps of presents and gifts, on the homecoming of the boys and girls, (many of them with their own boys and girls) from out the city. So other important things were laid aside for the time being.

Likewise that other perplexing affair, the election of the better half of a city council will soon be off our hands, for better or for worse as we all think we decide. Then we will settle down to business and get result.

The Old Home Week committee is disappointed. It made an appeal for names and addresses of the folks who are living all over Canada and who emanate (that is a good word) from Peterborough. Some were sent out, others coaxed away, a large number as a sort of adventure to better themselves and a whole lot because Peterborough could not usefully absorb so many men and women and keep them profitably employed. We want to bring all these back for a spell. To see how they look and that they may see how the Old Home Town looks to them.

Getting them here, and the week is not any sort of private speculation, not by along shot. It is a distinct community effort, and by its results we shall be judged. If it is a success we shall be commended as a city. If not then we just crawl under the barn and peep out to see who's coming. But the very basis of the venture is the names and addresses of the people. The committee is inserting advertisements in papers all over the Dominion and in a number of States to tell of the good news. And to get in touch with those who, like lost sheep, have gone astray. Would come home if assured of a cordial welcome.

Many people have been away so long that they have grown to think that no one cares whether they are living or not. This is all wrong. most everyone has in mind some one whom he would like to see. Can't go to see him, in fact doesn't exactly know where he is located, but would be mighty glad to have him come back and hand-shake and recall the days or both youths. For many people the only tangible thing they have left of Peterborough is their memories of youthful years. To refresh these is the object in getting them back.

So give us the names. Only a trifling personal servic. Take just a few minutes. Read the appeals on the front page of the paper and do it now. Of course it would be a very regretful thing if it developed that Peterborough were not enough interested in this matter to advise as to relatives or friends. But such would be a gloomy anticipation, and must be set aside.

Let the committee be in shape to report progress in a substantial way. Your help will set the ball a-rolling. Write, preferably, but if not phone to 261W, City Building, or to 1360 Chamber of Commerce. Either or both. Set the hing out as a chore for one of the family to do, and keep after the one unth it is done.

MR. G. A. GILLESPIE LEAVES FOR EUROPE.

Business Trip in Interests of Peterborough Milk Products.

Travelling east on the midnight C.P.R. train, G. A. Gillespie, President and Managing Director of the Peterborough Milk Products, Ltd., left last night for his second business trip to Europe this year, and will spend New Year's Day at sea on the White Star liner "Olympic," on which he sails from New York, Saturday.

Mr. Gillespie expects to be in Europe at least six weeks, but the length of his stay depends entirely on the business situation. New markets are expected to be opened up for condensed milk, the product of the Peterborough plant, and Mr. Gillespie is hoping to return with a more favorable report on business conditions in Europe than it was possible to give after his return early in this year from a similar trip. At present overseas reports are not optimistic, and Mr. Gillespie is making the trip so that he can personally make an investigation of the situation as it pertains to milk products.

Mr. Gillespie is travelling alone. On his previous journey Mr. J. J. Turner accompanied him, but very few Peterborough people are going to Europe at this season. While in London and other centres (Rotarian) G. A. Gillespie will visit the Rotary Clubs and hopes to be able to report on the strength of Rotary in England and on the continent when he returns.

THE "SCIENCE CLUB" HOLD A RECEPTION

Three enterprising boys, Allan Neal, Robert Fowler and F. Orrin Hodgson, who have recently formed a club for the study and advancement of science, officially opened their rooms at 314 Rubidge street on Monday afternoon last, by giving a reception to their parents and a few friends. The Misses Jessie Hodgson and Genevieve Fowler poured tea and assisted the boys in receiving. Master F. O. Hodgson delivered an impromptu speech, to which Mr. E. B. Fowler responded on behalf of all present. A well-laden Christmas tree added to the spirit of the occasion.

GOOD BUYING AT LOCAL BAILIFF'S SALE

At a bailiff's sale of the stock and fixtures of James Haggis confectioner, 382 1-2 George Street, yesterday afternoon about $750 was realized. W. J. Hancock was auctioneer and secured good prices for most of the goods. R. C. Braund bought sections of heavy mirror at $62.50 a section, and Bruce Patterson secured a silent salesman for $63. These purchases were considered good buys. The chairs, tables and other furniture were disposed of excepting the soda fountain on which a fair bid could not be secured and the fountain is being held for an offer of $50.

Candy was sold cheap in lots and the auctioneer had no difficulty in clearing the shelves. Pound boxes of the finest chocolates sold at a quarter, and hundreds of these boxes were disposed of to the large crowd that poured in from George street when they saw what was being offered.

Spracklin will take his place on the defence in a Manufacturers' League fixture next week.

Answers To Correspondents:

TWENTY-FIVE—I can quite understand that you are worried about your skin becoming so dry, because there is nothing that will kill a good complexion so quickly as the dry atmosphere of Canadian houses during the winter time. And, of course, continuous housework will ruin any hands unless you do something to prevent it. The best thing you can do is to rub CAMPANA'S ITALIAN BALM well into your face and on your hands after each washing, and especially every night and morning. CAMPANA'S is very efficacious and a very wonderful remedy. You can buy CAMPANA'S ITALIAN BALM at any Druggist, 40c, a large bottle. MARGARET.

FOR BATH OF ELEPHANT.

Soap, Oil and Three Weeks of Work Are Required.

Washing an elephant is not a Saturday night affair. The operation occupies three men at least three weeks and costs much.

An ordinary-sized animal will need 120 pounds of soap for his bath, besides no end of sandpaper and oil, says Tit-Bits.

After the soap has been worked into a lather, and the skin washed and dried, the elephant is sandpapered from the tip of his trunk to the tip of his tail. He is then massaged until his skin resembl[illegible] grey satin. For this the best oil is used.

The feet are trimmed [illegible] and file, and the toe-nail[illegible] operation is necessary i[illegible] of elephants in captivity, a[illegible] of the feet are inclined t[illegible] and crack; and the animal liable to pick up all sorts of [illegible] which, if not removed, would work into the quick and cause [illegible]ness. It is surprising what sti[illegible] things an elephant will pick u[illegible] this way. Working Hard For The Lindsay Battle

Manager Smaill is driving the P.A.A.A. squad at top speed to "prep" them for the O.H.A. opening intermediate fixture which brings Lindsay to Brock street rink on Monday night. They were out last night and had a lively workout with the Lakeview City League team, will practice to-night at 7 o'clock, and finish their training for the Lindsay game with a workout at Brock street rink between 5 and 6 o'clock to-morrow afternoon. Wednesday's game, followed by three hard practices should put the blue and white crew in pretty fair shape for the opening clash. Lindsay are also working hard under the direction of Coach Lowery, of Toronto, and they are confident of putting the skids under the P.A.A.A. gang right at the go-in. It should be a memorable battle, and the hockey fans will have no trouble in deciding where they will spend New Year's night. DISTRICT SPORT COMMENT

BELLEVILLE, Dec. 30.—The game Wednesday night at the Y. Gym between the Cobourg Intermediate O.A.B.A. team and the local stalwarts was productive of fast basket ball At half time the score was 13-9 favoring the locals and the final score 27-13 the visitors retaining the small end.

For the visitors Tyson, Jacobs and Allan were the most effective. For the home team Armstrong lead in the scoring, followed closely by Weir and Hurley. Cobourg's team included the pick of last summer's base ball team. The play in Toronto on Tuesday night.

KINGSTON, Dec. 30.—Monday marks the opening of the new Jock Harty rink, so far as hockey matches are concerned, the first game being scheduled for that night when Cornwall juniors meet Frontenac Juniors. The team from the Factory town is reputed to be a strong one, and the raft of youngsters turning out for the Frontenacs will have their work cut out for them. A strong local team will be on the ice for the first time and a good game is looked forward to.,

The size of the new rink leads one to think when inside that the ice surface is small, but by actual measurement the ice surface in the new rink is six inches wider than the ice surface at the Toronto Arena and a foot longer. The surface at the Jock Harty rink is perhaps the largest in Ontario .

Lindsay Post—It is hoped that the fans will be able to see Jack Oulette on the ice this yea. He was at practice last evening and showed up well on skates. Jack made a host of friends around town last when he was with the baseball team, and as he is reputed to be a fast centre ice man the hockey fans are anxious to secure his assistance with the team.

The Juniors took to the ice last night for the first time, and will jump into intensive practice for thire game on the 10th of January. Those who saw the Midgets on the ice last evening are enthusiatic regarding the chances of Lindsay in the O.H.A. race this year. The husky bunch of youngsters who romped around the ice last night would put confidence into the heart of a dying Eskimo. All of last year's team were present as well as a big gang of new players, who showed real class in their preliminary run. Coach Lowery drew the boys up in sides and started them at work while he got a line on them. and he is enthusiastic regarding the chances of the team that can be chosen from them.

—Lindsay Post

Belleville Ontario—Belleville intermediate hockeyists, or rather a weakened edition of them returned from Peterboro with the small end of a 6-4 score, but at the same time vastly pleased with their showing.

They had to leave four regulars at home and took along juniors

Those same juniors made good with a vengeance in the Electric City and threw a stzeable scare into the speedy team which will represent it in the O.H.A. race.

The Belleville travellers were given a first-class time by the Petes and were well satisfied wth their trip and the world in general

CAMPBELLFORD, Dec 28.—The Campbellford Bear Cats defeated Marmora High School 6-2. It was the first game of the season.

FREE SWINGER HITS OR FANS.

Ruth Proof of This; He Got 59 Homers, Struck Out 81 Times.

The free swinger in base ball, who takes a healthy cut, is the type batter who either hits the ball hard or strikes out.

The best possible proof that could be offered to substantiate such a statement, is the case of Babe Ruth as told by the American League batting averages.

During the season of 1921, Babe Ruth made 177 hits for an average of .378. Of these 177 hits, 119 were for extra bases. He broke the home run record with 59, made 44 two-baggers and 16 triples.

What about strikeouts? Not only did Ruth lead in home runs with 59 but he also topped the strikeout list with 81. When Ruth came to bat, it was uaually two or no count with him. He had little or no regard for singles. If he couldn't hit safely, he had no objection however, he didn't relish being retired on strikes, unless permitted to have three healthy cuts at the ball. If there was one thing that get on his nerves, it was having some umpire call him out on a third strike as he stood flatfooted and watched it float by.

Elmer Smith is another batsman who cuts at a ball much like Ruth. When Elmer gets hold of a fast ball, he certainly gives it a long ride. The free swinger is often crossed up by a change of pace, which explains why the slugger frequently strikes out.

Last year Smith went back to the bench 46 times for the usual drink of water and chew of tobacco, after waving at a third strike.

On the other hand, batters like Speaker, Eddie Collins and Sam Rice, who wait the pitcher out, seldom swing at bad balls, and always pick on the cripple, are mighty hard to strike out.

Speaker went out on strikes a dozen times last year. Collins whiffed on 11 occasions, while Sam Rice was a victim only 10 times.

LACROSSES IN U.S. COLLEGES

Although lacrosse is credited with being Canada's national game, it has never been very popular in the colleges of Canada, Toronto University being the only school in which the game is fostered. Nick Bawlf, one of the greatest hockey and rugby players that Canada ever produced is at his home in Ottawa on a holiday. He is coach of the Cornell lacrosse team and points out how lacrosse is one of the great games with the colleges across the border. He says: "All the big United States universities have taken up the game of lacrosse, while in Canada it has been entirely neglected by the seats of learning and is almost dead in the east.

"Gilmour Dobie," he says, "has a hundred and fifty players at Cornell.

"George Finlayson has about two hundred at the United States Naval academy, at Annapolis.

"Professor Cox, of Syracuse, has a hundred and fifty, and at that university lacrosse is considered a major sport.

"Hunter, of Toronto, has two hundred players at the West Point Military academy, and Billy O'Neill, of Cornwall, has fully a hundred at Lehigh university, whose team won the United States championship last year."

Patient Waiter.

He was a very patient and long-suffering young man, but when at last she arrived at the corner where they had arranged to meet, he ventured a remonstrance.

"Darling, you are late," he said, mildly.

"Only a few minutes," she protested, in an injured tone. "I said I'd be here at seven o'clock, and it's only twenty minutes past."

"Oh," sighed the young man, "then you must have mistaken the day. I've been waiting here since last night."

Master Mathematician Needed.

The tidal wave of money shortage had caught the poor old bookmaker and landed him, high and dry, in the workhouse. But the ruling spirit still swayed him, and he started a "book" inside.' A friend asked him how he was getting on, but he shook his head sadly.

"The business is too much for me, and I shall have to get a clerk," he replied. "I can reckon two to one in cigarettes, or four to one in an ounce of tobacco or a quarter of tea, but when it comes to working out eleven to eight on a suet dumpling—well, I'm done."

MYSTERY MAN AT THE GRAND

KHAYM DOES SOME WONDERFUL FEATS IN MENTAL TELEPATHY

Khaym, the mystery man, who opened an engagement at the Grand Opera House last night, gives as remarkable a demonstration of mental telepathy as has ever been seen in Peterborough, and the audience who saw his initial performance are still talking about his bewildering work and the all-round excellence of his entertainment. Khaym's feats in mind-reading are done in the open without either he or his attendants ever leaving the sight of the audience. He answers questions from the audience rapidly and with surprising accuracy, and his performance throughout is clean-cut and convincing. No one who is interested in mental telepathy or who appreciates a mystifying entertainment should miss the opportunity of seeing this bewildering mystery man. Khaym is in a class by himself, and a visit to the Grand to-night or to-morrow night will prove a revelation.

Peterborough has had a chance of seeing many amazing performances in this line, but Khaym need not fear comparison with any of the others.

He is assisted by a capable company, whose contributions to the programme add to the interest and enjoyment of the offering. Fred Andrews and Viola May have a clever mystery act, in which they do some very unusual feats, and there is some splendid dancing. There is not a dull moment in the Khaym show, and big audiences should greet the balance of his run..

"THE CABARET GIRLS"

A much better than ordinary cast hase been mustered together by The Kelly-Kahn Amusement company for the current season's presentation of "The Cabaret Girls" announced at the Grand for one night only, Thursday January 5th.

Harry Seymour, a quaint dutch comedian, sustains the principal comedy burden, and is competently aided by Hal Rathburn, and eccentric fun-maker of original methods. Dot Barnette a lively youngster of charm and cleverness is the soubrete de luxe and there are others of almost equal merit

A chorus, consisting of "Twenty dainty morsels of feminine prettiness" is one of the muchly advertised features.

"REX STOCK COMPANY"

When the ever popular Rex Stock Company returns to the Grand on Monday next their big following will indeed see something worth while, when the great success of the past two seasons in "The Brat" will be the offering. There is no use witing anything with reference to the story of this world famous stage success which formed the starring vehicle for Miss Maud Fulton under Oliver Morosco for two years, and was then was secured for Nazimova for the screen version, which was considered by nearly every crtic in America, to be the best story this wonderful screen star ever had. Specila mention must be made with reference to the scenic end of this production for Monday next, as the settings have been under preparation for the past three weeks and believe this wonderful play will be presented in a far more lavish scale than any of the other plays up to date. Every member in the cast has a splendid part in this play of "The Brat" and the part of the title role is particularly well suited for Miss Vaughn, while Rex himself is well cast for the prinicipal male part of Steve.

Monday being the legal New Year's day, a special matinee will be given at 2.30 p.m. all seats being reserved as for the evening performance.

"BIFF, BING, BANG."

"Bigg, Bing, Bang," the great overseas revue which ran over a year in Canada and a season in New York, followed by successful engagements in Boston, Cleveland, Detroit, Buffalo and other American cities, will be given its last local presentation by the "Dumbells" when they return to the Grand Theatre for two days, commencing Friday, Jan. 6th.

It was Captain Plunkett's intention to produce another musical revue in New York before Christmas, but the demand for another opportunity of seeing "Biff, Bing Bang" was so great, both in Canada and the States, that it was decided to run it for another season and to hold the new revue, which will be modelled on entirely new and different lines, until next spring.

The personnel of the "Dumbells" remains the same as when the Company appeared before — Captain Plunkett having kept the entire organization intact, despite the many flattering offers which some of the principals received from other producing managers while the Company was playing on Broadway.

AT THE CAPITOL.

The Capitol has a strong dramatic presentation this week in "The Invisible Power", by the author of the famous American play, "Kindling." It is a production that emphasizes the difficulties undergone and finally surmounted by the wife of a man "doing time" in Sing Sing, with the eye of the law regarding her as a companion in crime of her notorious husband. House Peters, the reformed crook, who later is hounded by the police, gives a splendid performance and the picture is dominated by the idea of "The Invisible Power" which guides and guards the two to a final happy denouement.

The singing McCoys are a pair of English music-hall artists, in a double vaudeville act of harmony singing, talking and yodelling, and the balance of the program is made up of the usual excellent short reel with a good comedy.

Tonight is professional tryout night.

AT THE ROYAL.

Last night's show at the Royal demonstrated that the big seven-reel feature picture, No Woman Knows, is one that in full of human interest which appeals to all. The story is a strong one and one that deals with real life amongst real people. It tells a touching love story, without the too frequent mawkish sentimentality of the stage. It shows the noble sacrifice that a mother makes for her son and a sister suffers for her brother that the young man may be sent to Europe to develop and complete his musical ability. The scenes are laid mainly in a small sized city and the characters are people strictly of "the people." Interest in the story is sustained from start to finish and culminates in the merry jingle of wedding bells. One lesson that might be specally learned is the obvious hint conveyed through the story of the heroine that no small town can prosper so long as its citizens send their money out of town to mail order houses. Every cent, to localize this lesson, sent to Beeton's, or to Gimpson's, in Toronto, is a cent gone from Peterboro merchants and indirectly to every worker in Peterboro. The heroine's little store is almost ruined, which disaster reflected on her neighbors, by her fellow townswomen buying in a mail order house. It might here be noted that the Royal is a strictly local-owned house and its box office receipts circulate among the people of Peterboro.

Last night's programme (repeated to-night) includes a powerful western play in two reels, called the Cow-punchers' Come Back, and some of the funniest comedies ever screened.

For to-morrow's matinee, the manager, as a New Year's gift, has placed the admission price for children at the nominal cost of five cents, which includes the war tax. This is an opportunity that the yong folks should avail themselves of. Mr. Pappas is in Toronto to-day to secure special comedies to add to the big programme to-morrow.

NEW RECORD FOR AEROPLANES

MINEOLA, N.Y., Dec. 30.—(Canadian Pess.) — Piloting a Larsen monoplane, Edward Stinson to-day broke the world's record of 24 hours and nineteen minutes for continuous flying by two hours and 28 seconds.

WOOD SALES ON FARMERS' MARKET

About ten loads of wood are being sold daily on the market, and from several quarters are coming complaints that this wood should be measured by the Market Clerk and sold under his guarantee that it is a full cord in the same manner as he gives a certificate of weight for hay. As it is now, the farmers selling wood use the market privilege, and it costs them nothing, while their brothers with hay or eggs or potatoes for sale have to contribute towards the upkeep. It is claimed that loads of wood have been sold as full cords that do not measure a good three-quarters, and it is considered that in view of the large amount of wood sold there, some protection should be given the people.

Sales of wood are steady, and not one load brought on has to be taken away unsold, it is said. Hardwood is bringing from $10 to $12 a load, and mixed wood, which is offered for sale more abundantly, is selling at $8 a load.

Considerable straw is being sold on the market, and, due to the short crop, is bringing good prices. One man to-day was delivering it at $15 a ton, and another farmer got $16. Hay continues to sell at $23 a ton. If good sleighing arrived more hay would move, with immediate effect on the price, it is said.

If house ferns are set in a pan of hot water once a week and well steamed, new shoots will soon appear.

P. BLACK CONTENTED WITH BUSINESS

Business in 1922 will just be what each one of us determines to make it. If we work ourselves into a state of mind that is sour and despondent, our business will, in all likelihood, take on that sort of spirit. A patient and pleasant attitude will do much to improve a well-conducted business. Such has been the experience of Mr. P. Black, of the busy corner store, on George and King streets, where customers report that business is always kept moving, and that there is always some one to be waited on. Mr. Black does not deny that business has been behind former years in the actual amount of sales, but that the number of sales have increased considerably.

Mr. Black finds his stock in good condition at the end of the year, with no excess of overstock in any lines, but all clean and well assorted in the wanted goods at this season of the year. Mr. Black finds it a pleasure to be able to thank his customers for their continued patronage, and to extend them his best wishes for 1922.

VAGRANT SIGNALS ON THE WIRELESS.

Experts Can't Define Whence They Come.

LONDON, December 30. — Associated Press.—Despite the most diligent research experts are not yet able to say whence the mysterious "vagrant" signals come that every day, and particularly at night are received on wireless aerials.

"From the earliest days of long-distance wireless telegraphy, the difficulties in reception due to vagrant or natural electric waves and atmospheric electric discharges passing down the receiving aerial have been the bane of the wireless telegraphist," Professor John Ambrose Fleming of London University told the Royal Society of Arts. He said:

"Having regard to the fact that the positve atmospheric potential gradient of the earth increases at the rate of about 100 volts per meter of ascent, roughly speaking, it is not surprising that aerials several hundred feet high may be traversed by quite large currents due to this cause alone which may utterly swamp the feeble signal currents."

Professor Fleming is the inventor of the thermionic valve receiver, which revolutionized wireless telegraphy and telephony.

SELLING DRAFTS IN PARIS FOR FOOD.

Russians Plan to Help Their Starving Friends.

PARIS, Dec. 30. — (Associated Press). — Hundreds of members of the extensive Russian colony of Paris are planning to send food to their relatives and friends in Russia through the agency of the American Relief Administration, which has opened an office here to sell food drafts.

The drafts are for $5 and $10. The American Relief Administration undertakes to deliver the food to any address in Russia in 90 days. The money will be refunded at the end of that time if officials fail to locate the person for whom the food was intended.

ORDINARY WHEAT IS VERY PROLIFIC.

One Grain Produced 322,000 in One Year.

VALLODOLID, Spain, Dec. 30.—(Associated Press).—An experiment to show the fecundity of a grain of wheat has just been concluded at the Official School of Agriculture here, with the result that one grain produced in a year 322,000 grains.

At the end of July 100 grains were sown separately. At the end of September the grains had developed an average of 12 shoots each. These were cut and transplanted, and by the end of October each cutting furnished an average of eight shoots, which produced 65 ears each, and each ear gave an average of 50 grains.

A simple multiplication sum shows that each of the original grains planted reproduced itself 12 by 6 by 65 by 50, making a total of 322,000 grains.

FOR LONG SERVICE.

BELLEVILLE, Dec. 30.—Mr. E. F. Milburn, M.A., of the staff of the Belleville High School, was honored on Wednesday afternoon in the City of Toronto at the annual convention of the Ontario Secondary Teachers' Association, with a life membership in that body, as a token of respect for his long and official career of service as a teacher. He had taught for over fifty-one years in the Belleville High School.

Mr. H. R. H. Kenner, of Peterborough, was elected first vice-president of the association.

THE KING CABINET HOLDS ITS FIRST MEETING.

OTTAWA, December 30 (Canadian Press).—The King Cabinet held its first meeting to-day, and discussed problems that require immediate attention.

The first to receive attention will likely be unemployment.

The Hon. Mr. Murdock stated to-day that "whatever can be done for the relief of unemployment will be done, and that immediately," but he did not indicate the course which the Government intended to pursue.

Hospital for Sick Children

COLLEGE ST., TORONTO.

Through Support of Public, Ontario Maintains Greatest Children's Hospital on This Continent.

Dear Mr. Editor:—

Nowadays people look ahead more than they used to. They realize, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the light of medical science into the uttermost corners of the province.

The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers.

You probably saw a Quebec despatch deploring the great infant mortality in that province. One great factor which gives the Ontario born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be pallid of cheek or crooked of limbs, is helped over the rough spots of infancy and adolescence by this same Hospital. Here are the average day's figures of 1921 attendance:—

Cot patients	268
Other patients	158
Total	426

During the year the Hospital actually saves the lives of scores upon scores of children. It restores health or straightens limbs for hundreds more. Every contributor to the Hospital funds is a shareholder in an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes.

Remember, however, that every child to whom the Hospital's doors are opened—and none are refused—adds something to the financial burden which the GREAT MOTHER CHARITY has to carry. But it has never defaulted on its dividends, which are paid not in money, but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of mercy costs fifty cents, and the clock in the treasurer's office is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money. May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours,

IRVING E. ROBERTSON,
Chairman of Appeal Committee

FRENCH HAVE WRECKED SUBMARINE PROGRAMME.

NEW YORK, Dec. 30.—(Canadian Press).—"The French Government has deliberately wrecked the submarine programme of the conference for the limitation of armaments," says the New York World to-day. The motive runs back, it says, to the refusal of the United States to ratify the Versailles treaty or to consider guarantees for France. Regarding the statement that France's demands are based solely on the viewpoint of security, it says, "that is a fairy tale for innocent and very credulous little children."

CONSERVATIVE PARTY SHOULD SELECT LEADER.

WINNIPEG, December 30 (Canadian Press). — The Hon. Robert Rogers stated to-day that the National Conservative convention should be called immediately to select a leader. And he added that there were insistent demands for a 'real Conservative organisation."

COMPULSORY ARBITRATION OF INDUSTRIAL DISPUTES.

NEW YORK, Dec. 30.—(Canadian Press).—Compulsory arbitration of industrial disputes as a measure of protection for the public is provided for in a bill sponsored by the New York Board of Trade and Transportation, to be submitted to the State Legislature. It is intended to forestall uniustifiable strikes and lock-outs. Organized labor in the State is opposing it strongly.

Of the vast number of women wage-earners in the United States 43 per cent. belong to the colored race.

MENDICANT PROVED TO BE A CAPITALIST

MADRID, December 30. Associated Press. — Eliseo Pia Rodriguez, when he was rounded up in a police raid on the begging pests of Madrid the other day, proved him to be a capitalist with $30,000 to his name in a provincial bank, while he also possesses a farm with 30 cows. This fortune is the result of many years of mendicancy.

"THEY ARE FRIENDS."

When another blames thee or hates thee, or when men say about thee anything injurious, approach their poor souls, penetrate within, and see what kind of men they are. Thou wilt discover that there is no reason to take any trouble that these men may have this or that opinion about thee. However, thou must be well disposed towards them, for by nature they are friends.—Marcus Aurelius.

HINTS TO HOUSEWIVES.

In making fish cakes have potatoes dry.

Always save scraps of soap; put in a jar and fill with water.

Use paper for cleaning bottoms of cooking kettles with Dutch cleanser and soap. This saves time, soap, water and the labor of washing cloth.

To clean white felt hats and make them look like new, take the soft inner part of a stale loaf of white bread and rub all over the hat. It does the work perfectly and takes very little time.

Keep a piece of sandpaper near the kitchen sink. You will find it very handy to clean pots and pans. But do not use it on aluminum utensils. The steel wool should be used for this ware.

TO MOVE A MOUNTAIN WHERE MAHOMET COULDN'T

In Rio Janerio there is a most unnecessary mountain known locally as Morro de Castollo. It cramps the business section of the city, so the Brazilians have raised a loan of $12,000,000, and propose to get rid of the mountain with dynamite, hydraulic pressure and the old fashioned but efficacious pick and shovel. Photo shows the mountain and business section of the city.

CHRISTMAS TREE AND CONCERT.

An old-fashioned Christmas tree and concert will be given in St. John's Sunday school by the children of the school on Friday evening of this week, beginning sharp at 7:30 p.m. Everybody will be welsome. Silver collection from adults other than members of the staff. 2d153 624

HELD A CONCERT

The Primary department of Knox Church held their annual Christmas tea and concert in the primary room last evening at 5 o'clock. About 100 childen were present. After supper, a short impromptu program was given by the children consisting of songs, choruses and recitations. Santa Claus arrived later and presented each child with a bag of candy, nuts and oranges.

CHRISTMAS TREE.

The annual Christmas tree and entertainment in connection with the Sunday school of Gospel Hall, was held last night. The hall was filled with children and adults. After a short programme of recitations, solos, duets and choruses, the gifts on the tree were distributed, each one present receiving at least some token of the festal season. This Sunday school from a small beginning, has grown steadily to an average attendance of 65, and last year raised about $300. It is hoped this coming year may see still greater progress in its power for good, and growth numerically.

SISTER ABIGAL
Is Coming to Peterborough.

Arrangements are completed for the coming of Mrs. Luffe (Sister Abigal) of Buffalo, to Peterboro. Mrs. Luffe was associated with Mr. Muller in the great Orphanage work of Bristol. She is now caring for invalid women in her own home which is carried on entirely by prayer and faith. All are cared for free of charge or fee. Sister Abigal will hold three night and two afternoon meetings while in the city. Every woman in the city should see and hear her.

On Wednesday afternoon, January 3, she will hold a parlour meeting at the home of Mrs. Millard, 424 Stewart street, when she will tell some of her experiences. The first meeting will be held in Gospel Hall, Tuesday night, Jan. 2nd.

Sister Abigal is the principal character in Mrs. Cyrl Bird's book "Little is Much when God is in it." This book has reached a wonderful circulation.

WEDDING BELLS

LEETER—McDOUGALL

A very prety wedding was solemnized at St. Paul's Presbyterian Church at 1.30 p.m. on Wednesday, December 28th., by the Rev Robt. Pogue., when Luella Margaret, daughter of Mr. and Mrs. H. McDougall, 245 Euclid avenue, was united in the holy bonds of matrimony to Bertram Leether of Worchester, Mass. formerly of Peterboro.

The bride, who was given away by her brother, Mr. Clarence McDougall, was charmingly attired in ivory satin with pearl trimming and bridal veil caught with sprays of orange blossom. She carried a shower boquet of sweetheart roses and hyacinths. The bridesmaid, Miss Eva McDougall, was gowned in pale blue satin with black picture hat, and carried Columbia roses Little Marjory Lether, niece of the groom, was a dainty flower girl in peacock blue satin, draped with shadow lace, and carrying a basket of sweetheart roses and hyacinths. Mr. W. Curtis supported the grom.

After the ceremony, a dainty repast was served at the home of the bride's parents, where a dance was given in the evening in honor of the bridal couple. Mr. and Mrs. Leether left later for a honeymoon in Montreal and the United States, the bride travelling in suit of brown broadcloth, heavily embroidered, with hat to match. They will reside in Worcester, Mass.

The young couple received many valuable gifts from friends and relatives. The groom's gift to the bride was a chest of silver; to the bridesmaid an onyx ring; to the groomsman gold cuff links, and to the flower girl a gold locket and chain.

NUGENT—SHERWOOD.

A quiet but pretty wedding was solemnized on Thursday, December 22nd, 1921, at 24 Wellesley Street, Toronto, when Christine Elizabeth Sherwood became the bride of Norman Stanley Nugent, of Toronto, Rev. J. J. Ferguson officiating.

The bride wore a suit of brown broadcloth, with beaver collar and brown velvet hat. She was attended by Mrs. Flo. Sippi, while the groom was supported by Mr. W. G. Sippi.

Following the ceremony, Mr. and Mrs. Nugent left to spend their honeymoon at the bride's home, 19 Ware Street, Peterborough.

O'BRIEN--McKENNA.

On Wednesday morning at 9 o'clock in St. Anthony's church, the wedding was solemnized of Miss Susie McKenna, of 642 Dovercourt Road, and James M. O'Brien, son of Mr. and Mrs. Michael O'Brien, 36 Boon avenue. The ceremony was conducted by Rev Father M. O'Brien of Lindsay, a brother of the groom. The bride's wedding dress was of Canton crepe, embroidered in chenile. She wore sable furs, with gold hat and a bouquet of orchids and lily of the valley. Miss Julia A. McKenzei, wearing navy blue duvetyn, with blue hat and bouquet of sweetheart roses, was the bridesmaid. Mr. W. J. O'Brien acted as the best man.

Mr. and Mrs. O'Brien left for a trip to Montreal and other points in Quebec.—Toronto Globe.

LEAN—SHERWIN

On Wednesday, December 28, the marriage took place at the home of Mr. and Mrs. Anthony Sherwin, Harwood of their daughter, Gladys and Mr. Fred Lean, Toronto. Only near relatives and friends were present. Rev. Thos McCord conducted the ceremony. Mr. and Mrs. Lean left later for Western points. They will reside in Toronto.

A STRATEGY STRIKE IN COAST CITY

RAILWAY MEN FORGET TO REPORT FOR WORK ON SUNDAY MORNING AS PROTEST AGAINST A WAGE CUT.

STRIKE VOTE TONIGHT

VANCOUVER, B. C., Dec. 31. —(Canadian Press) —A strategy way strike in this city is indicated by the recommendation of leaders of railway men not to report for duty on Sunday morning. The men will vote on a strike at midnight to-night. They are fighting against a ten per cent. cut in wages, which was awarded by the Conciliation Board to the British Columbia electric railway recently. The men rejected the award last week by an overwhelming majority.

THE WEATHER

The year 1921 will soon be numbered with the things that have been. While the year itself may pass, its influence will be felt in the lives of each one of us in the days to come. But this is not a sermonette, but rather a record of a few things that have ocurred in the weather line during the year.

The winter months of the year were remarkably mild, and the summer months unusually warm. The warmest day was July 7th, with a temperature of 98 degrees. On May 21st, we had it 91 degrees, an unusually early date for over 90 degrees. In June we had two days over that figure; in July 12 days, and ten other days in close proximity to 90. If some of the heat we experienced in July could have been bottled up, the coal men would have had little sale for their black diamonds this season. The coldest day was Jan. 19th, with 19 degrees below zero. The real cold days this year have been very few. The precipitation (rain and snow) was less than usual and did not total 30 inches for the year. The following is the total for each month:

	Inches.
January	1.14
February	1.36
March	4.04
April	2.49
May	1.48
June	2.72
July	3.14
August	2.97
September	1.60
Oct.	4.30
Nov.	1.91
December	2.77

Allow me to express my New Year's greetings to the reader in a little verse, which, while not original with me, expresses my sentiments to yourself:

"A bright New Year and a sunny track:
Along an upward way;
And a song of praise on looking back,
When the year has passed away;
Amid golden sheaves, not small nor few;
This is my New Year's wish for you."

—W. P.

THEATRES

ROYAL — Special holiday programme on Monday, including "The Blind Wife," a super-feature Fox film; "A Devilish Romeo," one of the world's funniest comedies; and other specials.

GRAND — Rex Stock Company in "The Brat," Monday, with special vaudeville features.

REGENT — Monday, holiday features—Wm. Russell in 'Singing River," Sunshine comedy "The Hayseed," Chas. Hutchinson in "The Double Adventure," and Western drama, "The Timber Wolves."

CAPITOL — Monday, D. W. Griffith's "Dream Street," a dramatic comedy full of thrills and action. Also Taylor Parker Trio in comedy acrobatic and juggling act.

So many of the flared sleeves are featured in frocks and suits that the separate sleevelet is quite as important as the vestee or collar and cuff set this season, and many dainty things are offered by accessory designers.

"REDS" LIVE ON THE FAT OF THE LAND

COMMUNISTS REVEL IN LUXURIES WHILE STARVATION TAKES A HEAVY TOLL IN RUSSIA.

DEAD UNBURIED

NEW YORK, Dec. 31.—(Canadian Press). — Communists in Moscow and Petrograd are reveling in the luxuries of life while starvation is taking a heavy toll in the interior and heaps of dead remain unburied, Carl Floete, American relief representative in Pugatchov, declared yesterday on his return to this country. Lenine, he says, rides around in a most luxurious automobile, and the women's display of expensive furs and jewellery outshone anything seen in any other city.

"JOE WEARING"

One of the candidates in the municipal field who should receive strong support is Mr. Joseph Wearing, who stands for election to the Board of Education. Before coming to Peterborough, Mr. Wearing was engaged as inspector in educational work throughout the Dominion, and has had a wide experience in educational matters. Since coming to the city, Mr. Wearing has shown his intense interest in children by his work on the Children's Aid Executive, when, for five years as secretary, he gave at least one hour each day to the work of the society, and also in connection with the Y.M.C.A., where he has been a director for eight years. It will also be remembered that when there was a coal stringency some years ago, with hundreds of homes in the city without coal, Mr. Wearing was appointed by the Council, chairman of a Fuel Commission, which did most excellent work. New blood is required both in the Board and the Council, and the city is fortunate in having a man like Mr. Wearing stand for election.

THE GREAT CHIPPEWA QUEENSTON CANAL.

An aeroplane view of the power house and the forebay at Queenston. The portion of the power house seen near the bottom of the photograph is about one-fifth of the size of the building when it will be completed. The fissures on the face of the rock are the cuttings for the penstocks. The fall at this point is over 300 feet. At the top is the gate for controlling the fall of water from the forebay.

How to Vote on Monday

On Monday Peterborough elects its Mayor, five members to the Council, five members to the Board of Education and one Utilities Commissioner for 1922. There are two in the Mayoralty field—J. J. Turner, a member of this year's Council, who resigned to enter the race for Mayor, and whose place on the Council must be filled by appointment, and W. H. Taylor, who was for three years an Alderman. There are eleven in the field for Aldermen, and the ballot contains the following names: J. O. Fife, Dr. W. T. Holloway, R. N. Jones, D. H. Kerneghan, W. H. Lytle, Malcolm McIntyre, N. E. Phelan, Walter Stocker, R. Sturgeon, Frederick Tuggey and E. Melville Turner. Of the five Aldermen whose terms expired this year, two only are seeking re-election. The two are Nagel Phelan and R. N. Jones. Ald. Phelan was twenty-one months in the Council, being appointed on the death of his father, Ald. Harry Phelan. Ald. R. N. Jones has served a long period in the Council. Ald. G. N. Gordon, M.P., has not felt justified in standing because of his enforced absence from the city, and Ald. G. L. Hay, who was appointed to succeed Ald. Russell Copping, and Ald. Frank Whitehouse have, although pressed, not allowed their names to be placed before the people.

Four members of the School Board are seeking re-election. They are: Dr. F. C. Neal, chairman of the 1921 Board, J. W. Worth, Mrs. Kate Morris and E. G. Patterson. The term of office of G. O. Cameron, who is now in Montreal, expired this year, and there are therefore five vacancies to be filled. Aspirants to the Board besides the former members are E. Bruce Fowler and Joseph Wearing. Members of the Board of Education are elected for two years similarly to the Aldermen.

Utilities Commission.

A Utilities Commissioner to succeed C. E. Sisson, who is now in Toronto, must also be placed in office on Monday by the vote of the people, and in this contest there is an unsual feature in that three ex-Mayors are seeking election. The ballot contains the names of W. H. Bradburn, G. H. Duncan and A. A. McIntyre.

How to Vote.

The Polls are open on Monday from 9 a.m. to 5 p.m. Ratepayers should have a thorough knowledge of how to vote. Voting for Mayor should require no explanation—vote for one or the other candidate. Similarly for the Utilities Commission, only one to be elected, so vote for only one candidate. Five aldermen are to be elected. Ald. Turner's place is to be filled by appointment, so has nothing whatever to do with the election, and should not be confused—the five members have to be elected the same as ever. A ratepayer must vote for at least four Aldermanic candidates, but if more than five are marked the ballot is lost. This point cannot be too strongly emphasized. If more than five Aldermanic names are marked the ballot is annulled.

The same is true of the School Board ballot, as only five are to be elected to the Board.

Below is a list of the polls, with the Deputy Returning Officers and Poll Clerks that will be in charge:

BATTLESHIP DRIFTING IN THE CHANNEL

THE "VENGEANCE" BROKE AWAY DURING A STORM AND IS RUNNING WILDLY ADRIFT IN THE ENGLISH CHANNEL.

TELEGRAPH BRIEFS

CHERBOURG, Dec. 31.— (Canadian Press.) —While being towed by a tug on the way to the shipyard to be dismantled, the tow lines of the British battleship Vengeance parted in a storm during the night and the vessel is running wildly adrift in the English channel in immediate danger of collision with other craft or of piling up on the shore. Two French naval tugs sent to her rescue were beaten back in the storm and the British and French craft are trying to reach her.

FRENCH OPINION OF THE CONFERENCE

PARIS, Dec. 31. — (Canadian Press.)—Good example of editorial opinion on disarmament conference is the following from the "Figaro": "English Imperialism, to call it by its real name, is unsatisfied at obtaining endorsement by the so-called disarmament conference of its right to keep the most powerful fleet in the world; it demands naval disarmament of France. It will ask to-morrow if we do not react, that we renounce war reparations and occupation of the left bank of the Rhine."

WILL AUTHORIZE A LARGE LOAN TO GREECE

ATHENS, Dec. 31. — (Canadian Press.)—Greek Minister of Finance announces that the British Government has authorized the conclusion of a loan to Greece of fifteen million pounds sterling on condition that the great part of the amount possible is used in the purchase of British products.

WILL HAND OVER THE PLEBISCITE DISTRICT

VIENNA, Dec. 31. — (Canadian Press.)—Oedenburgh plebiscite district of Burgenland will be formally handed over to Hungary to-morrow by Allied Military Commission.

PLANS FOR CONSTRUCTION OF A HUGE CANAL

MUNICH, Germany, Dec. 31.C (Canadian Press.) — Plans for the construction of the canal connecting the Rhine, Main and the Danube, the biggest waterway project ever undertaken in Europe, are in preparation, and a corporation with an initial capital of one billion, two hundred marks has been organized to finance the work, which will require twenty years for completion.

CALCUTTA, Dec. 31.—(Canadian Press)—After attending many functions at which he was cordially received, Prince of Wales left for Rango.

SKATING AT BROCK STREET RINK

ICE BEING SAVED TO ENSURE MONDAY NIGHT'S GAME

Owing to the continued soft weather and the difficulty in getting a sufficient depth of ice, the management of the rink has been conserving what ice there is so that Monday's big game would be guaranteed a good sheet and in the meantime give the teams practice. However, the Probs. are for colder weather again and there will be skating to-night with the band.—Advt.

OUR DUTY ON ELECTION DAY

It is the solemn duty of every citizen eligible to vote on Monday, to cast a ballot, and do so in an intelligent manner. The list of candidates in all the departments of the civic administration contains the names of men who have large experience in the world of business, and amongst them men who have had considerable previous municipal experience.

Peterborough will need, during the coming year, the sanest of government and citizens should scrutinize each list carefully and pick those men who in their judgment will give the city the best of service.

NEW YEAR'S SERVICE AT ST. ANDREW'S

A MESSAGE FROM THE PASTOR THAT WILL HELP THROUGHOUT THE YEAR—SPECIAL MUSIC.

New Year's Day, 1922, falling as it does on Sunday, demands special religious recognition.

Being the first day of a New Year the pastor of St. Andrew's has a helpful New Year message to be given to-morrow night, that will be of service throughout the year. The whole service at St. Andrew's will be permeated throughout with an enthusiastic desire on the part of the pastor, the choir, the church members, and officers to convey to those who attend St. Andrew's and to others who may find it convenient to attend during the coming year, the assurance of an earnest endeavour to at all times be of service to them.

Those who will be present to-morrow night will be delighted with the following musical numbers:

Anthem — "Oh, Holy Night" (Adam), solo and obligato by Miss Ina Allen.

Solo—"Fear Ye Not, O Israel" (Buck), Mrs. Maurice Park.

Anthem (unaccompanied) —"Just as I Am" (Bowles).

"COME LET US WORSHIP"

It will be noticed by referring to the page of Church announcements that a large number of the churches at the sugsestion of The Ministerial Association have united their space and are together making a strong appeal for a suitable observance of tomorrow, the first day of a New Year.

The thought is a worthy one, and one that will commend itself to the citizens. It is far from being easy to arrange for the presence of the complete family in the pew, but when the year is ushered in on the day of our Lord, and there is a disposition to "forget the things that are behind and press on to the things that are before "the occassion is not ordinary.

"The Examiner" joins the religious leaders of our city in the hope that even at the cost of considerable effort the mothers and fathers of the city will co-operate tomorrow that Peterborough young and old may be at church.

The Sunday School is a great institution, but if the children are excused from Church attendance because they are going to Sunday School, the danger is that they may never develop the habit and practice the helpful use of the morning and evening hours of the Lord's Day.

No matter what our ideas may be of the liberty of God's children in these days; there are none who will deny that the honoring of God and His Sabbath have always helped toward strong character and worthy citizenship.

"Ill fares the land to hastening ills a prey.
Where wealth accumulates and men decay."

and the influence of the Church of God on the lives of those in tender years is needed as never before that reverence may be instilled and high ideals encouraged.

It is all too easy for us to discover reasons or find excuses for our vacant places, but tomorrow we will lay a strong hand upon ourselves and do heartily what will be helpful to ourselves and our children and honoring to the Lord of the Sabbath and the One who knows what the New Year holds for us

Before putting aprons and dresses into the wash, brush pockets with whisk broom. They will be easier to wash and come out clearer.

Some of the newest bags are crocheted in white beads enhanced by a floral pattern in colors.

THE MARKET SHOWS SIGNS EASING OFF

EGGS ARE FINDING A NEW LOW LEVEL AND LOWER PRICES WERE OBTAINED TODAY—SUPPLIES PLENTIFUL.

THE MEAT SECTION

The big markets of the season are now over, to-day's New Year's market putting in the last of a record-breaking chapter and until Easter, the middle of April, the rush of produce will not be so impressive. The appearance of the basket section was not changed much this morning from a week ago. The tables were not full and fowl was not present in such quantities for the very good reason that the flocks of poultry have been all but annhilated during December. Buyers were very gratified to notice larger quantities of eggs being offered and although 65 cents was the prevailing price to-day, next week it is likely they will be down to 60 cents for practically every farmer declared his hens were picking up on the laying.

Butter Prices Lower.

Butter was down to 42 and 43. The survivors of the geese and turkey family were sold to-day and judging by the way the birds have met their inevitable fate of late the farm yards will not resound with the "honk honk" of the geese or "gobble gobble' of the turkeys as heretofore.

Geese sold at 30 to 38. The wide range in prices is accountable to quality. Some of the ancient birds were hard to dispose of. Turkeys were still 50 cents a pound, although the magnanimous concessions of a cent or two a pound was often made to bring them to an even price.

The Meat Section.

Great quantities of beef featured the open market, and judging by the slow sales till 11 a.m. the farmers were having difficulty in clearing their wagons. Beef was going generally at 8 and 10 cents, hind and fore quarters, but at least one man was selling fore qaurters at 8 cents. Pork was scarce and was going at 15 and 17 cents. Legs of mutton were 20 cents a pound. Potatoes were not very plentiful, but what there were, were $1.65 a bag. Hardly any apples were offered, but miscellaneous varieties were 60 cents a peck.

Notice To Companies

All incorporated companies are notified that at the last session of the Legislature The Ontario Companies Act was amended as follows:

On or before the first day of February in each and every year, every corporation, whether incorporated under the laws of Ontario or otherwise, which has its head or other office or is doing business, or any part thereof, in the Province of Ontario, and not being a corporation liable to payment of taxes under The Corporations Tax Act, shall without notice or demand to that effect make out, verify and deliver to the Provincial Secretary on or before the 8th day of February each year a detailed statement or return containing certain information as of the 31st day of December next preceding.

If a corporation makes default in complying with the above, such corporation shall be liable to a penalty under Section 135 of The Ontario Companies Act.

Blank forms for making the above return may be obtained on application at the Provincial Secretary's office, Parliament Buildings, Toronto.

Dated at Toronto this 22nd day of December, 1921.

H. C. NIXON,
Provincial Secretary.

BULL-DOG DRUMMOND

BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

The house, he discovered, was built on a peculiar design. The ridge on which he sat continued at the same height all round the top of the roof, and formed, roughly, the four sides of a square. In the middle the roof sloped down to a flat space from which stuck up a glass structure, the top of which was some five or six feet below his level. Aorund it was a space quite large enough to walk in comfort; in fact, on two sides there was plenty of room for a deck chair. The whole area was completely screened from view, except to anyone in an aeroplane. And what struck him still further was that there was no window that he could see anywhere on the inside of the roof. In fact, it was absolutely concealed and private. Incidentally, the house had originally been built by a gentleman of doubtful sanity, who spent his life observing the spots in Jupiter through a telescope, and having plunged himself and his family into complete penury, sold the house and observatory complete for what he could get. Lakington, struck with its possibilities for his own hobby, bought it on the spot; and from that time Jupiter spotted undisturbed.

With the utmost caution Hugh lowered himself to the full extent of his arms; then he let himself slip the last two or three feet on to the level space around the glass roof. He had no doubt in his mind that he was actually above the secret room, and, on tiptoe, he stole round looking for some spot from which he could get a glimpse below. At the first inspection he thought his time had been wasted; every pane of glass was frosted, and in addition there seemed to be a thick blind of some sort drawn across from underneath, of the same type as is used by photographers for altering the light.

A sudden rattle close to him made him start violently, only to curse himself for a nervous ass the next moment, and lean forward eagerly. One of the blinds had been released from inside the room, and a pale, diffused light came filtering out into the night from the side of the glass roof. He was still craning backwards and forwards to try and find some chink through which he could see, when, with a kind of uncanny deliberation, one of the panes of glass slowly opened. It was worked on a ratchet from inside, and Hugh bowed his thanks to the unseen operator below. Then he leant forward cautiously, and peered in. . . .

The whole room was visible to him, and his jaw tightened as he took in the scene: In an armchair, smoking as unconcernedly as ever, sat Peterson. He was reading a letter, and occasionally underlining some point with a pencil. Beside him on a table was a big ledger, and every now and then he would turn over a few pages and make an entry. But it was not Peterson on whom the watcher above was concentrating his attention; it was Lakington—and the thing beside him on the sofa.

Lakington was bending over a long bath full of some light-brown liquid from which a faint vapour was rising. He was in his shirt sleeves, and on his hands he wore what looked like rubber gloves, stretching right up to his elbows. After a while he dipped a test-tube into the liquid, and going over to a shelf he selected a bottle and added a few drops to the contents of the tube. Apparently satisfied with the result, he returned to the bath and shook in some white powder. Immediately the liquid commenced to froth and bubble, and at the same moment Peterson stood up.

"Are you ready?" he said, taking off his coat and picking up a pair of gloves similar to those the other was wearing.

LITTLE WANT ADS.

At this time of the year, there are any number of things that are badly needed, either by the man or woman.

These things can be done without, but the Summer is going to be not quite so happy without them, and they need not cost you nearly as much as you think, if you only use the Want Ads. to get them.

So many people lose a vast amount of pleasure simply because they have never learned the value of a simple little appeal to the Examiner Want Ad. Column. Don't let this bright month of June go by without satisfying little extra Summer wants through the Want Ads.

FOUR PERSONS KILLED.

NEW YORK, December 31. Canadian Press. — Four persons are reported to have been killed and scores injured when a southbound Ninth avenue elevated train crashed into a stationary train at the Forty-second Street station during the rush hour last night. Both trains were filled with passengers.

BAILIEBORO

BAILIEBORO, December 31. — Reeve S. Robinson was elected by acclamation, and Wm. Bradshaw for Councilman.

The annual school meeting of S. S. No. 1, Bailieboro, was held on Wednesday, November 28. The Board of Trustees for the ensuing year are John White, H. Jewison, John Greer, the retiring trustee ,H. Jewison, being re-elected.

Basket Social.

The concert and basekt social given under the auspices of the Bailieboro Methodist Sunday School, was a decided success. There was a large attendance of both old and young people, who took a lively interest in the proceedings.On account of illness, the pastor, Rev. R. M. Patterson, was unable to be present to act as chairman so Mr. H. Dawson, Supt. of the Sunday school presided, and after making a short address the following programme wos then presented.

Solo by Miss Kathleen Bateman; recitation by Vincent Jewison; vocal duet by Dorothy Falls and Keith Barnard, Christmas tree drill by six girls and boys; dialogue, "The Somnambulist," reading by Miss G. Benson; tableau by girls and boys; piano solo by Miss Viola White; dialogue, "The Painted Chair,' reading by Miss Ethel Falls; camp fire song by girls nad boys; manners drill by seven boys.

The selling of the baskets was the last item on the programme. Mr. James Roddy very efficiently auctioned off 35 baskets, which brought a quick sale. The pleasant evening was brought to a close by the singing of the National Anthem.

Personals.

Mr. and Mrs. Brock Pengelley have left for For William where Mr. Pengelley is appointed Manual Training Instructor in the Collegiate Institute there.

APPROVE IRISH TREATY.

DUBLIN, Dec. 31. — (Canadian Press).—Resolutions favoring ratification of the peace treaty between Great Britain and Ireland were adopted yesterday by the County Councils of Meath and Monaghan, and the Limerick Chamber of Commerce.

Delegates representing forty Sinn Fein Clubs in County Monaghan, while maintaining for Republican principles and Ireland's right to absolute independence, passed resolutions in favor of ratification of the treaty under present circumstances and in the event of rejection of the treaty by the Dail Eireann, for its reference to a plebiscite of the Irish people.

WASHINGTON CONFERENCE.

WASHINGTON, Dec. 31.—(Canadian Press).—The Arms Conference has virtually reached the end of its effort to put a curb on naval armaments.

To the capital ship agreement was added yesterday an agreement for limitation in tonnage of airplane carriers and then the Naval Committee adjourned indefinitely, leaving the determination of various problems of detail to a sub-committee of experts.

Some sort of declaration with regard to the use of the submarine, and an agreement not to construct any auxiliary vessel hereafter with a tonnage of more than 10,000, are expected also to be added to the accomplishments of the conference before the final curtain is rung down. A five-power treaty embodying all the points on which there is agreement now is in process of drafting.

EXTEND TIME LIMIT

CALGARY, Dec. 31.—(Canadian Pres)—Stating that fifteen days notice was not sufficient time and claiming discrimination against former Imperial soldiers who are entitled to refund of passage money, R. Gallagher, secretary of the Alberta command, G.W.V.A. has wired Dominion Secretary MacNeil to use his influence to have the time limit extended. According to Government notice aplication for refunds must be in by December 31.

DISMISSED THE CHARGE

MONTREAL, Dec. 31.—(Canadian Press)—Judge Lett sitting in Enquete Court here dismissed a charge of conspiring to personate voters on December 6, last, the day of the Federal elections against Sam Sayler. Similiar cases have also come before court here and have been dismissed for lack of evidence. A large number of charges set for hearing next week are similary expected to fall through following non-appearance of complaints.

LOOKING FOR "FRIEND"

WINNIPEG, Dec. 31.—Local Police are hunting for a "friend" and supposed pal of John Zawslak, section foreman of Briercrest, Sask., who was slugged and robbed of $1,000 and a $65 watch in a North Winnipeg wood-yard Thursday night, according to an announcement made at police heardquarters. The "friend" is suspected by the police of being a confederate in the crime.

THE MONTREAL MARKETS

MONTREAL, Dec. 31.—(Canadian Press)—The trade in cash grain in the local market was quiet. There were no new developments in the flour situation. The condition of the millfeed market was unchanged. There was a fair trade in rolled oats. Prices for baled hay are steady. Potatoes were quiet. There was a limited demand for butter and a steady feeling with little business in the cheese market.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

SEVERE SNOWSTORM.

CHARLOTTETOWN, P. E. I., Dec. 31.—(Canadian Press).—Yesterday Prince Edward Island was in the grip of the worst snowstorm experienced for some years. Highways are blocked by snowdrifts and trains tied up. The car ferry was unable to cross to the mainland yesterday.

WILL APPOINT RECEIVER

BOSTON, Dec. 31.—(Canadian Press)—Judge Crosby, of the Supreme Court announced that unless the trustees of the Christian Science Publishing Society, and the directors of the First Church of Christ, Scientist agreed by next Tuesday upon a new trustees to succed Lamont Rowlands whose removal by the directors was upheld by the court recently he would appoint a temporary receiver for the Society,

JOSEPH KEAN DEAD

VANCOUVER, B.C., Dec. 31.—(Canadian Press)—Jos. Kean, well known in local newspaper circles and a member of the editorial staff of the Daily Providence died suddenly last night.

JUMPED THROUGH HOOP.

MONTREAL, December 31. Canadian Press. — It is stated in well-informed sporting circles here, according to the Montreal Star, that Eduoard Boucher of Quebec City, tired of the trouble it is causing him to prove that he only accepted money last season for travelling expenses, has finally accepted an offer by Leo Dandurand, manager of the professional Canadien team in the N. H. L., and will play on the line-up of the club against Ottawa in a week from to-night.

HELP RETURNED MEN.

MONTREAL, December 31. Canadian Press. — The tag day held here last Saturday by the unemployed exfighting men's association for the benefit of destitute returned men, realized the sum of $7,263.20, it was announced yesterday. The money is to be used for food for the men and their families.

Municipal bath houses in Montreal and Maisonneauve are, under order of Mayor Motrin, being kept open once a week for membe·s of the association.

OTHER BANKS IMMUME

LONDON, Dec. 31.—(Canadian Press)—The Italian Embassy, in a statement issued yesterday regarding suspension of payments by the Banca Italiana Di Sconto, of Rome, emphasized that no general, but only a partial moratorium had been granted and that the bank's trouble was due to causes not at all affecting other Italian banks which are functioning regularly.

COL. WORSNOP DEAD.

VANCOUVER, B.C., December 31. —Canadian press. — Colonel Chas. A. Worsnop, a prominent citizen and surveyor of customs at this port, died at his home here yesterday. He came to Vancouver in 1887 and was at one time associated with Carter and Coton in the publishing of the News-Advertiser. He was prominent in military matters, being connected with the Sixth Regiment Duke of Connaught's Own Rifles here for years. He was 63 years of age.

COAL MINES CLOSED.

SCRANTON, Pa., December 31.—Canadian Press.—All of the coal mines in this vicinity which shut down recently because of depression in the coal trade, will resume operations on Tuesday. The period they remain in operation depends on the demand for coal, it was announced.

BIG WIRE HOUSE FAILS

NEW ORK, Dec. 31.—(Canadian Press)—Announcement was made yesterday on the floor of the New York Stock Exchange that E. W. Wagner and Company, one of the biggest wire houses in the United States had assigned in favor of creditors. The announcement had little immediate effect on the Stock Market, but some little nervousness in the grain market was attributed to the failure.

E. W. Wagner, president of the F. W. Wagner and Company which suspended business yesterday issued a statement in which he said the company was long on the stocks which were being closed out.

To the Ratepayers of North Monaghan

Ladies and Gentlemen,— Having received the nomination for the office of Reeve for the Township of North Monaghan for the year 1922, I take this means of letting you know that I am in the field. With the previous experience which I have had in your Council, and my familiarity with the municipal conditions of the Township, I feel qualified to undertake the duties of the office. I therefore leave my candidature to the decision of the electors on Monday, Jan. 2nd, 1922. If elected I will do my best to take care of the work of the Township to the best of my judgment and in the best interests of all sections.

Awaiting your decision, I am, yours in the interests of North Monaghan.

DEATH SENTENCE FOR JOHN PARIS

ST. JOHN, N. B., Dec. 31.—(Canadian Press)—"Your are sentenced to hang by the neck until you are dead, within the confines of the county jail in this city and county of St. John on Thursday, March 30, 1922, and may God in his infinite pity have mercy on your soul."

These were the words which greeted John Paris when he stood up yesterday afternoon shortly after five o'clock before Judge W. B. Chandler to receive his sentence for the murder of little Sadie McAuley on the wooded slope leading down to Marble Cove on Tuesday, August 2. He was convicted of the crime on December 2 at his second trial after a session which lasted for ten days. The jury at the first trial disagreed but stood seven to five in favor of conviction.

LANDED HER "WET" CARGO

SKIPPER OF THE "GOLDEN WEST" UNDER ARREST AT BOSTON—AFTER "HIGHER-UPS."

BOSTON, Dec. 31. — (Canadian Press.)—Sixty-five hundred gallons of alcohol from St. Pierre, Miquelon, was landed somewhere on the New England coast from the British schooner Golden West before she was picked up in Massachusetts Bay by the coast guard cutter Acushnet, according to charges made against the captain and crew by the United States Government to-day.

Charged with "unloading and landing" the alcohol, Captain Dennis Amero, skipper of the Golden West ,and one member of the crew, Genara Balsanno, of Boston, were arrested on Federal warrants.

Both pleaded not guilty in Federal Court. Four other members of the crew were detained as material witnesses. In default of bail all six men were sent to East Cambridge jail, to await a hearing on Tuesday next.

Filippo Bruno, of Boston, was arrested later. He was held in default of $10,000 bonds on the same charge as that preferred against Amero and Balsanno. He is not a member of the crew and his connection with the case did not appear to-night.

Federal authorities said to-night that more arrests were expected. They said they were after "the men higher up" in the alleged liquor running project. The ship, under British registry, they said, was purchased in Halifax recently by a former Boston bartender.

Federal officials refused to disclose at what point on the coast they believed the alcohol was landed. They did say, however, that they had word that when the schooner left St. Pierre she carried alcohol valued at $151,500, and that only a small part of this was now aboard the ship, which is tied up to a dock here. The four Nova Scotia seamen held as witnesses are Charles Hewitt, William C. Saunders, Laurie Adams and Harris Hardy.

To the Electors of North Monaghan

Ladies and Gentemen,— Having been nominated for the office of Deputy-Reeve for the year 1922, I would respectfully solicit your vote and influence, and if elected will continue to serve all interests of the Township with the same fidelity as I have served you as Councillor for the past two years.

Yours respectfully,
FRED H. ROWAN.

TO THE ELECTORS OF NORTH MONAGHAN.

For Deputy-Reeve

Ladies and Gentlemen,

Having accepted Nomination for the office of Deputy Reeve for your Township, for the year 1922, I respectfully solicit your Vote and Influence.

I have been a Resident Farmer in the Township all my life, and at the present time one of the largest Taxpayers. Consequently, I am particularly interested in all the Township affairs. My experience as Councillor should qualify me to assume the duties as Deputy Reeve, and if elected, I will give every attention to the business of the Township, to secure careful and economical administration of affairs.

Wishing you all a Very Happy New Year,—I remain,

Yours faithfully,

THE NEW YEAR.

May the New Year be a happy one for all ts readers, is the sincere wish of The Examiner. May Peterborough grow and prosper during 1922, may a more broadly developed community spirit be developed, may the industrial depression pass and work be provided for all, may there be peace in our broad Dominion and throughout the world, may the men who fought be cared for and the memory of their comrades who gave up their lives be kept green, and may the year that opens tomorrow bring with it blessings for all of us.

ONLY FIVE TO BE CHOSEN.

One feature about Monday's election for Aldermen should be thoroughly understood or there will be plenty of spoiled ballots. Only five Aldermen are to be elected, and not six as many people who have got the impression that a successor to Ald. Turner is also to be chosen on Monday seem to imagine. Ald. Turner, who resigned to enter the Mayoralty contest, was elected a year ago and had therefore another year to serve. But the vacancy caused by his resignation must be filled by a man appointed by the Council, and not, as would seem fitting under the circumstances, by a vote of the people. The electors should not make a mistake on this point, only five Aldermen are to be elected on Monday and the question of a successor to Mr. Turner as Alderman does not enter into the contest at all. And, once more, remember that at least four candidates for the Council must be voted for—anything under that number or over five will destroy the legality of the ballot.

HOW TO VOTE.

Although the system has been in force for several years, there still seems to be some doubt as to how many candidatures must be voted for in Monday's election. The chief confusion is over the Council and Board of Education contests. Five men are to be elected for the City Council and the elector may vote for five if he desires, but in any case he must vote for at least four to make his ballot legal. Voting for more than five or under four will result in a lost vote. The regulations for the Board of Education are quite different, for there is no provision against "plumping." Five are to be elected and the voter may register a vote for five, four, three, two or one candidate, just as he sees fit. He is safe unless he votes for more than five, which, of course, would cause his ballot to be cancelled.

These explanations would seem to be superfluous, and yet the fact remains that many citizens are hazy as to the procedure to be followed.

A SHORT-SIGHTED POLICY.

Toronto's boast is that it is the healthiest city of its size so far as infants are concerned, and the official statistics go far to bear out that contention. The activities of its Health Department, backed by the co-operation of the citizens, has brought about this desirable condition of affairs, and one of the most effective factors in the campaign has been the care that is taken to ensure a pure supply of milk and milk products. In this respect the Queen City is much more particular than we are in Peterborough. Not long ago a butter manufacturer, who operates a number of plants in Ontario, was frank enough to state that in one of his plants he was pasteurizing the cream from which he made his butter, because it was to be sent to Toronto and he knew that pasteurization would be necessary for that market. But in another of his creameries butter for sale in Peterborough and other similiar centres was manufactured from unpasteurized cream. In other words, while germ-free, tubercular-free butter was being manufactured for the people of Toronto, packages of butter that might contain tubercular germs were considered good enough for Peterborough and other cities of its size. Fighting the Great White Plague is not made any easier by such disregard of the danger of spreading tubercular germs far and wide.

The most popular winter sport consists in a frantic effort to keep within two jumps of expenses.

SETTING EUROPE TO RIGHTS.

Time, that heals all troubles and assuages all bitterness, is at last extending its benign influence over the war-torn and war-worn continent of Europe. As a result of the recent conferences between the British and French Premiers, it has been arranged to convene another meeting of the Allied Supreme Council, to be held at Cannes, in the French Riviera, early in January. The council will then be asked to extend a general invitation to the interested powers to appoint a commission for the purpose of forming a scheme looking to the rehabilitation of Europe, including Russia. Germany will be included in the representaton, and the United States will also be invited to name a representative on the commission. This is a notable and hopeful step in advance from the days immediately after the war, when the iron had entered too deeply into the soul of the Allies to permit of recognition of Germany on the basis of equality. It has taken a long time and hard experience to enable France to realize that the rehabilitation of Europe cannot be accomplished without the cooperation of all nations and peoples, enemies quite as much as friends. If the French statesmen now are convinced that the restoration of financial stability can only come from the provision of facilities for the general resumption of trade and that real prosperity cannot be created without Germany resuming her place as a world factor, then the way is opened for a great industrial revival.

This does not, of course, mean that Germany is to escape from the just penalties incurred by her action in forcing an aggressive war and by her adhesion to a deliberate policy of frightfulness. Even at that Germany need not have been reduced to her present chaos, and would not, had her Government adopted and pursued proper financial principles. Her system of financing the war was the worst that can possibly be conceived, and even the catastrophe of defeat did not suffice to bring about the necessary reforms. That is why so great doubt is felt regarding German sincerity in the matter of the reparation payments. But it has become very plain that a mere attitude of skepticism and indifference to Germany pleas of poverty will lead nowhere, and far from bringing relief, will simply aggravate a situation that is already intolerable. The first hope and primary necessity for the salvation of Europe lies in the continued close and cordial co-operation of Britain and France. Independent action, without regard to circumstances and consequences, is fraught with peril, and this conviction, apparently, has weighed with Premiers Lloyd George and Briand when they agreed to an international commission to study the question of hehabilitation. Germany must be compelled to pay the reparation instalments, if she can, but above all other factors, the German budget and a genuine and serious effort begun to make its ends meet. Railway subsidies must be stopped, and the German rich must be taxed as Britain has done and is doing. The printing presses must stop flooding the country with all but valueless paper money. Unless Germany is prepared to do this, the allied nations cannot do otherwise than hold that Germany is endeavoring to deceive the Allies by a deliberately planned bankruptcy. — Brockville Reporter and Times.

CROP REPORT

Following is a summary of the reports made by the Agricultural Representatives to the Ontario Department of Agriculture.:

York reports that live stock are in only fair condition, and that a large number will be carried over mainly with roughage owing to the scarcity of grain. Victoria also refers to the number of unfinished cattle that have been marketed lately. On the other hand, Timiskaming says that stock are in generally good condition, and that as there is plenty of rough food they should winter well.

At recent auction sales in North Simcoe cows have been selling at from $25.00 to $35.00. Port Arthur, however, reports a fairly good demand for fresh cows.

Peel says that a local dairy farmer sold a carload of Holstein cows to a Saskatchewan buyer at from $90.00 to $125.00 each, subject to a tuberculin test.

Victoria states that the milk supply has fallen off greatly, and that a number of farmers who last year shipped whole milk to the city are this winter separating.

Hogs are selling at from $9.00 to $10.00 a cwt. Grey reports a large number of hogs coming to market.

North Simcoe says that one man brought in 200 dressed turkeys last week and sold all of them to one buyer at 60 cents a pound.

Prescott and Russell states that egg circles are starting again to ship eggs to the city market to be sold on a graded basis.

Victoria reports that local woollen mills are quoting the price of wool at from 10c to 15c a pound, according to quality.

Dufferin reports that potatoes are being shipped at 80 cents a bag.

Waterloo says that considerable hay is for sale in parts of that county, and that some sales are being made at from $14.00 to $16.00 a ton at the barns. Pressers are charging $3.00 a ton for their work.

Prescott and Russell states that forty cars of hay were shipped from Plantagenet during the last two weeks at from $17.00 to $20.00 a ton.

Grey says that wood is being brought into Markdale at $4.00 a cord, but that prices are higher in Owen Sound. Many secured green wood last year, so that the demand now is not so great.

Fort William states that many farmers are busy in the bush taking out pulpwood and logs. They got an early start this winter, and expect to make a pretty good thing out of handling timber.

There is at present very little demand for farm help. Grey is of the opinion that next year will see a further reduction in wages.

Waterloo states that some farmers are finding it hard with poor returns to keep their married men, and as a result some of them are looking for work.

To the Electors of North Monaghan

Ladies and Gentlemen,—Having been nominated for the office of Reeve, for 1922, I herewith announce my acceptance, and am a candidate for that office. As it is impossible to personally call on you, I take this means of asking your co-operation and vote, to secure my election. I have served as Councillor for two years, and as Deputy-Reeve for two years. I am familiar with the duties of the office, and believe it in the interests of the Ratepayers, that promotion should come from the ranks. The prospect of additional honors through promotion is an incentive for diligent service, during apprenticeship of councllor. The experence obtained should better qualify for additional responsibility. If elected I would assist you to advance the interests of all sections of the township. As a means to this end, in reference to our urban sections, I would recommend the appointment of a commission, in accordanne with recent legislature, through which negotiations for the extension of Utilities such as light, water, sewer connections, etc., may be made with the City Commission, by our Urban residents. I assure my hearty co-operation if elected, and would appreciate the opportunity of carrying to completion, the Brownton Drain.

I consider the interests of all residents of Monaghan would be advanced by Representatives joining with the Peterborough Chamber of Commerce in a Publicity Campaign, endeavouring to secure the location of desirable manufacturing concerns on our many suitable sites, thereby creating employment and developing the home market.

Should you consider me qualified to represent you, I would appreciate the honour, and promise diligent attention to Progressive Economy.

Respectfully wours,

F. E. Wilson

A NEW YEAR'S GREETING.

To all the friends I hold so dear,
I wish a happy, glad New Year,
And pray that Heav'n on them may pour
Blessings of basket, and of store.

The blessing of the Lord, that brings
Riches, to which no sorrow clings;
Long life, with truth, and honor fraught—
Blessings that ne'er were sold or bought.

May peace and harmony abide,
With joy, and mirth, at their fireside;
Abundance at their board abound,
And fortune smile the whole year round.

Still on their path, more bright and clear
May Hope's Star gleam, each passing year,
Be theirs the best, kind Heaven supplies,
Love's dower, and friendships golden ties.

Prosperity, rejoicing shine
On every dear, loved friend of mine,
Is my heart's prayer for every one,
And Heaven at last, when earth is done.

Mr. and Mrs. Harry Reid were the guests of Mr. G. T. Gall, of Keene, on Christmas.

Mr. H. McKay and family visited in Norwood the past week.

A number of the men from this community attended nomination in the Keene Hall on Monday.

Mr. Harry Reid and the Misses Annie and Effie Reid motored to Peterborough on Tuesday last.

Mr. and Mrs. Robert Hope, of Belleville, visited here on Thursday.

Mr. S. Davidson has sufficiently recovered to be able to return to work.

Mrs. F. Kidd and children of Petreborough, are visiting at the home of Mr. J. Pallin.

Mr. and Mrs. H .Borland and Mr. and Mrs. P. Armstrong spent Sunday last in Peterborough.

Mr. J. Rennie spent Sunday at Mr. E. Fife's.

Now that the Keene Rink has opened, quite a number of the young people spend their evenings there.

Epworth League Notes.

The holiday rush being past, to a large extent, the Epworth League held its usual meeting on Tuesday evening. In the absence of Mr. S. Armstrong, Mr. W. Pallin kindly consented to take the topic.

A social afternoon was held on Thursday in view of giving the children a good time. The programme was planned by the ladies of the Epworth League, and consisted of games and contests, after which tea, sandwiches, and cake were served. Some fifteen children and about ten ladies were present, and all reported a good time. The gentlemen were somewhat in the minority, numbering only two.

The usual meeting of the Epworth League will be held on Tuesday evening next.

CONVENTION CONCLUDES TO-DAY.

It is expected that rink No. 8 will be formed in a few days, with Mr. W. T. Wood as skip.

Sunday School Entertainment.

The annual entertainment of St. Thomas' Church Sunday School was held on Thursday evening, and the audience quite filled the Sunday School Hall.

The Rector, Rev. Canon Allen, was chairman, and made a brief opening address. The programme, which was as follows, was given entirely by members of the school:

Chorus—"The Maple Leaf," by all the scholars.

"The Rose Dialogue," by Margaret Spencer, Eloise Lamb, Margaret Russell, Mary and Marjorie Vance, Kate Shaw, and Helen McCorry.

Song, "He Loves Me Too," by Dorothy Conliffe.

"Harmony Band," by Peter Leach, George and Henry Gray, Selby, Tom and George Spencer, Teddy Budd, Cameron Vance and Vincent Sanders.

Dialogue, "Why Santa Comes in December," by Celia Freeman, Pearl Lamb, Alixe Spencer, Margaret and Martha Lang, Betty O'Brien, Burton, Lynden and Elizabeth Russell, Piercy Pitt, Alice Taylor, Audrey Leach, Vera Weeks, Hector White, Ernest Cullum, and Allen Pitt.

"Christmas Conundrums," by Eloise Lamb, Kathleen White, M. Spencer, M. Russell, K. Shaw, H. McCorry, Mary and Marjorie Vance.

Drill, "Our Nation's Flag," by Kingsley White, Henry Gray, Burton Russell, Teddy Budd, Ernest Lamb, Tom and Selby Spencer, Kenneth Donnelly and Gerald Raper.

At the close of this drill, the boys who are members of Miss Lillie Clark's class, presented Mrs. (Canon) Allen with a beautiful bouquet of flowers, and the latter, in a few well-chosen words, thanked them for their kind remembrance.

The Rector then gave out the prizes to the younger scholars of the school, and Mr. William Budd, the caretaker, was remembered with a special gift, and Mrs. Allen also gave him one of her flowers.

A play, "Maidens All Forlorn," was the concluding number on the programme, those taking part being Misses Elsie Weeks, Pearl and Irene Lamb, Thelma and Hilda Spencer.

Mrs. Allen presided at the piano during the evening, and the singing of God Save the King brought the entertainment to a close.

Death Was a Shock.

The late Mrs. William J. Jones, whose sudden death from heart failure, on Christmas Sunday, while spending the holiday with her daughter, Mrs. Austin Sutton, came as a great shock to her relatives and friends, was born in Kendal sixty-three years ago. The deceased, whose maiden name was Fanny Elizabeth McMillan, was one of a family of four girls and one brother, the latter, Mr. John McMillan, of Kendal, being the only surviving member of that family.

After her marriage to Mr. William J. Jones, which took place 25 years ago, they resided on the latter's farm in Hope Township, a few miles from Elizabethville. Two children, Mrs. George Fallis and Mrs. Austin Sutton, both of Fallis Line, survive their mother, and with the bereaved husband mourn the loss of one whose loveable disposition and devoted Christian character endeared her to all her relatives, and won for her a large circle of friends. The funeral, which took place on Wednesday, December 28th, to Gardiner's Cemetery, was largely attended the services being in charge of Rev. S. T. Tucker. The pall-bearers were Mr. Elias Jones, of Kendal, a cousin of the deceased, Mr. John Davidson of Millbrook, who is a brother-in-law, and Messrs. W. Ward, A. J. Henderson, . Aiken and A. J. Fallis.

Some of the relatives from outside points who attended the funeral were: Mr. J. F. McMillan of Cobourg, Mr. and Mrs. J. McMillan of Port Hope, Mr. and Mrs. Chas. Calvert, and Mr. and Mrs. Little of Reaboro; Mr. and Mrs. Thos. Ingram of Millbrook, Mr. John and Miss Lucille McMillan of Kendal; Mrs. Davidson of Fleetwood. Mr. and Mrs. Armstrong of Kendal, Mr. and Mrs. Thos. Eakins of Manvers Station, and Col. and Mrs. Sutton, of Cobourg.

It is Mr. Jones' present intention to have a sale as soon as possible, and dispose of his household furniture, stock, agricultural implements, etc., and either sell or rent his farm, making his future home with his daughters who live on adjoining farms.

Attended Concert.

A few of those who were in attendance at Thursday evening's concert were: Rev. and Mrs. Canon Allen, Rev. and Mrs. C. R. Spencer, Mr. and Mrs. J. A. Vance, Mr. and Mrs. H. Thomas, Mr. and Mrs. F. Weeks, Mr. and Mrs. H. Russell, Mrs H. Mulligan, Mrs. C. McNeil, Mrs. W. Cathcart, Mrs. J. C. Kells, Mrs. W. F. Russell, Mrs. George Raper, Mrs. J. R. Eakins, Mrs. E. Whyte, Mrs. T. Lang, Mrs. J. Personals.

Mr. Laurence Alcorn of Peterborough is visiting his brother, Mr. Frank Alcorn this week.

Miss Nancy White of Port Hope, is visiting at the home of her grandmother, Mrs. A. Wood.

Mr. William Goheen, of Pontypool, was a business visitor in town on Friday.

With the aid of the fire engine, the boys succeeded in flooding their open-air hockey rink on Thursday and hope soon to have it in condition for use.

Mr. and Mrs. Suttle Pritchard were recently given a surprise party at their home on the 4th Line, Cavan, and presented with an address and a beautiful chair. Their many friends took this way of expressing their hearty good wishes that prosperity and happiness might attend the newly-wedded couple throughout their married life. A pleasant social evening was enjoyed before the gathering dispersed.

Mr. and Mrs. A. Larmer, of Oshawa, spent a few days this week with friends in Millbrook and Baileboro.

Miss Audrey Lacheur, of Peterborough, is the guest of her aunt, Miss Alice Stewart, this week.

Christmas Festivities at St. John's Schoolhouse

A Visit From Santa Claus--Very Successful Entertainment

"House full," "standing room only," was the order of the day —or rather night—last evening in the Parish Hall of the church of St. John the Evangelist. The occasion was the annual Christmas Festival of the pupils of the Upper, or Senior, Sunday school attached to the Parish church. The room was filled with happy youngsters, some of their teachers and many friends. The treat, to the infant, or primary, scholars, takes place on a later date.

And a happy, joyous throng they were who were taking part—either active or passive—in last night's entertainment, and right well they seemed to enjoy themselves, bless their dear, young hearts. It really did the older members present good to see their happy faces and smiles. The worries and cares of this life had no place with them. They were like the young bears of the story:—all their troubles are yet to come. Oh, it is good to be young.

The hall had been suitably decorated, was well lighted, and on the stage two big Christmas trees, laded with presents, were very much in evidence.

A lengthy programme had been prepared, which was faithfully carried out, and in addition there were a genial Vicar, Dr. Blagrave, and the few remarks from the energetic and Superintendent, Mr. Edgar.

As the numbers were given by children, it might be invidious to mention names of those who were, perhaps, more shining stars than others. Suffice it to say they all did their best, and a very good best it was, too. Were I to select any names for special mention it might cause some jealousy—a vice to be depored at all times, but more especially at the happy, festal time of Christmas, the whole teaching of which is love, joy and good will, the wiping out of old, and often imaginary, sores, and the determination not to start or inflict any new ones. One may say that the dancing of the demoiselles Barbara and Betty Massey-Cooke was good and was thoroughly appreciated, as, indeed, were all the events.

Just before the conclusion of Part 1 of the Programme, a messenger boy appeared on the stage, handing a telegram to Dr. Blagrave, who, on reading it, announcsed that it was handed in at Lakefield and stated that Santa Claus wonld be in St .John's Parish Hall in ten minutes. Probably he was coming by aeroplane instead of in his old, time-honoured sleigh.

The venerable Santa Claus (Mr. Hendrie) had no cause to complain as to his reception at St. John's, for as he stumbled on the stage, under his heavy pack, the audience arose en masse and sang a verse and chorus of "For he's a jolly good fellow" as a welcome to him.

In due course—old Santa having arrived—the fun began in real earnest. For scores and scores of presents were stripped from the two big trees and were presented by old Santa himself.

Item No. 5 on the programme, given by the boys of St. John's choir, was well received, as it should be, for it was well done.

In the final chorus, the stage was partially darkened and the "house" lights were lowered, the star of the east, or the star of Bethlehem (illuminated) being borne to the centre of the stage. Around this a number of children grouped, singing Adeste Fideles (Oh come all ye faithful), the effect of which was very good.

The following was the programme submitted:

Programme.

Part I.

Carol, Sweetly Carol.

Opening Chorns, "I Guess I Know Old Santa Claus"—By the boys and girls.

Recitation, "Mother's World" — Gwendolyn Sorby.

Piano Solo, "The Merry Peasant" —Kathleen Lang.

Recitation—Dorothy Townsend.

Dance—Barbara Cooke.

Recitation, "The Lament of a Little Girl"—Kathleen Lang.

Piano Solo—Margaret Denne.

Recitation—Florence Dooley.

Chorus, When Days Are Short—By the boys and girls.

A song by Santa and distribution of gifts.

Closing Chorus, "Christmas Hymns—By the girls and boys.

The audience is asked to join in the Adeste Fideles.

God Save the King.

The programme, which opened at 7.30, lasted two hours, and everyone present seemd well pleased with the bill of fare placed before them.

Much credit is due to those to had devoted no little time to the general arrangements and the preparation and rehearsal of the programme. The whole thing had been well thought out and carried out. Mrs. Bingham had charge of the musical portion and the stage management, and it is needless to say that in such hands it was effectively carried out. Miss Muriel Bridge very ably acted as pianiste and accompanist. We shall hear more of this young lady.

DROWNED IN TANK.

TORONTO, December 31 (Canadian Press). — John G. Richards, 16 years of age, was drowned in the swimming tank of the Central Y.M. C.A., last night. He entered the tank when the swimming instructor was absent, and it is not known whether he was injured in diving or if he was taken ill. When the instructor returned he found the boy dead in the tank.

THE LUCKLESS DUCK AND THE HEN AGAIN

Said the Little Puddle Duck to the Little Red Hen, "I haven't sold an egg since I don't know when. Business for me is a losing game, but you seem prosperous just the same."

Said the Little Red Hen to the Little Puddle Duck, "Business isn't always a matter of luck. You work as hard and produce a line of eggs that are really as good as mine. Your merchandizing methods you need to revise. If you want to be successful you must advertise. Don't wait for buyers to hunt for you, but tell your story, the way I do. When you produce an egg you just waddle away, but I spread the news all the rest of the day and that, I believe, is the reason men prefer my eggs," said the Little Red Hen.—Stolen.

When ivory ornaments become yellow or cloudy wash them well in soap and water with a small brush to clean the carvings. Then place them while wet in the sunshine. Wet them with soapy water for two or three days, still keeping them in the sunshine. Then wash again and they will be perfectly white.

MILK IS THE REAL ELIXIR OF HEALTH

The Staff of Life For the Young

The Prolonger of Days For the Old

The fact that Milk is the carefully selected and distilled life essence of the mother tissue makes it a sole food for Babies during the first five or six months of life. The mother melts down and dissolves the food of her own body into a life-giving liquid food for the young.

The sacred words may be pronounced over Milk, with all reverence: "Take, eat, this is my body."

Certain it is that, whether human or Holstein, clean, healthy Milk fills the bill. Milk is a miraculous food. Such a gift to the poor and needy at this season will bring blessings to the benefactor as well as to the benefited.

New and Interesting Facts from Science and Life

To RUN the WORLD with WIRELESS WAVES

Airplanes, Automobiles, Trains and Ships Propelled Without Fuel Is the Modern Miracle of the Radio.

WITH the radio, nothing is impossible!

This is the assurance given to the world by scientists who are constantly experimenting with the mysteries of wireless waves. And as to the transmission of power they point to airplanes, automobiles, trains and ships sent speeding through air and over land and water without the aid of fuel; factories in spotless towns drawing their power out of the very air; farm implements operated by distant waterfalls—these may seem to be incredible things—miracles!

But forward-looking experimenters with radio do not deem these things to be impossible. Fifteen, even ten, years ago, a man whose every statement was qualified by editorial warnings to the effect that he was a dreamer, prophesied a score of wireless miracles, and one by one they have become realities. Scientists today declare that "what has been done by electricity will be as nothing when compared with what the future has in store for the development of the radio." And only the other day this or that specific thing which was predicted came to be tested and approved and put to the service of man.

"The present limitations in the transmission of power by wireless," Nicola Tesla says, "will be overcome, in two ways—through the adaptation of underground conductors insulated by power, and through the introduction of the wireless art."

Hooper, "the father of navy wireless"; Culver, hitherto the head of air service radio and now of the War College, experts in the Bureau of Standards, in the Signal Corps, in the Patent Office, take as commonplace, now, things that seem to be miracles.

Power is transmitted even now by radio, but is not transmitted efficiently enough to warrant commercial exploitation. "It is perfectly simple," scientists say, "to control power by wireless. It would be easy to set all the clocks of a a radio message across the Atlantic, and you realize the absurdity of saying that this or that will not come to pass. And when we can transmit power in quantity by wireless everything in the world of power and locomotion will be changed."

"We'll be able to run anything," another added. "Vibrations in ether pervade the thickest stone walls. Messages have been received in the lowest levels of deep mines. You can imagine whole communities working to the tune of wireless waves."

"Waves in the ether," another goes on, "mean everything to life on this planet. Waves in ether, the medium that is assumed to pervade all space, even though it is occupied by matter, activate the world. Among waves whose lengths are shorter than sixty-five thousandths of an inch are those to which are due photography and the marvelous results of the X-ray. Longer waves, up to about double this length, are visible to the eye and are called light. Still longer waves we detect by feeling, and they are known as heat. Similar waves ranging in length from one hundred to eighty thousand feet, produced by electrical means, are the ether waves that are utilized by, and render possible, the wireless telegraphy and telephony of today. We don't know actually what these waves are. We don't know what electricity is, or sound, or light. We do know certain laws in accordance with which ether waves operate, and that certain things will result when we do certain things with these phenomena. It is precisely the same with reference to the transmission of power by wireless. We think we will find laws by which we can make wireless transmit power in quantity."

Every time a wireless message is sent, as Ronald Wilhelm points out in the Illustrated World, power is transmitted—enough power to activate a receiving instrument. It is known that the power transmitted is proportionately greater when the distances are diminished. Accordingly, in order to increase the range of radio, in other words to increase its power, inventions calculated to increase its efficiency are in order. Consequently, though most inventors are thinking in terms of communication rather than power, there are a thousand and one experts at work on the tremendous problem of transmitting power by wireless.

Mr. Wilhelm says that, although he is not privileged to tell all that he is informed is going on behind the scenes in Washington, it is common knowledge that some definite trends of experimentation are in order. One result is that high-power stations, by using improved sending and receiving apparatus, have been able steadily to increase transmitting power.

It is explained that wireless waves are like the waves created by disturbance of the surface of a pool. They spread in all directions. "But," as one expert explains, "when they can be confined to a range of five degrees or so, results better from 10 to 30 per cent. in efficiency can be secured."

When wireless waves are concentrated by any device, the road to transmission of high power is in order. "Wired wireless," wireless dots and dashes and telephonic messages sent along wires bearing high or low currents, is a good illustration. The American Telephone and Telegraph Company is now regularly using wired wireless on some of its principal lines and getting five or six times more use from those lines than ever before.

Wireless, in short, heretofore has progressed in two phases—that of communication and that of control, such as the direction of the manless battleship "Iowa," and the direction of aerial torpedoes and planes.

Increasing efficiency in these fields leads the scientist to the inevitable field of transmission of power. When that field is conquered, and experts believe it will be conquered, the world will doubtless be in large measure run by wireless.

All means of mechanical locomotion will then be supplied, perhaps, with power by radio. Airplanes, automobiles, trains and ships will be driven by radio. And then, if one is willing to let the imagination run, farms, mines, factories, will perhaps work industriously to the pulse of miraculous ether waves.

Why an Ill Temper Is Very Often Due to Poor Ventilation

HALF the ill-temper in the world is ascribed to poor ventilation by a Michigan Public Health Bulletin. Think of your own case. Let the office or the house or the school room become close and "stuffy" and immediately there follows a feeling of depression. As the lungs are denied fresh air, the blood is deprived of oxygen, the purifying agency, the nerve centres are depressed in their turn and you suddenly find yourself in an irritable, peevish humor, without apparent explanation for it. Ask any teacher—"Which is the most trying time of the day?" and she will tell you "The last hour."

Which hours are hardest at the office?—the last ones, of course. Not necessarily because they mean the culmination of the day's efforts, but because the windows have been kept down and the steam turned on until the air has become hot, dry and parched. Then follows, in due turn, this depression and with it, irritability. People whose occupations keep them out of doors are more even tempered and genial, as a class, than "shut-ins."

In industries of all sorts there is constant striving for scientific efficiency. It would be well for employers, and also for employes, if a proper system of ventilation were made sure of wherever any considerable number of people are at work. Without a supply of fresh air it is impossible to bring about the maximum physical efficiency of the individual worker. So much for the workshops.

The conditions in your home are equally worth watching. Many a housewife who feels nervously exhausted would find that a few minutes exercise in fresh air would prevent a nervous headache. A temperature of 65 degs. Fahrenheit where the air is fresh is far healthier and more acceptable to the normal young or middle-aged individual than a temperature of 70 or more degrees in a vitiated atmosphere.

As a preventive, fresh air is of the greatest value.

Over-heated, ill-ventilated rooms, offices, cars, etc., are predisposing agencies to both colds and pneumonia.

DISEASES That Are MADE by MAN

MANY of the diseases that afflict man may almost be said to be made by him, says United States Public Health Service, for they are spread almost altogether by his disregard of the simplest rules of sanitary living.

Typhoid fever, for instance, is spread by the contamination of water, milk and food by human filth which has been run into rivers or wells or left exposed for flies to carry to the kitchen or dining room, or which, even more disgustingly, is carried to food directly from soiled hands.

Hookworm disease and other intestinal diseases are spread, to some extent at least, by the states which allow road-building gangs to work under conditions which too often compel them to scatter pollution to be carried by flies to their own kitchens or to be ground into the soil to be picked up by the bare feet of children. Practically all hookworm disease is due to soil pollution.

Malaria, too, is often spread by the ignorance and carelessness with which mosquito-breeding places are created or disregarded. Borrow-pits, dug to obtain stone for road work and other needs and left to fill with water, furnish homes for thousands of wigglers; culverts improperly placed produce pools that are equally prolific; ditches that are clogged and never cleared out are popular and populous; railroad and other embankments that stop or check the flow of water create conditions that are ideal—from the mosquito point of view.

Dr. T. F. Abercrombie, health officer of Georgia, has suggested that the convict and other gangs which work along the roads be required to fill up borrow-pits, place culverts properly, clean ditches, and attend to other small but important details that any man can do and that will deprive the mosquito of many of her breeding places.

To accomplish this along the roads is more important than it may seem, for a misquito hatched at the roadside does not have to wander in search of food: all she has to do is to wait for food to come to her. Moreover, if she is of the anopheline species, which spreads malaria, she has excellent chances both to acquire the malaria germs and to pass them along. Until she bites someone who has the disease, her bite, though no more pleasant than that of any other mosquito, is not more dangerous. But a single malaria patient, driving along a ditch-bordered, mosquito-infested roads, may provide hundreds of the insects with germs which they may pass on to every traveler along that road.

Dr. Abercrombie, by making the roads of Georgia safe for man, may materially reduce the malaria hazard of the state, and, according to the Public Health Service, his example deserves to be followed.

HOW the SEA BECAME SALTY

SEA water contains an enormous amount of mineral salts, no less than about 3.5 per cent. If the ocean were entirely evaporated the amount of salt left behind would be sufficient to cover the entire earth with a layer 60 metres deep. It used to be thought that the salt in the ocean was dissolved out of the rocks forming the continents by rain water and carried down to the sea by the rivers.

A writer in The Scientific American explains why this theory is not tenable for various reasons. For one thing the salts contained in solution in the water of streams contain about 80 per cent. of calcium carbonate and only 7 per cent. of compounds containing chloride, whereas 89 per cent. of the mineral compounds contained in ocean water consists of sea salt. Furthermore, when rivers are cut off so as to form landlocked lakes which afterward dry out, the stratified layers of mineral salts which are formed differ in composition from sea salt.

Modern geologists, therefore, according to a French authority, consider the salinity of the ocean as an original instead of a derived condition. Suess has a theory that the mineral compounds found in the ocean water today proceed from the volcanic eruptions which took place in the early stages of the formation of the earth. Whenever such a volcanic eruption takes place in the present time water vapor, carbon dioxide and gaseous compounds containing chlorine and sulphur are ejected into the atmosphere and are finally brought down to the ocean by means of rain. After each eruption of Vesuvius the crater is found to be covered with a gleaming white crust of sea salt; while the volcanoes of South America throw out enormous quantities of hydrochloric acid, the Puraci alone being estimated to eject 30,000 kg. of this compound. This volcanic activity is confined to only a few points upon the globe in the present era, but it must have been very general in those primeval times before organic life existed upon the earth. It was then that the internal gases broke through the crust bringing with them the vast amount of chlorides which are found today in sea water.

How NATURE SWATS the FLY

EVEN if the common house fly does survive the summer months by escaping the swatter, it faces sure death with the coming of cold weather. Nature's own very effective method of killing off the survivors of this summer pest is thus described by I. Foster Moore, a scientific writer:

"As the cool days of autumn begin to make us think that the morning ablutions are getting to be more or less of a nuisance," says Mr. Moore, "you will notice, now and again, house flies on the window panes, walls, or any convenient place which they have chosen for their demise. Your probable conclusion on such an occasion would be that the poor thing had been overcome by the autumn chill, but such is not the case, for Musca domestica died of Empusa musae (sounds bad enough to kill anything). If you should examine domestica, beg pardon, the fly, closely, you would notice that the body was slightly enlarged, having somewhat the color of yeast and something of its consistency; also the filaments of this yeast-like substance have glued the fly to its resting place. Empusa musae is a fungus which attacks flies from early in the fall until winter finishes the job. This section is very favorable to the fungus disease of the house fly, as moisture in the air causes rapid development of the hyphal bodies, as the fungus fragments that fill the body of the fly are called. The fly is attacked by floating spores, which attach themselves to it and throw out a thread which enters the body and, by budding and division, as in the lower protozoa, eventually fill the victim with the growth, feeding on the softer parts until death ensues. The local government board on public health and medical subjects of the City of London started a campaign under the direction of Dr. Julius Bernstein for a detailed study of this fungus and an attempt to cultivate the spores by artificial means, hoping to use it in the destruction of the house fly on a large scale. It is probable that all insects have some fungus growth which attacks and kills them, and the entomologists have already studied and named many of them which attack many different species. So the next time you find an embalmed fly you will know what ails him. Meanwhile, the fungus goes on performing a duty which commands universal gratitude."

How the MORAL CENTRE of the BRAIN Was DISCOVERED

ACCORDING to Dr. William Browning of Brooklyn borough, New York city, the brain has a moral centre just as it has centres of vision, hearing, tasting, etc. Dr. Browning locates this moral centre in the centre of the right frontal lobe of the brain if the person is right-handed, in the left lobe if he is left-handed, and in the deep seated region of the cortex or outer layers of gray matter.

Dr. Browning publishes in The Medical Record the detailed histories of ten cases of persons who had no morals, that is to say, they had committed some grave infraction of the moral law, or were cruel, generally "bad," without a sense of responsibility, lacking in honor, the proprieties, etc., in short, vicious. In every case there had been some injury to the skull at or about the point named, either at birth or as the result of an accident.

Dr. Browning does not define the precise spot of this moral centre, but contents himself with saying it is in the right frontal lobe, and probably about the centre of its three convolutions. This means that it is well up on the forehead, about two inches above the eye. It is always on the silent or recessive side of the brain, which means the side that occupies itself least with the normal actions of the body; as the nerves cross over in the base of the brain, this is the right side in right-handed persons, and vice versa.

From a study of the ten cases related by Dr. Browning it appears that this moral centre of the brain is of the inhibition type rather than the active. Thus lying and forgery, for instance, are actions executed by centres in the left or dominant hemisphere of the brain and can be done perfectly after an injury to the right frontal lobe. Therefore the primary source of the impulse of lying and forging does not reside in the right lobe, but only the power of controlling or restraining these acts for moral purposes. And when the right frontal lobe is injured, the control of restraint no longer exists.

Surgery may cure many of these cases by an operation that relieves the pressure of a dented skull on the brain.

Electric Pneumonia Jacket

ELECTRIC heating pads, which take the place of hot-water bags, are sometimes increased in area until they really form an electrically heated blanket. This is all in the line of expansion, and now there has been invented a jacket, heated by the electric current, and offered to sufferers from pneumonia.

The resistance or heating wire of this device, as described in Practical Electrics, is of fine gauge alloy, wound spirally with asbestos insulation. It is woven into the body of the jacket, and is distributed so as to give local warmth in the most important regions of the body. A thermostat regulates the temperature within 100 degs.

The Heating Wire of the Pneumonia Jacket Insulated with Asbestos and Woven Into the Body of the Garment.

This substitute for the simple lined jack for conserving the bodily temperature, goes step or more in advance of old-fashioned clothi If it could be introduced in everyday life, o would no longer have to buy a winter overco A compact storage battery may yet be devis which will be light enough to bring the electri overcoat to the front. The jacket illustrat certainly seems an interesting and suggesti development. If the current is too strong a gives too much heat, the sufferer will kn "watts" the matter with him.

Brilliant GREEN DYE Made from CORN COBS

SCIENCE has found a way of ultilizing all the corn cobs, short or long, in the manufacture of various chemicals. Formerly the only use for the lowly cob was to feed the furnace or to provide fuel for the cook stove. Only a part of the output could be used in this way, however, and the chemists have found that with the millions of bushels of corn which must be shelled in this country there are many tons of cob which can be made to serve commerce and industry.

How far this method of conservation has gone is described in the Journal of Industrial and Engineering Chemistry by Mr. F. B. LaForge of the bureau of chemistry, Washington, D. C. As the corn cob consists mostly of cellulose, which is valuable for the making of many products, such as celluloid and paper, it is considered desirable to save the substance of the cob. The furfural, therefore, is taken from the extract which is obtained by boiling the cob in water, and the cellulose can thus be kept for other purposes.

Mr. LaForge gives careful directions to his fellow-chemists as to the method of obtaining furfural from the cob. This liquid is employed for many purposes in industrial chemistry, and can be so treated that it will yield a bright green dye, which is much liked by women of fashion.

"If it is desired merely to prepare furfural," continues the author, "and not to save the cellulose, the process could be made continuous from the start. It should be emphasized, however, that the cellulose may have as great a value as the furfural in technical operations, and it is of great importance to preserve it from injury by overheating. From corn cobs, valuable glues and adhesives may also be prepared."

Poisonous Oil of Chenopodium

THERE has been much discussion in medical literature as to the occasional poisonous effects of oil of chenopodium, or oil of wormseed, which is used in the treatment of hookworm and of roundworm.

Some experiments to determine accurately the resistance of various animals to such effects have recently been reported by Messrs. W. Salant and E. K. Nelson. The toxicity of this substance was found to be distinctly increased in starvation and decreased by feeding a rich carbohydrate diet.

Cumulative effects were observed in different animals. Circulation and respiration were depressed. The writers conclude that oil of chenopodium should be given with great care, as it is poisonous even in small doses.

THE TARIFF MAKERS ARE ON THE JOB

REDRAFTING OF PERMANENT TARIFF BILL WILL BE UNDERTAKEN BY THE UNITED STATES SENATE

WASHINGTON, Dec. 31.—(Canadian Press).—Senate tariff makers plan to start next week the redrafting of the so-called permanent tariff bill, passed by the House last spring. Their aim is to have the measure ready for the Senate by early February, but, because of the great task involved in passing on the more than 100,000 items in the bill, this hope may not be realized.

The first task before the Finance Committee is a decision as to the adoption of a straight-cut United States valuation plan of assessing duties, or the substitution of a plan similar to that outlined by President Harding in his message to Congress early this month. Most members of the committee apparently are agreed that some special arrangement will have to be made if the measure to be drawn is to afford real protection to United States industries from the cheap producing countries in Central Europe.

Hearings on the tariff virtually were closed yesterday, though on January 9, representatives of the Southern Tariff Association will appear. Lumber and dairy products were the principal subjects discussed yesterday, the lumber hearings being marked by charges by Robert B. Allen, of Seattle, speaking for the West Coast Lumber Manufacturers' Association that "a Canadian lobby" in Washington was fostering "an insidious propaganda" against the proposed duty of 50 cents a thousand on shingles and the provision of the Fordney Bill, giving the President authority to impose a duty on lumber if countries now taxing United States lumber imports decline to remove that tax.

Mr. Allen supported these provisions, while they were opposed by Donald D. Conn, of Minneapolis, for the Western Pine Manufacturers' Association; Harrison Hatton, for the North-Western Lumbermen's Association, and other witnesses.

A duty of ten cents a pound on butter in place of the proposed eight cents, with a corresponding tax on other dairy products brought into this country, was urged by R. W. Balderson, of Philadelphia, secretary of the Inter-State Milk Producers' Association, and A. M. Loomis, of Washington, who said he represented the National Dairy Union and the National Grange.

Donald D. Conn, of Minneapolis, who said he represented the Western Pine Manufacturers' Association, told the committee that if there was any "Canadian lobby" in Washington, "I am it." He said the people he represented had only very slight interests in Canada as compared to their interests in the United States. He opposed a duty on shingles, and also the provision making possible a retaliatory tariff against Canada.

Mr. Conn contended that since lumber could be produced in the United States at a lower cost than in Canada, a tariff by Canada was necessary.

ROSS HAMILTON, "DUMBELLS"
At the Grand, Next Friday and Saturday

KING PETER OF SERBIA DIED A POOR MAN.

Interesting Details of "Grand Old Man of Europe."

BELGRADE, Dec. 31.—(Associated Press).—Interesting details have come to light respecting the late King Peter, Serbia's venerable ruler and the "grand old man" of Europe, who passed away in this city a short time ago.

During his last illness the King asked frequently for his son Alexander, who found it impossible to be with him because of his own serious illness in Paris. He was much attached to the Prince Regent and referred to him as "my little Aleck." He had the fullest confidence in him and during the last years of his life left the affairs of the state entirely in his hands.

He had been especially anxious that his son should marry Princess Olga, daughter of the Czar of Russia, but whatever prospect there was for the match disappeared in the murder of the beautiful Princess by the Bolsheviki.

King Died Poor.

The King died a poor man. Whatever personal possessions he had were lost during the tragic retreat to Corfu in the grim days of 1915 when the German hordes overran the little Slav state. When the correspondent asked one of the late monarch's old friends if the King had left any legacies, he replied: "Yes, a wooden trunk, a bedstead, a few ikons, a great character and an undying memory."

In the years preceding his ill-health it was one of the King's most cherished hopes that he might visit America. He was a great admirer of the energy, industry and capacity of the people of the United States. He felt that Serbia owed a great deal to America for its championship of the rights of the smaller nations, and especially for its support of Jugoslavia's claims at the Paris Peace Conference. The aged sovereign held former President Wilson in high esteem.

Simple in Tastes.

Throughout his 77 years King Peter was ultra-democratic and simple in his tastes. He disliked ceremony and had a contempt for flattery and compliments. He insisted that his meals consist of only one dish. All his servants were peasant soldiers. His home in Belgrade was plain to the point of rudeness. When well, he always attended personally to the gardens and the poultry.

Like most Slavs, he was extremely superstitious. He considered the number "13" fatal and would never begin a project on Friday. When asked to explain his superstition, he pointed out that if the numerals in each of the great years of Serbia's destiny were counted up, they would total "13" in each case. The King felt sure he was going to die in 1921, because the numerals 1, 9, 2, 1 totalled "13." His prediction came true.

GOLDEN JUBILEE OF TRINITY CHURCH

Tomorrow the first of a series of services extending through the month of January will be held in Trinity Church to celebrate the 50th year of the history of the congregation. In 1872, during the ministry of the Rev. Charles Fish, the first steps were taken toward the organization of the church so long known as the Charlotte Street Methodist Church, and now known as Trinity Church. The half century of the history of this cause has witnessed almost unbroken progress and prosperity, and today the membership numbers 850 and the congregation worships in one of the most beautiful ecclesiastical edifices in Canada.

Several former pastors will preach during the month, including Rev. Samuel P. Rose, M.A., D.D., of Montreal, who was the first pastor of the church; Rev. F. H. Wallace, M.A., D.D., of Toronto, and Rev. J. P. Wilson, B.A., D.D., and Rev. H. M. Manning. On the last Sunday of the month Bishop William Quayle of St Louis, Missouri, will be the speaker. He will also give his famous lecture on "The Tragedy of Greatness" on Saturday evening, January 28th.

Souvenir programmes of these services will be given out at the services tomorrow. Every member of the congregation is expected to be present at these opening services, which will be conducted by the pastor, who will be assisted at the morning service by Rev. P. H. Neville. There will be special music by the choir. Visitors are cordially welcome.

Hospital for Sick Children

COLLEGE ST., TORONTO.

Through Support of Public, Ontario Maintains Greatest Children's Hospital on This Continent.

Dear Mr. Editor:—

Nowadays people look ahead more than they used to. They realize, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the ligh of medical science into the uttermost corners of the province.

The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers.

You probably saw a Quebec despatch deploring the great infant mortality in that province. One great factor which gives the Ontario born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be pallid of cheek or crooked of limbs, is helped over the rough spots of infancy and adolescence by this same Hospital. Here are the average day's figures of 1921 attendance:—

Cot patients	268
Other patients	158
Total	426

During the year the Hospita actudlly saves the lives of score upon scores of children. It restore health or straightens limbs for hundreds more. Every contributor to th Hospital funds is a shareholder i an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes

Remember, however, that ever child to whom the Hospital's door are opened—and none are refused adds something to the financial burden which the GREAT MOTHER CHARITY has to carry. But it ha never defaulted on its dividends which are paid not in money but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of mercy costs fifty cents, and the clock in the treasurer's ofice is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours.

J. ROBINSON TRUSTEE FOR WARSAW. SCHOOL

WARSAW, Dec. 31.—The annual meeting of the ratepayers of Warsaw school section was held in the school on Wednesday at 1 p.m., when there was a larger atendance than usual. Mr. John Rose was appointed chairman and Mr. James Hawthorne secretary.

Mr. Wm. Hawthorne, the retiring trustee, not wishing to serve another term, Mr. James Robinson was elected in his place.

The report of the delegate to the Trustees' and Ratepayers' Association was submitted. There also transpired a short discussion on costs and equipment of a better school. A strong plea was made for an improved school with a continuation class when a new school is decided on. It seemed to be the idea that it would be better to wait a little and secure the best possible. At the same time, a few years later the government grants may not be so generous, some urged.

Horrockses' English Cottons

At Lowest Prices in Many Years

In every branch of endeavor there are always some who excell. In the manufacture of Cottons it is the firm of "Horrockses" who stand our pre-eminently. Their reputation is well deserved, and we will prove it conclusively anytime you care to visit our Staple Goods Department and examine the many fine pieces of Cotton goods from the looms of their English mills.

"Horrockses" Cambric and Longcloth, 39c Yard

An extra heavy fabric woven with a round thread. Suitable for pillow cases or for any general purpose for which a good weighty cotton is required. The width is 36 inches. A former 60c value.

Another Cambric and Longcloth with a finer thread is 36 inches wide and comes at 44c yard.

"Horrockses" 47c Longcloth

A cotton entirely free from dressing and woven with a firm even thread. It is so fine and soft that we recommend it for children's undergarments. The width is 36 inches.

"Horrockses" India Longcloth, 57c Yard

In this one you will find a fineness and firmness to become enthusiastic about. It is free from filling and the finish is silky-like as though it were mercerized. A former 90c value.

"Horrockses" Nainsook, 69c

Only a little while ago cotton by this same maker and this very same grade sold at $1.25 yard. It is certainly wondrously soft and fine and very firm for such a fine weave. A silk-like finish that makes it even more desirable for undergarments.

"Horrockses" Pillow Cotton, 69c Yard

A good round thread Cotton possessed with remarkable qualities of endurance. It has weight and there is no dressing. Choice of 40 or 42 inch widths. The former prices were $1.00 and $1.15.

"Horrockses" 65c India Longcloth

It is finely woven. No one could demand anything finer or softer for underwear purposes. Those who have tried tell us it is ideal for crochet work. A former 98c value. The width is 36 inches.

"Horrockses" Pillow Cotton, 85c Yard

A super-fine round thread Cotton in 40 and 42-inch widths. The 85c price takes us back several years to find its parallel. Former $1.25 and $1.35 values.

"Horrockses" Sheetings, 89c Yard

A double bed Sheeting woven with a stout thread. Made for long hard wear. It is 72 inches wide. This is the lowest price on "Horrockses" Sheeting in three years.

The same grade in extra double bed size, 80 inches wide, is 98c yard.

"Horrockses" Double Bed Sheeting at $1.10 Yard

It's extra fine, extra wide and extra good value. A medium weight, but firm and strong and easy to launder. The exact width is 80 inches.

"Horrockses" Extra Heavy Double Sheeting—72-Inch Width $1.10, 80-Inch Width $1.25

A wonderful grade seldom seen in these times. Grandmother would enthuse about it. Has a linen-like finish and remains the same after laundering. Worth working elaborate crochet ends for.

Canadian Made Cottons

"Wabasso" Pillow Cotton, 49c Yard

A made-in-Canada grade, and we have sold hundreds of yards of it. Absolutely free from dressing and great value.

72-Inch Sheeting, 49c Yard

A fully bleached Canadian-made Sheeting that will wash and wear well and launder nicely. A reliable good selling stock line.

Canadian Longcloth, 23c Yard

A yard wide and soft and free from dressing. Suitable for children's undergarments.

Canadian Cambric, 29c Yard

A yard wide, an even thread and good value. Firm in the weave and long in the wear.

"Wabasso" Madapolam, 45c Yard

A 42-inch width and a good fine even thread. Entirely free from filling. Suitable for any purpose that fine cotton is required for.

Bedspreads, $9.75

"Marsailles," the best quality Spreads in our entire stock. Deep cut acorn and leaf patterns and an excellent size—80 x 100 inches. Regular $12.50 value. Slightly soiled, but will be as white as snow when washed.

$5.39 to $5.98 values at $3.50.

$2.29 to $2.49 Knickers and Drawers, $1.65

In these you will have to decide between flesh or white in Italian crepe, seer sucker or cotton. Finished with plain elastic band at knees. Some with frills of lace or of the material.

Envelope Chemise

$3.25 to $3.95 Envelope Chemise, $2.29

This price encompasses a wide range of styles and materials. Choice of fine nainsooks, longcloths and mulls, daintily trimmed with fine Val. lace, hemstitching and French embroidery. One of flesh colored mull is hemstitched with pale blue in a diamond shaped pattern.

Our $4.25 Envelope Chemise at $2.75

These are of nainsook of a delightfully fine quality. The trimmings for the most part are French embroidery and hemstitching. The tops are finished with buttonhole edge embroidered in solid eyelet design and run with ribbon. Choice of pink or white.

$5.00 to $5.95 Envelope Chemise, $3.49

Very lovely are these and quite numerous are the styles to select from. The materials are fine grades of nainsook, madapolan and stripe voile. Val. and cluny lace and Swiss embroidery insertions contribute greatly to their loveliness.

$2.00 to $2.49 Envelope Chemise, $1.29

The maker used a fine white cotton in this garment and gave it a pretty V neck, trimmed it with embroidery and inserted a ribbon in the beading.

Gowns

$1.69 to $1.98 Gowns, $1.29

The material is a good substantial cotton and there are round and V-shaped necks and an assortment of pretty lace and embroidery trimmings. Also plain yokes, except for plain hemstitching. Regular and O. S. sizes.

$2.98 to $3.69 Gowns, $2.39

A wide assortment of styles that includes long and short sleeves, slip-over, opened front, high, round and square neck models. Trimmings of embroidery, lace and French embroidery. All are of a good quality cotton. Regular and O. S. sizes.

$2.19 to $2.49 Gowns, $1.85

All of these are in slip-over style with round, V and square-shaped necks. They are finished in various ways with narrow embroidery. Embroidery also appears on the sleeves, and in most cases is run with ribbon.

$3.95 to $4.25 Gowns, $2.89

A fine variety of white cotton models in regular and O. S. sizes. An abundance of styles to select from—round, square and V necks and short sleeves with ribbon run through beading, and some with inset motifs garnished with ribbon bows.

$6.50 to $7.50 Gowns, $4.50

Four only, of a very fine quality of bridal cloth. They are effectively trimmed with fine filet and Maltese laces.

One has a round neck, ¾ sleeves and open front. The neck, sleeves and front are run with fine Maltese lace.

Princess Slips

$6.95 to $7.50 Princess Slips, $4.95

Four only of these—sizes 16, 36 and 38. They are of white nainsook of a superior quality. The yokes and flounces are formed of several rows of Val. lace insertions in charming patterns.

Underskirts

$5.25 to $5.75 Underskirts at $3.75

The material is a fine nainsook with dainty trimmings of ribbon and flounce of filet lace and insertion; also embroidery.

One of nainsook has a flounce of Swiss embroidery in a dainty open-worked pattern, band of insertion to match and finished with a bow of pink ribbon.

$6.25 to $6.95 Underskirts, $4.95

Four different styles for your choosing. All of a superior grade of fine white cotton. Both lace and embroidery flounces. One, particularly fine, has a deep flounce of fine lawn, finished with lace and insertion. The pattern is run diagonally in a charmingly pretty manner.

$2.25 to $2.50 Underskirts, $1.50

The material is a good quality cotton and the flounce is formed of embroidery and lace, and there is a dust frill. Excellent value at the Sale price.

$3.25 to $3.75 Underskirts, $2.49

Good choosing at this price and all are fine nainsooks with deep flounce of embroidery or lace, and sometimes a combination of both.

$4.00 to $4.79 Underskirts, $2.95

All are of fine nainsook with a plain embroidery or embroidery and lace flounce arranged in many novel and becoming ways. The materials are very lovely in fineness and firmness.

EFFORT MAY BE MADE LOCALLY TO HELP CRIPPLED CHILDREN BACK TO HEALTH

WHAT IS BEING DONE TO ASSUME A RESPONSIBILITY THAT PROPERLY BELONGS TO THE STATE—A FEW EXAMPLES

Officials of the Canadian Red Cross Society are desirous of forming a Junior Auxiliary in Peterborough in aid of the Ontario Crippled Children's Fund. For the amount of $100.00, collected in this way in other centres, which was donated to the Orthopedic Department at the Toronto Hospital for Sick Children, they give the following expenditures:

For Ada, who is now eight years old, $5.00 was used to pay part of the cost ($25.00) for a spinal jacket. She was crippled from infantile paralysis. She is getting stronger.

Baby Ruth, 3 months old, had to have an aluminum splint to support a paralysed arm. $5.00 was used for this. With massaging and support she is getting better.

Little Tom, 3 years old, is going to have his bow legs made straight by means of the boot braces which were made for him. $5.00 was used.

Norman at 14 had a stiff tubercular knee, for which a special knee splint had to be made. His folks could not pay any part whatever of the cost, so $25.75 was used. He is improving.

Lena is 12, and has curvature of the spine. Her aluminum spinal brace is helping her to get better. Her folks are poor too, and so the entire cost was paid from donations of the Juniors, $25.00.

Violet's need was a pair of brass "Whitman plates" for building up her badly fallen arches. She is only seven. She is beginning to walk rightly. Cost, $4.00.

Robert's club feet were straightened and the braces required cost $12.00. He is only 2 1-2 years old.

Evelyn had paralysis four years ago, and now, after recovering her health, will need to wear special boots with cork, owing to the shortening of her leg. They will cost $15.00. She is 8 years old.

Gordon is 3 years old, and will have special splints and boots to wear. His badly bowed legs have been made straight.

Custom of Exchanging Presents

The custom of exchanging presents, which gradually reverted to the Christmas season, was formerly almost universal on the first day of the New Year, and in French and Latin countries, it still obtains to a great extent. The Persians exchange presents of eggs on this occasion. The ancient Druids distributed branches of the sacred mistletoe, which was cut with peculiar ceremonies on the previous night from an oak tree in the forest dedicated to the gods. In old England, a very prevalent custom was the presentation to the sovereign of gold and jewels on the first day of the year, and the ancient chronicle records the amount received in this way by King Henry Eighth in the twenty-fourth year of his reign as £792, 10s. 10d. But Bishop Latimer, it says, being an honest and fearless soul, placed in the King's hand a New Testament, with the leaf conspicuously turned down at Hebrews 13, 4, marking an extract very appropriate to the monarch's domestic feelings. Queen Elizabeth profited greatly also by this old custom. It is recorded of her that she was annually in receipt of many sumptuous gifts, including "gold, embroidered gowns and mantles, petticoats, stockings, garters, smocks, fat oxen and sheep geese and turkeys swans, capons, fruit, preserves, marchpanes and sweetmeats, necklaces, bracelets rings and chains."

To Philip and Mary the Lord Cardinal Pole gave "a salute with a cover of silver and gilt, with a stone thereon enamelled with the story of Job, and the queen's sister gave her the fore-part of a kyrtelle, with a pair of sleeves of cloth of silver, richly embroidered with Venice lace, and rayed with silver and black satin." There was also a cup of crystal, a lute in a case, covered with black silk and gold, "with two little round tables, one of the phisamy of the emperor and the king's majesty, the other of the King of Bohemia and his wife. There were hosen of Garnsey-making, fruits, sugar-loaves, gloves, Turkey hens, a fat goose and capon, two swans two fat oxen, conserves and rose water."

Gloves were a customary New Year's gift, and the money often given for their purchase was called "glove money," as the money given for the purchase of pins, also esteemed a luxury, was named "pin money."

The custom of presenting gifts to the sovereign went out with Oliver Cromwell, and was not recalled with the Restoration.

The Best Cough Syrup is Home-made.

Here's an easy way to save $2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for $2.50.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

THE NEW YEAR

Sunday ushers in the New Year, with the 1st of January, the month named by the Romans, after the god Janus, who was always pictured with two faces—one looking back to the year that had sped, and the other forward-looking to the new era.

Among the Romans, the feast was marked by suspension of strife and litigation, by smoking altars of sacrifice, by white-robed processions to the capital, by visiting, feasts, and masquerading. Julius Caesar changed the opening of the year from the beginning of the winter solstice to 1st January; in England 25th December was always celebrated as the first of the year up to the time of William the Conqueror, whose coronation occurred on 1st January, and who thereafter ordered that the year should commence on that date. But England gradually fell into unison with the rest of Christendom, and began their year with the 25th of March, following the custom of the Jews, who to this day, although their civil year begins with the first of of the month of Tisri, roughly speaking, about September, still by their ecclesiastical reckoning, commence the year with the vernal equinox around 22nd March, astronomically the beginning of spring.

The Gregorian calendar in 1582 adopted 1st January as the gateway of the year, but it was not until 1752 that England acquiesced.

"Old Year, you shall not die;
We did so laugh and cry with you,
I've half a mind to die with you,
Old Year, if you must die."

Caledonians Celebrate "Hogmanay"

The Caledonian Society here is celebrating the New Year with Hogmanay night.

In Scotland, New Year's Eve is named Hogmanay, and the two days are often called the Daft or Crazy Days. The meaning of the word Hogmanay has been variously assigned by different writers. One idea is that it is a corruption of "Au qui menez" (to the Mistletoe), which the mummers on New Year's Eve formerly cried in France another has it that it is derived from "Au queux menez" (bring to the beggars), and the third ascribed the verse so popular in Scotland, beginning "Hogmanay, trollolay," to a corruption of the old French "Homme est ne, trois rois allois" (A man is born, three kings are come").

In primitive Scottish towns, the children swaddle themselves in a great sheet and call at the doors of the inhabitants, who present them with wheaten bread and oatcakes. They sing:

"Rise up, gude wife, and shake your feathers,
Dinna think that we are beggars;
We are bairns come to play
And to ask our Hogmanay."

Open House At Y.W.C.A.

The Young Women's Christian Association is holding open house on the first of January. This is a pleasant and hospitable custom of the "Y" which has been followed out for some years, and has always been enjoyed by the friends and would-be friends of the Association. The comfortable and pretty parlours will be thrown open to the public during the afternoon and evening of Monday next, and all comers will be made welcome, with a cup of tea and an enjoyable musical programme. Just a pleasant, homely sort of visit to usher in the bran New Year.

OLD ENGLISH CUSTOMS FOR NEW YEAR'S EVE

In Old England, the custom prevailed on New Year's Eve of filling an enormous bowl with a special brew, the recipe for which, if published, would doubtless cause many pangs in these times of arid festivities. It was named the Wassail bowl, from the ancient Saxon exclamation of "Wass hael," or "to your health."

At Coventry, they still make the old God-cakes, a cake of triangle shape, half an inch thick, and filled with mince meat.

New Year's Eve is called St. Sylvester's Night in Germany, where the people thong the streets in festive numbers, and everyone abroad has the privilege of bonneting with a blow of his fist any citizen who ventures out into the streets wearing a high silk hat. This is supposed to be a throw-back to the days of 1848, when riots took place on St. Sylvester's Day between the bourgeoisie and the aristocrats, the distinctive mark of the latter being their high silk hats. It is related of the ex-Kaiser William that, as a youth, he was very fond of sallying forth incognito on this night and exercising this privilege on the heads of all and sundry, but that, on one occasion, he came to grief through the forethought of an old gentleman who had provided himself with a specially constructed cap, with concealed nail-heads pointing upward, and the consequent laceration to the Prince's hand necessitated the services of a surgeon.

In Frankfort-on-the-Main, the whole city salutes itself at midnight of the closing year. Casements fly open, and citizens with lifted glasses lean from the windows, crying, as the bells chime out: "Prosit Neujahr!" (Happy New Year.)

In Belgium, the custom of the "sugar uncle' or "sugar aunt" obtains, when the minors of the household try to imprison some unfortunate relative within a closed room until such time as the prisoner accedes to their demands for toys and sweetcats.

In Madrid, a royal reception is held at the Palace, with an enormous Christmas tree.

In Russia, the peasants still observe the ancient ceremonial of gathering together at midnight around jars of water, which they confidently expect every year will be turned into jars of wine in repetition of the miracle performed by Christ at the wedding feast of Cana.

In France, they still retain a semblance of the ancient feasting, which was carried on in such an enormous scale in the olden times, it being recorded in 1824 alone, that the sum of £20,000 sterling was expended in the purchase of sweetmeats for this occasion in Paris.

The Japanese have conformed their ancient festival to our dating, and hold a time of feasting and processions which extend from three days to nearly a fortnight, but the Chinese still hold to their old New Year, which takes place anywhere from January 21st to February 19th. The people go about the streets saying to each other "King-hi!" (I humbly wish you joy) or "Sin-hi!" (may joy be yours.) A curious attribute of the period in Japan, China and Corea is the fact that it is a common birthday for the community. From the moment a child makes its appearance, it is spoken of as being a year old, and this same age it continues to be considered until the beginning of the next calendar year, when it is credited with another twelvemonth.

ACTIVITIES OF WOMEN.

Boston claims the honor of having the first Y.W.C.A. room.

From 1901 to 1920 nearly two million decrees of divorce were granted in the United States.

Women workers in Vienna earn from 1,000 to 1,500 crowns a week, which in American money amounts to a little over 20 cents.

Finding social life too inactive, Mrs. Norman de Whitehouse, of New York City, has purchased an interest in a large leather manufacuring concern.

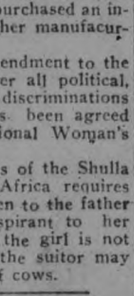
A new form of amendment to the Constitution to cover all political, civil and legal discriminations against women has been agreed upon by the National Woman's Party.

One of the customs of the Shulla people of Central Africa requires that ten cows be given to the father of a girl by the aspirant to her heart and hand. If the girl is not especially attractive the suitor may reduce the number of cows.

"Ring out the old, ring in the new,
Ring happy bells across the snow;
The year is going, let him go;
Ring out the false, ring in the true.

"Ring in the valiant man and free,
The larger heart, the kindlier hand;
Ring out the darkness of the land;
Ring in the Christ that is to be."
—Tennyson: In Memoriam.

GIRLS! GROW THICK LONG, HEAVY HAIR WITH "DANDERINE"



Buy a 35-cent bottle of "Danderine." One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so, soft, lustrous, and easy to do up. But what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy, and luxuriant.

The Optimist

"The Optimist is the man who believes that the seed he plants in the garden will grow and look as good as the picture on a package.

The Pessimist stands beneath the tree of prosperity and growls when the fruit falls on his head.

The Peptomist is the happy medium between the two. He believes that the seed will produce a crop because he sows it and gives it his attention by gladly watering it and keeping it free from weeds. Should the fruit of prosperity fall on his head, he rubs the bump and grabs the fruit.

When the weather reports say "fair and warmer," he believes it and carries an umbrella. He sees the bright side of things and goes ahead well prepared to meet the dark side which he also sees. And herein lies his success—looking not alone on the dark side nor only on the bright side. Understanding the one is necessary to the other, he finds that they need not ncessarily be enemies but can be made to co-operate with one another.

ANOTHER MILESTONE ON LIFE'S TURNPIKE

"Every first of January that we arrive at, is an imaginary milestone on the turnpike track of human life: at once a resting place for thought and meditation, and a starting-point for fresh exertion in the performance of our journey. The man who does not at least propose to himself to be better this year than he was last, must be either very good or very bad indeed. And only to propose to be better is something: if nothing else, it is an acknowledgment of our need to be so, and is the first step towards amendment. But in fact, to propose to oneself to do well, is in some sort to do well, positvely, for there is no such thing as a starting-point in human endeavor; he who is no worse to-day than he was yesterday is better, and he who is not better, is worse."—The Mirror of the Months.

DON'T WASTE SOAP.

The amount of soap required in a household may almost be cut in half by careful use. Keep a box ahead, cut bars in two, remove from the box and pile in a dry place if possible. Green soap is used up twice as fast as the seasoned bars. Never allow it to soak in a floor pail, tub or dishpan—a great but very common waste. To save soap and clean your hands, try putting the finest plate. Mix one part of the powdered soap with four parts of cornmeal. Another good way to remove stains from the hands and to keep them soft is to use cornmeal and vinegar and rub thoroughly. Or try conserving soap by washing the hands with a tablespoonful of cornmeal. It is gritty enough to remove the dirt and leaves the hands soft and white.

CLEANING CARPETS.

The broom with which rugs and carpets are swept should be stiff and moderately heavy, and should be discarded for this purpose as soon as it becomes one-sided.

When not in use the broom should be hung up so that the weight does not rest on the straws.

Carpet sweepers are excellent and almost indispensable or the daily cleaning. They pick up surface dust, threads, and lint without scattering dust, and are in fact a combination of mechanical broom and dustpan. Best results are usually obtained by running them with a smooth, steady motion rather than in quick jerks. Two types are now on the market—the older kind fitted with revolving brushes, and the newer models called "vacuum sweepers," which have in addition to the revolving brush a bellows to draw up the dust below the surface.

INEXPENSIVE DOYLIES.

The present-day housewife is looking for something that pretties up the table, and does not require a great amount of expense nor labour in keeping it in order. But who in the world would think of the ordinary dish cloth as a foundation for a luncheon set?

The suggestion is offered by The Delineator, and the set is made as follows:

Simply purchase the dish cloths, six of them, for plate doylies, the size you wish, and bind them with linen about an inch wide. If you want a little more elaborate design, cut the linen binding in the form of square blocks, and stitch over the edge of the dish cloth. They are practical and attractive.

HAD HEARD OF THE COUNTRY.

Visiting a remote village, a man entered a local emporium — where rashers of bacon, seed cake, and paraffin oil were special lines — and asked to be shown some post-cards. A greasy, rather battered assortment was brought out by a boy who looked not beyond school age. The visitor picked up a view of Stirling Castle.

"Do you know that place, sonny?" he asked the boy.

"Indeed, sir, I do not," was the reply.

"That's Stirling Castle, Scotland."

"Oh, yes," said the boy. Then following a short pause: "I've heard of Scotland!"

"There's a new foot on the floor, my friend,
And a new face at the door, my friend,
A new face at the door."
—Tennyson's 'The Death of the Old Year."

HOW TO MATCH COLORS.

The correct way to match colors is to hold a fold of the old and the new together on a level with the eye. Look across the goods toward the light and if one cannot be told from the other the match of course, is perfect. Both pieces of goods should be held the same way. That is, make both folds either lengthwise of the material or cross wise. Never have one piece going one way of the goods and the other another, as the lights and shades run different.

WILLING TO RISK IT.

Uncle Mose had put green paint on the garden seat, and the boss had sat on it, ruining the new cream-coloured trousers that Uncle Mose coveted.

"Ah done tried everything, boss—soap, ga'line, hot iron—"

"Did you try ammonia?"

"No, boss, no," he answered brightening. "Ah ain't tried 'em-onme, but Ah knows dey'll fit."—American Legion Weekly.

HER OBJECT.

The New Houseman—Thank you for the job, ma'am. But you advertised for a married man. What do you wish my wife to do?

Mrs. Battlecry—Nothing at all. I advertised for a married man so I could get one who was used to taking orders from a woman.—Boston Globe.

AUSTRALIA WANTS MORE INHABITANTS.

Hopes for 11,000,000 More Population.

MELBOURNE, Dec. 31.—(Associated Press.)—Australia wants 11,000,000 more inhabitants as soon as she can get them and prefers that they should be of good, white stock, preferably of British derivation. This additional population is regarded as necessary to develop the resources of the country.

In the light of those figures, Australia can hardly be said to be entirely satisfied with the arrival of 20,000 former soldiers of the United Kingdom who have emigrated to Australia under the government emigration scheme since the war. This movement is a little too slow to suit Australia. Australian government officials point out that Great Britain expended nearly $1,500,000,000 in 1920 in public assistance to unemployed and others and they add that much of this might have been saved if these idle persons had been transported to Australia where they could have supported themselves.

Only 25 per cent. of the number of girls reported missing each year in the United States come from the slums.

MOTHER! YOUR CHILD'S BOWELS NEED "CALIFORNIA FIG SYRUP"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

A NEW YEAR FASHION

The clock strikes twelve while 1922 slips in to greet the girl of the year—and give her a frock! The fashion of her frock can hardly be claimed exclusively by the New Year though supple silver tissue, an almost living flower wreath and silver net over blue satin from which things the frock is compounded are all productions of To-day's ingenuity.

WILL IT TAKE AWAY LONDON'S ROMANCE

The Medical Supply Association of London has invented a machine which it claims can disperse a fog. The new invention is a glass cabinet in which revolve sixteen large glass plates, side by side. In front of the cabinet are two adjustable brass balls. The plates are revolved at a tremendous rate thus generating electricity. Particles of fog are drawn to it like moths to a flame.

Mrs. Mackenzie was the hostess of a large afternoon tea on Thursday at "The Grove" in honor of Mrs. Chas. Goodman.

The Christmas party of the A.Y.P.A. took place on Thursday evening in the Sunday school room.

The Social Club gave a large dance in their club rooms on Tuesday evening in honor of Miss Doris Burgess, who is leaving the village to take a position on the teaching staff in Peterborough. About sixty were present and spent a very pleasant evening, a great many of the holiday visitors were present, which added not a little to the pleasure of the evening.

A large crowd attended the hockey match on Thursday evening, the first in the new rink, and report a splendid game of good, clean, fast hockey. Though Lakefield suffered defeat, it is by no means discouraging to their many friends and adherents in the village.

KEY TO SOLUTION.

TORONTO, December 31 (Canadian Press). — Emphasis of the rapidly growing importance of gold areas, the hope that metallurgical research will soon solve the problem of the utilisation of the vast quantities of low grade or near ores of the Province, and the prediction that the use of electricity derived from the Ontario great water powers may be the key to the solution of the problem, was expressed by the Hon. Harry Mills and featured the address to the Geological and Engineering sections of the American Association for the Advancement of Science last night.

Fabric combinations and also lovely color combinations are to be much approved for spring, according to present indications.

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

YOUNG'S POINT

YOUNG'S POINT, Dec. 31.—The annual Christmas tree of St. Aidans Sunday School was held on Wednesday evening.

At 3.30 the children gathered in the church were short service was sonduited by Rev. Mr. Hughes, it being Holy Innocents Day.

In a very pleasing manner Mr. Hughes explained to the children the meaning of the Holy Innocents and service closed by singing the hymn, "We Are But Little Children Weak."

In the meantime Mrs. Hughes had prepared a dainty supper for the children and their parents in the basement of the chuch which was decorated very prettily, and soon the merry chatter of children's voices were heard as they did ample justice to the supper provided for them.

After this a pleasant hour was spent in games, singing and other amusements, when Santa Claus arrived and then the happy children's voices were heard to perfection as the welcomed him by singing "Welcome Santa Welcome".

He certainly was a jolly old fellow and kept the kiddies in roars of laughter for many minutes when he presented each child with some pretty gift.

He also presented the special prizes for regular attendance during the year.

The first, a beautiful book presented by Mrs. Allan of Peterboro a former teacher in the Sunday School was won by Bessie Wilson.

The second prize was a tie between three girls, Olive McNaughton and Daisy Wilson.

Each little girl was given a book.

Santa Claus made his adieu as the children sang "Good Night Our Parting Hour Has Come".

Cheers brought to a close a very pleasant evening, which was due to the kindness of Rev. Mr. and Mrs. Hughes.

The local school will re-open on Wednesday January 4th.

School Meeting

On Wednesday December 28th the annual school meting was held. The trustees for the past year were re-elected and other business matters were discussed.

The Misses Clara Payne of Dummer are guests at the home of Mr. and Mrs. Robt. Northey.

Church Notes

The service in St. Aidan's Church on Sunday evening the Christmas carols will be sung by the children.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON
NEW ROCKLAND, P.Q.

"In 1919, I was taken with *Bronchial Asthma* and no one knows what I suffered with it during the winter. *I began having Choking Spells*—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, *I started taking "Fruit-a-tives"* and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about "Fruit-a-tives" for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to "Fruit-a-tives" Mrs. J. M. PENNINGTON.

VOICE OF THE PEOPLE

THE FIRE BRIGADE CAR

To the Editor of the Examiner:

Dear Sir:—I understand someone, absolutely ignorant of the true facts, is speading false information re the Fire Brigade car with the idea, no doubt, of furthering his own political ends.

When the Fire Brigade car was damaged in an accident early in November I knew that it was necessary that some extensive repairs be made to same but before having them done I thought it advisable to refer this matter to the Council and see if they were as yet in favor of buying a new car, which I believe is very badly needed in the Fire Brigade. In the meantime it was necessary to rent a car for the use of the Fie Brigade. In the meantime it was necessary to rent a car for the use of the Fire Brigade. I arranged with Harry Moore for the use of the Reo for $5.00 per day. It took me possibly a week or ten days to find out from the Council definitely that they did not want to purchase a new car for the Fire Brigade I then arranged with Harry Moore to have the old Ford car fixed up. When it was taken down it was found that the cylinders needed reboring, new heads and rings. This takes a consderable time as the new piston heads, piston rod and piston rings have to be cast. Including the delay in taking the car to the repair shop and the time it took to fix it we were without our Ford car for twenty-two days and we have a bill from Harry Moore for $110.00 for the use of the Reo car. After we got our Ford car we found it was leaking oil. Mr. Moore is remedying this defect and in the meantime has given us free use of the Reo car so that there will be no further charge beyond the twenty two days for the use of this car.

I notice a lot of new candidates are talking economy. I do not think that anyone of them could exercise more economy than the present members of the Council have. I know I have been trying for three years to get a new car for the Fire Brigade, which I really do think is very badly needed, but I have never been able to get them to allow me to spend this money as yet.

Yours very truly,
R. MORRISON
Chairman Fire, Water and Light

To the Editor of The Examiner:

Dear Sir,—As I was on the street two or three days ago a discussion took place in my presence. It was pertaining to the Fire Department's Little Red Riding Hood, the Chief's car, and as the conversation went on it developed into quite an argument, I became quite interested, and, as it went on, I found out that on November 8 the Chief's car got into a mix-up and was damaged to the extent that it had to go to the garage for repairs, though not that bad but what it could get there on its own power. Instead of the Chief using the horse that is provided for his use, he did not take advantage of it. I suppose the horse was not up-to-date, so he had to have other means of transportation, and, seeing that it would take a day or two to fix the car up, he was given permission to hire a car for his use, and, as luck would have it, it turned out to be a Reo car, that kind of a car he had dreamt about, and one day thought that he could put it over the citizens of Peterborough and have that Reo car which there has been so much discussion about, and the way he worked his cards is a disgrace to our city. He, or his friends, had the Ford car taken to be repaired, an expense in itself, and a further expense of five dollars a day for the hire of the other car. Since the day he was given permission to hire the car the official Chief's car has not been used by him, and at the present time the Chief of our Fire Department is still using a car which has cost the city $150 for one month. It seems to me that no effort has been made to get the red car back to the Fire Hall, and, on investigating, I was surprised to see the Chief's car in a depleted condition and still in the garage after seven weeks. On making further inquiries I was informed that it would cost the city between two and three hundred dollars, not for repairs, but for some cause still in doubt. To this day this city has in its possession a hired car, and it is a disgrace to think the taxpayers are held up by an official who wants an expensive car to the value of $2,000, and has made up his mind that he is going to get it, and let me tell you citizens that if you don't elect on Monday next men that are opposed to such high-handed work as that, Mr. Fire Chief will have that car. It is a disgrace to think of it when you find that the City of Toronto is using in their Fire Department Ford cars for their officials, and I say right here, a Ford car is good enough for the City of Peterborough's Fire Chief, and if he insists in having a touring car for himself, the time is come for the citizens to elect a Council that will study the taxpayers to such an extent tha 1922 will see that a reduction in the tax bill instead of an increase. Hoping that this will meet with the approval of our citizens as a whole.—I remain, yours faithfully,

F. Tuggey.

To the Editor of the Examiner:

Dear Sir: The members of the Home and School Association are anxious that Mrs. Morriss should be again elected to the Board of Education.

She is interested in children and understands them and has a knowledge of teaching and of the school requirements.

She is at all times willing to give information to the citizens concerning matters pertaining to the welfare of the schools.

No matter is too small for her attention and she brings a personal touch to bear where at all possible.

We therefore ask the ratepayers in the interest of our schools to return Mrs. Morris to the Board of Education on Monday next.

King Edward Home and School Association

THE MAYORALTY CITIZENS OF PETERBOROUGH.

Do you think anything of your city? Do you require a man who can meet any man at any time as your Mayor?

Do you require a man as your Mayor who is big enough and able to transact the city's business with tact and good judgment?

We have had a lot of knockers in the past, a lot of reflection cast upon those entrusted with the city's business. Let us make no mistake for 1922.

The Mayoralty of Peterborough is not a position we are ready to hand to any man who comes along looking for it. Let it be a man who is not only able to hold the position with dignity and intelligence, but one who has shown by his past services he has merited such a position and earned it by giving ten years' excellent service to this city.

Elect J. J. Turner for Mayor.

A Citizen.

Editor of The Examiner.

Sir,—Labour and business can and should unite in municipal affairs. Class interest has no place in the government or administration of civic business. We ought to stand together and elect the better men to office. Peterborough is sure to grow, but it will grow faster in the hands of broad-gauged enterprising men.

J. J. Turner has proved his worth as a citizen, and I for one hope he will be elected.—Yours,

Ryerson Ritchie.

The ladies, of the Caledonian Club will cater for the "At Home" of the Society to be held in the G.W.V.A. Hall on Monday next, 2nd January, from four to ten o'clock, to which all people in the city with Scottish connection are invited.

This Club upholds the Scottish usages in every particular at their gatherings, and always have a very jolly time. There will be a programme of songs, Highland dances and music, with a fair sprinkling of up-to-date dances for the more modernly inclined.

BANISHED TO TOTMA VILLAGE.

Penalty Imposed on All-Russian Relief Committee.

MOSCOW, December 31.—(Associated Press). — Banishment to Totma, a small village in Vologda Province, more than 10 miles from the railway, is the penalty imposed upon Dr. N. M. Kishkin and nine of his associates on the All-Russian Committee for Famine Relief who were arrested three months ago just as they were preparing to leave for Britain to enlist foreign aid in the battle against famine.

Maxim Gorky was a member of this committee. He has since left Russia and gone to Germany, to the intense displeasure of many Russians who allege that Gorky gave his word he would never leave Russia until his associates on the Relief Committee were released.

Dr. Kishkin was Minister for Home Affairs under the Kerensky regime, and was several times the Mayor of Moscow. He was formerly a prominent leader in the Cadet party. Among the prominent Russians who are to suffer banishment with him are Professor Prokopovich and his wife, who is known in public life as Catherine Kukova.

Osorgin, a journalist who was issuing a relief journal for the committee, is also to suffer banishment.

The All-Russian Committee for Famine Relief was dissolved several months ago on the charge that anti-Bolshevists abroad had intended to use the committee as a tool to overthrow the Soviet regime in Russia.

It was reported in September that four of its members, N. M. Kishkin, S. N. Prokopovich, Catherine Kukova, and M. Avsarkissoff, were about to be executed. To save them, Michael Fedoroff, President of the United Relief Committee of Russian Organisations in Europe, asked the British Government to intervene. Metropolitan Archbishop Platon, of the Russian Orthodox Church, residing in the United States, issued an appeal at that time to the heads of all Christian churches imploring them to make every effort to save the lives of the four former members of the disbanded relief committee.

George Chitcherin, the Russian Minister of Foreign Affairs, soon after denied that the four persons had been executed, and said they were "quite safe."

TO THE ELECTORS OF PETERBOROUGH CITY,—

Having had the honour to serve you on the Board of Education during the last four years, I now respectfully seek your endorsation of my record during that period.

This last year I was honoured by my colleagues vesting in me the important chairmanships of the Property Committee and the Industrial and Technical Committee, in which capacities I have exercised my very best endeavours in the community's educational interests.

On the Technical School question, I stand firmly for combined extensions to the Collegiate Institute building, both to relieve existing congestion there and furnish accommodation for Technical Education needs.

In testimony of my business qualifications, allow me to say that I am one of the heads of Canadian Woollens, holding responsible office in that concern from the year of its inception here as the Bonner-Worth Co. until its present expansion into one of the biggest woollen textile industries in Canada. This should amply demonstrate my business efficiency generally, and exemplify my capacity for business-like administration on the

A PERSONAL APPEAL FROM J. O. FIFE

A STAUNCH FRIEND OF THE CITY'S BEST INTERESTS

Ladies and Gentlemen:

It has been at the solicitation of many of my business and personal friends that I have put myself in the hands of the electors for a seat in the civic cabinet for 1922.

In asking your support, I desire to say that I am a firm believer in a greater Peterborough, and realize that greater problems have yet to be met and dealt with intelligently. If you honor me with election, I promise that all questions coming before your Council will receive my conscientious consideration, with a loyal desire to carry out the wishes of a majority of the people.

Having been a resident of the South Ward for several years past, I have taken a live interest in the city's municipal affairs. To those whom I have been unable to see personally since my nomination, I will esteem it a favor to have their support and votes in the coming contest on Monday, and to all I promise to give civic affairs the earnest attention they demand, having a strict regard to the economical administration of the city's finances.

With best wishes for a Happy and Prosperous New Year.

Yours sincerely,
JOHN OLIVER FIFE

GOOD FEELING IS ABSOLUTELY NECESSARY.

BELFAST, December 31 (Canadian Press). — Genuine good feeling between North and South Ireland is absolutely essential to the happiness and prosperity of the people of Ireland, says Premier Craig in his New Year's message.

"Unity, courage, self-restraint, cheerfulness, and patience," he adds, "will carry us through 1922 with the old flag waving, with close ties still binding us to Great Britain and the Empire, and with a desire to close down the recent pages in history in connection with Southern Ireland, which is endeavouring to work out its own destiny along different paths."

MONTREAL, Dec. 31.—(Canadian Press).—The Montreal Stock Exchange closed its business for the year yesterday, the final session before New Year's Day being dropped as usual.

J. J. Turner Employees Refute Lies

And Every Ratepayer Who Believes in Fair Play will Repudiate at the Polls the Indecent Underhand Attempt to Injure Ex-Ald. Turner's Candidature for the Mayoralty

Ex- Ald. Turner's record and his reputation warrant his election on Monday.

It is a fact that the Ratepayers confer an valuable honour upon the man they elect, but Municipal Elections are not held merely to confer honours.

Their purpose is to appoint Representatives of the Ratepayers entrusted with the duty of carrying on the people's business.

Consequently the Ratepayers who clamour for a Council that will handle the city's business in an efficient and business-like way should carefully consider the qualifications of the candidates.

AND AS A CANDIDATE FOR MAYOR, EX-ALD. TURNER STANDS ON HIS RECORD AND HIS REPUTATION.

But his reputation first!

No person in Peterborough can point a finger at John J. Turner as a citizen, and this matter would not be mentioned were it not for certain false rumours that have been circulated during this campaign against John J. Turner, head of the firm of J. J. Turner & Sons, Limited.

From The Employees.

Just as a father is known best to his own family, so is an employer known best to those with whom he comes in daily contact at work. And in that connection the following letter is reproduced from The Examiner of Friday, 30th December, 1921, without any comment except that it was voluntarily prepared by the employees of J. J. Turner & Sons, Limited, and also that it explains itself:

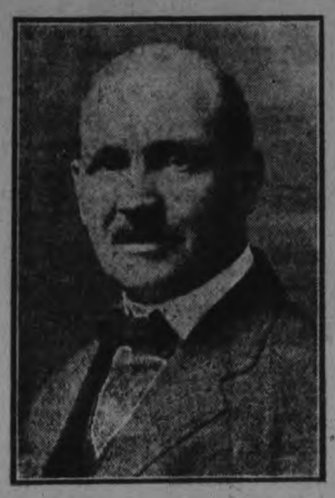
To the Editor, Peterborough Examiner, City.

The employees of J. J. Turner & Sons, Ltd., desire, through the medium of your valuable paper, to contradict any slanderous or malicious reports which may have reached the ears of any of the Electors, and which seem to have been circulated with a desire to damage the prospects or qualifications of Mr. J. J. Turner, who is before the Electors on Monday next for the office of Mayor.

We would have it known that the treatment meted out to the employees of this enterprising firm of comparatively young men, and the feeling of good fellowship which exists between the heads of the firm, and their employees, is somewhere near the acme of perfection, and it is ridiculous to even think that people would stay with a position anywhere from ten (10) to sixteen (16) years (as numbers of the employees have), unless they were satisfied, and we feel it our duty and something we owe the firm to tell the public that wages have not been reduced during this period of re-construction, but rather have we redoubled our collective efforts to encourage more production to compete with lower prices.

This ensures a happy family of satisfied producers, and we will all hope that the Electors will go to the polls with an unbiased mind to elect one of the ablest men Peterborough has ever had the opportunity to vote for—namely, J. J. Turner.

Signed on behalf of the Staff:
Sales Manager—G. C. Staples.
Office Staff—R. S. Merrell.
Awning Dept.—R. G. Gavine.
Flag Dept.—Maude Nelson.
Sign Studio—Geo. E. Chandler.
Horse Blanket Dept.—Jas. G. Ball.
Erection Dept.—I. Pammett.
Shipping Dept.—H. Slight.
Blacksmith Dept.—Geo. Gillespie.



Ex-Ald. Turner's Record.

In passing, it should be said that Mr. Turner believes his opponent, ex-Ald. W. H. Taylor, has had no connection whatever with these malicious falsehoods, and that he utterly disapproves of their circulation.

J. J. Turner's record in Peterborough is well known to his fellow-citizens.

He has had an extensive business training, has served for years in the Council, especially as Chairman of the Finance Committee.

He has given his time and efforts in the promotion of the best interests of Peterborough, and has abundantly proved year after year, in office and out, that he is a public-spirited citizen, full of faith in Peterborough, and anxious for its prosperity and its advancement.

The Longest Municipal Service

The following is taken from the Election Address of W. H. Taylor, which appeared in Tuesday's issue of The Examiner:

"I contested the Mayoralty before, in 1920, when Ald. A. A. McIntyre tied me for the seat, and I am now encouraged in the assurance that many friends and well-wishers will again extend their support and influence to secure my election to the Chief Magistrateship, which was only won by Ald. A. A. McIntyre in 1920 when the City Clerk, quite properly, cast his deciding vote for the then candidate with the longest record in municipal service."

In the foregoing statement, Mr. Taylor admits that the deciding vote was quite properly cast in favour of the candidate "WITH THE LONGEST RECORD IN MUNICIPAL SERVICE."

Mr. Taylor's contention is one good reason why you should elect J. J. Turner, because the latter has served six years in the City Council, and two years on the Board of Education, besides engaging in other local public activities. Mr. Taylor's experience in the City Council is limited to three years.

Mr. Turner's Pledges

Mr. Turner has stated that he represents no special interests and no clique;

That, if elected, he will endeavour to give Peterborough a progressive administration, having due regard for economy, and, as a Ratepayer, mindful of the Tax Rate.

He has promised to serve the citizens as faithfully as Mayor as he served them for many years as Alderman.

And on that record, and with his Best Wishes to the City and the Citizens for a Happier and More Prosperous New Year, he asks the Ratepayers to

Elect J. J. Turner Mayor for 1922

MADAME HURD-FAIRFAX RECITAL

Madame Hurd-Fairfax made her second appearance here last night at St. Paul's church, and delighted her large and appreciative audience once more with her varied repertoire of songs in five separate and distinct vonces. Her wonderful voice control and splendid diction were exhibited to great advantage in a programme which embraced classical and homely numbers, her flexible range scoring most heavily in the beautiful "Miserere" from "Il Trovatore," for three voices, and in a fine rendition of the "Sextette" from "Lucia" in which five voices are used in turn, an exhibition of musicianship which is really extraordinary.

In the soprano numbers, her high, clear notes and sustained thrills were heard in "Villanelle," "Swanee River," and "Every Mammy Loves Her Chile," in the mezzo, the "Song of the Soul," "For You Alone," and a lovely rendition of "My Task," were done with full, rounded tones; "Nobody Knows de Trouble I've Seen," something on the style of the old negro virginals, and "Still as the Night" were the contralto numbers, smooth and velvety; "They Needed a Songbird in Heaven," the tribute to the immortal Caruso, came in a surprisingly masculine tenor, with the thready sweetness of this voice quality, and the baritone numbers were the "Exhortation," the "Miserere' and the "Sextette from Lucia."

Madame Fairfax made a short speech, regretting her late arrival on account of bad train connections, and giving her audience a few humorous anecdotes. She has an attractive stage presence and a pleasing personality which adds much to the charm of her performances. She announced her intention of remaining over at St. Paul's for the Sunday services, when she will sing both morning and evening.

Pleasing variations of the programme were introduced by an egcellently rendered violin and 'cello duet by Martin and Fred Chenhall, with organ accompaniment by their father, Mr. Martin Chenhall, who acted as accompanist for the evening for Madam Fairfax. Mr. Chenhall also rendered a lovely organ number, variations of "The Swanee River," the sustained, sweet liquid melody owing from his fingers in a dainty pianissimo that gradually swelled to an imposing forte, a performance that called forth much applause. Enthusiasm greeted also the readings by Miss Hazel Davidson, who pleased her audience with several humorous selections.

Rev. Robt. Pogue acted as chairman in his usual proficient manner.

Market News

WALL STREET.

NEW YORK, Dec. 31.—(Canadian Press). — Recent irregular price fluctuations in the Stock Market were repeated at the dull opening of today's session. Rails, Shippings, Equipments and Sugars were firm. Moderate re-actions ruled among Steels and Motors.

Highly irregular price changes marked the opening of the final session of the year in the Stock Market. Rails, Shippings, American Steel showed mixed gains and losses, in main trend was upward. Pennsylvania gain of one point was balanced by a re-action of that much in Union Pacific. Advanced ranging from fractions to full points cheaper. Oils and Shippings were off-set by losses in Standard Oil of New Jersey and Mercantile Marine Preferred. Further selling to adjust income tax losses was observed along cheaper issues. Preliminary quotations for leading foreign exchanges were higher.

Bal Poudre

The Bal Poudre, held at the G.W.V.A. hall last night under the auspices of the King's Daughters, was one of the most successful affairs of the season. Between two hundred and fifty and three hundred guests attended. The halls were prettily decorated in the Yuletide manner, and novelties in the dance were introduced, with confetti, and colored toy balloons. The music, which was exceptionally good, receiving much favorable comment, was supplied by Follis' orchestra. About 12 tables for cards were played in the upper hall, but the majority preferred to dance, or watch the bright scene below stairs, where the powdered heads of the dancers, the patches of the ladies and the brightly colored lapels of the men added a touch of older-fashioned dignity to the pretty dresses.

Your Vote Respectfully Solicited For A. A. McINTYRE

AS MEMBER

Utilities Commission

Read Following Commendation in Press

(From Peterborough Examiner, 30th December, 1921).

MAYOR McINTYRE.

Members of the City Council said some nice things about Mayor McIntyre at the meeting of the Council the other night when His Worship took farewell of his colleagues, but cannot be charged against the aldermen that they over-exaggerated their tributes. The retiring from the office of Peterborough's chief magistrate, after two years' service, Mayor McIntyre has left a record upon which he is to be congratulated, against which there are no blots or blarks. He has taken the duties of his position as seriously as the importance warranted, has at all times been at the service of the citizens, has never neglected the city's business, and has been ready when called upon to assist in any movement that had for its object the advancement of Peterborough before attaining to the office of Mayor His Worship had a long apprenticeship in the Council, and it may be said of him, not in the spirit of fulsome praise, but as a just recognition of his efforts to serve the community, that he deserves the thanks of the citizens generally and has earned the right to be remembered as one who met the duties of office successfully.

A.A.McIntyre For Utilities Commission

(From The Examiner Report of City Council Meeting, 26th December, 1921).

Ald. Whitehouse extolled the Mayor for his efficient executive administration, and declared His Worship had every reason to be proud of his twelve years' record for satisfactory service to this community.

Ald. Crowe thought His Worship had proved a capable Chief Magistrate, and at all times very fair in his administration; the city, he said, is indebted to him for his unswerving interest in this community's welfare. "Mayor McIntyre," he averred, "came in clean and is going out clean."

(From The Examiner's Report of Trades and Labour Council Meeting, 26th December, 1921).

The Trades Council moved a vote of commendation to Mayor A. A. McIntyre for his work in the City Council. Mayor McIntyre's candidature was endorsed by the Trades Council, and the members felt that some record should be made of that body's appreciation of Mayor McIntyre's services on behalf of labour. The retiring Mayor was characterized as an able administrator.

Intermediate HOCKEY GAME Monday Night Lindsay v. Peterboro

The manner in which the hockey players are getting into the game this year deserves the support of the citizens who love good clean Amateur Hockey. Monday night's game, the first scheduled game of the Intermediate Series, will be a dandy and a big crowd is expected.

"BIG BILL" RUSSELL COMING IN NEW PLAY.

William Russell's latest picture is "Singing River." He will appear in it next Monday at the Regent Theatre. "Singing River" is said to be a story that fits the William Fox star to perfection, as it is a lively tale of the old days in the West when crooks played havoc with those men who were trying to make good honestly. It required brave men to clean up this gang, though it took a long time. Russell meets a gang of these land and cattle crooks, and he erases a large blot from the landscape — and wins the girl who is the heroine of the story.

Vola Vale plays opposite Russell.

AT THE THEATRES

AT THE GRAND.

"THE MYSTERY MAN"

A well-filled house at the Grand Opera House last night were entertained and mystified by the performances in mind-reading and mental telepathy of Khaym, the Mystery Man. In his telepathic seance, the "White Mohamet" discloses matters interesting and, in some cases amusing to the majority or his hearers, who listened to his admonitions re mothers-in-law and affairs of the heart last evening with enthusiatic attention. His rapid-fire interrogations and answers leave no dull moments in the performance, and he seems to hit the mark every time, judging by the assent received from the house.

The act is rounded out by a couple of clever specialities; with a "Wonder Act" in which Fred Andrews and Viola May turn nature topsy turvy in frying eggs and boiling water on ice; Gaston and Gaston do some sensational step dancing, and Clarence Curwell, the boy soloist, renders a varied repertoire of songs, "as you like them."

WONDERFUL POWERS OF "MYSTERY MAN."

An instance of the wonderful powers of Khaym, the Mystery Man, at the Grand Opera House, is afforded in the case of Miss Betty McDonald, of Stewart Street, who lost a string of pearls somewhere about a week ago. On application to the "White Mahomet," the string was located, and will be presented to the owner at the performance in the Opera House this evening.

REX STOCK COMPANY.

Next Monday being New Year's Day, a special matinee will be given at 2.30 p.m. to open the usual 3-day engagement of the popular Rex Stock Company, when they will present an elaborate scenic production of Maud Fulton's international stage success, "The Brat," with Miss Zana Vaughn playing the title role. The entire cast is particularly well suited to give a really good performance of this well-known play, which was also used by that wonderful screen star, Nazimova, whom, doubtless, quite a number of Peterborough theatre-goers saw at the Allen Theatre last season, and was considered to be her best screen success. Rex himself has a really splendid part in Steve, the black sheep of the family.

You are particularly requested to get your seats early for the holiday performances.

"THE CABARET GIRLS."

"The Cabaret Girls" will be the attraction at the Grand for one performance only on Thursday next, Jan. 5th.

This aggregation is without question the most meritorious and probably the most costly ever organized to tour the burlesque houses.

In the magnificence of its scenic and costume equipment, as well as in the talent of its artists, and the up-to-date quality of the entertainment provided, "The Cabaret Girls" is really a Broadway musical show. Possibly it is even better, because it possesses a vim, snap and dash that the metropolitan production often lacks.

"The Girl in the Bottle" is the somewhat odd cognomen of the two-act musical burletta presented. This piece is from the pen of the late Junie McCree, and it is claimed for it that it is one of McCree's best efforts.

"BIFF, BING, BANG."

The original "Dumbells" company, Canada's premiere entertainers, will offer their great overseas revue, "Biff, Bing, Bang," for the last time in this city, at the Grand Opera House for 2 days, Friday and Saturday, January 6th and 7th.

Neither the "Dumbells" nor "Biff, Bing, Bang" need any introduction to local theatre-goers. The "Dumbells" have made a place for themselves in Canadian drama that will go down in the history of our country, while their musical revue, "Biff, Bing, Bang," has struck a new note in stage entertainment and has won the unqualified approval of their widely varied audiences. First, the fighting men in France; then, London, England; then, Canada, and finally New York and all the larger cities in the United States. No other theatrical attraction in the world can boast of such a record.

The entire original company has remainded intact throughout all their spectacular success, despite the fact that many of them have received bigger offers than any profits they can ever hope to attain on their co-operative plan. The old comradeship, cemented by fire in France, has held, and will hold them together, for many years to come.

AT THE ROYAL.

For Monday the Royal Theatre has a programme of special interest and one selected by Mr. Pappas during a visit to Toronto yesterday. This programme is one that has never been excelled in any picture house on the continent. The first picture to claim special attention is a new Fox super-feature film in nine reels entitled the Blind Wife. This tells a story of surpassing interest and is punctuated by highly dramatic and emotional incidents. There is a vein of rich humour running throughout the entire story. The plot is a carefully woven skein of unexpected situations that unfold as the play develops and is one that holds the onlooker spell bound throughout. The story has a pretty and romantic culmination that leaves a pleasant memory.

Then there is the Fourth Episode of the million dollar serial called Breaking through, and is a complete story in itself. You see Bettina, the heroine in her fight for love and fortune do some thrilling stunts that would be unbelievable if not actually photographed. Then amongst the very funny comedies is included the side splitting laughter maker in two

reels, called a Devilish Romeo.

There are also drama, romance, scenic and other good comedy. We might point out that the box superfeature is the same pictre that is now showing in New York's largest picture houses at $1 admssion. We might repeat our statment made above that Monday's programme was specially selected for New Year's week and is one of the best ever thrown on a local screen.

AT THE CAPITOL.

Monday New Years Day, The Capitol Offers a Wonderful Program; Griffiths Newest Production, "Dream Street" and First Class Vaudeville—A Great Show For the Holiday at Just the Usual Prices.

Manager Abbey, at the popuar Capitol Theatre, evidently intends to start the New Year off with a bang; judging by the big picture and vaudeville program he offers for the first 3 days of next week. D. W. Griffith's newest production, "Dream Street", will be the big attraction, and the balance of the entire program will be found to be 18 carat; comedies, serials and the short reel subjects. Besides all this big and really high-class program of pictures, one or two good vaudeville acts will also be on the bill.

"Dream Street" is the latest screen effort to come from D. W. Griffith. It is a tale of romance and love and laughter, symbolized with Good and Evil influences lending an enchantment rarely seen in such cinema productons. The ideas are Griffith, and the characters are taken from two stories of Thomas Burke known as "Gina of Chinatown" and "The Sign of the Lamp." The locale is set in Limehouse, London. Although it might be said to encompass the world when it comes to the final analysis of the humans who trip gayly through the several scenes of dramatic effects directed by Mr. Griffith.

AT THE CAPITOL LAST NIGHT

The Capitol had a packed house last evening, for amateur night. The amateur possibilities are increasing in excellence as week succeeds week, and last night was no exception. The Imperial Male Quartette, composed of Messrs. E. Humpage, first tenor; Maurice H. Park, second tenor; J. A. Smith baritone and D. B. Brown bass; made their initial apearance at the Capitol last night, and rendered several numbers which received much applause, including "The Gates of Day" and a pretty Negro Lullaby. The Cassidy sisters formed the second amateur number, their performance getting the encores which always greet the appearance of these talented little dancers, who have a varied repertoire consisting of the Highland Fling the Sailor's Hornpipe, Gypsy, Clog and Dutch dances in appropriate costumes.

The regular vaudeville the Singing Mc... Boys, have an excellent all-round program of songs in good voice, both classical and popular numbers, some clever dialogue, step dancing and yodelling.

WITH GOOD ICE THE LINDSAY-PETERBORO' GO SHOULD BE A THRILLER

Cold weather is expected before Monday and the chances are that there will be a fast sheet of ice for the clash between the Lindsay crew and the P.A.A.A. outfit, which will open the intermediate O.H.A. season. Brock Street Rink will not be large enough to accomodate the crowd who will want to see he old feud between the to rivals reopened. Coombs and Company have always given the Petes a battle royal and last year they put the local crew on the shelf before the race had hardly got started. The Petes can't read anything like that to this season's story, and they will be out Monday night battling all the way. They are rapidly rounding into shape and should be able to go the route in good style.

Manager Smaill has not yet announced his line-up for the opening clash, but out of the bunch he has been working out should be able to select eight players who will give Mr. Coombs and his associates a merry evening. The reserved seat plan at Bond's is selling out rapidly.

DISTRICT SPORT COMMENT

(Lindsay Post)

How about a special train to Peterboro Monday night? It will be a holiday, and there should be a crowd. Besides the hockey boys would like to receive the encouragement.

—

Another good practice was held by the Juniors and Intermediates last night. The Juniors had a small army of players on hand, and the weeding out process will begin immediately. Last year's team is intact, and there are many good men trying to get a place. This is as hockey should be. The Intermediates had a fast, stiff, workout and are developing condition and sped.

—

"Snorts" Coombs is going stronger than ever this year, and will be a tower of strength to the Intermediates.

—

An effort is being made to land Dick Sutton and Art Carew turn out with the Intermediates. Both are good men.

—

Can Roy Sandercock come back Those who know Sandy best say he can. Last night he showed up well, and it will not be easy to keep him off the forward line.

—

Norris Green is showing speed and form this season. He should be a good man on the defence.

—

Three goalers were in uniform Thursday night for the Intermediates and another was ready to don the pads. Tubby Williamson who played goal some seven years ago, is showing well, and may be Mgr. Bob George's choice on Monday night. His namesake in the other nets is also coming along, while young Hudson has the earmarks of a goaler.

—

It is stated that Peterboro will have a bang-up team of ex-Peterboro boys on the ice Monday night. —and some others. It is expected that the Petes will have some "dark horses" this year.

The Intermediates are looking forward to the time when Flavelle and Lipsett recover from their colds as yet they have not donned the uniform.

—

One of the comers of the Junior line-up is Orville Ashton. This youngster will in all probability catch a place on the blue and white team this season. He is going fast, and developing into a splendid defence player.

OSHAWA, Dec. 29.—The curling rink was well patronized this week. The ice was in A 1 condition an a big bunch of the old enthusiasts were on hand, some of them with bells on. They selected skips for the occassion and chose up sides.

Some of the boys were'nt long in striking their old strides. Art Germond's opponents said they could lay the nicest bunh possible an Art would just close his eyes and let'ter go and away went their nicely laid plans and stones.

Dohney's stock went up several notches and Art Lambert showed that he had not forgotten where to lay 'em.

The curlers look for a great season at the good old game and by the way they're starting it looks as though they might capture the Governor-General's Cup.

—Oshawa Telegram

KINGSTON, Dec. 30.—Everything is in full swing at the curling rinks. Between now the 4th of January the curlers will spend their time playing scrub games. The new lightning system makes it a great deal better for the curlers.

HOCKEY

The Holy Name Society Junior O.H.A. team will play an exhibition game with the Lakefield Juniors in Lakefield on Tuesday night next, January 3rd.

The Wm. Hamilton A.C., City League champions journeyed to Lakefield on Thursday night and defeated the Lakefield Intermediates 9 to 4 in an interesting battle. The new Lakefield rink, especially the lightning facilities made a hit with the vistors. Walter Jackson refereed and the W.H.A.C. team lined up as follows:—

Goal—Murray; Defence—L. Rose, LeBarr; Centre—Collins; Right Wing—H. Graham; Left Wing—F. Graham; Subs—Bartley, Eadie.

MEGAPHONE USED BY WALTER SMAILL

WAS USED BY MEMBERS OF ONCE FAMOUS "SUICIDE CLUB"—PRESENTED TO P.A.A.A.

Did you notice the megaphone Walter Smaill used during the Belleville-Peterboro game? A few days ago, the megaphone was a horn for an Edison old-style talking machine, whic entertained the members of the once famous Suicide Club, out of which came the Strathcona Hockey Club, City Hockey League winners of a dozen years ago. The Suicide Club held forth in a "chapel" on the river's bank in "Frenchtown", immediately east of the new home for Red Arrow Tires Ltd. The Club always had the latest records, and by using a reproducer supplemented the catalogue, with homemade selections. The machine was owned by Roscoe Kendry, now of Ottawa, who was one of the original members of the Club. It changed hands a number of times, finally coming into the possession of one of the members of the P.A.A.A. Executive, who having regard for it's history and the associations of former days, gave the horn to Tom Ashby with instructions to convert it into a megaphone for use of Peterboro's Director of Athletics. Hockey players and numerous fans quite often shared in the hospitality of the Suicide Club. All will agree that the megaphone comes from good stock, and that it is worthy of the place of honor in which it finds itself.

CURLING

NEW YEAR'S GAMES.

SOME SEE BETTER TIMES, NEW YEAR

SUCH IS ENCOURAGING REPORT CANADIAN CREDIT MEN'S ASSN.

WINNIPEG, Dec. 13. — The old year is passing out with business conditions throughout Canada generally quiet. While it cannot by any means be taken as a lull before a storm, there are those who see better possibilities for earlier 1922, states the weekly trade report of the Canadian Credit Men's Trust Association.

Montreal, Quebec, Toronto and other parts of the East report wholesalers generally quiet, with travelling staffs in during the holidays. Some boot and shoe houses find orders fairly encouraging; ladies' and men's wear fairly active, and grocery lines active, while dry goods and others not immediately essential lines are very quiet, together with boots and shoes.

Conventions the Rule.

Winnipeg and the Prairie Provinces have had a quiet week between holidays. Wholesalers say business is still quiet, and many have taken the opportunity of covering their outside representatives. The general opinion seems to be that January will see quite a little revival and credit conditions permitting, better business in most lines.

Good Business, B. C.

Vancouver and British Columbia is exhaustively dealt with in the report, the association's branch in that Province having made a general canvass of its hundreds of members for data on the situation. Considering the poor canning season and the mining situation, business is considered by many very good. Many large houses report business well up to average of preceding years. Manufacturers in many lines say that when all things considered, little cause remains for complaint. They have a very good demand for materials. All say that prospects for 1922 are considered good. Retail trade generally report sales about 10 to 12 per cent. over same month of 1920. Building trades look for busy spring. Collections are slow, and the outlook in this respect for the early months of 1922 are not good.

EGYPTIAN STUDENTS HOLD DEMONSTRATION

VIENNA, Dec. 31. —(Canadian Press.)— Egyptian students at the university here, assisted by sympathizers, held a demonstration against Britain this afternoon and denounced the British attitude toward Egypt. The demonstrators were diverted from the British Legation.

HARDING ASKS FOR AGRICULTURAL CONFERENCE.

WASHINGTON, Dec. 31.—(Canadian Press.)— President Harding has asked Secretary Wallace of the Department of Agriculture, to call a national conference at Washington to "suggest practical ways of improvement" for "the severe agricultural depression which exists throughout the land."

STOLE COLLEGIATE RIFLES.

LINDSAY, Dec. 31.—Five military rifles and several hundred rounds of ammunition were recently stolen from the Collegiate Institute by a number of boys who broke into the arms room on a Saturday afternoon. Owing to the activities of Mr. Johnston, of the Collegiate, assisted by the police, the offenders have been apprehended.

The rifles were returned, although in a damaged condition. The barrels had been sawed off in an endeavor to make the guns less conspicuous. The ammunition had been buried in the town dump. The boys were last evening placed in the jail.

YOUNG GIRL LOCATED.

LINDSAY, Dec. 31. — Miss Irene English, a young girl who disappeared from her home in Ops township, where she lived with her sister, Mrs. Legeer, was found working in a Lindsay home. The family appealed to the press for aid in the matter and the young lady was located.

BOARDER SHOOTS HIS LANDLADY.

HOLLYOKE, Mass., December 31 (Canadian Press).— Frank Bedars ,aged 38, a boarder in the house of Mr. and Mrs. Leon Bourbe, inflicted three pistol wounds upon Mrs. Bourbe to-day, and ended his own life with the fourth shot.

No motive is known for the act.

NEWFOUNDLAND SCHOONER WRECKED ON SHORE.

ST. PIERRE, Miq., December 31 (Canadian Press).— The Newfoundland schooner Bohemia, with cargo of coal, is a wreck in the harbour here to-day, having been blown ashore by a hurrican during the night. The crew is safe.

PREMIER DRURY SENDS NEW YEAR'S GREETINGS.

TORONTO, December 31 (Canadian Press). — Through the Canadian Press, Premier Drury conveys the following New Year greetings to the people of Ontario:

"May the coming year be one of abundant happiness and prosperity to all the people of Ontario. May blessings of unity prevail in Canada and peace and goodwill throughout the whole world."

LEGISLATION TO PROTECT AUSTRALIAN SHIPPING.

SYDNEY, N.S.W., December 31 (Reuter's Cable). — The Federal constitution of the Australian Labour Party includes aims for legislation to protect Australian shipping against unfair competition, and demands the abolition of compulsory military service, and that no forces serve outside Australia.

SHOOTING MATCH.

A shooting match was held this week at the farm of Mr. C. J. Hancock. Eight turkeys and four [illegible] ers were up for competition. Gillespie headed the list with [illegible] turkeys to his credit; Alex. E[illegible] son, Milton Sherwin, Wilbert [illegible] bury, Max Archer and Ernest McManus each won one of the remaining turkeys. The four roosters were shot for by the younger boys and one young sharpshooter cleaned up the whole lot. Everyone present reported a good time, and they expect to hold another meet after New Year's.

A THANK YOU.

The officers of the P.A.A.A. in charge of the hockey for the season, as well as the officers of the Holy Name Society hockey team, desire to thank the management of the Brock Street Rink for their consideration of the hockey teams so far this season.

The holding of the ice for hockey practices is appreciated, and the skating public who have missed several opportunities to skate will be repaid by the good brand of hockey the teams in the different series will put up.

The man dashed down the [illegible] lor of the sleeping car call[illegible] Has any one any whiskey? A lady has fainted in the next car."

A flask was handed him.

He took a liberal drink, returned the flask and remarked.

"It always upsets me so to see a lady faint."

A SAFE MAN FOR ALDERMAN

MR. MELVILLE TURNER THE PROMISING YOUNG BUSINESS MAN

In asking the electorate to support and vote for him for the office of Alderman of the city, Mr. Melville Turner comes before them well and favorably recommended by those who know him personally. To those to whom he may be a comparative new aspirant for municipal honors, it is safe to say that he is a young man of shrewd judgment, sound morals, and mature views.

Mr. Turner is one of Peterborough's promising young business men, born and resided in the city continuously, and whose material interests are centred there. He has taken a live interest in municipal questions and familiarized himself with the various civic problems as they have developed.

To the business community, it is hardly necessary to refer to Mr. Turner as he is a young man square in his dealings, and fairly critical, being a member of the well-known heating and plumbing firm of W. R. Turner and Son, Simcoe Street. To those to whom he may be personally a stranger, it may be truthfully said of him, that he has developed a good grasp of the duties incumbent upon an honest aspirant to the Aldermanic chair. He is blessed with firmness, a conscientious regard for honor, and is broad-minded. If elected, Mr. Turner may be counted upon as a safe man on all questions. He is making no rash promises to the electors to catch votes, and may be relied upon to stand firm in watching the best interests of the city round the Council board.—Advt.

I WISH to extend to all my customers my hearty wishes for a very bright and prosperous New Year.

that this New Year may be the best you have ever spent in every sense of the word, and that new joys may ring in with the birth of each succeeding day. **In order that you may enjoy the coming year to the fullest extent, it is essential that you be Healthy.** Your Spine is the line-shaft of your body, and it is necessary that your Spine be kept in normal alignment if you expect to enjoy good Health, because if a segment of the Spine is slightly out of alignment it will cause pressure upon nerve fibres, and the result will be abnormal functioning of the organs and tissues supplied by those impinged nerves. Chiropractic Spinal Adjustments will release this nerve pressure, thus permitting you to enjoy the maximum Health.

GOOD HEALTH IS THE MOST VALUABLE ASSET YOU CAN POSSESS.

Chiropractic Adjustments will do much towards helping you to regain your Health, and enabling you to enjoy that degree of happiness and prosperity which makes life worth while.

TO REOPEN THE TREATY DISCUSSIONS

AFTER AN ADJOURNMENT OF TEN DAYS—OVERWHELMING SENTIMENT IN FAVOUR OF RATIFICATION.

COMMENT BY PRESS

DUBLIN, Jan. 3. — (Canadian Press).—After an adjournment of twelve days, members of the Dail Eireann met this morning to resume a discussion of the treaty with Great Britain. A review of the attitude taken by the Irish people at large would seem to indicate an overwhelming sentiment in favor of ratification. Since the treaty was signed, 101 public bodies have given it approval. Yesterday the County Councils of Limerick, North Tipperary, Tyrone, Louth and Wexford joined the chorus. Newspapers today appealed to the members of the Dail to heed the necessities of the country.

Denouncing the treaty, Art. O'Connor, South Kildare, declared that those outside "howling at the Dail to support the treaty" were men who had never done anything for the country. Michael Collins jumped up and exclaimed, "Farmers have a right to speak. Their houses have been burned all over the country."

Pierce Beasley, County Kerry, favored the treaty, and declared there had been no suggestion of an alternative policy, or constructive statesmanship or any indication of what would be done if it were rejected. Griffith and Collins, he said, had real vision "to sense this Irish nation trying to be born," and they realized that the nation was not an arid abstraction but a thing of flesh and blood. He concluded by accusing the opponents of the pact of lack of sense and representative responsibility to the nation.

MR. BUTCHER RETIRING AS CARETAKER OF ST. JOHN'S.

Mr. John Butcher, who has been caretaken of St. John's Church for the past 39 years, is relinquishing his duty as caretaker, but his services are being retained to ring the Chimes on Sundays and any other time it may be necessary.

Rev. Dr. Blagrave made feeling reference on Sunday to the long years of service Mr. Butcher had rendered in St. John's, speaking eulogistically of his work as a man and of the fine qualities of loyalty and devetion which he had always displayed.

Terms have been arranged with Mr. Butcher for ringing the Chimes, which are entirely satisfactory to him and to the authorities of the Church. Mr. Ford has been appointed to succeed Mr. Butcher as caretaker.

CONFERENCE DEALS WITH NEW ISSUES

DELEGATES HAD A BRIEF HOLIDAY OVER THE NEW YEAR—PEOPLE ASKED TO PRAY FOR RATIFICATION OF IRISH TREATY

TELERRAPH BRIEFS

WASHINGTON, Jan. 3.—(Canadian Press).—The Armament Conference resumed work to-day after a brief holiday over the New Year. The Committee on the Reduction of Naval Armaments expects to receive the views of the French, Italian and Japanese delegates on three articles of the Root resolution dealing with the submarine issue and the Balfour amendment.

PRAY FOR RATIFICATION.

BELFAST, Jan. 3. — (Canadian Press).—Cardinal Logue, in Armagh Cathedral yesterday, asked the people to pray for the ratification of the Irish treaty, and declared that it gave all that was necessary for the welfare and progress of Ireland.

RESULTS ENCOURAGING.

LONDON, Jan. 3. — (Canadian Press).—The Archbishop of Canterbury regards the reception given the appeal of the Lambeth Conference for Christian re-union as affording ground for unreserved encouragement. Roman and Eastern Churches, he announced, have the appeal before them.

THANKS CANADIAN PEOPLE.

OTTAWA, Jan. 3. — (Canadian Press).—Replying to a message forwarded by the Governor-General on behalf of Canadian people, His Majesty the King sent best thanks to the Government of Canada and Canadian people for their loyal message of greetings for New Year, and offered his best wishes for their prosperity.

KILLED BY AUTOMOBILE.

HAMILTON, Jan. 3.—(Canadian Press).—While waiting for a street car this morning at Lincoln and Barton Streets, Miss Pryde Erickson, Bellview Avenue, was struck by an automobile driven by Mathew Cliff, and almost instantly killed. It is stated that Miss Erickson became confused when the car approached, and stepped directly in its way. Cliff was detained for a time by the police, but no charge was laid against him.

D O'CONNELL, K.C.

G. N. GORDON, K.C., M.P.

INCLUDED IN LIST OF NEW YEAR'S HONOURS.

The list of New Year's honours yesterday included the name of Mr. D. O'Connell, of Toronto, formerly of Peterborough. Mr. O'Connell will be congratulated by his numerous friends and admirers in the city on a well-deserved honour. He was for twenty years associated with the law courts here, and was considered one of the most brilliant of the city's legal practitioners. Starting in alone in his practice, he had as partners at various times Mr. Larry O'Connor, of Lindsay, Mr. F. D. Kerr, also a K.C. of recent date, Mr. G. N. Gordon, M.P., of Peterborough, and Mr. John Corkery. He was a member of the City Council of Peterborough at one time, and took an active part in all endeavours for the betterment of municipal affairs. At the death of Judge Weller, Mr. O'Connell acted as Judge here until the appointment of Judge Huycke. He will be remembered as an eloquent and authoritative speaker and lecturer on educational subjects, and has spoken at various times at large gatherings of the Knights of Columbus, of which he was a member, and also at various non-sectarian gatherings. Since removing to Toronto, he has often been a visitor in Peterborough Courts in his capacity as expert legal adviser.

Mr. G. N. Gordon M.P., was yesterday made one of His Majesty's King's Counsel, making the fourth K.C. to be appointed in Peterborough during the year—Messrs. R. R. Hall, G. W. Hatton, and F. D. Kerr having been honoured in this way last fall.

Mr. Gordon's advance in the legal profession, since his call to the Bar in 1906, has been steady and rapid. As a jury lawyer, he has had a marked success, and his appointment will doubtless be a popular one. Notwithstanding his large practice, Mr. Gordon has given time to public affairs, including membership on the City Council and the Board of Education, where his record in municipal undertakings has been as successful as his efforts in professional life, his special success being manifest in his working connection with the Manufacturers' Committee of the Council, in which he was successful in locating several new industries in Peterborough. His spectacular victory last February as a successful candidate for the Federal House brought him special notice from all parts of the Dominion, and his recent second triumph within the year, with a majority of over 2,000, is sufficient guarantee of popular approval. In his record of success, with its promise of future increasing honours, Peterborough has an approving share.

D. W. DUMBLE HONOURED ON RETIREMENT FROM OFFICE

WAS THE SUBJECT OF A PRESENTATION AND MANY EULOGISTIC REFERENCES AT FAREWELL GATHERING ON SATURDAY AFTERNOON.

LONG YEARS IN PUBLIC SERVICE

Although his actual physical presence will no longer dominate the Police Court room where for 39 years he was the presiding officer, the memory of David Wlliam Dumble will remain green for many years in the minds of those who have been associated with him during his long period of office. His staunch integrity, his unbending sense of fairness and justice, his carrying out in his work of the light as it was vouchsafed to him, will not soon be forgotten either by those who shared his toil or those who heard the sentences which he always strove to make commensurate to the crime and the circumstances surrounding it. 'A just man", than which no higher praise can be given, might well be written as Finis to the career of D. W. Dumble as Police Magistrate of Peterboro, with few dissenting voices from those who remember the long and honorable career of the sturdy little dean of the bar.

On Saturday afternoon, during his last day of office, the affection admiration and respect in which the veteran magistrate is held were fittingly shown in a very tangible way when the Police Department, the City Officials and the members of the Bar gathered together in his honor and presented him with a handsome silver and gold fruit bowl, with many good wshes and much sincere commendation at this, the official close of a long and useful career in a difficult position in the community. It was an occasion somewhat grave, and at the same time, as City Solicitor Widdifield remarked, it should be a joyous one to see one who had served so long receiving a well-earned rest.

Chinamen In Fight

OPIUM PIPE WAS USED AS ONE WEAPON OF ATTACK — THE POLICE COURT STORY.

WEEK'S REMAND

A brisk presage of arms between two Chinese, armed respectively with an opium pipe and a broom, occurred in Lee Sing's laundry, Charlotte Street, at noon Saturday. The dope stick won, and as a result, Chin Ming found himself, his head swathed in innumerable bandages, in Police Court to-day, and Lee Pong, his former partner, in the dock, was charged with assaulting and occasioning actual bodily harm.

Pong was leaving for China Saturday night, and, it is said, the fight started in a wrangle over some money. Ming was treasurer of the concern, and he stoutly refused to meet Pong's demands. When Ming was sweeping up, Pong seized the long, heavy bamboo pipe, and, swinging it over his head, made a direct attack on the sweeper. Ming parried as best he could with the broom, but eventually went down with a deep cut in his head. The bowl of the pipe consists of a small brass tube about two inches long, and the injury received to Ming's cranium was not a slight one.

Remanded For Week.

However, he was in a condition to give evidence this morning, but was not called upon. Pong was remanded for a week, and bail was refused.

Accused did not plead or elect. Mr. J. O'Brien, representing him, said he was prepared to pay the doctor and reimburse Ming for the time lost. He wanted the charge withdrawn, but the best he could get from Magistrate O. A. Langley was a week's remand.

Crown Atorney G. W. Hatton, in brief felicitations, to-day welcomed Magistrate O. A. Langley to the bench, and said he felt sure he would be able to live up to the high standard set by the two preceding magistrates.

J. O'Brien declared if the Magistrate kept up the fine record he had made on the county bench, he would carry on the new duties successfully and to the complete satisfaction of every one.

The police force, Chief Newhall promised, would continue its efficiency, and he believed the same happy relations that existed with the former Magistrate would be continued.

"To my faults a little blind—to my virtues very kind." This was Magistrate O. A. Langley's request of all who are in any way connected with the Police Court. He hoped the force would always be at its high standard, and he reminded the officers that while he was to stand unswayed between prosecution and accused, the force were particularly on the side of the prosecution. His Worship also took a stand for adequate police salaries. "If a man is doing his duty he should be well paid. If he is not, he should be dismissed."

FIRE DESTROYS A FRAME BARN

TWO TONS OF HAY WENT UP IN SMOKE—CARS SAVED

A frame barn, owned by Harry Denne, but let to Fred. Doughty and sub-let to others, at the rear of 305 George Street, just below King, was desroyed by fire last night. The loss, which includes two tons of hay, is covered by insurance. The fire broke out suddenly at 7.30 p.m., and was well under way before discovered. A horse and harness and two automobiles, owned by Mr. Doughty and Frank Doukas, which were in the barn, were saved. The alarm was rung in from Box 21. Two lines of hose were laid by the fire department, and one line was used in protecting the adjoining sheds of the Peter Hamilton Co. Spontaneous combustion is believed to have been the cause of the fire.

The municipal elections in Peterborough on Monday, and their foregoing results, produced considerable interest, a few surprises and eventually, perhaps, the administrative success which the ratepayers hope for and the city positively needs.

First in the list of surprises was the close Mayoralty contest between W. H. Taylor and J. J. Turner. After the unusual issue of the election two years ago, when Mr. Taylor and A. A. McIntyre emerged from the polls with 1,483 votes apiece, requiring City Clerk Armstrong to cast the deciding ballot, it was scarcely expected that this year's race would approach it in excitement. And yet the candidates were practically tied with only two polls to hear from. These were in Ashburnham, and some of Mr. Turner's supporters, who were among the eager crowd at the City Hall, clung to the hope that the East Ward might turn the tide in his favor.

Up to that point the race past the polls as the returns came in had been just as exciting as that of 1920, but the finish was decisive. Two years ago, it will be remembered, Mr. Taylor was regarded as elected, although the result was doubtful, when the figures had been counted for the last time on election night. The City Clerk's official count on the following day disclosed the tie, and his decision was given in favor of Mr. McIntyre, who was thereby declared Mayor.

One of the sub-divisions that kept the crowd impatient last night went strongly for McIntyre two years ago. When it was finally reported last night it was something of a plumper for Mr. Taylor, and the other poll, with a margin of thirteen for Mr. Turner, did not materially affect the result. According to the first draft figures, which were accepted as cor-

CALEDONIAN CLUB HELD A DANCE

HIGHLAND REGALIA ADDED A BRIGHT NOTE TO COLOR SCHEME

About 150 of the members and friends of the Caledonian Club assembled at the G.W.V.A. Hall at four o'clock yesterday afternoon and kept up a jolly celebration of music and dancing until nearly midnight, in pursuit of their yearly custom of holding a Hogmanay dance at the New Year.

The affair was opened with the singing of "A Guid New Year tae Ane and A'" by the assembled company, followed by the forming of a "Circassian Circle" in the real old style, which was the prelude of an evening of old-fashioned dances, including quadrilles, foursome and eightsome reels, Highland flings and schottisches, interspersed with a few modern waltzes, fox-trots and one-steps. Fine music for dancing was provided by Mrs. Hyde's orchestra, with Mrs. Hyde at the piano, Mr. A. Hartshorn, violin, and Mr. R. French, drum. Variations in the form of vocal solos were introduced during the evening by Messrs. Jno. Smith and Wm. Thompson (Peterborough's Harry Lauder), and small Billy Petrie, who delighted his audience with a five-year-old rendition of "Peggy O'Neil."

Supper was served by the Ladies' Auxiliary, who supervised the excellent arrangements for same, and Messrs. Burgess and Ralston acted as masters of ceremonies. The large number of children present in Scotch attire, and the two men in full Highland regalia, added a bright note of color to the scene.

SKATING AT BROCK ST. RINK TO-NIGHT

ICE IN FINE SHAPE — LUNCH BOOTH OPENED UP

There will be skating at Brock Street Rink to-night, with the band in attendance. The ice is fine, and a big crowd will no doubt be on hand, as the season has just opened. The Rink management has opened a booth, where all kinds of soft drinks, hot drinks, sandwiches, candies etc., may be obtained.—Advt.

THE WEATHER

Since the issue of Saturday's paper we have experienced some cold weather. On Sunday the temperature hovered a little above the zero mark. The lowest it got was 3 above. Monday morning brought a decided change, with 17 degrees below zero. The highest reached on Monday was 7 above zero. Last night's lowest point was 6 below zero. It had become considerably milder toward daybreak, with a prospect of still milder with snow.—W.P.

MR. E. B. FOWLER'S CARD OF THANKS

TO THE ELECTORS.

I appreciate the confidence placed in me by the Electors, as shown by the vote polled yesterday.

I realize the responsibility which the Electors have asked me to assume, and I shall endeavour to discharge my duties as a member of the Board of Education to the best of my ability.

Thanking you, and wishing you all a Happy New Year.

E. BRUCE FOWLER.

My Best Thanks

My hearty thanks are extended to all who, by their support, helped to elect me as Reeve of North Monaghan for the coming year.

It will be my endeavour to unite the interests of both Rural and City Suburbs under as efficient administration as possible, and I wish to all the Compliments of the Season.

H. B. RYE.

Card of Thanks

I sincerely thank all my Supporters in the Election for Deputy-Reeve of North Monaghan. I appreciate their good will, and extend to all my best wishes for a prosperous New Year.

FRED H. ROWAN.

Card of Thanks

I heartily appreciate the splendid vote that was given me in the Aldermanic race, and though not elected, I feel encouraged at the amount of support I received. I assure my Supporters and the Citizens generally that I will be behind the men who were elected in every way that I can. Wishing you all the Compliments of the Season.—I am,

Faithfully yours,

J. O. FIFE.

Notice To Companies

All incorporated companies are notified that at the last session of the Legislature The Ontario Companies Act was amended as follows:

On or before the first day of February in each and every year, every corporation, whether incorporated under the laws of Ontario or otherwise, which has its head or other office or is doing business, or any part thereof, in the Province of Ontario, and not being a corporation liable to payment of taxes under The Corporations Tax Act, shall without notice or demand to that effect make out, verify and deliver to the Provincial Secretary on or before the 8th day of February each year a detailed statement or return containing certain information as of the 31st day of December next preceding.

If a corporation makes default in complying with the above, such corporation shall be liable to a penalty under Section 135 of The Ontario Companies Act.

Blank forms for making the above return may be obtained on application at the Provincial Secretary's office, Parliament Buildings, Toronto.

Dated at Toronto this 22nd day of December, 1921.

H. C. NIXON,
Provincial Secretary.

TODAY'S NEWS OF THE DISTRICT

ARKWORTH HAS OST OF VISITORS FOR THE HOLIDAYS

OLIDAY ENTERTAINMENTS IN THE SCHOOLS—DISTRIBUTION OF GIFTS BY GIRL GUIDES.

WARKWORTH, Jan. 3. — The continuation class of Warkworth school held their closing in the form of a concert, followed by coffee and cake. The principal and assistant, Miss McTurk and Miss Twomey, were ably assisted by Mrs. Goodrich and Mrs. (Dr.) Armstrong. Miss McTurk is spending her holidays at her home in Copper Cliff, Miss Twomey at Omemee.

Presentations.

The junnor rooms of the Public school were presented with oranges and candy from their respective teachers. Miss A. Mowat was presented with a piece of ivory by her pupils. Her room enjoyed a real Christmas tree.

Entertainments.

On Friday evening before Christmas, the Mission Band of the Methodist church gave an entertainment that was a credit to those getting it up, Mrs. Swale, Mrs. Richards and Mrs. Harper, the superintendent of the Band. The programme was mostly missionary. The proceeds amounted to $19. Santa Claus, in the person of Mr. W. J. Harper, presented the gifts from the tree. Mrs. Harper received a cut glass dish from the members of the Band.

Distribtued Gifts.

On Monday mroning the Girl Guides met at the parsonage and were taken for a drive around the village, distributing flowers and gifts to the aged and sick. More than an hour was thus passed happily and usefully away. All present were marked for a good turn done.

Held a Meeting.

Monday evening the Boy Scouts held a meeting in the rooms of the Women's Inst.tute. A smaller number than usual were present. Rev. Mr. Kemp, chairman of the Badge committee, made such arrangements that the boys can proceed in their ...ifying for proficiency badges. ...C. V. M...

CONSOLIDATED SCHOOLS.

Minden Echo: On Thursday of last week, 22nd December, a vote by the rate-payers of School Sections 1, 6, and 7, in Cardiff Township, was taken on the subject of Consolidation of the three school sections, and in each case the vote was unanimous for consolidation. A site for the new school building will be chosen in the near future, probably on the shore of beautiful Paudash Lake.

The Education Department will build the new building, which will be strictly modern in both appointments and architecture, and large enough to accommodate the thirty-one children in the consolidated area, and a teacher with at least a second-class certificate will be in charge.

Fifth class work will be provided for as soon as there are children ready for it. The children from the two outlying sections will be conveyed to the new school in two vans, the furthest distance being less than five miles.

NEWS FROM CENTREVILLE

U. F. O. SOCIAL AND DANCE—SPEECH BY W. LUCAS, M.P.

CENTREVILLE, Jan. 3.—Another big event took place in the municipal hall, Centreville, on Friday night, when George Berry presided over a crowded attendance. A short programme of entertainment was provided and enjoyed, after which W. Lucas, M.P. for Victoria, Alberta, spoke. Mr. Lucas is visiting his old home in Bailieboro, and a host of old friends in the meeting welcomed him heartily.

In a three-cornered contest he won his riding for the Progressives by a majority of 8,600 over the other two candidates. Mr. Lucas, in the course of an able address, imparted a good deal of information about political conditions in the west. The U.F.O. has swept that province and is still building up a strong organization. Each constituency, however, is self-governing and suffers no outside interference. Even though defeated politically, the speaker prophesied that the organization would continue. Mr. Lucas confessed his indebtedness to the old Literary Society of Centreville, and the Rev. A. H. McConnachie, in a brief address, sought to press home the lesson.

A debate was then staged, entitled, "Resolved, that the silo has advantages for the average farmer." Affirmative, Wm. Belch and Willis Hall; negative, Wesley Bradshaw and Wordy Porter. The debaters handled the subject well and the audience was left to judge as to the merits and demerits of the silo. Another debate and social is projected for the 20th January.

RESULTS OF CONFERENCE

DELEGATES DENY CHARGES OF SECRET FRENCH-JAPANESE UNDERSTANDING FOR PERPETUATION OF JAPANESE CONTROL IN SIBERIA.

BARRIERS REMAIN

WASHINGTON, Jan. 3.—(Canadian Press)—While practically all the machinery of the Arms Conference stood still over the New Year's holiday, the unofficial delegation of the Far Eastern Republic took advantage of the lull to press their charges of a secret French-Japanese understanding for perpetuation of Japanese control of Siberia.

The Far Eastern delegates declared that proof of their charges already denied by both the French and Japanese delegates, could be obtained by examination of original documents in the archieves of the Far Eastern Government at Chita. They suggested that such an inquiry be made by United States consular officials, so that the results might be known to the Conference when it takes up consideration of Siberian problems.

With the naval settlement in final form, there seems to be general confidence that the Far Eastern slate can be wiped clean in time to permit adjournment of the Conference by about the middle of January. The Shantung deadlock remains the greates barrier to a Far Eastern accord, but the Japanese expressed renewed hope of a settlement tonight and the Chinese held to their refusal to regard the present impasse as a final failure to agree.

ACTRESS TELLS SECRET

Tells How to Darken Gray Hair With a Home-Made Mixture.

Joicey Williams, the well-known American actress, recently made the following statement about gray hair and how to darken it, with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken gray, streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Orlex Compound, and ¼ ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

TUESDAY, JANUARY 3RD, 1922.

A LONG RECORD.

After serving for almost forty years as police magistrate of Peterborough, Mr. D. W. Dumble on Saturday relinquished the duties of his position. His record has been a remarkable one. It is given to very few men to occupy such a responsible office for so long a term and the fact that Mr. Dumble has still been carrying on successfully, although more than a decade past the alloted three score years and ten, is a remarable proof of his vitality. The good wishes of the community are with the retiring magistrate, whose years of faithful service, at a remuneration, it may be remarked, that was not in accordance with the responsibility involved, earned him the gratitude of his fellow citizens.

THE DEFEATED CANDIDATES.

Candidates for the various municipal offices who were unsuccessful yesterday, have no reason to feel disconsolate at the result. They at least have the satisfaction of knowing that they showed themselves, by their accepting nomination and entering the fight, far more public-spirit than dozens of other citizens who were urged to offer their services and declined to take the plunge. Our system of civic government depends upon voluntary service and it should be regarded as a proof of real citizenship when men come forward, willing to face the risk of defeat and ready to accept the responsibilities of office. Failure to secure election under such circumstances contains no hint of discredit or of lost prestige. Rather should those candidates who were outvoted yesterday be remembered as men who realized the full duty of citizenship and, so far as they were coucerned, discharged their responsibility. They could do no more than offer themselves and by doing that they have earned more gratitude from their fellow citizens than yesterday's vote would seem to presage.

THE OUTLOOK.

Peterborough enters the New Year, suffering somewhat from the industrial depression that is practically world wide, and yet the future is not without its bright ray of hope. There are necessarily many homes in which circumstances are straightened for the present, but regrettable as these conditions are, there is the consolation that the more fortunately situated citizens have realized the need for action and that relief work on a business-like and systematic basis is being undertaken. These efforts should minimize the effect of the unemployment crisis, and with the passage of the next two months, Peterborough should be once more on the road to normalcy and prosperity. The development of several new local industries, one of which is expected to offer employment to some four hundred workers, is an encouraging feature of the situation, and there are surface indications that in other factories the spring may bring an influx of new business that will set the wheels turning merrily once more. With the co-operative effort of those who are in a position to help, the critical winter months should be safely negotiated and with the re-opening of outdoor work and a revival, in some at least, of the local industries, there will be a material improvement in the situation. There is no reason to be pessimistic as to the future.

THE LOCAL ELECTIONS.

Peterborough chose its civic government for 1922 yesterday and the annual municipal sweepstakes was not without its element of surprise, chief among which was the splendid showing made by Ald.-Elect E. M. Turner, a young man with no previous experience in public office, who easily headed the polls in the aldermanic field of eleven candidates. Walter Stocker, in his initial venture into municipal politics, also found much favour with the electorate and finished in second place.

The Mayoralty contest furnished an exciting race, undecided until the very last poll was heard from, and returning W. H. Taylor who, two years ago, ran a dead heat with A. A. McIntyre. The Mayor-elect piled up a big majority in his home ward and pulled a larger share of support in the other secitons of the city than he was expected to do. It was one of the closest fights for the chief magistrate, he is a successful of the city. Mayor-elect Taylor has had three years' experience in the Council and is familiar with the duties of the positilon. The loss of Mr. Turner's services, after six years' work on the aldermanic board, will be regretted, but both men obviously could not win, and the choice of the majority is Mr. Taylor. He should have the support of the citizens generally in carrying out his duties.

As a result of the aldermanic contest there will be four new faces in the Council this year. E. M. Turner, who headed the polls, Walter Stocker who was second, Malcolm McIntyre and Dr. Holloway, were the new aspirants to reach the peak of success, although Mr. McIntyre can not be termed a recruit alderman, as he has previously sat in the Council. Ald. Phelan, appointed to the Council to succeed his father, received the endorsation of the ratepayers for his work, and a fresh mandate to carry on for two years. His colleague, ex-Ald. Jones, was not so successful, finishing just outside the mark, but as the new Council will have to select a successor to ex-Ald. Turner, Mr. Jones, as the highest of the defeated candidates, may perhaps be back on the board of aldermen before long. The new aldermen are citizens who seem to possess the necessary qualities for the positions to which they were elected, and all four should prove valuable additions to the Council.

The election of ex-Mayor Bradburn to the Utilities Commission by a substantial majority, is a matter upon which the citizens are to be congratulated. Mr. Bradburn did excellent work in the Council and as chief magistrate, he is a successfuul business man, and his knowledge of municipal affairs and his keen interest in Peterborough's welfare are valuable assets that should be of great benefit in the deliberations of the commission.

Two new members have been returned to the Board of Education, Joseph Wearing and E. B. Fowler, both well known citizens, who are of the types that should make splendid material for the Board. The three old members who were returned were Dr. Neal, whose popularity was demonstrated by the large vote which put him at the top of the polls, Mrs. W. R. Morris and J. W. Worth. E. G. Patterson, after much good service on the Board, was the unsuccessful candidate in yesterday's field of six.

AGITATION AND THE BRITISH EMPIRE.

No one not tinged with Bolshevism really believes that Lenin and his friends, in Russia and out of it, have abandoned the hope of reducing the world to their own economic level. The way they chose to bring this about was to attack those countries where law and order was most firmly entrenched, but where a great diversity of peoples made agitation not only possible, but likely to bring results. This explains to any reasoning mind, the development of discontent, or the magnifying of discontent, throughout the British Empire. It is needless to say that the discontent, exploited for its news value in our newspapers, needed not to be serious so long as it was spectacular.

A perfect illustration of this is given in the current number of Barron's, which explodes the alleged patriotic boycott of British goods in India:

"In the armistice year 1918-19 the British (United Kingdom) exports to India touched the lowest proportion during the war years. They amounted then to 46 per cent. of what India imported from foreign countries. But now in the face of the much-paraded boycott the proportion for 1920-21 has risen to 61 per cent. of the whole. In that fiscal year the United Kingdom alone shipped to India no less than £204,000,000 worth of goods, of which 95 per cent. represented manufactured articles. In spite of the war, in spite of the very real increase in Japanese and American competition, the British imports into India are now only 3 per cent. less than they were in 1913-14."

In a similar way the visit of the Prince of Wales to India has been exploited. Its success in the difficult native states of India, where British suzerainty is essentially moral and not military, is the most astonishing tribute to the solidarity of the British Empire since its truly independent commonwealths threw in their lot with the Mother Country during the Great War. But what our newspapers publish apparently are accounts of any childish bazaar riots which take place in any large city in India, if only the Prince of Wales is within a hundred miles, or even what looks like a hundred miles on an American map.

There is at least a hope of peace in Ireland. The agitator is nothing if not inconsistent. It is therefore announced that the new Irish Free State will "have to come to terms" with communism in the Irish labor unions. The labor unions hardly amount to a hill of beans in a country so overwhelmingly agrarian. But once more the Bolshevist press agent is successful, and newspapers, with no knowledge of geography or history play into his hands. Of course this is addressed to people who know better. Wall Street was never silly enough to sell the Brit--Empire short. It buys the pound sterling when it sells marks. Perhaps Wall Street's enduring advantage over other parts of the country is a sense of proportion.—Wall Street Journal.

EDITORIAL NOTES.

Don't forget to write it 1922.

How are the New Year's resolutions getting along?

It was a cold morning for everybody yesterday, and a chilly night for a lot of municipal candidates.

Defeated candidates can console themselves with the story of the young fellow who tried to enlist in the great war and was rejected because his chest was not expansive enough. "Don't blame me if you lose the war," he declared indignantly as he left the recruiting office.

Jimmy Simpson was not beaten in the Toronto elections yesterday. He didn't run.

It is not likely that any of the new Cabinet Ministers will be opposed. Canadians everywhere are "fed up" with elections.

The Spineless Dub

YOU HAVE often heard.
SOMEONE SAY about someone.
THAT HE was.
A POOR spineless dub.
AND YOU knew.
HE WAS speaking.
ABOUT SOMEONE.
WHO HAD no pep.
NO "GIT up and git."
HOW SUCH people came.
TO BE so dubbed.
NO ONE knows.
SOMEONE, SOMETIME, somewhere.
HAD AN inspiration.

UNCONCIOUSLY SOLVED the problem.
CAME TO the conclusion.
THAT WHEN people are.
PHYSICALLY OR morally weak.
LACKING IN courage or pep.
THERE IS something wrong.
WITH THEIR spines.
THEN CAME the osteopath.
AND PROVED all this.
FOR HE got hold.
OF PEOPLE'S backbones.
AND ADJUSTED them.
AND MADE real men and women.
OF THOSE spineless creatures.

You might as well go into a battle unarmed as to tackle the problems of existence with a spine that is not in proper adjustment, and we know there are few, if any, that are just right.

The condition of your spine is the exact measure of your efficiency. There is no detour around the proposition that if you have a single tightened joint in your body it subtracts a definite percentage from your physical and mental efficiency, lowers your pep just so much.

A perfect spine would mean perfect health.

HAPPENINGS IN NORWOOD

NORWOOD, Jan. 3.—Mr. Wesley Patterson and family, who arrived in town about a week ago on a visit to his parents, Mr. and Mrs. John Patterson, received a telegram on Saturday, informing him that his general store and post office at Dummer, Sask., had been burned. Mr. Patterson left on the afternoon train the same day for his home in the West.

Pie Social.

The U.F.Y.P.O. of this district held a very successful pie social in the Council Chambers on Friday night last, when about fifty of the members were present.

In the Churches.

The services in the Presbyterian Church on Sunday were very interesting. In the morning Rev. Mr. Wesley, the pastor, gave a splendid address, taking for his text the words, "Ye have not passed this way heretofore," Joshua iii., 4.

In the evening there were two addresses given, one by Miss Murray, a returned missionary from West Africa, and a former fellow worker with Mary Slessor, and at the present time a worker in the "Strangers' Department" of the W.M.S. of the Presbyterian Church in Toronto.

The other address was given by Mr. Henderson, organizer and secretary of the Shantymen's Christian Association. Mr. Henderson is also of Toronto.

Both addresses were very interesting and were very much enjoyed by all who heard them.

The W. M. S. of the Methodist Church will hold their regular meeting on Wednesday afternoon at the home of Mrs. R. Lawlor, Queen Street.

Personal Mention.

Miss Blanche Wildman visited friends in Peterborough last week.

Misses Edith and Mabel Puffer spent last week in Havelock, guests at the home of their brother, Mr. Bruce Puffer.

Mrs. B. W. Squire was in Peterborough on Saturday.

Mr. Raymond Rogers returned home on Thursday night from Nichols Hospital, Peterborough.

Rev. O'Connor Fenton and family arrived in town on Wednesday, and will occupy for a few months Mrs. George Grover's home at Balsam Farm. Mr. Fenton is the new Anglican pastor recently appointed to this charge by the Bishop.

Mr. and Mrs. Charlie Miller and daughter, Marjory, went to Longford on Saturday to spend New Year's Day with Mr. Miller's mother before going to their home in Spragg.

Mrs. Maye Hall, of Picton, is visiting at the home of Mr. and Mrs. J. F. Pearce.

Mr. and Mrs. Thos. Clarke left on Saturday to spend a couple of weeks with their son at Port Perry.

Mr. and Mrs. Leo McNichol, who have been holiday guests of the former's parents, left on Monday for Montreal, where they will spend a few days before returning to their home in New York.

onstipation is caused by a d condition of the liver. Dos- with salts, castor oil, etc., to the bowels, cannot afford than temporary relief.

If you are to rid yourself of ailment and the scores of an- g symptoms and diseases come in its wake, it is ary to get the liver right by treatment as is suggested in letter:

Mrs. Alvin Richards, R. R. No. 1, Seeley's Bay, Ont., writes:

"For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

ANNIVERSARY SERVICES OF THE METHODIST SUNDAY SCHOOL —REPORTS FOR THE QUARTER

MILLBROOK, Jan. 3.—The anniversary services of the Methodist Sunday School were held on Sunday, January 1, when the Rev. Archer Wallace, of Toronto, associate editor of Sunday school periodicals, preached morning and evening, and also addressed a mass meeting of the school in the afternoon. All the services were well attended, and the choir had prepared special music for the occasion, the anthem in the morning being, "Hark, the Herald Angels Sing," Mrs. G. W. Sayles and Miss A. Stewart taking the duet part, and after the sermon a male quartette, "Are you Sowing the Seeds of the Kingdom?" was rendered by Messrs. F. Alcorn, A. Richards, J. L. and Lloyd Byam.

After reading the 103rd Psalm responsively, Mr. Wallace gave a five-minute address to the boys and girls o Billie Owed Mother." The text for the morning's servon was from Prov. 29:18, "Where there is no vision the people perish," and coupled with it these words from Psalm 107:43, "Who so is wise, and will observe these things, even they shall understand the loving kindness of the Lord."

Few Observe

Everybody sees, the speaker stated, but few "observe," and the latter faculty is the difference between animal life and man; for man has "vision," enabling him to understand that "the crooked lines of history are the master strokes of God," and that the real things of life are not the seen, but the unseen. A hymn book, to the sight, is a thing of print aid ink and paper; but the real part of t is the divine passion which inspired men of old to write the splendid hymns which, ever since, have transmitted to others some of their warmth of soul. God is unseen but none the less real, spiritual life is real, souls are real facts, and the Christian vision is the belief that "things will some day be as God wants them." No man can accomplish anything for God whose vision does not reach out to the days that are to be; Elijah, Moses, Paul, even Jesus, are shining examples of this fact, since He, for the joy that was set before Him, endured the cross, despising the shame, and is now set down, at the right hand of God."

Need Vision

People whose lives are narrow need vision, for their environment presses in upon them, and crushes out their ideals, so they become more narrow and more self-centred through the passing years; but to have vision is like opening the windows to the bigger outlook of the possibilities of the soul. The latter cannot be put in prison, though the body may be shut therein; John Bunyan, in Bedford gaol, and Paul and Silas in their narrow cell at Phillipi, furnish abundant proof of this fact.

Busy people need vision; the old idea that a business man could not be a consistent Christian is now rejected, for "saints are just ordinary men, rolling up their sleeves and doing the world's work.' But the danger is that a man's occupation may so grip him that, even while sitting in God's house, his soul is in the market place. "What men need," says a recent writer, "is a periodic detachment from the sphere of their activities that will keep them from losing all vision of higher things."

God's Vineyard

Workers in Sunday Schools, or anywhere in God's vineyard surely need vision. There is a certain amount of satisfaction when you can see what you are accomplishing like the farmer, mechanic, etc. But one may teach for years and see no apparent results; yet vision reminds us that we are co-workers with God, and even in the most troublesome boy or girl, there is always the possibility of better things; and vision enables us to look at them through the eyes of Jesus Christ, and makes us love them no matter how they misbehave.

Some of the most hopeful signs of the times are the increased interest in education both in public schools and in Sunday schools, the better understanding of child nature, and the improved methods of imparting instruction. We are seeing the literal fulfillment of Gypsy Smith's prophecy that the day would come when evangelists like himself would no longer be needed, because the Church would have so gained in right vision that she would adopt the better method of so teaching the boys and girls, not only on Sunday, but on week days as well that they, belonging to God at birth as they surely do, might grow up within the Kingdom and like the boy Jesus, "increase in wisdom and stature and in favor with God and man."

Open Our Eyes

May God forgive us if we only see the bad in people, and open our eyes that we may see the better things too.

The music in the evening included an anthem by the choir preceeding the sermon, and another number by the male quartette at its conclusion. Rev. Mr. Wallace's text was from Roman 14:16, "Let not your good be evil spoken of." The main points were (a) Things that was goodness, (b) Insincerity, (c) False sadness, (d) Servility, (e) Presenting religion in the right way.

Afternoon Session

There was a large attendance at the afternoon session, the superintendent Mr. Fred Fallis, being in charge of the service, and Mr. Wallace spoke to the school on "Branding," using a piece of leather which bore the brand of a ranch in Alberta where 15,000 horses were kept. Some points were that the brand of Jesus Christ makes a distinguishing and attractive mark on the features; the brand of Satan is plainly evident, too, for it is true of people, as of the brand upon animals, that it becomes more pronounced as age increases, and the whole nature is permeated by the kind of spirit w cherish within.

Hospital for Sick Children

COLLEGE ST., TORONTO.

Through Support of Public, Ontario Maintains Greatest Children's Hospital on This Continent.

Dear Mr. Editor:—

Nowadays people look ahead more than they used to. They realise, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the ligh of medical science into the uttermost corners of the province.

The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers.

You probably saw a Quebec despatch deploring the great infant mortality in that province. One great factor which gives the Ontario born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be pallid of cheek or crooked of limbs, is helped over the rough spots of infancy an adolescence by this same Hospital. Here are the average day's figure of 1921 attendance:—

Cot patients	268
Other patients	158
Total	426

During the year the Hospital actually saves the lives of score upon scores of children. It restores health or straightens limbs for hundreds more. Every contributor to the Hospital funds is a shareholder in an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes.

Remember, however, that every child to whom the Hospital's doors are opened—and none are refused—adds something to the financial burden which the GREAT MOTHER CHARITY has to carry. But it has never defaulted on its dividends which are paid not in money, but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of mercy costs fifty cents, and the clock in the treasurer's ofice is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money. May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours,

IRVING E. ROBERTSON,
Chairman of Appeal Committee

Monk, superintendent of the Sunday school, also intend to be present.

CABLE AND TELEGRAPH

TORONTO, January 3. Canadian Press. — Lawrence Solman, of the Toronto Baseball Club, received a telephone message this morning from Atlantic City that James McCaffrey, the president of the club, is critically ill and not expected to live through the day.

TORONTO, Jan. 3. Canadian Press. — The civic elections lacked special interest as there was no mayoralty contest. Thomas Foster filled the place on the Board of Control left vacant by the promotion of Controller Maguire to the mayor's chair, and with Controllers Gibbons, Nesbitt and Hiltz, who were re-elected, will form the Board for 1922. Voting in the city and outside yesterday showed that pro-hydro sentiment is still strong. Toronto carried two hydro bylaws on which the people were asked to vote, and the municipalities of the Niagara Peninsula carried a by-law to authorize the purchase of the Niagara, St. Catharines and Toronto Railway from the Federal government.

Death of Dr. J. D. Bissonnette of Stirling

Friends in Campbellford were shocked to learn on Saturday of the death of Dr. J. D Bissonette of Stirling, well known to many in town, being a brother-in-law of Mr. William Hume of town and Mr. Alex Hume of Seymour. The deceased who was 64 years of age was ill about a week, and his death was quite unexpected. He is survived by his wife formerly Miss Annie Hume of Seymour township and two sons, Hume of Chicago and Neill of Alberta. Donald having been killed in the late war; also one daughter Florence at home. The deceased was a faithful member of the Presbyterian Church. The funeral will be held this afternoon at the home at 1.30, interment being made in Stirling.

Death of Robt. R. Hardy

The death of Mr. Robert R. Hardy, on December 20th, came as a great shock to his many friends. Mr. Hardy had gone to work as usual and was stricken with heart trouble shortly afterwards, and passed way in a few minutes.

He was sixty years of age, was born in Hastings county, and came to this town about thirty-three years ago. He had been in the service of the G.T.R. for nearly thirty years. He was a loving husband and father of a quiet and unassuming nature, and a well respected citizen. He was a faithful attendant of the Anglican Church.

He leaves to mourn his loss, his wife, seven sons and one daughter, also his mother and two brothers, Nelson of Dartford, Fred of Morganston, and one sister, Mrs. Duck of town.

The remains were taken to Christ Church, on December 31, where service was held, and from thnce to Christ Church Cemetery Campbellford.

CARD OF THANKS.

We wish to thank the neighbors and friends for their kindness, help and expressions of sympathy, on tnd after the death of our husband and father, Mr. Robert R. Hardy; also to Mr. H. M. Hobson, the U.B.M. W.E.R.S.L., 426, Peterboro; G. T. R. Staff, R. C. Johnston, Montreal, and W. J. Stillman ,Campbellford, all of whom sent floral offerings.

Mrs. Henry Wood has returned from spending the holidays with her brother, Mr. Fraser, near Havelock.

Mrs. John Waters returned home from Peterborough last week, whre she was visiting her son Bruce, who is at the Nicholls Hospital making a splendid recovery from his recent operation. Bruce expects to be home within three weeks.

Mr. Wm. McNeely of Norwood, has been visiting his sister, Mrs. H. Pollock.

Mr. and Mrs. Luke Ellis of Hastings, are visiting relatives.

Church Services.

The services at the church for the past two Sundays have been taken by Mr. Chaplain, school teacher from near Belleville. The address for New Year's was very appropriate, taken from Isaiah, 52:12, "The God of Israel will be your reward." Mr. Chaplain announced that the pastor, Rev. E. O. Seymour, would be able to return to his congregation for next Sunday, after suffering with a severe cold, necessitating his absence for a few weeks.

Ladies' Aid Society.

The Ladies' Aid Society will hold a business meeting on Wednesday at 2.30 p.m. at the home of Mrs. Wesley Redden. Refreshments will be served at the close.

The school re-opens to-morrow after the Christmas recess.

Mrs. E. Wilkinson and Miss Margaret returned Saturday from Marmora, where they visited relatives.

Mr. I. Lawson, teacher of the Bible class, was presented with a book by the Sunday school yesterday afternoon for recognition of his services.

WITHDRAWS FROM MATCH.

BOSTON, Jan. 3. — (Canadian Press).—Marty Killilea, manager for Johnny Wilson, middleweight boxing champion, announced here that he was notifying Tex Rickard, of New York, that Wilson would not take part in a proposed match with Harry Greb at New York next month. Killilea stated that Rickard made it a condition of paying Wilson the $35,000 purse which was held up after his bout with Bryan Downey at Jersey City, Labor Day, that Wilson agree to meet Greb under Rickard's management. Because it was on this condition only that he could obtain the money, Killilea said Wilson felt no compunction about withdrawing from the match.

TORONTO.

Dear Sirs;-

I have your valued favour of the 21st inst. asking me what induced me to first use daily newspapers, and why I have continued to use that medium so steadily for making the public acquainted with SALADA Tea.

Thirty years ago, when I first put SALADA Tea on the market, Ceylon teas were unknown, except to experts, and, knowing as I did, how much superior in cup quality they were, to the teas of China and Japan, I tried to introduce them by inducing the grocer to buy them in the ordinary package the tea arrived in from the Orient, and attained considerable success. Unfortunately, however, after the retail grocer got the tea in hand, he did not handle it in such a way as induced the public to try it, but kept on supplying the poor, inferior teas that he had been handling.

Then I commenced to question myself as to how I could get the merits of these teas before the public- there was only one way, and that was to pack them and market them under my own name, when I tried that, I found that these fine teas could not be found on the grocers' shelves, and the poor stuff they had been handling was still supplied to the public.

Then I thought of telling my story through the press, which I did, and soon saw results. The sixes became dozens, and then a dozen, and now many hundreds of newspapers, where practically every daily newspaper carries SALADA TEA COMPANY advertisements.

Yours truly,

MAGNESIA FINE FOR ACID STOMACH

Quickly Neutralizes Acidity. Stops Fermentation, Sweetens the Stomach

Nine people in ten, when food upsets the stomach causing distress, think they have indigestion. In really, they are suffering from "acid stomach.' An excess of acid in the stomach causes gas, heartburn, bloating and sourness.

To have a strong healthy stomach capable of easily and normally digesting three hearty meals a day you simply must keep these stomach acids neutralized and the stomach contents sweet. No artificial digestents necessary. Just ge a few ounces of Bisurated Magnesia from any good drug store and take a teaspoonful of the powder or two tablets in a half glass of water right after eating or whenever the slightest pain is felt. The result is amazing and you will be delighed with the almost instant relief it brings. This famous stomach sweetner combines Magnesia and Bismuth in desirable proportion and is not only splendidly effective but perfectly harmless. Its regular use keeps the stomach sweet strong and healthy all the time.

Bisurated Magnesia is well known to druggists everywhere and is used annually by more than a half million people who now eat as they please, in reason with no fear of indigestion.

D. W. DUMBLE HONORED

(Continued from page 1).

seated he chairman, Crown Attorney G. W. Hatton, Judge E. C. S. Huckye and Magistrate Dumble, who sat with bowed head during most of the speeches, but made a brisk characteristically cheerful reply worthy of a speaker twenty years his junior About the courtroom sat City Officials and members of the Bar and at the rear the Police Force, with the exception of the Chief Constable were drawn up in imposing array. Undoubetdly it was one of the most impressive affairs that ever took place within the precincts of the courtroom, the scene of many strange and impressive scenes during the jurisdiction of the man whom all were assembled to honor.

Crown Atorney Hatton declared that Magistrate Dumble's administration had been effective and capable and his thorough grasp of human nature enabled him to take cognizance of its frailties. Equity and leniency and had always been meted out with careful judgment. You served not only in your office capably but as a citizen you endeared yourself to the citizens at large. My wish for you is that your yearlife may be long and leisurely happy."

Mr. Hatton referred to his father's death, the late D. G. Hatton, first police magistrate of Peterboro, Mr. Dumble'sc predecessor, in November 1882, and his recollection of the elevation of D. W. Dumble to the bench. The late C. A Weller was then the Crown Attorney, on his death, R E. Wood was appointed and on is death the partner G. W. Hatton. Since he had been in office in legal, personal and friendly relations with Mr. Dumble he had received nothing but courtesy. There were times, he said, waen they did not look eye to eye, but on the whole little differences had been swept away in the fulness of kindly felings. In conclusion, Mr. Hatton paid a warm tribute to the part Mr. Dumble had played in moulding her husband's happy and useful life.

With the wish that he would be long spared to use it and that it might long grace his table with the fruits of his own garden, Chief Constable Samuel Newhall followed up the Crown Attorney's remarks with the presentation of the chaste and beautiful gold-lined silver fruit bowl suitably enscribed.

Mr. Dumble's Reply

In his reply Magistrate Dumble refused to accept the kind things said of him but gave the credit for achievement to the police and the co-operation of the administration of justice. "They have not been unhappy years" he said 'for I have always feel I was where I was best fitted to be". Looking back it does not seem a long time. It seems short today. I have always tried to do what was right. It's sometimes hard to decide what to do but I never in my recollection been actuated by any desire but to do right and I've always tried to do it.

"I don' know of a case of crookedness in the police force in my time—that's 40 years. We have had the good fortune to have policemen that would be a credit to any city. They have made my duty comparatively easy. There is a high espirit de corps in the force I thank them for the courtesy I have always received from the police force and the way they have always made my duties lighter than they would have been with an inferior police force. I thank you all for your endorsation of the police in making this tangible appreciation of what I have done."

The veteran of the bar went back through the years to when he first went on the bench and drew a picture of a straggling town, and spoke of how he had watched the city grow and expand.

Looking Ahead.

'I don't know where the city will stop," he said. "We are looking out to have a handsome city." He praised Jackson Park, and commended the enterprise of the Kiwanians in making a park on Armour's Hill. Every effort to make the city a more delightful place to live in, he endorsed.

After referring to the pleasant relations that had always existed between himself, the police and the lawyers, he said "I thank you for your gift and, for making known to the world my conduct of office in the past 40 years has met with the requirements. I thank you with all my heart."

Judge E. C. S. Huycke, chairman of the Board of Police Commissioners, paid tribute to the work of Magistrate Dumble. Parapharasing the words to Sir Christopher Wren in St. Paul's Cathedral, "If you seek his monument, look around you." His Honour said: "If you seek Magistrate Dumble's and my work for 12 years, look behind you." I am proud of the police. They are a good force, but I hope that they will be better—by that I do not mean better in physique or ability, but better in numbers and skill. The police administration of the City of Peterboro has been a most successful one."

His Honour expressed the hope that the twilight of MagistrateDumble's life might be a happy one and the happiest part of a long and useful life. Forty years, he said, was a long time, but for this long period he had measured out an even-handed justice on the bench, and at last was receiving a rest, well earnd.

A Guilding Light.

G. N. Gordon, M.P., said that Magistrate Dumble had always been a guilding light to him and "during 40 years has been an influence for good and left his impress on the people and institutions as I would say no other man has done.' O. A. Langley he considered admirably suited by temperament and training to receive the position, and a very able and proper successor to a man whose service the city can never be able to repay. He hoped the 1922 Council would give serious thought to remunerate the retired magistrate for his great services.

"I am glad to be here on this occasion to pay tribute to Mr. Dumble," said Mayor A. A. McIntyre, continuing to praise his sagacity on the Police Commission. "I fully endorse everything that has been said about Mr. Dumble, and I wish him a long life.'

"I have felt as others have felt, that Mr. Dumble had shown legal ability and a desire to do right in everything, that has come before him," said City Clerk S. R. Armstrong, who attended Mr. Dumble's first courts as a reporter, and later became court clerk. "He has been one of our first citizens, and his record on the Board of Education, Horticultural Society, etc., is a proud one."

E. A. Peck praised the equitable administration of the law by the Magistrate and he said he believed the citizens appreciated what Mr. Dumble had done in the way of giving the criminal some chance.

Mr. Dumble's Successor.

The hope that after possibly 20 years service he would be in as good physical condition as Mr. Dumble, and his work as much appreciated, was expressed by the incoming magistrate, O. A. Langley. He hoped he might as correctly construe the law and give as wise and equitable judgments. As long as he was the Magistrate, he assured Mr. Dumble he would always be a welcome guest and councillor.

"I have had many opportunities of meeting Mr. Dumble in his work and appearing before him and I feel I can truthfully endorse everything that has been said in regard to the splendid way Mr. Dumble has performed his duty. Little mean technicalities counted for little in this court, he said, and O. A. Langley said that he intended to follow the equitable precedents established by His Worship.

Other speakers were F. D. Kerr, K. C., son of Senator William Kerr, of Cobourg, under whom Magistrate Dumble first studied, C. R. Widdifield, City Solicitor, Harry Rush and Vincent Eastwood, Justices of the Peace, Basil Hall, R. J. Winch (one year the senior of Mr. Dumble, and G. W. Powell, secretary of the Children's Aid Society.

The inscription on the fruit bowl read:

"Presented to D. W. Dumble, Esq., 40 years police magistrate of the City of Peterboro, by the Police Department, City Officials and members of the Bar, Dec. 31st, 1921."

The Mayoralty Election

Mayor-Elect's Thanks

LADIES AND GENTLEMEN,

Kindly accept my warm appreciation of the confidence vested in me at the Polls yesterday by my Election as Mayor of this important City. And especially are my heartiest thanks due to all those loyal friends and supporters whose unstinted co-operation and endeavours made possible in no small measure the success of my Candidature in the Mayoralty.

To my esteemed opponent, ex-Ald. J. J. Turner, I here publicly acknowledge, with deepest appreciation, his clean, manly fight in a Mayoralty contest strikingly featured by the absence of even a hint of vituperation or ill-will. And I also must warmly extoll the Turner boys for their sense of British fair-play and sporting spirit, coupled with real interest in community welfare, which prompted their counsel in the hour of defeat that Peterborough's united citizenship loyally line up behind the Mayor-Elect.

I again reiterate that, to the uttermost limit of a Chief Magistrate's functioning, the main objectives for which I shall strive are equitable municipal legislation for all classes, employment for the unemployed, relief for those in distress, a lower tax rate, and as quick a return as practicable to general prosperity.

With very best wishes to one and all for the New Year, believe me to remain,

Your obedient Servant,
W. H. TAYLOR.

Champion Golfers in Canada

JOHN FOWLER HUTCHISON, British Open Golf Champion.

JAMES M. BARNES, American Open Champion

John Fowler Hutchison (better known as "Jock" Hutchison), who is British open golf champion, and James M. Barnes ("Long Jim" Barnes) open golf champion of the United States, started a 10,000 mile golf tour at the Vancouver Golf and Country Club December 15. After playing at Vancouver and Victoria they moved south and will play at various places in the United States and swing round the circle, reaching Pinehurst, N.C., on March 28. Both Hutchison and Barnes are British bred, the former being a product of St. Andrews, Scotland. He is now professional of the Glenview Golf Club, Chicago. "Long Jim" Barnes is thoroughly familiar with the excellent winter golfing conditions in British Columbia. He spent eight years on the Pacific Coast and laid out Shaughnessy Heights Golf Club, named in honor of Baron Shaughnessy, of the Canadian Pacific Railway.

Playing their first games at Vancouver on the Shaughnessy Heights links, Jock Hutchison and Long Jim Barnes, golf champions of two hemispheres, chalked up their first victory in the initial leg of their tour, by lowering the colors of the two local professionals—Dave Black and Alex. Duthie—5 up and 4 to play. The match was 36 holes—18 in the forenoon and 18 in the afternoon.

The two visiting stars exhibited a brand of golf which was a treat to local followers of the game.

Davie Black did not disappoint his supporters. He fought from the drop of the hat, and played as sterling a game as either of the visiting "pros." His partner, Duthie, however, had one of those off days that golfers fall heir to, and during most of the combat he was badly at sea. It fell on Black's shoulders, in consequence, to meet the onslaughts of the champions of two worlds, which was rather a large order for "wee Davie." Duthie only showed on two holes independent of Black. Black's individual score was as good as Barnes' and better than Hutchison's.

Barnes put up a beautiful exhibition all things considered. He is a tremendous hitter and extraordinarily accurate with it all. The most brilliant part of his game, however, is his iron play. Here he gets wonderful length and perfect direction. More than once in the struggle these shots gave him a commanding advantage. Hutchison also showed what makes him the golfer he is.

Here is what some Vancouver golf experts think of the players.

C. A. L. Payne, one-time city golf champion: "Barnes is one of the finest golfers I have ever seen. I am a strong disciple of the left to right play, which he follows, and also his open stance style. I think it makes him a steadier and more consistent player than Hutchison."

Reginald Symes, ex-B. C. champion: "They both are masters of the game—Hutchison's back spin mashie and approach shot play is an art in itself. It is just such a shot as this that has brought championships his way. If I were a young player, commencing the game again, I would try to master this shot before all others."

WE NEED THE NAMES!

Peterboro' Old Home Week

So far the appeal for names and addresses of Peterborough people living away from the city has met with very poor response.

This is not right. We can't run an Old Home Week unless the folks are here. Help us to get in touch with them. Six carloads of people left Peterborough Friday morning going back after Christmas. Not one name has been handed in.

Do your duty. Help out the organization. Only a moment or two required. We hold a meeting presently and want to show results. Do it now. Advise the City Building or Chamber of Commerce.

J. J. TURNER, Chairman. **F. H. DOBBIN, Secretary.**

NEW FACES IN COUNCIL

(Contined from page 1.)

rect, Mr. Taylor had a majority of 36, with 1,580 votes, against Mr. Turner's 1,544. The aggregate was appreciably larger than that of two years ago.

A Turner Success.

The Aldermanic contest furnished a real surprise in the election of E. Melville Turner at the head of the polls with the splendid total of 1,823 votes, more than 300 above Walter Stocker's 1,514. In fact one of the surprises in this section of the elections was the fact that three new candidates finished in the first three places. Mr. Turner, Mr. Stocker and Malcolm McIntyre showed the way to Ald. Phelan, who, nevertheless, was well up in the running, with Dr. Holloway, another new-comer, finishing in fifth place. Friends of Ald. Jones regretted his defeat, although it was by only a small margin, but they consoled themselves in the expectation that he would be appointed by the new Council as successor to ex-Ald. J. J. Turner, who resigned to contest the Mayoralty.

Alderman-elect E. M. Turner had a majority in all but eight of the twenty-two sub-divisions, and in one of those, No. 17, T. R. Kennedy's store, Reid Street, he was tied with Alderman-elect McIntyre. Mr. Turner is one of the youngest men who have appeared in the Council in years. In fact he appears to be about the same age as Ald. Phelan. His business experience was advanced by his friends as a special qualification, and there is every confidence that he will prove himself a capable Alderman.

Ahead All the Way.

From the very first returns Mr. Turner took a commanding lead, with Ald. Phelan a close second. Mr. Stocker was a nearby third, but for fifth place Ald. Jones kept ahead of Mr. McIntyre until some of the North and all the Ashburnham polls came in. Meanwhile Mr. Stocker improved his position, ousted Ald. Phelan, and Mr. McIntyre, with long strides, passed from the sixth to the third place, with Ald. Phelan on his heels.

Opinion at the City Hall last night was more than satisfied with the new Alderman Board, especially with the probable addition of Ald. Jones.

The Other Contests.

There was nothing doubtful in the Board of Education and Utilities Commission contests. Mr. W. H. Bradburn assumed the lead in the latter, and was never threatened, and Dr. Frank C. Neal once more headed the Board of Education. The two new members of the Board, E. B. Fowler and Joseph Wearing, who replace G. O. Cameron and E. G. Patterson, distinguished themselves by finishing in the second and third positions respectively.

The Mayoralty Returns.

Felix Brownscombe, at Subdivision No. 8, Taylor's shop, Hunter Street, sustained his reputation for speed by being the first to break into the score column with 26 to 38 in favor of Turner.

Gus. Sawers, at No. 13, Routley's store, Brock and Park Streets, was next with 59 to 69, increasing Turner's lead to 22.

T. O. Quartermaine, at No. 6, J. E. Firth's office, Water Street, turned in the next, 41 to 45, a slim four more for Turner.

When three polls produced a difference of only 26, it was evident that the race would be close all the way. The usual election night crowd was beginning to gather, and the Taylor supporters predicted that he would cut loose when the South and West End votes came in.

A Swing to Taylor.

Taylor's first majority was rung in by Lou. Ingram at No. 4, Fitzpatrick and Geraghty's store, Rubidge Street, where the vote was 72 to 61.

No. 3 was next in order with a majority that wiped out Turner's lead. It gave Taylor 104 to Turner's 53, and for a time left little hope among the Turner followers.

Things picked up, however, for the ex-Finance Minister of the Council, and ten polls left him just 26 down.

Jack Malane's returns from No. 21, at Halliday's on Hunter Street East, gave Turner only a margin of three, with Taylor 23 to the good. It was still anybody's fight.

Turner On Top Again.

Sub-division No. 19, Patterson and Walton's shop, George and Smith Streets, put Turner back in the running with the count of 72 to 96, a Turner majority of 24, wiping out Taylor's immediately preceding margin of 23.

Some curler in the group about the telephone remarked, "That was Turner's end," and City Clerk Armstrsong was advised to prepare himself for another tie and his consequent casting of the deciding vote as in the McIntyre-Taylor stalemate two years ago.

"Oh, I'm getting rather used to that," remarked Mr. Armstrong.

A Big One For Taylor.

The south-east end clocked in with a fat majority for Taylor from Subdivision No. 1, at H. Allen's store on Gladstone Avenue. The count there was 127 to 67, and the first thirteen polls turned Taylor on top again with a majority of 59.

Mr. Turner's friends expected a show of strength from the North Ward, but Sub-division No. 16, Dawson Brothers' store, 559 George Street, gave Taylor 69 to Turner's 75, cutting only six off Taylor's margin.

Fifteen polls, according to the cursory summary at the City Hall, gave Taylor a majority of 86. Turner partizans pinned their fading hopes on the west end.

The gap was reduced by the next message from Carey's shop in the Centre Ward. It gave Turner 64 to 32, and showed Taylor leading by 54 with six polls remaining.

No. 10, the Canadian Packing Company's store, Alex. Elliott, deputy, produced 106 to 98 in favor of Turner. The slight majority there was a disappointment to his supporters. Taylor was then leading by 46.

Turner Regains Lead.

No. 12, Mrs. M. Lyle's house, Pearl Avenue, John Edgar in charge, gave Taylor 72 and Turner 154, putting Turner again in front with 36 of a lead.

The next return left the contestants tied, with three polls to hear from. No. 5, T. J. Murray's house, 111 Rubidge Sreet, was a Taylor gain with 81 to 45, a majority of 36, and just wiping out Turner's previous lead.

From then on the three polls were awaited with the keenest interest, and from other sources it was intimated that Taylor had emerged with a majority. The crowd began to dwindle as the eager ratepayers went out to verify the rumors, and returned with reinforcements and fuller information.

Down the Home Stretch.

Several corrections were received in the meantime, and then came the two Ashburnham polls, 22 and 20. Some one recalled that two years ago it was the same Sub-division, No. 22, M. Kylie's house, 558 Rogers Street, that saved the day for Mayor McIntyre, when Taylor was well ahead of him. Yesterday it gave Taylor 98 to 49, and removed the last doubt of his election. The majority stood then at 49.

Sub-division No 20 reduced it to 36, with the vote of 83 to 70 in favor of Turner, leaving the final majority 36 for Taylor.

The election fans leaned back in satisfaction or disappointment, according as they had voted, admitted that the contest had yielded a full measure of excitement as the result was totalled, and wished themselves and the city a happy New Year.

BULL-DOG DRUMMOND

BY "SAPPER" (CYRIL McNEILE)

(Continued from last week.)

"Quite," answered Lakington, abruptly. "We'll get him in."

They approached the sofa: and Hugh, with a kind of fascinated horror, forced himself to look. For the thing that lay there was the body of the dead Russian, Ivolsky.

The two men picked him up and, having carried the body to the bath, they dropped it into the fuming liquid. Then, as if it was the most normal thing in the world, they peeled off their own gloves and stood watching.

For a minute or so nothing happened, and then gradually the body commenced to disappear. A faint, sickly smell came through the open window, and Hugh wiped the sweat off his forehead. It was too horrible, the hideous deliberation of it all. And whatever vile tortures the wretched man had inflicted on others in Russia, yet it was through him that his dead body lay there in the bath, disappearing slowly and relentlessly. . . .

Lakington lit a cigarette and strolled over to the fireplace.

"Another five minutes should be enough," he remarked. "Damn that cursed soldier!"

Peterson laughed gently, and resumed the study of his ledger.

"To lose one's temper with a man, my dear Henry, is a sign of inferiority. But it certainly is a nuisance that Ivolsky is dead. He could talk more unmitigated drivel to the minute than all the rest of 'em put together. I really don't know who to put in the Midland area."

He leaned back in his chair and blew out a cloud of smoke. The light shone on the calm, impassive face; and with a feeling of wonder that was never far absent from his mind when he was with Peterson, Hugh noted the high, clever forehead, the firmly moulded nose and chin, the sensitive, humorous mouth. The man lying back in the chair watching the blue smoke curling up from his cigar might have been a great lawyer or an eminent divine; some well-known statesman, perhaps, or a Napoleon of finance. There was power in every line of his figure, in every movement of his hands. He might have reached to the top of any profession he had cared to follow. Just as he had reached to the top in his present one. Some kink in the brain, some little cog wrong in the wonderful mechanism, and a great man had become a great criminal. Hugh looked at the bath: the liquid was almost clear.

"You know my feelings on the subject," remarked Lakington, taking a red velvet box out of a drawer in the desk. He opened it lovingly, and Hugh saw the flash of diamonds. Lakington let the stones run through his hands, glittering with a thousand flames, while Peterson watched him contemptuously.

"Baubles," he said, scornfully. "Pretty baubles. What will you get for them?"

"Ten, perhaps fifteen thousand," returned the other. "But it's not the money I care about; it's the delight in having them, and the skill required to get them."

Peterson shrugged his shoulders.

"Skill which would give you hundreds of thousands if you turned it into proper channels."

Lakington replaced the stones, and threw the end of his cigarette into the grate.

"Possibly, Carl, quite possibly. But it boils down to this, my friend, that you like the big canvas with broad effects, I like the miniature and the well-drawn etching."

"Which makes us a very happy combination," said Peterson, rising and walking over to the bath. "The pearls, don't forget, are your job. The big thing"—he turned to the other, and a trace of excitement came into his voice—"the big thing is mine." Then with his hands in his pockets he stood staring at the brown liquid. "Our friend is nearly cooked, I think."

"Another two or three minutes," said Lakington, joining him. "I must confess I pride myself on the discovery of that mixture. Its only drawback is that it makes murder too easy."

The sound of the door opening made both men swing round instantly; then Peterson stepped forward with a smile.

"Back, my dear. I hardly expected you so soon."

Irma came a little way into the room, and stopped with a sniff of disgust.

"What a horrible smell!" she remarked. "What on earth have you been doing?"

A Job For Every Man Prosperity For All.

Mr. Worker ——

GOVERNMENT statistics show that in 1920 you received 71.9 per cent. higher weekly wages in seven classes of the building trades than you were paid in 1913.

In five classes of the metal trades you received 89.3 per cent. more.

In the average of 21 classes, of building, metal, printing and railway workers, you received 79.3 per cent. more.

In factories the workers received 92.9 per cent. more.

THE average weekly family budget in July 1920 for food, fuel, rent, clothing and sundries was 101 per cent. higher than in 1913. By June 1921 it was only 63 per cent. higher than in 1913.

It took seven years to rise 101 points. In one year it declined 38 points. In other words the cost of living has declined 19 per cent. since the peak prices of 1920.

Plan of Co-operation.

The Provincial Advisory Committee on Unemployment considered the industrial situation and endorses the following statement of proposals:—

1.—That Manufacturers should be asked to take a price for goods on hand equal to the cost of replacement having regard to decreased cost of raw material and of labor used in manufacture.

2.—That Wholesalers should be asked to sell goods on hand at replacement prices.

3.—That Retailers should be asked to sell at replacement prices.

4.—Knowing that the costs of building at the present time have been considerably reduced, those desiring to build should be encouraged to ask for new tenders on their proposed work; and that building contractors and builders' supply people should make a special effort to reduce prices to a minimum in order to restore this important key industry.

5.—That Banks and financial institutions should be prepared to co-operate to the utmost with all productive enterprise by allowing all reasonable credits and by decreasing rates as rapidly as conditions may allow.

6.—That Farmers should be asked to maintain reasonable production, and in the event of a proportionate reduction being reached in other lines, should be prepared to make needed improvements and betterments.

7.—That Labor shall be asked to take willingly a reduction in wages proportionate to progressive decrease in cost of living, in so far as such a reduction has not already taken place.

The above statement has been submitted to and endorsed by the following interests—manufacturers, wholesalers, retailers, building industries, agriculture, financial interests and the veterans.

The merchant, the wholesaler, the manufacturer, and the producer of raw materials have been requested to reduce their prices with the ultimate object of getting to a more normal basis than has prevailed during the past few years.

DURING 1921 MANY OF YOU HAVE ACCEPTED SOME REDUCTION IN WAGES.

Do you as a worker consider that you have reduced your wages in proportion to the decline in the cost of living? If not, in a general plan of co-operation having as its objective employment for the largest number of people, would you be willing to accept a wage commensurate with the cost of living?

With your co-operation, this Province will be enabled to keep the wheels of industry moving and ——

ROMANTIC ADVENTUROUS THRILLING

AT THE THEATRES

AT THE CAPITOL.

A Griffith production which has all the earmarks of the Griffith pictures is "Dream Street" at the Capitol. Humour and pathos, laughter and tears, a heroine who bids fair to eclipse Lillian Gish in her whimsical beauty, backgrounds perfected with the wonderful artistry which Griffiths brings to bear on all his work, every detail carried out to perfection, a picture that is half the mirage of a dream and yet wholly true to life; these things go to make up 'Dream Street', a movie that is different.

Centering around the loves of a young music-hall dancer and the swaggering handsome, half tough lad with a beautiful baritone voice, screened in the Limehouse district of old London, the story revolves. The boy and his brotner, the gentle composer, and Sway Wan the Chinaman of noble birth who has fallen into evil ways, and conducts an illicit gambling-house;—they all love the elfish, graceful little dancer, the daughter of an old 'stool pigeon' and their passions works out in different ways—murder, treachery and finally, the dawn of a high and noble love in the heart of the roistering hero,—coming to the surface in this beautiful story of Gypsy Fair, of "Spike" McFadden and his brother, Billie, and of Sway Wan the smiling Celestial.

Tyrone Power is the minister of good words, the man of God who preaches in the streets, and whose influence is felt by the struggling hearts of the tenement-dwellers, and Morgan Wallace gives a wonderful impersonation of the Spirit of Evil whose satyr face is covered by a pallid mask, and whose nimble fingers on the violin evoke fiendish impulses. He is shown emerging from the nether regions, sent by the Master of Evil himself, and thereafter works his wicked spell on the minds of his listeners.

"Dream Street" is a picture with a moral which never obtrudes itself unnecessarily and weaves itself into the fabric of a wonderful picture which held the breathless attention of crowded houses afternoon and evening yesterday at the Capitol.

There is also a mirth-provoking comedy of "Snub" Pollard and his small black assistant, entitled "Late Lodgers" the usual number of entertaining small reels, the serial and a vaudeville offering, excellent in quality. The Taylor-Parker trio provided plenty of amusement for their audience. There is an acrobat of merit who contorts himself into weird postures, and balances four chairs on his chin without any apparent difficulty whatever, a second gentleman who juggles plates with dexterity singst abou fleas and bees, gets of some original jokes with a lady with extremely abbreviated skirts, and finally dances off with her in rapid-fire foot-work, which met with great applause.

AT THE GRAND.

"THE CABARET GIRLS."

As refreshing as any mid-summer zephyr is the performance presented by 'The Cabaret Girls" company, announced for appearance at the Grand on Thursday next.

Miss Dot Barnette, a cute little bundle of femininity, is the soubrette-in-chief with this organization, and it is claimed for this young lady that not only does she play a part well, and lead song numbers in a more than satisfactory manner, but that she likewise "shakes a wicked hoof," as they say on the Great White Way.

THE BRAT.

Something different from the run of plays the Rex Stock Company has been presenting in Peterborough, is "The Brat," the comedy with which the favourite organization opened their three stays' stay at the Grand yesterday to the delight of two large holiday audiences. "The Brat" was seen hre several years ago, shortly after its inception in New York and the performance given by the Rex Company compares very favourably with the earlier presentation. The comedy is of the "Peg O' My Heart" variety, with a heroine who, from a very unfavourable start, winds up by captivating everybody. The title role is cleverly taken by Miss Vaughn, who scores heavily in a part that is full of possibilities. Mr. Snelgrove adds to his laurels by his good work as "Steve," and the other members of the cast are equal to the demands made upon their talent.

"The Brat" should prove one of the most enjoyable offerings the Rex company has given here, and there should be few vacant seats to-night or to-morrow night. There is plenty of wholesome comedy, a logical plot and a love story that is always interesting.

AT THE ROYAL.

One of the strongest and most interesting stores ever dramatized via the screen is "Blind Wives" now running at the Royal Theatre. This superb feature Fox film is being shown to crowded New York audiences at from fifty cents to one dollar admission. The plot is a strong one an one that conveys a striking and undeniable moral. The "motif" throughout the play, whilst not in the most remote way hinting at communism or Boishevistic ideas, shows how the extravagant waste in clothes jewels and etc, by wives of the very rich is a crime against common sense leads to both immorality and immortality. Paradoxical as it may seem, the picture whilst teaching this wholesome truth shows a display of gowns made by "Lucile' New York's celebrated modiste. The gowns worn by lovely and shapely girls will certainly cause a skip or two in the heart beats of the average woman Still the moral of the play is to show that whilst blankets are too scanty in houses of the poor and clothing is to expensive for the poor to buy the excessive extravagance of a modern rich woman is a crime against the world. The play opens with the wife of a well to do man whose husband, heart broken by her waste of money countermmands her order for an extravagant gown she wants for the New York horse show. A rich admirer of the wife, or as such men are termed "lounge lizard" buys the dress for her and unfortunately the costume arives when hubby is at home. "The the fireworks start"! The part of the story showing how small a percentage of the cost of such costumes goes to the workers who supply them is incidentally demonstrated as the picture proceeds. Taken all in all "Blind Wives' is a society drama of great value and artistic production. The fourth instalment of "Breaking Through", itself a complete story, sows Belinda in more of her thriling hair-breadth escapes from death stunts and is most interesting. It shows Beltina's escape from a motor launch, in which she had been kidnapped by tying the end of a rubber hose to a nearby floating buoy and, clearly seen by the audience clinging to the bottom of the ocean, getting her air supply whilst her kidnappers think she has fallen off the craft and ben drowned. The comedy and other pictures are all of the best and specially selected for New Year's week.

AT THE REGENT.

SHOULD A WIFE OPEN HER HUSBAND'S LETTERS?

Question is Answered in Lois Weber's Fine Photoplay, "Two Wise Wives."

Should a wife open her husband's letters? Is it more reprehensible to hold back a letter than to open it? If a wife does not open her husband's mail but holds back a letter which she believes will disrupt her household, is she less dishonest thn if she had opened it and acted upon it

The action of Lois Weber's latest photoplay, "Too Wise Wives," hinges upon a wife's decision regarding a letter which comes to her husband with a crest upon it which he instantly recognizes. What she does with the letter provides one of the most intensely interesting situations of the play.

"Too Wise Wives" is another of those delightful photoplays of life in the best American society which have created a large following for Lois Weber. Women flock to see Lois Weber plays. There is a reason. It is a Paramount picture and will be shown at the Regent theatre to-day.

The story deals with the trials of a young wife whose devoted attentions to her husband weary him and cause him to yearn for the society of his former sweetheart who has married a wealthy man. Then follows developments that narrowly wreck the lives of two wives and their husbands. Claire Windsor and Louis Calhern play the leading roles, Phillips Smalley and Mona Lisa also are in the cast.

RUSSELL SCORES IN LIVELY PHOTOPLAY

"Bill" Russell was on his toes every minute yesterday in his latest William Fox picture, "Singing River," which was shown for the first time at the Regent Theatre last night.

"Singing River" is a western story about claims, silver mines, crooks and some good folks, including Alice Thornton—played by Vola Vale as leading woman. It is set in the days when a man had to fight to hold anything, and in many cases had to fight hardest to get the girl he wanted, even though the girl was in love with him.

The crooks come near having Russell hanged, but between the girl and a man he has treated kindly he turns the tables on his foes and sees them jailed and put safely out of the way for the good of the community.

The scenario of "Singing River" was supplied by Jules G. Furthman—a skilled workman in this line—and the direction of the picture, which is admirable, was by Charles Giblyn. The photography, too, is of the best.

PETES OFF TO GOOD START IN O.H.A. RACE

BEAT LINDSAY 5 TO 2 IN OPENING BATTLE LAST NIGHT—HOME CREW SCORE FOUR IN FIRST PERIOD.

BIG CROWD ON HAND

1,500 fans watched the P.A.A.A. Intermediates start the New Year night by beating their old rivals from Lindsay in the opening O. H. A. game of the season at Brock street rink alst night, the final figures being 5 to 2. The Petes tucked the game away in the initial period when they piled up a 4 to 0 lead on the Coombs gang, and the margin was more than enough to carry them to victory. It was not brilliant hockey. In the first place the teams were not in shape, and in the next the ice had been skated on in the afternoon, was rough to commence with, and grew heavy as the game progressed. Under the circumstances, stick-handling was difficult, accepting a pass was often a matter of luck, and both teams soon adopted a hit and run game, which is never pretty, although it sometimes may be exciting.

The result was never in doubt. The Petes had a big edge in the first period and their four goal lead put them on easy street for the balance of the game. There was no score in the second period, and although Lindsay staged a rally in the closing session and looked to be in a bit better condition than the home talent, the latter had enough punch left to score the last counter, and they were not seriously threatened.

The P.A.A.A. squad should have won by a larger margin. They worked in on top of the nets much more persistently than the visitors, whose chief attacking activity was confined to shooting from outside of the defence. That kind of gunning was apple pie a la mode for "Micky" Murray, who picked off the drives with his usual cool accuracy. The Petes on the other hand were going in close for their shots, and with accurate marksmanship they should have had a dozen more goals. They also had it on the Lindsay gang in stick-handling, and in skating as well, and should be able to repeat the treatment when the teams meet in Lindsay next Monday night.

Individually, all the local squad gave a good account of themselves. Murray was at the top of his form in the nets, and everybody knows what that means. Parker and Pete Thornton worked well together on the defence, and Grover Halpin, who jumped into the game after only a few minutes' practice, did some effective work when called upon to relieve either of the defence pair. All the forwards turned in a nice performance. Burgess was especially prominent in the first period, and after he had cashed in with three counters, the Lindsay outfit paid him particular attention for the rest of the night. The little right wing man is a decided find. Ray Rose and Walter Jackson were going strong all the way, and Frank Collins, of last year's juniors, made his intermediate debut and made good.

Lindsay's strongest department was the defence. "Tubby" Williamson, after being twice beaten by shots from outside in the first period, came through in great style in the last two sessions, making some fine saves at close quarters. In front of him, Coombs and Green did good work, both on the defensive and in rushing. Coombs came especially strong in the last period, and although he only got one goal, he had a dozen dead-on shots which Murray blocked cleverly. The forward line included Scott, of Fenelon Falls, Moodie who hails from Montreal and Sandercock, former Port Hope and Lindsay player. This trio, however, failed to come up to the standard of the two subs, Chambers and Williams, who were the best pair of forwards the visitors possessed.

Owing to the Lindsay uniforms being the same color as the Peter's the latter had to use the red and white jerseys of the Lakeview City League team.

The game was well handled by Referee "Peck" Wright of Toronto, who gave general satisfaction.

The teams and summary:

Lindsay:—Goal, Williamson; defence, Coombs, Green; centre, Scott; right wing, Sandercock; left wing, Moodie. Subs, Chambers, Williams.

Peterborough—Goal, Murray; defence, Parker, Thornton; centre, R. Rose; right wing, Burgess; left wing, Jackson. Subs, Collins, Halping.

First Period.

1 Peterborough, Burgess, assist, Jackson, 5 mins.
2 Peterborough, Rose, assist Jackson, 1.30 mins.
2 Peterborough, Burgess, 8 mins.
4 Peterborough, Burgess, 3 mins.

Second Period.

No score.

Third Period.

5 Lindsay, Williams, 11 mins.
6 Lindsay, Coomsb, 5 mins.
7 Peterborough, Thornton, assist Parker 2 mins.

Stops—

First period—Murray 10, Williamson 8.

Second period— Murray 8, Williamson 12.

Third period—Murray 8, Williamson 14.

Total—Murray 26, Williamson 34.

Penalties:

Peterborough—Thornton, Jackson. Total 2.

Lindsay—Sandercock 2, Williams. otal 3.

The Petes were the first to press. Parker getting away for an effective rush, but his drive was blocked by Williamson. Coombs came down twice and shot from outside the defence, but Murray was in the way. He also made a nice save on a shot from Green and nipped off the rebound as well. The Petes worked in close several times but shot wide. Williamson foiled them on the next rush and then cleared one from Jackson. Finally, after five minutes' play, Jackson slipped the rubber over to Burgess, whose accurate shot from the side took Williamson's measure.

Ray Rose made it 2 to 0 in quick order when Jackson passed out to the centre man, who slapped the puck past Williamson before the elongated "Tubby" had a chance to link.

Coombs tried to get that one back when he broke away and drilled a shot between the Peterborough defence pair. It rocked Murray, but did not beat him. Then Pete Thornton upset Coombs with a stiff body check and was chased. Lindsay failed to take advantage of the odd man, although Murray was called upon to make several stops. Burgess broke away, but was robbed of a counter by a fine stop by Williamson.

Sandercock, the Lindsay right wing, was chased for slashing, and while he was off the Petes scored twice. Burgess got both of them, the first on an accurate rush and a quick wrist shot between the Lindsay defence pair and the second on a long drive from the side. The end of the period found the Petes 4 to 0 in front.

There was no score in the second period, although the Petes had the edge on the visitors, Williamson having to handle twelve shots to Murray's seven. And the home crew in addition missed several close-in opportunities, while Lindsay's efforts were all from outside the defence.

For the first half of the last session the play lagged. Lindsay looked fresher than the Petes and Coombs especially was going better than at any time in the game, rushing repeatedly. However, the Petes' forward line back-checked well and the defence held out the visitors in good style. Finally, however, Williams took the rubber from Collins at centre and went in alone to scoop a fast one past Murray. He got in the odd kick at the rubber on the way in, but Referee Wright missed the offence.

Coombs made it 4 to 2 a little later when he went up alone and shot from the side, the rubber glancing off Murray's stick and between his pads into the net.

The Petes threw their machine into high at this stage and Williamson had half a dozen shots to handle. Then Thornton, Parker and Burgess broke away together and Pete, taking a pass from Parker, bored the final goal of tthe night past Williamson. Final score—Peterborough 5, Lindsay 2.

KAYS DEFEATED THE CAMERONS

IN THE ANNUAL NEW YEARS ENGAGEMENT WITH BESOM AND STANE AT THE CURLING RINK

The Kay clan trampled all over the Cameron tartan in the annual games of the President versus the Vice-President at the Curling Club yesterday. President Cameron was just one shot ahead when the evening round started, but the last three games went against him, leaving the honors of the day to Vice-President A. C. Kay and his rinks with a margin of 18 shots.

Several of the skips were unable to play, but otherwise the schedule went off smoothly and without any delays. Most of the young players were out, and everyone apparently enjoyed the day's sport except, perhaps, one or two defeated skips, who were reported to be working out for the tankard vacancy caused by the disability of Ray Best.

The scores were as follows, the President's rink coming first in each case:

J. A. Cameron 14, A. C. Kay 12.
H. R. Martin 13, G. A. Benor 10.
T. Brightman 8, C. S. Browne 13.
W. D. Campbell 10, J. Read 12.
R. G. Sturgeon 9, J. H. Metheral 9.
J. Skinner 9, W. J. Oke 14.
S. T. Medd 9, D. Davidson 7.
R. M. Hamilton 7, W. J. Henry 8.
J. W. McDermid 11, W. G. Menzies 6.
C. B. Westbrook 7, I. D. Moore 11.
W. R. Widdess 11, H. F. Foote 12.
J. W. Fraser 13, R. M. Waddell 8.
R. Hicks 11, G. Giroux 9.
R. L. Dobbin 5, E. L. Bowes 13.
W. G. Morrow 9, T. Connal 17.
Wm. Lang 7, J. E. A. Fitzgerald 10.

President 153, Vice-President 171.

HOCKEY

The Holy Name Society juniors will play a practice game in Lakefield to-night with the Junior O.H.A. team of that village.

The Lakeview City League team will practice to-night at 6 o'clock at Brock street rink. A full turnout is expected.

The City League will get under way a week from to-morrow with the Lakeviews and C.G.E. clashing in the first game and the Bankers and Wm. Hamiltons in the second.

"Red" Sheehan goes "on the road" for the Quaker Oats Company today and the Lakeviews lose a good defence man and the O.H.A. squad a valuable recruit.

AUTOMOBILE HIT BY A STREET CAR

Struck by Car No. 11 of the Peterborough Radial Railway Company at the corner of Charlotte and Stewart streets at 3.30 p.m. Monday, an automobile owned and driven by John Smith, 259 Perry street, suffered damage estimated at $300 by Mr. Smith. The automobile was going north on Stewart street, and Mr. Smith states he did not see the street car until it was a short distance away. He did everything he could to avert an accident, but he claims the street car was travelling at a fast speed and he considered that it could have been brought to a stop more quickly.

SMOKE RAN A GREAT RACE

LOCAL INDIAN ONLY BEATEN 20 YARDS IN NINE MILE TORONTO EVENT.

TORONTO, Jan. 3. — "Jimmy" Moorecroft, the crack Gladstone Athletic Club runner, captured the Bloor-Bathurst modified marathon yesterday in record time. This is an annual affair run on New Year's day, and yesterday's race was the second time that the course had been covred in as many years. Albert Smoke, the Peterborough Indian, ran true to form, and the struggle between he and Moorecroft was the outstanding feature of the race. The local lad led over most of the route, and finished 20 yards in front of the Indian who was second.

The nine miles was run by Moorecroft in the exceptionally fast time of 48.47. Last year in the inaugural race the course was covered in 53.11 1-2 by Arof St. Clair under very poor weather conditions. One feature which escaped the notice of the big majority of the spectators and which was an act of good sportsmanship indicative of the type of athletes competing was enacted on the back stretch when Smoke, who was running alongside of Moorecroft in the lead, made a mistake and turned at the wrong corner. He lost more than twenty feet by this, but Moorecroft, unwilling to take advantage of his opponent's misfortune, slowed up until the Indian was again on even terms with him.

At the end of the first lap, which was the half-way mark, Moorecroft led Smoke by two feet, and won the Bushnell Shield donated to the first man to complete the 4 1-2 mile stretch. Smoke forged in front immediately following this, but the Gladstone runner nosed the Indian out and made the pace for the last three miles. The gruelling pace told on Moorecroft, and, though he finished strong, his courage alone held him up. Smoke appeared to be much fresher as he crossed the finishing line.

The veterans, Jimmy Dellow and Art Scholes, both of the Gladstones, finished third and fourth respectively. They held these positions throughout the race, and at the half-way mark there was little to choose between the first four runners. Five out of the first six were members of the Gladstone A. C.

The event was run off in fine stlyle under the capable direction of Secretary Bushnell of the Gladstone Athletic Club. Twenty-five contestants started and all finished. The weather was very cold and this condition did not help the runners. An exceptionally large crowd thronged the course on Bloor and Bathurst streets, and several thousands witnessed the finish. The interest displayed seems to indicate that the long-distance game is on the upward trend in Toronto.

Proof of the political pudding lies in the size of the plums.

BOARD OF EDUCATION.
The regular monthly meeting of the Board of Education will be held this evening in the Board Room, commencing at 7.45 o'clock.

SISTER ABIGAIL
Will arrive ths afternoon. The first meeting will be held to-night, Gospel Hall, and to-morrow afternoon, at the home of Mrs. Millard, 424 Stewart Street, at three o'clock, while Mrs. Tuffe will talk to women and girls. Men are not excluded—nothing will be said that men ought not to hear. Every Christian man will be made to feel at home, but the talks are for women. This is an opportunity that probably will never return to hear one of God's great women of faith.

WEEK OF PRAYER.
The first evening of the Week of Prayer arranged by the united churches of the city was held last night at St. James' Methodist Church, with services conducted by the Rev. Jas. Rollins. This was a very inspiring and devotional service. To-night, the united churches of the city will meet at Mark Street Methodist Church. No announcements of speakers is being made in advance for these meetings, the main object of the undertaking being to fasten the attention of the people on the spiritual and devotional aspect of the gatherings.

COMMENT ON DE VALERA'S LATEST ACT

FREEMAN'S JOURNAL STRONGLY CONDEMNS IRISH LEADER AND ACCUSES HIM OF "CRIMINAL ATTEMPT TO DIVIDE THE NATION."

ARMED MEN KIDNAP TIMES NEWSPAPERMAN

DUBLIN, Jan. 5. — (Canadian Press.)—A. B. Kay, correspondent of the London Times, was kidnapped last night by three armed men while in a store with other newspapermen. Correspondents who gathered for this morning's session of the Dail demanded his release and punishment of his kidnappers.

The Dail met this morning and adjourned until three o'clock in the afternoon so that members may consider the document made public by De Valera.

Strong condemnatory comment on De Valera's sudden production of his alternative proposals to Treaty appears in Freeman's Journal to-day. After declaring that the Irish people will find no justification in his publication for "his crimnal attempt to divide the nation," it says that his action is due to vanity. "He cannot forgive the Irishmen who made the Treaty, for their success, and for this he is ready to sacrifice the country," says the newspaper. He had not the instinct of an Irishman in his blood. It is the curse of Ireland that its unity should be broken by such a man acting under advice of an Englishman who achieved fame in the British Intelligence Service. Irish people must stand up and begin their freedom by giving their fate into the hands of their own countrymen."

"I take full responsibility for making statement" said Walsh. "Decision will likely be taken tonight and I feel that it is of great importance and of vital interest for every constituency to realize exact position."

Announcement that release of A. B. Kay, Times Correspondent, kidnapped yesterday might be expected shortly was made in message to Sinn Feina publicity department today.

Kay's friends point to an article he wrote recently from Cork saying that some of the leading fighting men of that city favoured the treaty.

They say he was warned at that time to leave Cork on the threat that he be "put in a vault with corpses and a candle."

Michael Collins told the correspondents that he had sent two of his best men to Cork to rescue Kay, and that he would have the kidnappers severely punished.

WILL BE DEFEATED.

LONDON, January 4 (Canadian Press). — J. J. Walsh, member of the Dail Eireann, is quoted in a Central News despatch from Dublin today as saying:

"I can definitely state that, as the position stands, the treaty will be defeated by at least two votes."

FAMILY REUNION NEW YEAR'S DAY

On New Year's Day, a delightful family re-union took place at the home of Mr. and Mrs. Walter Jarvis, 46 Wolseley street, who were hosts at a jolly gathering in honour of Mrs. Jarvis' sister, Mrs. G. Quackenbush, of McLaughlin Beach, Saskatchewan. Among the thirty or forty guests assembled were several relatives of the guest of honor, including sisters and brothers, an aunt, a niece and a cousin; Mrs. W. B. Greer and Mr. G. D. Soanes, of St. Ola, Ontario; Mrs. E. Moore, Coe Hill; Mr. and Mrs. R. Henry, Romaine street; Mr. and Mrs. Adlam, Stewart street; Mrs. W. A. McEwan, Manning avenue; Mr and Mrs. H. L. Soanes, Townsend street; Mr. P. B. Soanes, Conger street; Mrs. Ed. Vandervort, of Yarker, Ontario; Mrs. R. Pethick, George street; and Miss A. Long, of Monaghan Road. After a sumptuous tea, the evening was pleasantly spent in the enjoyment of games and music.

PROGRESSIVE EUCHRE AND DANCE AT INDIAN RIVER HALL, FRIDAY, 6TH JANUARY. GOOD ORCHESTRA AND REFRESHMENTS. EUCHRE STARTS SHARP 8 O'CLOCK.

TWO DUCKS GLAD SHOW IS OVER

POULTRY EXHIBITION A NIGHTMARE FOR PAIR OF INDIAN RUNNERS, COOPED WITH AYLESBURYS.

There's a pair of Indian Runner ducks that will be mighty glad when the Poultry Exhibition at the market hall breaks up to-night. City folks who wouldn't know an Indian Runner duck from any other variety of duck, and whose interest in ducks is confined to their market price and table qualities may be informed that the Indian Runner is a white duck.

This particular hapless pair was cooped with two Aylesburys, also duck, if anything a little smaller than the Indians, but otherwise unneighborly and with dispositions like a Pitt Game rooster. And Geo. Buller says he had to get rid of his Games, the "pugs" of the fowl family.

"I couldn't keep them around the place," said Mr. Buller. "They made too much trouble. If the rooster heard another rooster crowing in the neighborhood, a hundred yards or more away, he seemed to take it as a challenge to fight, and wasn't satisfied until he had climbed the intervening fences, and shed blood and feathers about the neighbour's yard."

It isnt' fair to indict a whole breed of ducks on the pugnacious proclivities of one pair, but those Aylesburys showed a very nasty temper. Both of them, duck and drake, in fact the female of the species if anything seemed the more aggressive, chased the inoffensive Indian Runners off their feet. It could scarcely be called a chase from corner to corner of that small coop, and the woeful Indians always within reach of the bills, or beaks, whichever it is, of the scrappy Aylesburys, a dark brown mottled variety, the drake with fine green head, and both of them snappy and full of "pep," showing their superiority like ambitious youthful graduates of a correspondence school in the modern school of dominance, masterfulness and that sort of thing.

They'd dip their bills in the overturned tin cup, nose among the damp shavings, and whether because they found not even a morsel of food or just as a diversion in cussedness, they'd turn on the Indian Runners cowering in the nearby farthest corner. Biting or pinching, it was catch as catch can with their bills, from neck to tail feathers of Lo, the Poor Indians, and there was no escape until the fighting Aylesburys got in each others' way and went back to the shavings. They may have let up at times because the Runners refused to fight back. These may be a Chinese variety of ducks, for apparently they did not know the first elements of self-defence.

At any rate they were having a bad time of the Exhibition. Occasionally, the Aylesbury's would drowse off for a wink of sleep, but it was only for a few minutes, and coming back to life would pass up the cup and the shavings for another round out of the Runners. Across the aisle the gay colored Sussex fowl, the noisy Guineas, the honking geese and the cooing pigeons were enjoying the holiday with the other thoroughbreds, but that pair of Indian Runner ducks sorely needed a friend, and the two days' show must have been an eternity to them. Won't their separation from the battling Aylesburys to-night be a glad release, and the freedom of their own barnyard to-morrow be the morning after a nightmare of imminent death by slow torture from the pecking bills of a million heartless Aylesburys.

ROTARIANS HEAR TALK PETERBORO

CITY CLERK S. R. ARMSTRONG WAS THE SPEAKER—VISITORS AT THE MEETING—PLANS FOR FUTURE.

ARRANGEMENTS FOR BOYS' SUMMER CAMP

(By F. H. Dobbin.)

Tuesday's luncheon of the Rotary Club was well attended, but several seats were vacant, members being out of the city and others, possibly, recovering from the exertions of polling day. But as Rotarians W. H. Bradburn ad E. B. Fowler had been of the elect, congratulations were rife and proper. Next year it is expected that the principles of Rotary will have permeated the community so far that other men will come forward and undertake to help on community work. For Rotarians cannot but be good men. In fact an All-Rotary Council would be just about right. Good suggestion.

Rotarian Marsh, of Hamilton and and Robt. Brown, the latter manager of the Nashua Paper Company here, were the visitors. Right off the reel came a cheerful announcement that Mr. J. E. A. Fitzzgerald had agreed to ferry from the city to the site of the Boys' Camp all the materials that would be procured in the city to use in building the camp buildings. That will be quite a lift, and will ease off prospective expenses. The offer will mentally be chalked down to Mr. Fitzgerald's credit. Several Rotarians saw an opportunity for a free trip and might go along just to see that the stuff did not fall overboard.

Brown is a Songster.

Robert Brown, of the Paper Company, is a singer. He gave that old favorite, a man's song, "When I Was a Lad" from Pinafore, in capital voice and expression. Applause.

In anticipation of a report as to the Rotarian activities during the holiday season in lending a helping hand, Rotarian Killaly suggested that the families cared for should not be allowed to drop out of sight during the winter, and this was agreed to, each couple of members having one family in charge to keep in touch and see how things were going on, and if needful to act. This was approved.

Rotarian W. Harold Young gave a brief resume and report on what had been accomplished. This was informative and brought to the attention of the members the real need for assistance. The routine and methods adopted were commended as well as the results.

Rotarian S. R. Armstrong took the duty that had been assigned to another not present to make an address on a topic of interest to the Club, and spoke on the industrial situation, of the advantages offered by Peterborough in putting forward its claims to preference by manufacturers proposing to locate in Canada and preferably in Ontario. It was pointed out that taking the map of the Dominion and the relative centres of population to be reached in a goods distribution that Peterborough was located as close to the actual centre as could be determined. Railways, access and egress it had, and good service. Power now assured from anything more than temporary hindrances but of only brief duration. A most favorable rate to offer and a residential situation in connection with the river and lakes that offered attractions not to be found in the Western areas.

Power and Light.

Power, light and water were all essentials, the latter it might be assumed would cost less owing to the election of Rotarian Bradburn as one of the local Commission. As the speaker was connected with the operation of the Commission he confidently looked for an additional reduction in rates so soon as the cost of operations of the new filtration plant had been assured. Land for sites was available at most moderate figures. Buildings taxes and frontage rates were not immoderate. Labor is largely residential and stabilized, and efficient and none of the racial problems that vex other places found a place in Peterborough.

Water communication was assured, and this section should press for the opening of the canal to Georgian Bay. His view was that several of the more bulk freights could be handled by water at lower cost than by rail and the canal should be given a try-out in such respect. Visi

THE FEDERATED RELIEF BUREAU HOLD A MEETING

CONSTITUTION HAS BEEN FRAMED AND WILL BE PRESENTED FOR ENDORSATION—AIMS AND OBJECTS.

There will be a meeting of the new relief organization that will likely be known as the Federated Relief Bureau, next week if a date suitable to the members can be decided on. The committee appointed to draw up a constitution have done so, and this constitution will recommend that the society operate under the name mentioned. According to the constitution, which has yet to be adopted, the objects of the Bureau are:

A. To tabulate information regarding all cases of need in the city and to secure information in these cases not otherwise invstigated.

B. To co-ordinate the activities of all agencies engaged in the distribution of relief in order to effect a more adequate and equitable distribution of assistance.

C. To endeavour through those agencies to supply the necessities of life to an extent not otherwise done.

WEEK OF PRAYER

In spite of inclement weather there was quite a large attendance at S. John's Church last night for the united services in connection with the week of prayer. The address was given by Dr. R. C. Blagrave and Rev. Harold W. Young of George Street Methodist Church read the lesson

Service tonight is at Trinity Methodist, commencing at 8 p.m. The topic under discussion will be "The Missionary Work of the Church". A good attendance is anticipated.

Short fur coats are fashioned with wide sleeves and loose high buttoned-up collars.

SUSPICIOUS FIRE IN FRAME HOUSE ON ALBERT ST.

FIRE DEPARTMENT CALLED TO EXTINGUISH BLAZE IN HOME OF G. H. HAMILTON—DAMAGE WILL BE LIGHT.

Fire of unknown but suspicious origin, caused damage of about $75 to a frame house owned by J. Sutherland, 352 1-2 Water street, grocer, and occupied by G. H. Hamilton, 530 Albert street, at 4.55 p.m. yesterday. When Mr. Hamilton returned after being away in the afternoon he found the east wall of his clapboard dwelling in flames and the remains of a rag lying suspiciously close to the hounse near the fire.

A telephone call from a nearby house brought the fire department and the blaze was confined with chemicals, to the wall, no damage being done to the contents of the house. A hole 12 or 15 feet long and of varying width was burned in the wall, and the roof was cut through in giving the department access to the heart of the blaze.

Mr. Hamilton, it is said, has been made the subject of torment by small boys, and some suspicion exists that in this case what was intended as a practical joke on the aged man, was carried too far.

SOCIAL EVENING IN OTONABEE HOME

MR. CARL WILSON WAS HOST AT A DANCE—AMONG THOSE PRESENT.

Mr. Carl Wilson proved an excellent host at a delightful little dance, given at the residence of his parents, Mr. and Mrs. Robert Wilson, River Road, Otonabee, on Friday evening, December 30th, in which about thirty-five or forty young people participated.

Games and dancing, for which exceptionally good music was provided, were indulged in until a late hour, when a dainty lunch was served. The merry evening was brought to a close by singing "Auld Lang Syne," and wishing Mr. and Mrs. Wilson "a happy New Year."

Among those present were: Misses Mollie Wilson, Stella Huston, May Wilson, Frances Gillespie, Verda Huston, Daisy Welch, Alice Gillespie, Rosanne Tully, May Bennett, Mary Tully, Beatrice Breckenridge, Helen Fawcett, and Messrs. Frank Greystock, Garnet Browne, Earl Huston, Harold Bennett, Donald Rose, Gordon Welch, Bert Lindley, Harold Fawcett and Jack Wilson.

REVIEW OF WASHINGTON CONFERENCE

DECLARES RESULTS WILL PROVE MOST MOMENTOUS EVER ACHIEVED BY ANY INTERNATIONAL CONFERENCE.

BRIEFS FROM WIRES WORLD-WIDE EVENTS

WASHINGTON, January 5 (Canadian Press). — In reviewing the work of the Washington Conference, in brief address last night, Sir Auckland Geddes, the British Ambassador, declared the results would prove the most momentous ever achieved by any international conference.

He intimated that the limitation upon the tonnage of armoured cruisers and naval plane carriers already formally agreed upon by the Great Nations would be incorporated in the treaty.

With all other problems of arms conference rapidly moving toward point of final settlement, Shantung negogations between Japanese and Chinese delegations aone today represented dubious aspect as to whether their resumption is to result in agreement or final dadloik. Two delegates met today in their effort to fine an understanding in controversy.

CONSENTS TO CONFERENCE.

BOMBAY, January 4 (Canadian Press). —It is understood that M. K. Ghandi, leader of the Non-Co-operationists, has consented to a conference of representatives of all political parties in India to solve the existing deadlock among them.

WON CHAMPIONSHIP.

WANGANUI, New Zealand, January 4 (Canadian Press). — Darcy Hadfield won the world's sculling championship from Richard Arnst over the three and one-fourth mile course on the Wanganui River — winning by six lengths, in 19 minutes 46 seconds.

APPOINTED CONSUL-GENERAL.

SAN FRANCISCO, January 4 (Canadian Press). — Tamekichik Ohta, appointed Consul-General at Ottawa by the Japanese Government, is here on his way to the Canadian Capital.

GREAT SEND-OFF.

RANGOON, January 4 (Canadian Press). — The Prince of Wales left here to-day for Mandalay. He was given a great send-off.

WINTER TRAINING CAMP.

NEW YORK, January 4 (Canadian Press). — The New York Giants start for the winter training camp in San Antonio, Texas, on 26th February.

CASH IS KING

Evidently our enterprising jeweller, Mr. Alex. Gibson, is aiming for a clean business sheet at the start of 1922, and is prepared to do some heavy sacrificing of profits in order to do so. At the top of the last page of to-day's issue he announces a 25 per cent. reduction on all jewelry purchases from and after Saturday, January 7th. The ready cash, evidently, is preferred to help reduce stocks as well as to help clean off the slate.

THEATRES

REGENT—Frank Mayo in "The Blazing Traill," splendid western feature. Also 3 comedies and Pathe Review.

ROYAL—"The Night Horseman," featuring Tom Mix, world's greatest exponent of western life. Alice Joyce in "Her Lord and Master," "Star Boarders," featuring Larry Semon, Sunshine comedy.

CAPITOL—Robert Hughes' wonderful production, "The Old Nest," a better picture even than "Over the Hill." Also Larry Semon in comedy, "The Bell Hop."

GRAND — To-night only, "The Cabaret Girls," featuring Harry Seymour and Dot Barnette in the screaming travesty, "The Girl in the Bottle."

$200 FINE IMPOSED ON H. SCRIVER

WAS FOUND GUILTY OF KEEPING A STILL FOR THE MANUFACTURE OF HOME-BREW PRODUCTS—A QUICK ROUND-UP

REVENUE OFFICER WAS ON THE TRAIL

The prompt action of the police yesterday morning resulted in Harry Scriver of this city being fined $200 and costs of $33.50 on short order by Magistrate O. A. Langley in Police Court today for having a still in his possession contrary to the Inland Revenue Act. At 10 a.m. yesterday, William Buller, Inland Revenue Officer; Joseph Stewart, License Inspector and County Constable William Dixon made a search on the premises of Hary Scriver, Sr. one-half mile east of Hastings and found a worm, pan, boiler, two cooling tube and a bag of grape sugar in a shed near the Trent River

Scriver did not have a key to the shed and admitted his son was in Peterboro did. The officers had to break in the door. The father said the son owned the machine. William Buller got in touch with the local police and before noon, Harry Scriver was placed under arrest by Detectives William Meagher and George Cookman, just as he was packing up his household goods to return to Hastings for good. He pleaded guilty and in his admisson he said he had been out of work since October 1 and had made trips home regularly staying as long as two weeks, and assembling the still while ostensibly 'hunting and fishing.". He said he had escaped some rewards from it but deviced bringing any of the "moonshine" to Peterboro as License Inspector Stewart is of the opinions he did. Chief Newhall said none of the "home-brew" that had been in circulation in the city is traceable to Scriver's trips from his still in Hastings but the matter will be investigated.

The outfit which Inspector Buller claims is a superior one was brought to Peterboro last night under seizure of the Crown. If Scriver can't pay the fine he will be given board and room for three months at the county jail.

Mr. Joseph Wearing, acting for the Inland Revenue Department, took the occasion of his first case in the Police Court since the appointment of Mr. Langley as City and County Magistrate, to congratulate him on his appointment. He spoke of Mr. Langley's successful career as a lawyer, and stated that during his regime as Magistrate the best traditions of British courts would be upheld and that in every case coming before him justice, tempered with mercy, would be administered. Mr. Langley, in thanking Mr. Wearing, stated that, like Solomon, his wish was for understanding that he might discern between good and bad.

PORT HOPE BAKERS USING GOOD FLOUR

CAMPBELL FLOUR MILLS REPRESENTATIVE REPLIES TO CRITICISM OF IMPORTED BREAD.

Some time ago an article appeared in this paper in which reference was made to the amount of Port Hope bread sold in Peterborough, and a second article followed which charged the Port Hope baker with using inferior flour. A representative of the Campbell Flour Mills Company was in the city to-day and made the statement that the flour used by the Port Hope baker who dares to sell bread cheaper than his competitors here and elsewhere, is supplied by the Campbell Flour Mills and is of the best quality. Grocers who handle the bread in Peterborough say they have received no complaints regarding the quality of the bread and in fact have been commended for their enterprise in introducing such a fine quality of bread in Peterborough and at a lower price. The Self-Serve Grocery on Charlotte street, and Mr. W. J. Byers of Byersville, haidle hundreds of loaves of Port Hope bread each week. The bread sells at eight cents a small loaf and in the words of a grocer who handles it, "There is no better bread made or sold in Peterborough."

CENTRAL CHARITY BOARD ACCOUNTS

The passing of accounts was the principal business carried out by the Central Charity Board at a meeting. The annual statement of expenditures has not yet been presented, but it will, it is exepcted, be ready for the next meeting. Relief expended, however, in 1921 creates a record and amounts to at least a thousand dollars more than in 1915 when there was a great deal of distress. The list of accounts passed give a concrete idea of what is being done in the way of relief. Most of these have been incurred since Dec. 19, although several have been running. The list follows:

Herb Allen, $10.00; F. W. Bates, $4.00; M. Braund, $22.00; J. S. Black, $12.00; L. M. Brooks, $19.00; E. J. Boyle, $61.00; E. Benson, $14.00; Brioux Bros., $4.00; Collins and Crowe, $8.00; H. H. Dinsdale, $368.00; E. Files, $3.00; F. Goselin, $8.00; Robt. Hicks, $346.50; J. Henderson, $4.00; E. Hamlin $4.00; J. Haggart, $10.00; J. Kerr, $22.00; E. F. Mason, $17.00; Peterborough Lumber Co., $7.00; Patterson and Walton, $10.00; E. Puttick, $10.00; N. Rautley, $21.00; A. Reynolds, $8.00; B. Sloane, $16.00; J. Speer, $5.00; J. Thompson, $19.00; E. Walton, $12.00.

APPEAL FOR FUNDS

The Big Sisterhood is making a further appeal for supplies of food and clothing. They have been remembered by many kind friends, but their list is gradually increasing as the days go by, and with the advance of winter, it seems impossible to keep up with the demands made upon them for these things. They wish to acknowledge with gratitude the following donations: From Miss Dickson, several lengths of flannelette and cotton batting for quilts; Mrs. Jas. Wood, 6 new suits of men's underwear; the Thursday Club, a box of clothing for children; Mr. Robert Glover, a bedstead; Miss Elcombe, a sewing machine and several chairs; Mr. Albert Vass, meat and vegetables, and promise of milk supplies to several families.

BULL-DOG DRUMMOND
BY "SAPPER"
(CYRIL McNEILE)

(Continued from Yesterday.)

He strode to the door, followed by Lakington; and the girl in the chair stood up and stretched her arms above her head. For a moment or two Hugh watched her; then he stood upright and eased his cramped limbs.

"Make the fool sign." The words echoed through his brain, and he stared thoughtfully at the grey light which showed the approach of dawn. What was the best thing to do? "Make" with Peterson generally implied torture if other means failed, and Hugh had no intention of watching any man tortured. At the same time something of the nature of the diabolical plot conceived by Peterson was beginning to take a definite shape in his mind, though many of the most important links were still missing. And with this knowledge had come the realisation that he was no longer a free agent. The thing had ceased to be a mere sporting gamble with himself and a few other chosen spirits matched against a gang of criminals, it had become—if his surmise was correct—a national affair. England herself—her very existence—was threatened by one of the vilest plots ever dreamed of in the brain of man. And then, with a sudden rage at his own impotence, he realised that even now he had nothing definite to go on. He must know more; somehow or other he must get to Paris he must attend that meeting at the Ritz. How he was going to do it he hadn't the faintest idea; the farthest he could get as he stood on the roof, watching the first faint streaks of orange in the east, was the definite decision that if Peterson went to Paris, he would go too. And then a sound from the room below brought him back to his vantage point. The American was sitting in a chair, and Lakington, with a hypodermic syringe in his hand was holding his arm.

He made the injection, and Hugh watched the millionaire. He was still undecided as to how to act, but for the moment, at any rate, there was nothing to be done. And he was very curious to hear what Peterson had to say to the wretched man, who, up to date, had figured so largely in every round.

After a while the American ceased staring vacantly in front of him, and passed his hand dazedly over his forehead. Then he half rose from his chair and stared at the two men sitting facing him. His eyes came round to the girl, and with a groan he sank back again, plucking feebly with his hands at his dressing-gown.

"Better, Mr. Potts?" said Peterson suavely.

"I—I——" stammered the other. "Where am I?"

"At The Elms, Godalming, if you wish to know."

"I thought—I thought— He rose swaying. "What do you want with me? Damn you!"

"Tush, tush," murmured Peterson. "There is a lady present, Mr. Potts. And our wants are so simple. Just your signature to a little agreement, by which in return for certain services you promise to join us in our—er—labours, in the near future."

"I remember," cried the millionaire. "Now I remember. You swine—you filthy swine, I refuse . . . absolutely."

"The trouble is, my friend, that you are altogether too big an employer of labour to be allowed to refuse, as I pointed out to you before. You must be in with us, otherwise you might wreck the scheme. Therefore I require your signature. I lost it once, unfortunately—but it wasn't a very good signature; so perhaps it was all for the best."

"And when you've got it," cried the American, "what good will it be to you? I shall repudiate it."

"Oh no! Mr. Potts," said Peterson with a thoughtful smile; "I can assure you, you won't. The distressing malady from which you have recently been suffering will again have you in its grip. My friend Mr. Lakington is an expert on that particular illness. It renders you quite unfit for business."

For a while there was silence, and the millionaire stared round the room like a trapped animal.

"I refuse!" he cried at last. "It's an outrage against humanity. You can do what you like."

"Then we'll start with a little more thumbscrew," remarked Peterson, strolling over to the desk and opening a drawer. "An astonishingly effective implement, as you can see if you look at your thumb." He stood in front of the quivering man, balancing the instrument in his hands. "It was under its influence you gave us the first signature, which we so regrettably lost. I think we'll try it again."

The American gave a strangled cry of terror, and then the unexpected happened. There was a crash as a pane of glass splintered and fell to the floor close beside Lakington; and with an oath he sprang aside and looked up.

"Peep-bo," came a well-known voice from the skylight. "Clip him one over the jaw, Potts, my boy, but don't you sign"

ALTERNATIVE PROPOSALS IN IRISH TREATY

DE VALERA SAYS SOLE SOURCE OF AUTHORITY RESTS WITH THE IRISH PEOPLE.

DUBLIN, Jan. 5. — (Canadian Press.)— Eamonn de Valera, when the Dail Eireann rose last night, produced for the first time publicly his alternative proposals to the Irish Treaty. The document, whose secrecy has been carefully guarded, except for obscure hints by Dail members, was issued to the press, accompanied by an appeal by Mr. De Valera in a manifesto addressed to the Irish people, urging them not to be stampeded into support of the treaty, which would not bring peace. The document differs from the document submitted in private sessions of the Dail Eireann. It follows the main outline of the Treaty made at Downing Street, but implies, Mr. De Valera contends, fundamental difference in principle. It asserts that the sole source of authority in Ireland rests with the Irish people, while by the treaty it is argued, it is derived through the King.

dear mr editor

kindly insert the fowling in your valueable paper

in regards to the argument that Ed m Elliott and I had in conection with our expenses in the Archie Moore scrape mr Eelliott said the cauncil could not pay it after taking an oath before god that they would do what was Right or something to that effect now then if Mr Elliotts contention is Right how in the name of common sense could any honest man sit in the council and allow Mr. Elliotts salary to be raised to $3,500 dollars without one dissenting voice Mr. Elliott said he helped the Farmers when he got a chance now when the byelection was on for the dominion house Mr Elliott had a chance to shout for the Farmers and he never said one ward from a public platform in favor of them but where did we find Mr Elliott when the dominion elections was on behind the men that was paying him his three thousand five hundred dollar salary or one of the old political parties

now then the Farmers were not only fighting the tories but was fighting the grits as well and I think Mr Elliott was quite out of place when he was driving up the side lines and down the convessions canvassing for Mr Gordon

THREE BANDITS HOLD UP A COLLECTOR FOR STORES

COLLECTOR FOR CHAIN STORES ROBBED OF $6,000 AS MANAGER WAITS ON CUSTOMERS.

PISTOL KEEPS TWO QUIET

NEW YORK, Jan. 5.—Three bandits at noon yesterday held up two employes of the Thomas Roulston Grocery Stores Corporation, at 545 Fifth Avenue, Brooklyn, and obtained more than $6,000 from one of the men without the manager of the store and a woman and three children in the place becoming aware that a robbery was in progress. It was not until all but one of the customers had gone and one of the robbers had taken a bag from behind the counter in which to place the loot that the manager learned a hold-up had taken place. Then the robbers walked into the throng passing the store at the time and disappeared.

The hold-up took place within a block of the Fifth Avenue station and the robbers went so calmly about their work that the police expressed the belief that the plan had been mapped out by a former employe of the company. The victim of the robbery was William Simmons of 18 Sherman street, Brooklyn, district superintendent and collector for the corporation. Simmons made a round of twelve stores yesterday forenoon and gathered an envelope in each containing the receipts for the preceding week. He explained yesterday that he was unable to set a definite figure on the amount of money in each envelope because it was not a practice of the managers to put the sums on the envelopes. Simmons placed each envelope in the inside pocket of his coat when he received it. The Fifth Avenue store was the last one on his route.

Movements Were Watched.

He said that up to about a year ago it was his custom to collect the envelopes on Saturday afternoons, but with the unusual number of hold-ups at that time it was decided that he should make the collections on Monday. The collection was put off until yesterday because last Monday was a holiday. Simmons said that he saw nothing unusual in his rounds until he entered the Fifth Avenue store about 12.15 p.m. As he steped over the threshold he felt something pressing against his back under the shoulder blades and at the same time a man said to him in a voice a little above a whisper, "Walk right ahead to the back room, Simmons, or I'll shoot you full of holes."

When Simmons started to turn around to get a look at the man behind the later ran the pistol a little further up his back and warned, "You had better obey what I said or I'll begin to shoot."

Without speaking to Morgan J. Creamer, the manager, who was waiting on four customers less than three feet away, Simmons obeyed. As he neared the door leading to the rear room he heard another man

FORCES WIFE TO PICK THE APPLES

SEPARATION SUIT BROUGHT BY MRS. ELIZABETH STEVER—A LONG TALE OF MATRIMONIAL WOE.

WHITE PLAINS, N. J., January 5—In the trial here of the separation suit brought by Mrs. Elizabth Steever of New Rochelle against her husband, Geo. R. Steever, the high constable of Masonville, Delaware County, before Supreme Court Justice Seeger, the plaintiff read from a diary to show her husband had treated her cruelly.

Mrs. Steever testified she left her husband's home to live with a brother, a policeman, in New Rochelle, on August 12th last, because her husband would not put another woman, named Mrs. Hopkins, out of their home. The Stevers have been married for 20 years.

Mrs. Steever said that when her well went dry on the Masonville farm her husband made her play the part of Jill, compelling her to go up and down the hill many times carrying pails of water. She also asserted that he insisted on her climbing an apple tree to pick apples and that she fell once and broke a bone in her leg.

These are some of the things she read from her diary: "January 21, 1921, husband broke my umbrella, and tore my clothes from the wall hooks;" "January 25, 1921, he threw a soucer of hot coffee in my face;" "April 20, 1921, struck me in my face, choked me, pulled me out of bed, because he said I was a 'lazy thing.'" "He also put his hands over my mouth so that I could not holler" said Mrs. Steever. Mr. Steever denies his wifes charges and says she is simply insanely jealous."

ONTARIO'S POPULATION

Ontario will fare far better in the new redistribution than was at first expected, judging from the census returns which show that the population of the province has increased 407,762, or 15.89 per cent., in the last 10 years. The first totals announced from the south-western Ontario electoral districts, where rural depopulation to a considerable extent was indicated, led to the fear that upon redistribution at least four Ontario seats would be lost. The recapitulation for the province, however, shows that even if the unit of population for each constituency exceeds the 36,000 mark, as now seems probable, Ontario will only have to abandon one riding. There will be general increases in the towns and cities of the Province, while New Ontario also shows a large gain in population. In the majority of villages, however, decreases have been recorded, the bigger towns and cities of the Provnice gaining at the expense of the smaller communities.

ALD. TURNER'S SUCCESSOR.

There is much interest in the choice of the new City Council in connection with the selection of an alderman to complete the term of ex-Ald. Turner, who resigned his seat in the council to enter the Mayoralty fight. The Aldermen have an absolutely free hand in making the appointment. They are not bound to choose the highest man in the list of defeated candidates—ex-Ald. R. N. Jones in this case—as many electors appear to think, although there are plenty of precedents for such a course. They may select any citizen with the necessary property qualifications. Many citizens believe that the regulations affecting the replacing of an alderman who resigns, should be amended so that in the event of a resignation within a week or two of the municipal elections, the vacancy might be filled by an alderman elected by the people rather than appointed b ythe council. The object in having the choice entrusted to the aldermanic board of course was to avoid the expense of a bye-election, but if the resignation occurred within a reasonable time from the date of the annual municipal contests, there would be little additional expense involved in allowing the votes of the people to settle the matter. And it would be a more satisfactory method than the one now in use.

NEED FOR HASTE.

The Provincial Government evidently does not regard the unemployment situation as an emergency, judging by the lackof haste that is being shown in arriving at a decision as to relief measures to be undertaken by the province. It is reported that the Drury administration is likely to make some concessions to the requests made by the deputations from Peterborough, Hamilton and other cities which waited upon the Premier last week. However, the Government is acting very leisurely. The Cabinet has decided to call a conference a week from to-day, at which the Federal and Provincial Governments, the municipalities, organized labour and the soldiers' organizations will be represented, and after the whole subject has been discussed, the Government will come to a decision as to how far it is prepared to go. The trouble is that the unemployment situation is at its worst at the present time, and the crisis calls for speedy action on the part of the province. The aid the municipalities asked for a week ago should have been forthcoming several months before, and while the government dilly dallys with the problem, many families would be on the verge of starvation were it not for the assistance rendered by the municipalities and by the various social service organizations. The Premier and his associates should understand that they are facing an emergency which calls for special measures, not deciding some permanent question of policy in which there is no great need of haste.

MORE PUBLICITY.

The situation which arose last week in several townships, when candidates for municipal offices, ignorant of a change in the regulations affecting the declaration of qualifications automatically disqualified themselves by failing to file their declarations within the new time limit, draws attention to the necessity of some better method of advertising new statutes and regulations passed by Provincial and Dominion Governments. The present method is out of date, obsolete, old-fashioned. Orders-in-Council are passed at Ottawa making important changes that affect many people and the only medium of publicity is the official Gazette, which hardly anybody sees. The result is that the majority of Canadians never hear about the amendments until they happen to run foul of one of them and perhaps find themselves in a law court where they are generally informed that ignorance of the law is no excuse. The advertising columns of the newspapers would be a much more effective medium of transmitting important information of this kind, especially in regard to statutes which concern the whole citizenship. The Government used this means in connection with the Patriotic Fund campaign, the Food Conservaton effort, the Greater Production drive, and other war activities and it demonstrated its efficiency beyond a doubt. The lesson learned in the war days might be applied to the problems of peace.

STARTING THE YEAR.

Climbing the Alps is a dangerous piece of business for the greenhorn, and even hazardous enough under the care of a guide who knows the ground.

In the year just closing there have been 140 deaths, and most of them are due to the fact that guides were dispensed with to save expenses.

Right in this incident there is the making of a lesson for a great many people today who feel so confident of their own ability, so sure and so buoyant in the possession of strength, health and prosperity, that they are discarding the guides and the signposts that have been tried and found worth while for generations past.

The young man is certain, for instance, that he can crowd past without his mother's God. He has known the hallowed pity of godly parents, and he has been brought up under the guidance and direction of Christian teaching. But now he feels competent; he wants to see life; he wants to have a little more elbow room, and the break sets in. So there he is today, apparently going all right. He has told the Guide to stay behind, and he will run the business himself and go his own way.

Or, perhaps, he is taken in by some of the many new teachers of the day. A religious fanatic can always secure a following if he stays with it long enough. And so some new theory comes along, and by its teachings a person finds out that after all is said and done he is not a half-bad sort of a chap. All the rigor and severity of the gospel is trimmed off; the alluring features of it are laid on thick with a trowel, and it is, under the circumstances, so easy to cut off from the Guide and hitch up with the new and untried adventurer.

It may be all right for a time, fine in fine weather, and perfectly safe as long as there is no danger. But some day things go wrong; business breaks; there is a sudden and serious illness; there is calamity we never dreamed of, and with it all a reaching out in the hope of finding something in the way of an anchorage that will hold. Then it is we look for the Guide—then it is we turn back to the real things.

Don't think you can get along without the Guide. You can't do it.

Before this paper reaches some of its more distant subscribers 1921 will have passed away into history, and 1922 will be here to make or to mar. There will be no visible or outward signs. The midnight sky of 1921 simply becomes the morning sky of 1922, and without a quiver or a ripple, we are ushered into another year of opportunity and of responsibility.

Have you made a success of 1921? If you say "yes" then you are a failure. The greater a man becomes the more he realizes his smallness, and in proportion as he realizes his smallness the greater he becomes.

You have been a good sort of a chap around the office, around town and around the club. Transfer a little more of your attention to your own home. There are plenty of men who, were it not for meals and bed, would seldom see the faces of the members of their family. Home is pretty much what you set out to make it, and it is largely in your own power to make it the most wonderful little spot in the world.

Get a few more people in on your mental horizon for 1922. The world's a pretty big place, and it would surprise you to know how many there are who are a bit lonesome at times, perhaps a little discouraged. They have the idea they are slipping back, or they may be going on from day to day, doing their level best, but no person ever says anything to encourage them. A little pat on the back, or just a word of help—you don't know what it means. Try it, my friend, try it.—London Advertiser.

I Was Bald

Found True Hair Grower

A well known business man, John H. Britain who in earlier years was in the old Indian Territory has certified to the following, notarially:

"I was bald at a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatment, etc., I came across in my travels a Cherokee Indian medicine man who had so much hair that he had concluded would grow my hair. Although I had but little faith, I gave it a trial. To my astonishment a fine fuzz soon appeared. It developed day by day, into a healthy growth, and to-day I have as long my hair was as prolific as in my youthful days."

"My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the roots were extinct, there was no hope of my ever having a new growth. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing power of the compound."

"I came into possession of the principle by preparing this elixir, now called KOTALKO, and later had the recipe put into practical form by a chemist. That my own hair growth is permanent has been amply proved. Many men and women, also children, have reported splendid results from KOTALKO."

When bald — Hair grown

KOTALKO, a true hair grower, contains genuine beat-oil and other potent ingredients, prepared according to the original principle, from the Three Kingdoms of Nature. KOTALKO, the genuine, is sold by druggists everywhere in Canada, England and U. S. A. FREE A proof box of KOTALKO will be mailed, post-paid FREE with book on the hair, if you write a request to KOTAL COMPANY OF CANADA Ltd. 366 Adelaide St. West, BA-8, Toronto, Ont.

CUT DOWN RAILWAYS REVENUE BY MILLIONS

No Appetite

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes:

"I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

IN MILLBROOK AND DISTRICT

LOCAL ODDFELLOWS INSTALL OFFICERS — PRESENTATION OF HANDSOME RING TO BRO. DAVID HAMPTON.

PERSONAL MENTION

MILLBROOK, Jan. 5.—The local I.O.O.F. lodge held their first meeting of the New Year on Tuesday evening, Jan. 3rd, when District Deputy Grand Master, Bro. Harry Turner of Peterborough, and his staff, which consists of seven members, conducted the installation ceremony for the recently elected officers. Five members of the installing staff, Bro. Currie, Bro. R. Martin, Bro. Hodgson, Bro. F. Reid and Bro. Campbell, are from the Peterborough Lodge, while the two others, Bro. Harry Fallis and Bro. E. Morden, belong to the Millbrook organization.

The Past D.D.G.M., Bro. Ira Goodfellow, of Peterborough, was also present.

Including the officials already mentioned three carloads drove out from Peterborough, and there was a good attendance of the local members. The new officers are as follows:

Noble Grand—Bro. W. Elson.
Vice-Grand—Bro. V. R. Hunter.
Recording Secretary— Bro. J. A. Vance, P.G.
Permanent Secretaray—Bro. P. I. Bentley, P.G.
Treasurer—Bro. D. Hampton, P.G.
Warden—Bro. W. E. Ball.
Conductor—Bro. Leonard Henderson.
Chaplain—Bro. Wm. Kennedy.
R. S. Noble Grand—Bro. S. Donaldson.
L. S. Noble Grand—Bro. R. I. Fallis.
R. S. Vice Grand—Bro. E. Hunter.
L. S. Vice-Grand — Bro. W. Wragg.
Inside Guard—Bro. D. Sheppard.
Outside Guard—Bro. G. Thompson.
Past Noble Grand—Bro. R. O. Larmer.

A very pleasing feature of the evening was the presentation of a handsome Oddfellows' ring to Bro. David Hampton, P.G., who has been treasurer of the lodge for twenty-two consecutive years, and an officers, either as Noble Grand or in some other capacity, ever since the lodge was organized here twenty-five years ago. Mr. Hampton has been a member of the I.O.O.F. either here, or while presiding in some other place, for forty-two years. Bro. J. A. Vance, P.G., made a most appropriate, though informal, address, and Bro. P. I. Bentley, P.G., presented the ring. Bro. Hampton was taken completely by surprise, but thanked the officials and members for their kind remembrance, and words of appreciation of his services, expressing his pleasure at being associated with them in the I.O.O.F. work, and his willingness to do anything that lay in his power to promote its best interests.

All enjoyed a bountiful hot supper before the gathering dispersed.

Bonspiel Results.

The results of the bonspiel for the Allen Cup, which began on Tuesday evening, are, so far, as follows:

Rink No. 7, G. W. Sayles, skip, 7,
Rink No. 3, J. Steele, skip 12
Rink No. 1 R. H. Edmunds, skip 20
Rink No. 2, J. E. Allen, skip 0
Rink No. 6, Ross Edmunds, skip 10
Rink No. 8, W. T. Wood skip.. 6
Rink No. 5 A. A. Smith, skip, 12
Rink No. 4 C. Larmer, skip .. 6

On Wednesday evening the play will be: J. Steele's rink vs. A. A. Smith, and R. H. Edmunds' rink vs. his son, Ross Edmunds. The two winners will play against each other and to the victorious side the cup will be awarded; but each rink will then challenge them in turn, beginning with No. 1, so the competition will go on all winter.

It is expected that two nights a week the cup games will continue, and inter-rink games on the alternate two nights, the skaters having the use of the ice on Friday and Saturday evenings.

RESCUED CREW OF FISHING SCHOONER

A HEROIC STORY OF MID-WINTER STRUGGLE WITH A BLIZZARD AT SEA.

CANSO, N.S., Jan. 5.—(Canadian Press)—Stripped of her sails, ice packed and unmanageable, the schoner Alexandra bound from Ingonish to Gloucester Mass. with fish cargo was driven ashore at Black Point at the height of a blizzard which swept Eastern Nova Scotia Monday night.

Captain Munro, seeing that hope of rescue was shut off while the crew clung to the bulwarks, resolved to take a desperate chance. Tying a line about his waist he jumped into the raging, ice cold water and fought his way through the roaring sea to the shore. He swam along the face of rocks rising sheer from the sea, in danger of being lashed to death, until at length he sighted a low lying edge upon which after a hard struggle he managed to land. Recovering his wind he was able to drag his crew of five men ashore and then he collapsed.

WAS TROUBLED WITH HER STOMACH FOR FIVE YEARS

Mrs. Samuel Ward, Millerdale, Sask., writes:—"I feel that I must write to you before another day passes I am so happy and so grateful for your splendid medicine, Burdock Blood Bitters, for after an illness of five years I am better.

I had stomach trouble so bad, I could not bear the smell or taste of food of any kind, and got so thin and weak I could not work. I was in pain, but felt so ill, at times, I thought I would die, in fact, all my friends were sure I could not live many weeks.

This time last year I saw where a man was relieved of stomach trouble by Burdock Blood Bitters, so my husband got me two bottles, but I had no faith in it after all the different medicines I had taken, however he insisted, and after the first two days I must say I began to feel better, and after the first bottle I felt so much better I went out every day, but I soon got so I could walk and eat and have got quite stout.

I am nearly seventy years of age and I feel better than I have for years, and can now do all my housework.

You may make use of this letter if you wish, as it may be the means of making others as well and as happy as I am."

THREE BANDITS HOLD UP COLLECTOR

(Continued from page 3.)

command Harry Healy, of 461 Tenth street, a clerk, who was standing near the door, into the same room.

Healy and Simmons then were commanded to turn around and back againts tthe rear wall of the room. For the first time he saw the faces of the hold-up men. At the same time he saw a third man standing in the doorway leading to the store with a pistol in his hand.

"Hand over that money you have in your pocket Simmons," the first bandit said, as he shoved his pistol in Simmons' face. He complied and saw that the second bandit held a pistol at Healy's head.

Waited Chance to Flee.

Simmons said that he could hear a steady run of conversation going on in the store between Creamer, the woman and three children, and after he had handed over the money there was a lull during which not a word was spoken by either of the robbers is the back room.

Then Simmons heard the woman and the two girls leave the store, when the first robber said to his companion, "Now it's time to go. Don't hurry, and go out quietly." The two robbers backed to the door leading into the store and as they did so the first bandit said, "Simmons, if you attempt to shout for the cops or follow us we'll run back and kill both of you."

In the meantime Creamer had seen the third robber standing just within the store and thought he was a customer.

Simmons said that it was possible the loot would total $8,000, although he though it would prove to be a litle more than $6,000, because that was the usual weekly total for the twelve stores.

The police said they were positive the bandits did not flee in an automobile. It was their belief that the three robbers calmly walked by the police station to the elevated station at Fifth avenue and Sixteenth street and boarded the first train.

It is surprising how much more willing a man is to give up his turn in a dental parlor than in a barber shop.

LAKEFIELD PERSONALS

LAKEFIELD, January 5. — A combined meeting of the U.F.O. and U.F.W.O., will be held on Wednesday evening, January 11th, in the hall over Leonard's store. The reports of the delegates to the convention in Toronto will be given and all members and intending members are asked to attend.

One of the social events of next week will be an at home held in the Hotel Lakefield under the auspices of the Catholic Women's League. The affair will be held on Tuesday evening.

Week of Prayer.

The week of prayer is being observed in the various churches this week and the services are well attended.

Monday's service was held in the Methodist church, and Tuesday evening it was in the Presbyterian Church, taking the place of the adult Bible Class. Wednesday and Friday evenings the service will be held in the Baptist church and on Thursday evening in the Methodist church.

Rev. P. L. Jull, Rev. S. F. Dixon and Rev. T. L. White are taking charge of these services.

With the Curlers.

The curling season is now in full swing and the number of enthusiasts is largely increased this season, and on Tuesday evening when the hockey match was in full swing, a couple of rinks of curlers were enjoying their chosen game.

The popularity of the rink testifies to the good sporting instinct of the people of the village and vicinity. Skating, curling and hockey are running a close race for popularity both with the people of the village and of the country also.

WELL BALANCED PROGRAMME BY WARSAW SCHOOL.

Annual Presbyterian Entertainment Reflected Credit on All Contributors—Marked Interest in Election Results.

Social and Personal.

WARSAW, Jan. 5.—Monday afternoon, in the Presbyterian Church, Rev. Mr. Graham entertained those who could attend with gramaphone music of a high order. All his records are of the world's greatest vocalists, orchestras, etc. Rev. J. Weir, in his own delightful way, told one of his experiences during a summer while he was at college. Some of the children gave recitations, and altogether a very pleasant and profitable two hours was spent.

Election Interest.

A large crowd assembled in the Town Hall Monday night to hear the election results.

E. N. MacDonald, M.P.P., congratulated the successful candidates. Wallace Anderson recited "Paddy and the Owl."

Dr. Munro, Medical Health Officer, gave an outline report of the health of the township. E. Hawthorne announced that there would be a dairy meeting in Warsaw Town Hall on Friday, Dec. 20th, at 2 p.m. Mr. Peeblow of Kingston will be there. The garage people of Warsaw had John Selkirk announce that they will have meetings in the Town Hall, dates to be announced later, at which pointers to car owners will be given on the care of cars.

On motion of Wm. Davis the hat was passed for money to buy cigars for those who attended to the telephone in the Town Hall on the evening of the Dominion elections, as they had done this at their personal expense.

Women's Institute.

The regular monthly meeting of the Warsaw Women's Institute will be held in the Town Hall on Thursday evening, Dec. 12th, at 8 o'clock. This is to be an open meeting and members are asked to bring their friends.

Address on Recreation.

At the Endeavor League last Friday evening Rev. Mr. Vose gave a most interesting and instructive address on recreation, including "hobbies." The meeting this Friday evening will be in the Baptist Church.

School Entertainment.

The Presbyterian Sunday School held its annual entertainment on Saturday evening. The following programme was rendered:

Opening chorus, "Happy Greetings"; prayer, led by Rev. G. Graham; "Little New Year," Master Teddy Rose; "New Year Wish," Miss Jean Munro; recitation, "Santa Claus and the Mouse," Miss Verna Miller; "Jesus Loves Me," John and Willie Miles; recitation, Mary Rose; song, "While Shepherds Watched Their Flocks," Mr. Ralph Selby; recitation, "The Man I'll Be," Master Willie Floyd; recitation, Dora Tedford; song, "I'll Be a Sunbeam," little Eileen Miles; selection, "Try, Try Again," the infant class; song, "Little Black Me," Mrs. Charles Foster; chorus selection, "Market Girls and Grocery Clerks"; giving diplomas; "Little Things," Master Clarence Tedford; recitation, Della Tucker; "It Finished Him," Grevor Watts; "The Bee and the Butterfly," Ruth McQuaig; "God's Care," Dorothy Hawthorne; "Gowser Must Be Tied Tonight," Gwendolyn McQuaig; "The Soft Times Goin'," Leonard Hawthorne; story, Rev. G. Weir; missionary selections, by seven girls; recitation, Evelyn Hawthorne; chorus, "Jesus, Still Lead On"; Lord's prayer, benediction and distribution of candies, etc.

The church was prettily decorated. Rev. Girard Graham officiated as Chairman.

Those receiving diplomas for one year's regular attendance were: Mr. John Rose, Evelyn Hawthorne, Willie Floyd and Lennard Hawthorne. Those receiving stars for two years' regular attendance were: Lena Miller, Mary Rose and Gwendolyn McQuaig. Jean Munro received a star for three years' regular attendance, as did Maud Calder, and Mrs. Richard received one for five years' regular attendance.

No Regular Service.

There is not likely to be any regular service in the Baptist Church for the next four months.

Personal Movements.

Dr. Munro returned on Friday after spending a week with his mother in Nairn.

Mrs. Pogue and daughter, Gertrude, spent the New Year holiday with Mr. and Mrs. Charles Foster.

Miss Verna Calvert, Peterborough, spent the holidays with her cousins near Warsaw.

Rev. Girard Graham spent a few days last week at his father's home.

PRICE OF COAL DROPS 50 CENTS.

Due Only to Improvement in Exchange on Canadian Money.

The steady improvement in Canadian money in American exchange has affected the price of coal and a 50 per ton cent reduction was made the first of the year in all grades. The new prices announced are: Stove and nut—$16.00, furnace $15.75 and pea—$13.50.

Exchange that formerly meant about 10 per cent has taken a steady fall to about 5 per cent, and as a consequence the coal is costing in Canadian cash less from the operators, although there has not been any actual commodity price reduction and freight rates still remain at a steep level.

Dealers say the cut made is not fully justified by conditions. Last spring they pointed out, exchange went up, but a price reduction took place that balanced it, and they did not have to increase the price. In this case the reduction has been in exchange. While dealers hope for a reduction at the mines, they entertain little definite expectations of a price revision until April 1, when the present agreement of the miners expires.

Mr. Herbert Osborn Tells How Cuticura Healed His Wife

"My wife began to be troubled with itching and burning of the palms of her hands and the soles of her feet. Later the skin cracked and became inflamed, making walking or even standing very painful and preventing sleep at night. Later it became necessary to bandage both hands and feet.

"She was treated but obtained no relief. She saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. She bought more and after using two cakes of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Herbert Osborn, 135 Sherbrooke Ave., Ottawa, Ont., Sept. 2, 1919.

Cuticura is ideal for every-day toilet uses. Soap to cleanse and purify, Ointment to soothe and heal.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

A Job For Every Man Prosperity For All.

Mr. Average Man and Mrs. Average Woman

Plan of Co-operation.

The Provincial Advisory Committee on Unemployment considered the industrial situation and endorses the following statement of proposals:—

1.—That Manufacturers should be asked to take a price for goods on hand equal to the cost of replacement having regard to decreased cost of raw material and of labor used in manufacture.

2.—That Wholesalers should be asked to sell goods on hand at replacement prices.

3.—That Retailers should be asked to sell at replacement prices.

4.—Knowing that the costs of building at the present time have been considerably reduced, those desiring to build should be encouraged to ask for new tenders on their proposed work; and that building contractors and builders' supply people should make a special effort to reduce prices to a minimum in order to restore this important key industry.

5.—That Banks and financial institutions should be prepared to co-operate to the utmost with all productive enterprise by allowing all reasonable credits and by decreasing rates as rapidly as conditions may allow.

6.—That Farmers should be asked to maintain reasonable production, and in the event of a proportionate reduction being reached in other lines, should be prepared to make needed improvements and betterments.

7.—That Labor shall be asked to take willingly a reduction in wages proportionate to progressive decrease in cost of living, in so far as such a reduction has not already taken place.

The above statement has been submitted to and endorsed by the following interests—manufacturers, wholesalers, retailers, building industries, agriculture, financial interests and the veterans.

YOU have read a series of advertisements containing an appeal for wide-spread and liberal co-operation between all classes of people. The Manufacturer, the Wholesaler, the Retailer, the Builder, the Banker, the Farmer, the Worker,—these in turn have been addressed. They have been asked to help Ontario lead the way to a normal basis of industrial and commercial activity.

Very properly you have asked "What is my duty in this movement?"

If the producer is willing to maintain reasonable production, if the manufacturer, the wholesaler, and the retailer are ready to operate at a minimum profit, even to the extent of absorbing further losses in the immediate present so that employment can be given to the greatest number on a sound and progressive policy

—will you assist in this general plan of co-operation by purchasing your requirements now?

Will you help, in every way possible, to stimulate our basic industries by furthering whatever plans you may have that will fit in to this scheme of progress?

ONTARIO WILL LEAD

IN PROVIDING

"A Job for Every Man, Prosperity for All!"

AGAIN THE TIME HAS COME FOR

The Semi-Annual Lonely Sale of Men's Clothing and Furnishings!

This sale is an old established custom that has met with the favor of the Peterboro public for many years.

This year it will not betray the confidence of those it so worthily holds.

It's a Sale With an Honest Motive Behind It

Not a hurricane, sweeping, slap-jack, entire clearance stock affair that never lives up to its advertising. No Sir! It's not that kind of a sale.

It's purpose is to dispose of odd garments and odd lines of furnishings that remain after a season of busy selling. That's where the name "Lonely" comes in.

It's better to dispose of them at a sacrifice than to have a store full of odds and ends. THAT'S SOUND BUSINESS, Isn't It?

Everything offered is good and reliable, for this Men's Shop of ours deals in nothing else.

Men's $5.50, $6 and $6.50 Combinations $3.95

Watson's, Turnbulls and True-Knit are fine qualities that are well worth their original prices.

BLUE ANDALUSIAN CLASS BIGGEST AT THE PETERBORO POULTRY SHOW

FIFTY BIRDS IN THIS CLASS AND WHITE WYANDOTTES SECOND WITH FORTY—EVEN THE FANCY VARIETIES ARE FAIRLY WELL REPRESENTED—SHOW 100 PER CENT. BETTER THAN LAST YEAR SAYS ONE OF THE JUDGES.

"Peterborough has the best local poultry show I have seen in a year," said T. J. Klyey, of London, one of the judges at the Peterborough Poultry Association's exhibition, which closes at the Market Hall tonight.

"Guelph has what is known as a provincial exhibition," Mr. Kyley continued, "but even it surpasses Peterborough's show only in the number of birds and not in point of quality. It is better than the poultry shows at Kitchener, Waterloo, St. Thomas, Galt, and London, and the members of the Association and the city as a whole have every reason to feel proud of the result o ftheir to fel proud of the result of their efforts which are now bearing full fruit."

"Peterborough's show this year seems to me about 100 per cent. ahead of last year's," said J. H. Warrington, of Cornwall. "The big increase in the number of birds was certainly a surprise to me, but I must saythere is also a fine improvement in the quality of the exhibits, the way they're finished for the show, the cooping, and all the other details reflect credit upon the exhibitors and the Association's supervising committee."

Mr. Larrington paid the compliment of classing the local exhibition with Ittawa's Eastern Ontario Exhibition.

Andalusians the Headliners.

Blu eAndalusian s are the most numerous class in the show, with a total of 50 birds. White Wyandottes are a good second with 40. Among the Andalusian exhibitors Tom Darrah carried off a full share of the prizes against the big field and stiff competition. Every class was well filled, except several select and fancy varieties, such as Polands and Houdans.

The judges saw no special significance in the fact that Andalusians were the feature class.

"Anconas are strong favourites in the Waterloo district," said Mr. Kyley. "Other sections go in for White Leghorns because they want good layers. White Wyandottes may be preferred in still another district. It has often happened that one fancier's favourite variety and his success has influenced the poultry breeders of a whole district."

Harry Lush Busy.

Harry Lush is superintendent of this year's show, and it is the results of his work and directions that have won the praise of the judges and the exhibitors. To the accompaniment of the prodigious cacophony of the fairest fowls of many a hennery, Mr. Lush has been the busiest man about the place, attending to his own exhibits, laying dust, and fetching and carrying for exhibitors and judges. He has been helped by George Buller, A. Bennett, and others, not to mention the secretary, W. J. Nesbitt, who tabulated all the entries promptly and efficiently.

That seemingly unceasing discord appeared to be music to Mr. Lush's ears, for he seemed to be revelling in the work, and thoroughly delighted with the big hall full of coops, nearly every one of which contributed its share of the noise, from the shrill crowing of the little bantams to the diapason honking of the Emden geese.

Prefers Columbian Wyandottes.

Fifteen years' experience in the poultry game, as some of the fanciers call their hobby, has given Harry Daniels a preference for Columbian Wyandottes. Formerly of Lindsay, Mr. Daniels has been living in Peterborough since October. He is well known to the local poultry specialists, and has also shown in some of the big exhibitions in Ontario. Speaking of the Columbian Wyandottes, he said they had the Wyandotte laying quality, although their eggs were not so large as the Andalusians; they dressed well, and their peculiar markings gave them a distinctive appearance, a feature which the breeder of any type usually emphasises and strives to bring out.

CLEARING UP A BIG 4 4 4 BOOTLEGGING COMBINATION

Seize Still in Waterloo County and Arrest Conspirators.

GUELPH, January 4. Canadian Press. — The authorities believe they have started clearing up a big bootlegging combination with the seizure of a still on the Heis farm near Weisenburg, Waterloo County, and the arrest of Stephen Smojr, formerly of Kitchener and Walter Targost, said to be of Detroit. The still was in full operation when the police entered. There were 44 5-gallon barrels of mash, and the still was capable of turning out 10 gallons daily. In a container the police found 10 gallons of the finished product ready for delivery.

A BIG LIQUOR DEAL

PROVIDENCE, R. I., January 5.—The Providence Journal, which through staff correspondents has been investigating alleged violations of the prohibition law in dealing in so-called sacramental wines, asserts in a story that an olive oil dealer, taking a flier in sacramental wines, bought in Europe wines worth $4,200,000, brought them to New York, and has disposed of them through the East, after putting to rout the whole federal prohibition enforcement organization.

LINK COUNTRIES FOR WORLD POWER

Plan Electricity For All Motive Purposes.

PARIS, Jan. 4 — (Associated Press).—The linking of groups of the principal countries of the world into huge high-power transmission systems from which electrical energy sufficient to provide a large portion of commercial and transport needs could be taken is one of the problems which the International Electrical Conference in Paris had under discussion.

The meeting brought together delegates from 12 countries, including the United States and Canada.

Electricity as a means of moving trains, ocean steamships and turning the wheels of industry is about to come into its own, according to the delegates, and the only thing that prevents trmendous developments in electric energy is the present high cost of materials and the expense attached to changing from steam and other methods to electricity.

Nations had enough potential electrical energy in their waterways to eventually abandon the use of coal, experts at the conference said, but only Government financing could provide sufficient funds to harness this dormant power.

The American delegates surprised the European experts when they outlined the extent to which electricity is made to work for the American people. The invasion of the American home by such labor saving devices as electric stoves, dish-washers, irons, etc., amazed many of the delegates who represent countries where as yet electricity has not figured in the home except in supplying light.

The conference studied methods for the standardization of equipment necessary in connecting the various high-power transmission systems. With such an international power arrangement, as suggested, France may in the near future supply electrical energy to the Balkan States and points as distant as Poland and Russia.

The delegates were surprised at the progress made in electrical development in France since 1918. The use of French rivers in generating electrical energy will eventually place France second to none in the manufacture of electricity in the opinion of the delegates.

HELD UP PARTY

RIGA, Jan. 5.—After a week's imprisonment, during which they were not permitted to communicate with outsiders, Emma Goldman, Alexander Berkman and Alexander Shapiro, deportees from America who recently came out of Soviet Russia, started yesterday, a second time, for Neval, Esthonia, on their way to Stockholm. After they had started for Stockholm the Lettish authorities boarded the train on the outskirts of the city, and held up the party.

"They thought we were dangerous Bolshevik agents and searched us for jewels, gold and papers, but finding none they released us," said Berkman. "We hope to get to Stockholm this time," he added, but Emma Goldman said:

"You never can tell."

SEVERAL FACTORIES CLOSE, LIMA, PERU.

LIMA, Peru, Jan. 4.—(Associated Press).—The temporary closing of several factories in this capital has increased the already grave problem of unemployment. In recognition of this condition, the Government has undertaken to furnish passage at the expense of the state to workers now lacking employment, who wish to move from Lima to other industrial centres of the country.

CHURCH SERVICES AT MARK STREET

The services on Sabbath were largely attended, especially in the morning, and the music by the choir was much appreciated.

"Equipment for the New Year" was the subject of the morning sermon, and was founded on Gen. XLIX., 4, "Unstable as water, thou shalt not excell." The following is an outline of the sermon:

The subject brings us near to the dying bed of the aged patriarch Jacob. We have all read his early life and noted his conduct. In early manhood he was a cheat and a fraud. He deceived his old blind father, entered into a conspiracy with his mother and robbed his brother out of his birthright. And now Jacob is dying. He has called his twelve sons around his dying pillow, and in the words of our text addresses Reuben, who has been most unfaithful to his father.

Water Has No Cohesive Quality of Its Own.

Cohesion is that quality in an object by which its particles are held together. Wood, metal, clay, marble, and, in fact, all solids have their particles held together by this quality. Jacob would advise his son to "pull himself together" and exercise or cultivate stability; for "unstable as water," he would not succeed in life. How apt is this dying man in his use of the simple. Water, we know, will take the form of the vessel into which it is poured. That is, it will conform to the shape of its environment. Reuben had done this very thing in the past. He had yielded to the influences acting on his life from without. Would he continue so to do when his father was gone? We dare not permit our life to be fashioned by the mould of the world. Society must bear in mind that there is a clear line drawn by the divine hand between the church and the world.

Beautiful Examples of Stability.

What men of iron and of rock we have had in the past, and still have. Old Nebuchadnezzar builds an image one hundred feet high and ten feet across the shoulders, and then commands a million people to fall down and worship the image, at the sound of a brass band. And down they go? Wait, there are three young fellows who have a good stiff spine, and they stand up straight. They will obey God rather than man, and so they refuse to bow the knee to an idol. Away with these young men to the furnace; but they walk the firey vault unscathed, for the Son of God walks with them. What a mould Egyptian society set up for Joseph. Prayer and the lions for Daniel; but Daniel prays, and the price of that prayer is the den of wild beasts. But God is with him in that bloody vault, and the fierce denizens of the jungle frisk about this youthful Hebrew like puppies. The life and influence of a true man cannot be melted down and poured into the devil's mould.

Changeableness of Water.

How changeable the reflection of water. Look into the outspread lake and take notice. Like a mirror it reflects sun and moon and stars, fields and forests and mountains. The silent sleeping sheet of water takes the beautiful scene down into the mysterious depths of its confidence. But, after all, it is only a reflection. One little gust of wind and all is destroyed. A ripple on the bosom of the lake breaks your beautiful natural mirror. This is a picture of the unstable man. You gave him your confidence. To him your mind and heart were like an open book. He reflected the very image of your soul. Your home, your good cheer, your table, your counsel and your help were all his. Now that is all well in the sweet calm of a summer day; but let the wind of a difference rise and all is lost. Your confidence is betrayed. Your friend is unstable as water and cannot excell.

But this is the picture of a false and weak friend; we must remember that true friendship is not dead.

The Immortality of True Friendship.

Bad as the world is, there is love and human kindness left. For every false Reuben there is a loyal Joseph. There are men who are so firm and true and stable that they would rather die than betray you. Who shall forget the friendships of early days? There are thoughts, and memories, and feelings, and emotions buried deep in the heart of your friend that are as pure and spotless as the last flake of snow and sacred as his own immortal soul. Time and circumstances have divided us, but the silken ties of undying friendship can never be broken. Yes, the river of death its if may roll between us, but we must meet again. Why this deep eternal longing for life, for rest, for quiet, for peace and for purity if we are never to realize the sublime object of such yearning? Why did God rreate this consuming desire for a reunion of heart with heart and friend with friend if we meet no more? No, no, the grave is not the goal. Just beyond the shadow there is light and life eternal, in the paradise of God.

How Shall We Cultivate Stability?

The first thing we should do is to stand aside and see ourselves pass by. Just to look at ourselves for a minute. Then let us keep watch of our conduct, for the other fellow is looking at us as we pass. This is the first Sabbath of the year. It is a time for review and anticipation. A man must be a genius at stupidity who does not think now. The old year died in giving birth to the new. Is it not a time for earnest thought? The year is only eleven hours old, so we do not know what it will bring. It will be a year of joy and sorrow, love and hate, peace and turmoil, mirth and madness. We know that much. It will laugh and sing and weep and die. Now, as we start out in this new year, let us have a fair understanding with God, our neighbour and ourselves. Let us try to cultivate a sincere regard for all men. And if we are firm in faith, strong in hope and large in love, we shall excell in the things worth while.

DO YOU SMOKE TOO MUCH?

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy to equal

MILBURN'S HEART AND NERVE PILLS

They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by tobacco.

Mr. Frank Lutes, 71 Terrace Hill St., Brantford, Ont. writes:—"I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop sometime if I could cut out tobacco. When I would get a spell my heart would pound and would break out in perspiration, and get so weak I would have to sit down and quit my work; also in the night I would wake up and my heart would be going. I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight."

HAPPY EPISODES IN 50TH ANNIVERSARY

"Diamond Dyes" Helped Put Burlington on the Map.

Somebody out of touch with truth, once said there is no sentiment in business. Another greater in wisdom, declared: "They profit most who serve best."

All this year a concern that helped put Burlington, Vermont, on the map of national business, is celebrating fifty years of successful service of the womanhood of the world. "Diamond Dyes" is half a century old and they are having a series of happy episodes to make the anniversary a noteworthy one.

"Diamond Dyes" is a heroic example of the power of advertising, for the plant of small beginnings now covers a city block. The business was built on "making good" the advertising that has made "Diamond Dyes" a house-hold. Possibly the greatest asset of this proved aid to economy, is the good-will of families that run through generations. Young women tell that their mothers and grandmothers before them were Diamond Dye enthusiasts. They like the Diamond "service plan" which makes it clear that for a few cents it is easy to "dye old things new."

The Wells & Richardson people are going to make the golden jubilee of Diamond Dyes nation wide. They will do this by the biggest ngwspaper advertising appropriation ever made in the fifty years of service.

The average political orator who howls about the independent life of a farmer doesn't know an ox yoke from a horse collar.

THE NEW DOMINION CABINET

INDUCT NEW COUNCIL ON MONDAY A.M.

MAYOR TAYLOR AND ALDERMEN-ELECT WILL BE SWORN IN—MEETING MONDAY NIGHT—CONFERENCE IN TORONTO TO-DAY.

Mayor-elect Taylor and the five new aldermen will be sworn in on Monday morning next, following which a preliminary meeting will be held for the purpose of striking the committees for the year. The first regular meeting will be held on Monday night. Meanwhile the allocation of chairmanships is intriguing all the old members and some of the newcomers. In fact there will be no lack of ability to be recognized when the mythical plums are being disposed of. Several years ago a departure was made in the holding of a caucus of the Council to sound out the feelings of the aldermen as to who should get the chairmanships. This plan sprang from some strong-willed alderman who found his colleagues willing to be subservient while imagining they were controlling the show. The first opposition came when one or two aspirants who were entitled to special attention found themselves very much overlooked.

Mayor in Toronto.

Mayor McIntyre was in Toronto yesterday accomapnied by T. Tooms, M.L.A., and remained over to-day, being joined by Ald. Phelan, chairman of the Special Relief Committee. They and the representatives of other municipalities had an interview this afternoon with Premier Drury and his cabinet at whch it was expected that the final plans for the new system of unemployment would be satisfactorily and finally drafted. Mr. Tooms returned home last night and told the Examiner to-day that the Government intended to help the unemployed in the cities, but that the money dole would be replaced by the distribution of food, clothing, boots, etc. This change was made at the suggestion of some of the Western Ontario deputations, and will be approved by the Government to-day. Mr. Tooms expected. Other details have to be arranged, but the system should be completely defined to-day to immediate operation.

The Road to Lindsay.

While in Toronto Mr. Tooms and Mayor McIntyre visited Mr. McLean, the Deputy Minister of Highways, with regard to the prospect of beginning the construction of the proposed provincial highway from Peterborough to Lindsay. This was one of the projects in which Mayor McIntyre and Mr. Tooms also have been interested, and the Mayor wished to clean up the tag ends before handing over the reins to W. H. Taylor. They were informed, Mr. Tooms told the Examiner, that the work would be undertaken as soon as possible, bupt that it would have to wait unitl the highway to Springville is finished. This wll likely postpone the undertaking of the Lindsay road until 1923.

VOICE OF THE PEOPLE

PETERBOROUGH'S POULTRY SHOW.

Editor, The Evening Evaminer.

Sir,—On paying a visit to the Poultry Show at the Market Hall, last evening, I received one of the surprises of my life; I expected to see just a few fancy Bred High Priced Birds, that could only interest the Poultry enthusiast, but instead of that, I saw the Market Hall practically crowded with exhibits of Standard Bred Fowl; that would delight the heart of anyone, who has a liking for the breakfast egg, or the bird for thanks giving day's main feast. I expressed my surprise to Mr. Kylie, of London, one of the Judges (who by the way has captured prizes for his Poultry at the Crystal Palace, London, England). He stated he never saw a better show, outside the Ontario Government Exhibition. That it was a great mistake for myself or anyone else, to think a Poultry show was merely for rearing bantams or some other novelty class. Peterborough show had 90 per cent. exhibits of Standard Bred fowl, for egg producing, and table use. The work of the Poultry organisation does not end there, but demonstrations in keeping, trimming, and dressing the birds. The Poultry farmer would find it worth his while to pay a visit to the show. School classes attend, and receive instruction where they claim to learn more in ten minutes actual observation that could be learned from the lectures.

I would commend this show to all people who admire progress and I am sure a great and pleasant surprise would await them in the eleven hundred exhibits or more of good standard bred egg layers and table birds. I find anyone can join the association. The literature supplied is worth more than the dollar membership fee.

TORONTO CATTLE MARKETS.

TORONTO, Jan. 5. — (Canadian Press).—Cattle market receipts 432; trade steady. Heavy beef steers, $6 to $7.50; choice butcher steers, $6.50 to $7.50; butcher cows, medium, $3.50 to $4.50; calves, $11.50 to $12.75; lambs, $12 to $13; hogs, selects, $10.50.

To press tucks so that they look well and do not have the usual flattened appearance, stand the iron on end and run the tucks over it, holding the goods firmly between the hands with the tucks runing downward.

Market News

NEW YORK, Jan. 5.—(Canadian Press). — Further divergence of speculative sentiment was shown by conflicting movements of leading issues at the opening of to-day's Stock Market. The passing of General Motors Common dividend caused that stock to re-act fractionally to 8 5-8, a new low record. Other Motor shares and subsidiaries were lower. Sugars forfeited part of yesterday's gains and Equipments and Foreign Oils eased. Baldwin and Mexican Petroleum re-acted a point. United Fruit, Union Bag, California Petroleum Preferred and National Cloak and Suit Preferred represented the constructive side of the market at gains of 1 to 2¼ points. Preliminary quotations for more important foreign exchanges were lower. German marks showing especial heaviness.

Alternate rallies and re-actions occurred during the morning. Shorts were prompted to cover on the continued ease of money, call loans opening at five per cent., but dropping almost immediately to 4½. Reports that progress was being made in the proposed merger of independent companies were accompanied by gains of one to 2¼ points in the Steel group, notably Lackawanna, Vanadium Republic and Gulf States. Equipments, Metals, Tobaccos and Utilities also rose 1 to 3 points. Oils were disposed to strengthen, but lost ground before noon. Mexican Petroleum being subjected to pronounced pressure. Rails followed their recent apathetic course, although coalers and grangers developed a firm tone.

Selling broadened at mid-day. Oils again leading the re-action. General Asphalt, Mexican Petroleum and Standard Oils of New Jersey and California bore the brunt of the movement, showing losses of two to almost five points. Motors, Equipments and Coalers also sagged, and Steels and Sugars cancelled much of their advance.

CHICAGO GRAIN MARKET.

CHICAGO, Jan. 5. — (Canadian Press).—Opening wheat quotations, which varied from ¼ off to 1-8 up, with May 1.11¼ to 1.11 5-8, and July 1.01 to 1.01¼, were followed by a slight general set-back and then by a rise all around to well above yesterday's finish. Corn and oats held within narrow limits. After opening unchanged to 3-8 lower, May 53¼ to 53½, the market recovered a trifle. Oats started unchanged to 1-8 to ¼ higher, May 38¼ to 38 3-8, and remained near to the initial figures.

STERLING EXCHANGE.

NEW YORK, Jan. 5.—(Canadian Press).—Sterling exchange easy; demand, Great Britain, 4.18½; Canadian dollars, 5¼ per cent. discount.

A BETTER TONE.

TORONTO, Jan. 5. — (Canadian Press).—A better tone was shown by stocks on the local exchange this morning, and with the exception of General Electric, higher prices were the rule. Steamship Preferred gained 3-4 at its close of 44¼. C.P.R. and Smelter were each ½ higher at 128½ and 18 1½ respectively. Mackay advanced ¼ to 76½, and Steel of Canada recovered most of yesterday's loss, closing at 58 7-8, an advance of 7-8 for the morning. Victory, 1934, were in good demand, and sold at 98.75 on close, an advance of 25 cents. McIntyre Mines unlisted, continued to show marked strength, selling up to 227, a gain of 7 cents from last night's close.

MONTREAL STOCK EXCHANGE.

MONTREAL, Jan. 5.—(Canadian Press).—Very little occurred on the local Stock Exchange during the first half-hour this morning, but the general tone was inclined to be weak. Preferred of Canada Steamships appeared half a point weaker at 43. Dominion Bridge, however, rallied overnight and opened at 58¼ after closing at 57 3-4. National Breweries was down ¼ at 55.

ROTARIANS HEAR TALK

(Continued from Page 1).

tors to the city express surprise that it is so clean. Others that they see no slum district. Others, again, remark on the fine schools, a very fine municipal asset. This is always an appealing feature of town or city progress. The city is prolific in churches. Churches form an index finger pointing to the moral and stable habits of the community, while our parks give evidence of public spirit and the provision for public recreation. He commended the idea to secure the East City park and have it maintained for that part of the city proper.

he city was making growth quite as well as almost any other community of its size. In fact the community centres known as Brownton, the section to the south and on the borders were all de facto of the city though not available in the city government. Those who lived there worked and expended in the city and were practically of it, though not counted in as a measure of population.

Diversified Industry.

There are localities that are adapted for special lines of manufacture. Peterborough offered advantages to almost any branch except those calling for bringing in of heavy freights of massive materials. But for the average manufacture no better place could be named or found. Diversified industry was ever to be preferred over the special, for if a line of work shut down other lines carried on.

There were those who advocated a liberal advertising campaign as likely to bring enquiries and eventually results. While one essential was that Peterborough should be in all ways kept before the country direct advertising in periodicals while at times effective were not applicable. Peterborough people should keep their eyes open, alert for suggestions, for a hint or word that manufacturers were looking for location. Such chances come to merchants, travellers, people moving about, from friends at a distance, and anything of the kind should be communicated to the City Hall at once, and enquiries will be made and if anything in it followed up.

Of which the above is a brief outline, forty minutes of business talk pleased the Club and had its distinct approval. The City Clerk is ever a Municipal Missionary.

Next week will be Boys' Work Week. Each Rotarian is to bring along a boy in whom he is interested. A father will bring his son. A sonless father a fatherless son, if at all possible. Arrangements have been made that if a boy be late for school in the afternoon, as a consequence of being at Rotary, he will be excused. Rotarian Andrew Brown was invcigled to secure cars to take the boys who were pupils to respective schools in a hurry.

A.Y.P.A. HELD A SKATING PARTY

The A.Y.P.A. of St. John's Church held a very pleasant skating party at the Armouries Rink last evening, with a good turnout of between forty and fifty of the members. The party skated from eight to ten o'clock, and then adjourned to the band room, where a supper was laid, after which dancing was enjoyed, with music supplied by the church orchestra, led by Kenneth Brown at the piano.

The successful carrying out of the whole affair was due to the management of Captain Winterbottom, who obtained permission for the use of the rooms, and supervised all the arrangements very thoroughly.

Opportunity for Peterboro Folks To Help Needy Families in City

THERE ARE MANY PROSPEROUS PEOPLE IN PETERBORO WHO COULD WELL AFFORD TO SHARE SOME OF THEIR SURPLUS STOCK—THE CHILDREN SUFFER.

There are plenty of kind-hearted people in this city, and there are also plenty of houses where shoes and stockings and perhaps old-fashioned but still warm and good clothes occupy many useless corners and encumber countless attics and dark closets. There are also lots of cellars where jars on jars of canned fruits and delicacies wait for capricious tastes to sample them, and where bags of potatoes, of apples and vegetables lie stored. There must be homes like these, for there are plenty of prosperous people in Peterborough, and there are plenty of people, well nourished, well housed and well clothed, whose hearts are in the right place, but who are just unable to vision the lot of others who don't have many clothes, or good meals, or warmed houses. There are those who say "Impossible" if you tell them there is stark poverty in many houses, but the women workers know the conditions. Think of a man working on the streets, wielding a pick and shovel on hard roads for the few days he can work, with no underwear on and no socks. Think of another man tramping the streets day after day with his feet coming through his shoes. Think of little children running around an absolutely fuelless house with not a shred of underwear on, simply a scant covering for cold little bodies. Here is one case: A man and woman with three small children, on an infant. They were saving people at one time, and frugal enough to have bought a small home of their own, thus absolutely freeing themselves from the suspicion cast upon some of the poverty-stricken that "it's all their own fault, and they deserve it. They spend everything they make." The man has no work, and has had none for the last eight months. They have raised every cent possible on their house, and when the women workers chanced to stumble upon the household they found the wife making small woollen articles for sale, buying a meagre quantity of wool and selling them immediately for what she could get, very little in most cases, for people never refuse a bargain no matter what the circumstances surrounding it, until her hands became too swollen with rheumatism to continue the work. The man gets a day or two of work now and then, but, as they say, the wages are swallowed up in food before he gets them. They had absolutely no fuel when visited, not a scrap, and the children were none too warmly clad. Through the kindness of the milkman, who maintained that they were honest folk and would repay him sometime, the baby was kept well supplied with milk. As for the others, bread and tea were their rations. Anyone who has ever eaten a single meal of bread and tea may remember that it is not very filling, and certainly not a very comforting diet, and if persisted in for any length of time might be conducive to further discouragement in the minds of a workless man, a half-sick woman and three small children.

And there are houses with seven or eight in them, one with twelve inmates, all fallen in hard times, with the lack of employment behind most of them, and only the present need of a little help and encouragement, a kindly hand, to tide them over to better days.

The Catholic Women's League, only one of the many good organizations that are working hard in the city, but a very willing one, is in need of supplies, as well as many more who did such good work at the Christmas season. As a means of increasing their funds, they are taking up a collection at St. Peter's Cathedral during the First Friday services this week and are asking those coming to church to bring a little to help. As one woman said: "Five cents from everyone would mean a good deal, and a dime would help a lot." You can't get much for a nickel these days, not even a ride on the street cars, but a number of collective nickels can do an immeasurable amount of good, and then think of the nice feeling one receives from giving way to charitable impulse.

The Home and School Council Hold Educational Gatherings

The local Home and School Council, which might be termed a collective head for the different Home and School Associations throughout the city, has arranged a series of educational and instructive papers which they purpose to place at the disposal of the different associations and the Council itself. The list is as follows: "The Making of a Future Citizen," Mrs. S. T. Medd; "Technical Education in English Schools," Mr. W. H. Pretty; "Technical Education in Canadian and American Schools," Mrs. W. R. Morris; "Relation of Diet to Teeth," Dr. J. E. Middleton; "Playgrounds," Mrs. A. Stevenson; "The Child and the Times," Dr. R. C. Blagrave; "Milk as a Food Product," Mr. G. A. Gillespie; 'Tuberculosis Among Children," Dr. F. C. Neal; "Community Betterment," Rev. F. E. Malott; "The Subnormal Child," Mrs. E. Frederick; "Prevention of Disease Through the Well Babies' Clinic," Dr. N. H. Sutton. There will also be addresses delivered by Rev. W. H. Young and Mr. A. Mowat.

This list comprises a range of subjects which are widely educative and should be of interest to the members of the Council and the different school associations and to parents, and, in fact, everyone interested in the welfare and proper upbringing of the child, dealing as it does with every phase of child life, from a consideration of the work of the Babies' Clinic to the methods of technical education for the adolescent.

FIRM RELIGION TO BE DESIRED

"I envy no quality of mind or intellect in others," said the brilliant lecturer and man of science, Sir Humphry Davy, "not genius, power, wit or fancy; but if I could choose what would be most delightful and, I believe, most useful to me, I should prefer a firm religious belief to every other blessing. For it makes life a discipline of goodness, creates new hopes when all earthly hopes vanish, and throws over the decay and destruction of life the most gorgeous of all lights: awakens life even in death, and from decay and corruption calls up beauty and divinity; and far above all combination of earthly hopes, calls up the most delightful visions, pæans and amaranths of the gardens of the blessed: symbols these of secure and everylasting joys, where the sceptic and the sensualist view only gloom, decay, annihilation."

LADIES' AID SOCIETY OF TRINITY CHURCH

A very interesting meeting of the Ladies' Aid Society of Trinity Church was held yesterday afternoon at the Reid Street Hall, with Mrs. R. J. Kidd in the chair, and an attendance of between forty and fifty of the members. An attractive little discourse, entitled "The Virtuous Woman," was given by Mrs. F. C. Neal as a New Year Bible message; and Rev. F. E. Malott gave an address on "The Life of Susanna Wesley." Mrs. Geo. H. King delighted her audience with a sweet vocal solo, "The Star of Bethlehem."

Final arrangements were made at this meeting for the banquet to be given by the Ladies' Aid Society on January 17th, incelebration of the golden jubilee year of the church.

Ten Commandments of Beauty

Thou shalt wash the face with soap and water at least once every day.
Thou shalt give the hair at least fifty strokes with a brush every night.
Thou shalt wear shoes that fit the feet properly, for tight shoes impede circulation and bring wrinkles to the face.
Thou shalt be properly fitted to a corset that upholds and supports the natural figure.
Thou shalt get aboard the water waggon and drink at least eight glasses of water every twenty-four hours.
Thou shalt not worry, for worry begets wrinkles.
Thou shalt get at least eight hours of sleep every day after thou art thirty years of age. Ten is better.
Thou shalt feed the skin with cold creams and healing lotions as thou dost feed the body with food.
Thou shalt take some time for play every day.
Thou shalt be well groomed at all times. There is no excuse for a sloven in the bible of a modern woman.

A WOMAN IN A STREET ACCIDENT

By M. JESSIE LEITCH

No one seemed to know what happened. A slender woman in blue attempted to cross a street in the noon-day throngs. Then she was lying flat on the icy crossing, an excited policeman shouted at the crowd and every one was hurrying up to see what had happened.

It was a woman in a Salvation Army uniform who took the matter in hand. Even the policeman fell back respectfully before the calm woman who bent over the unconcious woman on the crosng.

"Don't get excited. If you can't do anything go away," she said. "We must get this poor woman into a house or shop at nce. You strong men at the back there can lift her, I'm sure."

"Telephone for a doctor, or, better still, an ambulance," instructed the woman.

The unconcious woman was carried into a tailor shop nearby.

"No whisky, please. Cold water is just as good. Only don't dash it in her face. She is cold enough already."

Some one produced a heavy rug The unconcious woman's shoes were drawn off, a hot stove lid wrapped in paper, placed near her fet. Her clothes and collar were loosened, and she was wrapped in the rug, placed on the counter in a recumbent position and the curious crowd was oreder off curtly by the efficient woman.

Satisfying herself that no bones were broken, the good Samaritan went on her way for the ambulance surgeon had arrived.

But those who passed that way took home a little first-hand lesson n their hearts. It is worth remembering.

Need of Humane Education

Any humane society or society for the prevention of cruelty to animals is necessarily seeking reform. Humane education is the foundation of all reform. If it were universally adopted poverty, crime and war would be greatly diminished, and in time the vast amount of money expended to sustain armies, prisons, etc., would be saved for the greater benefit of the people. Therefore, every anti-cruelty society must, by reason of its being, become a humane education society.

1.—When a child is speaking or acting kindly, whether to a playmate or to an animal, he is developing and strengthening the tender and noble side of his character; when thoughtless or cruel, the lower and brutal elements of his nature are developed.

2.—No child can practise cruelty toward any living creature without doing himself far greater harm; yet in the majority of homes we hear: "Don't hurt the cat; she will scratch you," instead of "Don't hurt the cat, for she feels the pain as you would." Not a word is said as to the rights of the animal or the moral harm sustained by the child.

3.—It is not wise to put a whip, gun or sword into the hands of a child. They are all bad educators. The whip is used on the horse ninety-nine times out of a hundred when it is not needed. It is done simply from force of habit. The child begins by whipping his hobby-horse, then finds greater pleasure in using his whip on living creatures. When the world is more civilized differences will no longer be settled by fighting, but by arbitration, and we should, above all things, teach the child that even if the use of the whip, the gun or the sword should be necessary for self-defence, it is something not to be regarded as sport, but as a sad necessity and a remnant of barbarism.—From "You Want To Know?", issued by the Toronto Humane Society.

MANY WOMEN USE GLYCERINE MIXTURE

There is nothing better for stomach trouble in women than buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. One lady says: "It is doing me lots of good. My sisters also say it is wonderful." Adler-i-ka removes foul matter from BOTH upper and lower bowel which may have been poisoning stomach for months. EXCELLENT for gas on stomach and chronic constipation. Guards against appendicitis. TO-DAY'S FASHIONS

EVENING GOWN

Black satin shares honors with sequin embroidered net in this frock. Sequins run from black to iridescent silver and green which is very lovely on black net. Unusual sleeves—if sleeves they may be called—are made of long bands of net. The uneven hem and much favored cross-over bodice are features.

ACTIVITIES OF WOMEN.

Suffragists in Constantinople have formed several clubs.

A score of Irish peasant girls, all skilled needle workers, will make the bridal lace outfit to be worn by Princess Mary at her coming wedding.

Miss Alene E. Frawley, a nurse in the United States Army and wounded 17 times, while on the battlefront in France, is entitled to wear 17 wound stripes ,exceeding in number those worn by any other woman.

Dr. Amy Kankonen, recently elected mayor of Fairport, O., is perhaps the youngest mayor as well as the only woman mayor in the United States. She was the youngest woman to be graduated from the Women's Medical College of Pennsylvania and during the World War was a member of the Volunteer Medical Service Corps of the United States Army.

FASHIONS IN BRIEF.

Colonial ties with exaggerated tongues are becoming fashionable.

The dress with matching crepe is distinctly favored for spring, according to present indications.

Handsome brocaded ribbons are very effective in the development of vestees, waistcoats and other dress accessories.

A lovely gown may be merely that, or it may be a lovely gown made bewntching by the gracefully flowing tulle you drape about your throat, the colorful fan you carry or the gay head-dress you affect.

Many of the newest frocks feature a double belt or girdle, one fold being at the waist line and the other nearer the hips, so that the long waisted effect so much approved may be simulated or brought about.

Dearest Peggy—

You always were a Brick! I can't tell you how grateful I am to you for that tip about Campana's Italian Balm

It has restored the beauty and whiteness of my hands, and foolishly they haven't chapped since I used it A thousand thanks, Peggy dear.

TO BE LIMITED TO TWO QUESTIONS

PARIS, Jan. 5.— (Canadian Press).—Premier Briand is determined to limit the agenda of the coming Supreme Council meeting at Cannes to two questions—reparations and the economic restoration of Central Europe—it was indicated in authoritative quarters yetserday. It is understood he is in favor of subsequently calling an economic conference, at which perhaps Russia and Germany may be represented.

It is known that the French delegation agrees in principle to Germany's making four payments of 125,000,000 gold marks each on the fifteenth of January, February, March and April, although Premier Briand has insisted that nothing binding was decided with Prime Minister Lloyd George during the recent conversation in London, inasmuch as Belgium and Italy were not represented there. It was semi-officially stated yesterday that he consented to a limited delay of the 1922 payments, except for 500,000,000 gold marks, as well as to other measures intended to relieve Germany, such as fixing the price of reparations coal at the lowest limit of French and British current market figures.

TO HAVE REAL JUSTICE

CHITA, Siberia, Jan. 5.— (Associated Press). — The Minister of Justice of the new Mongolian Revolutionary Government has declared that Mongolia is now to have real justice and real laws administered in real courts for the first time since the mighty Ghengis Khan ruled at the now ruined city of Karakorum and made all Europe tremble before his power.

Since Ghengis Khan, the new Minister of Justice says, prices had taken the law into their own hands and administered it with great brutality. But now there is to be a new code and a new system organized by the independent authorities a Urga, who despise the Chinese limitations under which they have been laboring.

MOSCOW WOMEN ON HUNGER STRIKE.

Revolutionist Leader Fifteen .... Days Without Food.

MOSCOW, Jan. 5.—(The Associated Press.)—Marie Spiridonova, the Social Revolutionist leader, who broke with the Bolsheviki over the Brest-Litovsk Treaty, is dangerously ill in the Cheka hospital as the result of a hunger strike which lasted for 15 days and was brought to an end through forced feeding.

Spiridonova is the acknowledged leader of the Russian peasants. She was banished to Siberia under the Czarist regime for bombing a provincial official, but returned at the time of the revolution and was an important factor in leading the peasants into the combination with workmen which made the Bolshevist coup possible.

But the Brest-Litovsk Treaty was too bitter a dose for her. She denounced it in the Fifth All-Russian Soviet Congress because she said it robbed the peasants of food and clothing. She also denounced Lenine's plan, whereby he arrayed poor peasants against more prosperous ones, and said it was putting a premium on shiftlessness.

Immediately after Spiridonova's sensational denunciation of the Brest-Litovsk Treaty, Count Mierbach, the German ambassador in Moscow, was murdered and the Social Revolutionist uprising at Yarroslav and other outbreaks against the Bolshevist authority took place.

Spiridonova disappeared immediately after her inflammatory speech in the Fifth All-Russian Soviet Congress. That was in early July, 1918. Bolshevist leaders caused the report to be circulated that she was mentally unbalanced and had been placed in a sanitorium.

She was confined for a time in a building in the Moscow Kremlin, but managed to escape, and was not heard of for a long while. The Cheka discovered her living quietly in an obscure section of Moscow and she was again imprisoned. After repeated attempts to get released, Spiridonova started the hunger strike which came near ending her life. She has been afflicted with tuberculosis for years as a result of her prison experiences under the old regime. The lack of food aggravated her malady and it was necessary to move her to a hospital and administer nourishment forcibly.

Spiridonova was a school teacher at the time she became a terrorist and while still in her teens took up the defense of peasants against the oppressions of government officials and landlords. She is now about 35 years old.

THE DYING YEAR.

As one by one the years go by
How swiftly now they seem to fly.
Let us look back and scan the past,
The weeks and months that went so fast.

Did we improve each passing day,
Cheered saddened hearts that passed our way,
Let never slip a chance to speak
A word of cheer to those who're weak?

Alas! oh Lord, we must confess
Our utter lack of worthiness;
Unfruitful we have been to Thee,
The one who died to set us free.

Our resolutions, where are they?
Our good intentions, day by day?
The kindly deeds we should have wrought?
Alas! too oft they came to nought.

Another year, what shall it bring?
Of weal or woe, shall we then sing
A different note, a note of praise
To Him who keeps us all our days?

If then our trust is not on high
"Defeat again" will be our cry;
But if we help seek from above
He'll keep us in His arms of love.

BOOM IN EMERALDS.

LONDON, Jan. 5.—(Associated Press).—The choice of emeralds for Princess Mary's engagement ring has caused a boom in those stones in England. The square cut emerald is the most fashionable and the most expensive.

Emeralds are dearer than diamonds, and run from £70 to £80 a carat up to £600 a carat for stones free from flaws, which are extremely rare.

KENT FOR MURDOCK.

OTTAWA, Jan. 5. — (Canadian Press.)—A. B. McCoig, member-elect for Kent, has been appointed to the Senate. The Kent seat is automatically vacated, and it is expected that nominations will be held on January 19, with elections Feb. 2. Hon. James Murdock, the new Minister of Labor, will be candidate. If Mr. Murdock is elected, Kent will have double representation, its member in Cabinet and its former member in the Senate.

It is pointed out here that Kent makes an excellent constituency for Hon. Mr. Murdock. He lived there for more than 15 years, and the riding contains considerable industrial population.

REPORT MANY CASES OF RHEUMATISM NOW

Says we must keep feet dry; avoid exposure and eat less meat

Stay off the damp ground, avoid less meat, drink lots of water and above all take a spoonful of salts occassionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed itno the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urines The pores of the skin are also a means of freeing the blood af this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to elimate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to elimate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

SERBIA RECOVERS FROM WAR LOSS.

Demonstrates Extraordinary Recuperative Power.

MONASTIR, JUGOSLAVIA, Jan. 5.—(Associated Press.)—Few countries of Europe have shown greater recuperative power than Serbia. Although ravaged by years of war, famine and disease, and suffering the loss of nearly one-third of her male population, the country is today rapidly approaching complete restoration and stability.

Large cities like Monastir, Nish and Belgrade, where the enemy wrought the greatest havoc in property destruction, are now like cities resurrected and reincarnated. Everywhere dwelling houses, schools and business buildings have arisen from the crumbled ruins of their former foundations. To the foreign visitor the sight is truly amazing.

But it is not in reconstruction work alone that the country has made such wonderful strides. Throughout the kingdom the thrifty peasantry have been hard at work on the farms, in the vineyards, in the mills, tanneries and forests. And the product of their toil has been sent across the seven forests. And the product of their toil has been sent across the seven seas, and Serbia has received in return the much-needed currency or merchandise of other nations.

While, like most other European countries, Serbia's imports exceed her exports by a considerable margin, it is believed that by 1922 the country will have reached a favorable trade balance.

At present the nation's trade is turning to countries which have a more favorable exchange, mainly to Austria, Germany, Italy and Czechoslovakia. The United States is pushing her trade with effect, and has almost doubled it during the last year. If it were not for the high value of the dollar, America probably would be among the leaders in her exports to this kingdom.

One of the obstacles to the development of the country's commerce has been the lack of adequate railroad transport. It is short of locomotives and freight cars. But a large loan recently raised within the country for the improvement of transport facilities probably will have a far-reaching effect.

Friends of Jugoslavia are confident that in time these unfavorable elements will be overcome and that the triune kingdom will achieve a foremost place in the industry and commerce of south-eastern Europe.

MORE DEPRESSION.

LONDON, Jan. 5. — (Canadian Press.) — Sir Walter Runciman, shipping magnate, declares that it is not only silly but perhaps a crime for uninformed politicians to maintain that they see signs of the return of trade prosperity.

"The truth is," he said, "we have not yet reached the lowest depths of depression, which shall continue to romp from one financial disaster to another until we cease trying to regulate nature instead of complying with its laws."

AT THE ROYAL.

For today the Royal has an entire change of pictures and this local home of high grade films presents what is possibly the best selection ever placed before a Peterboro audience. To begin with today's program includes two five reel features, two, two reel latest comedies and a superb drama. One of the features called "The Night Horsemen" a wonderful picture includes that greatest exponent of western pictures, Tom Mix. The story in fewest words is that of a wild nature tamed in the crucible of love. It is a presentation of the old time wild and wooly west. On the hero's nature his native wildness plays as do fingers on a harp leading the wild chords of an unchained nature into symphony of love and peace. The second six reel feature presents Alice Joyce that favorite of the movies in "Her Lord and Master". This strong and admirably staged romance is based on the etenrnal triangle of a woman and two lovers. The heroine marries a titled Englishman and tries to adapt a nature trained by education and habits of an life long American environment to changed conditions in her new life amongst the English aristrocracy. Her whole scheme of life undergoes a radical upheaval but the play ends most happily. In a two reel comedy called "Star Boarders" we have that old time fun maker, Larry Semon. Spontaneous laughter follows his antcs in this funny comedy. Like shots from a machine gun. Then there is a two reel comedy entitled "Ain't Love Grand", that would make the most confirmed misanthrope laugh and conclude that this is a pretty good old world after all. This program was personally selected by the manager and is one that would cost you from fifty cents to a dollar at any other theatre. However this locally ownel house confines business exclusively to pictures, and not being bound to any one exchange is thus able to give its patrons a selection chosen from the world's best. The Royal is a Peterboro owned theatre and its box office receipts remain in and circulate in your home town.

BUFFALO BILL ONCE WANTED TO ADOPT TOM MIX

Do you know that Buffalo Bill once wanted to adopt Tom Mix, the celebrated William Fox cowboy star? It's so. Tom told the story himself one luncheon hour while he was making 'The Night Horsemen," his latest William Fox production, which is now being shown at the Royal Theatre.

At the time Tom was with the 101 Ranch show in Chicago — riding and roping and doing hair-raising stunts. He had known Buffalo Bill some time.

"One day Buffalo Bill, or Bill Cody, as we called him, sent for me," said Tom as the cowboys and the actors were gathered around him. "He had some kind of a legal fellow with him. 'Tom,' said Bill, 'some day in the near future I'm going to retire. But that should be no reason why my Buffalo Bill Show should close. Now, my friend here and myself believe that you can carry on the show. I've always admired you. You remind me of myself when I was your age. You're the best horseman I know. You're a dead shot. You're a wonder with the rope, better than I ever was. If you'll agree I'll adopt you as my son, carry you with the show for a couple of years, introduce you around the entire United States as my adopted son, and then I'll retire and turn the whole show over to you, taking a percentage of the earnings, but giving you the big share.' Well, say, that looked great to me. I told him that the proposition was all right as far as I was concerned. "I think you'll fit in fine, Tom,' he told me, and I think you'll like this big job.' Again I assured him it sounded good to me. Then his lawyer friend spoke up: 'eople will soon forget all about your ever being Tom Mix and will talk of you only as Bill Cody, Jr.' I didn't quite get that. 'Do you mean,' I asked him, 'that I will have to change my name to Bill Cody, Jr.?' 'Certainly,' he replied. 'If Buffalo Bill adopts you as his son you will have to take his name.' 'Not me,' I said. 'I've been Tom Mix all my life, and I'll be Tom Mix for the rest of it. Why, what would my father and mother think of me? No siree.'

"It was all off. May be it would have been good for me financially, but I like the name of Tom Mix."

AT THE CAPITOL.

The Capitol Offers a Really Remarkable Program To-day, "The Old Nest", One of the Greatest Pictures ever Screened in This City. Also Larry Semon's Newest Comedy "The Bell Hop" and Vaudeville.

The Capitol Theatre has presented many very fine shows since they opened to the pubilc in Peterboro last April. Robert Hughes remarkable Saturday Evening Post story, "The Old Nest" will be the big feature; it's a nine reel picture, simply packed full or heart punch, laughter and tears. A much better picture than "Over the Hill" with one of the greatest all star casts ever seen in a picture. Larry Semon in his very newest two reel comedy "The Bell Hop". Good vaudeville acts wil complete a great show.

Rupert Hughes has done it again. His "Scratch My Back" and "Hold Your Horses" has a successor that surpasses even these delightful comedies. It is "The Old Nest," a film version of the author's story that appeared in the Saturday Evening Post, now on view at the Capitol Theatre. It is the photoplay of the year.

"The Old Nest" is a series of dramatic episodes that reveal the life of an American family. The theme is mother love and the audience is priviliged to look into the home and into the hears of a typical family. All the little joys and sorrows that every one of us remembers are flashed on the scren and bring tears and laughter in quick succession.

In the story, the mother lives to see her family of six children, gradually drift away from the old home. But in the end, they remember the old nest and come home to roost. There is no plot, any more than there is a plot in life itself. Things happen, no one knows why and no one questions. A reproduction of life is "The Old Nest".

The picture, which was directed by Reginald Barker, was made at the Goldwyn studios. It was perfectly acter by a cast with Mary Alden in the role of the old mother. Some of the other players are Dwight Crittenden, Helene Chadwick, Molly Malone, the three children who acted in the Booth Tarrington "Edgar" comedies; Johnny Jones, Lucille Ricksen and Buddy Messenger; Louise Lovely, Nick Cogley, Billie Cotton, Fanny Stockbridge and M. B. ("Lefty") Flynn.

DIED OF EXPOSURE.

VINELAND, N. J., January 5. — Mrs. Charlotte Dudley, 60 years old, was found dead here under circumstances which indicate that she died of exposure in her own home after having been attacked by a tramp and then left helpless. Neighbors discovered her frozen body in the living room of a two-family house in which the elderly widow used but two rooms.

WINTER.

Can we believe it? Yes, we must,
That underneath this frozen crust,
Beauty lies sleeping with a smile,
And shall awake in little while.

The mighty sun this work shall do,
And pierce this hard crust through and through,
And Beauty rise, all fresh and sweet,
Refreshed with her long winter sleep.

Yes, she shall charm us once again,
As she responds to sun and rain.
We shall forget dull pain awhile,
While basking 'neath her radiant smile.

Hot Shots on Sport

TO RETURN NEXT FALL.

"Playing in the open meeting of the Radyr Ladies' Club, Mrs. D. Rupert Philips had a magnificent round of 81, which beat the old ladies' record held jointly by Mrs. H. Franklyn Thomas and Miss D. Oswald Thomas, by one stroke."—English paper.

When the office boy announced to the golf editor that Mrs. and Miss Thomas were quite anxious to have a word with him outside, the sudden crash indicated that a strong man had just carried away the window sash in his sudden desire to reach the street below.

LATEST VITAL STATISTICS.

It is now only a matter of six weeks and two days before the first set of ball players will officially start their spring training by practising quick starts for the dining-room.

They will not like the food, whatever the food is, but the quick starts in the same direction will continue through the remainder of the spring campaign.

WHY NOT.

After all, why should not the thirty-five day handicap imposed on Babe Ruth start up more excitement than ever.

We have already discoverd, through the records of the last three years, that no home run hitter can compete with l'Enfant Magnifique on a scratch basis.

There is no part of a contest left. And the spectacle of Ruth batting against his own high mark has become extremely stale.

As it will be this spring, his leading rivals will have the jump on hm by five or ten homers, and just as they seem to be disappearing in the dust ahead, imagine the excitement when the Babe's leash is cut and he leaps forward to close up the gap.

This should be one of the most awe-inspiring sights of the entire year.

In fact, it may work out so well that by another year he may be tied up or caged in until mid-June before being allowed to start.

In this connection, Judge Landis may have to appoint the Babe Ruth handicap committee each winter to decide on just what official date the Babe can plunge into action.

"Where should the weight be," asks a wag, "when you are standing in a bunker with one foot over the top and the other about six inches in the sand, which is continually slipping?" In this case the weight at the finish of the swing is usually upon the left ear.

"IF WINTER COMES."

If winter comes—as winter has,
With all its cold and indoor jazz,
At least one sweetly solemn thought
From all the slush and mud is wrought.
Where just beyond the snow-swept glen
With caddies yelling "Outer bounds"
Before a cove can say "Gad zounds."

"A new captive male gorilla is on its way here from South Africa." Have they had to go to this length to find an opponent for Dempsey? The situation is even more desperate than we first thought it was.

No wonder Scotland is fighting for the stymie. The next move from the United States may be to abolish the bagpipes within two miles of any course.

"Japan, having gone in for baseball and tennis on a big scale, is now planning to take up American football." A clause should be inserted in the Four-Power-Pact with Japan disclaiming any intention of breaking in upon our all-American teams. They are so badly overcrowded that suffocation may set in at any moment. We hardly think we could bear up under additional territory.

Many believe St. Louis will be in one end of the next world's series. With New York or Boston on the other end, the series should be over by the date of the Yale-Harvard football game, with a little luck in the way of weather.

HOCKEY

Thanks to the efforts of the P.A.A.A. there is to be no dearth of opportunitites for the youngsters of Peterboro to play hockey this winter. Walter Smaill has already organized a senior school league with four teams and a junior school League with ten clubs in line. Now he announces the formation of a light club, Junior City League, open to boys under twenty years on the 1st of January, and who are not playing in the O.H.A. or the Senior City Legue. The teams are as follows:—

Tuxis Boys.
Canadians.
Leafs.
Lakeviews.
Holy Name Society.
Canadian Woollens.
Eskimos.
Young Men's Club.

This makes a total of twenty-two junior teams who will play this winter under the direction of the P.A.A.A. Plenty of material for future O.H.A. teams should be developed through the medium of these leagues

The P.A.A.A. intermediates had their best work out of the season last night, with two full teams in action in charge of Walter Smaill while Percy Bond handled the bell. The squad went at top speed for fifty minutes, and the players are rapidly rounding into condition. The two teams lined up as follows:—

Murray, goal; Parker and P. Thornton, defence; R. Rose, centre; Burgess, right wing; Collins, left wing.

Dwyer, goal; Halpin and H. Thornton, defence; McElroy, centre; Jackson, right wing; Gillespie, left wing.

The Petes play in Lakefield tomorrow night and in Lindsay on Monday. If they win both these fixtures they will cinch this section of the group race.

Percy Bond has been asked by the Lakefield management to referee Friday's Lakefied—P.A.A.A. game at Lakefield.

CURLING

New Tankard Skip.

J. E. A. Fitzgerald was unanimously chosen Tankard skip in place of Ray Best, whose curling has been shortened this winter by an accident to his foot a short time ago. Mr. Fitzgerald at one time almost gave up the game for good, but continued his membership as an unattached skip. During the last two years his activities have been getting back to par, and his curling has shown the same old master hand. The skips were all for him when it came to picking a substitute for Ray Best, and his choice is not lacking a touch of sentiment in the fact that Best was a pupil of Jack's.

Good Ice Promised For To-morrow's Battle

With much colder weather in sight for to-morrow there should be a great sheet of ice at Brock street rink for the Uxbridge-Holy Name Society Junior O.H.A. game. The contest is attracting great interest among the fans and they will be out in droves to get a line on the fast green jerseyed youngsters who have been going great guns in practice. Coach Jerry Coughlin seems to have solved his defence problem, for Lemore, the Trenton boy, and Brennan, the Havelock husky, are developing rapidly. The forward line, with Ranger, Foley and Legon as regulars, is stepping along fast, and the team should take Uxbridge into camp to-morrow night, unless the newcomers to the group are a lot faster than is anticipated. The Lindsay Midgets have the district won already, according to the Post, but there is an idea in these parts that the H. N. S. youngsters are going to take a powerful lot of stopping.

DISTRICT SPORT COMMENT

The following rules for training have been issued to the hockey players at Queen's University at Kingston:

All players must discontinue cigarette smoking at once.

Discontinue dancing during hockey season unless given special permission.

To report to trainer at once any injuries, stiffness, colds or sickness.

To use moderation with their foods; eat as little cake or pie as possible; substantial diets given on request.

To retire t 10.30 p.m. each night, unless engaged in hockey game.

To have a shower after each work-out or game.

To be massaged twice a week so a record can be kept of their condition.

To get as much fresh air as possible and to walk as much as possible.

Barring the occurrence of unforseen accidents, the Lindsay Midgets are due to clean-up around the country this year. Their last year's team is still intact, and its class was exhibited on Monday when the Junior subs had the Peterboro Intermediate team guessing. The new material recruited this year is going to be hard to keep off also and Coach Lawry says there is a possibility of a few changes. A pre-season game will be played on Friday of this week when the crack Parkdale Juniors of Toronto play the kids and the game will be a forerunner of what the fans are going to be treated to this year.

—Lindsay Post

Announcement is to be made today by Toronto University as to whether Art Carew and Dick Sutton may play with the Lindsay interemediates this year.

—Lindsay Post

Roy Sandercock, formerly of Port Hope, has donned a Lindsay Intermediate uniform and now the Post is wondering if he can come back. Probably he can come back enough to catch a place with those back woods teams, but to be a member of the Lakeshore teams why you had to show real class.

—Port Hope Guide

The Oshawa Reformer says:—"The boys are anxious to get into a real contest to find out where they need strengtheniig and what their prospects are for the season." "Diddy" Rowden says if his certificate is back in time for the Oshawa game he will show brother "Kip" that Oshawa needs a whole new team.

DISSENSION AMONG ATHLETIC BODIES

U. S. Hopes of Holding Olympic Games Fading.

NEW YORK, Jan. 4.—America is getting away to a fine start to lose the 1924 Olympics.

The National Collegiate Association, including in its membership every college, unversity and conference of importance in the United States, has refused to join the new Amrican Olympic Association because it is a "packed" A.A.U. body. The Army and Navy also refuse to join.

Everyone knows what a mess the A.A.U. made of the last Olympic trip, and anyone who had first-hand facts and experiences of that trip know that a change in administration of Olympic affairs was the first pressing need in getting ready for the 1924 games in Paris.

True, the primary object of the trip was achieved. America went through to victory, but it was plain to be seen from the speedy development of the athletes in Finland, Sweden and Norway that Uncle Sam cannot loaf for three years, and in a few months before the boat sails, summon a band of chosen athletes and send them over.

Being actuated by strong political leanings, the A. A. U. insists upon running the Olympic games. The officers of the union refused to attend meetings called by the Collegiate Association to discuss plans for the next games, and even cast slurs at the college men.

It is plain to be seen that America will have to depend upon the college athletes in 1924, and it seems strange that the A. A. U. would antagonize the men that will be called upon to develop the wearers of the American shield in the next three years.

It was proposed last night at the close of the meeting of the Collegiate Association that a separate Olympic body be formed along the lines approved by the Army and Navy Departments. No action was taken.

However, it is likely to come, and if the A.A.U. does not give in a little bit, there may be two bands of athletes at the next games, the A. A. U. team and the American team recognized and sent by the Government.

CARPENTIER HAS NOT RECOVERED FROM THE BEATING HE GOT THE PAST SUMMER

LONDON, Jan. 4.—Georges Carpentier has gone back—away back.

I've seen him working out for his bout with George Cook, Australian champion, to be held here January 12, and he does not look good.

The ones who saw the haughty, magnificent Carpentier strutting around at Manhasset last summer would never recognize the meek, humbled Georges that is getting ready for his first fight in Europe in two years, and his first bout since the champion, Jack Dempsey, battered him down in Jersey City.

He looks underweight. His complexion is sallow and pale, and his boxing is listless, at times bored. It may be that he thinks Cook is a soft one, and that he doesn't have to work hard for him. Perhaps he doesn't in his own mind, but any boxer who had such a lesson in the danger of over-confidence that he had with Dempsey should never fall into the same trap again.

Because of this, and for the reason that Carpentier and Descamps both have brains; I ascribe his present mood as a marked physical decline.

When Dempsey's cruel body punches were lifting the Frenchman clear off the ring floor in Jersey City last July, I thought to myself that no living man could take a beating like that without suffering permanent injury.

I went to the Carpentier camp with some trepidation. I had written some things about them before the Dempsey fight, and I thought I might be given the gate. But I was welcomed, and they seemed to be glad to see me.

Descamps told me that Georges had suffered from a three-weeks attack of grippe, but that he was in good condition again. He denied the stories we heard in New York about his bad heart and other internal injuries.

However, the most apparent difference in the Frenchman is in his morale. There is no doubt that he doesn't hold his head as high as he used to. He is quiet and almost broody, with moods. The way sentiment turned against him in France would be described in a romantic novel as a broken heart. He doesn't strut now; he rather slinks around.

I think Dempsey did hurt him, and hurt him badly. He tries to keep from showing it, but he can't, I can best give my opinion by using a short phrase that all boxers and trainers will understand—he's gone inside.

In a lot of ways he's still a good sport, though. He asked me about a lot of the sport writers, and repeated that they had treated him very fairly in their accounts of his fall.

The one bit of silver in the clouds that fell down around him with his fellow-countrymen was what every writer in America said about him—he was game, and a good loser.

SPORT MAGNATES LOOK FOR SUCCESSFUL YEAR

NEW YORK, Jan. 4—Leaders of sport have doubts about what 1922 holds in store.

The year passing out today may go down on the books as the greatest ever.

Ban Johnson, President of the American League, is rather pessimistic.

"Baseball is running on an inflated idea that every year must be better. When business gets better, the fans will go back to work, and they will not be filling the parks every afternoon," he says.

Tex Rickard, who has put boxing over on its biggest scale in New York, says it is up to the promoters of sport to make their game good or bad.

"Next year ought to be just as good, if not better, than this year. As long as you give the public what it wants, you can do business," Rickard says.

While business of the professional sports may be just as good, the new year may have a slump in records.

With his big gun out of action for thirty days, Babe Ruth has an almost impossible task in breaking his bulky home-run record.

Even the great Charley Paddock cannot be expected to sprint faster than he did during the past season.

Ned Gourdin, the great colored jumper of Harvard, has laid his books aside, and he will have less chance of adding inches to his world's broad jump record.

Etheida Bleibtrey and Norman Ross have cut the time down so fine in the water that they'll need wings to do better.

The glamor of international sport may be less brilliant.

The crowning event of the 1921 summer, the Dempsey-Carpentier fight, cannot be duplicated or repeated in America.

Rumors persist that the world's champion and the title-holder of Europe will do their act over again this summer in England, but they can't attract the world's spotlight like they did last July.

A man seldom drops the coin of fairness into the slot of self-esteem for the purpose of ascertaining his moral avoirdupois.

The man who says nothing is never misquoted.

TEN-YEAR-OLD HEROINE OF THE WAR.

Services Similar to Those of Nurse Edith Cavell.

PARIS, Jan. 4. — (Associated Press) — Helene Jacquemin who has just been distinguished by a special army order published in the Official Journal, in recognition of her bravery at the age of ten lived in a little town, Montherme, in the Ardennes which department was entirely occupied by the Germans throughout the war.

Helene's services were on the same lines as those of Miss Cavell in Belgium. Her father, Paulin Jacquemin, with the help of Helene and her borther, Andre, organized a service for aiding the young men of the department to get away to join the French army. Routes through the Ardennes forests were laid out by which those about to reach military age, instead of being sent to Germany, could escape to the Belgian frontier, thence through Holland, and so back to France. They also organized a courier postal service between France and the occupied department.

In 1915, some German soldiers presented themselves at the Jacquemin home and said that they had orders to search it. The father tried to escape to the forest near, but a bullet brought him down on his threshold.

The mother and Helene, then ten years old, were arrested. "But we refused to say a word"; Helene recounts, "we had sworn rather to die than speak. No trick nor threat could break our resolution They separated me and my mother so as to force me to speak but I felt that my poor father was near me, telling me to say nothing."

Helene is now at the Girl's High School at Charleville, where her citation just published has made her the heroine of the day.

Her elder brother graduated from St. Cyr Military College in 1914 and was killed in few months after at Esparges.

CABARET GIRLS GRAND TONIGHT

SOMETHING NEW FOR THE THEATRE GOERS OF PETERBOROUGH—DUMBELLS COMING

The Kelly-Kahn Amusement Co.'s famous "Cabaret Girls," described as a "tornadic burlesque attraction," will be at the Grand to-night, in which an all-star cast, headed by Dot Barnette, Harry Seymour, and Hal Rathbun is kept going at a lively pace throughout a two-act musical piece, entitled "The Girl in the Bottle," a burletta from the pen of the late Junie McCree, which is guaranteed to make the Tired Business Man sit up and take notice.

Harry Seymour, a Dutch comedian with a peculiarly quaint style of working, is the funmaker in chief, ably assisted by Hal Rathbun, an eccentric comedian of original methods. Dot Barnette, a cute and clever little soubrette, heads the feminine contingent, and there is the usual beauty chorus of young and charming girls, with a glittering and appropriate wardrobe.

"The House of Cards" is one particularly fetching "full stage" picture, while a "Moving Cloud" effect, a "ladder of models," and an "Electric Snow Scene" are among other picturesque settings provided.

"BIFF, BING, BANG!"

For two days, commencing on Friday, with a Saturday matinee, the world-famous "Dumbells" will present their great overseas revue — "Biff, Bing, Bang!" with them Ted Charter, the writer of "Kit Inspection," who has recently rejoined the company after an absence of two years, during which time he has been playing vaudeville engagements in England and the Colonies.

HELD NEW YEAR'S MUSICALE

St. John's Choristers held a delightful New Year's musicale in the School last night, after singing choral evensong and anthem in the church in connection with the "Week of Prayer."

Musical numbers were finely rendered by Mrs. A. G. Daniel (violin), Mrs. Ryerson Ritchie, Miss Quartermaine, Mr. H. W. Morphet and Mr. W. Jones. Mr. R. J. Devey accompanied on the piano.

Sir Roger de Coverly, the old English country dance, was danced in the big room by all present.

Refreshments were served by Mr. Charles Coleman. Dr. Blagrave and Mr. R. J. Devey spoke of the loyal service of the choir, a very pleasant gathering being then brought to an end by "Auld Lang Syne" and "God Save the King."

The boy choristers have their New Year's supper to-night at 6 o'clock.

TRINITY CHOIR.

Every member of Trinity Choir is urged to be at the church at 7:50 p.m., to-night. Music for the Golden Jubilee will be rehearsed.

CARD OF THANKS.

Mrs. A. R. White wishes to thank the Nurses of the Nicholls Hospital staff, also Drs. Yelland and Wood for the kindness shown her through her recent illness.

KNOX CHURCH REHEARSAL.

SISTER ABIGAL.

In spite of the rain and the heavy walking the seating capacity of Gospel Hall was taxed last night to hear Sister Abigal tell of God's wonderful salvation. To-night will be a farewell message. Sister Abigal talks out of her own experience. She has spent twenty years in rescue work among the down and outs. Don't fail to hear her to-night.

CARD OF THANKS.

The Sisters of St. Vincent's Orphanage wish to thank very sincerely, the members of St. Anthony's Sewing Circle, St. Peter's Ladies' Aid Society, and the members of the Immaculate Conception Sewing Circle, for sewing and supplying clothing material for the orphans during the past year. Also the members of the West-End Knitting Club for supplying stockings and mittens.

SEVEN MEN RESCUED FROM BURNING VESSEL.

BOSTON, January 5 (Canadian Press). — The rescue of seven men from the Nova Scotia steamer Ruby L. Pentz, while their vessel was on fire at sea, was reported to-day in a radiogram, believed to have been sent out by the tank steamer Muskogee.

The position was given in the vicinity of Bermuda, and the vessel was destroyed.

SOCIAL EVENING AT THE PARISH HALL OF IMMACULATE CONCEPTION

A very well attended social evening was held at the parish hall of the Immaculate Conception church last evening, when the members of the parish from the Norwood Road district acted as hosts, the committee in charge being composed of Mrs. M. Rose, Mrs. B. Lee, Mrs. J. Casey, Mrs. Wm. Devlin, Mrs. Jas. Hogan, and Messrs. M. Ross and Wm. Devlin.

The ladies' prize for cards, a duck, was won by Miss Nellie Hobbins, and the gentleman's prize, a roast of beef, went to Mr. Michael English.

MARS WIFE'S BEAUTY IN JEALOUS FIT

PORT ARTHUR, Jan. 5.—(Canadian Press.)—Because his wife had tired of his affections, Alexander Celestino slashed her face with a razor last night and fled from the city. Police say he acted in a fit of jealousy to so disfigure her as to mar her beauty forever.

HOLD-UP IN BRANTFORD.

BRANTFORD, Jan. 5.—(Canadian Press).—While on his way home last night with his arms full of parcels, James Smith, butcher, was accosted by two armed men, who ordered him to put up his hands. Being unable to do so without dropping his parcels, Smith shouted loudly for help, whereupon the hold-up men grabbed his parcels and fled.

DAMAGE BY STORM WAS VERY LIGHT.

The wires services came through last night's storm in good shape, and telegraph companies were operating as usual this morning. The Bell Telephone Company had a couple of lines out, but they were soon in order. It would not have required much of a change in temperature to have made things interesting for wire services, and at the same time very disastrous.

OBITUARY

GERALD WARDEN ARNOTT.

The death occurred last night at 11 p.m., of Gerald Warden Arnott, the only son of Mr. and Mrs. Albert Arnott, Monaghan Road. The deceased, who was 4 years of age, had been ill only a few days with diphtheria, and his death came as a severe shock to his parents and friends. The funeral took place this afternoon to the Little Lake cemetery, Rev. W. R. Courage of St. George's church, officiating.

MRS. D. ARNOTT.

By the death of his mother and young son within a few hours, the home of Mr. Bert Arnott, well known market gardener of North Monaghan, suffers a double bereavement. His mother, Mrs. Druscilla Arnott, widow of the late William Arnott, passed away at 3 p.m. yesterday, aged 87, and late last night his young son, Gerald Borden, 4 years and 6 months old, died from diphtheria, from which he had been ill only a few days. The funeral took place privately this afternoon to Little Lake cemetery, Rev. W. R. Courage officiating.

Mrs. Arnot was born in Devonshire, England, and came to Canada in 1846. In 1860 she married William Arnott of Murray township and lived in Campbellford and Seymour township about 40 years, coming to Peterborough in 1898. Her husband predeceased her in 1900. She is survived by five sons and four daughters: Thomas of Peterborough, William of Otonabee, and Bert of North Monaghan, Charles of Whitby, James of Port Haney, British Columbia; Mrs. Frank Lawless, Mrs. Harry Jeffery, Peterborough, Mrs. S. Rooksby, Grand Rapids, Michigan and Mrs. Edgar Ward, Hersey, Michigan. Two sisters also living are Mrs. R. Linton, Campbellford, and Mrs. C. Bonnycastele, Chilliwack, British Columbia. Sixteen grandchildren survive. Deceased was a member of All Saints' church.

The funeral will take place at 3 p. m. to-morrow from the residence of her daughter, Mrs. Harry Jeffery, Edison avenue, to Little Lake cemetery. Rev. W. R. Courage will officiate.

BIRTH

ROBERTS—To Mr. and Mrs. J. P. Roberts, 23 Bethune street, a son at Nicholls Hospital, January 3, 1922.

DIED.

ARNOTT — In Peterboro, on Wednesday, January 4, 1921, at 3 o'clock p.m., Druscilla, relict of the late William Arnott, aged 86 years. The funeral will be held on Friday afternoon at 3 o'clock, from the residence of her daughter, Mrs. Harry Jeffery, Edison avenue, to All Saints' church, thence to the Little Lake cemetery for interment.

Social Calendar

The many friends of Mrs. Albert White will be pleased to learn she has returned home from the hospital and is doing well.

VOL. L., No. 5 PETERBOROUGH, SATURDAY, JANUARY 7, 1922 PRICE THREE CENTS

ARMS TAKEN FROM IRISH VOLUNTEERS

SURPRISE PARTY FOLLOWS A SINN FEIN MILITARY REVIEW IN TYRONE COUNTY—ELEVEN ARRESTED.

THE DAIL CONFERENCE

DUBLIN, January 7 (Canadian Press). — Six hundred Irish Volunteers who were dispersing after a review at Dromore, County Tyrone, yesterday were stopped by Ulster Special Constabulary and the Royal Irish Constabulary, and revolvers and equipment seized. Eleven were arrested.

A SOVEREIGN STATE.

At the opening of to-day's session of the Dail, Speaker McNeill read a motion prepared by himself calling upon the Dail to affirm that Ireland is a sovereign state, deriving its authority from the will of the people.

It is expected that the motion will be put through if the treaty is ratified.

Harry Boland asked for a vote of thanks for "magnificent support given us by America." No one knew better than Michael Collins, he said, that five thousand men in the United States were eager to fight for Ireland.

While admitting that United States sentiment favored the treaty, he said he would vote against it.

In his speech supporting the treaty, Joseph McGrath, who is in close touch with the Labor movement, said he had done his best in Easter week, 1916, but knew they wouldn't get a republic. He was now five years older than he had expected to be, he remarked amid laughter.

It took more than resolutions to establish a republic, and in fact the republic had not been effectively established, continued McGrath. They had not carried out their first duties to the people in social policy and had no powers to do it. He read a letter from Alderman Kelly, Lord Mayor-elect of Dublin, one of the members for that city, who had been broken in ehalth in an English prison and could not now attend the Dail sessions. In this letter Kelly said he would vote for the treaty if he were present.

McGrath argued that if Eamon De Valera's document, even if it were accepted by the British, would not end the matter or help the republican programme.

Mr. De Valera rose and protested against McGrath's reference to a document which its author had been prevented from explaining. At this point McGrath made his revelation as to Boland's mission to the United States. He was a courier to Prime Minister Lloyd George, when Mr. Lloyd George was in Scotland, he recalled, and on that occasion Boland had said to him: "I am going back to America on the President's instructions to do an awful thing—to prepare the people of America for something less than a republic."

MONTREAL PRODUCE MARKET.

MONTREAL, Jan. 7.— The domestic market for cash grain was rather more active with the market steady and price unchanged. The flour was without special feature. There was no change in millfeed and the market for baled hay was quiet. There was little demand for eggs and the market for potatoes was steady. There was practically nothing doing either in the butter or cheese markets.

THIS IS THE DECISION OF THE CANADIAN RAILWAY ASSOCIATION—REOPEN AGREEMENTS IF NECESSARY.

MEN TO TAKE VOTE

NEW YORK, Jan. 7.—(Canadian Press.)—Representatives of Division Number Four Railroad Department of the American Federation of Labor which has jurisdiction over the shop trades of Canadian railroads, has been informed by the Canadian Railway Association that union workers they represent must accept as permanent the wages reduction of eight cents an hour, temporarily made last July, or the railways will insist upon re-opening of agreements at once. Attitude of the Railway Association is being placed before the shop trades by their representatives. A vote has been asked for, the result to reach Winnipeg by the end of the month.

MUST TAKE LOSSES BEFORE TRADE REVIVES

WINNIPEG, January 7 (Canadian Press). — Although business conditions throughout Canada have shown little change during the past three or four months, with the exception of the usual holiday trade, there is no doubt but that a brighter atmosphere prevails in manufacturing wholesale and jobbing circles, states the weekly trade report of the Canadian Credit Men's Trust Association.

Toronto, Montreal, Quebec, and the East report little change in conditions. Groceries, dry goods, boots, and shoes, and men's and women's wear all report a little more activity. Retail trade, which quieted down after Christmas, has picked up to an unexpected extent in larger cities and in country towns merchants are looking at things from a better angle.

Winnipeg and Manitoba wholesalers are, generally speaking, quiet. The greatest care is being exercised in the granting of credit to country points, with the result that trade is being curtailed to a considerable extent. Retail trade in the larger cities is "fairly good," many merchants say, although others report exactly the opposite.

There seems no doubt whatever but that retailers have yet to take their losses before anything like normal trade can be expected. Many are still trying to clear old stocks at old prices, and are suffering from more up-to-date competition.

Regina, Saskatoon, and points further West report wholesale trade only "fair" and retail trade in country towns very slow.

Collections throughout the West are still slow.

SPECIAL SUBJECT ST. ANDREW'S CHURCH TOMORROW NIGHT

PASTOR WILL GIVE AN ADDRESS ON THE SUBJECT "MATRIMONY" — SPECIAL MUSICAL SERVICE.

At St. Andrew's Church to-morrow night the pastor will deal with the most timely of subjects, one that comes to most young people sooner or later. The subject is entitled "Matrimony," and in starting the new year, is a question that many citizens are interested in before the year closes.

It will be dealt with by Rev. Mr. Rollins, after very careful preparation.

Special musical numbers as follows will be given:

Solo—"The Lord is my Light" (Allitsen), Mr. John Smith.

Anthem — "Onward! Christian Soldiers" (Schnecker). (Solo part by Mr. D. D. Brown).

Solo — "Home, Sweet Home" (Bishop), Mrs. Maurice Park.

THE ALLIED SUPREME COUNCIL IN SESSION

CONSIDERATION OF GERMANY'S REPARATION PAYMENTS IS BEING DISCUSSED TODAY—REDUCTIONS IN CASH PAYMENTS

CANNES, Jan. 7. — (Canadian Press).— Allied Supreme Council planned to begin consideration of Germany's reparations payments today, in an atmosphere some what cleared by yesterday's decision to get together in an economic conference.

Both Belgians and French are opposed to a moratorium for Germany but the French are inclined to agree to a reduction in cash payments, provided the difference is made up by deliveries of reparations in kind.

PARIS, Jan. 7. — Council of League of Nations will meet in Geneva on January tenth as scheduled, whether or not the Allied Supreme Council has finished its work at Cannes.

BANK VAULT IN WATER W E L L.

In One Sense, Bank of England Safest Bank in the World.

In one sense the Bank of England is the safest bank in the world. Its unique protection is due to an artesian well in the bank. This well supplies the bank with its water independently of the rest of the city; it is 400 feet deep, and supplies 7,000 cubic feet of water an hour.

The bullion department, which holds the ingots of precious metal, is nightly submerged in several feet of water by the action of special machinery. Anyone attempting to rob the bank, then, must be an expert swimmer and diver. In the morning the water is pumped away and the ingots are readily accessible again.

However, the water still protects the other departments of the bank. Its supply is almost unlimited, the bank knows, and its protection is practically absolute when it is used.

The bank has very delicate machinery arranged so that even the lifting of a coin from a pile will release a catch which, in turn, releases a supply of water.—Detroit News.

HONOURED BY ASSOCIATES.

SAULT STE. MARIE, Ont., January 7 (Canadian Press). — At the celebration of the Feast of Epiphany at St. Luke's pro-Cathedral, Dr. George Thorneloe, Metropolitan of the Ecclesiastical Province of Ontario, who twenty-five years ago yesterday was consecrated Bishop of the Missionary Diocese of Algoma at the Cathedral of the Holy Trinity at Quebec, was honoured by the clergy and people of the diocese.

Among the offerings at the service was a cheque for $1,000.00 from the Woman's Auxiliary of the diocese, intended for the Archbishop's personal use. In the vestry at the close of the service Archdeacon Gillmor, on behalf of present and some former clergy of the diocese, presented the Archbishop with a purse of $300.00 for the specific purpose of providing him with furs for his personal comfort.

ARBITRATION BOARD

OTTAWA, Jan. 7.—(By Canadian Press).— Hon. James Murdock, Minister of Labor, has appointed U. E. Gillen, Toronto, general manager of the Toronto Terminals Railway Company and fomerly vice-president of the Grand Trunk Railway, chairman of the Board of Arbitration assembled to investigate the wage dispute between the Dominion Coal Company, Nova Scotia Steel and Coal Company and Acadia Coal Company, and the coal mines. Col. W. E. Thompson, Halifax, N.S., and James Ling, mayor of New Waterford, N. S., represent the companies and the miners respectively.

NEW YORK RESTAURANT RAIDED LAST NIGHT

NEW YORK, Jan. 7.—(Canadian Press.)—The police last night raided Jacks restaurant at Sixth avenue and Twenty-third street and hauled away almost one hundred thousand dollars worth of liquor.

ALD. CROWE THE SENIOR OF COUNCIL

HAS A SLIGHT MARGIN OVER HIS COLLEAGUES AND WILL LIKELY LEAD THE PROCESSION WHEN THE CHAIRMANSHIPS ARE BEING HANDED OUT ON MONDAY

Of the new Council, Ald. Crowe is the senior both in years and in municipal experience, but none of the 1922 Council has had long civic service. The old school passed out to-day with the expiry of Mayor McIntyre's term of office.

Ald. Crowe has been nearly four years in the Council. He was appointed in 1919 to fill the vacancy caused by the resignation of Alex. Murray, was re-elected at the head of the polls last January, and served one other term during the reign of Mayor Best. In a sense, therefore, Ald. Crowe is a comparative old-timer, but his majority in experience is so light that it is not much more than nominal. Aldermen Morrison, Gainey and Hamilton are all three-year men, and Ald. Phelan has two years to his credit. The five new members are yet to be initiated.

From the foregoing it appears that Ald. Crowe will have a prior claim when the chairman ships are being allocated on Monday. He has been chairman of the Legal and Reception committee, and will doubtless urge his title to whichever of the committees he desires. The Board of Works will afford him the fullest opportunity of serving the ratepayers, with the Fire, Water and Light committee as the next biggest spending department. The Manufacturers commitee is usually regarded as a plum, but it will probably be passed on to Ald. Hamilton this year. If Ald. Crowe takes the Board of Works, it will mean that Ald. Morrison will retain the supervision of the Fire, Water and Light committee, and Ald. Phelan seems to be next in line for the Finance committee, having been deputy for Ald. Turner during his absence. The Property or Parks and Railway committee is Ald. Gainey's choice, and it will probably be the latter.

Then comes Ald. Malcolm McIntyre to be fixed up. He has three notches in his record, having been in the Councils of 1913, 1914 and 1918. In other words, Ald. McIntyre will be right up in the front row when the chairs are being handed out, and his previous activities, and the abilities he displayed are guarantees of his worthiness to the Board of Works or any of the other committees.

The Property committee and the Special Relief committee have also to be disposed of with Ald.-elect E. M. Turner a candidate for preference on the strength of his plurality last Monday. And if Ald. Crowe abandons the Legal and Reception committee, Ald. Stocker will no doubt get that appointment.

The fact that some of the new aldermen are strangers to the civic forum shouldn't worry any of them. There are plenty of ratepayers who have shown that as far as experience goes they are not parttcular about a little thing like that.

U S LUNCHEON CLUB ORGANIZED IN RIGA

RIGA, Jan. 7. — (Associated Press).—An American luncheon club has been organized in Riga, with a charter membership of 30, most of whom are here on Government, American relief administration or American Red Cross business. H. L. Groves, the American Trade Commissioner, is its President.

The American colony in the Baltic states is constantly growing through arrival here of business men interested in Russian trade.

THE LOCAL PRODUCE MARKET LARGE TODAY

SUPPLIES WERE PLENTIFUL IN ALL SECTIONS AND PRICES SHOW A TENDENCY TO GO LOWER IN SOME CASES.

Large quantities of meats on the market to-day indicate great "killings" going on in the country. Beef and pork have never been seen this year in such abundance and sleighs cutters and automobiles were filled with legs of beef and pork. Beef in quarter lots was sold at 8 and 10, pork 16 to 18 for e and hind quarters. Mutton was scarce and sold at 15, hind quarters and 12 for the front. A nice leg came to about $3.00. While there were rows of sleighs filled with nothing but meat, potatoes and vegetables were hardly to be found. Potatoes were going at $1.50 a bag and carrots and beets sold slowly at 30 cents.

Wood Plentiful

A feature of the open market was the large quantity of wood for sale. Such a congestion occurred over the loads being here, there and everywhere that Polce Constable Carey finally had to line them up in a row. It was handy for inspection and the inspection would show that mixed wood ran from $8 to $10 a load, some split, some in 4 foot lengths and maple, split about $11. Some claimed full cords, some didn't but at any rate it is hard to tell what you're getting for the money. A standard measurement is needed in Peterboro.

The Auction Block

What with the loads of wood, a couple of loads of hay at $30 a ton and three auctioneers with a large crowd surrounding each, there was a great density of population outside and an enlargement of the market will soon be necesary.

The Inside Market

Quite a fair-sized market upstairs proved to be a surprise. The reaction from the big holiday markets was not noticeable to any great extent and sales continued steady and things seemed to function as usual. Fowl were not abundant. Chickens were 25 cents a pound, geese and ducks offered in a few places, 30 and 35. Eggs were more plentiful and selling at 65 seemed to indicate a break in the high prices. None sold about 65 to-day. Butter was down to 40 cents and judging by the large numbers of baskets higher prices are impossible.

BAND AT BROCK ST. TONIGHT! TONIGHT!

SPECIAL BAND CONCERT— BEST ICE OF THE SEASON TODAY

The best ice of the season was at Brock Street Rink to-day. There will be a special band concert to-night and a big crowd is expected. Owing to the uncertainties of the weather and the number of hockey games to be played, skating enthusiasts are urged to take advantage of every day's skating when the rink is open for this purpose.—Advt.

THE WEATHER

A beautiful, bright, cloudless Canadian winter day, the sun shining brilliantly on the sun-covered earth, not a breath of wind blowing, and the merry jingle of sleigh bells sounding on all sides—who would pass disparaging remarks on such a day as this! Last night, however, was quite sharp. Three below the zero mark was the lowest recorded during the night. I have been waiting patiently to hear of the arrival of the first robin. To-day I was told of a simon-pure robin that was seen near the corner of Reid and Sherbrook streets. This fellow, however, is believed to be one that did not go south at the appointed time, as he has been seen all winter in the same section. — W. P.

ANOTHER STRANGE DEATH REPORTED FROM MONTREAL

BODY OF MAN FOUND STRANGLED TO DEATH IN A SHED—TORONTO WOMAN CRUSHED TO DEATH BY A MOTOR CAR.

BRIEFS GROM THE WIRES

MONTREAL, Jan. 7.—(Canadian Press.)—The body of a well dressed man about twenty-five years old, was found in a shed at Snowdon Junction early this morning. His hands were tied behind his back and the rope, with which he had evidently been strangled, was found about his neck.

CRUSHED TO DEATH.

TORONTO, Jan. 7. — (Canadian Press.)—Mrs. Bessie Solway, aged fifty, of Toronto, was crushed between an electric light pole and motor car driven by Archibald Mitchell, last night, and died a few minutes later.

LEGISLATURE OPENS.

TORONTO, Jan. 7.—Ontario Legislature will open about the middle of February, probably on the second Tuesday, with two vacant seats, Russell and South-east Toronto. The late Damase Racine and John O'Neil who occupied the respective seats, were both Liberals and their loss reduces the Liberal membership to 25. Voting in Kingston constituency is to take place February six.

TRIP NORTH CANCELLED.

TORONTO, Jan. -. — (Canadian Press.)— Premier Drury has found that circumstances will prevent his going to North Bay next Monday. Chairman Lee of T. and N. O. will confer with the Premier Tuesday on awarding contract for extension of railway.

RELATIONS INTERRUPTED.

PEKING, Jan. 7. — (Canadian Press.)—Relations between Chinese government and British Legation interrupted because of Amoy incident, have not been resumed, and it is hinted that recall of the British Minister may be requested.

READING, Jan. 7.— (Canadian Press.) — Charles Albert (Chief) Bender has been appointed playing manager of Reading International baseball team.

BISHOP DIED TO-DAY.

MONTREAL, Jan. 7.—(Canadian Press.)— His Grace, F. X. Brunet, Roman Catholic bishop of Mount Laurier, died at Hotel Dieu to-day.

APPOINTED REGISTRAR.

TORONTO, Jan. 7.— (Canadian Press. — Announcement was made yesterday that Donald Hector Maclean, barrister, Ottawa, has been appointed Registrar of Carleton County.

A GUN FIGHT IN ROSEDALE

GEORGE HOSER WAS STOPPED WITH A SHOT IN THE ARM—OTHERS ARRESTED.

TORONTO, Jan. 7. — (Canadian Press.)— After a running gun fight between police and alleged burglars up and down Rosedale ravine and through the fashionable streets of the locality, between 4 and 5 o'clock this morning, George Hoser was shot in the arm and arrested.

Later two other men who gave foreign names, were arrested as having participated in the attempted robbery. The house from which the alarm was given was that of Perry Grant of the Canada Steamship Lines. In the opinion of the police they were raiding the Rosedale district in the hope of getting liquor. They did not find any at Mr. Grant's.

GOOD RELIEF WORK BY SALVATION ARMY.

League of Mercy Carries Happiness and Comfort Into Many Homes.

A good work that is being carried on by the Salvation Army and has, as a matter of fact, been carried on for years with very little, if any, publicity, lies in the constituency efforts of the League of Mercy to bring happiness and comfort into homes that hardly know the meaning of the words. The Salvation Army has not been wasting the winter in idle discussion and on even less important organization, but have been actually relieving needy cases.

Twenty women of the Army, under Mrs. Thomas Lang, Elm street, form the league, and all winter they have been carrying on a noble work in gathering up old clothes and making them over for poor people. Generous response has been made by Army people, but the league have now had to appeal to the general public. Old clothes, cast-offs of any size or shape, old shoes, old furniture, practically anything of any service can be utilized by the ingenious and indefatigable lady workers, and will all go to relieve the misery and suffering encountered on so many sides today.

Besides this charitable work, the ladies visit the hospitals, homes and jails every week and distribute The War Cry, the official organ of the Army.

More goods are urgently required if the work in view is to be carried on and the maximum good done. If Mrs. Lang or Adjutant Bunton is communicated with, arrangements will be made to have goods called for.

HARBINGER OF SPRING BEFORE SCHEDULE TIME.

Dr. and Mrs. J. D. Devell, 285 Park Street, had quite an unexpected yet altogether welcome visitor on New Year's Day — a guest whose presence impelled fleeting visions of spring and merry sunshine. For, when going to a window to feed the sparrows, as is Mrs. Devell's sympathetic wont these snappy wintry mornings, she found perched upon the sill in stately poise a fine, big, well-nourished robin red-breast. This out-of-latitude feathery denizen, who, according to tradition, should have migrated south months ago, assuming that knowing air affected by his clan when searching for their morning meal from below the dew-kissed grass of well-kept lawns—and with head at a rakish angle—seemed to enquire of Mrs. Devell "what she had for him in the way of eats."

The intrepid winged visitor is still domiciled in some warm nook around the Devell home, and it is needless to say that the same kindly humane hand which feeds the homely sparrows does not forget the wants of her more dignified little feathery friend, the "harbinger of spring," a few months before his schedule time.

WAIT FOR IT!

Golden Jubilee Banquet of Trinity Church, Tuesday, January 17th, from 5 to 8 p.m., followed by a good programme.

GUESTS FOR THE COUNTY GAOL

Frank Switch, of Cornwall, and Bernard Dupras, of Renfrew, charged with vagrancy, and having no visible means of support, were fined $10 and $6.25 costs each in Police Court to-day. Having no visible means of support, and having reached Peterborough as "blind baggage" on the C.P.R., the fines are not likely to be paid. The hospitality of the county jail enjoyed during the week's remand will, if press of circumstances do not, likely lead them to take the alternative of ten days there for Switch and fifteen for Dupras. Dupras is considered an evil companion for the road for young Switch, for he had a workable prescription for making "hootch" when arrested.

THEATRES

GRAND—Capt. M. W. Plunkett's World Famous "Dumbells," in their New York success, "Biff! Bing! Bang!" Two nights and matinee.

BULL-DOG DRUMMOND

BY "SAPPER"

(CYRIL McNEILE)

(Continued from Yesterday.)

"Good morrow, Henry," said Hugh quietly. "I wouldn't fire if I were you. We are observed, as they say in melodrama. If you don't believe me," his voice grew a little tense, "just wait while I talk to Peterson, who is at present deep in converse with the village constable and several farm labourers."

"I'm sure you wouldn't like the notoriety attendant upon a funeral, Henry dear; I'm sure Peterson would just hate it. So, to set your mind at rest, I'll tell him you're here."

It is doubtful whether any action in Hugh Drummond's life ever cost him such an effort of will as the turning of his back on the man standing two yards below him, but he did it apparently without thought. He gave one last glance at the face convulsed with rage, and then with a smile he looked down at the crowd below.

"Peterson," he called out affably, "there's a pal of yours up here—dear old Henry. And he's very annoyed at my concert. Would you just speak to him, or would you like me to be more explicit? He is so annoyed that there might be an accident at any moment, and I see that the police have arrived. So—er——"

Even at that distance he could see Peterson's eyes of fury, and he chuckled softly to himself. He had the whole gang absolutely at his mercy, and the situation appealed irresistibly to his sense of humour.

But when the leader spoke, his voice was as suave as ever: the eternal cigar glowed evenly at its normal rate.

"Are you up on the roof, Lakington?" The words came clearly through the still summer air.

"Your turn, Henry," said Drummond. "Prompter's voice off—' Yes, dear Peterson, I am here, even upon the roof, with a fiver of hideous aspect.'"

For one moment he thought he had gone too far, and that Lakington, in his blind fury, would shoot him then and there and chance the consequences. But with a mighty effort the man controlled himself, and his voice, when he answered, was calm.

"Yes, I'm here. What's the matter?"

"Nothing," cried Peterson, "but we've got quite a large and appreciative audience down here, attracted by our friend's charmng concert, and I've just sent for a large ladder by which he can come down and join us. So there is nothing that you can do—nothing." He repeated the word with a faint emphasis, and Hugh smiled genially.

TO INVESTIGATE CASE.

Sarnia, January 7. Canadian Press.—Despite denials and protests that were made it was officially announced last night that an investigation into the conduct of High Constable W. A. Scott, of Lambton County, had been asked for as an aftermath to raids made on alleged owners of liquor stills in the county.

The constable is said to have handcuffed a 11-year old boy and made him remain outside of a house, while he conducted a raid in search of a still. He is also alleged to have used third degree methods with the result that the child had to receive medical attention.

TODAY'S NEWS OF THE DISTRICT

PETES HAD TO BE GOOD TO BEAT LAKEFIFLD IN THE O. H. A. OPENER

HOMESTERS LED BLUE AND WHITE BY 2 TO 1 AT END OF FIRST PERIOD.

Peterborough intermediates had to hustle at Lakefield last night, when they opened the O.H.A. season in the northern town and won by the score of 13 to 4. But it was 2 to 1 for Lakefield at the end of the first period, and the Peterborough contingent of supporters didn't like the looks of things a bit. The Northerners were big and strong, full of "pep" and anxious to win. There was nothing half-hearted about their attack and the Petes had to be on hand with something to spare, in order to change the tide of battle. They were there at the finish. Condition told. The Lakefielders slowed up in the second session, and the Petes went out after some goals. Towards the end of the period three goals were scored in as many minutes, making it 8 to 3 for this frame.

Great Ice There.

Ice-maker Frank Morin supplied a high-class sheet of ice for the game. The playing surface 60 ft. 9 in. x 160 ft., had the Petes guessing for the greater part of the contest and it was only by wearing down the home crowd that they got down to business.

Harry Blewett, who played with the 93rd battalion team in the days of the great war, led the attack for Lakefield and was easily their best. Frank Hill did some great work in the nets. Jack Sabatino who was with the local juniors last season, worked on the defence with Simpson. Braden Blewett and Crawford, complete the regulars and there is not a lightweight in the bunch.

Homesters Score Early.

Percy Bond handled the bell and got the teams away at 8.30 o'clock. Lakefield immediately made for the puck and attacked. After three minutes, B. Blewett got one through Murray. A minute later, Parker, Collins and Rose worked nicely for a goal, Rose taking the shot. Blewett placed his team in the lead just before the bell rang for the rest. The period was marked by hard checking.

Rose tied it up five minutes after play was resumed, getting the puck from Parker, who rushed the rink, and a minute later repeated on a pass from Burgess, making it 3 to 2. Harry Blewett batted one in to tie the count and thirty seconds later Jackson took the rubber from Thornton and scored. Collins and Rose went through for the next one in three minutes. Parker went up alone, passed out to Jackson, who scored, and the pair drilled in another counter, following a lone rush by Parker. A hard shot bounced off the goaler, and Jackson was right there to register on the rebound. Collins slammed in the eighth goal just before the gong sounded.

Burgess went done for the first counter of the third period. Harry Blewett scooped from the side to beat Murray for Lakefield's fourth and last goal. Collins scored on a nice side shot and Rose batted one in, making it 11 to 4. Camping at the mouth of the nets, Rose got another chance and made it a dozen. Burgess got one through Hill so fast that the goal umpire didn't see it, and the tally was not accepted officially. Jackson taking a pass from Parker, dashed through to the nets for the thirteenth and last score of the contest. The teams:

Lakefield—Goal, Hill; defence, J. Sabatino and Simpson; centre, H. Blewett; right wing, B. Blewett; left wing, Crawford. Subs, Hill and L. Sabatino.

Peterborough—Goal, Murray; defence, Parker and P. Thornton; centre, Rose; right wing, Burgess; left wing, Collins. Subs, Jackson and Halpin.

CAMPBELLFORD AND DISTRICT

METHODISTS WON LAST NIGHT IN INTERCHURCH HOCKEY GAME—PERSONAL AND SOCIAL HAPPENINGS.

CAMPBELLFORD, January 7.—Miss E e Davidson, of Seymour East, who has been spending the past week with her sister, Mrs. Robert Boyes, Booth Street, returned home yestrday.

Miss Ona Arnold, R.N., who has been visiting at the home of her parents, Mr. and Mrs. J. M. Arnold, for some time, returned to New York City yesterday to resume her professional duties.

Mr. R. T. Cowell returned last evening after spending a couple of days in Toronto visiting his daughter Miss Hilda Cowell, nurse-in-training, Women's College Hospital, who has been ill. Miss Cowell's many friends are pleased to learn that after a short rest she will be able to resume her duties.

Mr. Marshall Longmuir, Seymour West, son of Mr. George Longmuir, who was operated upon in town this week for appendicitis, is making very satisfactory progress toward recovery.

Mrs. Clark Johnston leaves next week for Wellington, Prince Edward County, to visit her sister, who has returned from the West.

Inter-Church Hockey.

Two teams of the Boys' Inter-Church Hockey Club (Baptists and Methodists) played a very interesting game last evening at the Arena, the latter winning. The score stood 9 to 1. The boys are to be congratulated upon the success of the good, clean games they always play.

Mourned by Many.

Friends in Campbellford and the vicinity learned with much regret of the death of Mrs. William Arnott, of Peterborough, who passed awty on Thursday. Mrs. Arnott is a sister of Mrs. Robert Linton, of town, and for many years with her husband occupied the farm just east of the town, now owned by Mr. William Stephens.

HAPPENINGS IN HASTINGS

NORTHUMBERLAND WILL GET THE WARDENSHIP THIS YEAR —LAMP EXPLODED AND CAUSED FIRE.

HASTINGS, Jan. 7.—The Warden of the United Counties of Northumberland and Durham comes to Northumberland County this year.

The following three reeves are in the field for the position; George Vanvolkenburg, Seymore Township; Charles Davidson, Campbellford; Harry Phillips, Brighton.

Mr. Mcdonald, the contractor for the National Cooperage Company, arrived in town on Monday and immediately started work at the plant.

Mr. McDonald will have men making cement blocks at once and as soon as he gets a few ahead will start the outside work.

Mr. Lickly, president of the company, will be here Monday with the plans for the plant.

The many friends of Master Cecil Scriver, the youngest son of Mr. and Mrs. Sherman Scriver will be sorry to learn of his serious illness in Nicholls Hospital, Peterboro.

Constable Dixon is busy cleaning up the stills on Wednesday. He seized one at Mr. Harry Scriver's home and sent it to Peterboro, where M. Scriver was tried and fined $200 and costs on Thursday.

Mr. N. Daniard spent Wednesday in Campbellford.

Mr. N. Daniard was in Belleville, on Thursday.

Mr. Buller, Inland Revenue Officer and Inspector Stewart of Peterboro were in town on Wednesday.

The new council will be sworn in on Monday and will start off business with a deficit of $900.

Mr. and Mrs. F. W. Runnels of Orillia, spent the holidays at the latter's home here.

Mr. Harry M. Field of Maxwell has commenced duties as Principal of the Public School.

Mrs. Herb Shorter of Toronto, was called home on account of the illness of her mother.

Mr. R. N. Simpson was in Marmora on Wednesday.

Lamp Exploded

On Tuesday night the citizens were called out of their home with the fire bell ringing. The harness shop of Mr. F. G. Runnels was on fire. A lamp was standing on the desk exploded setting fire to the wall and work bench fortunately it was early in the evening and was extinguished without a great deal of damage being done.

Mr. Ivan Doonan spent the holidays at his home in Huntsville.

Misses Parkers and Mrs. Bemroe have been spending their holidays in town.

PROBABILITIES.

TELEGRAPH AND CABLE NEWS

CIGARETTE EXPLODED.

MONCTON, N. B., January 7. — Canadian Press. — Henry Bernard, 11 years of age, was brought to Moncton from Cannan Station yesterday for treatment of his eyes, which it is reported were injured the previous evening as the result of an explosion of gunpowder which had been placed in a cigarette.

It was stated here to-day that the cigarette had been offered the lad by another boy. Bernord's right by another boy. Bernard's right eye received lighter injury.

FISHERIES QUESTION.

HALIFAX, N.S., January 7. Canadian Press. — "If the Governments of the Dominion of Canada and the United States will settle the fisheries question on the basis of the arrangement made in 1918 in order to facilitate food production during the war, I think the fresh fish trade of the Maritime Provinces will be satisfied," Arthur Boutilier, the Vice-President of the Canadian Fish Association, and head of one of the largest fresh fish firms in Eastern Canada, announced to-day.

TROOPS ADVANCING.

MADRID, January 7. Canadian Press. — An advance of the Tetuan and El Araish columns in Morocco, with the attainment of all their objectives, is reported in an official communique issued yesterday. The troops met with but slight resistance. Extreme difficulties however are being encountered under foot owing to the recent storms. The troops from El Araish have occupied the hills of Guitarisain, without incident.

CAN COMPLETE ORDERS.

Chicago, January 7. Canadian Press. — On petition of the Central Trust Company as receivers for E. W. Wagner and Company, grain brokers, who recently failed, Federal Judge R. M. Landis yesterday entered an order permitting the receiver to deliver 200,000 bushels of grain and 100,000 pounds of lard to various firms that had placed their orders with Wagner and Company before the failure.

The order of the Judge also gives the receiver permission to sell the furniture of Wagner and Company in 21 different cities.

MEET COMPETITION.

MONTREAL, Jan. 7.—(Canadian Press.)— With a view to meeting competition from United States ports, the Canadian Government Merchant Marine announces a reduction in passenger rates from Halifax to Kingston, Jamaica, on its ships "Canadian Fisher" and "Canadian Forester." The change is from $125 to $102 and makes the fare from Halifax to Kingston the same as from Boston to New York.

FRENCH ADMISSIONS.

PARIS, Jan. 7.—(Canadian Press.) —An official paper containing a volume of correspondence between the British and French Governments concerning the Angora agreement, issued here, is chiefly interesting for the admissions by the French Government that the agreement is not regarded as a treaty of peace and implies no recognition, de jure or de facto, of the Angora Government.

A WAGE CUT.

WASHINGTON, Jan. 7.—(Canadian Press.) — A reduction of the Shipping Board wage scale paid to its deck officers and men will be made effective February 6, it was announced yesterday by Vice-President Joseph Powell, of the Emergency Fleet Corporation. The amount of the cut to be made has not yet been determined by the Board but will be discussed.

FIRST WIRELESS PRESS MESSAGE TO ANTIPODES

SYDNEY, New South Wales, Jan. 7.—(Associated Press).—The first direct wireless press message to Australia from England was published recently in The Sun. It was sent from the wireless station at Carnarvon, England, a distance of about 12,000 miles.

It was picked up almost simultaneously by the powerful wireless stations at Perth, Western Australia, and Melbourne, Victoria, and thence retransmitted to Sydney.

MONDAY MAY SEE A VOTE

DE VALERA DISCUSSES HIS ATTITUDE IN COURSE OF A LONG ADDRESS--DIVIDED AUTHORITY

DUBLIN, Jan. 7. — (Canadian Press.)—Eamon De Valera, on the re-assembling of the Dail yesterday afternoon, delivered a long set speech. He recalled the history of his connection with the movement until now the Dail had reached a point when the Cabinet was completely and irrevocably split as was possible. The separation was not on personalities, but was on absolute fundamentals. The Cabinet had since December 6, 1921, been trying to keep together nominally as a unified executive, but the time had come when that must be ended.

His fundamental creed, Mr. De Valera declared, was government of the Irish people by the Irish people for the Irish people.

Mr. De Valera in explaining why he must resign, said there must be some one in authority. A journalist had been kidnapped and Minister of Finance Collins had sent men to recover him. Mr. Collins had no right to send anybody. That was the function of Minister of Defense Burgess.

"I sent these men under orders of my superior officer," Mr. Collins replied.

Divided Responsibility.

"We cannot have divided responsibility,' Mr. De Valera answered. "I am a straight, plain dealer. I have met crooked ways with the straight; if we meet crooked ways by similar methods we are done. Political trickery sickens me. I have got here in this House the strange sort of dealing I had in the United States with other people of the same kind. I stand exactly where I stood. I knew what others apparently did not know when they were on the edge of the precipice ,and I would have halted there and nothing could have dragged me across it."

In conclusion Mr. De Valera said if there was a vote in the House within 48 hours, he was quite satisfied. Arthur Griffith agreed to this, declaring that the vote might be taken at the latest on Monday. The motion for a suspension of the order of the day was then withdrawn and the debate resumed on the main motion.

Harry Boland said he had come from the United States to vote against the treaty and support President De Valera. He said he thought Mr. Collins, if he had any Tammany Hall training, might have kept his bullying for Premier Lloyd George.

VERY CRITICAL.

BELFAST, Jan. 7. — Cardinal Logue, preaching after High Mass at Armagh yesterday and referring to the political situation, said the state of affairs in the country was very critical. A number of sensible men on both sides of the controversy were engaged in strenuous efforts to bring about peace and union and arrive at an agreement, he added.

A LOST CAUSE.

LONDON, Jan. 7.—News of Eamonn De Valera's decision yesterday at Prime Minister Lloyd George's Downing Street residence was a good sign in the sense that it indicated Mr. De Valera's recognition of his lost cause and that the supporters of the Anglo-Irish Treaty would prevail. A telegram was immediately dispatched to Mr. Lloyd Georges at Cannes.

BANKING CONDITIONS.

OTTAWA, January 7. Canadian Press.— During the coming session of Parliament there will probably be appointed a parliamentary to make a complete investigation of banking conditions and of the Banking Act. The revision of the latter will not occur until 1923. Last revision occurred in 1913. It was preceded during the 1912 session by a parliamentary investigation.

"A CRITICAL SITUATION"

THIS IS SUBSTANCE OF STATEMENT ISSUED AT CLOSE OF YESTERDAY'S MEETING OF WASHINGTON CONFERENCE.

WASHINGTON, Jan. 7.—(Canadian Press).—Sine die adjournment was taken at the close of yesterday's meeting between the Chinese and Japanese delegates to the Washington Conference on the question of Shantung. The conversations, which have been proceeding intermittently for several weeks, apparently came to an end with neither side willing to make concessions to the other.

The Chinese and Japanese delegates alike were reticent about what occurred, but it was said that Wellington Koe, for the Chinese, and Ambassador Shidehara, for Japan, remained after the meeting to arrange for a statement to be made at the request of the Chinese, who desired that a full statement be made to the public.

Japan made a new offer "in the nature of a concession" at yesterday's Shantung meeting. Vice-Foreign Minister Hanihara said last night. This was to make a Japanese railway loan for the Shantung Railroad for a term of 15 years with China granted the option to redeem the loan at the end of five years from the date of signing the agreement and after six months' notice.

After the meeting Dr. Koe said: "The situation is quite critical, and I don't want to say anything hastily. We may, however, decide to make a statement later. In any event, an official joint statement will be issued."

CHRISTIAN SCIENCE CASE.

BOSTON, Jan. 7. — (Canadian Press).—Readiness to begin a hearing on Wednesday next on the question of the validity of the action of the directors of the First Church of Christ, Scientist, in removing Herbert W. Eustace and Paul Harvey, as trustees of the Christian Science Publishing Society, was announced by Judge Crosby yesterday.

SEND A POLO TEAM.

BUENOS AIRES, Jan. 7.—(Canadian Press).—A polo team representing the Argentine Polo Federation will sail for England on March 10, to participate in the British polo matches in May. Fifty ponies are being shipped. If the team is successful it contemplates a challenge to United States polo players in 1923.

THE CASE OF SINGLE MEN.

The single man who may be a victim of the unemployment crisis does not for the present share in the emergency relief fund that is to be paid jointly by Municipal, Provincial and Federal governments. How many such men there are who are in destitute circumstances in Peterborough the Examiner is not prepared to say, but if there are many of them, it may be necessary as an emergency measure to adopt the plan that Hamilton has had in operation for some weeks of providing free lodging. The Federated Relief Bureau, when it is functioning properly, may be able to supply information as to the number of unemployed single men who are in distress. It is possible that their number is not large and that no special provision will be necessary. But in the interval it might not be amiss to investigate the Hamilton plan, which, according to the authorities of the Ambitious city, has been giving satisfaction since its adoption there. Naturally the first thought in a crissi like the present if of the man with a family, but the unmarried man who has been out of work for some time is not in an enviable position and quite possibly may be in need of assistance.

A WELCOME DECISION.

The Ontario Government has agreed to do its share towards the relief of those suffering from the un' employment crisis, and will jointly with the Dominion Government and the municipalities, pay the cost of food, fuel and other necessities of life that may be issued. So far this provision only applies to families, the unemployed single men not being included in the scheme. Something may be done for them later on, but in the meantime the decision of the Ontario cabinet is a welcome one for relieving the municipalities of a heavy burden, for as the Federal Government's offer to pay one-third was conditional on the Provincial Government contributing a similar share, the whole plan would have been hung up and the cities and towns forced to meet the unusual expenditure themselves had not the Province assumed its obligations. Certain stipulations are made by the Ontario Government, the most important of which is that no person who has been offered employment and has refused shall be deemed eligible for relief. With that safeguard there can be no quarrel. Certainly it would be a hazardous precedent to dip into public funds to support people who had shown no willingness to work to support themselves, and the condition will not affect any deserving case.

CIVILING THE SUB.

If the Washington arms conference had not succeeded in accomplishing anything else than bringing the five great naval powers of the world to agree upon the abolishment of the submarine warfare against merchant ships it would have more than justified its being summoned. The decision of Great Britain, the United States, France, Japan and Italy to abolish as between themselves the sneaking menace to the safety of unarmed ships and defenceless people on the high seas is a development which will be heartily approved. No horrors of the great war were more appalling than the murderous deeds of the German undersea boats against non-combatants and neutrals. The other nations of the world are not included in the agreement, but they are asked to subscribe to the decree as a new principle of international law, and it is expected that they will quickly associate themselves with the movement to make the submarine a weapon of warfare against fighting ships and not a sneaking murderer of peaceful folk as the Germans used them in late war. This is a most important advance and alone makes the Washington conference worth while.

THE CHAIRMANSHIPS.

While it is said that chairmanships, like kissing, usually go by favour, it is to be hoped, in the public interest, in preparing the slate this year, the Council will endeavour to see that ability and energy have something to do with the selection. Much depends upon the chairmen of the various committees, for they are the cabinet ministers of the administration and play a big part in the civic government. A good chairman usually means a good committee, and good committees mean a good Council, and a well governed city. Too often these things are lost sight of and the heads of committees are chosen on a sort of a compromise basis, a you-can-have-that-committee-if-I-can-have-this-one kind of an arrangement that satisfies ambitious aldermen, but that does not ensure efficiency in the transaction of public business. The chairmen are not, or at least they should not be, mere figureheads. Theirs is a position of responsibility, and poor executive heads in the various committees can do more than anything else to clog up the work of the Council, promote extravagance, necessitate long meetings and make costly mistakes. In deciding upon the chairmen at the inaugural meeting on Monday the aldermen should not fail to remember that ability should be the first test applied. If the best material that is available is utilized the new Council will be making a splendid start.

THE MEN WHO GREW UP IN THE NIGHT.

To the men who fought overseas and to those who did not go through that terrible experience and cannot grasp the viewpoint of the veterans, especially of the younger soldiers, the following article by Archie McCurry in the London Daily Express should appeal with equal force:

Much has been written recently, and by many worthy folk, of the tendencies of that generation which the war found on the elder verge of childhood.

Our ways, our works, our morals, our manners, our dress, our words, our comings and goings, our earnings and spendings, and everything that is peculiar to us, all have been examined minutely beneath the intellectual microscopes of our parents and uncles and aunts; and the results of these investigations, duly decorated with an abundance of commentary wisdom, have been communicated to the Press and announced from the pulpit and the platform through the length and breadth of the country. These good people have come to a variety of conclusions concerning us; we are reviled, deplored, excused, extolled in turn, equally without knowledge and without reason.

We are reviled because we, who became men in the night, do not see as they see whose eyes have long been accustomed to the day. We are deplored because in the night we lighted beacons where we knew their need, and because we look to them still for guidance in the grey dawn.

An Unknown Death.

We are excused because, as children, we bounded cheerfully to a lif of strange horror which we could not see, and to a death which we did not know. We are extolled because we are overturning the foundations of a structure which collapsed in the night, and we are hailed by some as master-craftsmen before we have had time to lay the first stone of the monument which we shall raise upon its site.

Good ladies and gentlemen, is it not time that we had a rest from all this praise and recrimination, so benevolent, yet so reckless? Can you not leave us alone to work out our end in peace? Is it useless to tell you that you do not, cannot, understand us? Your ideals and standards were formed gradually, rationally, and placidly, in an established world and with the accumulated experience of centuries to consider at your leisure, and, although you knew all that therew as in the world that was, although you saw the war, although you were beside us through the war, yet you cannot think as we think.

Pause, before you discourse afresh on our moral turpitude, or on our laziness, or on our inefficiency, or on our disrespect toward your venerable selves; pause and consider. Did you learn to shave? Did you pass from the schoolroom to a shambles; did you know in your teens hunger and cold and pain and the very fear of death; before you had tasted the joy of living; did you learn the pleasure of forgetting, of sleep, of drunkenness, of anything that meant relief from living pain and living fear? Did you wake on your twentieth birthday morning and crawl from a hole into the day that should have been spring and the land that should have been a garden, to find the day death-laden and the land a desert?

Scarlet Mud.

Did you ,before the law had called you man, see your friend drop down and gurgle and spit blood and die; and did you kneel beside him and wonder, and take the rations from his haversack because you knew you might be hungry soon? Did you learn to curse before you knew the use of prayer; and did you try to pray and find your prayer a blasphemy? Did you find love and see it turn to fornication? Did you seek honour and find scarlet mud?

If you did these or like things—judge. If not, can't you leave us alone? If we transgress your laws, then punish us, imprison us, execute us, but, in the name of your sons who died, spare us your turgid homilies and your hollow adulation.

The ruins of your world are about us, and it is for us to build the new as best we may; but remember, dear people, that, although we may do evil in your sight and may shock you, yet wet shall do better than you, in all your wisdom and in all your virtue, if we avert the day when our sons must go forth to horror in the morning and return to us torn, blinded, and glibbering in the evening.

Dear Sirs:-

I have your valued favour of the 21st inst. asking me what induced me to first use daily newspapers, and why I have continued to use that medium so steadily for making the public acquainted with SALADA Tea.

Thirty years ago, when I first put SALADA Tea on the market, Ceylon teas were unknown, except to experts, and, knowing as I did, how much superior in cup quality they were, to the teas of China and Japan, I tried to introduce them by inducing the grocer to buy them in the ordinary package the tea arrived in from the Orient, and attained considerable success. Unfortunately, however, after the retail grocer got the tea in hand, he did not handle it in such a way as induced the public to try it, but kept on supplying the poor, inferior teas that he had been handling.

Then I commenced to question myself as to how I would get the merits of these teas before the public- there was but one way, and that was to pack them and market them under a brand. But, when I tried that, I found that these fine teas continued to lie on the grocers' shelves, and the poor stuff they had been handling was still supplied to the public.

Then I thought of telling my story in a single newspaper, which I did, and soon saw results. The single medium soon became two, and then a dozen, and now many hundreds on the American continent alone, where practically every daily newspaper of any importance carries SALADA TEA COMPANY advertisements.

Yours truly,

LITERARY GEMS

DISFIGURING A CITY.

When any part of the city is disfigured by billboards or when any residence neighborhood is ruined by the unnecessary intrusion of business the whole city suffers. People don't enjoy passing ugly or ill-kept property in going to their homes. It weakens the incentive for a family to own its home if there is danger that the property may be hurt at any time by the erection of a business house next door. A city cannot permit itself to be disfigured in spots. It cannot acquiesce in a policy of ugly neighborhoods here and there. If it does it subjects itself to unnecessary handicaps. It regards its growth. A city is a unit. Damage to one part is damage to the city.—Kansas City Times.

THE RIGHT BUFFER.

In selecting a buffer see that it is soft and pliable and about four inches in length. In polishing it is well to take each finger separately, so that the edges will be taken care of and then give a finishing touch by running the buffer over all the finger tips.

News Happenings From Norwood and District

NORWOOD, Jan. 7.—On Wednesday Brigadier-General M. B. King and staff of Kingston inspected "C" Company of the 40th Northumberland Regiment at the Armouries.

The company, 85 strong, is composed of men from Norwood, Hastings and district. The officers are Captain Fred. Webb, Captain W. C. Thompson, Lieut. James Baskin, Lieut. W. Puffer, Lieut. Dr. J. C. Green, and Lieut. Hawkin.

Fire Avoided.

What might have proved a serious fire was fortunately prevented when it was discovered that a partition had become ignited from the furnace pipe in the home of Mr. W. T. Buck on the Hastings Road.

Hockey Club Organized.

On Wednesday night the local hockey boys organized for tht coming season, with the following officers:

President—Mr. Thos. Ridyard.
Manager—Mr. Alex. Kemp.
Sec.-Treas.—Mr. John Puffer.
Captain—Mr. Cecil Watson.
Committee—Mr. Minore, Dr. J. C. Green, K. F. Kemp and J. Hartle.

The membership fee is $1. Practice will be held Monday, Tuesday and Thursday evenings from 7 to 8 o'clock.

Curling Notes.

A number of curlers came down from Keene on Thursday afternoon to have a friendly game with some of the Norwood men. Owing to lack of suitable ice, they were unable to have a game.

Old Resident Passes.

Mr. Robert McMaster, of South Dummer, passed away on Wednesday evening at the age of 70 years. Mr. McMaster, who had been in very poor health for a long time, was a widely known and respected citizens, having lived in this district practically all his life. The sympathy of a wide circle of friends goes out to the bereaved relatives.

The funeral service will be held from his late home on Saturday afternoon, and interment made in the Norwood Cemetery.

Wedding Bells.

A wedding of interest to many Norwood friends took place at Brockville on New Year's, when Frances Regina, daughter of Mr. and Mrs. E. R. Blackwell, was united in marriage to Mr. Ralph W. Griffin, of the same place.

The bride is the grand-daughter of Mr. and Mrs. John Baskin, of town.

Masonic Installation.

The installation ceremony of Norwood Lodge A. F. and A. M. No. 223 was held on Friday night last, when Wor. Bro. Edwin C. Squire acted as installing officers. The officers are:

W.M.—R. W. Bro. B. W. Squire.

J.S.—Bro. Herbert Knox.
I.G.—Bro. John Puffer.
Auditors—W. Bro. R. G. Lawlor and Bro. D. B. Cutcliffe.

Following the installation, the "fourth" degree was put on, after which lunch was served, and very much enjoyed by all present.

4-M. Club Entertained.

On Wednesday evening a number of the 4-M Club were entertained at the home of Mr. and Mrs. R. B. Peacock, Spring Street.

I.O.D.E. Special Meeting.

On Thursday afternoon, despite the bad weather and treacherous walking, about forty ladies assembled in the I.O.D.E. Rooms at the Armouries, and were amply repaid, the occasion being a special meeting, when Mrs. Burkholder, the Provincial President, of Hamilton, and Mrs. Malcomson, the Provincial Organizer, of St. Catharines, were present and delivered two very interesting addresses.

The meeting was called to order by Mrs. B. W. Squire, Regent of the local Chapter, and after welcoming the visitors and the opening exercises, Mrs. Birdsall, First Vice-Regent of the local Chapter, and also a member of the Provincial Chapter, was called on for a few remarks. Mrs. Birdsall said she was very proud of the report of the 40th Northumberland Chapter which was given at the district convention held in Peterborough last October, this report being one of the best in the district.

Mrs. Weir, the treasurer, was then called upon to give a short account of the work done. The Chapter was shown to be in a pretty good financial position.

Mrs. Burkholder was then introduced to the meeting. Mrs. Burkholder said she had been coming to Norwood in imagination for a long time, and at last she had arrived. She also said she was proud of the Order, and that the Ontario Provincial had 300 Chapters and half of the whole membership of the Dominion. She gave a synopsis of the work done before, during and after the war, and said if the ladies thought that since the war was over there was no need of work, to get that out of their heads, for there was as much, if not more, to be done. She told of what the Order had accomplished in the care of graves, hospitals, Navy League, etc. $5,500 had been raised for war purposes, and at the National Convention in Montreal $500,000 was made the objective for a war memorial. This money is to be used for the higher education of the children of soldiers who gave themselves to their country. "There is lots to be done," and being in touch with the Sanitarium at Hamilton, she said there were boys there who would be glad to get sox they were sent. Basil Pickford, one of our own boys, is in this sanitarium. Mrs. Burkholder said he was always bright and cheerful, and always said he was getting along fine.

Mrs. Malcomson, who was then introduced, said she was pleased to be in Norwood, and brought greetings from the Provincial Chapter. She also spoke of the membership of the Ontario Provincial, and said: "What Ontario says is called pretty nearly law." She spoke in glowing terms of the work of the Daughters of the Empire in general, and told how a young lieutenant-colonel said to her that "the boys at the front will never forget what the I.O.D.E. did for them." She spoke of the franchise as the highest honor that could be given, and said that the Daughters of the Empire had been classed as the wisest women of the country. She said some members thought if they hadn't one of the high officers that they were of very little importance, and that it wasn't necessary for them to attend the meetings, and quoted as an answer to this from Browning: "All service ranks the same with God, there is no first or last."

Mrs. Malcomson's address was very interesting.

A number of ladies from the Hastings Chapter, including Mrs. Howard, Regent, Mrs. Baker, Mrs. Doxee, Mrs. W. Fowlds, Mrs. Spellman, and Miss L. Fowlds, were present.

Mrs. Esther Matheson, of the Harry Lauder Chapter, Havelock, was also present.

A vote of thanks, moved by Mrs. Cuffe, and seconded by Mrs. Birdsall and unanimously carried, was conveyed to Mrs. Burkholder and Mrs. Malcomson by the Regent, Mrs. B. W. Squire, after which a social time was spent and refreshments served from a table beautifully decorated with ferns and smilax.

The meeting was closed by all singing God Save the King.

THE TORTURE OF INDIGESTION

Thousands Made Miserable By This Trouble

"FRUIT-A-TIVES" Relieves It

What is Indigestion and what causes it? As you know, solid food must be changed into a liquid by the stomach before it can be taken up as nourishment by the blood.

The stomach acts as a churn. It is covered by a strong, muscular coat and lined with a soft, delicate membrane which secretes the Gastric Juice which digests or dissolves solid food.

When food enters the stomach, the muscular coat squeezes and presses the food from end to end, or churns it, with the gastric juice to dissolve or digest it.

But—if the stomach muscles are weak—or if the dissolving fluid is poor or insufficient—then food cannot be digested properly and you have Indigestion.

"FRUIT-A-TIVES" is the most wonderful medicine in the world for strengthening the stomach muscles and providing an abundance of pure, full-strength dissolving fluid to completely digest every meal. "FRUIT-A-TIVES" does this because it keeps the kidneys active, the bowels regular and the blood pure, which insures pure Gastric Juice.

"FRUIT-A-TIVES" will correct your Indigestion or Dyspepsia and enable you to enjoy every meal. Try it.

SORES SPREAD ALL OVER FACES AND HANDS

Mrs. Howard Houlette, Waskatenau, Sask., writes:—"I wish to tell you of the benefit we have received by using your valuable medicine Burdock Blood Bitters.

My children started to break out on their faces in small white pimples which kept getting larger each day. Pus would form under the scabs and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece and would spread all over their bodies. I was nearly in despair and sent to the village for a bottle of good blood medicine. The druggist sent me a bottle of Burdock Blood Bitters, which I commenced giving them at once.

In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared."

All blood and skin diseases are caused by bad blood, and to get it pure and keep it pure you must remove every trace of the impure and morbid matter from the system by a blood cleansing medicine such as

BURDOCK BLOOD BITTERS

a remedy that has been on the market for the past forty-five years, and one without an equal for all diseases and disorders of the blood.

Are Your Valuable Papers Safe?

Very often people who would not take the chance of keeping large sums of money in their homes will think little of leaving valuable bonds or other documents practically unprotected.

A fire or burglary in such cases may easily cause a heavy loss.

Protection for such valuables is obtained at little expense by renting a safety deposit box in The Bank of Nova Scotia.

The Railways of Canada Draw to Your Attention the

NEW RAILWAY RATES!

FOR PASSENGERS

The advance on sleeping and parlor car tickets authorized in 1920 has been cut in half—the advance made on ordinary fares at that time having been completely taken off many months ago.

FOR SHIPPERS

The percentage of advance granted to the Railways in 1920 has been reduced ten points. In addition to a five point drop at the first of the year.

These changes became effective December 1st.

Your cost of Living

YOUR cost of living should be directly affected. If it is not it is because (1) as the railways have pointed out before, the actual money paid for their services is an almost negligible factor in making prices, and because (2) even the huge sum now cut out of the railways' revenues and amounting to approximately—

$25,000,000.00 *

annually—becomes a very small fraction of a cent when split up among the billions upon billions of small and large articles which constitute the freight traffic of Canada during a year. And because

(3) the Court which has the power to control railway rates is not able to direct who is or is not to get the benefit of reductions. In other words, whether these savings in railway charges are passed on to you—or whether they are absorbed in marketing, cannot be controlled either by the railways or the public.

BUT this fact remains: a very great sum of money—enough to build every year a small city, or a Quebec Bridge, or four hundred and fifty of the newest and most powerful locomotives—is now removed from the revenues of the Canadian Railways and should be reflected, at least to some extent, in the family budgets of all Canadians!

WHETHER your railways can continue to function without the revenue thus lost to them, is an experimental problem facing the various managements. It depends largely on whether traffic keeps up or falls off—and whether costs rise or decline. But the managements are attempting the problem cheerfully and with determination to keep Canada's railway service the cheapest, mile for mile, and among the most efficient in the world!

KEEP AUSTRALIA WHITE.

LONDON, Jan. 7. — (Canadian Press).—Discussing the support announced to have been given by Premier H. N. Barwell, of South Australia, to the introduction of colored labor into the Australian Commonwealth, the "London Times" says it doubts if such views will command sympathy there, where trouble such as has been experienced in South Africa from Indian and Chinese labor is already known.

A SPECIAL ENSIGN.

OTTAWA, Jan. 7. — (Canadian Press). — The design of a special ensign to be flown over the property occupied by the Air Board is described in this week's issue of the Canada Gazette. The description of the flag follows:

"Light blue, in the dexter canton the Union, and, in the centre of the fly of the flag on a red shield edged with white, an albatross white, with wings extended over three maple leaves conjoined on one stem proper."

BUSINESS FAILURES.

OTTAWA, Jan. 7. — (Canadian Press). — The Canada Gazette this week carries forty-four notices of assignment under the Bankruptcy Act.

MURDOCK ISSUES APPEAL.

OTTAWA, Jan. 7. — (Canadian Press). — Declaring that "Canada needs, must have, and will have, cooperation between employer and employee," Hon. James Murdock, Minister of Labor, in an appeal made public last night, issues a call to employers and employees to get together on their 1922 wage and working condition agreements in order to prevent the wastage of possible working days during the coming spring and summer.

Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such upbuilding treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

IN MILLBROOK AND DISTRICT

A. Y. P. A. HELD A MEETING—CURLING RESULTS—PERSONALS

MILLBROOK, Jan. 7.—The first meeting of the A.Y.P.A. of St. Thomas Church, for the New Year, was held on Thursday, January 5th., at 8 p.m., and took the form of an "At Home", the Associations from the other churches of the parish, viz Christ Church, Bailieboro, St. John's Ida, and Trinity, the Marsh, being invited as guests of the Millbrook organization for the evening.

Unfortunately the storm and the icy condition of the roads made it practically impossible for many outsiders to be present. Mr. and Mrs. F. Waterman, of Bailieboro; Mr. Leonard and Miss Bertha McNeil, and Miss Margaret Fair of Ida, were amongst those present, the total attendance being between fifty and sixty young people. The rector, Rev Canon Allen, occupied the chair, and during the evening gave an interesting and instructive address on "The Meaning of the A.Y.P.A.", while the curate, Rev. E. R. Spence, had for his subject, "The Aims of the A.Y.P.A. Work".

Other numbers on program were solos by Mrs. Waterman, two songs in costume, "Peggy O'Neil" and "Just Like a Gypsy", by Misses Elsie Weeks, Pearl and Irene Lamb, and Muriel Lang, while community singing from the A.Y.P.A. songsheets was also an enjoyable feature of the evening's entertainment. Two contests were held during the social hour, Miss Greer, and Mr. A. A. Needler, being the winners in the first one; no prizes were given for the second which was of an entirely different nature, but all entered heartily into the competition.

Supper was served at the close, and all felt that a most successful and profitable evening had been spent together.

Curling Results

The results of Wednesday evening's curling for the Allen Cup were as follows:

Rink No 3—J. Steele, skip—16.
Rink No. 5.—A. A. Smith, skip—6
Rink No 1—R. H. Edmunds, skip—10.
Rink No 6—oRs. Edmunds, skip—11.

Mr. Steele's rink and Mr. Ross Edmunds' being the winners they played off on Thursday evening, the score being 7 points for the former, and 5 for the latter. Mr. J. Steele therefore holds the cup until next Tuesday when his rink will be challenged by the others in turn beginning with No. 1. A win counts 10 points, and at the end of the season the skip whose rink has the largest number of points to its credit, holds the cup for the summer.

The cup was presented to the local club by Mr. Harry Allen two years ago, but this is the first season that play for it was finally won. It is a very handsome trophy, standing fifteen inches high on a solid mahogany base ornamented with figures of curlers in French grey silver standing out in relief upon it. The cup itself, which is suitably engraved, is gold-lined, and including the handles, about ten inches in diameter.

Mr. Moore of New York, arrived on Friday, and is the guest of his sister, Mrs. J. C. Kells.

Reeve W. T. Wood has been in Port Hope, for the last two days.

Mr. Hilliard Strong of Peterboro was a visitor in Millbrook and Cavan on Friday.

Miss Allen of Bowmanville, and Miss Kerr of Toronto are guests at the home of Mr. Archibald Wood.

Mr. and Mrs. J. Perrin of Peterboro were the guests of Mr. and Mrs James Dawson this week.

Mr. P. J. Bentley and Mr. J. A. Vance are in Toronto this week on business.

Misses Gladys and Marjorie Smith who were home for the holiday season have returne to Toronto, the former resuming her duties as a professional nurse and the latter her studies at the university.

Mrs. Martin of Toronto, was the guest of her sister, Mr. G. N. Sayles, for New Year's.

Mr. J. J. Russell has been visiting friends in Peterboro, and may remain away from home for the winter months.

Mr. E. J. Leith and his two children have returned from Vancouver, B.C., wheer Mrs. Leith's remains were interred, and has now resumed his duties as night constable at Lindsay. Mrs. Leith's funeral which was held from the residence of her parents, 251 Seventeenth Avenue E., was largely attended, Rev. A. E. Mitchell officiating, and interment taking place in the Masonic Cemetery. The pall bearers were all former associates of Mr. Leith's during the time of his residence in the West ,as a member of the R.N.W. M.P.

Mr. and Mrs. Thomas Wickett of Port Hope, were the guests of Mr. and Mrs. Hugh Kennedy on New Year's Day.

Miss Glady Gray has returned to her duties as one of the teachers in the public school at Uxbridge after spending the holiday season at the home of her parents, Mr. and Mrs. Went Gray.

The many friends of Mrs. Went Gray will regret to learn that she has been ill for some time, and was taken to Dr. Turner's private hospital on Wednesday, an operation being necessary. The latter was successfully performed on Thursday and the patient is progressing as favorably as could be expected.

Miss Gertrude Spence is not returning to her former school near Oakwood this term but has a position instead as teacher at Victoria Road.

Miss Collins of Oshawa, accompanied by her two great-nieces, Helen and eBrnice Dunford, are the guests of Mr. and Mrs. Fred Smith.

Miss Hazel Jones, who has been the guest of her aunt, Mrs. A. Brown, for the holidays, has returned to her school at Reaboro; Miss May Earle, of the 4th Line, Cavan, to her school at Perrytown, and the Misses Alberta and Anna Russell to their respective schools on the 3rd and 4th Lines, Cavan. Miss Olive Elson, who has been teaching at Beech Hill, is not returning there this term.

Though it had been expected that at least thirty students would avail themselves of the advantages offered by the short course in Agriculture, which opened here on Tuesday, January 3rd, so far only about half that number are in attendance. Mr. F. J. Paterson, B.S.A., of Port Hope, is in charge, other instructors being Messrs. Thompson, Shorey and Lee. A full list of the students is not available.

Special New Year's services will be held in the Methodist church on Sunday, January 8th, Rev. Mr. Tucker's subject in the morning being, "Revive us again," and in the evening, "The new heavens and the new earth.' The choir will render music suitable for the occasion.

Those who are attending the Boys' Conference in connection with C.S.E.T. work in Lindsay are: Revs. G. S. Gervan and S. T. Tucker, Frank Alcorn, Foster Russell, James Larmer. The conference lasts for three days, beginning on Friday and closing Sunday evening. Mr. Gervan and Mr. Tucker will return home to take their regular Sunday services. It is expected that the same programme will be repeated at Cobourg, January 26th to 28th, when other members from here will be in attendance.

The annual "week of prayer" will be held January 9th to 15th, and will be a union service between the Methodist and Presbyterians. Monday, Tuesday and Wednesday evenings the service will be in the Methodist church and Rev. Mr. Gervan will be the speaker; Thursday and Friday evening Rev. Mr. Tucker will make the address, the service being in Grace Presbyterian church. A song service will be held at the opening each night.

WHEN HAIR THINS, FADES OR FALLS, USE "DANDERINE"

35 cents buys a bottle of 'Danderine.' Within ten minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant.

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes effected and nervous, has hot flushes, faint and dizzy spells, smothering and sinking spells and can't sleep at night.

MILBURN'S HEART AND NERVE PILLS

are the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Bezanson, Loganville, N.S., writes:—"As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me.

"My heart was so bad at night I could not sleep, I would take smothering spells, and was so weak I could not do my housework. I tried two doctors, but no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

BAILIEBORO

BAILIEBORO, Jan. 7.—The Literary Society held their regular meeting Thursday evening, Jan. 5. There was a large attendance and several new members joined.

The meeting opened with the reading of the minutes of the previous meeting. The following officers were elected for the coming month:

President—Clifton Lang.
Secretary—Walter Lord.
Treasurer—Gerald Armstrong.
Organist—Hattie Barnard.
Critic—Hadril Dawson.

Also the following committees were appointed:

Miscellaneous — Hattie Dawson, Alf. Jackson and Sid Lang.
Musical — Miss Southern, Miss Russell and Edwin Eagleson.
Debating — Lottie Earle, Jimmie Johnston and Fred Barnard.

A very interesting debate entitled "Resolved that environment has more to do with the success of a young man's life than ability," then followed. The affirmative was taken by Harry Campbell and Willie Lang. The negative was taken by Harold Beebe and Frank Dawson. Miss Southern, Miss Russell and Mr. Nicol acted as judges, and gave their decision in favour of the affirmative by one point. here was a hearty clap of hands, which signified the appreciation of the debate. The meeting closed with the singing of the National Anthem.

Personals.

Mrs. John Jewison of Toronto, is visiting her daughter, Mrs. Harry Barnard.

Messrs. Norman Earle, Harold Dawson, Fred Barnard, Willis Hall, Clifford Hall and Stewart McGill are attending the agricultural course in the town hall, Millbrook, under the instruction of Mr. Thompson and Mr. F. C. Patterson, B.S.A., agricultural representatives, and several other lecturers.

Owing to the storm Wednesday evening, Epworth League was withdrawn.

CABLE AND TELEGRAPH

EXECUTION POSTPONED.

VICTORIA, B.C., Jan. 7.—(Canadian Press).—An order was granted in the Supreme Court yesterday at the request of the Attorney-General's Department, postponing the execution of the death sentence imposed on Alex. Paulson, who was to have been hanged on January 25. The reprieve, which was occasioned by the fact that Paulson is required to give evidence in the trial of Allen Robinson for the murder of William Salisbury, at Vancouver, on April 12 of last year, was extended until June 20 of this year.

ARE STUDYING LAW.

LONDON, Jan. 7. — (Canadian Press).—Frank Hodges, secretary of the Miners' Federation, and Alfred Short, Labor member of the House of Commons for Wednesbury, are both reading for admission to the Bar. Hodges, who prepared for a Ruskin Scholarship, is an omnivorous student. Short was a boilermaker in early life.

DRURY WILL BE ABSENT.

NORTH BAY, Ont., Jan. 7. — (Canadian Press).—It was announced here yesterday that unforeseen circumstances had arisen which will prevent Premier Drury's appearance here at the meeting of the T. and N. O. Commission, which is to be held on Monday.

ON CANADIAN TITLES.

LONDON, Jan. 7. — (Canadian Press). — Discussing the supposed desire of the people of the Province of Quebec to re-establish the conferring of titles upon Canadians, the "Manchester Guardian" states that that Province is tinged with the aristocratic traditions of Old France, and that this hankering for titles will meet with short shrift in the rest of the Dominion. The typical Canadian of the Middle West and West, the "Guardian" says, has a deep suspicion of such honors.

WILL DEFEND TITLE.

NEW YORK, January 7 (Canadian Press). — Welterweight Champion Jack Britton will defend his title against Dave Shade, of San Francisco, at Madison Square Garden, on 31st January. Contracts for the bout, which will be for fifteen rounds to a decision, were signed at the office of Tex Rickard yesterday.

Conditions call for the boxers to make 147 pounds at 2 p.m. on the day of the bout.

OLD COUNRY ELECTIONS.

LONDON, Jan. 7. — (Canadian Press.)— Enquiry in political circles showed that the prospects of an early general election do not appear so strong as they were a couple of days ago. Many persons in authority take the view that the Government's appeal to the country will be deferred until autumn.

IN LAKEFIELD AND DISTRICT

THE NORTHERN VILLAGE HAS TURNED OUT SOME GOOD HOCKEY PLAYERS IN THE PAST

LAKEFIELD, Jan. 7. — Mr. Harry Penberthy, who spent the past few weeks visiting friends and relatives in the village, has returned to Regina.

Miss Corkery has returned to the village and resumed her duties on the staff of the Continuation School.

The Misses Ivy and Mae Petrie of Otonabee have returned to the village after the holidays.

Mr. Frank Graystock has returned to school in the village after spending his holidays at his home in the village.

Mr. and Mrs. E. A. Tanner, who were guests of Miss Tanner for the holidays, have returned to Toronto.

Mr. A. B. Burrows was in Peterboro on Thursday on business.

There is a movement on foot to revive a band in the village. The band lost their uniforms and instruments in the fire which destroyed the Town Hall three years ago and since that time the question of the band has been in abeyance. It would be of great advantage to have a good band and there is sufficient talent in the village to make a good one.

Two rinks of curlers came up from Peterboro on Wednesday and played a friendly game with some of local curlers. The game resulted in a tie and the visitors returned to Peterboro singing the praises of the fine new rink which has been built here.

Hockey History

For the first time for nine years Lakefield has re entered the hockey arena and has entered two teams in the O.H.A. These two teams are good material and lack only practice to make them easily the equals if not the superior of any team in Ontario. Even if Lakefield does not win a game this season (but they will), it is not any indication of a poor team. There has been no rink suitable for practice and the boys have had to make a start this season and they have made a splendid showing. In the interval since we had a rink large enough for hockey the old teams have scattered but in the new teams which are already showing what they can be, there are names that once stood for big things in hockey circles in this district—Hill, Crawford, Simpson, Sabatino, Ridpath, sons, brothers, nephews of old stalwarts who brought honors to our northern village and helped to earn the name of "lively Lakefield". Twelve years ago Lakefield brought home the city league cup from Peterboro after a game played in the Brock street rink Every eligible conveyance carried rooters to Peterboro and they cheered the boys on to victory. This is not such ancient history that some of the old timers cannot remember it and how the village preened each member of that team with a gold watch and chain suitably engraved Those boys made a good showing and so can these young successors with practice and encouragement. They can and will look after the first item and it up to the rest of the village to encourage them.

DOCTORS AMAZED AT WONDERS DONE BY NEW MEDICINE

Worth Millions to Suffering Humanity — Works Wonders on Headaches, Indigestion, Constipation, Rheumatism, Kidney Pains, etc.

Your complexion is not clear, you have pains between the shoulder blades, you are constipated, have no energy, no appetite, headaches, rheumatism, etc. These are all the well-known signs that your liver is out of order and is not exiting bile into the bowels, thereby causing all these pains and aches.

Doctors will tell you that 90 per cent. of the people who come to them for treatment have trouble due directly to the Liver. It is simple when you stop to think about it. When your Liver becomes inactive and fails to pour Bile into the intestines, your system is unable to execrete the waste, then the blood begins to distribute this waste throughout the whole system, striking at the weakest organ. Until this Liver trouble is overcome, you cannot expect to have perfect health, and life to you will be a drudgery.

Doctors recommend that you take one Tanated Calomel about fifteen minutes before each meal, or you may take two at bedtime, and you will wake up the next morning feeling tip-top. No sedlitz, salts, or castor oil are necessary to eliminate the Calomel, as it is self-eliminating

Tanated Calomel is quickly assimilated by the system, and begins to act soon after taking. It has no bad after-effects, as nausea, sick headaches, griping, etc., but acts very mild and smoothly, causing a natural elimination of the waste poison, making you look and feel bright, alert, vigorous and vivacious again.

Tanated Calomel is sold by F. C. Weber's Drug Store.

FEAST OF EPIPHANY

Celebrated To-day In Catholic Churches and Members Permitted to Eat Meat on Festal Occasion.

To-day is the Feast of the Epiphany, and is a holiday in the calendar of the Catholic church. And because it is a feast day the rule requiring Catholics to abstain from meat on Fridays is suspended for this occasion. Masses were celebrated this morning from 5.30 o'clock until 9 o'clock in the three Catholic churches in the city.

SAIL FOR THE STATES.

CHICAGO, January 7 (Canadian Press). — Oscar Mathiesen, of Norway, international professional speed ice skating champion, will sail for the United States next week to compete in a series of races, it was announced here to-day.

Mathiesen plans to race Bobby McLean, Norval Baptie, Edward Lamy, Art Staff, and other United States professionals.

OUTFIELDER RELEASED.

NEW YORK, January 7 (Canadian Press). — The New York Club of the American League released Nelson Hawks, outfielder; Ray French, shortstop; and Jesse Doyle, pitcher, to the Vernon Club of the Pacific Coast League, in payment for Catcher Al. Devormer, who was procured from that club last spring.

French played with Vernon last season under an optional agreement, while Doyle was farmed to the Atlanta and Joplin Clubs.

THE GRAPE CROP.

ST. CATHARINES, Ont., Jan. 7. —(Canadian Press.)— Niagara district Grape Growers' Ltd. during the past year sold 754 carloads of grapes and made a gross turnover of $892,206.40. The concern is now contemplating the erection of new cold storage plants. The basket situation for the coming year looks more favorable to the growers, the prices having been reduced. Fully one half of the grapes handled by the company went into the United States.

PROTECTION FOR CATTLE.

MONTREAL, Jan. 7.—(Canadian Press.)—Amendment of the Criminal Code in regard to cattle and other animals will be urged upon the federal government at the next session of Parliament by the Canadian Society for the Prevention of Cruelty to Animals, following a meeting of the executive committee of the society held here yesterday. Powers are asked for constables to slaughter, without permission of owners, animals found to be hopelessly injured when the circumstances allowing it to remain alive would cause agony. It is also asked to ban the practice of killing animals in abbatoirs in the presence of other animals.

WON COMPETITION.

MONTREAL, Jan. 7. — In the seige and heavy artillery competitions held last summer at the Petawawa camp, returns of which have recently been issued in militia orders from headquarters at Ottawa, the Second. Seige Battery, first brigade, Charlotte town, came second with 327.4 points to the Montreal Heavy Battery with 350.7 points.

CHICAGO GETS NICKEL LOAF

CHICAGO, Jan. 7.—Chicago will get 5-cent bread next week. This was the annbuncement today from many large stores and bakeries. The 16-ounce loaf has been selling for 7 and 10 cents. Decision to reduce bread prices was largely the result of slashing in New York by a large chain of stores, local bakery managers stated.

Canadian Woollen's Masquerade

Over 250 people gathered at the G.W.V.A. Hall last evening for the second masquerade dance given under the auspices of the Canadian Woollens Athletic Association. Last night's entertainment surpassed in popularity the masquerade given by the association in Novemebr last, the costumes being many and varied, although a large number attending were not in costume.

The executive of the Athletic Association formed the committee in charge of arrangements, and looked after every detail with careful attention, especial credit being due to the vice-president, Mr. H. T. Hanson. The hall was beautifully decorated with festoons and paper streamers in gay colorings, and excellent music for dancing was provided by Hartshorn's orchestra, led by Mr. Herbert Hartshorn. A "moonlight" waltz was a specialty introduced during the evening, and some Scotch dances, with two or three quadrilles, were much enjoyed by the Scotch people attending.

Prizes for the best costumes were given as follows: Best dressed lady, Miss Lillian Melton, as "Brittania" (silver marmalade jar). Best lady's comic costume—Miss Gladys Watson, as a jockey, "Man o' War" (jewel case). Best dressed gentleman—Tie between David Melton, as a Chinese mandarin, and A. R. Hillman, as a cave man, won on the cut by David Melton (pair of gold cuff-links). Best gentleman's comic costume — Charlie Fenner, as "Charlie Chaplin" (cuff links).

RIVIERA LIFE IS GAY AND HECTIC.

Diplomatic Staffs Are in Merry Whirl.

Cannes, France, Jan. 6.—On the eve of the meeting of the supreme council, delegates, secretaries and attaches are plunging into the gay life of a Riviera winter with a fervor which promised that this will be the most brilliant of international diplomatic assemblies since the war.

Most of the delegates have brought their wives, and the dance floor of the luxurious Cannes Casino is thronged with fox-trotters day and night; while an American jazz band blares out the latest melodies.

Cocktails, at 10 francs each, add to the gaiety of the assembly and the purses of the restaurant proprietors. During the promenade hour, at noon, the sea front is brilliant with white-clad strollers.

Lloyd George, picturesque figure in a sleeveless cloak, has set the fashion, which many of the delegates are following. Winston Churchill is the night owl of the delegates. The British statesman visited the gambling rooms of the Casino at 2 o'clock this morning.

At baccarat the play is high with James Hutchinson, of New York, filling the role of "King of Plungers." He stakes from five to fourteen thousand francs on the turn of a card, and occasionally wins the maximum bank of twenty thousand francs.

The sensation of Cannes has been the placarding of the walls of the Riviera town with hand-bills, signed by a former employe of the Casino at Monte Carlo, charging that roulette there is dishonest. The placards declare the Casino cleans up $60,000,000 annually.

Serious work for the delegates will commence next week.

HUGE ANIMALS STOOD 30 FEET IN HEIGHT

At One Time Roamed Around the British Isles.

LONDON, Jan. 7. — (Canadian Press)—Huge animals with enormous pedal extremities and standing from twenty to thirty feet in height once roamed around England, but that was hundreds and thousands of years ago. Geologists have catalogued a specimen print of one of the feet of this creature, which they call andiguanodon and the claim that the iguanodon was the forrunner of the kangaroo species. The foot prnnt was found in an ancient lagoon in the Hastings district.

The discovery of the prehistoric iguanodon was made last spring but only recently natural casts of one of its footprints were taken. These were exhibited at a gathering of the members of the Geologists' Association at the University College, London, and passed upon by that learned body. One of the casts covered an area of nearly four square feet. It was explained by the Geologists that the footprints had been formed by a freshlet washing sand into it just after it had been made.

The sand, in the course of the centuries, had become cemented together and pressed down by the weight of later strata formed over the side of the lagoon so that it turned into hard sandstone, modelled to the shape of the iguandono's footprint. There are larger marks in the immediate vicinity, and these, the geologists think, were formed by the monster as he rested, while the smaller casts were formed by the tips of his toes making the light depressions as he was in rapid motion.

YOUNG'S POINT

YOUNG'S POINT, Jan. 7.—Miss Kilburn of Lakefield, was in the village on Wednesday evening.

Mr. M. Young of Peterboro, visited friends in the village on Wednesday.

Miss K. McCaulay of Peterboro, is at present the guest of her sister Mrs. Fred Young.

Miss Ruby McNaughton and Mr. Stewart McNaughton spent Wednesday in Peterboro.

Mr. J. Young of Milwaukee, U.S., visited with friends in the village on Wednesday.

The many friends of Mr. Rex Wilson will be pleased to learn that he is on the road to recovery after a severe case of pneumonia.

The Holy Name Society of St. Mary's Church held their annual "At Home" on Wednesday evening. In spite of the unfavorable weather conditons, a large crowd turned out and a most pleasant evening was spent in progressive euchre and dancing.

The ladies prize for vards was won by Miss Minnie Ayotte while Mr. Russell Brooks secured the gentleman's prize.

ONE-FIFTH BRITISH SEAMEN WORKLESS

Many Steamers Lie Idle in Port.

LONDON, Jan. 7.—(Associated Press)—The shipping slump is not only responsible for the laying-up of many steamers, but has created a class of crews which never come ashore if it an be avoided. There are so few ships now going into commission that a crew once aboard elects to stay there on the return to the home port rother than risk not being enaged again.

It is asserted by officials of the Mercantile Service that one-fifth of the British seamen are unemployed including 2,000 captains, ship officers. Many of the latter have endeavored to take subordinate positions on vessels rather than not be employed at all.

Many ships are said to be running at a loss in the hope of keeping the carrying of trade between certain ports, in English hands.

WAGE REDUCTIONS.

SAN FRANCISCO, Jan. 7, Canadian Press. A reduction of wages of from 15 to 25 per cent., affecting all the marine employees on privately owned ships of the Pacific coast, will be made soon, says the Ship Owners' Association to-day.

RUSS. CRAZE FOR FRENCH PERFUMES

Moscow Women Purchase At Any Price.

MOSCOW, January 5. Associated Press. — Perfumes at any price is the demand of the women folk of Russia's speculators. French perfumes that sold here a few weeks ago when the stores first opened, at 600,000 to 700,000 rubles ($6 to $7) for a tiny flask, are now quoted retail at twice that figure, and the price is soaring as the speculators in stolen sugar, in boots and shoes, make more money.

There is a perfume market just as there is a leather market, and there is a set of speculators who prey on the speculators who get rich in other lines. They have put out agents who are racing to the cheaper markets for perfumes, such as Baku, Batum and Odessa on the Black Sea.

TRAIN LATE CERTIFICATES.

PARIS, Jan. 7. — (Associated Press).—The excuse "my train was late" for arriving at the office long after the usual hour that can be substantiated in Paris. Every morning when a train brings suburban commuters late into the Gare St. Lazare, an official stands at the end of the platform giving to all who ask for them slips of paper stating how many hours or minutes the train was late.

These can be shown by the holders to doubting bosses.

UNDER POLICE PROTECTION

CHICAGO, January 7. Canadian Press. — Miss Mary Garden of the Grand Opera Company, is under police protection following the receipt of a box containing pistols and cartridges and a letter threatening her life.

LED THE FIELD.

SAN FRANCISCO, Jan. 7. — (Canadian Press.)— Bert Wild, a professional of the Burlingame Country Club, led the field with a score of 78 in the first round of play in the North California Open Golf Championships at the San Francisco Golf and Country Club.

TEN ROUND DRAW.

PORTLAND, Ore., January 7. — Canadian Press. — Harry Wills and Bill Tate, fought ten round draw here last night.

THE MARKETS

NEW YORK, Jan. 7.—(Canadian Press).—Stocks were active and firm on the week-end covering of short contracts at the opening of to-day's market. Motors, Steels, Shippings, and Chain Store issues were the principal features. Rails and Oils also strengthened.

Special shares, in which short interest is believed to be active, were firm to strong at the opening of to-day's Stock Market. Former favorites of the Industrial division showed little change. Coca Cola, Chandler Motor and Woolworth were prominent at gains of 1 to 2¼ points and Foreign and Domestic Oils strengthened in the absence of further pressure. Sumatra, Tobacco, Famous Players and International Paper gained large fractions. One weak feature was Chicago and North-Western, which declined 1 5-8 points.

MONTREAL STOCK EXCHANGE.

MONTREAL, January 7 (Canadian Press). — The local stock exchange was fairly active during the first half-hour this morning, and many of the leaders were traded in. Although nothing of startling character occurred in the price quotations. Trade, however, on the whole was inclined to be on the weak side, and more than one decline was registered.

Steel of Canada showed a half-point drop to 57 1-2 and British Empire Steel, which closed at 9, received bids at 8 1-2. Dominion Bridge was quiet at 58. Riordon sold at 41-2, its closing level. National Breweries was unchanged at 55 1-2.

Other leaders were slightly traded in, but remained unchanged at their yesterday's closing quotations.

COAL AND IRON TRUST FORMED

Organized to Controll Properties in Ukrania.

MOSCOW, Jan. 7.—(Associated Press):—Three of the largest coal and iron properties in the Donetz Basin have been organized into a trust by a Russian company, which has received a concession from the Government and been promised a loan of 25,000,000 gold rubles, or their equivalent. This company is called the South Russian Steel Company.

These companies were formerly operated by English, Belgian and French companies and formed the heart of the Ukrainian industry.

SPANISH TROOPS COURTING BATTLE

Danger of Armed Struggle in Melilla.

MELILLA, Morocco, Jan. 7.—(Associated Press).—The Spanish troops in the region of Melilla are now engaged in operations in the territory belonging to the Beni-Sidel tribe, whose territory measures 334 square kilometers, over which are dispersed a total of 11,000 inhabitants.

There are many strategic positions in this territory, among them Ishafen, Talusit, Imarufen, Texdra, Kabdur and Ras Medua, each one of which is liable to bring about a clash of arms.

Among the chieftains enjoying the greatest prestige as fighting men is Abd-el-Kader Bek-a-Lal, regarded as an astute, intelligent leader. He took a leading part in the training of the Moroccan forces at Nadon. Another leader is Tahar Hammir Bel Hadi, who has a great reputation for daring and bravery, while a third is Amar Al-Lal, who possesses an equal record.

WILLIAM VOIGT DIES AGAIN

HE WAS A FUNNY "CAPTAIN"

Luxembourg, Jan. 6.—Announcement was made here of the death of William Voigt, the picturesque shoemaker of Tilsit, who became notorious several years ago under the name of Capt. Coepenick by his impersonation of an officer of the German army. He was 71 years old.

This is the third report that has reached this country since 1912 of the death of William Voight, the quaint character who supplied amusement to the whole world by an escapade in 1906 at Coepenick, a suburb of Berlin.

In October of that year a man in the uniform of a captain of grenadiers recruited a detachment of 12 men in the streets of Berlin through a forged military order. At the head of the men the "captain," who was later identified as Voigt, went to the suburban town, arrested the burgomaster and the treasurer and took possession of funds amounting to about $1,000.

His trick was discovered, and in December of the same year he was sentenced to four years imprisonment. In August, 1908, he was pardoned by the then Emperor William, and in March, 1920, he came to the United States, where he visited Chicago and New York. He was deported by the American Government the following April.

The Berlin newspapers in 1912 published a report of Voigt's death in London. It was discovered later however, that he had spread the report himself as a hoax. The second report of his death reached this country in March, 1918, but this report also, judging from to-day's dispatch from Luxembourg, appears to have been exaggerated.

An incident illustrating his unusual character occurred in connection with his imprisonment in Berlin. After he was sentenced a certain Frau Wertheim, of Berlin, offered to pay him an annuity. This was accepted by Voigt, but several years after he was pardoned he brought suit against her for alleged non-payment of the promised pension.

Peterboro Branch Women's Canadian Club Will Hold Interesting Series of Lectures

CANON SEAGER WILL OPEN THE WINTER SEASON WITH AN ADDRESS ON MONDAY AFTERNOON NEXT—OTHERS WILL FOLLOW

The local branch of the Women's Canadian Club, which offered an excellent program of lectures last season have arranged a series for this winter which promises to be exceptionally interesting.

The first meeting for this year will be held at the Public Library at 4.15 on Monday next, January 9th, when Canon Seager, the new provost of Trinity College, Toronto will speak on "The Challenge of Our Country To-day." Canon Seager, whose appointment at Trinity is a recent one, is regarded as a lecturer of prominence. He will address the Rotary Club at a luncheon on Monday next, and the Churchmen's Association on Tuesday evening.

In February, the Club will be addressed by Professor Morris, of Queen's University, Kingston, and further meetings include lectures by Miss Charlotte Whitton, M.A. prominently indentified with social service work in the city of Toronto; by President Robert Falconer of the University of Toronto; Mrs. McMurray, a social worker from the South African field; and it is anticipated that addresses will be given later by Dr. A. E. Marty, High School Inspector in Toronto, and one of the foremost women educationalists in Canada, by Archdeacon Cody of Toronto, and possibly Professor Corelli of Toronto Museum, whose hobby is art and home furnishings.

No special invitation is necessary for attendance at these meetings. Any woman who is a British subject is welcome, and it is hoped that an increasing number of ladies will join this season, and help to encourage the spirit of the Club. The membership fee, formerly $2.00, has been reduced to $1.00 for this year, a very small amount when one considers the excellence of the lectures provided.

United Farm Young People Ontario Turn Their Attention Many Topics

The United Farm Young People of Ontario, who hold monthly meetings at their rooms over the Farmer's Grocery on Simcoe street, are ambitious-minded young people. Their programs for these meetings, although interspersed with games and fun, are mostly taken up with the consideration of subjects which might well be imitated by urban dwellers. f these young people give attention to the subjects they take up for consideration at their meetings, they will doubtless in a very short time be well-informed citizens. A specimen of a recent programme contained the following with regard to the municipal voters' lists; Who are entitled to have their names placed on this voters' list? How and why does this list differ from the provincial list? Have women the municipal franchise and under what conditions? With regard to municipal taxation: What are the chief items in the expenditues in your municipality? Is your municipality in debt? How much? Why? And, "How can we farmers near the city sell milk to greater advantage and profit?

The young people are planning a concert, to be held on or before January 25th, with the following committee in charge of the program: the Misses Alberta Fowler and. Milderd Archer, and Messrs, Stanley Cann and George Whitfield, and are also considering the advisability of hiring a rink and holding a skating party early in February. A County Winter Course in Agriculture is being held in the U.F.O. Rooms here, beginning the last week in January.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

On Canada

Writing during war-time on the situation, pupils in various Canadian schools expressed themselves in various ways. Several gems are appended. number One; And now, Mr. Examiner, for one grand final—I hope you're not tired. It's this of course—we school children have got to be in it so we are all going on the farms, etc. Number Two; Canada helped by sending men both married and single to the front. (Evidently it is easier to dodge a shell than a frying-pan.) Number Three; Canada sent eight million dollars, including the Princess Pats. Number Four; Canada sent menthousands, money-millions, food-products, shoes and shells.

Here are wo paragraphs worthy of a Macaulay.

"Kitchener of Khartoum is not dead. 'Tho his body rides in the green aisles of ocean—lulled to rest by the rolling symphony of the deep the dauntless spirit of this man wonderful man lives—breathes beneath every tunic of khaki—a lasting memorial that shall outlive all creations of bronze or marble erected to his memory.

And; (evidently a case of words to the head)

"Canada has lighted a torch that cannot die, but shall shed its radiance down the years where the shadowy forms of unborn generations shall keep bright its flame of valour and sacrifice. And over the starlit sea comes the solemn challenge from yonder, borne by the disconsolate waves with persistent iteration as they dash in fury against the rock-bound shores of Acadia,

"If ye break faith with us who die
We shall not sleep—tho' poppies blow
In Flanders Fields."

FEDERATED RELIEF BUREAU MEETING

Next week some time there will be a meeting of the Federated Relief Bureau, which recently opened an office and installed a secretary at the Chamber of Commerce rooms, for the triple purpose of tabulating information regarding all cases of need in the city; co-ordinating the activities of all agencies engaged in the distribution of relief to make this assistance as adequate and equitabel as possible; and to endeavor through these agencies to supply the necessities of life to an extent not otherwise done.

A constitution has been prepared by a committee named for that purpose, and will be presented at the next meeting.

The little bureau of information has already done good work in supplying a centralized depot for charitable workers, whose work is not consequently of the "hit and misss' variety, but is made more efficient and far-reaching by recourse to the records kept here. It is hoped that all charitable organizations operating in the city and vicinity will get in touch with, and take advantage of, the facilities afforded by this bureau.

Lists submitted by members of the Federated Relief Bureau at the next meeting will be compared with records kept by the City Relief Officer, the Mothers' Allowance Commission, and the Department of Civil Service Re-Establishment for Soldiers.

What the Long Skirt Symbolizes

How are the young ladies of the near future going to reconcile longer skirts and bobbed heads? There is something peculiarly incongruous about the picture of a woman with a long skirt and a short-haired head. The long skirt symbolizes a greater degree of dignity that is consistent with the attitude, mental and otherwise, of the maiden with a curtailed head-dressing, although the latter gains by her aspect of buoyant youthfulness.

At a recent banquet of the American Ladies' Hair Dressing Association held in New York, these and other weighty matters in connection with hair styles were discussed, at length. One member stated authoritatively that long hair was decidedly in favor, and that more and more women, many older ones among them, were coming to have their hair to the fashionable length, while still another affirmed that the style was going out, and that if American women eventually adopt the longer skirt, they will have to conform to it with more dignified style of hairdressing. This lady said:

"If women should continue to bob the hair, we should before long have a race of short-haired women. The hair does what is demanded of it. Men's hair does not grow long because they have been cutting it for so many years. It takes out the vitality. That is one of the reasons that men become bald. I have never seen a bald-headed woman as you frequently see the men. But if they they keep on cutting the hair, you will begin to see that as well." This is hardly a consummation that is to be desired, but the lengths to which some women will go in their desire to be fashionable at the expense of nature is proven by the fad in some of the larger cities of having the bobbed head electrically treated so as to prevent it from growing for a year, the wearer enjoying the immunity for this period from the necessity of having it cut. What the process does to the unfortunate hair cells that are shocked into stagnation for a whole twelvemonth by its severity is a matter of conjecture.

Talking about false hair and the the places from which it comes, one of the sepakers said;

"Much of the false hair used to come from Russia, and it now comes from Germany, France and Italy. We get a beautiful blonde hair from Sweden, and very good dark hair from Brittany. Do we get any hair from America? No. You are too civilized to sell your hair. You sell everything else and then you are not obliged to sell your hair—What do we do with false hair when so many women have their hair bobbed? Well, we are banking on their wanting their hair back again and we will sell it to them.'

FOR THE RELIEF OF AUTO INTOXICATION

For the relief of auto intoxication or food poisoning, one of the very latest evils to which poor human flesh has fallen heir, a woman's magazine published some time ago a schedule which might be of interest at the present time. A dietary regime is outlined as follows: For breakfast; Stewed fruit (prunes or figs) or an orange; one cereal and cream; one pice of toast; buttermilk. (Eat the fruit at the end of the meal instead of at the beginning.) For luncheon: Either a baked potato or a green salad, or macaroni and cheese, or spinach, or almost any other fresh vegetable; bread and butter; buttermilk; stewed or raw fruit. For dinner: Soup, one kind of meat or fish and potato; green fresh vegetables or salad; or both, (almost any green vegetable contains mineral salts and is beneficial); bread and butter; stewed fruit; (oranges,figs, prunes, are desirable fruits, and dates especially good); or ice cream. And at bedtime, two or three figs.

"Take no tea or coffee, lots of buttermilk and water, (two or three glasses of hot water on rising.)

Eat at the same time, the same amount, the same kind of food.

Walking is the best exercise, and bowling.

Do not worry, and never overdraw your sleep account.

Never think about anything important after six o'clock, and never make a decision at night."

MOTHER! OPEN CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

Your little one will love the 'fruity" taste of "California Fig Syrup' even if consipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well playful child again.

Millions of mothers keep "California Fig Syrup' handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California' or you may get an imitation fig syrup.

KEEPS CAKE MOIST.

It is said that cakes made with honey will keep soft for months. It is used in same quantities as the sugar the recipe calls for. As honey is slightly acid it is preferable to use baking soda instead of baking powder. Also use one-fourth less liquid in the cake than recipe requires, because a cup of honey contains one-fourth cup of water besides the equivalent of a cup of sugar.

Fashion Notes

The blonde is wearing gray this season.

Such shades as wistaria and a pale yellow are combined with good effect.

The bateau neckline persists, but formal evening gowns have the diagonal decollete.

Double starnds of pearls, or two separate strings, one longer than the other, are popular for wear with an afternoon gown.

Many velvet brocaded chiffon dresses are noted in restaurants at the dinner hour.

One of the most popular and practical styles of the season for little girls of four to seven or eight years is the wool jersey bloomer frock.

The hip length blouse is the one most prominently featured for early spring wear, and many smart little waistcoat styles are being shown as accompaniments for spring suits.

Jury Women

"There is no place for woman on the jury," is the opinion of Mrs. Helen M. Hubbard, wife of a San Franciso attorney, who served on the jury for the Roscoe Arbuckle trial, and was the woman who held out with a firm conviction until the end for a verdict against the fat player. "I'd rather die than go through it again. The general attitude and language of the men is offensive to a woman. I would vote my own husband guilty if believed him to be that in my heart, and nothing could shake me."

The first women jurors on the continent of America were tried out in the state of Washington somewhere around 1880, and after several attempts, the idea was abandoned altogether, the jurists declaring that women, contrary to what might have been expected, were absolutely merciless. This was particularly evident with regard to one of their own sex who had offened in any way, and then it came to a question of offences in either sex against the liquor or gambling laws, they were adamant.

Of course, it is a matter of opinion as to whether harsher verdicts might not have very salutory effect on the community as a whole. Women have always had to bear the brunt of the evils following intoxication, gambling and immortality, and have, therefore, a much better idea of the punishment which should fit the crime. It is quite possible that, with women jurors, the criminally careless in accidents caused by the speed mania would also receive more strict attention, and the final consequences, as most people believe, would be a lessening of the number of casualties caused by unthinking and speed-mad demons. Women probably have the sort of unbiased mind which would agree with the genial "Milkado" in his desire to "Make the punishment fit the crime, the punishment fit the crime."

Sports

SPORT GOSSIP

Ed. Walsh has been made an umpire in the American League. He was one of the greatest, if not the greatest, pitchers of an era when the American League had the greatest pitchers in the business—the era of Addie Joss, Walter Johnson, Walsh, Doc White, George Mullin, Wild Bill Donovan, and other super-pitchers, against which the National could oppose Mordecai Brown, and Christy Mathewson, and perhaps Nap Rucker, writes Hugh Fullerton.

The American League had all the edge in those days, and Walsh was almost superhuman in his handling of the spitball. He was known as an umpire-nagger. As a matter of fact, in the many years that I watched the Big Moose work, I never heard him make a real kick. He had a more effective manner. He used to look at an umpire sadly, almost pityingly, but with an expression that carried conviction that he was being wronged.

Walsh really deserves something from baseball. He came into the League a big, rough, uneducated boy, perhaps as "rough neck" an exhibit as the fiction writers love to portray ball players. I watched him develop. He educated himself. He was as clean living, clean speaking, clean acting a boy as ever lived. He developed himself, became a clean, easy-going, well-mannered, smooth boy. Always he was square and straight, and his life really was a model. Perhaps it was due to his family, for he married and brought up a family as well-mannered, as religious, and as decent as any in theworld.

Remembering the uncouth kid who came into the major leagues and the finished gentleman that Ed. Walsh was at the end of his career, and seeing his kids, one of whom will be in Yale next fall—one is of the opinion that a fellow of that sort is worth while, and that baseball can be used to develop higher and finer men.

At any rate, Ed. is going to umpire next season, and take it from me, if the ball is within two feet of the corner of the plate, I'll be ready to swear that it at least cut the corners.

LOCAL Y'S DEFEAT TORONTO CENTRAL

SCORE 24-20 IN A PRETTY EXHIBITION OF BASKETBALL

Peterborough "Y" put up a pretty exhibition of basketball last night, when they defeated Toronto Central 24-20 in a snappy game that would have been witnessed by a bigger crowd of fans had there not been so many counter-attractions in sport and otherwise.

This was an exhibition game, and the first of the season for the Petes, while the Central Y have had plenty of games in the Y Basketball League. All going well, Peterborough will play the return game in Toronto next Saturday night.

At half-time the score was 14-10, and at full time 24-20.

Peterborough's wonderful checking achievements simply amazed Toronto, and give the local boys a healthy confidence in themselves.

For the Petes Ben McLean starred, especially was his shots on fouls effective, scoring six out of seven tries.

Honours for scoring went to McLean with 18 points. Wake at centre was Toronto's most useful man.

Doug. Loomis umpired.

The line-ups were:

Peterborough.		Toronto.
Gage	r. f.	McKenzie
McLean	l. f.	Johnston
J. Hardill	c.	Wake
Hopkins	r. g.	Woodbridge
Ecobichon	l. g.	Wood
Bergoine	spare	Hills, Scott

In a preliminary game, the Collegiate defeated the Normal School, 29 to 23.

DYE OF ST. PATS TIES FOR FIRST

MONTREAL, January 7 (Canadian Press). — Scoring two goals in the game htween Ottawa and St. Pats at Toronto last Wednesday, Cecil Dye, of the St. Pats, created a tie for first place in the list of leading scorers in the National Hockey League.

He is now equal with his teammate, Corbett Denenny, with eight goals a-piece. Cy Denenny, of Ottawa, comes next with six, and Broadbent, of Ottawa, is fourth, with five goals, tied with Cleghorn, Canadiens; Gerard, of Ottawa; Lalonde, Canadiens; Mummery, Hamilton; and Roach, of Hamilton.

AT THE THEATRES

AT THE CAPITOL.

Monday — The Capitol Presents the Big and Beautiful Production Made in Venice, Italy, "Carnival" a Wonderfully Beautiful Picture.

The cast of "Carnival," the impressive international screen spectacle, produced in its original locales by Harley Knoles, and released by United Artists, is "all star" in every sense of the word. This wonderful picture will be the feature at the Capitol Theatre beginning Monday.

First, there is Matheson Lang, who plays the principal role, that of Silvio Steno, prominent Italian tragedian, around whose picturesque character the dramatic story of "Carnival" is built.

Mr. Lang starred in the original presentation of "Carnival" on the legitimate stage. He headed, recently, his own production, "The Wandering Jew," at the New Theatre, London, England, which was one of the biggest successes of a decade. He is regarded as one of the greatest Shakespearean actors of the day, his interpretations of the classic roles of "Hamlet," "Shylock" and "Lear," having placed him among British actors in the class with Sir Henry Irving and Beerbohm Tree.

Hilda Bailey who plays opposite him in the role of "Simonetta," the vivacious but neglected little wife, also created the part in the original stage presentation. She, too, is one of the big favorites in London in the legitimate drama.

The versatile Ivor Novello, as "Count Andrea Scipione," is famous among other things for having written the great ballad made popular in the late war, "Keep the Home Fires Burning." He is said to have the most classic profile in England, and is as famous as a musician and singer, as he is as an actor.

Clifford Gray as "Lelio," the brother of poor little "Simonetta," gives a clever portrayal of the sycophantic brother, too lazy to work, but always well-dressed and living on his sister's popularity. Mr. Gray has appeared in many pictures in this country as well as in England and has been seen in many important parts in Broadway productions.

The Duchess D'Ansola as "Baroness Ottavia," Silvio's sister, is one of the first society women in England to appear on the screen.

She has more than one title and is a first cousin of Alphonso XIII, the present King of Spain. Not only is she a very beautiful woman, but she is also a splendid actress.

"Twinkles" Hunter, a clever child actress, widely popular on the British stage, plays the part of a boy, "Nino," the son of Silvio." In the picture she wears black bobbed hair, which is called for by the character she portrays, but underneath the wig she has a wealth of natural golden curls.

Bright, simple and unspoiled, her winsome, childish grace and remarkable artistic talents make "Twinkles" worthy of a featured place even in the most notable company, and her work in "Carnival" will add much to her laurels.

Balance of this big program will include the very best in serials, comedies and good vaudeville acts at usual Capitol prices.—FAN-FAN.

Manager Abbey announcts to-day a return engagement, by request, of Anderson and Goynes, the clever black-face comedians who put on such a successful vaudeville act here a fortnight ago. Their act was a fantastic representation of a ghost scene, with some excellent singing, and they have an entire change of programme for the first three days of next week.

AT THE REGENT.

MIX HAS FINE STORY IN HIS NEW PICTURE

Tom Mix has probably had more varied experiences on the range than any other man working before the camera. Many of these experiences he incorporates in stunts upon the screen. And a peculiar fact is that they appear to be inexhaustive.

In his latest Fox picture, however —"After Your Own Heart," which opens on Monday at the Regent Theatre—Mix does some things which not even he ever did while a ranchman. He uses autos and airplanes as part of the ranch equipment.

William Wallace Cook wrote the story, which is declared to be a real Mix thriller.

AT THE ROYAL.

To-night is your last opportunity to see the big double bill at the Royal Theatre. Let us suppose that the reader is visiting in New York City. There he or she would certainly hear people speaking of Alice Joyce in her clever presentation in the great screen play, "Her Lord and Master." Should the visitor decide to take in this play, he would find crowded houses and admission charge varying from 50c to $1.00. Having paid this price and seen the play, he would probably remark, "Why can't we get such pictures in Peterborough?" The truthful answer is that "we can and do!" To-night this wonderful film, "Her Lord and Master," can be seen at the Royal Theatre, but for sixteen cents admission. Times are hard; unfortunately many are out of work and prices for the various necessaries of life are high. To meet these conditions, the Royal has reduced prices to suit the times. To revert to the play, "Her Lord and Master," we can only advise our readers not to miss it. The play, though officially termed a drama, is really a high-grade comedy. The story grips one's attention whilst a substratum of subtle humor underlies every incident. A young Englishman marries the beautiful but spoiled daughter of an American, who, by sturdy work and great intelligence, has accumulated a vast fortune. On her arrival in England, when life brings her into daily contact with the strict conventionalities and hide-bound customs of her aristocratic "in-law," this spoiled child is weighed in the crucible and the assay proves her sterling worth. The play, at the same time, shows the weaknesses of society in America. The play throughout holds the onlooker's attention and impels him or her, like the reader of an entrancing novel, to feel constantly an impulse to turn over the page to see how each incident will end. Then Tom Mix, the greatest exponent of Western plays, in "The Night Horseman." This superb five-reel picture carries with it not only the scenes but the very atmosphere of the vast Western country. Throughout the whole picture, which tells the story of a reclaimed outlaw, one sees millions of wild geese and other wild fowl on their yearly migration to the South. Not a hint throughout the whole picture is conveyed of studio work. The plot is laid and the drama enacted in the vast stage of nature. The comedies, which include a two-reel screamer, with Larry Semon, would bring smiles to the head engraved on a cancelled postage stamp. There will be a complete change of pictures on Monday, with a feature picture of home life.

AT THE GRAND.

REX STOCK COMPANY.

On Monday next, the popular Rex and Company will present for the first time in Peterborough, at popular prices, the famous Sol Smith Russell's quaint comedy in 4 acts, "A Bachelor's Romance." This comedy is something entirely different from anything so far presented by Peterborough's favorites. The title role is particularly well suited for Rex, and we all know how he can handle a good comedy part, and promise you all two hours of laughter each night next week. The scenic end of the production is going to be especially attractive for this play, particularly the setting for the last act. New vaudeville specialties will be presented by the ever popular Seymore and Williams and the Park Kiddies.

B'FF! BING! BANG! AT GRAND TONIGHT

SHOW BROUGHT DOWN THE HOUSE LAST EVENING—GOOD MUSIC.

"Biff! Bing! Bang!" which was presented at the Grand last evening, was easily one of the best offerings of the local theatrical season, and its repetition to-night should ensure a crowded house. The fact that this show has appeared in Peterborough before gave Peterborough theatregoers a foretaste of what to expect. The show in all its departments lived up to its advance notices and of the large number who saw it last night it would be safe to say that many of them will want to see it again to-night. The cast carries most of the origianl stars, including Al Plunkett, Ross Hamilton, "Red" Newman and others. The performance is carried through with a snap and finish that delights the audience and there is not a dull moment throughout. A couple of good skits entitled "Behind the lines" and the "Duchess entertains," makes a breezy and interesting feature of the show. Men who have been overseas easily recognize some of their wartime associations and not a few of them will recall the crown and anchor game as it flourished behind the lines and in military camps abroad. "Kit Inspection" by Ted Charter brought down the house. It was a clever impersonation of a ministerial oration adapted to this particular piece of army routine. The songs were excellent and well handled. A combination of good catchy music, high class artists with a popular bill of fare enlivened by high class scenic effects contribute to this splendid performance.

H. N. S. JUNIORS WIN HANDILY FROM UXBRIDGE AGGREGATION

GREEN SHIRTS SUCCESSFUL IN THEIR FIRST O. H. A. START OF THE SEASON—SCORE WAS 8 TO 3 BUT GAME WAS TIGHTER THAN SCORE SHOWS.

The Holy Name Society Juniors opened their O. H. A. season successfully last night when they beat the Uxbridge youngsters 8 to 3 in an interesting game at Brock Street Rink. The score hardly represents the play for the visitors, who are making their debut in the Ontario Association this season, put up a surprisingly stubborn resistance, and for the first two periods, although they were outscored 4 to 2, had just about as much of the battle as had the ultimate winners. They tired in the last period, and the Greenshirts, hitting their stride for the first time in the game, swept through them for four goals in a row, and were much the better team in that session. The H. N. S. crew led by 3 to 0 at the end of the first session, and 4 to 2 at the close of the second.

Although they did not as a team play the hockey they are capable of for the greater part of last night's game, the Peterborough youngsters have the material, and Coach Jerry Coughlin may be depended upon to get the most out of it. The chief fault last night lay in the fact that Foley and Ranger paid too much attention to mixing it with their opponents, and much of their effectiveness was lost, with the result that teamwork was disorganised and the Greenshirts failed to get working properly until the third period. The laxity of Referee Jack Carmichael, who missed a great deal of the hooking, holding, cross-checking, and interference, was to a considerable extent responsible. Ranger and Foley are two very promising youngsters, but they will have to learn to devote their attention to the puck if they want to star in fast company; and Coach Coughlin has undoubtedly told them so very plainly by this time.

The Peterborough crew have a hard working defence and a forward line that is fast and clever. They should round into a snappy team, with two or three more good workouts, and should be at the top of their form when they clash with the cocky Lindsay Midgets. They have the stuff if they will listen to their instructions; and last night's game will do them a world of good.

The most effective man on the local line-up was Ernie Legon. The red-topped whippet was going at top speed all the way, and he stayed on the ice and played hockey while the others were drawing penalties, getting three pretty goals and doing a whole lot of effective back-checking. Jack Pethick gave a good account of himself every time he was used, and Brennan, the big youngster from Havelock, although handicapped first by a broken skate and then by a borrowed pair, did excellent work all through, and shone especially in the last period.

The Uxbridge team were a light crew, but they were veritable pests when it came to checking, and they never stopped trying. Their chief weakness lay in their habit of shooting from outside the defence, and their marksmanship wts wild and ineffective. Gould, the lanky defence youngster (who, by the way, is a cousin of Eddie of that ilk), would have been their best boy on the ice if he had carried a punch. He used a poke check effectively, skated nicely, and did some great stick-handling, but he invariably wound up his shooting from sixty feet out, and not one shot in ten was on the target. Perry, the right wing man, was the pick of the forward line, and he came through with two of his team's three counters on neat individual plays. Vesse, the goalie, was good all through the piece.

Referee Carmichael was too lax for junior hockey, although his work was impartial.

The ice was in good shape, and the pace was fast all the way. The line-up:

H. N. S.		Uxbridge.
	Goal.	
Levasseur		Vesse
	Defence.	
Brennan		Gould
Lemoire		Walters
	Centre.	
Foley		Johnston
	R. Wing.	
Legon		Perry
	L. Wing.	
Ranger		Stevens
	Substitutes.	
McPherson		Hickling
Pethick		Hart

The Pterborough crew looked to be much the snappier team in the preliminary workout, and the fans expected to see a run-away game. The Uxbridge kids had a different idea about it, however, and when the first period was under way a few minutes, it was seen that for a while at least there was going to be a battle. The Petes could not seem to get started, and their individual efforts failed to shake the close checking of Uxbridge. The latter, led by Gould, who made some brilliant rushes, were banging away, doing a lot of long range shooting that did not succeed in beating Levasseur.

For seventeen minutes the teams pugged away. Then Perry, the visitors' good right wing, was benched for tripping, and while he was off the H. N. S. team ran in two goals, Foley getting the first when he brought the rubber out from the corner and beat Vesse with a side shot. Ranger checked an Uxbridge defence rush, and had a clear run to the nets for the second counter.

Soon after, Legon profited by a similar bit of carelessness on the part of the visiting defence. The Uxbridge rearguard started a rush together, leaving Vesse unprotected, and when Legon intercepted the pass he had an open passage to the nets, flashing in and giving the visiting goalie no chance to save. That made it 3 to 0, and it stayed that way unti, the end of the period.

Early in the second session the homesters increased their lead when Foley and Lemoire broke away together, combining to the mouth of the net for a neat goal by the defence man.

With the score 4 to 0 against them, Uxbridge rallied, and for the balance of the period had the edge on the Greenshirts. They began to work a fair combination, and with Gould and Perry tearing off good individual efforts, threw the H. N. S. boys back on the defensive. Johnston, the little centre man, put them in the scoring column when he beat Levasseur on a long shot from outside the defence, and a little later Perry bulged the twine with a pretty side shot, making the score 4 to 2, and putting the visitors right back in the running. They kept pressing until the period ended, and with better shooting would have been on even terms.

The class of the Greenshirts, however, asserted itself in the last period. They paid more attention to playing hockey, and with the resultant improvement in team work looked like the good team they really are. Their speed and combination carried them around the Uxbridge defence, and early in the game they had put the game on ice.

A nice rush by Brennan started the scoring. The big defence youngster stormed down the left side of the rink, pulled the Uxbridge defence over to him, and slid the rubber out to Legon, who came up fast for the pass and raced in on top of Vesse, who was easily beaten.

That made it 5 to 2, and Legon increased the margin when he broke away from centre and stick-handled through the visitors' vanguard for a close-in shot that gave Vesse no chance.

The score mounted to 7 to 2 a moment later when Foley and Gould the Uxbridge defence man, both slapped at a rebound off Vesse's pads, and the rubber shot into the nets.

A pass from the corner to Ranger who easily scored, made it 8 to 2, and the visitors were a well-beaten team. However, they showed they had a kick left when Perry broke away, outskated the Greenshirt forwards, and flipped the rubber past the H. N. S. defence to beat Levasseur.

Final score—Peterborough 8, Uxbridge 3.

PETES IN LINDSAY MONDAY NIGHT

The P.A.A.A. Intermediates will play the crucial game in the series in Lindsay on Monday night when they tackle Coombs and Co., on their own cushion. It promises to be a battle royal. The Petes are in good shape as a result of the week's games and should with a even break make things decidedly interesting for the Scugog crew. The team will leave for Lindsay on the 5.30 G.T.R train on Monday.

Remorse—Come on back, summer. We didn't mean what we said about you.—Pittsburg Press.

SPORT GOSSIP

Peterborough hockey players and supporters were agreeably surprised when they visited the new rink at Lakefield last night. The rink is well lighted by three rows of lamps, the full length of the ice; the dressing-rooms are ample, and the ice last night could not have been improved upon. The ice surface is 60ft. 9in. by 160ft.

City Hockey League teams are rounding out nicely for the opening double bill next Wednesday night. Lakeviews play C.G.E. in the first game, and Hamilton's clash with the Bankers in the second contest. It's a great bill for Wednesday night.

The League will hold a meeting next Tuesday night to receive certificates and make final ararngements for the games. It will be the endeavour of the League Excutive to conduct the League in keeping with the high standard maintained throughout last season.

Two wins last night and another victory on Monday night at Lindsay will be pretty good work for the local hockey teams. The P.A.A.A. Junior O.H.A. team plays in Lakefield on Tuesday night, and the youngsters will make a big effort to keep in tune with the older and more experienced players.

SPECIAL TRAIN TO LINDSAY

Louis Yeotes is running a Special Train, leaving here at 7 o'clock on Monday Night for the Intermediate Hockey Game in Lindsay. Tickets, which are $1.50 Return, can be secured at the Shop. There will be a Limited Number, so Rooters will be well advised to secure them early.

CLERK FIGHTS OFF GUEST. BLOCKS HOTEL ROBBERY

YPSILANTI, Mich., Jan. 7.—Jack Limberts, night clerk at the Hawkins House here, was attacked by a guest who had registered as J. Benton, of Chicago. Limberts was hit on the head with a large rock while sleeping in the hotel office. He was stunned and weakened by the loss of blood, but kept the man from getting money from the cash register and fought him out to the street. Limberts succeeded in getting the man's overcoat and hat which were purchased in Detroit. The police have notified State Police in surrounding cities.

BANTAMWEIGHT CHAMPIONSHIP STAGED IN PARIS—NEW MEN BEAT OLD MEN IN FOOTBALL—WOMEN TO THE FRONT

(Associated Press.)

BANTAMWEIGHT ENCOUNTER

PARIS, Jan. 7. — (Associated Press).—One of the most important ring battles staged here in a decade is set for Jan. 9th, when Eugene Criqui, "the Knockout King," meets Charlie Lodoux in a 20-round encounter for the bantamweight championship of Europe, now held by Ledoux.

Should Charlie Ledoux be returned the winner he will journey to America where he has signed up to meet Joe Lynch, Joe Burman, Pete Herman and Johnny Buff. If Criqui wins the fight, Ledoux plans to retire immediately.

The purse is the largest ever offered for a pugilistic encounter in France, being 300,000 francs, which will be divided 70 per cent. to the winner, 30 to the loser. When Jack Johnson met Frank Moran here in 1914, the stakes amounted to 200,000 francs, which has not yet been paid as owing to legal entanglements.

FOOTBALL FEATURE.

OXFORD, England, Jan. 7.—(Associated Press).—The "new men" beat the "old men" by a score of six to nothing recently in the annual intercollegiate football game played by Americans in Oxford University. The University Parks field is rough and turf-covered very unlike a good gridiron. The boys appeared in track suits and sweaters, since no football togs were to be had in Oxford.

But the 250 rooters and the shouts of "got get 'em" and "hold 'em" and the familiar line plunges and forward passes made up for the lack of football atmosphere as regarded externals. As usual, the English spectators were astounded at the rooting. They were surprised at the referee's cheerful firmness when he remarked casually to some of the players who were grumbling a little, "You lose five yards if you keep on crabbing."

F. W. Layman, Wyoming and Wadham, fullback for the new men, was the star of the game. He made the touchdown in the second quarter, breaking loose around right end for a 40-yard run.

H. C. Frierson, Tennessee and Wadham, quarterback for the new men, showed good generalship, while W. L. Holleman, Oklahoma and Merton, made many gains through the line. L. M. Jiggitts, Mississippi and St. John's, and C. L. Mock, Ohio and Hertford, did brilliant running and tackling for the old men. They made several successful forward passes.

WOMEN IN ATHLETES.

PARIS, Jan. 7. — (Associated Press).—Five thousand women of France, between the age of 15 and 30, are taking part in athletics, in which men have figured mainly in the past. One hundred yards in 11 4-5 seconds, 1,000 meters in 3 m. 17 4-5 s. stand as a joint British and French feminine record. Miss Lises of England and Mademoiselle Bicard of France covering the respective distances in such time as would make many masculine athletes envious.

In 1909 the "Forward" feminine section of the French Sporting Federation was founded. Sixty-two members formed the original club. It now numbers 1,500. Mademoiselle Therese Brule of the latter club went over the 110 meters (10) hurdles in 17 1-5 s., just two and one-fifth seconds slower than the world's record held by Earl Thompson of Dartmouth.

RECORD LOWERED.

MIDDLESBOROUGH, England, Jan. 7.—(Associated Press).—The world's swimming record of 6 minutes 55 4-5 seconds for 500 meters, held by Norman Ross, U.S.A., was lowered here recently by J. G. Hatfield, the holder of several British championships, who covered the distance in 6 minutes 51 2-5 seconds. Hatfield was timed by officials of the Amateur Swimming Association, and the effort was made in public.

BRANCH RICKEY AGAINST BUYING BALL PENNANTS

One Man Who Refused a Fortune for Player—Would Not Sell Hornsby to Giants.

NEW YORK, Jan. 7.—So much money was thrown to the four winds at the winter baseball meetings that wise heads of the game are scenting the danger of commercialism.

New York fans will not have their interest in the game weakened because the Giants paid $150,000, but the enthusiasm of the Cincinnati bugs may cool if Herrmann and Moran don't get them something worth while for that pile of money.

Only two clubs in the National League are able to pay gigantic sums for star players—the Giants and the Cubs. If they succeeded in buying every good prospect in the minors and any star player they want in the majors by outbidding other clubs, the National League eventually will reach the situation now existing in the International League, where the fans are ready now to hand the 1922 pennant to Baltimore.

That's when the sting will come.

One of the bitterest opponents of player buying is Branch Rickey, manager of the St. Louis Cardinals, who turned down a $250,000 bid from the Giants last winter for Rogers Hornsby.

"At the time the offer was made, the St. Louis club was in tight financial straits," Rickey said during the recent meetings. "We had several places in which we could have used $250,000 and perhaps we could have gotten along without Hornsby. The fans began to mumble louder than they had been over a club that wasn't going any too good.

"We announced we wouldn't sell Hornsby and we didn't. The result was the fans gained confidence in the club and they began to come to the park. Apparently they had the idea that they would try to make our refusal profitable. And it has been.

"The New York club claims that by buying big stars they get a great team that draws big money into every park they visit. Every team in the league drew almost as well in St. Louis as the Giants.

"The result is that after a year we are satisfied that we kept Hornsby. We have a club that I sincerely believe has a most excellent chance for the pennant next season. But that is secondary to the fact that the fans are with the club, believe in it, and if we get a pennant for them, their faith will not have been misplaced."

Rickey is not alone in opposing the use of money alone in building a team. Barney Dreyfuss, of the Pirates; Charles Ebbets, of the Robins, and William Veeck, of the Cubs, have been loud in denunciating reckless expenditures of cash for players who are not worth it.

It's in the Race and Not the Prize Glory's True Distinction Lies!

Is it worth while to place victory ahead of sportsmanship?

In all probability "Pepper" Martin of Brooklyn, who is regarded as a contender for the featherweight title, no longer thinks so.

Sport enthusiasts proved to the satisfaction of Martin the other evening that boxing fans have no cheers for a victory gained in an unsportsmanlike manner.

There are some who will argue that victory is the big thing no matter how it is gained. That is all wrong. Often the vanquished boxer leaves the ring a much bigger fellow than the victor.

Martin met Johnny Dwyer in New York recently. Dwyer was knocked out in the second round. It was a decisive victory. It was 10 minutes before Dwyer could leave the ring.

When Martin jumped over the ropes after being declared the winner, there was no wild cheering to acclaim his feat. On the contrary, hissing and booing was the style of greeting that Martin was forced to listen to as he wended his way to the dressing room.

The knockout came in the second round. The two fighters had been exchanging low blows. Martin had been the worst offender. While it is certain that none of the fouls was intentional, Martin decided that an apology was necessary.

Martin, as is customary with boxers, extended his right hand to Dwyer in a spirit of conciliation. Dwyer took the proffered hand, and the two shook hands as an indication that neither bore any ill-feeling.

The action of Martin in extending his hand, and Dwyer in accepting it, pleased the crowd. It was an indication of good sportsmanship. The crowd voiced its approval with loud applause for both of the boxers.

Scarcely had the cheers died out when Martin put over the knockout. It is usually customary after fighters shake hands over matters of this sort for the men to step back, as they do when the referee causes them to break after a clinch. Barely had the hand clasp ended when Martin shot over a snappy left to the chin, and Dwyer, who had not had time to get his guard up, took the count.

It was sharp practice on the part of Martin. While there is nothing in the rules that definitely covers such an act, it is always in the province of the referee to use his own judgment.

The crowd didn't like the unsportsmanlike tactics and gave Martin, who was a big favorite with the crowd before the fight started, a reception that must have made him feel uncomfortable.

The action of Martin in taking advantage of Dwyer recalls to mind the bout between Kid McCoy and Herr Placke. McCoy was outweighed by 60 pounds. For two rounds McCoy did nothing but dodge punches.

McCoy then decided to use a little strategy. As Placke started to rush at McCoy, the "Kid" remarked: "Wait a minute, your shoe is untied." Placke stopped in his tracks, and gave a startled look at his footgear. As he did so, McCoy hit him a right-hand punch on the chin that knocked Placke out for 15 minutes.

OBITUARY

LENORE OWEN GOODFELLOW

Lenore Owen Goodfellow, second daughter of Mr. and Mrs. Fred Goodfellow, aged one year and three months, died last night at the family residence, corner of Gravel Road and Sherbrooke Street, after a short illness from bronchitis. The death of the child followed only a day's illness.

The funeral will take place on Monday at 2 p.m., from the family residence to Little Lake Cemetery—Rev. Robert Pogue officiating.

MRS. NOBLE STEWART.

There passed away in Millbrook last evening a highly estemed and respected resident in the person of Mrs. Noble Stewart, a former resident of Otonabee.

She is survived by her sorrowing husband, four daughters, Mrs. Skuce and Mrs. Hubbard, of California, Mrs. George Lacheur, of Peterborough, and Alice at home; also two sons, Harry, of Louisville, Kentucky, and Evans, of Fraserville. Two of her boys were killed in the late war.

The funeral will take place from the family residence, Millbrook, on Monday afternoon.

IN MEMORIAM.

SOWDEN.—In loving memory of Clifford Sowden, who died Jan. 7, 1920, aged 16 years and 6 months.
Two years have passed, our hearts still sore,
As time flies by we miss him more;
His loving smile, his welcome face,
No one can fill his vacant place.

Forget him, no, we never will,
We loved him then, we love him still;
His memory is as fresh to-day
As in the hour he passed away.

On that happy Easter morning,
All the graves their dead restore,
Father, Mother and Brothers
Will meet once more.

ALLIED OFFICERS HUNT BOAR IN GERMANY

COBLENZ, Jan. 7.—(Associated Press)—Hounds from England are to be used this winter by allied officers to hunt deer and boar in the wilds of the Rhineland in occupied Germany. Hunts are to be held twice weekly under auspices of the Coblenz HuntClub, organized recently with Major-General Henry T. Allen, commander of the American forces in Germany, as president.

Wild boar and deer are said by hunters to be particularly plentiful this season on preserves in the occupied territory.

THE IDEAL MAN AND THE CHURCH

How far should the Church of the future go towards aiming at building up a perfect man, physically, mentally, and spiritually?

The first of a series of meetings at the Murray Street Baptist Church's B. Y. B. U. to discuss the above topic will be held Monday evening ot 8 o'clock, aJnuary 9th. Dr. H. M. Yelland will give a lecture on "A Physical Ideal and How to Attain It." You are cordially invited to attend this meeting. The second meeting of the series will be announced later, when "A Mental Ideal," will be token by Mr. Jos. Wearing. Later, a lecture on a "Spiritual Ideal," will be given and then a meeting at which the question will be taken up in a free discussion of how far should the Churches of the future go towards trying to build up the perfect type of man.

DOCTOR ROSE AT TRINITY CHURCH

Rev. S. P. Rose, M.A., D.D., of Montreal, one of the outstanding men of Canadian Methodism, will preach at the golden jubilee anniversary services of Trinity Methodist Church tomorrow. DEAD FROM BURNS.

Chatham, January 7. Canadian Press. — Charles Shreve, a Raleigh township farmer is dead, as a result of burns received through the explosion of a can of coal oil in his home last night. The flames ignited the crib in which a three months old baby was sleeping. He saved the child's life but lost his own.

OTHERS REDUCE PRICE OF BREAD

DETROIT, Jan. 7.—Close on the heels of the announcement from New York that a chain of stores there had restored the 5-cent loaf of bread, comes the news of other reductions in the same city and in Boston.

Meanwhile, Detroit bakers maintain their position that the high grade of materials used for bread here and the high wages of bakers prevent a reduction in this city commensurate with those in the East. They hold that a pound loaf of bread for 5 cents would mean ruin.

Paul W. Voorhies, prosecuting attorney, and his staff were busy Wednesday compiling figures upon which to launch their investigation of Detroit bread prices.

Figures obtained show that, of the series of profits accruing from the growth of 100 bushels of wheat and its conversion into flour and then into bread, 64 per cent. goes to the bakers. Figures taken from the records of a milling company in the city show that the best quality of bread flour is selling here at a price 66 per cent. higher than that obtained for the same grade in 1914, while wheat of a quality suitable for good bread flour is from 35 to 50 per cent. higher, delivered in Detroit.

BANKRUPTCY FOR SOME GERMAN CITIES

BERLIN, Jan. 7.—(Associated Press)—A number of German cities have informed the central government they are threatened with bankruptcy because of the rapid depreciation of German money, and have asked advice and assistance.

The fall of the mark disrupted city budgets and, on the heels of changing money values, labor came with demand for more wages, prices of materials increased enormously, and utilities were operated at such heavy losses that the municipalities were plunged deep into debt. The majority of tax levies are insufficient to meet the running expenses of the towns, and the portion of taxes due the government cannot be paid.

The central government, also in urgent need of money, has answered by increasing its own budget, which augments the burdens on the cities which complain they are already too heavy to bear.

FORECAST OF TODAY'S SOCCER IN ENGLAND

LONDON, Jan. 7.—(By Canadian Press Cable.)—The soccer world is absorbed in the discussion of the respective merits of to-day's English Association Cup tie teams. The usual bustling games on the present frost-bound grounds are likely to add to the already heavy casualty lists which are handicapping many clubs, so that final selections of teams must in most cases be left until the day of the games. It is however noteworthy that little special training has been don.

Tottenham Hotspurs in view of their recent experience against Brentford in the second round of the London Cup when the latter forced a second meeting at which they only lost by 2 to 3 goals, is leaving nothing to chance. Waldon and Wilson are doubtful starters for the Spurs. A record crowd is gathering and Brentford entertain hopes of knocking out the cup holders.

Woolwich Arsenal after last Saturday's display are endeavoring to field the same side against Queen's Park Rangers who, with one exception, are at full strength. Chelsea report thirteen possibles and perhaps Hoddnott will replace Cook at centre-forward. Othere forwards and halfbacks are as yet doubtful, and the team is none too optimistic. Millwall's long list of non-starters leave sixteen possibles, while Fulham will travel without Ducat whose valuable cup tie experience will be a great loss to the team especially as Plymouth are strengthened by the return of Hill, their clever centre-forward. Clapton, who rely on their Christmas holiday eleven, will for the first time in fifteen years enter a cup-tie competition without the services of their veteran centre-forward, Parker. West Ham will play a reconstituted forward line, Kay returning to centre half. Crystal Palace are placing confidence in the last Saturday's combination, but are unlikely to win on Everton's recent form.

Derby is unlucky, having the two-centre-halves of the team suffering from influenza and their skipper ras broken down. Both the Nottingham sides are hopeful, being fully represented The Forest have already two league victories to their credit over their opponents, Bristol City, Simms although not yet thoroughly fit, will assist Luton against the weakened Portsmouth team.

RESUBMIT BY-LAW

ST CATHARINES, Jan. 7.—(Canadian Press).—Humberstone village the only municipality in which the by-law to purchase the Niagara, St Catarines and Toronto railway lacked endorsation of ratepayers on New Year's day in Niagara district, is to soon have the by-law resubmitted. The defeat by a majority of 18 is accounted for by the fact that no meetings were held in the village. Humberstone township is to vote on January 30th with Grantham, Grow-and and Niagara townships.

SOCIAL WORRIES

Often result in a nerve wracked body. The strain and anxiety connected with public and social life frequently leaves people in such a nervous and worn-out condition that they are an easy prey to disease. Your nervous system supplies the life energy to every tissue of your body, therefore your degree of health depends upon the amount of nerve energy that each tissue receives.

TAKE NO CHANCES

You dare not fool with disease. If you do it will more securely fasten its tentacles about you. CHIROPRACTIC will not only break the hold which disease has on you, but will remove THE CAUSE so that disease will be forced to make a hasty exit.

THE CHIROPRACTOR adjusts the misaligned vertebrae of the spine to relieve nerve pressure, and it is a proven fact that most diseases are caused by pressure upon nerves where they emit from the spine. Disease is but an EFFECT. Remove the CAUSE and the effect must disappear.

AFTER TAKING CHIROPRACTIC SPINAL ADJUSTMENTS YOUR NERVES BECOME STRONG AND VIGOROUS.

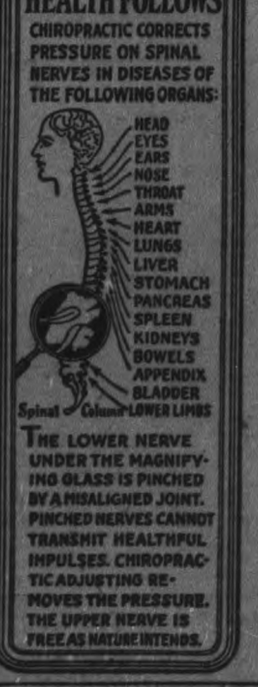
Is Your Throat Too Sore To Swallow?

Weekly Health Talk No. 12
By A. P. Rogers, D.C.

Uncle Ben Says:
It takes good healthy morals to be one who leaves footprints on the sands of time; some only leave thumb-prints.

This is the time of year when sore throat is prevalent. When the body cannot quickly adjust itself to changes of temperature and is a bit rundown, then cold settles in the weak places. In tonsilitis or sore throat there is a quick rise in temperature, backache and headache and more or less general aching. Swallowing is painful and difficult.



The chiropractor finds tenderness of spinal nerves beginning at the spine and leading to the tonsils. Chiropractic spinal adjustments at the point of tenderness, at stomach place and at "kidney place," in the spine, are given in the average case. The adjustments for nerves leading direct to the tonsils reduce the heat and the inflammation, and the adjustments at kidney place and stomach place help restore normal digestion and elimination to get rid of the suppurative poisons and wastes.

ENLARGED TONSILS CORRECTED

"My eldest boy had enlarged tonsils and could not breathe at night, except with his mouth open. He was badly run down and ordinary remedies did him no good. I started him taking chiropractic spinal adjustments and the boy now is all right, and has picked up weight."—Mrs. Cornelius Swarts, Chiropractic Research Bureau Statement No. 1296R.

PREPARED TO CHANGE OVER GOVERNMENT

"WORK AND NOT TALK" IS THE PRESENT ORDER OF THE DAY DECLARES MICHAEL COLLINS —DE VALERA RESIGNS.

DAIL MET TO-DAY

DUBLIN, January 9 (Canadian Press). — When the Dail was convened this morning, DeValera placed his resignation as President of the Irish Republic formally before the House.

Mrs. Thomas Clarke moved his re-election as President of the Republic, and William Mellows seconded the motion.

Michael Collins said no one wished to be placed in a position of opposing DeValera, but he pointed out that the Dail had ratified the treaty, and that it was faced with the problem of taking over the Government from the British.

Work, and not talk, was what was now required, he said.

Collins decided that if De Valera were re-elected the people would turn out the Dail as it would be the laughing stock of the world. Arthur Griffith said the question had been constitutionally settled and there was nothing to prevent the terms of the Treaty being carried out.

Mary MacSweney declared that they must carry on the Republican government and George Cavan Duffy demanded that De Valera declare what his policy wounld be if re-elected.

Williams Sears contended that the Treaty had been ratified and the world would so accept it.

John McIntee urged keeping of resources intact so they could fight "If England lets us down."

John McKeown and Michael Collins both jumped to their feet exclairling "We will."

De Valera declared he did not want office of president, and turning to Collins and Griffith said: "You have the majority with your 64 votes. Elect your own president."

The motion to re-elect De Valera president of the Irish Republic, was defeated in the Dail by 60 to 58.

OBITUARY

EARL STEERS.

Earl Steers, son of Mr. and Mrs. Albert Steers, 213 Wescott Street, died yesterday. Deceased leaves father, mother and one brother, William. Funeral will be held on Tuesday, at 2:30 to the Little Lake Cemetery.

WILLIAM A. DONNELLY.

Word has been received of the death of William A. Donnelly, formerly of Rochester, on Christmas Day, in Oakland, Cal. Mr. Donnelly was born in Peterborough, Ontario, Canada, fifty years ago, and at an early age came to this city and learned the printing trade. For more than twenty years he was superintendent of the Burnett Printing Co. and a member of the firm. As a printer and a designer of job printing he had few equals, and his services were sought by leading printing concerns throughout the country. Owing to poor health he was compelled to leave this section several years ago, and for the past five years resided in California, the last four years being spent in Oakland, where he was connected with the Oakland Tribune, commercial department.

He leaves his wife, Edith; one son, William L.; two daughters, Helen and Dorothy, of Oakland; his mother, Mrs. Mary Donnelly; and sister, Helen, of 55 Glasgow Street, this city. He was a member of Genesee Falls Lodge, M. and A. M.

The body was cremated in Oakland on 27th December.—Rochester Exchange.

DR. JEROME BARNARD.

Word has been received here of the death of Dr. Jerome Barnard, son of the late John Barnard, of South Monaghan, who passed away at the home of his daughter, Mabel, at Enterprise, Oregon U.S.A. on December 14th in his 80th year.

Deceased was born in South Monaghan and educated at Oakwood school, but took his medical degree in Ann Harbor University, Mich. For the last 25 years he had practised in Joseph, Oregon.

His immediate survivors are, two daughters, Mrs. Norman C. Longfellow of Washington, D.C. and Mabel of Enterprise, Oregon; also one sister, Mrs. George Nurse, of Toronto, and two brothers, Justin F. of Spencerville and T. C. Barnard 549 Bethune street, Peterborough. He was predeceased by his wife and son Howard 25 years ago. The late Dr. Barnard's maternal and paternal families are well known in South Monaghan.

BELIEVES JAMES MAHAR AT BOTTOM OF LAKE.

FORT WILLIAM, January 9 (Canadian Press). — "In my opinion he's at the bottom of the lake," tersely stated "Few Words" Plummer, a well-known trapper of Northern Minnesota and Ontario, who was with Jams Mahar on the first part of the motor boat trip which ended in his disappearance after leaving Cloud Bay.

The trapper states that Mahar had no more than a couple of meals with him.

FUNERAL TO-DAY.

TORONTO, Jan. 9.— (Canadian Press.)—High and low, rich and poor, all classes and creeds, gave expression to their sorrow at the funeral of John O'Neill to-day to Mount Hope cemetery. Premier Drurf and members of the Provincial cabinet and representatives of the City Council were in attendance at St. Paul's Roman Catholic church, where service was held.

COMMENTS ON IRISH TREATY

LONDON, Jan. 9.—(Canadian Press.) — Majority of London newspapers editorially express dissatisfaction over the vote in the Dail on the Irish Treaty. While recognizing trouble ahead they profess confidence that the trouble will be surmounted and that peace will eventually be gained.

NEW YORK SENTIMENT.

NEW YORK, Jan. 9.—(Canadian Press.) — Ratification of the Irish Treaty is welcomed by most of New York newspapers as finally ending differences between Britain and Ireland, but none of them expect to see a free State established without difficulty.

SUPPORT REPUBLICANS.

NEW YORK, Jan. 9.—(Canadian Press.) —Continued support of Republican party in Ireland regardless of the Dail's ratification of Treaty creating Irish Free State, was pledged by friends of Irish freedom in an official statement issued last night.

A UNITED IRELAND.

BELFAST, Jan. 9.— (Canadian Press.)—What a blessing it would be if there was union among the Irish people,' said Cardinal Logue yesterday. He added that ratification of the Treaty was a necessity for the country and that all the people were for it.

WILL TRANSFER POWERS.

LONDON, Jan. 9. — (Canadian Press.)— Transfer of administrative powers to the new Southern Ireland government, created under the Treaty ratified on Saturday, is to be arranged for immediately. It is understood that a committee of British ministers appointed under the chairman ship of Winston Churchill, will resume its work to-day. Churchill, who returned from Cannes yesterday, expressed keen satisfaction with the situation.

TO DISCUSS REPARATIONS

CANNES, Jan. 9. Canadian Press. —Representatives of Germany some time this week will come to Cannes to discuss with the Supreme Council the reparations proposed to be prepared by the Allied statesmen.

This was decided upon at the second day's session of the Council on Saturday and notification to this effect was despatched to the Berlin Government, stipulating, however, that the German experts go to Paris first and there hold themselves in readiness for the call.

As originally introduced by Premier Lloyd George of Great Britain, the proposal was worded so as to ask the German government to send its representatives direct to Cannes, but M. Briand vouchsafing the opinion that it was necessary to reach some kind of an agreement among themselves first, it was modified.

THE MONEY BARONS TO APPEAR IN COURT

MONTREAL, Que., Jan. 9—(Canadian Press).—Money Barons, a bank president, a senator and a host of lesser luminaries of Montreal's financial circles appeared in court to-day as witnesses in a case against Col. Cmeron, ex-manager of the bankrupt brokerage House of Thornton Davidson and Co., now charged with theft of half million dollars belonging to firm and with the falsication of its books to extent of another half million. Financiers were summoned to testify on the connection between the brokerage house and the Merchants Bank which lost millions by the bankruptcy.

"CHRISTIAN SCIENCE DENIES FUNDAMENTAL COMMON SENSE"

REV. W. H. YOUNG DEALS WITH WELL KNOWN RELIGIOUS MOVEMENT WHICH HE CLAIMS SHOWS SIGNS OF HAVING PASSED THE ZENITH OF ITS POWER.

ITS DUAL NATURE

George Street Methodist Church was filled last evening with a congregation which listened with intense interest to the first of a series of addresses given by the Rev. W. H. Young on "Modern Religious Movements." Mr. Young, with a convincing manner and a habit of driving home every point in his sermon, spoke last evening on "Christian Science," taking his text from the thirteenth verse of the second chapter of Jeremiah: "They have forsaken me, the fountain of living waters, and have hewed them out cisterns, broken cisterns, that can hold no water."

The speaker, in his introduction, dealt briefly with the spread of Christian Science, in the last fifty years, and gave a short biographical sketch of the life works of Mrs. Mary Baker Glover Patterson Eddy, its foundress —referring in this last to the association of Mrs. Eddy with Dr. Quimby, the mesmeric quack, whose ideas exerted such an influence on her neurasthenic and uncontrolled nature, and to whom she owed so much of the material used in her book, published after his death, and entitled "Science and Health, with a Key to the Scriptures."

Mrs. Eddy's Book.

This book, declared the speaker, through its 700 pages, displays the workings and hallucinations of an inconsistent, dogmatic, self-centred, egotistical mind. It is a series of assertions and repetitions, irreverent again and again, and in some cases blasphemous, as in the case of the paragraph which asserts that the raising of Jesus Christ from the dead was due to the practice of Christian Science. Its logical inconsistency, its contradictions, its lack of coherency, and its unintelligibity to the average man override its many genuine statements of truths.

Its Dual Nature.

Mr. Young then spoke of the two phases of Christian Science — its healing force, which, he declared, was in many cases, absolutely genuine, the character of the witnesses to many genuine cures placing their veracity beyond a shadow of doubt. The great many valid cures which it has produced are due to the undoubted influence of a mental attitude on diseases of purely functional origin, and the speaker asserted his belief in the power of mental suggestion as practised by th Scientists on ills of a functional variety, disclaiming, however, any belief in its efficacy for illneases due directly to organic trouble or wasting of vital tissues. As an instance, Mr. Young quoted from Wilbur's biography of Mrs. Eddy, which records the case of her third husband, Asa Gilbert Eddy, who died in 1883. On the occasion of his first serious illness, a physician was called, who diagnosed his malady as valvular heart trouble, and prescribed a mixture of digitalis and strychnine. This remdy, however, was rejected by the high priestess of the cult of Christian Science, who preferred to unite with her husband, himself a firm believer, in an absolutely futile effort to arrest the progress of his disease, which finally resulted in his death.

Its Relation to Life and Religion.

Speaking of Christian Science as a philosophy of life and religion, Mr. Young first referred to the fine spirit of optimism which characterises its adherents, a spirit which he considered to be built on shifting sands, in its three-fold denial of the fundamental realities of life.

Their primary denial is that there is no reality in the material things of life. As Marston, one of its prophets, says: "Arnica, opium, etc., could not produce the effects ascribed to them save by imputed virtue. Men think they will act thus on the physical system, and therefore they do. The property of alcohol is to intoxicate, but if the common thought had endowed it with a nourishing quality like milk, it would produce a similar effect," this quotation leading the speaker to affirm:

"In other words, if people had agreed that alcohol was nourishing, it would be nourishing, and we would be feeding it to our babies, and if men had only agreed that milk was intoxicating, it would be milk, and not whisky, which would be under

CITY COUNCIL HELD MEETING

DEPUTATION WILL ENDEAVOR TO PERSUADE EX-ALDERMAN J. J. TURNER TO ACCEPT A SEAT IN THE COUNCIL.

The 1922 Council, composed of Mayor McIntyre, Ald. Nagle Phelan, Ald. James Hamilton, Ald. Joseph Crowe, Ald. Robert Morrison, Ald. Harry Gainey of the 1921 group, with four new men: Ald. Malcolm McIntyre, Ald. E. M. Turner, Ald. Dr. W. T. Holloway and Ald. Walter Stocker, met this morning to draw up the standing committees for this year, but the selections did not proceed because of a feeling that finally prevailed that the appointment of a man to fill Ald. Turner's vacant chair should first be made and a committee was appointed to interview Ex-Ald. Turner to persuade him, if possible to return to the aldermanic office.

Aldermen Gainey, Phelan, Morrison and Hamilton were all at their old places to-day. Ald. Crowe had taken over Ald. Gordon's desk and the new men found seats, excepting Ald. Malcolm McIntyre, on the west row of desks in the Council chamber. Following the declarations of office, taken downstairs, City Clerk Armstrong opened the inaugural meeting of the Council by reading the names of the successful candidates for Mayor, Aldermen, Utilities Commission and Board of Education.

The Inaugural Address.

Mayor W. H. Taylor read the following inaugural address:

Gentlemen,— It gives me much pleasure to meet you this morning to begin our year's work for our city. I am pleased that several aldermen who were members of the Council last year are still with us, for they are familiar with the present stage of the business, and I would welcome heartily the new members of the Council. Half of our number were not here last year, but Ald. McIntyre has had previous experience and I know that the new members bring to their duties an earnest desire to serve the city and will quickly make themselves familiar with the business.

One important work, no doubt the most important, that will have to be dealt with at once is the construction of the sewage disposal works. This work has been before the Council for several years, and with the order of the Provincial Board of Health in existence and the adjoining townships pressing for it to be carried out, it does not appear to be possible to longer delay proceeding with it. This being the case, we should get forward with it as quickly as possible so as to provide work now when it is so greatly needed. I hope that this matter will be taken up by the committee at once.

We are all impressed with the necessity for making proper provision for those who are unfortunately without work. Some works have been undertaken by the Council and we must see if there is anything further that can be done in this way. If sufficient work cannot be provided other measures must be continued to prevent distress.

An extension of the transportation system that is much needed is the extension of the street railway into the East Ward or some other means of supplying that need. I know that the Railways committee, of which Alderman Gainey was chairman, had pressed the matter upon the attention of the Hydro-Electric Power Commission of Ontario and the ysuggested that trackless trolleys, which they purposed trying out in Windsor, might be used to run to the East Ward in connection with the street railway. This must be kept in mind and every effort made to have means of transportation supplied for that section of the city.

A Conference.

It might be well for the Council to have a conference with the Utilities Commission regarding the street lighting system. The lights are not turned off in the day time, and with such a conference the members of the Council would receive full infor-

CAREER WINS

CHICAGO, Jan. 6.— Miss Lydia Belle Gibson chose a career rather than marriage 12 years ago. To-day she is the proprietor of 15 Chicago hotels and worth more than $1,000,000.

Could she have gained the same fortune had she been married? She says no.

"Don't think I dislike men," says Miss Gibson, who is 48 years old, has white hair and is called "mother" by all who knew her. I don't. In fact I admire them very much, and probably would like to be married as much as any single woman. But matrimony, I have always thought, robs a woman of her individuality and submerges her ambitions.

"I am far happier in this world of mine, a world of service to the world, than I could ever hope to be as the wife of any man.

"Probably you who hear this will believe I have soured on love—that I have been jilted. That's not so. I have loved and been loved. But I abandoned it all for a career, because I thought I would be happier. I am supremely happy. I shall never marry.

Twelve years ago Miss Gibson was teaching school in Pittsburgh when she decided to enter business for herself. After buying a ticket to Chicago —a city she picked at random —she had $5 left. With that she procured an opportunity to buy at option the site of a tiny rooming house. She made good at that venture and then struck for higher goals.

To-day she is contemplating the erection of a $1,000,000 establishment.

Miss Gibson employs only married women at her hotels and makes them live on the premises with their husbands. "Because marriage is a great stabilizer," she asserts.

As to the sweetheart of her teaching days Miss Gibson says: "He was a nice boy. We talked the matter over coolly and calmly. But marry him? Oh, my, no. He was wed to a sweet little girl last summer. It made me quite happy, too."

The admission of women to the bar in the Province of Quebec is being bitterly opposed.

BULL-DOG DRUMMOND
BY "SAPPER"
(CYRIL McNEILE)

(Continued from last week.)

"Isn't he wonderful, Henry?" he murmured. "Thinks of everything; staff work marvellous. But you nearly had a bad lapse then, didn't you? It really would have been embarrassing for you if my corpse had deposited itself with a dull thud on the corns of the police."

"I'm interested in quite a number of things, Captain Drummond," said Lekington slowly, "but they all count as nothing beside one—getting even with you. And when I do . . ." He dropped the revolver into his coat pocket, and stood motionless, staring at the soldier.

"Ah! when!" mocked Drummond. "There have been so many 'whens,' Henry dear. Somehow I don't think you can be very clever. Don't go—I'm so enjoying my heart-to-heart talk. Besides, I wanted to tell you the story about the pig, the soap, and the bath. That's to say, if the question of ladies isn't too delicate."

Lekington paused as he got to the skylight.

"I have a variety of liquids for bathing people in," he remarked. "The best are those I use when the patient is alive."

The next instant he opened a door in the skylight which Hugh had failed to discover during the night, and, climbing down a ladder inside the room, disappeared from view.

"Hullo, old bean!" A cheerful shout from the ground made Hugh look down. There, ranged round Peterson, in an effective group, were Peter Darrell, Algy Longworth, and Jerry Seymour. "Birds-nesting?"

"Peter, old soul," cried Hugh joyfully, "I never thought the day would come when I should be pleased to see your face, but it has. For Heaven's sake get a move on with that blinking ladder. I'm getting cramp."

"Ted and his pal, Hugh, have toddled off in your car," said Peter, "so that only leaves us four and Toby."

For a moment Hugh stared at him blankly, while he did some rapid mental arithmetic. He even neglected to descend at once by the ladder which had at last been placed in position. "Ted and us four and Toby" made six—and six was the strength of the party as it had arrived. Adding the pal made seven; so who the deuce was the pal?

The matter was settled just as he reached the ground. Lekington, wild-eyed and almost incoherent, rushed from the house, and, drawing Peterson on one side, spoke rapidly in a whisper.

"It's all right," muttered Algy Longsby. "They're half-way to London by now, and going like hell it's snowing."

It was then that Hugh started to laugh. He laughed till the tears poured down his face, and Peterson's look of fury made him laugh still more.

"Oh you priceless pearl!" he sobbed. "Right under your bally noses. Stole away! Bokkus! There was another interlude for further hilarity. Wave it up, you two old dears, and take to flitting. Miss one and part those divers my boy, and feed in a nightcap can pick up the stitches you drop. Ha ha! Oh, my sainted aunt! Well, all is over. Doubtless we shall meet again quite soon. And, above all, Lord, don't do anything in Paris which you would be ashamed of my knowing."

With a friendly wave he turned on his heel and strolled on, followed by the other three. The illusion of the sitting duck was irresistible. The unerring powers of the whole assembled gang to fire a finger to stop them in front of the audience, which as yet showed no sign of departing, tempted him to death. In fact, the first thing Hugh saw, before a corner of the house hid them from sight, was the majesty of the law maintaining his indelible pencil in the time-honoured method, and advising on Peterson and his notebook as the result.

"One last interlude, my dear old warriors," announced Hugh, "and then we must get gay. Where's Toby?"

Having had breakfast with your girl, chuckled Algy. We thought we'd better leave someone on guard, and she seemed to love him best."

"Resolute hound!" cried Hugh. "Incidentally, boys, how did you manage to roll up this morning?"

"We had a little peep at your girl's place last night," said Peter, "and then this morning the shoot came and sang carols outside but one one and only Potts. When we heard your screaming din on the roof and blew along."

"Splendid!" remarked Hugh, rubbing his hands together. "Simply splendid! Though I wish would have been there to help with that damned gorilla."

"Talk with whom?" spluttered Jerry Seymour.

"Gorilla, old dear," returned Hugh, unmoved. "A dog like one Caesar had to kill."

"The man," murmured Algy, "is indubitably mad. I'm going to crank the car."

II

"Go away," said Toby, looking up as the door opened and Hugh strolled in. "Your presence is unnecessary and uncalled for, and we're not pleased. Are we, Miss Benton?"

"Can you beat him, Phyllis?" remarked Hugh, with a grin. "I mean bring about the house all day?"

"What's the notion, old sans?" Toby Sinclair stood up, looking slightly puzzled.

"I want you to stop here, Toby," said Hugh. "And not let Miss Benton out of your sight. Also keep your eye skinned on The Elms, and let me know by phone to Half Moon Street anything that happens. Do you get me?"

"I get you," answered the other, "but I say, Hugh, can't I do something a bit more active? I mean, of course, there's nothing I'd like better than to . . ." He broke off in mild confusion as Phyllis Benton laughed merrily.

"Do something more active," echoed Hugh. "You bet your life, old boy. A rapid one-step out of the room. You're far too young for what's coming now."

With a resigned sigh Toby rose and walked to the door.

"I shall have to listen at the keyhole," he announced, and thereby get earache. You people have no consideration whatever."

"I've got five minutes, little girl," whispered Hugh, taking her into his arms as the door closed. "Five minutes of Heaven. By Jove! But you look great—simply great."

Since January 1, 1921, Mlle. Hebe, considered one of the most beautiful women in France, has received more than 1,700 proposals of marriage.

SEALING WAX BEADS.

To make sealing wax beads cut off the proper length of sealing wax by heating a steel knife and laying on the stick so that it cuts through. In this way even pieces may be obtained.

Take a knitting needle, heating it about an inch and a half from the end, and press into the piece of wax about half way. Then twirl the piece of wax over the flame of a small alcohol lamp. An alcohol lamp is much better than a candle flame, as it will not cause any soot. If the bead comes out into an irregular shape and you want to mold it into a special shape, let it cool a bit and then mold it with the fingers. To polish hold some distance from the flame and you will get good results. When finished dip in a glass of water until thoroughly cooled.

To remove the pin, heat the pin both side of the bead and slip the bead back and forth and it will come off easily, making a good clean hole.

If another color is desired melt the end of the wax to be used, and daub it on the bead at various places, then hold over the flame, twirling the bead so that the colors will blend.

THE OLD YEAR.

We have closed the book and laid it by,
And ever thus must its pages lie.
We cannot unclasp the lids again
Nor write its record with brighter pen.

Ah, many the lines we would replace
And many the stains we would erase;
But the time has fled from us all
We cannot recall a single day.

Our lives have not backward paths to tread,
The words we utter are ne'er unsaid.
We never can dream this self-same dream
Nor reverse the onward flowing stream.

Oh, then let us all in meekness now
Before our Maker in heaven bow,
And pardon ask for every sin
Which the closed book doth hold within.

—J. H. Taylor.

POLICE DENY REPORT.

MONTREAL, January 9. (Canadian Press.) — The police officials today announced that Vincent Fresolo, who was found with a bullet in his brain on Thursday night, was killed by fellow Italians, because he had given the police information which prevented their carrying out certain criminal plans.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority.

Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous Salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a fine saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

A number of women are seeking nomination as delegates to the coming constitutional convention in Missouri.

THE PASTOR TOOK IN THE LIQUOR RAIDS

INVESTIGATION BEING CONDUCTED AT SARNIA—REV. HARDING CARRIED A GUN—HELPED THE COUNTY CONSTABLE.

ALSO DROVE CAR

SARNIA, Ont., Jan. 9.— (Canadian Press.)—When James Holling was dismissed here Saturday afternoon in police court on a charge of keeping a still, a sensation developed, Rev. Harding of Wilkesport Methodist church, being charged with being an aide in employ of High Constable Scott, whose methods are now the subject of an investigation.

Questioned by Attorney W. S. Haney, Rev. Harding in the witness box admitted that he carried a revolver without a license and while not having a chauffeur's license, he had received sums of money for driving the county constable in his motor car during recent raids on various farms throughout this vicinity.

Under cross-examination Rev. Harding stated he carried the revolver for self-defence, as did his fellow clergyman, Rev. Spracklin. Asked if Rev. Spracklin had ever assisted him in raids made along the St. Clair river, witness stated he never knew of Spracklin being in this section, but stated that he himself had aided the constable in raids made for liquor stills in Petrolea.

Denying that he had carried a gun during the years from 1914 to 1918, Rev. Harding stated he had only carried it since he became a party to the clean-up campaign in Lambton county.

Attorney W. S. Haney charged that the case was a frame-up to secure a portion of the fine allowed for convictions under the revenue act. The court room was crowded, and during the evening it was announced information may be laid against the Rev. Harding for carrying a gun without a permit.

OBITUARY

TIMOTHY TWOMEY.

In the death of Timothy Twomey we chronicle the passing of one of Tomahawk's pioneers, who settled here when the present city was but a clearing in the great north woods and who watched its development until it now stands as one of the flourishing cities of the north.

Timothy Twomey was born in Ennismore, Peterborough County, Ontario, in 1846, the son of Patrick and Mary Twomey. He migrated to the United States in 1861, settling in Sheboygan, Mich. Here he resided until 1887 when he turned his scene of action to the new village of Tomahawk, then just in the making. For years he operated the old Michigan house, which was a popular gathering place of the old style lumber jacks. During these many years he was a member of the city council, serving as its first president.

He was actively engaged in his business until a few years ago, when feeling that he had gained a competence whereby the could spend his remaining years in quiet, he retired. He was an active member of the Catholic Knights until advancing age compelled him to retire from public life.

Deceased was married to Miss Mary Donovan, to which union were born two children, William and John. Besides these members of his own family he leaves his brother, John of this city, two brothers in Ennismore, Ontario, Lawrence and Patrick, and one sister, Eliza.

Mr. Twomey had been failing the past year and his illness resulted in neuritis, from which he passed away on Thursday morning of last week. The funeral services were held on Monday morning of this week at St. Mary's church, Rev. Father Habraken officiating at solemn requiem mass. Interment was in Calvary cemetery, Messrs. Matt, Nick, Thos. Kilroe, Martin Kellaher, John Flannigan, John Gahan and Ed. Houlehan acting as pall bearers.

A LISTLESS GAME

SYRACUSE, N.Y., Jan. 9—(Canadian Press)—In a listless game here Saturday night the University of Syracuse defeated Toronto University at basketball by a score of 20 to 16.

CAMPBELLFORD AND DISTRICT

TWO FORMER RESPECTED RESIDENTS PASS AWAY—SOCIAL AND PERSONAL HAPPENINGS.

CAMPBELLFORD, Jan. 9. — Mr. Henry Haig, of Adrian, Michigan, is spending a few weeks visiting his mother, Mrs. John Chase.

Mr. James L. Irwin, of the Sharples Separator Company, Toronto, who has been spending the holidays with Mrs. Irwin and family here, left to-day on a business trip to Lansdowne and Morrisburg.

The ladies' annual union missionary prayer meeting will be held on Wednesday afternoon at 3 o'clock in St. Andrew's Church. All the ladies are urged to attend.

Mr. R. N. Morrison went to Toronto on Friday to join Mrs. Morrison, who left for the city on Wednesday.

Death of John Fry.

There passed away in Seymour Township, at Petherick's Corners Mr. John Fry, a most respected citizen, at the advanced age of 77 years. The deceased had been ill for some time with gangrene in his foot, but his death came as a sudden shock to his many friends.

The late Mr. Fry is survived by his wife, formerly Miss Elsie Watson, daughter of the late Thomas Watson, and two brothers, William of Burnbrae, and Alexander, of Foxboro. The funeral, which was largely attended, was held yesterday morning at 10.30 o'clock, from the family residence to Burnbrae Church where service was conducted by Rev J. J. Black, the pastor, interment being made in the family plot, Burnbrae Cemetery.

The sorrowing wife and friends have the sympathy of the community in their bereavement. Mr. Robt Fry, of town, is a nephew of the deceased.

The W. C. T. U.

The January meeting of the W. C. T. U. will be held on Tuesday afternoon at 3 o'clock at the residence of Mrs. T. L. Diamond, Front Street.

Died in Winnipeg.

Mrs. Eleanor Kelleher, who for many years lived on Front Street, Campbellford, passed away in Winnipeg, Manitoba, on Thursday, Jan. 5th. The remains were brought to town, and the funeral takes place this afternoon at 3 o'clock from the residence of Mr. William Atkinson West River Road, to Christ Church Cemetery, the services being conducted by Rev. C. E. Clark.

CABLE AND TELEGRAPH

CONCLUSION OF CASE.

PORT FRANCES, Ont., Jan. 9.—(By Canadian Press.)—Saturday afternoon saw the conclusion of the sessions of the special sitting here of the Supreme Court of Ontario to hear evidence in the case of the Attorney General of the Province of Ontario versus the Shevlin-Clarke Lumber Company. The defence closed, N. W. Rowell, K.C., in reply, called E. W. Backus in person to testify inter alia that he had only been interested in this case during the past ten days, or so, when Hon. W. E. Raney had telegraphed him to get evidence as to the Red Lake reserve, which he had done. Some slight additional evidence may be called in Toronto on Tuesday or Wednesday. The arguments in the case are to be presented next Saturday.

STRIKE SITUATION BAD.

LONDON, Jan. 19. — (Canadian Press Cable.)— The strike situation in South Africa is very grave, according to a Reuter despatch from Johannesburg.

Premier Smuts conferred on Saturday with the Industrial Federation and requested the Federation to allow coal mined by non-union workmen to be supplied to the Vereeniging power station, but the federation refused.

The trouble grew out of the proposal of the mine owners to cut wages and modify some of the working conditions pertaining to colored labor.

WON CHAMPIONSHIP

BINGHAMTON, N.Y., Jan. 9.—(Canadian Press). — Charles Jewtraw, of Lake Placid, National amateur champion, won the New York State ice skating championship ot Ideal Park Rink, Endicott, yesterday afternoon, from a field of the fastest skaters in the country. He tallied 90 points.

Miss Gladys Robinson, of Toronto, world's woman champion, who was to have participated in a feature race on the program, was taken suddenly ill with appendicitis It is expected she will be operated upon at a local hospital to-day.

FREE FROM CRIME.

WOODSTOCK, Ont., Jan. 9. — (Canadian Press.)—The chief of police has submitted his report for the year and one of the features brought out in the report is the fact that not a single place of business has been burglarized since last January, despite the fact that the police in their rounds have found no less than 224 doors left unlocked by their careless proprietors or employes.

GRAIN STATISTICS.

OTTAWA, January 9. Canadian Press. — Grain statistics issued by the Dominion Bureau of Statistics for the week ending December 30, 1921, show an increase of 412,379 bushels in the amount of grain stored in Canadain public elevators. The figures were as follows:

Oats, 112,491 bushels; barley, 263,044 bushels, and rye, 36,835 bushels. Wheat and flax show decreases of 175,869 bushels and 22,750 bushels respectively.

TERMS OF TREATY

Ireland (henceforth to be called the Irish Free State) to have the status of Canada.

Irish M.P.'s to swear allegiance to the Irish Free State, and declare fidelity to the Crown, acknowledging Empire partnership.

The Irish Free State to contribute towards the national debt and payment of war pensions.

Imperial forces to undertake Irish coast defence for at least five years and to receive harbour, aviation, and oil-fuel storage facilities at specified ports.

Any Irish military defence force not to exceed in proportion to population the size of the forces in Great Britain.

The Irish Free State to compensate public servants (with certain exceptions) displaced by the change of Government.

Northern Ireland to have the option of remaining outside the Irish Free State. Should it so decide, the boundaries between the Free State and Northern Ireland to be defined by a commission of three persons.

If Northern Ireland joins the Free State, the Ulster Government will retain its present powers, but the Free State Government will function in Ulster in matters outside the Ulster Government's jurisdiction subject to agreed safeguards.

No religion is to be endowed or boycotted by either Irish Parliament.

The agreement will be ratified by legislation subject to approval by the Imperial and Southern Irish Parliaments.

AN EPIDEMIC OF MURDERS

MONTREAL HAS HAD SEVERAL IN ONE WEEK—NO CLUE TO THE MURDERERS.

MONTREAL Jan. 9.— (Canadian Press.)— Commencing Wednesday night last an epidemic of murders broke over this city and there is as yet little or no clue to the murderers. Two of the victims were men in prominent positions in this city, one of them a University of Ottawa student in his graduation year and the other a well known debt collector. The third appears to have been a New York Italian gunman, whose mission in Montreal was the murder of Gonzague Savard, former member of the Montreal police force and now superintendent of a private detective agency, whose activities in cleaning up the city's underworld had, it is supposed, caused deep resentment, Savard being responsible for the hanging of no fewer than nine murderers during his career. Payment for his murder was to have been $20,000, half payable before and the balance after his death.

Vincenzo Trescoli, the New York Italian, was found dead in a restaurant at 196 Damontigny Street East, shot through the head, on Wednesday night. It developed at the inquest on Saturday, however, that Savard had been told of his death on the same evening and had not notified the local police, a fact which called forth the strictures of the coroner. Savard then stated that Trescoli had been hired to kill him for the sum of $20,000, but that he had evidently quarreled with his gang and had been shot to death by one of them. In the meantime the aid of the New York police is being enlisted in an effort to locate the gang, the inquest being adjourned until next Friday.

PRAYERS, THANKSGIVING FOLLOWS RATIFICATION OF IRISH PEACE TREATY

VOTE CONCLUDES A LONG AND BITTER DEBATE AND RESULTS IN WIDENING THE BREACH IN THE DAIL EIREANN—DE VALERA WILL CONTINUE TO OPPOSE MOVEMENT.

BRITISH ARMY TO BE EVACUATED

DUBLIN, January 9 (Canadian Press). — The peace treaty has been ratified, and prayers of thanksgiving went up from the people in all the churches yesterday, but Ireland continues to face internal disorganisation, giving rise to the greatest anxiety. The vote was 64 for ratification, and 57 against.

The split in the Dail Eireann has been heightened and intensified by the vote on the treaty, and the future was never more obscure. At different hours yesterday the two factions held conferences at the Mansion House. The Dail will meet again to-day in public session, and all the members are expected to attend.

It has become apparent that Eamonn DeValera's resignation as President of the Republic did not take an official form, and the outstanding question now is whether he will make effective his expressed intention to resign, and if he does not, what will become of the Dail. Many believe that the opponents of the treaty plan to keep the Sinn Fein Parliament in being while the supporters ot the treaty endeavour to establish a provisional Government and carry out the terms of the peace agreement.

Mr. DeValera's resignation tendered to the Dail Eireann on Friday was specific; he consented, however, to postpone action thereon on condition that a vote on the treaty should be taken within forty-eight hours. At the same time he plainly stated that he intended, "whatever happened," to retire to private life.

When the vote was taken, the resignation was not repeated, Mr. DeValera merely alluding to it when he rose and in a voice, broken with emotion, began to explain his personal position. But he had not got far when he sat down, unable to go on.

Subsequently DeValera summoned a meeting for yesterday, exclusively confined to the fifty-seven deputies who voted against the treaty, and at the Mansion House prior to the private session of his associates he delivered a speech which was a clear indication of his intention to continue the fight, this time apparently not only against the British Government, but against the provisional Government of the Irish Free State, which, he said, he regards as a usurpation, and to which the chief objection is that it derives its authority from the British Parliament.

The task of the new provisional government, faced by opposition from old Republican colleagues, will be extremely difficult. Some of the deputies, including Miss MacSwiney, have frankly declared their intention to act from the outset as rebels against the provisional government.

Large crowds assembled outside the Mansion House to witness the arrival of Eamon De Valera and his supporters in the Dail Eireann, who met for a consultation with regard to the future. All the well-known leaders who spoke against the treaty were enthusiastically cheered.

Mr. De Valera said he had worked hard to get help from every source to find a solution of the problem to reconcile the two peoples, consistent with the desire of the Irish people to maintain a distinct naitonality and sovereign statehood. That has been turned down, he declared, and therefore the fight was to go on.

DUBLIN, Jan. 8. — The military authorities here evidently consider the vote in favor of the peace treaty by the Dail Eireann as a final decision on the Irish situation. Ever since the Dublin City Hall was commandeered by the military and court-martials were held there, the

THE RELIEF FUND.

Some complaints have been reported to the Examiner against the action of the Ontario cabinet in insisting that no cash doles shall be paid to the unemployed. There does not seem to be any justification for fault-finding over that particular point. The Government is willing to pay one-third of the cost of supplying the neecssities of life, fuel, food and clothing, and that should be sufficient. The paying out of cash is a risky experiment, that might in the majority of cases prove satisfactory, but in many instances result disastrously. There are in every community people who would abuse an opportunity such as would be offered if the fund were to be distributed in the form of cash. To be candid about it, they are not to be trusted with money, and their families would get little benefit from the emergency appropriation. It is because the Government recognizes that fact that it has determined not to countenance any cash grants, and for the wisdom of that decision there does not seem to be the slightest doubt.

RIVERSIDE PARK.

Riverside Park, Peterborough's only enclosed athletic ground, is now the property of the city, and before long the Council will have to decide the question of how the property is to be handled. That it must be preserved as an athletic field and the present means of collecting a gate maintained are indisputable facts. Sports cannot be carried on without the sinews of war, and if baseball, lacrosse, soccer and rugby are to flourish in Peterborough, Riverside Park must be available for the various teams. The Council, if it sees fit, could place the management of the grounds in the hands of its Parks committee and deal individually with each of the athletic organizations, but a much simpler and more satisfactory way, for the present at least, would be to lease the property to the Peterborough Amateur Athletic Association at a reasonable figure and allow that organization, which is to direct all amateur sports in the city, to manage the grounds. The Council would be relieved of all responsibility and the various clubs would be satisfied to have the P.A.A.A. take charge of the park, knowing that the best interests of sport would be protected by such an arrangement. But whatever policy is decided upon, the Council are urged not to forget the fact that an enclosed athletic ground is an absolute necessity in Peterborough.

THE BY-ELECTIONS.

Writs have been issued for the majority of the by-elections made necessary by the cabinet appointments, and there is every indication that the majority at least of the new ministers will be returned by acclamation. There is a general feeling that they should be unopposed, for it is recognized that the government must go on, and the defeat of one or two ministers, even if such were possible under the circumstances, would accomplish very little. And on the other hand, there is a similar feeling in regard to the by-election in Grenville, where Right Hon. Arthur Meighen is to be a candidate. Even among his political opponents there seems to be a strong sentiment in favour of his being allowed to regain a position in the House. An opposition is needed, and with the Progressives refusing to accept the responsibility, the third party in Parliament will have to take up the task. Mr. Meighen can be of good service there, for as the Examiner pointed out a few days ago, an active, aggressive opposition acts not as a check, but rather as a spur upon the government in power, which otherwise might grow careless and indifferent. Popular sentiment seems to favour the completion of the by-elections without a contest.

A MINISTER OF POWER?

Although Premier Drury announced a short time ago that the Government has not decided to create a department of Power, presided over by a cabinet minister, to replace the present Hydro-Electric Commission, it is an open secret that many of the U.F.O. membegs favour such a policy. In the best interests of the province it is to be hoped that the movement will die in its infancy. The Hydro enterprises have succeeded, chiefly because they have been kept out of the realm of politics. Once they become a political matter, the beginning of the end will have arrived. The municipalities who, by their faith in the Hydro movement, have been a great factor in its success, are in a unit in opposition to the proposed Ministry of Power. They have no desire to see the wonderful system that has been established become a political football. They know how the future of Hydro would be endangered by such a step and any attempt in the Legislature to bring about the scrapping of the Hydro Commission and the substitution of a political management would be the signal for a storm that might sweep the Drury government out of office. "Hands off the Hydro" has ever been the slogan of the municipalities, and they are to-day more than ever convinced of the soundness of their battle cry.

A GOOD EXAMPLE.

The career of the late Thomas Findley, President of the Massey-Harris Company, must rank as one of the most remarkable and illustrious in the history of Canadian commerce. It was in its way a parable for all young men and proves up to the hilt the trite old adage that there is plenty of room at the top. Every city in Canada can point to scores of instances of sucessful men who by their unaided efforts have risen from poverty to affluence; but among self-made men Mr. Findley's career was unique. His rise in a quarter of a century to the headship of one of the greatest manufacturing concerns in the world—a company long established whose service he had entered in a capacity which seemed to offer little scope for advancement—is seldom paralleled. The The Massey-Harris Company which is really an agglomeration of a number of historic business concerns that date from the earlier days of Canadian development, naturally has abundant material to draw upon in the several distinguished families identified with it, and can boast of having produced many distinguish-captains of industry. But Mr. Findley was a man without hereditary or financial claims, whose leadership those who possessed such advantages were glad to accept.

One of the delusions which has had something to do with the evil of rural depopulation is that the boy from the farm necessarily makes good when the boy goes to the city. This fallacy has been sedulously spread by the politicians and sentimental writers, but it is far from true. There are scores of men of 50 who originally came off the farm, driving delivery wagons and acting as street car conductors, for one Thomas Findley. It is unquestionably true that Mr. Findley came from the farm, a very poor farm, it is said, near the village of Sutton, in York County, Ontario. But his success seems to have been due to a mind of amazing grasp, inspired by the spirit of enquiry and a zeal for knowledge. It is not at all clear that as a boy he planned a career as an industrial magnate; but he was always bound to get somewhere. Telegraphy has always had a fascination for country boys because it somehow puts one in touch with the outside world. But in modern times it is no longer the passport of success that it was when telegraphers were few and the craft was a novelty. Certainly when in 1890, this country boy of twenty, took charge of the ticker in the Massey-Harris offices, it could hardly have been regarded as the gateway to advancement. But it gave Thomas Findley a chance to get an inside view of the manner in which a great international industry, carrying on transactions in remote parts of the world, was managed

It is said that within a few years the young telegrapher had obtained complete grasp of every detail of the enterprise so that promotions constantly opened for him. When he came to a position of authority he was able to use his knowledge to effect very important reforms in old-frashioned methods of business. He had made the "boss's business" the subject of his own personal concern, and was rewarded beyond hope or expectation

On many platforms and in many newspapers of Canada, industrial captains are habitually spoken of as though they were completely callous in their attitude toward the common people. This is a gross libel in many instances, and it was especially so in the case of Mr. Findley. He was one of the first to perceive that business success in the future would depend on giving Labor a square deal, and to try and establish cordial relations between employer and employed. In the great works of which he was the head it was a disgruntled malcontent indeed who had not a kindly though for Mr. Findley. His death from an obscure and malignant cause is one of those tragedies which seem to assail good men more frequently than useless ones. He would probably have been a distinguished figure in any walk of life he had chanced to follow; and certainly no better example of the value of efficiency in thought and action could be presented to the youth of Canada.—Toronto Saturday Night.

DOWNEYVILLE

A very large crowd attended the U. F. O. meeting held here last night. The weather was unfavorable. Mr. J. Thurston, M.P., was the principal speaker and the people were glad to hear him on his first appearance here. Mr. F. Saudy, M.P.P., of Omemee, gave an address. There were also present from Lindsay, Messrs. Richie, Hugh Tobin, Kennedy and Tressider, all of whom delivered short addresses. During the evening Miss Hazel Meehan sang a solo, the Misses Mary Winn and Mary McGuire danced, and J. Scully gave a recitation. The orchestra furnished some splendid music. A lunch was afterwards served by the ladies, then dancing was indulged in for some time. All enjoyed the evening and hope for more such entertainments in the near future.

Play Presented

On Tuesday evening at the Town Hall, Ennismore, the Downeyville Dramatic Club presented the play, "The Dust of the Earth." The hall was filled to capacity. It was well worthy of praise it received and the talent of the players was remarkable as the club has just been formed and the first time the players have appeared outside their own hall.

Nellie, "The Dust of the Earth," taken by Carmelita Morrissey, was well deserving of mention, also the part of her cousin, Elizabeth, by Pearl Herlihey, was a difficult character and she deserve credit for the exceptionally fine manner in which she played her part. Mose, the negro, by Gene Downey, was well taken, also Rev. Dr. Templeton, by Will O'Neill. Mr. Moore, father of Elizabeth and uncle of Nellie was handled by Jos. Pegott, also Mrs. Moore, his wife, by Loretto Hoolihan, Jerry Moore, a mischievous little boy, by Clare Harrington, was splendid. Uncle Tom, who lost his memory, was exceptionally well handled by Victor Callahan. John Ryder, owner of the Maples and who was in love with Nellie, "The Dust of the Earth," by Albert Carroll, and Miss Arabella, the village gossip, by Agnes Murray. All the parts were well handled and the audience was well pleased with the evening's entertainment. During the play, between the acts, the Ennismore orchestra played a few selections and songs were sung by Mrs. Patrick O'Connor, Eleanor Kennedy and Theresa Doran. After the play a social time was enjoyed.

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among others are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough.

Mr. C. E. Raymus, Lindale, Alta., writes:—

"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. By this time I felt as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

Mr. and Mrs. Bruce Johnston nad family of Castor, Alta., are cast on a visit to the former's parents, Mr. and Mrs. Wm. B. Johnston, Havelock Road.

Next year the wardenship of the united counties of Northumberland and Durham, by the unwritten law of the Counties' Council, comes to Northumberland. As the wardenship in the past seems to have been the stepping stone to being a candidate for member of Parliament, the honour is being sought after. Those who have signified their intentions of seeking the honors are: Reeve Chas. Davidson of Campbellford, Reeve Geo. Van Volkenburg of Seymour township, Reeve Harry B. Phillips of Brighton village, Reeve Eagleson of Hamilton township.

Mr. George Davidson, local blacksmith, who with his wife and family are residents here now, is doing a rushing business at his shop daily, customers coming from all parts of the country.

Eggs are still dropping in price, bringing only 40 cents per dozen here.

Mr. Stover, Campbellford baker, delivers bread twice a week to the general store, making the trips Mondays and Fridays.

School was closed Thursday and Friday of last week owing to the indisposition of the teacher, Miss Craven, who is suffering with throat trouble.

CATARRH OF THE STOMACH FOR EIGHT YEARS

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom, there is a constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is fickle, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow.
